

### Chapter 751: New Contract

Xiao Lingyu looked at the red rope that had suddenly floated into her hand in bafflement.

At this moment, Xiao Ling skipped over. His beautiful round eyes stared at the red rope in Xiao Lingyu's hand, and he said happily, "Mommy, quick, use this red rope to tie around the jade pendant!"

"..." Xiao Lingyu looked at Xiao Ling in confusion and asked, "Red rope? Is there anything special about this red rope? No, why did this red rope suddenly fly into my hand?"

Xiao Lingyu looked around. She was in her own room, and there was no wind. How did this red rope fly over? Actually, where did the red rope even come from?

Xiao Ling didn't answer but urged, "Mommy, quickly tie this red rope to your jade pendant!"

Xiao Lingyu looked very suspicious and asked, "Ling 'Er, tell me. What's with this red rope?" Her intuition told her that this red rope was definitely not ordinary. Otherwise, Xiao Ling would not be so anxious.

Xiao Ling's expression froze, and then he said honestly, "Mommy, this red rope is the immortal tool that Leng Piaoxue gets her invisibility from!"

"Huh?!" Xiao Ling Yu was very surprised. "This red rope is Leng Piaoxue's immortal relic?! Then, why is it here?"

Xiao Ling thought for a moment and said, "Master, actually, Little Red..."

Xiao Lingyu raised his eyebrows. "Little Red?" She glanced at the red rope in her hand.

"Yes, the red rope is Little Red," Xiao Ling said truthfully, "Little Red is my companion. The immortal child who created me grabbed Little Red from Yue Lao. Then, he tied the red rope around the jade pendant. Over time, we became one."

Xiao Lingyu understood a little after hearing that.

A red rope and jade pendant was a pair of jewelry in the eyes of modern people.

Xiao Lingyu asked with some doubt, "Then how did Little Red end up with Leng Piaoxue?"

Xiao Ling answered, "Like Master and me, Little Red is very compatible with Leng Piaoxue."

Xiao Lingyu nodded and said, "Okay. But if that's the case, why is Little Red here now?"

Xiao Ling said, "Master, Little Red approached Leng Piaoxue because he wanted to find me. When we were in Beijing, we formed a connection, so he left Leng Piaoxue and came to find me. However, master and I already have a contract. You are my master. If Little Red and I want to reunite, Little Red has to sign a contract with master too. Then, Little Red and I will be truly reunited!"

Xiao Lingyu frowned and asked, "How do I sign a contract with Little Red? Do we need to use blood again?"

Xiao Ling shook his head and said, "That's not necessary!"

“No?” Xiao Lingyu did not quite understand. “I remember that when I signed the contract with you, you had absorbed my blood, right?”

Xiao Ling explained, “Master, Mommy, Little Red and I are one and the same. Since I’m in a contract with you, he is in a contract with you too. However, we’re not united yet. Once we’re united, he’ll be bound by the same contract we have.”

“Hmm. How can I unite you two?” Xiao Lingyu asked with some confusion.

Xiao Ling said, “You just need to tie us together! Mommy, when you’re done, enter the farming space!”

After that, Xiao Ling disappeared.

Xiao Lingyu touched the jade pendant on his neck, then took it off and replaced the original rope with Little Red.

When Xiao Lingyu tied Little Red to Xiao Ling, she immediately felt the change in the jade pendant. From the outside, the jade looked even more crystal clear.

However, what made her even more surprised was the change in the farming space.

### **Chapter 752: Changes in the Farming Space**

When Gong Tianhao was brought into the farming space by Xiao Lingyu, he was extremely surprised to see the changes in the space.

He asked in surprise, “Yu ‘Er, what... What’s going on?”

This space had expanded into a world. There were mountains, rivers, flowers, and trees...

But he remembered that Xiao Lingyu’s space was only a few pieces of land and a small stream.

Xiao Lingyu said, “Tianhao, do you know what the immortal item that Leng Piao xue has is?”

Gong Tianhao was a little puzzled, “Leng Piao xue’s immortal item? What does this have to do with Leng Piao xue?”

“It has a lot to do with it!” Xiao Lingyu said, “So the immortal item that Leng Piao xue has is a red rope from Yue Lao. And this red rope was supposed to be tied to my jade pendant!”

When Gong Tianhao heard this, he asked in surprise, “Yu ‘Er, what exactly is going on?”

Xiao Lingyu explained, “We thought that two immortal items appeared in this world, but after Xiao Ling explained everything, there was only one immortal relic. It’s just that when they fell into this world, they separated.”

Gong Tianhao finally understood, “So, the jade pendant was picked up by you, while Leng Piao xue picked up the red rope.”

“That’s not accurate. It’s more like we were chosen by the relics.”

Gong Tianhao was a little confused. “Then, if Leng Piao xue has the red rope, why is it here now? Does it mean she is here?”

“Actually, Little Red...”

“Little Red?” Gong Tianhao raised his eyebrows and glanced at the red rope on Xiao Lingyu’s neck.

Xiao Lingyu smiled and said, “Yes, Xiao Ling calls him Little Red.”

“Oh, the name is quite suitable.” Gong Tianhao nodded and said.

“...” Xiao Lingyu continued, “Little Red picked Leng Piao xue so that he could find Xiao Ling. However, he didn’t expect Leng Piao xue to be so crazy. She has almost gone insane because of love.”

“Love?” Gong Tianhao narrowed his eyes in confusion.

Xiao Lingyu nodded, “Yes, the person Leng Piao xue likes is Jiang Tao. But Jiang Tao... Leng Piao xue thinks that only by getting rid of me, can she occupy a position in Jiang Tao’s heart. Through Little Red, Xiao Ling knew that Leng Piao xue had lost her mind. She is not acting like a normal person anymore.

“However, Little Red has signed a master-servant contract with Leng Piao xue. Little Red couldn’t stop Leng Piao xue from doing bad things. In fact, he had to help her because she was his master.”

Gong Tianhao nodded. “What about the last time she killed Bai Shanshan?”

Xiao Lingyu said, “It was Little Red who deliberately didn’t tell her about the backlash. He wanted Leng Piao xue to be taught a lesson and punished. However, he suffered from the backlash too. He had to hibernate for a long time to recover.”

Gong Tianhao nodded his head and praised, “Little Red is... quite clever. Fortunately, he knows the concept of right and wrong. Otherwise, with Leng Piao xue as his master, things could have gone a lot worse.”

Xiao Lingyu nodded, “Yes, you are right. Leng Piao xue had the aid of an immortal relic, but instead of helping others, she tried to harm humanity. It’s her punishment that she has lost Little Red.”

Gong Tianhao nodded in agreement.

Xiao Lingyu continued, “After Leng Piao xue killed Bai Shanshan, she suffered a severe backlash. Her appearance was ruined, and Little Red fell into a deep sleep. Little Red’s aura was exposed due to his injury, and that was how Xiao Ling managed to find him. He woke Little Red up and returned with him.”

After Gong Tianhao heard this, he smiled and said, “It seems like this is fate!” Before this, they had always suspected that Leng Piao xue was reborn and she had a valuable immortal relic. They would have to sacrifice a lot to deal with her.

However, before they even started to prepare for that, Leng Piao xue went against the Heavenly Dao and lost her immortal relic to her biggest rival. Gong Tianhao said happily, “This means that Leng Piao xue can’t use the invisibility spell anymore. She is not going to pose a threat.” She had lost her trump card.

Little Red had been with Leng Piao xue for a few years. He must be very familiar with Leng Piao xue.

Xiao Lingyu was also happy that Leng Piao xue couldn't use the invisibility spell to threaten her any more.

At the same time, Xiao Lingyu felt sorry for herself.

It was not her choice for Jiang Tao to like her. Why would Leng Piao xue target her for it? That woman was really cuckoo. No wonder even a red rope thought she was crazy. Anyone would think she was crazy.

Xiao Lingyu shook her head and asked with a smile, "Tianhao, do we still have to ask Jiang Tao to invite Leng Piao xue out?"

Gong Tianhao sneered and said, "We already know her purpose. There's no need to see her and confirm it. But I'll inform Tao Zi to be on guard against Leng Piao xue. A person who would do anything for love is truly terrifying. Plus, Leng Piao xue is not worthy of Tao Zi."

Love blossomed on mutual understanding and freedom.

Jiang Tao liked Xiao Lingyu, but after he found out that her heart was not with him, he chose to let go and silently protect her.

Gong Tianhao knew his brother very well, so even though he knew that Jiang Tao liked Xiao Lingyu very much, they would still be brothers and friends. This was because Jiang Tao was a very principled person, and Gong Tianhao trusted his brother. Similarly, he also trusted his wife.

Of course, Gong Tianhao would still be jealous occasionally.

Xiao Lingyu did not comment on Leng Piao xue's character.

However, Leng Piao xue was unscrupulous and ruthless for love. A woman who could not differentiate right from wrong was not worthy of Jiang Tao.

Xiao Lingyu said hesitantly, "Leng Piao xue's face is disfigured now. However, during the years she had Little Red, she nurtured and developed a group of her own forces. This force is even stronger than the Leng family.

"Even without the red rope, she is quite powerful. Will she harm Jiang Tao when she spirals out of control? Since she can't have him, no one can have him kind of deal? Furthermore, we can't forget that she came from the future. She knows many future big events. She can literally change the future by doing certain things."

That might sound like an exaggeration, but Leng Piao xue was the young miss of the Leng Family, and she had her own powerful force. The fact that she returned from the future meant that she was privy to many secrets. She could have directed the future by planning ahead.

Gong Tianhao frowned and said, "Yes, that is worrying." He paused for a moment before consoling her, "However, Yu 'Er, don't worry too much. I've sent people to keep an eye on Leng Piao xue. She can't turn invisible now. As long as she appears, her movements will be captured. We will definitely take precautions."

