

Chapter 641: Still Searching!

“Stand at the corner of the wall and reflect on yourself!” Xiao Lingyu said sternly.

Xiao Letong did not escape his mother’s punishment in the end.

Mother Xiao and the others immediately came out to protect him. “Yu ‘Er, this child is just fooling around. He didn’t do anything out of the ordinary, so there’s no need to punish him, right?”

Xiao Letong nodded with a wronged expression and said, “Mommy, I didn’t do anything wrong. Why do I have to reflect on anything?”

Xiao Lingyu completely ignored Xiao Letong’s wronged expression. She crossed her arms across her chest and asked with a half-smile on her face, “Oh, didn’t you do anything wrong? Didn’t someone start finding a new husband for his mother because he wanted the farm to be more lively?”

Xiao Letong, who was being questioned, looked a little guilty. Then, he said fawningly, “Mommy, aren’t you a celebrity now? Besides, my mommy is so capable and beautiful. This marriage event will increase the popularity of our farm.”

Xiao Lingyu nodded and then asked sharply, “Then what about your mother being abused by her husband and living in pain every day?”

The Xiao family members, “...”

What abuse?

Everyone looked at Xiao Letong with suspicion.

Could it be that this child made it up?

When Xiao Letong saw the suspicious expressions of the entire family, his eyes shifted again, and his face looked a little guilty.

Then, he explained, “That... that. I just wanted to make this entertainment project more attractive. Of course, I have to make up some stories that can touch people’s hearts.”

Everyone in the Xiao family, “...” Aren’t you afraid that your biological father will beat you up when he wakes up?

They thought the child was ridiculous, but they still pampered him endlessly. Therefore, even if he used Xiao Lingyu’s marriage as entertainment, they would only say that he was smart, capable, and had business talent.

Mother Xiao immediately smiled and said, “Yu ‘Er, I think that the children’s project is quite creative.”

“Yes, I think so too!” Eldest Aunt Xiao and some others echoed.

Xiao Lingyu looked at the family members who were protecting her son, rubbed her forehead, and said helplessly, “Mom, this is too much!”

She was already a married person, so why would she talk about finding a husband?

Xiao Tong said this was entertainment, but how would the tourists know that? Plus, this was sent onto the internet. People on the internet always did things without doing serious research.

Some of them might even come after her because they knew that she was already a married woman.

Xiao Lingyu then said very seriously, "Mom, marriage is sacred and not for entertainment. Xiao Letong, don't do this again in the future, do you understand? Otherwise, there'll be a spanking with a bamboo whip. Do you understand?"

Xiao Letong immediately nodded fiercely and said, "Yes, yes, I understand. In the future, I won't find a husband for mommy anymore!" But that didn't mean he would stop looking for a candidate secretly. As for his biological father, as long as he didn't lose his memory, then he'd come back eventually. But if he really lost his memory, then he would have to protect his mother first!

His mother was such an outstanding woman. No matter how harsh his conditions were, there would definitely be someone who would marry her.

Xiao Lingyu revealed a suspicious expression. She asked doubtfully, "Son, are you really not going to play matchmaker with your mother anymore?"

Xiao Letong said firmly, "Yes."

However, Xiao Lingyu felt that her son would not be so obedient. Regardless, since her son had admitted his mistake, there was no need to punish him anymore. Otherwise, if she continued to punish him, it would only hurt the elders' hearts. Plus, they would definitely stop her.

Xiao Lingyu nodded. "Since you've promised not to do this again, I won't punish you anymore. Go back and practice your calligraphy."

Xiao Letong, "... I'd rather stand here and face the wall.

However, to the elders, it was good for Xiao Tong to practice calligraphy.

They doted on Xiao Tong, but they also hoped that Xiao Tong was a cultured child.

In his room, Xiao Letong wrote calligraphy with his head lowered. When his mother came in and saw him working so seriously, she nodded in satisfaction and said, "Okay, not bad. I'll let Xiao Ling come out to write with you."

Xiao Letong's eyes lit up, and he nodded in agreement. "Okay!"

It was better for two people to write than to stay in the house alone.

After Xiao Lingyu let Xiao Ling out, she also left Xiao Letong's room.

When Xiao Ling saw what Xiao Letong was doing, he immediately said gloomily, "Little Master, I have to accompany you to practice calligraphy again?!"

Xiao Letong patted Xiao Ling's shoulder and said, "Mommy probably thinks your handwriting is too bad. You need to train more!"

Xiao Ling, "..."

Although he was a little depressed, he still began to write seriously.

A moment later, Xiao Ling asked, "Little Master, didn't you say that you wanted to find another husband for master? Have you found him yet?"

Xiao Letong's hand that was holding the brush paused. He said to Xiao Ling in a bad mood, "Hurry up and finish your writing. When mommy comes in and sees that you haven't written much, she'll scold you again." He thought to himself, 'Why would he purposely bring this up?'

"Oh!" Xiao Ling nodded. Suddenly, he came to his senses and asked, "Little Master, why are you being told to write this time? Did you anger master by helping her find a new husband?"

Xiao Letong, "... you're correct, but no reward for you.

Xiao Letong rolled his eyes at him and replied snappily, "No! Enough, don't talk so much nonsense and keep on writing!"

However, Xiao Letong was thinking in his heart. 'Mommy doesn't like this open search for a new husband. How about I change the method?' Yes, Xiao Letong hadn't given up.

He thought that it was too dangerous to wait for a man to wake up and might not remember them. It was better to move on and be happier.

However, apart from Gong Tianhao, there seemed to be a problem in finding a man who was compatible with his mother.

Yan Siming was his mother's friend. His condition was slightly worse than Gong Tianhao's, but it was still much better than those other crooked people.

If he really couldn't find a suitable candidate, he would try to match his mother with Yan Siming.

However, according to what he knew, Yan Siming's family didn't seem to be willing to accept his mother at all.

Well, without their parents' blessing in marriage, they definitely wouldn't be happy.

Moreover, he didn't want his mother to be wronged at all.

All of a sudden, Xiao Letong's thoughts of letting Yan Siming be his mother's husband wavered again.

"Hey, Little Master, what are you thinking about now?" Xiao Ling looked at Xiao Letong, who was deep in thought, and waved his hand in front of him. After calling him three times, he finally called Xiao Letong back to reality.

"What's wrong?" Xiao Letong asked in confusion.

Xiao Ling really wanted to roll his eyes. However, he was an artifact spirit, so he couldn't do that. He asked, "I was asking Little Master, what are you thinking about."

Xiao Letong put down his brush, held his chin, and said, "I'm thinking about what kind of man I need to find to be worthy of my mother."

Xiao Ling slightly lowered her head and said very honestly, "Little master, I think that in the entire world, other than your father, no man is worthy of master. So, little master, I'd better advise you not to do any evil things before the male master comes back. Otherwise, the male master will beat you to death. Oh, even if he can't beat you to death, he will beat you until your buttocks split open."

Xiao Letong, "... this idiot, why is he telling the truth all of a sudden?"

"Hmph, I'm a god. How can Gong Tianhao, a mere mortal, beat me to death?" Xiao Letong said somewhat indignantly, "He couldn't even touch my buttocks if I don't want him to."

Xiao Ling nodded, "Mm, little master is a god. As a mortal, the male master naturally wouldn't be able to beat you. But Little Master, in front of everyone, you're just an ordinary child."

Xiao Letong's mind shivered. 'This little fool must be doing this on purpose. He's taking revenge for me bullying him normally.'

"Write, hurry up and write!"

...

"This man can't do. He's too handsome, and the way he walks is very feminine. He doesn't have any masculinity at all.

"This man is dark and strong. Does he think he's a bear?"

Xiao Letong sat at the tourist information desk at the village entrance and commented on the tourists passing by.

Xiao Xiaohui, who was beside Xiao Letong, listened to his nephew's mumbling and asked curiously, "Xiao Tong, what are you doing?"

Xiao Letong looked at the passing tourists and subconsciously replied, "I'm looking for a husband for my mother."

Xiao Xiaohui's hand that was holding the paper cup immediately stopped. The paper cup also fell to the ground, and he looked very surprised.

'Looking for a husband for eldest cousin?'

'What kind of stupid thing is Xiao Tong doing? Plus, isn't eldest cousin married? Her husband is still lying in the hospital. Why is Xiao Tong looking for a husband for his mother?'

Xiao Xiaohui was horrified.

He immediately carried Xiao Letong down from the stage, squatted down, and asked, "Xiao Tong, didn't you know that you have a father? Why are you thinking of finding a new husband for your mother? Does your mother know about this?"

Even though his cousin loved Xiao Tong very much, as long as he did something wrong, his eldest cousin was very willing to teach Xiao Tong a lesson.

When his cousin heard this, she'd be so angry!

After all, his eldest cousin had a very good relationship with her current husband before and after their marriage.

Chapter 642: Jealousy

When Xiao Lingyu knew that her son was still searching for a husband for her, she could not help but rub her forehead.

This child was so nosy. When his father woke up, he would be punished severely.

Xiao Lingyu subconsciously began to worry about the future relationship between her husband and her son.

The entire village knew that Xiao Lingyu's son, Xiao Letong, was trying to find a new husband for Xiao Lingyu.

The whole village, "..."

This child is only a little over one year old. Why would he do something that doesn't even fit his age? If he were their child, he would have been beaten at least half to death already.

However, Xiao Letong was different from the other children since he was young. Other than being beautiful and cute, he was also smarter than any other child. Oh, he was even smarter than some of the adults. Sometimes, it was impossible to treat him as a one-year-old child.

However, no one could figure out why this child was so obsessed with his mother's marriage and wanted her to find another husband.

..

"Xiao Letong, what's wrong with you?" Xiao Lingyu asked again. "Didn't you promise your mother that you wouldn't make a fuss over this matter anymore?"

Xiao Lingyu didn't know whether to laugh or cry at her son's actions. She really didn't know whether to hit him or scold him.

She knew her son very well. Her son might act up once in a while, but he was someone who knew his limits.

There must be a reason why he was tormenting her on this matter again and again.

In order to avoid embarrassment, Xiao Lingyu specially brought her son into the farming space for questioning.

Seeing the serious and beautiful face on his mother's face, Xiao Letong's small face could not help but feel wronged.

His life wasn't easy either!

In his previous life, he didn't receive his mother's love, so it was fine.

In this life, he finally got his mother's love, so why should there be a man who suddenly appeared to compete with him? Although his biological father was still unconscious in the hospital, he had already

noticed his mother hiding under the blanket and crying several times. She even repeated Gong Tianhao's name over and over again.

He felt a sense of crisis! It was also not a good thing for his mother to hide under the blanket and cry. That was why he tried to divert his mother's attention.

When Xiao Letong did not say anything, Xiao Ling said very honestly, "Master, Little Master said that there are children in the village who call him a bastard without a father. So, Little Master wants to find a father now."

"What?" Xiao Lingyu's expression changed. "Son, is there really someone who scolded you like that?"

She had been busy with work recently and completely neglected her son.

But she didn't expect that her son would suffer such grievance.

Xiao Letong pursed his lips tightly and looked at Xiao Lingyu with a forbearing and aggrieved expression.

He didn't want to tell her that he was actually a little jealous when he saw her crying for that man.

This made Xiao Lingyu mistook Xiao Tong's grievance as him being hurt by those children's words. She squatted down and hugged her little son in her arms.

