

Chapter 811: The Truth

Su Yang said directly, "Manager Zhang, just tell the truth. Tell everyone here who sold the new technology of Teng Fei technology company to you?"

Su Yang was full of confidence.

"Ahem..." Manager Zhang coughed twice and then asked Su Yang hesitantly, "Manager Su, do you really want me to tell the truth?"

Su Yang didn't hesitate at all. He raised his head high and replied, "Of course!"

Manager Zhang nodded and said, "Since Manager Su Yang said so, then I'll tell the truth!" He deliberately emphasized the words 'the truth'.

Unfortunately, Su Yang, Qiao Ruoyang, and the others were so happy that they didn't notice anything wrong with manager Zhang's tone.

"Ahem..." Manager Zhang coughed again and said, "Actually, the seller of the new technology of Teng Fei technology company is..." He deliberately looked at Su Yang.

Su Yang noticed manager Zhang's gaze and was a little confused. He said, "Manager Zhang, just tell us who it is. Why are you looking at me?"

Manager Zhang sighed lightly and pointed at someone. He said, "It's manager Su Yang, Qiao Ruoyang, Chu Xiangbei, Dai Yimin, and Pang Dayue, the five shareholders of Teng Fei technology company."

As soon as manager Zhang said that, there was a moment of strange silence.

Especially Su Yang and the others' shocked and incredulous expressions. It was so laughable.

"What?"

Some of the people watching outside were shocked when they heard Manager Zhang.

"How is this possible?"

"It was actually sold by Qiao Ruoyang and Su Yang! This isn't right at all!"

"That's not right. Could manager Zhang be wrong? Why would he suddenly point out the other five? Did they conspire against Xiao Lingye?"

"The five of them conspired to frame Xiao Lingye. What's their motive for doing this?"

"What other motive could it be? Of course, it was to drive Xiao Lingye out of the company. I heard that when the company was first established, Xiao Lingye didn't pay a single cent. He only invested by offering his technology mastery. But he took the majority of the company's shares and stabilized his status as the company's major shareholder. Now that the company is getting bigger, perhaps a few people are feeling unbalanced."

"But why should Xiao Lingye get the majority of the shares since he hasn't invested any funds?"

“That is his ability.”

The students and teachers outside were discussing fervently. Su Yang, Qiao Ruoyang, and the others couldn't hear them at all.

When they heard manager Zhang point out that the five of them were the ones who sold the company's new technology, their minds suddenly went blank. For a moment, their smug expressions instantly froze, and their eyes revealed a look of disbelief.

Su Yang reacted the fastest. The expression on his face stiffened as he smiled and reminded, “Manager Zhang, did you say something wrong? That wasn't what you told me back then.” He was referring to the secret agreement between them.

Qiao Ruoyang and the others also came to their senses. They looked at each other with shock in their eyes.

Manager Zhang smiled and said, “Manager Su, I didn't say anything wrong. You were the one who told me to tell the truth just now. Well, I was just telling the truth.”

Su Yang's expression cracked, and he said anxiously, “Manager Zhang, that was not what you told me. You clearly told me that Xiao Lingye sold our company's new technology to you!”

Su Yang was really anxious now.

He never thought that Manager Zhang would suddenly change his mind at such a critical moment.

It shouldn't have been like this.

He urgently needed manager Zhang to change his words and point the blame at Xiao Lingye. Otherwise, the person who would lose his reputation wouldn't be Xiao Lingye but Su Yang.

Manager Zhang said with a serious expression, “Manager Su, what you said isn't right. You were the one who told me to frame Xiao Lingye while you were trying to sell your company secrets to me.”

“What?” Many people who heard it were surprised.

Su Yang could no longer maintain his calm. He asked sharply, “Manager Zhang, what's wrong with you? Could it be that you were bribed by Xiao Lingye to frame us?”

Qiao Ruoyang and the others did not make a sound, but the anxiety on their faces betrayed their fear and unease. They had never thought that they would be betrayed at this juncture. If they did not redeem themselves, they would be the ones who would be thrown out of Imperial University.

Qiao Ruoyang's face was slightly pale. He took a deep breath and said carefully with a smile, “Manager Zhang, you must be mistaken. You said that we sold our company's new technology to you, but our company's new technology is only in Xiao Lingye's hands. We have no way of getting it. Then how did we sell it to you?”

Manager Zhang turned stern as he said seriously, “Li Fei technology company doesn't like Xiao Lingye very much, but we admire his talent and character. He would never betray the interests of the entire

company for the sake of a small profit. As a member of the industry, I can't selfishly destroy such a rising star. This is a huge loss for the industry.

"Also, manager Su, I wasn't bribed by Xiao Lingye," manager Zhang said righteously. "I was just telling the truth!"

Su Yang's face suddenly turned pale.

He had never thought that things would turn out like this.

When he was bribing manager Zhang, manager Zhang said, "Don't worry, manager Su, I will help you get Xiao Lingye out of your company."

At that time, manager Zhang thought in his heart, 'What a fool. The development of the Teng Fei technology company was entirely due to Xiao Lingye's ability and contributions. Now that they want to get this contributor out of the company, of course, I'm willing to help. Without Xiao Lingye, Teng Fei technology company is nothing.' Of course, manager Zhang did not say those words at that time.

Manager Zhang suddenly took out something from the official document company. Many people recognized that it was a recording pen.

Manager Zhang said indignantly, "I know you'd say that I've framed you. This recording pen recorded the process of our transaction. I will play it for all of you now!"

Su Yang, Qiao Ruoyang, and the others suddenly widened their eyes and looked at the recording pen in manager Zhang's hand. Their expressions changed drastically, and their faces went blank.