Xiao Lingyu nodded and said, "Yes, that's good. Since she has lost Little Red, she can't make a move without detection anymore."

Gong Tianhao tapped Xiao Lingyu's nose and said with a smile, "Silly, Leng Piaoxue's biggest weakness right now is Tao Zi. As long as she and Tao Zi are still engaged, she wouldn't act so quickly."

Xiao Lingyu nodded and said, "That's true."

Gong Tianhao looked at the enlarged river and asked with a smile, "Yu 'Er, where's Ling 'Er?"

"Daddy, I'm here!" At this moment, Xiao Ling suddenly jumped out of the spring water.

Gong Tianhao was shocked when he saw Xiao Ling's appearance. He looked at Xiao Ling in shock, "You... You're Ling 'Er?"

Xiao Ling nodded in confusion, "That's right, Daddy, I'm Xiao Ling!"

"Are you really Xiao Ling?" Gong Tianhao asked in surprise, "But aren't you three years old? But you look like you're 15 or 16 years old now!"

Xiao Lingyu was also shocked and asked in surprise, "Xiao Ling, you... how did you grow so big?"

Xiao Ling looked at his long arms and legs and was stunned at first. Then, he said happily, "Ah, master, I've grown up. I've finally grown up."

With that, he jumped up and hugged Xiao Lingyu's shoulder.

Gong Tianhao immediately blocked Xiao Ling.

Xiao Ling was stunned and shouted, "Daddy?!"

Gong Tianhao stroked the young man's hair. He laughed and said, "Do you think you're still a three-year-old child? You're already so old now. How can you hug my wife so freely?"

Xiao Ling's face couldn't help but turn red as he muttered softly, "Even if I'm a thousand years old, Master is still my master. What's wrong with me hugging master?"

However, Xiao Ling knew that her male master was a jealous person. He knew that he could forget about hugging Xiao Lingyu when the male master was around. He sighed.

Xiao Lingyu walked over from behind Gong Tianhao and nudged him slightly. She said in amusement, "Don't scare Ling 'Er. Ling 'Er, how did you become so big all of a sudden? Oh, and what about Little Red?"

Xiao Ling said, "Master, Little Red and I have reunited. We recombined, and the farming space became bigger. The bigger the space, the bigger I will become. As for Little Red, he is still sleeping due to the backlash and is recuperating in the Spirit River."

Xiao Lingyu nodded and said, "Okay."

### **Chapter 753: The Increasingly Crazy Leng Piaoxue**

“Scram, scram, all of you scram!” Leng Piao xue, who was in the room, shouted angrily at her subordinates, “Useless! You can’t even find a red rope!”

A bodyguard dressed in black frowned and asked, “Miss, what does that red rope look like? Is there anything special about it?” He had the same doubts as everyone else. It was just a red rope. If it was lost, the eldest miss could just get another one. Was there a need to be so angry?

They felt that their young miss’ temper had been getting worse recently. She was so irritable that she had completely reached the state where she would go crazy at any moment.

Leng Piao xue shouted angrily, “The red rope can’t be cut with a knife!” The red rope was an immortal. Ordinary knives couldn’t break it.

“A red rope that can’t be cut?” The subordinate was dumbfounded. ‘A red rope that can’t be cut with a knife? Is it made of steel? Even if it’s made of steel, you can still cut through it slowly.’

“What are you standing here for? That red rope can’t be cut with a knife. It can’t be burned with fire. Go and find it for me!” Leng Piao xue roared hysterically.

“Yes, miss!” Sensing her temper exploding, the subordinate immediately agreed.

After the group of people walked out, a person asked the leading bodyguard in a low voice, “Boss, did you notice that the eldest miss is in a very strange state now? In the past, the eldest miss was calm and steady. But now, the eldest miss is... She’s like a shrew!”

The leading bodyguard immediately shouted sternly, “Shut up! Do you know what you’re talking about? Do you still want your life?”

This person immediately said, “I’m sorry, Boss.” But then he added, “But boss, do you really think that there’s a red rope that can’t be cut by a knife and can’t be burned by fire? Is the young miss...” crazy or hallucinating.

In short, he felt that the miss was becoming more and more abnormal.

Before the head bodyguard could respond, another person immediately said, “I remember that miss used to wear a red rope around her wrist. Is that the red rope that’s missing?”

“That’s very likely to be the one. But miss hasn’t gone out. How could that red rope suddenly disappear? And why would it make young miss so nervous and furious?” Another person said in puzzlement.

“Enough, stop talking. Go and work!” The head bodyguard ordered.

“But boss, where can we find such a red rope?” The subordinate asked, “Can’t we find a random red rope to replace it?”

“It’ll be seen through immediately. After all, the young miss said that the red rope can’t be cut or burned!”

The others, “...” Does such a red rope even exist?

The bodyguards and servants almost turned the entire villa upside down. The red rope was still not found.

After Leng Piao xue heard the report, the bad premonition in her heart grew stronger and stronger.

'The immortal... he couldn't have left, right? If he did, what should I do?'

Leng Piao xue was already used to relying on the immortal to do things. Without him, there were many things that she couldn't do.

Leng Piao xue could see that her future wouldn't be good!

#### **Chapter 754: Preparing to Open a Shop in the Capital**

Since the threat had been removed, Xiao Lingyu and Gong Tianhao stopped caring about Leng Piao xue.

After Xiao Lingyu and Gong Tianhao returned to the capital, they had been inseparable all day long. They were exceptionally in love. It was simply shocking to all the people in the capital.

Whether it was men or women, they were all envious of the couple.

Men were envious that Gong Tianhao could marry a woman who was as beautiful as a fairy.

As for women, they were jealous and resentful that Xiao Lingyu could marry Gong Tianhao. How could a country woman be worthy of Gong Tianhao? Then again, no woman was truly worthy of Gong Tianhao, much less this country woman!

However, no matter how envious and jealous these people were, Xiao Lingyu and Gong Tianhao did not care. As long as the people didn't provoke them, they would just pretend the others didn't exist.

One day, Li Yuanhang told Xiao Lingyu that he had found the location of the shop in the capital. Then, Li Yuanhang brought Xiao Lingyu to look at the location while Gong Tianhao returned to work. Recently, he had been spending too much time with his family. However, the two of them each had their own thing to do.

Li Yuanhang brought Xiao Lingyu to a place and said with a smile, "Madam, this is the place." After getting out of the car, Li Yuanhang pointed at a big shop in front of them, "We're at the center of the capital. This place is close to the residence of the rich and powerful. There's also an underground parking lot. It's very suitable to open your supermarket! Come, let's go in and take a look!"

Xiao Lingyu followed Li Yuanhang into the shop.

The shop was now empty. Apart from the four walls, there were also a few load-bearing pillars. If they wanted to open a shop, they would have to redesign and renovate it.

Xiao Lingyu asked with a smile, "This place should be the prime location of the business center, so why hasn't it been rented out yet? Plus, the rent should be quite expensive, right?"

Li Yuanhang said, "To be honest, the entire street from the West Alley to the East Alley belongs to the Imperial Palace Group. Boss said that this shop will be given to Madam for free."

"The whole street belongs to Imperial Place?! How many shops are there?" Xiao Lingyu said with a smile, "Plus, such a free shop is given away for free just like that? I'm jealous."

“...” Li Yuanhang said speechlessly, “Madam, are you trying to anger people? If you’re jealous, you can only be jealous of your husband. Besides, your husband’s things are your things.”

Xiao Lingyu chuckled. “You’re right. I don’t need to be jealous of anyone.”

Li Yuanhang laughed and said, “Alright, stop showing off. If not, I’m going to be jealous. Let’s go inside to take a look!” Then, Li Yuanhang continued, “The first floor of this shop is more than 1,000 square meters. The first, second, third, and fourth floors are your business area. The fourth floor can be the office. From the fifth floor and above, it can be rented to other enterprises.”

Xiao Lingyu thought for a moment and said, “3,000 to 4,000 square meters is a bit big.” Her other supermarkets were mostly 1,500 to 2,000 square meters. This was double those sizes. “This will be a waste of resources. I only need two floors.” Xiao Lingyu said.

Li Yuanhang shook his head and said, “No, Madam. This is the capital. You’re going the high-end route, so you must have good decoration. It has to impress the customers. The shop looks big now. After the decoration, the area will probably shrink a lot. Also, we have to come up with new packaging. It has to be of high quality!”

Unexpectedly, Xiao Lingyu shook her head and said, “No, we’re not changing any decoration or packing. Nothing will change simply because we’re in the capital.

“What I’m selling is the taste of my products and not the packaging. Complicated packaging might even affect the quality of the product. I’m not going to rely on flashy packaging.

“My principle is that the freshness and quality of the products will speak for themselves. If the customers want to buy them, good; if not, I’m not going to force them.”

Li Yuanhang was silent for a moment. He did not know what to say.

He had followed Gong Tianhao through the business world for so many years. Most companies would come up with all kinds of flashy promotions to attract customers. Of course, there were some exceptions. For example, Gong Tianhao was one of them. He only wanted to make sure that the things he sold were of good quality. He didn’t need to smoke and mirror to confuse the consumers.

Li Yuanhang couldn’t help but exclaim in surprise. ‘They are indeed husband and wife. Even their business senses are similar.’

Li Yuanhang said with a smile, “Boss Xiao, you and boss are indeed husband and wife. Even your thinking is so similar!”

Xiao Lingyu also said with a smile, “Is that so? Well, Tianhao and I are husband and wife, after all.”

“Of course,” Li Yuanhang was speechless. He said helplessly, “You two really need to stop spreading dogfood in front of me.”