Her heart ached as she said, "Son, I'm sorry! I've been busy with work recently and neglected you too much. I don't even know that you've suffered! I'm sorry!"

Xiao Letong shook his head and said, "Mommy, this is not your fault."

Xiao Lingyu thought of something and asked, "Come, tell Mommy. Who are those people who called you a fatherless bastard?" Her son was her bottom line. No one had the right to insult him. Moreover, it wasn't that her son didn't have a father. It was just that his biological father was currently in the hospital.

Xiao Letong wasn't a tattletale. He shook his head and said, "It's okay, Mommy. I took revenge on the spot. I beat them up until they cried for their parents. They're so useless!"

Xiao Lingyu, "... Her son was so violent!

Xiao Lingyu smiled and said, "Yes, my son is so great! It's not good to go around beating people, but if they offend us, we have to take twice the revenge. However, son, you're still so young. How did you manage to beat them up?"

Xiao Lingyu did not feel that there was anything wrong with her son beating someone up. It was those people who offended him first. But his son was so young. How did he manage to beat up the older kids?

Xiao Letong wanted to roll his eyes at his silly mother. He said, "Mommy, why would I do it myself? I'm the King of the children in the village. With a single order, people will complete my demand."

Xiao Lingyu, "..."

She suddenly realized that her child had a personality similar to his father's.

Xiao Letong looked at Xiao Lingyu in confusion and asked, "Mommy, what's wrong? Did I do something wrong?"

Xiao Lingyu took a deep breath and said, "You didn't do anything wrong, but fighting doesn't..." it didn't solve the problem.

Xiao Letong waved his hand and said, "Mommy, this is a matter between children, so we'll use a children's method to resolve it."

There were occasional fights and arguments between children. It was very simple. However, arguments between adults involved human relationships and capital.

Xiao Letong said again, "Mommy, we'll solve this ourselves. Adults shouldn't get involved!"

Xiao Lingyu, "... How come it feels like my son is persuading me?"

Xiao Lingyu patted his head and said with a smile, "Okay, I'll listen to my son. But Son..." she paused for a moment, "You have to tell mommy about problems that can't be solved between children, okay? You have to know that mommy can't bear to see you suffer any grievances."

Xiao Letong immediately smiled and said, "Hehe, Mommy, I don't want to be a child who only knows how to complain behind people's back."

Xiao Ling listened to their conversation and felt that something was not right. 'Shouldn't they be talking about Little Master trying to find a new husband for Master?'

However, Xiao Lingyu was too focused on people calling her son a fatherless bastard.

She said very seriously, "Son..."

However, Xiao Letong seemed to have guessed what Xiao Lingyu was going to say, and he immediately gave Xiao Ling a look.

Xiao Ling was confused at first and soon received his little master's divine sense. Then, he immediately said to Xiao Lingyu, "Master, there seems to be someone outside looking for you!"

Xiao Lingyu frowned. Sure enough, there was the sound of someone knocking on the door. Therefore, she had to end the conversation with her son early. Xiao Lingyu told Xiao Letong, "Son, you stay in the space for now. Mommy will go outside and take a look."

"Okay. Mommy, you go ahead." Xiao Letong nodded.

After Xiao Lingyu left, Xiao Ling asked curiously, "Little Master, why did you interrupt master?"

Xiao Letong held his chin and puffed his cheeks. He was obviously a little jealous, "My mother clearly wants to tell me that I'm a child with a father and not a bastard child who doesn't have a father! So, she wants to use this to comfort my young soul!"

Xiao Ling said in puzzlement, "Isn't that great?"

Xiao Letong waved his hand in front of his mouth and said with an unfathomable expression, "You don't understand!"

He knew that the man was about to wake up, so he had to take this opportunity to create problems for him.

How could he steal his mommy from him?! He had to find a few love rivals for him!

Xiao Lingyu, who had gone out, naturally did not know her son's secret thoughts. Or rather, she never imagined that her son would be competing for her love with her husband.

Xiao Letong knew that the man was about to wake up soon and his days of being alone with his mother were about to end, so he had to do something about that.

Xiao Lingyu opened the door and saw Mother Xiao standing outside. She said with some confusion, "Mom, it's so late. Why aren't you asleep yet?"

Mama Xiao said anxiously, "Yu 'Er, something happened!"

"What happened?" Xiao Lingyu asked immediately.

Mother Xiao said, "Yue Lai Inn called just now. They said that a tourist had been separated from his family and hadn't come back yet. He can't be contacted either. His family is very anxious!"

Xiao Lingyu's expression changed. "What? Mom, I'll go to the inn now."

It was already past ten o'clock in the evening. They were afraid that this would escalate into a missing person's case!

In the past, there had been cases of people being separated, but they were eventually found.

Mother Xiao looked around the room and asked, "Where's Xiao Tong?"

Xiao Letong was with Xiao Lingyu, but she didn't see Xiao Letong in Xiao Lingyu's room.

Xiao Lingyu, who had just stepped out of the door, quickly returned. Then, she let Xiao Letong out and said, "Mom, take care of Xiao Tong. I'll go take a look now."

Mother Xiao hugged Xiao Tong and nodded. "Okay, okay. Go. Your Dad and the others have already rushed over."

Xiao Letong looked at his mother's hurried expression and asked curiously, "Grandma, what happened?"

Mother Xiao looked a little flustered as she said, "A tourist has disappeared. The family of that tourist is very anxious."

"A tourist has gone missing?!" Xiao Letong asked in surprise. This could be a serious issue. How did the tourist go missing?

Xiao Letong immediately said, "Grandma, can you take me to take a look?"

"No," Mother Xiao shook her head. "It's already very late. You have to go to bed. You're still a child. You can't stay up too late!"

Xiao Letong immediately said, "Grandma, just take me there. Think about it. I may be young, but I'm extremely smart. Maybe I can help?"

Mother Xiao was a little hesitant. Her grandson was indeed very smart. The previous missing-tourist incidents were all solved after her grandson's analysis.

Xiao Letong added, "Grandma, it's just one night of sleep. It won't affect my growth."

Mother Xiao Thought for a moment and said, "Okay, Grandma will bring you there now!"

A missing person was a big deal. One more person meant more hope. Plus, the later it was, the more danger the missing tourist would be in.

With her young grandson's intelligence, he might really be of great help.

When Grandma Xiao brought her child to the inn, there were many people gathered in the inn. There were tourists and villagers staying there.

But at the door of the inn, it was noisy and chaotic.

Chapter 643: Missing Child

"I don't care. My child hasn't been found. You have to give me an explanation!" A fat middle-aged woman said fiercely, "If you can't find him, you have to compensate me. You have to pay at least a million..."

Mother Xiao frowned when she heard the middle-aged woman.

Shouldn't she be more concerned about her child? Why would she be asking for compensation and starting with a million? Was money more important than her child? What kind of parent was this?

Xiao Lingyu comforted her, "Madam, don't worry. If he really got lost on our farm, I will definitely give you an explanation. Now, the most important thing is to find him first."

The middle-aged woman said disdainfully, "Hmph, what if we can't find him?" Although she was loud, she didn't look worried at all. "What if we find my son's body?"

Xiao Lingyu frowned and said with some doubt, "Madam, let's not scare ourselves. We have just started looking."

When Xiao Lingyu said this, her expression was slightly stern.

She was slightly puzzled. Which parent would hope that their child's body would be found?

This was obviously not right.

In any case, it was more important to find the missing child first.

The woman's eyes flashed with guilt for a moment. She subconsciously wanted to refute, but the man next to her quickly pulled her back. He then acted like an anxious father. He went forward and explained, "I'm sorry. My wife is too worried about our missing son, so she doesn't know what she's saying. Now, let's hurry up and find him."

Father Xiao said, "Yu 'Er, the man's right!"

A ten-year-old was missing so late at night. It was really worrying.

Xiao Lingyu nodded and asked, "Sir, where did you all go today?"

Before the man could say anything, the middle-aged woman said impatiently, "We came here to travel. Where else could we go? Why are you asking these unnecessary questions?"

As soon as she said this, many people around frowned again. This woman was acting really strange. Logically speaking, shouldn't she be more anxious and cooperate with the owner to find her child?

Why was she... purposely stalling for time?

Xiao Lingyu's eyes flashed as she swept her gaze across the family. Other than this woman and man, there was also a nine-year-old boy and a seven-year-old girl by her side.

The two children didn't reveal any worry about the missing child. They didn't care about their missing elder brother at all. There was even a sense of disdain and contempt.

This... there was clearly something wrong with this family.

Xiao Lingyu said very seriously, "Madam, finding the child is more important. We have surveillance cameras installed at all the places. Once we know your family's traveling schedule, then we'll be able to use the cameras to trace your missing son. So, I hope that you'd cooperate with us." Xiao Lingyu stressed the last sentence.

At this time, Xiao Lingyun also interrupted and asked, "When did you return to the Inn?"

The middle-aged woman was about to speak when the man said again, "We returned to the inn at nine!"

"So, your son was still with you before nine?" Xiao Lingyun asked again.

"No!" The woman said without thinking before the man could speak.

"No?" Xiao Lingyun asked with slight doubt, "You returned to the inn at nine o'clock, and your son was already not with you. It's already half-past ten, and now you're only thinking about looking for him?"

When a child went missing, the whole family would be worried. However, this family didn't seem to have that concern at all. The child had gone missing before they arrived at the inn at 9 pm. Furthermore, from 9 pm to 10.30 pm, the family hadn't even been searching for the child. How little did they care about their son?

Many people thought of this question.

The surrounding tourists couldn't stand it anymore.

"Hey, how do you become a parent? Aren't you too unconcerned about your child?"

"The child has been missing for more than an hour and almost two hours. Why would you wait until now to look for him?"

"If you ask me, this whole family doesn't look worried at all."

"That's true."

“They haven’t even started the search, and the woman is already asking for compensation, and she wants a million!”

“That’s crazy!”

The woman was furious hearing the discussions of the tourists around her. She shouted angrily, “It’s none of your business! This is my family’s business!”

“It’s your family’s business, but the disappearance of the child is a big deal,” someone retorted.

“That’s my child. I’m not worried, so why are you worried?” The woman shouted, unwilling to be outdone.

“A child is missing. Why shouldn’t we be worried? Plus, why are you shouting? Is it to cover up for your guilt? Is it because the child is not your biological child?”

“Huh? Could it be a kidnapped child then?”

“No way! But these two children look like them.”

“That might be, but it doesn’t mean the missing child will look like them.”

“You might be right. That’s why they’re so relaxed when the child is missing.”

The woman cursed angrily, “You’re the kidnappers! That boy is my son. Who said I don’t care about him...”

Xiao Lingyu and the rest frowned with worry on their faces.

Finding the child was more important!

As for whether the child was biological or not, they had to find the child first. But the two parents, or rather the child’s mother, didn’t want to cooperate.

Xiao Lingyu looked at the man sharply and asked sternly, “Mr. Li, please cooperate and tell us where and when you and the child were separated. The child is young. If we delay any longer, he will be in more danger!”

But at this moment, Mrs. Li, who was quarreling with the tourists, questioned loudly, “Danger? Didn’t you guys put in place safety measures here? What kind of danger will there be? Also, let me tell you, if my child really encounters any danger, I will sue you! We’ll see who would dare to come here again in the future!”

Everyone was speechless

Was this person really not here to pick a fight?

Xiao Lingyu ignored this arrogant Mrs. Li and only stared at Mr. Li.

Just as Mr. Li was about to open his mouth, Xiao Ling suddenly said, “Master, quick, that child is under the stone bridge leading to Cow’s Heart!”

Xiao Ling's voice suddenly sounded in her mind, and Xiao Lingyu's expression changed. Then, without bothering to ask any more questions, she ran in that direction. She was so fast that she disappeared in an instant, leaving everyone dumbfounded.

The villagers and employees, "...” this was the first time they knew that Xiao Lingyu was so fast that she could even participate in the National Olympic Games.

The tourists, "...” the lady boss looked delicate, so they didn't think she could run so fast.

But, they were also confused. Why was the lady boss running away?

At this moment, Xiao Letong explained to them.

Xiao Letong said in a crisp voice, "Grandma, perhaps mom already knows about the Little Brother's location."

Everyone was shocked and immediately reacted. Then, they ran to follow Xiao Lingyu.

Mr. and Mrs. Li's expressions changed immediately.

How was this possible?

Mother Xiao did not run, but she carried Xiao Tong and followed behind the group.

Xiao Letong then asked, "Grandma, why do that Brother's parents have such ugly expressions? Shouldn't they be happy?"

Mother Xiao's footsteps paused. She carried the child and turned around. As expected, the couple's expression was ugly. It made her suspicious.

Could it be that the child was really not their biological child?

Otherwise, if the child was found, would their expressions be so ugly?

Mother Xiao thought for a moment and said loudly, "Mr. Li, Mrs. Li, the child may have been found. Shouldn't you be happy? Aren't you going to take a look?"

Mr. Li and his wife, who was looking at the crowd in a daze, immediately reacted when they heard Mother Xiao. Their strange reaction had aroused suspicion.

Mr. Li reacted very quickly. He smiled and said, "We were so happy that we were dazed. Big Sister, we'll go with you."

Mother Xiao looked at the two children beside him. They looked angry. "Are you going to bring these two kids along?" Why would the two children look so unhappy when they heard their big brother was found? Children were not good at hiding their emotions.

Therefore, Mother Xiao was very confused. She wondered if she should call the police. What if these two were really human traffickers?

Xiao Letong seemed to have guessed what mother Xiao was thinking. He said, "Grandma, these two adults must be very concerned about big brother. We can decide the rest later. Let's go with them and find the big brother first."

Xiao Letong said this because he was afraid that these two would suddenly run away! After all, they were acting too suspiciously!

Mother Xiao thought about it and felt that it was absolutely reasonable. Then she said to them, “Mr. Li, Mrs. Li, shall we go together to find the child?”

Although she was a little curious about how her daughter found the child, it was good that the child had been found!

Mrs. Li looked guilty when she heard Mother Xiao.

She wanted to refuse, but when she received the man’s gaze, she swallowed her refusal and said, “Okay, we’ll go with you!”

..

Xiao Lingyu asked curiously as she ran, “Ling ‘Er, how did you know that the child is there?”

In the space, Xiao Ling’s face suddenly flushed with guilt. He followed Xiao Letong’s instructions. “Master, I can see through you. I know that you’re looking for someone, so I used my divine sense to look for the child.”

In reality, the person who did that was not Xiao Ling but Xiao Letong.

When Xiao Letong was carried over to the inn by Mother Xiao and saw the child’s parents, he used their blood connection and channeled his divine sense to identify the child’s whereabouts. He soon found him.

But he couldn’t make a sound, so he used his divine sense to tell Xiao Ling to relay the news to Xiao Lingyu.

Xiao Lingyu trusted Xiao Ling very much.

Therefore, when he said that he had found the child, she didn’t have any doubts at all.

Xiao Lingyu didn’t know anything about cultivation, so she had no way of knowing that Xiao Ling didn’t really have the ability to channel divine sense through his masters. Otherwise, in the cultivation world, many artifact spirits might have killed their masters already. Xiao Ling was able to lie to Xiao Lingyu because she didn’t know better.

Xiao Lingyu did not suspect anything. Her footsteps were very fast, and in a short while, she arrived at the stone bridge.

The stone bridge was about one and a half meters wide and seven to eight meters long. It was all piled up with stones to form a curved arch bridge, and there were also guardrails on both sides.

There was a small river under the stone bridge. The river was not wide, only one to two meters wide. The river water was clear and shallow.

On both sides of the river were stoning. Most of them were cobblestones.

The child was lying on a rock at the bottom of the stone bridge and was already unconscious!

There were many wounds on his body, but Xiao Lingyu noticed something wrong...

It was summer now, so it wouldn't be a problem for him to wear thin clothes at night.

However, the parents said the child was supposed to be ten, but he looked around seven. It was obvious that he was malnourished. He was wearing a thin old shirt and lying on a cold rock. His body was very cold.

Xiao Lingyu frowned and quickly picked up the child.

"Child, child, wake up!" Xiao Lingyu gently patted the child's little face, but she could not wake him up.

Xiao Lingyu immediately became anxious. She asked Xiao Ling, "Ling 'Er, what's wrong with this child? Why can't I wake him up?"

Xiao Ling thought for a moment and said, "He might have caught a chill!"

"A chill?" Xiao Lingyu pondered for a moment and immediately asked, "Are you saying that this child caught a cold?"

"Yes!" Xiao Ling nodded.

"But he has no other symptom than his body being very cold." Xiao Lingyu asked in puzzlement.

After all, she was not a doctor. She couldn't diagnose someone.

Xiao Ling said, "Master, why don't you feed him some spring water while no one is around?"

Xiao Lingyu thought for a moment and asked, "Xiao Ling, is this child's life in danger?"

Xiao Ling shook her head and said, "He's not in danger for the time being. He's just unconscious. He'll have a fever in a while!"

"Okay, I got it!" Xiao Lingyu nodded.

It was not that she was unwilling to save the child, but the injuries on the child's body were clearly abnormal.

She took a look and saw that many of the injuries on the child's body seemed to have been left by punching and kicking.

She immediately thought of the parents who did not care about the child at all.

At this moment, Xiao Lingyu also suspected that the couple was human traffickers. Otherwise, why would they abuse the child so badly? After the child disappeared, the first thing they thought of was not to look for the child but to look for her to ask for compensation.

Since the child was not in danger for the time being, she needed to leave these scars as evidence.

Otherwise, once he drank the spiritual spring water, these scars would disappear.

Xiao Lingyu carried the child and rushed back.

On the way, she met the people who were chasing after her.

“The child has been found. Isn’t that great?”

“Boss Xiao, how is the child now?”

“Eh, isn’t he about ten years old? Why does he look like he’s only seven or eight years old?”

“Is the child asleep or something?”

....

Father Xiao also came over. He immediately carried the child over and said with a slightly surprised expression, “The child’s body is so cold! We have to quickly carry him back and send him to the medical office!” Father Xiao immediately ran back.

At this moment, Xiao Lingyu did something very surprising.

She took out her phone and made a call.

Xiao Lingyu said directly, “I want to report a case!”

“Report a case!”

The people around were obviously shocked.

“I want to report a case! This is child abuse and even attempted murder case!”

“Murder?!”

Chapter 644: Fraud

“Lingyu, what’s going on?”

As soon as Xiao Lingyu hung up the phone, the villagers beside her immediately asked in confusion.

Xiao Lingyu, however, said to the villagers very seriously, “Uncle Chun, Uncle Cai, please go back and detain this child’s parents now. Don’t let them escape!”

The surrounding people were instantly shocked.

“Lingyu, do you mean it was the parents who had harmed this child?” Uncle Chun asked.

Xiao Lingyu shook her head and said, “It’s hard to say now. Let’s wait for the police to come.”

The few people did not ask any further questions. They knew the seriousness of the matter, so they just had to go and stop the parents.

Attempted murder?

That was very serious...

After Uncle Chun and the others left, someone could not control his curiosity and doubt and ask, “What happened? Lingyu, what’s going on? How did you know that the child was here? And how did you determine that the parents wanted to harm the child?”

Xiao Lingyu shook her head and said, "I just had a premonition. I felt the child's summon, so I ran over directly."

She couldn't explain it at all. She couldn't say it was Xiao Ling who told her the child's whereabouts, so she could only use this method to explain.

When the villagers and the surrounding tourists heard this, they were skeptical.

At this time, Eldest Aunt Xiao said, "Lingyu's sixth sense has been very strong since she was young, and she's also very sensitive. This child has always believed in her intuition. So, she must have found the child just by relying on her intuition."

Eldest Aunt Xiao was also puzzled as to why Xiao Lingyu would suddenly find the child. However, it was clearly inconvenient for Xiao Lingyu to go into details, so she covered up this lie for her.

The surrounding people nodded in surprise.

Someone said, "I've long heard that a woman's sixth sense is very very accurate."

"I'm also a woman. To be honest, I think my sixth sense has helped me successfully avoid danger several times already."

"I've also had such an experience!"

A group of women were chattering and immediately changed the topic.

...

Soon, the group of people met up with Mr. and Mrs. Li.

Uncle Chun and the others did not directly detain the person, nor did they mention to the couple that Xiao Lingyu had called the police. Therefore, the couple had no idea that Xiao Lingyu had called the police.

When the couple saw the child in Father Xiao's hands, they immediately shook off the hand holding their two children and rushed over.

However, the two of them did not take the child from Father Xiao's hands.

Instead, Mrs. Li cried loudly the moment she came close. "Aiyoo, my poor child, you've suffered. You've only been missing for more than an hour, and you've already been covered in injuries! This farm does not even have a safety measure. This is mommy's fault to have lost you!"

She was insinuating that it was the farm's fault that her child was injured.

Mr. Li couldn't hide the anger on his face, "We have come on this trip as a family. We came here due to the reputation of the farm resort. Unexpectedly, this farm doesn't live up to its name at all. You don't even have proper safety measures. We came as a family of five but would return as a family of four. A good family is broken up just like that."

The husband and wife did not pay attention to the strange expressions of the people around them.

Mrs. Li sat on the ground and wailed loudly, "My poor Xiao Ming, why did you leave me just like that?"

Mr. Li's expression could not hide the sadness on his face. He said sorrowfully, "Xiao Ming, you wanted to come here and enjoy yourself. Father and Mother have satisfied you, so why did you leave us like this?"

Seeing this sorrowful scene, the crowd around them said mischievously, "Mr. Li, Mrs. Li, please accept my condolences! You should take the child back and make proper arrangements!" He didn't go further than that. After all, the child was only unconscious and did not really pass away.

Some of the crowds could not hide their smiles.

It was a pity that the couple who had performed the song and dance did not notice the abnormality in the crowd.

When they heard someone say such words, the wailing Mrs. Li immediately jumped up from the ground. She pointed angrily at Xiao Lingyu and said arrogantly, "Why do I need any condolences? My poor child is gone just like that. Let me tell you. My son was very healthy when we came here. He's now gone from us. You're not going anywhere until you give us an explanation!"

Xiao Lingyu's eyes flashed, and she asked with a serious expression, "Mrs. Li, I will definitely be responsible for the child's accident. I just don't know what kind of explanation you want from me, Mrs. Li."

Mrs. Li looked around, and then she said with a matter-of-fact expression, "Hmph, how else do you think? Of course, I need you to compensate me!"

Xiao Lingyu said, "Oh? How much do you want me to compensate you then?"

Mrs. Li said loudly, "Of course, it's a million! Didn't I say that before?"