Xiao Lingyu said, “Then why don’t you hurry up and find one? You can start spreading dogfood too. Speaking of which, there are a few very beautiful girls in our company. They are also highly educated. Do you want me to introduce them to you?”

“...” Li Yuanhang immediately waved his hand and refused, “No, please. If I really want to find a girlfriend, Imperial Palace is full of beautiful and highly educated girls too. I don’t need to look for them in your company!”

Xiao Lingyu raised her eyebrows and said with a smile, “These things are hard to say. Maybe your romance is at my company? Perhaps, I should go around and find if there’s anyone who might be suitable for you.”

Li Yuanhang was the same age as Gong Tianhao, 32 years old. Gong Tianhao was already married and had a child. But Li Yuanhang was still single.

“Thank you, but it’s fine.” Li Yuanhang still refused. “I feel that it’s more carefree and relaxed living my life as a single man.”

Xiao Lingyu rolled her eyes and asked with a smile, “To be honest, assistant Li, let me ask you this. At your age, haven’t your parents urged you to get married?”

Li Yuanhang said somewhat helplessly, “How can they not? These days, my mom keeps bringing young women home to surprise me with blind dates. It’s making me afraid to go home.”

“Haha...” Xiao Lingyu laughed, “It’s really hard to imagine that. It seems that you should hurry up and find a girlfriend to settle down with so that your parents wouldn’t need to worry about you anymore.”

Li Yuanhang suddenly said very seriously, “If I want to find a girlfriend, I definitely have to find someone I like, and not because I need to please my parents. After all, that’s the person I’m going to live with for the rest of my life.”

Xiao Lingyu nodded in agreement, “Yes, you’re right. So when fate comes, you shouldn’t run away from it. Otherwise, you’ll miss out on a lifetime of happiness.”

Li Yuanhang nodded, “Of course. Alright, stop talking about my relationships. We still need to go upstairs and take a look. Do you have any other ideas for the shop? We can relay them to the renovation people.”

Xiao Lingyu shook her head and said, “Let’s go upstairs and take a look first.”

In fact, the structure of the upstairs floors was the same as the downstairs.

When they reached the fourth floor, Li Yuanhang asked, “The fourth floor will be your office. What style do you want, or what kind of needs do you have? I can find a good designer.”

Xiao Lingyu said, “The renovation design of the supermarket will follow the model of other chain stores. After all, this is also one of the chain stores. However, in terms of local culture, I’ll have to rely on you, Assistant Li. After all, you’ll know that better than me. As for the office, just use a normal design.”

Li Yuanhang nodded and said, “Okay, that’s no problem. Leave it to me. In these few days, I’ll find a designer and renovate it. I estimate that it’ll be done in five or six days!”

Xiao Lingyu said in surprise, “Five or six days? Isn’t that too fast?” It was such a big area.

Li Yuanhang said with a smile, "Imperial Palace has a specialized renovation company. The renovation will be done quickly!" Speaking up to this point, Li Yuanhang looked around and then said, "There's less than a month left before the new year. We'd better finish the shop before the New Year and then open for business."

Xiao Lingyu nodded and said, "Yes, you're right! Then, assistant Li, I'll leave everything to You!"

Li Yuanhang smiled helplessly and said, "You and your husband are really similar. Anyway, I'm also just doing all the talking. The real jobs will be handled by others."

Xiao Lingyu, "..."

After Xiao Lingyu and Li Yuanhang left, some of the reporters immediately called their bosses as if they had received an important piece of news.

"Chief editor, I've received news..."

"Manager Zhang, I've received news..."

The next day, the headline of the Beijing News Express was: Taoyuan Village Green Fresh Supermarket is coming to the capital!

After Xiao Lingyu returned to the Gong Family, her identity was exposed. Therefore, people knew that she was actually the boss of Taoyuan Village Green Fresh Group even though she was just a country woman.

Now that Xiao Lingyu had returned to the capital with Gong Tianhao, it was certain that the Taoyuan Village Green Fresh would open a chain store in the capital.

However, for many rich and powerful people, this was good news. In the future, they didn't need to send people to buy vegetables from another city anymore.

In the past, whenever they were low on stock, the kids at home wouldn't eat anything. This caused many worries. Now that a chain was opening in the capital, it would make grocery shopping a lot more convenient.

When many socialites learned that Gong Tianhao's wife, Xiao Lingyu, was a woman who grew vegetables in the countryside, they scoffed at her. Later, when they learned that Xiao Lingyu was the boss of Green Fresh, the socialites' expression was ugly and angry.

They ate the vegetables and fruits from Green Fresh every day, but the stuff was actually grown by their love rival. This feeling was really infuriating and shameful.

However, these women understood that Green Fresh's vegetables and fruits could help with sleep and make one's skin more supple. The food was delicious, and no matter how much they ate, they didn't have to worry about gaining weight. Naturally, the fresh fruits and vegetables of Green Fresh became a favorite among these socialites. Not only would they not gain weight after eating them, but they would also be able to maintain their beauty. They were even more effective than those high-end cosmetics.

Now, even though they knew that it was the work of their love rivals, they still couldn't control themselves from eating it.

“Taoyuan Village’s Green Fresh Supermarket has arrived in Beijing and has become the 45th chain store in the country!” Someone was surprised when he saw this news.

“The 45th supermarket? I heard that their stuff sells very well. Why is it only the 45th chain?” Someone asked in confusion.

“I heard that the company boss has the policy that she’d only open a maximum of two supermarkets in one city. Most of them will only have one store. Only big cities like Shanghai will have two chains!”

“But aren’t two chains too little for a big city like Shanghai?”

“I don’t know about that. I only know that their things are basically sold out every morning.”

“But why would they only now open a chain in the capital?”

“You’re really stupid! Do you think one can open a store in the capital that easily? A supermarket with a business as good as Green Fresh would be taken down if they tried to venture into the capital. However, now that it is revealed that the boss is the young madam of the Gong Family, no one will dare to do anything anymore.”

### **Chapter 755: Opening Soon!**

Just as Li Yuanhang had planned, the renovation was completed in five days.

The materials used for the renovation were the best environmental-friendly raw materials.

After four to five days of ventilation, the shop would be ready for opening.

The capital was close to 2,000 kilometers away from Taoyuan Village. If they used trucks, the transportation would take about two days. That was too long.

Xiao Lingyu directly chose air transport. Gong Tianhao had a few helicopters in his hands. Although the cost was higher, Xiao Lingyu still chose to transport the product by air every day.

Of course, Xiao Lingyu would have to adjust her price. She would definitely not do business at a loss. Moreover, her products were high-end. They were the expensive kind.

The capital city was a place where all the important people resided. They didn’t care about the price. They only cared about the quality.

In terms of sales price, the prices of the stock at each supermarkets in every city were different. Stock at supermarkets with high operating costs would naturally be more expensive.

Of course, this was mostly only a concern for Xiao Lingyu. To most customers, the things that Xiao Lingyu sold were not expensive.

When they heard that Xiao Lingyu had decided to open a chain the capital, Old Master Leng and Li came early to greet her.

“Lingyu, I can reserve a portion of your things every day, right?” Old Master Li asked with a smile.

Old Master Leng didn’t want to be left behind and said, “Lingyu, I also want to reserve some of your things first.”

Xiao Lingyu, "..."

Old Master Gong said unhappily, "Shoo, shoo. What do you think you're doing? Do you think this is some wet market, and you can reserve stuff as you like? Let me tell you, my Yu 'Er has always followed the principle of first-come, first-served. There is no reservation! Do you want my Yu 'Er to make a special exception for you? Then, how will she explain this to the other customers?"

Old Master Leng and Old Master Li, "..."

Old Master Li also snorted coldly at this moment, "Hmph, Ol Gong, since this will put Lingyu in a difficult position, then in the future, we'll go directly to the Gong Family to pick up the goods. Ol Gong, with our family's friendship, you can't be so stingy, right?"

Old Man Gong, "... These two fellows were really shameless.

Old Master Gong sneered, "You guys are really thick-skinned. You're actually thinking about stealing directly from my home."

Old Master Gong smiled. "Ol Gong, how can you say that? We are not stealing. We're going to buy them from you. Ol Leng, isn't that right?"

"Yes, yes!" Old Master Leng nodded in agreement, "Alright, Ol Gong, don't be so stingy. We'll just take some stuff from your house. It's not like we're not paying. You said it yourself. Since we can't make reservation, then it's best for us to take the stuff directly from your house."

Old Master Gong was so angry that he was about to burst out in laughter. "You old geezers are really shameless. You're clearly taking advantage of Yu 'Er!"

"Ol Gong, how are we doing that?" Old Master Li said with a smile. "We're doing business normally. Lingyu, don't you think so?"

Xiao Lingyu felt that the bickering between the three old masters was quite interesting.

Xiao Lingyu nodded, "Alright, since Grandpa Li and Grandpa Leng like my product so much, I'll send the extra portion to the Gong Family daily. In the future, you can just send someone over to pick up the things."

Old Master Li and Old Master Leng nodded in satisfaction and said, "Lingyu is so sensible!" Then, they turned to Old Master Gong, "Ol Gong, your granddaughter-in-law has already agreed. You should have nothing to say now, right?"

Old Master Gong's face darkened as he snorted coldly and continued, "Since my Yu 'Er has agreed to it, I have nothing to say. However, the price you guys are offering must not be less than the price at the supermarket. Is that right?"

"Of course!" Old Master Li took the initiative to express his stance. "We have already taken advantage of the convenience, so of course we'll pay the price!" In the future, they wouldn't have to send people to line up every day at the supermarket. Even though the price was a little higher, it would save them a lot of trouble. They wouldn't have to worry about not being able to eat these wonderful things in the future.