Xiao Lingyu pretended to be confused and asked, "Did Mrs. Li say it before?" Then, she seemed to have realized something and said, "Oh, I remember now. Mrs. Li did say that if the child's body were found, I would have to pay one million."

Mrs. Li was secretly happy when she heard that. She said, "It's good that you still remember up. Hurry up and give us the money. We won't bother you anymore. We'll take the child's body and leave!"

Xiao Lingyu nodded and said, "It's no problem for me to pay the money. But I have a question that I'd like to ask Mrs. Li and Mr. Li to answer for me."

Mrs. Li was happy about the imminent one million, and she couldn't hide the joy on her face. She smiled and nodded, "Ask away!"

Xiao Lingyu's expression immediately changed, and she asked with a very strict expression, "Actually, I just want to ask Mr. and Mrs. Li, why were you so sure that we'd find the child's body before we even started the search? Also, how can you be so sure that the child is dead since you've not even checked on him after he's found?"

The question was very sharp!

Mr. and Mrs. Li were stunned.

When they came back to their senses, both of their faces were pale. The joy they had just felt disappeared in an instant. Instead, it was replaced by panic and nervousness.

Mrs. Li's eyes were darting, and she looked guilty. It was obvious that she did not want to answer.

As for Mr. Li, it was only then that he realized that the crowd was actually watching them make a fool of themselves. No one was feeling sad due to the death of a child.

He opened his mouth, not knowing how to answer Xiao Lingyu's question.

Xiao Lingyu asked sharply again, "Mr. and Mrs. Li, why aren't you answering?"

At this moment, Eldest Aunt Xiao hurried over. She was unable to hide her anger.

She glared at Mr. and Mrs. Li, then said, "Lingyu, the Doctor said that the child has been given an overdose of sleeping pills and has been in a critical condition for some time. He must be sent to the county hospital for treatment as soon as possible!"

"What?" Not only did Xiao Lingyu's expression change, but the expressions of the people around her also changed drastically.

Xiao Lingyu glared at the couple with her sharp eyes, then looked at the people around her and said, "Please keep an eye on them. The police should be here soon. But the child is in an urgent condition. I must send the child to the hospital immediately!"

"Go, Lingyu. Hurry up. The child is more important."

"Don't worry, Lady Boss. We will keep an eye on them!"

"Bastard! I knew there was something wrong with this couple. But I didn't think they'd be so crazy to attempt to kill their own child!"

"Is he even their biological son? Otherwise, how could they be so cruel to their child?"

"But why would they come here to do this?" Someone couldn't help but ask in puzzlement.

But someone quickly figured it out.

"This is a fraud! They want the child to have the accident here and use the child's death to force the farm owner to pay. You heard it just now. This woman said from the beginning that she wanted the farm owner to pay more than a million. She also insisted on one million after the child was found."

"Yes, this is a fraud and scam!"

"They are too crazy. For a mere million, they actually attempted to kill a child. They are worse than animals!"

Mr. and Mrs. Li, who was surrounded by the crowd, had pale faces. They looked very anxious and helpless.

However, Mr. Li defended himself, "No, we didn't hurt the child!"

"He is our biological son. How could I hurt the child?"

“Yes, yes, he is our biological child. We would never abuse him.” Mrs. Li argued loudly, “He was fine when he was with us. We have no idea about the sleeping pills. How could my child be fed with sleeping pills?”

Mr. Li also came to his senses and defended himself, “That’s right. We were fine when we were together. Who would be sick enough to feed my son with sleeping pills?”

At this moment, someone beside him sneered, “Are you still acting? No matter. After the police officers arrive, the truth will be revealed!”

“Oh, the child was sent to the hospital. Aren’t you guys worried?” Someone asked curiously.

“Hehe, of course, they are worried. They’re worried that once the child is rescued, they won’t get their one million anymore!”

When Mr. and Mrs. Li heard that the people from the police station would be coming over, they became even more uneasy and panicked. There were so many people around them that they couldn’t escape even if they wanted to.

At this moment, the little girl next to Mr. Li suddenly said, “So what if that bastard’s dead? What’s the big deal?”

The scene was silent, except for the sounds of insects around them.

The little girl didn’t know how shocking her words were.

She continued, “My mother said that that bastard deserves to die. It’s better that he’s dead so that he won’t waste our food. He only knows how to eat and drink. What an annoying freeloader!”

Everyone, “...” this little girl was so young, yet her words were so vicious.

At this moment, someone couldn’t help but berate her, “How can you speak like this? No matter what, he’s still your big brother, right? How can you gloat over the possibility that he might be dead? Who taught you to speak like this? How can you be so uneducated?”

The little girl had always been a pampered little princess at home. She had always been high and mighty, and her family had never been willing to say anything harsh to her.

But now, she was directly reprimanded by a stranger, and she immediately cried out in grievance.

She said loudly, “He’s not my big brother! How can you scold me? You’re all bad people!”

Everyone, “...” This child definitely needed a lesson in manners.

When Mr. Li saw the child crying, his nervous expression calmed down slightly.

He looked at his son beside him. He had a plan in mind.

He pinched his son, and his son immediately cried out in pain.

The cries of the two children were especially prominent on this quiet night.

Mr. Li wiped the tears from the corner of his eyes and said with a pitiful expression, "I'm sorry. We really didn't know how our son was fed the sleeping pills. Look at my two children. They are still young. If they cry like this, their bodies will definitely be damaged. Can we go back to the inn first and settle these two children down?"

The surrounding crowd looked at the two children. Even though the girl appeared a little unruly, the children were innocent. It was indeed not good to let the children stand there and cry.

However, these two people might be the main culprits who hurt the child. It would not be good if they escaped.

Mother Xiao looked at the crying children and did not know what to do.

At this moment, Xiao Letong said, "This is easy. Just get someone to carry these two children back to the inn."

Mr. Li's expression changed and he immediately said, "My children don't want strangers to carry them."

Xiao Letong looked a little puzzled and said, "Oh, really?" Then he asked in puzzlement, "Uncle, I didn't even specify who should carry them. The two of you could carry them back to the inn. We'll walk all the way back to the inn with you. Is there a problem? Or do you intend to have the two kids walk back to the inn on their own? Then, you could use the chaos caused by the kids and escape?"

Mr. Li, who had been exposed by a little brat, had a livid expression.

Mr. Li gritted his teeth and said, "That's not true!"

Xiao Letong nodded and said, "I hope you're right. Because if not, you'd be the kind of parents who'd abandon another two children to escape. Then, you'd be very horrible parents."

Mr. Li's expression became particularly ugly.

Xiao Letong said again, "Actually, anyone on the scene can see through your little tricks. It's just that a child like me doesn't mind pointing it out. However, uncle, why are you so vicious that you'd attempt to kill your eldest son?"

Everyone, "..."

The police who had just arrived, "..."

Is this child a reborn detective?

Chapter 645: Detective Xiao Letong

Xiao Lingyu and Father Xiao rushed to the county hospital with the child.

The child's life was in danger, and the town hospital did not have the ability to save him. In a moment when no one was watching, Xiao Lingyu dripped three drops of spring water into the child's mouth.

Xiao Ling said that these three drops of spiritual spring water could alleviate some of the effects of sleeping pills so that the child would not lose his life during the rush to the hospital.

Father Xiao looked at the cold child and asked, "Yu 'Er, will the child be alright?"

Xiao Lingyu drove the car and shook her head. "I don't know either. He should be fine."

Since she had found the child, she could not watch the child die. She would feel guilty.

The village chief who came with them said worriedly, "How many sleeping pills did they give the child? That pair of parents are really ruthless!" At this point, he asked with some doubt, "Could this child really be abducted by that couple?"

Father Xiao glanced at the unconscious child and said, "I don't think so. Look, this child's facial features are 70-80% similar to that man's. It should be his biological child."

The village chief was even more puzzled as he said, "That's strange. Since it's his biological child, how could he be so ruthless? They clearly treated the two younger children very well!"

The two children were white and plump, with soft skin and tender flesh. It was obvious that they were well-nourished.

On the other hand, this child didn't even look like he was ten. He was not tall and was only skin and bones. There was not a trace of muscle, and his skin was dark. It was obvious that he was malnourished.

What was even more infuriating was that this child had injuries all over his body, both old and new. There were whiplash marks, pinching marks, palm marks, and all sorts of marks.

"This child was practically abused as he was brought up, wasn't he?" The village chief looked at the child with pity.

Father Xiao suddenly thought of a problem and said, "Yu 'Er, you said that you called the police, right?"

Xiao Lingyu nodded and said, "Yes, I called the police. They should be there now."

At this moment, Father Xiao said, "Shouldn't we tell the police that we're bringing the child to the hospital?"

"..." Xiao Lingyu thought for a moment and said, "We should!" After all, the main victim was this child. The police would be tracking him.

"Should we call them now?" Father Xiao frowned.

Xiao Lingyu said, "When the police are done at the village, they will naturally rush to the hospital."

The village chief said, "Yu 'Er, how did you find out that there was something wrong with the parents? You called the police the moment you found the child."

If it were them, they wouldn't connect it to abuse. They would think the child was injured when he was missing.

Xiao Lingyu said, "The couple did not look for the child immediately after he went missing. This is point one.

"The woman said we'd find a corpse before we even started looking. That's point two.

"Point three, they kept asking for compensation.

“These three points clearly do not match the anxiety of normal parents who have a missing child. Also, when I found the child, I discovered that he was covered in injuries, and his size didn’t match a child his age. I immediately thought that the couple wanted to use the child to extort money.

“Therefore, I chose to call the police and have someone control the couple to prevent them from escaping.”

The village chief said, “Yu ‘Er, you’re really clever!”

Xiao Lingyu shook her head and said, “It’s not that. Their words are full of flaws that make people suspicious.”

Father Xiao looked at the pale-faced child and asked in puzzlement, “How could those two people treat this child so cruelly?”

...

When the police officers arrived, they heard a child who was less than two years old speak eloquently. He managed to make an adult speechless.

“Who called the police?” Police officer Li asked loudly.

Mother Xiao and the villagers recognized this old acquaintance at a glance.

“Chief Li, it was Xiao Lingyu who called the police!” Uncle Chun said. Indeed, Officer Li had been promoted to chief already.

Chief Li looked around but did not see Xiao Lingyu. He asked with some confusion, “Where’s Xiao Lingyu?”

Uncle Chun said, “The child was fed with sleeping pills for a long time. The situation is urgent, and his life is in danger. Xiao Lingyu sent him to the hospital.”

Chief Li asked seriously, “Earlier, we received a report of child abuse and attempted murder. What’s going on?”

This case was not a joke.

He had never thought that there would be a murder case in Taoyuan Village.

If this matter were to spread, it would be detrimental to the village. Therefore, this case had to be handled with caution.

However, Chief Li looked around and saw that there were at least two to three hundred people present. Other than the native villagers, there were also many foreign tourists. Even if they wanted to block the news, they couldn’t.

Chief Li was puzzled. Why didn’t Xiao Lingyu cover this up but instead spread it far and wide?

In any case, he was there to conduct his duty.

Uncle Chun pointed at the couple who were surrounded in the middle and said seriously, “Chief Li, we suspect that these two people abused their child and even tried to kill him!”

Mr. Li and Mrs. Li's faces turned pale. They argued loudly, "We didn't. You're accusing us. Why would we kill our child?"

Chief Li frowned and asked very seriously, "You have to speak with evidence. You said that these two people abused the child and tried to kill him. Where's the evidence?"

"Yes, yes. Where's the evidence?" Mr. and Mrs. Li immediately jumped up and questioned.

Uncle Chun looked at them and shouted, "You still have the face to ask for evidence? Didn't you see the child's body? It's full of injuries, both new and old.

"When we found the child, he was lying unconscious under the stone bridge. When we sent him to the infirmary for an examination, we found that the child had been given a large number of sleeping pills.

"That child is your son. Then tell us, why are there so many injuries and sleeping pills in the child's body?" Then, Uncle Chun told Chief Li seriously, "Chief Li, we now suspect that they abused the child and gave the child sleeping pills!"

However, evidence was important. Chief Li said, "This is all your speculation. What we want is evidence!"

Everyone, "..."

Mr. Li and Mrs. Li immediately smiled.

Mr. Li's heart, which had been filled with panic, fell slightly.

He smiled and said, "The police are wise and righteous. They won't accuse an innocent person."

Then, he faced the public and said to Uncle Chun with some confidence, "You said that I mistreated my son. Do you have any evidence? Or did you see me mistreating my son on the spot?"

"Besides, my wife and I didn't even feed him any sleeping pill. In fact, I'll sue you for slander. I will also sue the boss of this farm. My son was perfectly fine, but he was suddenly fed sleeping pills. Our personal safety is not guaranteed. Who would dare to come here to play in the future? What if they were attacked?"

Everyone, "...". Most of them looked angry.

Someone couldn't help but curse loudly, "How shameless! Officers, you didn't see that child. He's ten years old, but he looks around seven. He's skinny and pitiful. He's covered in scars. Who would believe that he wasn't abused at home?"

"That's right! Plus, when the kid was missing, they didn't even care. Instead, they were harassing the boss for money. Who would believe that they're innocent?"

...

Mr. Li was relying on the fact that everyone didn't have any real evidence, so he had some confidence.

However, when he heard the angry and indignant voices, he still had a guilty look on his face.

Still, Mr. Li said proudly, "That's my son. How I treat him has nothing to do with you. I want all of you to mind your own business!"

Mrs. Li echoed, "That's right. It's my family's business. It has nothing to do with all of you!"

Everyone, "... " anger appeared on their faces.

At this moment, Xiao Letong pointed at the little girl next to Mrs. Li and said with some doubt, "But this little sister keeps saying that Big Brother is a bastard and is a freeloader.

"I want to ask Little Sister. Since Big Brother is your elder brother, isn't it normal for your parents to take care of him? Plus, little sister, aren't you also a freeloader? What's the difference between you and your brother?"

The little girl said arrogantly, "Humph, that bastard is not my big brother. My parents said that when that bastard grows up, he will compete with us for the family property."

"So, you want your Big Brother to die, don't you?" Xiao Letong continued to ask.

"That's nat... Wuwu..." Mrs. Li quickly covered her mouth.

Xiao Letong looked at Mrs. Li in puzzlement and asked, "Why didn't you let the little sister continue? Are you afraid that she will tell the truth?"

Then, he turned to look at Chief Li and said, "Police uncle, I think the little sister wants to say that her big brother is not her big brother, and he's not their biological son." Xiao Tong pointed at Mr. Li and Mrs. Li.

The crowd understood the hidden meaning behind the girl's words, not to mention Chief Li, who had handled countless cases.

Xiao Letong then suggested, "Police uncle, there's a very simple way to get the evidence. You just need to ask this little brother and little sister." He was talking about the two kids.

Mr. and Mrs. Li immediately held the children in their arms nervously. Mr. Li said loudly, "My children are still young. You don't have the right to question them!"

Xiao Letong thought for a moment and said, "Grandma, put me down!"

Mother Xiao was a little hesitant. She said softly, "Xiao Tong, there are many people here. It's very dangerous to put you down!"

Xiao Letong said confidently, "Grandma, You should trust me. I'll be fine."

"Then what are you going to do?" Mother Xiao still wanted to ask clearly. This child was too naughty, too opinionated, and sometimes very impulsive. She had to be careful.

Xiao Letong said, "Grandma, Uncle Li and the others are here. Are you still worried? Don't worry. I just want to chat with the kids."

Everyone, "... "

Mr. Li immediately became alert.

This child was different from the others, and he knew it now. This child was also cunning and crafty. He had to be on guard.

He and Mrs. Li hugged the child tightly and covered their mouths, not letting them speak, afraid that they would say something wrong again.

After hearing this, Mother Xiao thought for a moment and put Xiao Letong down.

Xiao Letong walked to the middle and stood in front of Mr. Li. He raised his little face and smiled at Mr. Li. "Uncle Li, why are you covering the little brother's mouth? Aren't you afraid that they won't be able to breathe properly and suffocate to death?"

Mr. Li was frightened. His hand trembled, and he could not help but let go of the hand that was covering the child's mouth. The boy was very young. If he couldn't breathe for a while, he might really suffocate.

At this moment, Xiao Letong seized the opportunity and asked, "Little Brother, why did your sister say that Big Brother is a freeloading bastard? Isn't he your older brother?"

Mr. Li's expression froze, and he subconsciously wanted to cover his son's mouth.

But at this moment, Xiao Letong quickly grabbed his hand and said very seriously, "You can't cover little brother's mouth anymore, or else it'll show your guilt. Then, it'll suggest that you did harm the big brother."

His small face was solemn and dignified.

Mr. Li was stunned for a moment before he subconsciously put his hand down.

The boy was only eight or nine years old. He did not know what to say or what not to say.

He looked at the crowd around him with a timid look in his eyes. His expression was also very scared and nervous.

However, when he looked at the little boy beside his father's leg, for some reason, he felt relaxed.

The crowd was shocked but also not that shocked. Children would be more at ease around other children.

Mr. Li's son said arrogantly, "My parents say that he is just a cheap bastard who eats and drinks for free in our family. When he grows up, he will even take away my property."

"Isn't Big Brother your parents' son? Why would he take away your property?"

"He is not! My mother said that he is a jinx. He killed his parents when he was born. It was my parents who took pity on him and kindly took him in. Who knew that he'd be so ungrateful. He only knows how to eat and drink for free at home and doesn't work!"

"Oh, the Big Brother is not your real big brother. Then who is he?"

"He's my uncle's son!"

"The house we're living in now belongs to my uncle's family. I overheard the conversation between my father and mother. We'll have to return the house to the little bastard when he turns 18!"

“Huh?!” The crowd was astonished!

Chapter 646: The Truth is Revealed

The truth of the case was revealed!

It turned out that the child, Li Xiaoming, was not the biological son of the couple. He was the son of Li Jianye’s identical twin brother, Li Jianhua.

After the death of Li Jianhua and his wife, they left behind their three-year-old son. This child simply could not live on his own.

Naturally, as the younger brother, Li Jianye became the guardian of the child.

Li Jianhua’s life insurance of 60,000 and his house also fell into Li Jianye’s hands.

In the beginning, they raised the child for the sake of face. After all, the parents of Li Jianye and Li Jianhua’s brother were still alive. They could not watch their eldest grandson suffer.

However, when the child was five, the old couple also died unexpectedly.

No one was there to look after the child anymore. Li Jianye and his wife did not like this child, especially since they had their own children.

The young boy normally had to do a lot of housework, Laundry, cooking, and cleaning were normal. If he didn’t work, he wouldn’t get to eat. Even if he was given food, it was the family’s leftovers.

The two kids rather feed the food to the dogs than give it to their elder brother.

The boy grew like this to 10. The family’s dislike of this child only grew. This was because the child was a constant reminder that once he came of age, they would lose everything.

Therefore, they wished the child would just disappear. However, they knew murder was illegal.

That didn’t mean that they had given up. They kept on planning how to make the child disappear without drawing people’s attention. One day, they saw a news report on their cell phones. A tourist had gone on a trip and died accidentally. The tourist location didn’t have the proper safety measures, so they had to pay a lot in compensation to the dead tourist’s family.

That inspired the couple. This method allowed them to get rid of the eyesore, get a lot of compensation and not get people’s suspicion. It was simply killing three birds with one stone.

They spent a long time choosing a tourist place and finally decided to come to Taoyuan Village.

The main reason was that they were from City Z, so it was more convenient to travel with their children.

Secondly, there were many tourists in the Taoyuan Village, so it was normal for an accident to happen. Naturally, it wouldn’t arouse suspicion.

Their plan could be said to be perfect.

But they were too impatient.

They left a loophole for others to exploit.

Another thing that they had never expected was that the owner of the Taoyuan Village, Xiao Lingyu, had spring water that could bring the dead back to life.

Once the child was saved, they would definitely be found guilty.

Li Jianye and his wife led the boy to a spot they had picked out in the morning and forced the child to eat sleeping pills. When the sleeping pills took effect, they threw the child under the bridge, which made it even harder to find him.

They only started searching for the boy when the sleeping pills took effect. Of course, they slowed down the search too. When they found him, the child would be dead.

They planned to claim that the child had died in an accident because the farm had not taken proper safety measures. They would be able to extort money.

However, they had never expected that Xiao Lingyu would be able to find the child at the first notice. At the same time, she had called the police.

A conspiracy had been foiled!

When Mrs. Li confessed to the police, everyone was shocked beyond words.

Mr. Li seemed to be on the verge of collapse. He waved his hand and pointed at his wife. He cursed in shock, "Are you crazy? Why would you tell them everything?"

Xiao Letong looked at Mr. Li. His small face was full of anger. He said very sternly, "You're the one who's crazy! Big Brother is so innocent. You wanted to kill him for money! Big Brother is your biological brother's son, right? How could you be so ruthless?" He wanted to say worse things, but since he was a child, he didn't.

Mr. Li's face turned pale and powerless. He shook his head and said, "No, that's not true."

Xiao Letong pointed at Mrs. Li and shouted, "Your wife has already confessed everything!"

As for Mrs. Li, her eyes were a little empty and numb, but her expression was still as arrogant and domineering as before. However, in the darkness of the night, no one noticed any changes in her.

After her son said that Li Xiaoming was his uncle's son, Mrs. Li suddenly shouted and then confessed everything.

This made many people jump in fright.

At first, they thought that this woman was possessed. Otherwise, why would she suddenly confess everything?

She had just admitted to an attempted murder! But no one forced her to confess anything.

Someone curiously asked, "Why did you suddenly confess?"

Mrs. Li's face showed a struggle as she said, "I feel very guilty. At that time, big brother and his wife were so good to us. But after they passed away, we treated their only son like this. I... I can't live with my conscience."

This surprised many people, especially Mr. Li.

He wanted to slap her to shut her up, but his hand was grabbed by a little brat. He couldn't shake the brat off no matter how hard he tried. He could only watch as his wife confessed everything.

At that moment, he was angry and helpless. He wanted to die.

Due to his anger, he didn't even question how a small child managed to restrain him.

But when he came back to his senses, he had a bigger problem to deal with.

When Mrs. Li was arrested at the police station, she suddenly snapped out of it. She yelled and hollered that she was innocent, but it was too late then.

Chapter 647: Famous Child

The Taoyuan Village tourist farm became famous once again. This time, the reason was a child prodigy!

Many tourists confirmed that this child was not an ordinary child. He was only a little over one year old, but he could speak eloquently and was extremely intelligent. He had even solved a murder case.

The attempted murder case made many people angry. The couple was simply insane. They wanted to kill a child for money.

This case was quickly reported by the relevant media. At the same time, the fame of the child prodigy grew.