Old Master Gong nodded in satisfaction and said to Xiao Lingyu, “Yu ‘Er, in the future, we’ll double the price of the things we sell to their family every day. Consider it our service fee!”

Old Masters Leng and Li, “...”

Xiao Lingyu, “...”

Old Master Li didn’t take issue with this. After all, they would exchange the higher price for a lot more convenience. Old Master Li nodded and said, “That’s not a problem. However, I want at least 200 catties of food every day.”

Old Master Gong was a little speechless as he said, “Can your family finish eating 200 catties of food every day?”

Old master Li immediately retorted, “My family has so many people, why can’t we finish them? So, don’t you need to worry about that!”

Old Master Leng added, “I also need two hundred catties!”

Old Master Gong, “...” he suddenly felt a little stifled.

‘Are they showing off that they have a big family? Soon, my Gong family will also have a lot of people. I’m sure the brat and Yu ‘Er will have more children.’

The news of Old Master Leng and Old Master Li booking the food of Green Fresh reached the news of many other families. They came to the Gong Family. They also wanted to book the food in advance!

One couldn’t blame them for elevating a small matter like buying vegetables to a big one. This was because everyone in the upper class knew that the food produced by Taoyuan Village was definitely not ordinary. Just take peanut oil for an example.

This peanut oil went from 200 RMB per catty in the beginning to 50,000 RMB per catty in the end. Even so, it was hard to get them.

The dishes cooked by this peanut oil were fragrant and fresh. They could make everyone gain an enormous appetite.

People who had eaten peanut oil for a long time also discovered that their spirit and body were getting better and better.

When Taoyuan Village Green Fresh supermarket appeared on the scene, it quickly became an internet celebrity. Many heard of the miraculous effect of their goods, so many people went to buy them with the mentality of trying them out. But they were quickly hooked. This was no exception for the people in the capital. After they had the food from Green Fresh, they lost interest in imported goods. Compared to the things at Green Fresh, the imported goods were pricier and didn’t even have that good of an effect.

When Green Fresh didn’t have a chain the capital, the rich families would send people to source the vegetables and fruits from other cities. They couldn’t do this long-term, but it was better than nothing.

Now, Taoyuan Village Green Fresh was opening a chain in the capital. Of course, they wouldn’t give up this chance. The families who frequented the supermarket knew that the supermarket had its own rules.

Regardless of the size of the supermarket, the daily supply was between 20,000 to 30,000 catties. There was no booking or reservation. It was a first-come, first-served method.

The market was too big for the supply. Therefore, when the other families heard that the Leng family and the Li family had gone to the Gong family to make reservations, they naturally wanted to follow suit.

If they did that, they would get the fresh fruits and vegetables daily and they would also get the chance to befriend the Gong Family. Why wouldn't they do that?

But, Old Master Gong rejected all of them on behalf of Xiao Lingyu.

Old Master Gong said conclusively, "If you want the fruits and vegetables, go and queue up. Stop coming to disturb my Yu 'Er."

Old Master Gong handled all the rejections. Xiao Lingyu didn't want to offend anyone. Of course, she was not afraid. After all, she had her husband and the Gong family supporting her. But she had been busy with the opening of the new supermarket. She was aware of the arrival of some of the families at the Gong Family. However, since Old Master Gong didn't involve her, she pretended not to hear anything.

Xiao Lingyu calculated the supply of supermarkets in the capital and other places, and her brows furrowed slightly.

Gong Tianhao walked behind her and massaged her shoulders. He asked curiously, "What's wrong? Is there a problem?"

Xiao Lingyu did not hide anything, "If we open a few more supermarkets, I'm afraid the supply won't be enough. Right now, the average supply of each store is 25,000 catties. Right now, there are a total of 45 supermarkets, and the daily supply exceeds a million catties. Although I've rented most of the farmland in Taoyuan Village, these lands are limited. Right now, the supply is barely enough. If we open two more supermarkets, the supply will become a big problem."

Gong Tianhao frowned and asked, "Can't we increase the supply?"

Xiao Lingyu shook her head and said, "I've been thinking about this problem too. I am using the excuse of the Little Cattle King now. But Little Light is just one cattle. I can't keep using him as an excuse."

Gong Tianhao thought for a while and said, "Can't we contract the land in the neighboring village?"

"I'm also thinking about this that!" Xiao Lingyu said, "My dream is to have my supermarket in every part of the country. However, if I am to do that, the cost will increase exponentially. For example, the goods in the capital supermarket need to be transported by air. If we don't have our own helicopters, the profit wouldn't be enough to cover the cost of air transportation."

"So, what you mean is..." Gong Tianhao guessed Xiao Lingyu's plan at once. "You want to contract a piece of land in every part of the country?"

Xiao Lingyu laughed and said, "Isn't that too crazy?"

Gong Tianhao shook his head and said, "No, it's not crazy at all! Just take Xing Yin County for example. A few years ago, Xing Yin County was a poor county, but the demand now far exceeds our imagination. If

you have your supermarket in every county, it wouldn't be crazy to have a piece of farmland in every corner of the country."

Xiao Lingyu nodded and said, "That's true." Then, she thought of something and said with a smile, "If this goes on, I'm afraid I'll end up supplying the whole country with my vegetables."

Gong Tianhao smiled and pointed at the tip of her nose and said, "Why not?"

Following that, Xiao Lingyu smiled and said, "That won't do. Xing Yin County is a special place in my heart. I don't plan to set up shop in other counties. Even if I wish to open up shop in other counties, I have to be picky."

Gong Tianhao agreed and said, "Yes. The things my wife sells are high-end high-quality goods. Besides, if there are too many supermarkets and the goods get too common, they will not be special anymore." Then, Gong Tianhao gave a suggestion. He said, "Yu 'Er, we can contract a few more pieces of land by region."

"By region?" Xiao Lingyu looked a little confused.

Gong Tianhao took out the map of China and explained, "China is split into seven regions. We only need to find the center of each region and contract the farmlands there. Using these centers as the production bases, we can greatly reduce the transportation prices."

Xiao Lingyu's eyes lit up when she heard this. Then, she said, "That's right, it can be done this way!"

However, her little face immediately fell.

Gong Tianhao frowned and stroked her hair with his big hand. He asked in puzzlement, "What's wrong? You suddenly frowned. You've become a little old lady."

Xiao Lingyu thought for a moment and said, "Tianhao, you also know that the reason my vegetables are so special is because of the spring water. If I am to expand on this scale, won't that attract too much attention?"

Gong Tianhao smiled and said, "Yu 'Er, did you forget something?"

"What is it?" Xiao Lingyu did not understand.

Gong Tianhao said with a laugh, "You have already cooperated with the country. Your secret is an open secret to officers of certain status."

Xiao Lingyu frowned.

Gong Tianhao said again, "The spiritual spring water you provided allowed the millions of officers to improve their physique. I heard from my grandfather that after national day, the country will give you a military rank, one above the rank of a colonel. This is because you have made a huge contribution to the country!

"With the Gong family and the country as your backing, you can do whatever you want!

Xiao Lingyu's eyes lit up. "Tianhao, is what you said true?"

She didn't want any official position, but a protection. This way, she wouldn't cause trouble for Tianhao and her family in the future.

Gong Tianhao nodded and said, "Of course it's true."

Then, Gong Tianhao said to Xiao Lingyu seriously, "Yu 'Er, you don't need to worry about everything. Just work happily!"

Xiao Lingyu turned around and gave Gong Tianhao a big hug. She said excitedly and happily, "Tianhao, thank you!"

Gong Tianhao smiled dotingly and said, "Silly, we are a family. What do you need to thank me for? Don't worry and do it boldly. I will handle everything!"

Xiao Lingyu nodded and said, "Okay, I got it!"

Xiao Lingyu felt very happy in Gong Tianhao's arms.

She felt that the luckiest and happiest thing in her life was to meet Gong Tianhao. She was addicted to his doting.

Gong Tianhao raised his eyes slightly and looked at the clock on the table. Then, he said in a hoarse and magnetic voice beside Xiao Lingyu's earlobe, "Yu 'Er, it's late. Should we go to bed?"

Xiao Lingyu's expression froze. Then, her face turned red. She nodded and said, "Yes, it's time to go to bed! Ah!"

Xiao Lingyu cried out and immediately hugged Gong Tianhao's neck. Her face was red as she said, "Why did you suddenly hug me?" Gong Tianhao carried her like a princess in his arms.

Gong Tianhao looked at his pink-faced wife, and his eyes darkened. Then, he said in a low voice, "Sorry. Dear wife, let me carry you to bed to rest!"

Xiao Lingyu, "..."

Then, Gong Tianhao quickly carried Xiao Lingyu back to their bedroom.

After they left, two little buns crawled out from under the desk in the study.

Xiao Letong patted his chest and said, "I hope I won't get needle eyes from seeing that!"

Xiao Ling had changed back to a three-year-old thanks to Xiao Letong's illusion. He raised his eyebrows and asked with a smile, "Big Brother, what's a needle eye?" Then, he said, "Mommy and Daddy really love each other!"

Xiao Letong said very proudly, "Of course! If they don't love each other, where would I come from?"

Xiao Ling, "... You came before your parents actually fell in love.

Of course, Xiao Ling didn't say that out loud.

## **Chapter 756: Family Coming to Beijing**

The 45th chain of Taoyuan Village Green Fresh supermarket opened on the 1st Jan 2015.

In the social circle of the capital, those who received the news had already ordered flower baskets or other gifts. They wouldn't miss out on this chance to build relationships.

After all, even though Xiao Lingyu was a country woman, she was also Gong Tianhao's wife, the young madam of the Gong family. Thus, she had a lot of power. In short, it was only beneficial to curry favor with her.