"CEO Xiao, those reporters want to come and interview you again. They want you to share with them your secrets to raising a child prodigy," An Xiaohui said to Xiao Lingyu.

Xiao Lingyu directly refused, "No!"

Xiao Lingyu never expected that her son would get famous when she sent the boy to the hospital. She didn't want her son to be famous to protect him.

However, this was the era of new technology. Even if you handled things in a timely manner, some news would spread very quickly.

There were a lot of tourists present at that time. A few of them were influencers. They posted the incident online. They took videos of the child prodigy.

Many young people were night owls. They would often pay attention to the influencers they followed. They saw their favorite influencers posting about a child prodigy. The child prodigy was very cute. He was just a little bun. He was fair and chubby and had a round face and big eyes. He was very beautiful, and his expression was so lively and cute. He immediately attracted many netizens.

Many netizens shared the news. Thus, the child prodigy in Taoyuan Village immediately became a trending topic.

The child prodigy became an internet celebrity, and his fans grew at a rapid rate.

When Xiao Lingyu was waiting for the boy to be rescued at the hospital, she received a call from an acquaintance saying that her son had actually become an internet sensation.

When Xiao Lingyu saw her son being the 15th trending topic on the trending topic list, she was instantly speechless.

Did he also inherit her genes to get on trending?

Many people had to buy clicks to get on trending. But this pair of mother and son got on trending every few days.

Xiao Lingyu sighed. Then, she called Gong Yinxiong and asked him to get someone to take down this news. She also wanted his help to stop all news about the child prodigy.

She wanted to protect her son's privacy and safety. She did not intend to disclose any information about her son, so she hoped that everyone would understand.

Most of the netizens agreed with Xiao Lingyu's approach.

After all, if they had such a beautiful, cute, and smart son, they would not want to expose him in public either.

What if they were targeted by bad people?

Only a few people thought this was a bad idea. This made them feel very insecure because this was only doable with the help of top hackers. What if Xiao Lingyu suddenly decided to use the top hackers to attack them? Therefore, these people were dissatisfied with Xiao Lingyu.

That led to anger, and they wanted to bring up issues from the past. Of course, they were unable to do that unless they were top hackers themselves and could break through the current defenses.

Of course, the hackers couldn't stop word of mouth. Many people had already known about the child prodigy in Taoyuan Village when the news was taken down.

Therefore, many news media rushed to interview the child prodigy. They wanted to know everything about the child prodigy and his parents.

Once she saw the media, Xiao Lingyu immediately asked the village chief to inform the villagers that they were not allowed to talk to the reporters. They were not allowed to tell the reporters anything about the child prodigy.

The villagers, even those who had a grudge against the Xiao Family, knew that they shouldn't offend Xiao Lingyu. After all, they were rich because of her.

Therefore, when the media reporters came to interview them, they could not find anyone who would cooperate with them. When they went to look for the child prodigy's parents, she refused to be interviewed.

An Xiaohui said to Xiao Lingyu with some hesitation, "CEO Xiao, is it really okay to keep rejecting the media reporters? Will they write a bad article about us when they return to take revenge?"

The corner of Xiao Lingyu's mouth slightly curved up as she said, "If they do, they'll have to face the law."

Speaking of this, An Xiaohui suddenly thought of something and asked, "CEO Xiao, has Bai Shanshan still not been found?"

The court had subpoenaed a lot of people, but the main culprit, Bai Shanshan, couldn't be found.

Xiao Lingyu shook her head and said, "Not yet! However, the court summons has already been sent to their home. Her family should know where she is, right?"

An Xiaohui was a little puzzled. "Strange, where is Bai Shanshan hiding?"

Xiao Lingyu smiled and said, "Alright, don't worry about it. As long as I don't withdraw the lawsuit, she won't be able to escape. Here, take a look at these two candidates. Arrange a job interview with them."

Xiao Lingyu handed the two resumes to An Xiaohui.

After An Xiaohui left, Xiao Lingyu's expression darkened.

Gong Yinxiong had already investigated Bai Shanshan's identity.

According to Gong Xiong, Bai Shanshan was snatched away by someone who was very likely to be... brother Jiang Tao.

Xiao Lingyu thought for a moment. She did not know why, but she felt a little uneasy.

Hence, she took out her phone and made a call.

...

Jiang Tao did his duty as a fiancé and accompanied his fiancée, Leng Piauxue, to a gathering.

This gathering was a gathering of some of Leng Piauxue's former classmates. Many of them would bring their families along.

Jiang Tao was dressed in a handsome black suit. He had a tall and straight figure. His handsome and cold face made all the women, who passed by, scream.

Leng Piauxue wore a red strapless evening gown and black high-end custom-made heels. She looked very tall, which made people gasp in amazement. She had a devil's figure and an angel face.

She had fair and smooth skin, a straight eyebrow, a straight nose, and cherry red lips. Her face was very small. She looked very beautiful.

Even though she was not as pretty as the former first socialite, Qin Yan, she radiated a cold beauty.

The pair was compatible when they stood together. They were hard to approach.

"Brother Jiang, I'm very sorry that I asked you to accompany me to this party," Leng Piauxue said with some guilt, "I was told that I have to bring a family member. At the time, I thought that since we were already engaged, we should be considered family members. On impulse, I invited you to accompany me."

Jiang Tao's face was cold as he pursed his lips. Then, he said in a cold voice, "This is my responsibility as a fiancé!"

Leng Piauxue's face slightly stiffened, and then she smiled.

Her cold smile melted to reveal a bright smile. The men nearby were stunned. However, Jiang Tao was unaffected.

Leng Piauxue said with a smile, "Brother Jiang, if you are busy, you can leave first. I'm fine by myself. Really!"

Just as Jiang Tao was about to answer, his phone rang.

He took out his phone and looked at it, then said to Leng Piauxue, "Sorry, I have to take this call." Then, without waiting for Leng Piauxue's reply, he walked to the side to take the call.

"Hello, Lingyu?"

Leng Piauxue didn't notice the caller ID on his phone, but she heard him call out a woman's name from afar. Her hand, which was holding the bag, couldn't help but clench tightly.

After that, Leng Piauxue couldn't hear what Jiang Tao said.

A moment later, Jiang Tao walked over.

He said, "Sorry, I have something urgent to do. I have to go first. I'm afraid I can't accompany you for the rest of the party."

Leng Piauxue immediately revealed a slightly disappointed expression, but she acted very sensibly. She smiled very reasonably and said, "It's okay. If you have something to do, you can go first!"

Jiang Tao nodded. Just as he was about to turn around, Leng Piauxue could not help but ask, "Brother Jiang, may I know if this Lingyu is a woman?" When she asked this, her face was obviously a little anxious and a little nervous. Her eyes revealed a trace of anticipation as she looked at Jiang Tao.

Jiang Tao hesitated for a moment before nodding and saying, "That's right. She's a woman."

Leng Piauxue's expression immediately froze. Then, she forced a smile and asked, "Then, brother Jiang, may I take the liberty to ask, is this woman the woman you like?"

Jiang Tao narrowed his eyes and stared at Leng Piauxue with a sharp gaze, but he did not answer her question.

Leng Piauxue continued and said, "I know the answer from your expression.

"Everyone in the capital knows that the young master of the Jiang Family doesn't get close to any woman. However, a woman has your private number.

"Brother Jiang, I'm afraid you don't know how gentle your expression was when you answered the phone just now. I really envy that woman!"

Leng Piauxue didn't cry or make a scene, but her expression appeared to be a little sad and painful. However, she appeared to be a very understanding and sensible girl.

Leng Piauxue was really delicate and moving.

Jiang Tao frowned slightly, and his cold face showed some shame. He said, "I'm sorry!"

A good girl like Leng Piao xue should not be let down and used. He should even cherish her.

However, there was already one person in Jiang Tao's heart. There was no space left for another woman. However, he had to use another woman for this woman in his heart. He could not help but feel a little guilty.

Regardless, he had promised that he would protect Xiao Lingyu no matter what. Therefore, for Xiao Lingyu's happiness, Jiang Tao went against his own wishes to get engaged to Leng Piao xue and played along.

Leng Piao xue held back her tears and said to Jiang Tao firmly, "Brother Jiang, you don't have to apologize to me. Matters of the heart are hard to control. However, one day, I, Leng Piao xue, will definitely make you fall in love with me!"

After saying that, she covered her mouth and ran away while wiping her tears.

Jiang Tao looked in her direction and then left.

Leng Piao xue didn't run far. She only ran to a dark corner not far away.

After Jiang Tao left, her tears still couldn't stop flowing.

At this time, a person materialized beside her. He sighed heavily and said, "Why do you have to do this? Why do you have to hang on to him?"

Leng Piao xue sobbed softly, "But I love him. What can I do?"

The person beside him did not say anything else. He just stood beside her and accompanied her silently.

..

After Xiao Lingyu hung up the phone, her brows furrowed tightly. Then, she made another call. "Yinxiong, I need to talk to you."

Two minutes later, Gong Yinxiong came over.

As soon as he entered the office, he saw Xiao Lingyu's serious face and asked curiously, "Sister-in-law, what's wrong?"

Xiao Lingyu asked seriously, "Yinxiong, are you sure that Bai Shanshan was taken away by brother Jiang's men?"

When Gong Yinxiong heard that, he frowned and asked, "What... What's wrong?"

Xiao Lingyu said seriously, "I asked brother Jiang just now, and he said he thought that it was the Gong family who took her away."

After all, Bai Shanshan had offended her, so it was understandable that the Gong family took her away.

"What?" Gong Yinxiong was a little surprised. So were they wrong to assume it was the Jiang Family who took away Bai Shanshan?

Gong Yinxiong thought for a while and said, "I'll call Old Master!"

Bai Shanshan's matter shouldn't be this serious, but her disappearance had complicated things.

After Gong Yinxiong called Old Master Gong to confirm, he said to Xiao Lingyu, "Old Master Gong definitely didn't have Bai Shanshan."

Xiao Lingyu looked a little surprised as she asked, "What's going on?"

The Bai Family didn't have Bai Shanshan, and Bai Shanshan couldn't be found anywhere else. The Gong Family thought that the Jiang Family had taken her and vice versa.

Xiao Lingyu had a vague feeling that something was not right.

Gong Yinxiong also thought the same way.

Gong Yinxiong said, "Sister-in-law, I'll get someone to investigate immediately!"

Bai Shanshan was last seen at a big hotel, but she had disappeared for no reason. It was so inexplicable.

There must be something fishy about this.

Therefore, Gong Yinxiong did not want to waste any time.

Xiao Lingyu nodded and said, "Okay." This was Gong Yinxiong's expertise, so she left it to him.

She thought for a moment and said, "Brother Jiang said that he will investigate it too!"

"Okay, I got it." Gong Yinxiong nodded and said.

After Gong Yinxiong left, Xiao Lingyu rubbed her forehead.

She did not expect that a small former employee of the company would bring her such huge trouble.

Now, she had a faint premonition that more trouble might be coming.

...

In H Nation, a woman came out of the plastic surgery hospital when the phone in her branded bag rang.

She picked it up and saw an unknown caller ID. She wanted to cancel the call, but after some thought, she picked it up.

"Hello?" This voice belonged to Bai Shanhan.

A hoarse and cold voice came from the phone. "The Gong family and Jiang Tao have found something wrong and are looking for you!"

Bai Shanshan's face turned pale, and she stammered in panic, "Then... then what should we do?"

"Hehe..." Cold laughter came from the other side, "What are you panicking for? You just need to remember your current mission. I will ensure your safety!"

"But if I find out that you've betrayed me, I'll immediately inform them. I'm sure you know what will happen to you after that. Do you want me to explain?"

Bai Shanshan's face turned even paler. She became even more worried and panicked as she said loudly, "I... I don't!"

"Alright then." The other party suddenly became very kind.

However, Bai Shanshan only thought the other person was very scary.

Bai Shanshan forced herself to calm down and asked, "Then what should I do now?"

"The most dangerous place is the safest place! If you wait there, someone will naturally come and look for you!" After saying that, the other party hung up the phone.

"Hello, hello..." Bai Shanshan shouted a few times, but the other party had obviously hung up.

Bai Shanshan was angry and flustered, but there was nothing she could do.

But before Bai Shanshan could calm down, two men in black with sunglasses walked over.

One of them said coldly, "Miss Bai, we are under the orders of our miss to send you to a place!"

Bai Shanshan asked, "Where exactly are you sending me to?"

"You'll know when we arrive!" The answer was cold and merciless.

Chapter 648: Gong Tianhao is about to Wake up

Situ Xing fed Gong Tianhao the spring water again.

He said, "Boss, you have to wake up quickly. Your son is going to find another man for your wife. Do you really want that? Boss, you really can't keep on sleeping!" Situ Xing thought to himself, 'My life is not easy either. I have to say these things to wake Boss up.'

"By the way, are you and your son enemies in your previous life? Why would your son do something like this?"

"But your son is really clever. I hear from Yinxiong that your son can not only memorize an entire dictionary, but he also reads a lot of books. What's more enviable is that he actually has a photographic memory. After flipping through an entire book, he can immediately recite it back to back. He is a real genius!"

"Like father, like son. Oh, no, it's more appropriate to say that the future generation is better than the current generation. But why is this child so keen to ruin your reputation?"

"His search for a new husband for his mother has become a feature in Taoyuan Village. If you don't wake up, my sister-in-law, your wife, will really fall in love with another man."

When Situ Xing mumbled these words, he didn't notice the man's fingers moving. The movement was very subtle.

Initially, Situ Xing did not notice it, but then he noticed something unusual from the life monitoring device. Then, he checked Gong Tianhao very seriously. Soon, he noticed that Gong Tianhao's finger moved slightly.

Situ Xing immediately became very excited. He held Gong Tianhao's hand and called out anxiously, "Boss, Boss..."

However, Gong Tianhao only moved his fingers for that once. He didn't respond after that.

Regardless, Situ Xing couldn't hide his excitement. This meant that Gong Tianhao was not far from waking up.

Soon, Situ Xing got someone to bring Gong Tianhao to be checked.

Half a day later, the examination data came out. When Situ Xing looked at the new data, he could not hide his excitement and joy.

"This is great. Boss' brain cells have already recovered. It is only a matter of time before he wakes up.

"It has been two years!" Situ Xing's eyes were a little red. There were some internationally renowned brain specialists standing beside Situ Xing.

They looked at the freshly released report in their hands and said excitedly, "The patient's brain tissue has really recovered.

"Oh My God, this is simply a miracle.

"Mr. Xing, you're really amazing. You're simply a miracle-maker. We remember how serious the patient's brain injury was. Under normal circumstances, he wouldn't even wake up or he'd die from brain death.

"But you had created a miracle. You managed to repair the nerve cells in the patient's brain. In the future, doesn't this mean that the comatose patients will have the chance to awaken?"

Situ Xing's fingers tightened around the paper. Then, Situ Xing said in a serious tone, "Other than the effect of the newly developed repair cell fluid, the patient's tenacity and desire for survival are more important. As for whether it can be used to treat other patients in a vegetative state in the future, that remains to be seen!"

These people didn't know the truth, but Situ Xing knew why Gong Tianhao could wake up. It was the water Xiao Lingyu gave him.

He did not know what kind of water it was, but after testing and confirming it, he knew that there was an active molecule in the water.

It was this active molecule that allowed Gong Tianhao to recover.

However, Situ Xing had no idea where the water came from. Xiao Lingyu would have the answer. The recovery solution he developed depended a lot on Xiao Lingyu. The spring water was the base for his new recovery solution.

This recovery solution could be used on other patients, but the recovery speed would not be as fast as Gong Tianhao's. After all, Gong Tianhao was treated with the best of everything.

However, the biggest issue was the main ingredient of this recovery solution was Xiao Lingyu's water. Xiao Lingyu had revealed the water to him, so he had to keep it a secret to protect her safety unless he had Xiao Lingyu's permission to mass-produce this recovery solution endlessly.

These international brain specialists wanted to stay and discuss this miracle with Situ Xing, but they were chased away by the eccentric Situ Xing.

Those people could only leave regretfully.

After they left, Situ Xing thought of something and returned to his office. He was very excited and made a phone call.

"Old Master, I have good news. Tianhao is finally going to wake up. In the morning, I noticed that his fingers moved twice. The results of the morning examination showed that all the nerve damage cells in Tianhao's brain had recovered. Tianhao is going to wake up in the next few days," Situ Xing reported anxiously.

When the old master heard this news, his hand almost lost its grip on the phone. His shaking hands belied his true feelings.

His eyes were slightly red, but he said calmly as usual, "Good, good, that's great! Just as Yu 'Er said, he will wake up in two to three years. Tianhao has woken up earlier than that. Xing 'Er, you have contributed a lot! I will definitely remember this in my heart!"

Situ Xing suddenly said in a flattered manner, "Old Master, it's nothing. The one who contributed the most is still sister-in-law. If it weren't for sister-in-law, with my current ability, I don't think I'd be able to wake Tianhao up."

When he examined Gong Tianhao's head at first, the damage to his brain was severe. He had been worried that Tianhao wouldn't wake up. However, he couldn't tell that to Xiao Lingyu and Old Master Gong. He couldn't explain that to Dragon's Organization too.

Old Master Gong said, "I will remember both of you."

After the call ended, Old Master Gong immediately gave Xiao Lingyu a call. "Yu 'Er, Tianhao is about to wake up. Xing 'Er said that he saw that brat move his finger in the morning. During the examination in the morning, all the data showed that the nerve tissues and cells in his brain had recovered very well. It should be just a matter of time before he wakes up."

When Xiao Lingyu heard this, her tears immediately flowed down. She covered her mouth and replied, "Mmm, that's great!"

"Mommy, why are you crying?" Xiao Letong looked at Xiao Lingyu after she received a call and asked with a very serious expression.

Of course, he already knew the answer. He could hear with his power. But he still had to pretend that he didn't know anything.

Xiao Lingyu shook her head and said, "Mommy is so happy that she's crying!"

Xiao Letong asked in confusion, "Why are you crying even when you're happy?"

Xiao Lingyu squatted down and said to her son with a smile, "There's a kind of emotion called crying from extreme joy!"

Xiao Letong seemed to be confused and asked, "Then Mommy, what incident brought you extreme joy?"

Xiao Lingyu didn't answer immediately. Instead, she looked at her son seriously and asked, "Son, do you miss Daddy?"

Xiao Letong shook his head and said, "No!"

His answer was firm.

"..." Xiao Lingyu asked in confusion, "Why?"

"Because I don't know him!" Xiao Letong said innocently, "I haven't seen Daddy since I was young. Also, Mommy, isn't my surname Xiao?"

"If I have a father, why don't I follow his surname? Also, why aren't we staying at his house but at grandma's house?"

Actually, he didn't want a man who would steal his mommy to appear at all. When he wasn't around, he'd have his mother all to himself.

If that man appeared, wouldn't his mother's attention be taken away? Would she still have him in her eyes?

Xiao Lingyu, "..."

When she came back to her senses, Xiao Lingyu said, "Son, don't you think it's a wonderful thing to have a father who loves you very much?"

Xiao Letong pursed his lips, but his eyes were filled with resentment as he stared at Xiao Lingyu, as if he did not think that it was a wonderful thing at all.

Xiao Letong asked, "Mommy, where is my father then? Why hasn't he come to visit me once in the past two years?"

Xiao Lingyu thought for a moment and explained, "Son, I know that you are a very smart child. You will definitely understand what I'm saying, right?"

Xiao Letong thought for a moment seriously and said, "Mommy, that will depend on what you say."

Xiao Lingyu, "... Is he playing dumb?"

Xiao Lingyu sighed.

In fact, she was a little puzzled. Why was her son so indifferent about his biological father? Could it be because he was too young?

Xiao Letong thought for a moment and said, "Mommy, if my biological father is a bad father, can I find another father for you to marry?"

Xiao Lingyu was speechless and said, "How silly is that? I'm already married to your father, so how can I marry another man. Also, who told you that your biological father is a not good father? Let me tell you. Your father is definitely a good father."

Xiao Letong pursed his lips tightly. His small face was cold and serious. He looked just like Gong Tianhao.

Xiao Letong insisted, "He is definitely not a qualified father. I will not acknowledge him."

In his previous, previous life, when he was abandoned by Xiao Lingyu, why did Gong Tianhao never appear as his so-called biological father?

If he had appeared, with his ability, he would be able to find out the truth and clear Xiao Lingyu's name. He would definitely not let mommy live such a painful life, and Xiao Letong would not be ignored and detested by Xiao Lingyu. He would get a hug from his mother. He wouldn't have died with regrets.

In the end, Xiao Letong was still bothered by the fact that he did not have the love of his parents in that life.

He was still very dissatisfied with Gong Tianhao.

In this life, Xiao Lingyu had the chance to start over. The same went for Xiao Letong.

Their destinies changed. However, that didn't change the memory of their previous lives.

Although he was still young, the regret was deeply imprinted in his heart. Otherwise, he wouldn't have to face the issue of ascension in his second life. To solve this issue, the entire Heavenly Gate sect had done their best to send him back and change his fate.

Xiao Letong still harbored hatred towards Gong Tianhao.

This was because Gong Tianhao was an irresponsible man. If he was responsible, many tragic situations would not have happened to Xiao Lingyu and the entire Xiao family.

The Xiao Family's property was taken, his grandfather's heart and lungs were damaged, his uncle's legs were broken, and his grandmother's body was also injured.

Thousands of years had passed, and the most important people in his heart were still his grandparents and uncle, who had once doted on him to the bone. As for his feelings for Xiao Lingyu, they were very complicated, but he could be sure that he also loved Xiao Lingyu very much.

After returning, he had received the love of a mother and even a father, even though that father's love had only lasted for one short day.

Then, he knew that his mother had always wanted to make it up to him. Hence, she gave him everything she had, trying her best to create the best things for him.

However, because she wanted to give him the best things, she had neglected him for her work. She assumed the material things were the best way to compensate Xiao Tong.

Once Gong Tianhao returned, Xiao Lingyu would spend even less time with Xiao Tong. Xiao Tong didn't want that.

Xiao Lingyu did not know why her son was so stubborn. He would rather find a new father than accept his biological father.

She could only slowly persuade her son. Her eyes darted about and she smiled, "How about this, son? If you can find a man who looks very similar to you, I will marry him. How about it?"

Her son's appearance was very similar to Gong Tianhao's. She believed that other than Gong Tianhao, it would be very difficult to find another man who looked very similar to him.

Xiao Lingyu was just joking at first, but unexpectedly, Xiao Letong asked very seriously, "Mommy, do you mean what you said?"