A lot of planning had gone into the opening of this supermarket. Many people were hired, and they were given the proper training. Xiao Lingyu viewed this capital supermarket expansion seriously. Many of the processes were personally supervised by Xiao Lingyu. On opening day, no mistakes were allowed.

Zeng Yaozu, Xiao Xinxin, An Xiaohui, Xiao Lingyun, and other elites of the Green Fresh Group flew over.

Apart from fourth uncle Xiao, who was in charge of logistics and transportation, the others also came to celebrate.

As Xiao Lingyu's family, they stayed with the Gong family as soon as they arrived in the capital.

The Gong family had a big house and many rooms. No matter how many people came to Xiao Lingyu's family, they all had rooms to stay in. Naturally, there was no need to stay in a hotel.

The Gong family liked Xiao Lingyu very much. The Gong family naturally did not dare to neglect her family and treated them with great respect.

"Great-grandpa, Great-grandma, Grandma, Grandpa..." As soon as they got off the plane, Xiao Letong rushed over and greeted everyone happily and politely.

"My good grandson, Great-grandma really misses you to death." Grandma Xiao was the first to hug Xiao Letong.

"Great-grandma, I miss you too. I miss you so much! And I miss Grandma, Grandpa, and everyone!"

"Our Tong Tong is really getting more and more sensible." Eldest Aunt Xiao took Xiao Letong from Grandma Xiao's arms and said happily, "We haven't seen each other for a while, but he has grown taller."

Xiao Letong said proudly, "Of course!"

Mother Xiao hugged Xiao Ling and asked happily, "Hey. It seems like our Ling 'Er has gained weight too."

Father Xiao smiled and said, "I think not only did he gain weight, but he also seems to have grown taller?"

Xiao Ling smiled and said, "That's right, Grandpa. I've grown taller. Mommy said that I've grown a centimeter taller."

To be honest, he had grown into a teenager, but he followed Xiao Lingyu's suggestion and decided to follow the normal human growth pattern. If not, it would appear too abnormal. If Xiao Ling grew up slowly, no one would suspect anything.

When Mother Xiao and Father Xiao heard that Xiao Ling had grown a centimeter taller, they were slightly surprised. Then, they said happily, "Oh, is that so? That's great!" They knew that Xiao Ling's growth was related to the health of the farming space.

After that, Old Master Gong came up to greet them.

"Sister, brother Xiao, welcome. The travel must be tiring!"

Grandma Xiao and Grandpa Xiao smiled and said, "In-law, it's not tiring at all!" The other juniors of the Xiao family greeted old master Gong one by one.

Old Master Gong smiled and said, "Let's not stand here and take in the cold wind. Please come in."

When the Xiao family followed Old Master Gong to the front door of the Gong family and saw the big, beautiful, and luxurious house, they were extremely surprised.

They knew that the Gong family was rich, but they couldn't imagine how rich the Gong family was. This was their first time seeing such a big and beautiful house.

The Gong family's house had a large courtyard with a classical and elegant style. It had five smaller houses. The main door was a large red metal door. It looked grand and dignified, giving off an imposing aura.

When they pushed open the main door, what entered their eyes were rockery and flowing water, pavilions, carved beams, and painted buildings. It was like the mansions of the princes that they had seen on television. It was extremely beautiful.

Grandma Xiao looked around and said generously, "In-law, your house is really beautiful. It is like the imperial palace. I had never seen such a beautiful house when I was in the countryside!"

If it weren't for Xiao Lingyu, the Xiao Family would never have had the chance to live in such a house. This was such a big difference in status.

The Gong family was rich and powerful and belonged to a noble family. They had the best of everything.

Anyone who came from the countryside would definitely be a little timid when they arrived here. They might even be in a state of inferiority.

However, the members of the Xiao family were very good-natured. They had never tried to curry favor with old master Gong or Gong Tianhao, nor did they show any inferiority or decline due to the difference in status.

Their interactions with old master Gong and Gong Tianhao had always been friendly. They were a family through and through.

Therefore, even though this was the first time the Xiao family had come to the Gong family's house, they did not show any signs of inferiority.

Old Master Gong smiled, "Sister Xiao, you have a good eye. This house was actually the home of a former lord."

Grandma Xiao and her husband's eyes immediately lit up as they asked with great interest and curiosity, "In-law, what lord would that be?" The juniors following behind also looked at Old Master Gong with curiosity.

Old Master Gong cleared his throat and said, "It's Lord Gong Qin's residence at the end of the Qing Dynasty."

"Oh! I've heard of that lord!" Xiao Lingyun said in surprise, "I've read about it in the history books. The lord's residence was the largest at that time."

"Yun 'Er, you're really knowledgeable!" Old Master Gong praised, "This is not only the largest residence of that era, but it is also the most well-preserved."

Xiao Lingyun's eyes immediately lit up, and she said excitedly, "Then Grandpa Gong, can we take a look around?"

Old Master Gong smiled. "Of course. You can ask Yu 'Er and Hao 'Er to bring you on tour."

Eldest Aunt Xiao immediately rejected tactfully, "Grandpa Gong, we'll just take a look around by ourselves. Yu 'Er and Tianhao must be busy."

The capital store was about to open. Whether it was Xiao Lingyu or Gong Tianhao, they definitely had a lot of things to do. The Xiao Family was here to help, not to cause trouble.

Mother Xiao agreed. She turned to Xiao Lingyu and Gong Tianhao, "Yu 'Er and Tianhao, you must be very busy now. You can go and do your things."

Old Master Gong immediately added, "Yu 'Er, Hao 'Er, your mother and aunt are right. Especially Yu 'Er. Your shop is about to open, so you must have a lot of things to do. Go and do your work. I'll bring the in-laws around."

Xiao Lingyu looked at old master Gong and said hesitantly, "But grandfather, you..." No matter how healthy Old Master Gong was, he was already old. The residence was too large for him to give the Xiao Family a tour.

Old Master Gong waved his hand and said, "It's fine. I am very healthy. A walk around the house will give me the chance to exercise too. Plus, if I get tired, there will be others who can take over for me, right?"

However, Old Master Gong felt that he needed to personally entertain his in-laws since this was their first time in the capital.

Xiao Lingyu thought about it and said, "Alright then, I'll have to trouble you, grandfather. However, if you're really tired, you need to rest. My family won't mind."

In Taoyuan Village, the two families were really close. There was no reason that after coming to the capital, their relationship would become colder.

Father Xiao said at this moment, "That's right. We are one family. There's no need to entertain us. Yu 'Er, Tianhao, don't worry. Hurry up and go out to do your work. Old Master, we will definitely take good care of you."

They had taken a helicopter to get here. It had been less than two hours. They were not really tired.

Old Master Gong also smiled and said, "Yes, we are one family. Yu 'Er, Tianhao, listen to your parents. Go and do your work!"

Xiao Lingyu and Gong Tianhao, "... It feels like we've been chased away.

Gong Tianhao held Xiao Lingyu and said to the Xiao family, "Grandfather, grandmother, father, mother... you can treat the Gong family as your own home. Our family doesn't have any rules. You should rest if you feel tired. There are many rooms at home. You can choose any room you want. Yu 'Er and I will go to the shop to take a look first."

"Go, go!" Mother Xiao said with a smile.

At this moment, Xiao Letong's little face was a little angry, "Great-grandfather, great-grandmother, Grandma, Grandpa, Daddy, Mommy, have you all forgotten about me? At least I've been here for some time already. I can be a tour guide and show everyone around."

When they saw Xiao Letong's cute, red face, everyone immediately reacted. Then, they smiled and said, "That's right. Our Tong Tong can totally be a little tour guide and take us around."

"Tong Tong is really great. He can share the worries of his parents!"

Everyone praised Xiao Letong.

Xiao Letong was very embarrassed by the praise. His little face was slightly red as he said, "Great-grandfather, great-grandmother, Grandma, and Grandpa... I'll bring you all to..." Following that, the group of people followed Xiao Letong and walked around the Gong family.

Of course, the plane ride still took a toll on older people like Grandpa and Grandma Xiao. Therefore, they strolled around for a while before returning to their rooms to rest.

As for the young people, Xiao Lingyun was the only one who came. The other children were still in school and couldn't come over.

Xiao Lingyun looked at the beautiful backyard of the Gong family and said in an intoxicated manner, "This place is really beautiful!"

Xiao Letong immediately said, "Auntie, when the two sisters are on vacation, shall we bring them over to play together?"

Xiao Lingyun nodded and said, "That's not a problem. But, Tong Tong, your two sisters might get lost here since this place is so big."

Her two daughters were still very smart compared to other children of the same age. However, their intelligence was nothing compared to Xiao Letong.

Sometimes, Xiao Lingyun was quite speechless.

Fortunately, the Xiao family had a sense of propriety and did not compare them to Xiao Letong. Otherwise, they would die of low self-esteem.

Xiao Letong immediately retorted, "My two sisters are very smart. They won't get lost here. Otherwise, how could they get 100 marks every day?"

Ever since he was young, the two sisters had been very good to him. Xiao Letong would not allow anyone to say anything bad about them, not even their mother.

When Xiao Lingyun heard this, she immediately burst out laughing. Then, she nodded with a smile and said, "Alright, Tong Tong is right."

Xiao Letong still said with some dissatisfaction, "Of course I'm right. My two sisters are very smart."

Xiao Lingyun spread her hands, indicating that she had nothing to say.

Xiao Lingyun was here to work. After visiting the Gong family in the morning and having lunch in the afternoon, she went to work in the shop with Xiao Lingyu.

A few elders wanted to go together, but they were stopped by Xiao Lingyu.

Xiao Lingyu said, "The things in the shop are almost done. Grandpa and Grandma, why don't you go and visit the capital?"