Xiao Lingyu was stunned for a moment, but then she nodded seriously and said, "Of course it's true."

Xiao Letong nodded and said, "Alright, I will!"

Xiao Lingyu suddenly thought of something and added, "Son, you have to find him in Taoyuan Village!"

Stranger things had happened. Doppelgangers were a thing. Xiao Letong was clever enough to start a manhunt on the internet. If he really found a man who looked like Gong Tianhao, what was she going to do?

Xiao Letong was not a real two-year-old child. As soon as Xiao Lingyu said this, he knew what she was planning, but he did not expose her.

He nodded his head seriously and said, "Okay!"

The agreement between Xiao Lingyu and her son was set.

When Mother Xiao found out about it, she sent the child away and scolded Xiao Lingyu. "Tong Tong is still young, but you are not anymore. Why are you playing this foolish game with him?" Mother Xiao scolded, "What if Tong Tong really brings back a man who looks like him? Are you really going to divorce Tianhao and marry that man?"

"How is that possible?" Xiao Lingyu immediately denied it. "My child's father is still the best."

"Since you know that, why are you giving Xiao Tong this empty promise?" Mother Xiao rolled her eyes and said snappily.

"But you can't blame me for this!" Xiao Lingyu felt a little wronged and continued, "I don't know why, but Xiao Tong is very persistent in finding me a new husband. Mom, can't you remember how much trouble he has caused in the past few months?"

Mother Xiao also said with some doubt, "Yes, Xiao Tong has always been very sensible. Why is he so persistent on this matter? Doesn't he know that he has a biological father?"

Xiao Lingyu spread out her hands and said with a bitter smile, "I don't know either."

Mother Xiao thought for a moment and said, "Then I'll persuade Xiao Tong again."

Xiao Lingyu shook her head and said, "Mom, let him be."

Nowadays, Xiao Letong's search for a new father had become a must-see entertainment for the tourists in Taoyuan Village.

Xiao Lingyu didn't know what to say.

Even though the conditions laid down by Xiao Letong were very high, many men came to inquire about it.

Among these men, some of them did have some family assets, but what they liked was her beauty.

There were also some men who did not have money who came over to inquire, hoping to climb to the top in one step. After all, Xiao Lingyu was quite rich now.

There were also some crooked people who were disillusioned.

Of course, most of the men were still rejected by Xiao Letong.

A few did not give up and directly came to her.

At first, she kindly explained the situation to these men. However, these people wouldn't stop pestering her. They were even willing to do anything to achieve their goals, fortunately, she had someone protecting her now, so nothing dangerous had happened to her.

After he was scolded, Xiao Letong stopped setting up a stage to accept new father applications.

Instead, he observed them one by one. If he thought that their conditions were good, he would consult them further.

However, his requirements were too high. Currently, there was no one who met the requirements. Up until now, Xiao Letong had never brought a man to her.

Xiao Lingyu's feeling was really... complicated.

This was her own son. She could not bear to hit him or scold him, so she could only let him be.

Chapter 649: Grandmother's Advice

Mother Xiao was very curious as to why her grandson was so keen on finding a stepfather for himself. She asked, "Xiao Tong, why do you want to find a stepfather for yourself? Isn't your biological father good enough?"

Xiao Letong raised his head and said with some confusion, "Grandmother, but I've never seen my biological father before."

Mother Xiao smiled, "You haven't seen him, but you've heard of him! Haven't we always told you that you have a heroic father? In order to save your mother, your real father used his own life to protect your mother!"

Xiao Letong said with slight doubt, "Grandma, but you always told me that my father went to a very far place!" At this point, his tears flowed down as he cried, "Many people said that I'm a child without a father. Father doesn't want my mother and me, so I hate my biological father very much! I want to find a father who loves me and my mother, a father who won't abandon us!"

When Mother Xiao heard this, her expression immediately changed. She asked with a suppressed anger on her face, "Little Tong, who told you that your father doesn't want you and your mother?"

She was furious. No wonder her grandson wanted to find a man so that his mother could marry again. Was someone gossiping behind her back? She had to find out this culprit and punish them!

Xiao Letong shook his head and said, "Grandma, I've forgotten who it was!"

Mother Xiao squatted down and patted Xiao Tong's head. She sighed and said, "Xiao Tong, you are a very smart child. You have always been the pride of your grandfather and me. You have to believe that all of us love you, including your biological father! He did not abandon you. He is sick and cannot be with us! Let me tell you. Before you were born, your father, he..." Mother Xiao told Xiao Tong about how Gong Tianhao cared about him before he was born.

His biological father had already prepared the best for him before he was born. After he was born, he even personally took care of the child. He clumsily learned how to brew milk powder. When the child took a dump, he clumsily learned how to wash the child's butt and change diapers. He had learned everything a new father should.

One had to remember who Gong Tianhao was!

One had to know what kind of Person Gong Tianhao was!

He was someone with money, power, and authority. As long as he waved his hand and gave the order, there would be people who'd do everything for him.

However, he did everything personally for his wife and son!

Xiao Letong listened silently.

His biological father loved them. However, Xiao Letong had just been reborn, and he was too blurred to feel anything back then. He only realized that some man was there to steal his mother from him. Therefore, he didn't have a good impression of this man. He would only cry when his biological father tried to carry him!

However, the most shocking thing was that this man was such a shrewd person. He deduced that Xiao Tong had been reborn from a few interactions!

At the same time, Xiao Tong was shocked to the core that his mother was so unguarded against this man that she told him about her rebirth and special space! Did his mother didn't learn from her previous relationship? What she did was no different from handing her life over to another person!

Therefore, Xiao Letong felt that this man was too sinister. It didn't take long for him to charm a woman and her whole family to side with him.

This was simply too terrifying!

What if this man was a hypocritical animal? What if this man had other ulterior motives?

Then wouldn't her biological mother, maternal grandparents, and everyone in the Xiao family fall into the abyss of hell as well?

Therefore, Xiao Letong was on guard against this new biological father. He even felt hatred towards him! However, the father and son only spent two short days together.

Xiao Letong had a conflicted feeling toward his father. Later, that feeling turned into jealousy.

Of course, he was jealous of Gong Tianhao. His mother cared about Gong Tianhao too much. How could he not be jealous?

When he heard his grandmother sing endless praises for Gong Tianhao, Xiao Letong felt a little upset.

His feelings for Gong Tianhao were very complicated. There was resentment and admiration. He had hopes and desires. At the same time, there was disappointment and despair. He wanted to be close to Gong Tianhao, but he was jealous.

So now that he knew that Gong Tianhao was about to wake up, he was a little lost and helpless. He did not know how to face him.

“Xiao Tong, what’s wrong?” Mother Xiao noticed her grandson’s abnormality.

This made Mother Xiao very surprised.

Although Xiao Tong was smart and sensible, he was very innocent. He rarely had such a complicated expression!

Xiao Letong shook his head and quickly hid his complicated expression. He revealed an innocent smile and said, “Grandma, I’ll remember everything you said! I promise you that I won’t find a random man to marry my Mommy.”

And then...

Mother Xiao was waiting for Xiao Tong to continue, but he didn’t.

Mother Xiao waited for a while and couldn’t help but ask, “That’s it?”

He wouldn’t find a random man to be his mother’s new husband, but he’d continue the search? Why was this child so persistent about this?

Mother Xiao rubbed her forehead. Her expression was very complicated, and at the same time, she had a headache.

Then, she carefully persuaded him, “Xiao Tong, my good grandson, don’t you think it’s better to have your biological father be your father? Many stepfathers don’t treat their stepchildren well. If you find one who mistreats you, then wouldn’t it be bad for you? On the contrary, your biological father must love you very much. When you were just born, he had done everything for you personally, including preparing milk powder and changing diapers. Isn’t this kind of Father great?”

Xiao Letong pursed his lips and said, “But grandma, even if my father wakes up, will he still remember my mother? After all, he was in a vegetative state for two years.”

“...” Mother Xiao said, “Your father will definitely remember our Xiao Tong. After all, our Xiao Tong is his most beloved baby son. And your Mom is his most beloved wife. He will not forget you two!” After all, he was willing to sacrifice his life to protect her.

Xiao Letong thought for a moment and said, “Grandma, if my biological father wakes up and forgets me, Mom, and all of us, can I find a new man for mom to marry?”

Mother Xiao, “...” after talking for so long, he’s still on that?!

Chapter 650: Gong Tianhao Loses His Memory

In the ward, Gong Tianhao’s fingers moved again!

At this moment, someone shouted excitedly, “Boss, Gong Tianhao, boss, Gong Tianhao...” He just kept shouting.

Gong Tianhao felt extremely frustrated. Who was this person who kept nagging beside him? How annoying! He really wanted to see who it was. Did he want to die?

Gong Tianhao’s closed eyelids twitched slightly. Situ Xing was watching from the side. His heart was about to jump out of his throat.

If he could, he really wanted to peel open his boss’ eyelids. But he didn’t dare! If his boss wanted to settle the score later, he’d be in so much trouble!

“Boss, you have slept for two years. You can’t continue sleeping! If you continue sleeping, you will lose your son and wife!” Situ Xing kept provoking Gong Tianhao!

Gong Tianhao was trying his best to open his eyes, but he felt so tired. ‘Perhaps I should rest for a while.’ But at that moment, he heard the shocking news. ‘I have a wife and son?!’

“OI Seven, what are you talking about? When did I get a wife and child?” Gong Tianhao said in a hoarse voice! Then, Gong Tianhao realized how hard it was for him to speak, and his voice was extremely unpleasant.

At the same time, he looked around and realized that there were many devices inside the white-walled room. Some of the tubes were connected to his body. His arms were filled with needles. Gong Tianhao looked at Situ Xing and asked, “OI Seven, what’s going on?”

Situ Xing’s happy face froze. ‘No way, it’s as sister-in-law predicted? Did boss really lose his memory?’

‘But if that’s true... How is it that Boss remembers me?’

Gong Tianhao saw Situ Xing’s strange expression and asked, “OI Seven, I’m asking you a question.”

Situ Xing reacted and asked, “Boss, do you really not remember why you were lying in the hospital?”

Gong Tianhao thought for a moment and shook his head gently, “I don’t!” Gong Tianhao suddenly thought of something and asked with a slightly serious expression, “I say, OI Seven, you’re getting bolder and bolder. How dare you sneak a wife and son in for your boss?”

Situ Xing was instantly dumbfounded. He asked in disbelief, "Boss, do you really not remember your wife and son? Not even the car accident?"

Gong Tianhao furrowed his brows tightly and asked, "What are you talking about? You said that I was lying here because of the car accident?" Speaking up to this point, Gong Tianhao said very seriously, "Oh Seven..." He wanted to warn Situ Xing from saying that he had a wife and son again.

However, Situ Xing seemed immediately interrupted him and asked very seriously, "Boss, do you still remember what year is it now?"

Since his Boss remembered him but not his wife and son, it meant that his amnesia was selective!

Gong Tianhao frowned and said, "Of course, it's July 2008 now. What's wrong?"

Situ Xing took a deep breath and said, "Boss, you just woke up. It's not suitable for you to talk too much. I'll check your body first. You need to rest!"

After saying that, Situ Xing left the ward. Outside the corridor, Situ Xing made a call. When the other party picked up, he said very seriously, "Old Master, Tianhao has woken up! But another piece of bad news is that Tianhao has lost his memory. His memory is stuck at the time right before he met sister-in-law!"

The Old Master was silent!