Old Master Gong said, "That's right, Sister and Brother Xiao. It's rare for you to come to the capital. I'll get the driver to show you around. The capital is an ancient city with a long history. There are many places of interest and historic sites. At the same time, there are some newly built buildings with rich landmarks that are worth seeing. For example, Central TV station, the cube building, and so on."

Grandpa Xiao immediately smiled and said, "Brother, now that you mentioned it, I'm really interested. After all, in the past, we had to watch it on television. Now that we're here, it'd be a waste not to go sightseeing."

Since Grandpa Xiao had said that, the juniors definitely wouldn't have any objections.

As there were many people, Old Master Gong arranged for three cars. He also went with them to accompany Grandpa Xiao and Grandma Xiao.

The cars only went around, and when they reached places that were interesting, they would stop to take a look.

Due to Old Master Gong's special status, they were treated like VIPs in many places.

Of course, among these people, the happiest and most excited people were none other than Xiao Letong and Xiao Ling.

Ever since they had followed their parents to the capital, they were cooped up at the Gong Family Home.

Xiao Lingyu and Gong Tianhao had a lot of things to do. Other than that day when the family went shopping, watched movies, and played in the amusement park, these irresponsible parents did not take their children out to see and play anymore.

Now, the two of them got to go out and play with their family. They were extremely excited. Being cooped up at home was really suffocating for them.

Well... One had to discount the fact that they had been sneaking out at night.

“Tong Tong, Ling ‘Er, did you have fun?” Mother Xiao asked with a smile.

The two children nodded and replied in unison, “Yes, we did. It was the happiest day since we came to the capital!”

Then, Xiao Letong added, “Grandma, Daddy, and Mommy are busy every day. They forgot to take Ling ‘Er and me out to play.”

Hearing Xiao Letong’s slightly complaining tone, mother Xiao laughed and said, “When your parents are done with their work, they will bring you out to play. Tong Tong, Ling ‘Er, you have to be understanding.”

“Of course!” The two children nodded their heads in unison.

...

Many families in the capital scoffed at Xiao Lingyu’s country background. They looked at her with disdain.

However, when the supermarket opened for business, they had no choice but to give this woman face. On the day of her supermarket opening, they sent a gift over and said with a smile, “Congratulations, Mrs. Gong!”

## **Chapter 757: Gossip**

“I heard that Xiao Lingyu’s maiden family is here. Is that true?” Some of the bigger families in the capital had been paying attention to the Gong family. As soon as Xiao Lingyu’s family stepped into the Gong family, everyone started talking about it.

“How can I not? I even know that Old Master Gong personally went to welcome Xiao Lingyu’s family.”

Immediately, someone said sourly, “Why would Old Master Gong think so highly of his new granddaughter-in-law? Her family is just a bunch of country bumpkins. They are not worthy for Old Master Gong to personally welcome them.”

Of course, everyone understood that this was Old Master Gong’s way of showing he cared a lot about his granddaughter-in-law.

This greatly gave face to Xiao Lingyu’s country bumpkin family.

“However, someone took a photo of Xiao Lingyu’s family and discovered that Xiao Lingyu’s family members are all very good-looking!”

Someone turned on his phone and showed him the pictures posted online. “Look, these two are said to be Xiao Lingyu’s grandparents. They’re about seventy to eighty years old. Look, their hair is still as black as ink, their skin is in good condition, and their complexion is ruddy. They look like they’re only fifty to sixty years old. They look about twenty years younger than their peers.”

“Are you serious?” His friend said in disbelief, “These two old people from the countryside actually know how to take care of their appearance?”

“Not only that, look at these two middle-aged men and women. Xiao Lingyu is 70 to 80 percent similar to her mother. They are in their 40s and 50s. But look, this woman looks like she is only in her early 30s. Standing together with Xiao Lingyu, they look like sisters. Moreover, they have extraordinary temperaments. They are very elegant and noble. They have the temperament of a noble family from the capital.

“Look at the man. He’s handsome, gentle, and refined. He has the air of a scholar. No matter how I look at them, I can’t tell that they’re actually bumpkins!”

Jiang Yutong looked at the photo on it. She couldn’t bring herself to call them country bumpkins anymore.

“Also, look at the others. They all look younger than their real age. There’s not a single ugly person in the whole family. Their genes are too good, right?”

Li Jiacheng’s tone was filled with envy. “Xiao Lingyu’s family is filled with handsome men and beautiful women. No wonder they raised such an outstanding young mistress of the Gong family!”

Search VipNOvel< COM> on google

Jiang Yutong, on the other hand, said somewhat sourly, “I heard that the things produced by their family have the effect of beautifying one’s appearance. That must be true. They have been eating them for a long time, so they look younger than their actual age.”

When Li Jiacheng heard this, her eyes lit up, and she said very excitedly, “Oh right. There are rumors that eating Green Fresh’s fruits and vegetables can make one look beautiful and young. In the future, I will eat more of them. Then, I will find a suitable husband to marry. Then, my life will be considered perfect!”

Her demand was not high. She just wanted to find a man that she liked and liked her. She just wanted to spend her life with an ordinary man.

However, for someone who was born into a big family, that was just wishful thinking.

When Jiang Yutong heard this, she suddenly said with jealousy and sourness, “At least you can eat those things every day. I can only pray that our servant manages to get in line on time.”

When Li Jiacheng heard this, she said with some doubt, “That is strange. Why would Grandpa Gong refuse to allow Grandpa Jiang to visit?” This meant that the Gong Family couldn’t take a shortcut through the Gong Family if they wanted the products from Green Fresh.

“Also, aren’t brother Gong and brother Jiang good friends and brothers?” Li Jiacheng asked in confusion, “Now, the Leng and Li families can take things directly from the Gong family, but they snubbed the Jiang family. That’s not very nice. Will Brother Gong and brother Jiang’s relationship be affected?” As the younger generation in the family, they obviously didn’t understand the past feuds and disputes between the Gong and Jiang families.

“Yutong, don’t you know the reason?” Li Jiacheng asked.

Jiang Yutong shook her head and said, "I don't know."

"That's strange!" Li Jiacheng then suggested, "Why don't you ask your brother to contact Brother Gong directly? After all, Xiao Lingyu's products are more effective than those expensive cosmetics."

All women loved to be beautiful.

At this moment, Jiang Yutong asked in puzzlement, "Jiacheng, why would Xiao Lingyu's vegetables and fruits have these miraculous effect? That is certainly not normal."

That was a doubt many people had.

Li Jiacheng shook her head, "I don't know either. However, I reckon that there must be some science and technology or some secret. Alright, don't think too much about it, and don't try to find out the secret. After all, Xiao Lingyu's current identity is Gong Tianhao's wife and the mistress of the Gong family. We can't afford to offend her." Her words were meant to remind Jiang Yutong.

Please reading on VipNOvel[ COM]

Jiang Yutong's expression froze, then she smiled and said, "Don't worry, of course I know that. I'm just a little curious now!"

However, internally she became more curious. Of course, she wouldn't act on it.

When Xiao Lingyu's family came to the capital, it made the upper-class people of the capital pay attention to them.

However, when they saw Xiao Lingyu's family, everyone was as shocked as Li Jiacheng.

Xiao Lingyu's family members were all young and had an extraordinary bearing. No wonder they were able to nurture a beautiful person like Xiao Lingyu.

Most people slightly changed their attitudes.

However, what made them even more surprised was Old Master Gong's attitude towards Xiao Lingyu's family members. He was very kind to them. This showed how much he valued and liked Xiao Lingyu as his granddaughter-in-law, despite the fact that she was a country bumpkin.

This caused some of the socialites to be envious and jealous.

Why was Xiao Lingyu's life so good? She got Gong Tianhao's favor and even Old Master Gong's favor.

She was like a maid turning into a princess. But she was ultimately still a maid. One day, she would be beaten back to her original form.

"Hmph, how can Xiao Lingyu's family have the face to come to the capital? They are just a bunch of country bumpkins who have never seen the world. Aren't they ashamed for coming to the capital?" A group of socialites gathered together to gossip.

"That's right. They are also living with the Gong family. They are so proud. Aren't they afraid of breaking the rules and being chased out by the Gong family? That would be really embarrassing!"

“Such a family must have come to the capital to curry favor with the Gong family. What a bunch of country bumpkins.”

The more they talked, the more upset they felt. They thought to themselves, ‘Gong Tianhao is such a noble man. Why did he marry a country bumpkin? Could it be because that woman is somewhat beautiful? However, no matter how beautiful a woman is, her looks will fade one day. But we’ve never heard of Gong Tianhao being lustful of a woman’s appearance before.’

“However, I think Xiao Lingyu’s family is quite good-looking.” Some of the young ladies said fairly, “Their temperament isn’t bad either.”

“So what? It really can’t change that they are bumpkins from the countryside.”

...

Xiao Lingyu didn’t care about the jealousy and sour words of these people. She was very busy at the moment with the opening of the capital supermarket.

There were many supermarkets in the capital, and many of the big supermarkets had an area of more than 10,000 square meters.

Compared to those supermarkets, Taoyuan village Green Fresh supermarket was minuscule.

Of course, other supermarkets were department stores that sold all kinds of goods, while Green Fresh was a specialized supermarket that only sold the agricultural products produced by the Taoyuan Village. So it was relatively huge already.

The geographical location of the capital supermarket was different from normal because it was not located in a remote location. Instead, it was at the center of town.

A small shop about ten square meters at this area would have a monthly rent of 10,000 to 20,000 RMB. Xiao Lingyu’s supermarket was around four to five thousand square meters. If this weren’t a present from Gong Tianhao, the rental would be astronomical.

### **Chapter 758: Ignore Them**

It was 8.08 am on January 1st, 2015. It was the perfect time for the shop opening.

Early in the morning, the Xiao family and Old Master Gong dressed themselves up beautifully and handsomely to attend the opening ceremony.

“Husband, what do you think of my suit?” Mother Xiao wore a purple suit that suited her figure very well. It also accentuated her fair skin, giving her a noble and elegant temperament.

Father Xiao was wearing a blue suit and looked at his wife, who was still as beautiful as a young girl. His heart jumped a few times, and then he said with a face full of love, “It looks good. No matter what clothes my wife wears, she will look so good!” Father Xiao went forward and hugged Mother Xiao.

Mother Xiao’s face turned red, and she said, “What are you doing? We’re already an old married couple. Be serious!”

Father Xiao smiled and said, “Who said I’m not serious?”

Mother Xiao, "...” when did he become so glib?

When the group of people gathered together, they looked at each other and couldn't help but smile.

Mother Xiao, Aunt Xiao, and the others saw grandmother Xiao wearing a crimson tang suit and praised, "Mom, this dress of yours looks really good! You look a few years younger!"

"Yes, yes!" Grandpa Xiao said from the side.

The daughters-in-law went up to compliment Grandpa Xiao, "Dad looks very handsome. He looks a few years younger too."

Grandpa Xiao said with satisfaction, "It's just a tang suit, not some miracle attire!" But he was very happy.

Grandma Xiao covered her mouth and smiled. She said to her daughters-in-law, "You should stop praising your father. He's lips will be smiling so much that he'd get cramps from them!"

"Haha..." Everyone immediately burst into laughter.

"In-law, you look amazing!" Grandma Xiao saw Old Master Gong coming out in a blue tang suit and didn't hesitate to praise him.

Old Master Gong smiled and said, "Haha, you all look a few years younger."

"Everyone is happy today, so we all look and feel younger." Father Xiao concluded.

First Uncle Xiao looked at the time and said with a smile, "Let's set off early and see if there's anything we can do to help!"

"Right, right. We'll set off now. We don't know if there'll be traffic or anything like that. It's better to leave early!" Grandma Xiao said.

Grandfather Gong said, "Sister Xiao, don't worry. Even if there's traffic, we can walk. Yu Er's shop is actually very close to this place. It's only about a ten-minute walk."

"Ha, that close?!" The Xiao family was slightly stunned.

They had only come to the capital yesterday. They arrived in the morning and toured the capital in the afternoon. Then today was the opening day of the supermarket.

It was not that they didn't want to come earlier, but there were too many things to do back at Taoyuan Village. They had prepared for a long time and only managed to spare two free days. In the afternoon, they would have to rush back to Taoyuan Village. So, they didn't know Xiao Lingyu's shop was so close to the Gong Family Home.

"In that case, why are we still taking a car? Let's walk there." Grandpa Xiao said decisively.

"Alright!" The others echoed, "It'll probably take longer if we drive there."

Then, the group of people left the Gong family home happily.

However, the moment they left the Gong family's courtyard, two old men came up to them.

Old master Gong was slightly puzzled and asked, "Why are you two old fellows here? Don't you have anything better to do?"

Old Master Li said snappily, "What do you mean by that? We are going to go with you to celebrate your granddaughter-in-law's shop's grand opening. Talking to you will make me die of anger." Then, he sized up the group of people around Old Master Gong. When he saw their appearance and clothing, his eyes flashed.

This group of people was all Xiao Lingyu's family members. They looked full of energy, and their faces were ruddy. This made these old fellows envious. They knew that the Xiao Family's good health had to do with their diet.

Therefore, old master Li and Old Master Leng wanted to get in touch with Xiao Lingyu's family members. In the future, the Xiao Family might include them if they have any good things to share.

At their age, they already had money and power, so all they wanted was to be healthy and live a long life.

They could see the changes in Old Master Gong. A few years ago, he was dying. But now, he was looking better and better. He was getting younger and younger, and he had black hair on his head.

Besides, since Xiao Lingyu was able to produce health wine, she could produce more amazing products in the future.

Therefore, Old Master Li and Old Master Leng came up with a plan.

Old Master Leng said, "Old Gong, your granddaughter-in-law's shop is opening. Can't we come and join in the fun and celebrate?"

The Xiao family didn't know the two of them, but seeing how familiar they were with old master Gong, they had some guesses. Of course, they were happy when the two old men said that they were there to help celebrate Xiao Lingyu's shop opening.

Grandmother Xiao asked happily, "Of course, you can join us. Brothers, we're going over now, so let's go together!"

"Sister, you must be Lingyu's grandmother!" Old Master Li immediately said, "You're really young! Lingyu looks just like you!"

Everyone was happy to be praised.

Grandmother Xiao waved her hand and said, "Yes, I'm Yu 'Er's grandmother. But you're exaggerating. I'm already very old now."

Old master Li immediately said, "No, my in-law looks very young. Is my in-law 60 years old?"

Grandma Xiao immediately laughed and said, "Haha. How am I that young? I'm 75 years old now, and my husband is 76."

Old Master Leng and old master Li were shocked when they heard that. They asked with slight surprise on their faces, "In-law, are you really 75 or 76 years old? You look too young. How do you take care of yourself?"

Grandma Xiao immediately waved her hand and said with a smile, "We're just farmers. We don't have the time to take care of ourselves. We just eat, drink, sleep, and have a good rest. We make sure our days are happy days."

Of course, Old Master Li and Leng didn't believe these words at all, at least not all of them. They knew these factors played a role, but there had to be other secrets.

Just as Old Master Leng was about to continue asking, Old Master Gong snappily said, "Are you two done yet? We still have to rush to attend Yu 'Er's opening ceremony. You're not in a hurry, but we are! Let's go, Sister and brother Xiao, ignore them."

Old Master Li and Old Master Leng, "..."

Everyone from the Xiao family, "..."

#### **Chapter 759: The Sweet-mouthed Gong Tianhao**

After more than ten minutes of travel, Old Master Li and Leng and the Xiao family had already become familiar with each other.

"In-law..." Old master Li greeted Grandma Xiao and the others warmly.

"Shoo, shoo. Who's your in-law?!" Old Master Gong immediately retorted, "Old Li, how can you be so shameless? She's not your in-law. Plus, you already have so many in-laws of your own!"

Then, Old Master Gong said to grandma Xiao, "Sister Xiao, this old man doesn't have any good intentions. Don't fall for it."

Old Master Li was displeased and said, "Old Gong, what nonsense are you talking about? Don't slander me in front of the in-laws. Why would I not have good intentions?"

Old Master Gong snorted coldly and said, "Hmph. Don't think that I don't know what you're thinking. I don't want to expose you in front of my in-law. In-laws, ignore him. Let's go."

Grandma Xiao smiled and said, "Alright, let's hurry up."

Along the way, mother Xiao and the others heard Old Master Gong bickering with the other two old masters. The other juniors couldn't get a word in. They just listened and watched. Occasionally, Grandma Xiao and Grandpa Xiao would exchange a word or two.

Then, not long after, the group arrived at the entrance of the supermarket.

Mother Xiao and the others looked at the exterior decoration of the supermarket and were slightly surprised.

Eldest Aunt Xiao said, "This supermarket is very big!"

Mother Xiao said, "Yes, it's the biggest supermarket so far. Yu 'Er said that this supermarket has an area of over 4,000 square meters, and each floor is over 1,000 square meters. There are four floors in total!"

Eldest Aunt Xiao was a little surprised and gasped.

The front of the supermarket was decorated with red and yellow walls. There were pictures of vegetables and fruits. The sign said, "Taoyuan Village Green Fresh Supermarket". Then in a smaller font, it said, "The 45th chain store in the country."

Because it was a grand opening, the front door was decorated with flower baskets, balloons, and a red, inflatable dragon-shaped arch. On the arch, there was a banner that said, "To celebrate the opening of Taoyuan village green fresh supermarket."

Although the supermarket hadn't opened yet, many people had already gathered. The nearby residents were filled with curiosity about this supermarket that had appeared out of nowhere. At the same time, people who had received news from upper-class circles also rushed over. Many people even carried flower baskets.

"Congratulations, Lady Boss!" Xiao Lingyu stood at the entrance of the shop. Someone recognized her and immediately sent a flower basket to congratulate her!

Xiao Lingyu was wearing a professional outfit today. A custom-made black suit accentuated her exquisite figure and style. Coupled with her stunning beauty, she instantly charmed all the men and women present.

'The lady boss of this supermarket is really beautiful. Her temperament is elegant. She is really a perfect woman.' Some men secretly wanted to go up and strike up a conversation with her. However, when they saw the cold and elegant man standing beside her, they immediately stopped in their tracks.

'This man's aura is so strong and domineering. It was obvious that he is not someone to be trifled with.' Of course, those ordinary people did not know Gong Tianhao's identity. However, in upper-class circles, Gong Tianhao's name was well-known. Furthermore, they had seen Gong Tianhao in person on some occasions.

Therefore, they naturally knew Gong Tianhao. Naturally, they knew the woman next to him was the young madam of the Gong family, who had recently caused a stir in the upper-class circles.

Many big families sent over flower baskets. They knew the origins of this supermarket and the relationship between the Gong family and this supermarket.

This supermarket was opened by the young madam of the Gong family. Therefore, on such a big opening day like today, Gong Tianhao and his wife would definitely attend.

Therefore, sending a flower basket was the best way to get close to Gong Tianhao and his wife. In other words, this was a chance given to them by the Gong family. Whether or not they could get on the Gong family's good side depended on themselves.

"Mr. Gong, Mrs. Gong, Congratulations!" Another person sent a flower basket. He handed the basket to Gong Tianhao.

At this moment, Gong Tianhao frowned and said, "This supermarket belongs to my wife!"

That person was stunned for a moment before he reacted. His face was slightly red as he said again, "Mrs. Gong, Congratulations. Mr. Gong, Congratulations!" Internally, he screamed. He had made Gong Tianhao unhappy. He purposely gave the flower basket to Gong Tianhao because that was the person he wanted to curry favor with. He ignored Xiao Lingyu because she was a country bumpkin. Naturally, Gong Tianhao was unhappy.

Even though Gong Tianhao and Xiao Lingyu were now husband and wife, they were still separate entities. Gong Tianhao loved his wife very much. If his wife wanted to be independent and develop her own business, he would definitely support her. However, he would definitely not allow anyone to look down on Xiao Lingyu. He knew that Xiao Lingyu had managed to achieve all the results she had thus far without his help.

That was something Gong Tianhao wanted to inform the world. Her wife reached the height she reached that day because of her own hard work.

Xiao Lingyu thanked the people who came to send the flower baskets.

Many people used this opportunity to get close to Gong Tianhao and Xiao Lingyu. Xiao Lingyu would always greet them politely. No matter what their intentions were, whether they were sincere or fake, they were all here to congratulate them.

When Mother Xiao and the others arrived, there were already flower baskets and congratulatory messages lined up on both sides of the door.

"Yu 'Er, Hao 'Er!" Grandma Xiao and Mama Xiao immediately called out.

Xiao Lingyu and Gong Tianhao immediately went forward to welcome them, "Grandpa, Grandma, Dad, Mom... you guys came so early."

Gong Tianhao looked at the clothes of Grandma Xiao and Grandpa Xiao and praised them with a smile, "Grandma, you look really beautiful in the Tang suit. Grandpa is also very handsome. He looks much younger than usual!"

Grandma Xiao said with a smile, "Hao 'Er, you are so sweet-tongued!"

The Xiao family didn't think that Gong Tianhao was any different. However, the people in the crowd were shocked.

Since when did Gong Tianhao know how to praise people? They thought they were hallucinating.

The rumors about Gong Tianhao in the capital had always been that he was a ruthless, impartial, and merciless business emperor.

But they saw and heard Gong Tianhao complimenting an old lady and old man with a gentle expression and respect in his eyes. It was obvious that he was sincere.

But when did Gong Tianhao need to please and compliment others?

"Mom and Auntie are very beautiful today. Dad and uncle are also very handsome!" Then, Gong Tianhao did not hesitate to compliment every member of the Xiao family.

The people in the crowd had their jaws dropped.

Was this really that cold business world Emperor Gong Tianhao? Was he swapped out? Otherwise, how could he be so sweet to everyone?

Plus, he was currying favor with these people.

But wait.

They heard something earlier. Gong Tianhao called this group of people his grandparents and parents. But didn't Gong Tianhao only have one grandfather?

However, when they saw Xiao Lingyu, who was holding onto his arm, they immediately reacted.

Were these people from his wife's family?

Then, some of the people in the crowd immediately understood. They thought of a recent rumor in the capital. Gong Tianhao loved his wife very much. Someone even took a picture of him accompanying his wife and children to go shopping and play at the amusement park, just like an ordinary family.

In the past, they had never seen how much Gong Tianhao doted on his wife in person. They didn't believe Gong Tianhao was capable of doing something like that.

But now, after seeing how Gong Tianhao treated his wife respectfully and fawned on her family members, they could tell that he really loved his wife!

In fact, there was a saying that whether a husband loved his wife or not could be seen from his attitude towards his wife's family.

Generally, a man who loved his wife would definitely treat his wife's family very well.

On the contrary, a man who did not love his wife would naturally look down on his wife's family.

Elders Aunt Xiao looked at Mother Xiao and said with a smile, "Qiuying, Tianhao's mouth is really getting sweeter and sweeter!"

Third Aunt Xiao covered her mouth and said with a smile, "But Tianhao is also telling the truth. Today, all of us are dressed very beautifully and handsomely for the occasion."

Usually, when they worked at home, they had no reason to dress up.

"Yes, these clothes are really beautiful. Yu 'Er, you really have a good eye for fashion. These clothes fit and look good on us!" Third Aunt Xiao said.

Xiao Lingyu smiled and said, "Third aunt, I didn't choose these clothes. Tianhao chose them and then hired a designer to make them."

"Really?" Grandma Xiao smiled and said, "Hao'er, you're really thoughtful!"

Gong Tianhao smiled and said, "Grandma, all I did was hire someone."

...

Old Master Li looked at Gong Tianhao, who was talking so enthusiastically with the Xiao family members, and poked old master Gong beside him. He asked curiously, "Old Gong, is your Tianhao's mouth always so sweet in front of the Xiao Family? How come I have never seen him like this around you?"

Old Master Gong looked down on him and snorted coldly, "Hmph, how childish! When my Hao 'Er was sweet-talking me, you wouldn't be around. Besides, what's wrong with my Hao 'Er being sweet to his in-laws? Don't tell me you're jealous? What a busybody!"

Old Master Li, "..."

Old Master Leng said with a smile, "It's nice to see this side of Tianhao."

### **Chapter 760: A Family with Good Looks**

After the Xiao family arrived, they quickly attracted everyone's attention because of their good looks, especially since mother Xiao looked very similar to Xiao Lingyu.

"Wow, this family is so good-looking! Even the elderly are so beautiful and handsome."

"Why is there someone who looks so similar to the lady boss? Is it her sister?"

Although mother Xiao looked young, she was indeed slightly older than Xiao Lingyu.

"No. Didn't you hear the lady boss earlier? She called her mom."

"Mom?!" Someone exclaimed in surprise. "Oh my God, what a young mom. She looks like she's only in her early thirties. Could it be that she gave birth to the lady boss at the age of 15 or 16?"

The group of people was more shocked. After knowing that this person was Xiao Lingyu's mother, they were all very surprised and found it hard to believe.

"Wow, not only does the lady boss' mother look very young, but the others also look very young. How did they manage this? Didn't people say that they're just a group of people from the countryside?"

Some of the young people present did not know Gong Tianhao, but they knew a little about Xiao Lingyu, who was always trending on the news, especially her family history.

Thus, they knew a bit about the identity of Xiao Lingyu's family.

"Yes, they are from the countryside. But look at their looks and temperament. How can you tell that they are from the countryside?"

"Don't be so mean. They might be from the countryside, but do you know that the total asset of Green Fresh has reached tens of billions? They are a bunch of rich people, even richer than us ordinary people."

"You do make sense. It's pointless for a person to have good looks if they are poor. They have to work the land every day. Their looks will be worn away."

A group of people was discussing the Xiao family's looks.

“Isn’t the lady boss’ family all too young?” Someone exclaimed, “It’s fine if one or two of them look younger than their actual age, but that is the situation for all of them!”

“That’s right, I’ve noticed it as well. Look at that pair of old couples. I heard Lady Boss and Young Master Gong call them grandpa and grandma. What a young pair of grandparents. They look like they’re only in their fifties or sixties, with their heads full of black hair, good skin, and good complexion. Their granddaughter is already so old, so how young they must be when they had their children?”

“They should be around 15 or 16 years old. People in that era got married early and had children early.”

“That might be the case but isn’t 15 or 16 still too early to have children?” someone said in surprise, “The couple next to the landlady’s parents are the landlady’s uncle and aunt. They look young, but it’s obvious that they are middle-aged. They are at least in their 40s or 50s. The math doesn’t add up.”

“Forget about math. The thing that makes me curious is beauty secret of this family. I really want to know.” Someone took out his phone and quickly browsed through it. Then, he found some information and said, “Look at this forum. Someone said that the things sold in the Green Fresh supermarket have the effects of strengthening the body and smoothing out wrinkles. Are they selling vegetables or miracle pills?”

“No way.” Someone lowered his head and looked at the other party’s cell phone and said suspiciously, “It’s probably a promotional trick. How can there be such miraculous fruits and vegetables? If these fruits and vegetables can really strengthen the body and cure diseases, then why do we need a hospital?”

“You’re right. If eating fruits and vegetables can cure all diseases, then those hospitals will probably have to close down,” another person said in agreement.

However, the person continued to flip through his phone. Then, he added, “Some netizens said that the things sold in the supermarket are very rare. Normally only the rich and the noble can get them. Ordinary people won’t have the chance to taste them. Plus, they said you have to eat these fruits and vegetables for an extended period of time to see the effect.”

Even so, some people still didn’t believe such words.

“Regardless, we’ll know after buying it and tasting it. I’ve already made up my mind when I heard they could help make one look pretty.” Which woman didn’t like to be beautiful?

“Yeah, I’ll buy some to try too. There are so many netizens who praise this supermarket online. I don’t think they would lie.”

Suddenly, there was a commotion at the door.

Then, someone shouted, “We’re going to set off firecrackers. Please move for your safety!”

With a whoosh, some people stepped away and covered their ears.

To Xiao Lingyu, this was just a normal shop opening, so she didn’t do any fancy events.

When the auspicious time arrived, Xiao Lingyu held the microphone and said a few words.

“Thank you all for coming. This store is now officially open for business! Everyone can go in and take a look. We welcome all customers and friends to give their comments at any time. Thank you all! I now announce the opening of the 45th chain store of Taoyuan Village Green Fresh Supermarket!”

As soon as she finished her sentence, the crackling sound of firecrackers could be heard.

At the same time, the crowd surged toward the supermarket’s entrance.

Many in the crowd were local residents. They were not rich like Gong Tianhao, but they were certainly well-off. However, after they walked into the supermarket and saw the high-end decoration, they were still shocked. They didn’t feel like they were inside a vegetable store at all.

Why would a shop that only sold agricultural products use such high-end and luxurious decorations?

When they walked in and saw the items on sale, they were stunned by the prices listed.