They knew very well what kind of deal they had with manager Zhang.

However, they never expected that manager Zhang would secretly leave behind evidence of their transaction.

Just as their minds went blank, Lei Junshan suddenly spoke.

He smiled and asked, "Manager Zhang, you mean that other than Xiao Lingye, the other five people have made the same deal with you, right?"

Manager Zhang nodded and said, "That's right!"

"This is a little interesting," Lei Junshan said with a smile, "Teng Fei technology company only has six shareholders, and five of them have made a deal with you. I'm a little curious. Are all the deals they made with you the same? Didn't they say that this new technology was only in the hands of student Xiao Lingye? Therefore, he has to be the one who betrayed the company, but in the end..."

Manager Zhang heard this and said with some embarrassment, "The deals they made were indeed the same. But Teng Fei technologies and Li Fei technologies are competitors. When our company learned that they wanted to frame Manager Xiao, we obviously agreed. Of course, we purchased the new technology at the lowest price too."

Manager Zhang's meaning was very clear. He helped so that Xiao Lingye would be kicked out of Teng Fei Tech Company.

Furthermore, they also had another goal.

Once Xiao Lingye was out, Li Fei would immediately poach him. As for the issue of reputation, it was not a problem at all.

As long as Xiao Lingye was willing to join Li Fei technology, they could clear their name. Teng Fei would lose a great mind, but Li Fei would gain one.

That was the purpose of this recording pen.

Su Yang finally reacted. He stared at manager Zhang in disbelief. Then, he looked at Qiao Ruoyang and the others with suppressed anger. He asked angrily, "Why didn't you tell me? You secretly sold the new technology to Li Fei Company."

If they had told him, he would have thought of a countermeasure long ago instead of panicking and being at a loss.

In fact, what made him most angry and helpless was manager Zhang's betrayal.

However, the other party was their nemesis. Su Yang should have known that they shouldn't be trusted.

Qiao Ruoyang and the others were also shocked when they found out that they had all secretly sold the new technology to Li Fei company.

At this moment, the sound of clapping could be heard in the quiet office.

Then, everyone looked at Xiao Lingye in unison.

Xiao Lingye smiled and said sarcastically, "This is simply amusing. Su Yang, Qiao Ruoyang, Chu Xiangbei, Dai Yimin, Pang Dayue, you guys have really opened my eyes."

Su Yang and the others lowered their heads at Xiao Lingye's sarcasm. They were embarrassed and angry.

Before this, they still accused Xiao Lingye righteously, but now, they had no way to defend themselves.

Xiao Lingye said again, "Didn't you guys say that the new technology is only in my hands? I did develop the new technology, but as for the storage of the new technology, if I remember correctly, you all have a key to my office, right?"

"I have never been on guard against my partners, so you all know my computer password. With my key and password, wouldn't it be easy for you to get my technology?"

"Also, don't think that just because you turned off the surveillance cameras in the corridor and turned off the surveillance cameras on the ceiling of my office, I won't know who actually entered my office. In fact..."

At this point, Xiao Lingye paused for a moment. His sharp gaze swept over the faces of Su Yang and the others, and the corners of his mouth revealed a mocking smile. Then, he continued, "Actually, there is a hidden camera installed in my office."

When Su Yang and the others heard this, their eyes suddenly widened.

“This camera is at the edge of the chair. It is wrapped by the leather of the chair, so it is very difficult to discover,” Xiao Lingye said sarcastically, “As the person in charge of technology, I have always been very cautious and serious about technology protection. I was originally guarding against some corporate spies from the other companies, but who would have thought that the biggest thieves were from inside the house!”

Xiao Lingye took out his phone and flipped through it a few times. Then, a video appeared on his phone.

Lei Junshan saw the content of the video at a glance and revealed a sarcastic smile. “Well, that just proves everything.”

Xiao Lingye said somewhat helplessly, “Originally, I wanted to leave some face for you guys. As long as you guys simply paid up and bought the shares in my hands, I naturally wouldn’t release these videos. However, you guys want me dead. So...” He sighed.

Everyone could hear Xiao Lingye’s tone. They knew that Xiao Lingye wanted to let them off originally. However, they were ruthless. They wanted to end Xiao Lingye’s life and career. They wanted him to lose his reputation. They even wanted him to be kicked out of the Imperial Capital University.

If they had cooperated well and used their money to buy the shares in his hands, they would not be in this state. They would not be the ones who had lost their reputation now.

“They are really vicious!” Someone outside sneered, “No one would have thought that it would be five people working together to frame one person. If I didn’t see it with my own eyes, I wouldn’t believe it either.

“No wonder the rumors on campus were so fierce. Everyone thought that senior Xiao Lingye had really betrayed the company’s interests. After all, as the shareholders of the company, it’s impossible for all five of them to betray the company’s interests just to frame one person, right?”

Someone immediately nodded in agreement, “That’s right. In the beginning, student Su Yang said that he would let the people from his rival company testify for him. Who would have thought that his competition would betray him?!”

“They are now businessmen. They have changed.” A student said in disbelief, “For their own interests, they’re willing to sell out the collective interests. This is really too selfish.”

“Now that the truth is out, Su Yang, Qiao Ruoyang, and the others have nothing to say, right?”

“I feel bad for Senior Xiao. He has been wholeheartedly working hard for the development of the company. Not only are some people sitting back and enjoying the fruits of his labor, but they’re also willing to go to great lengths to drive him out of the company for the sake of the interests in front of them.”

When Jiang Shuyu rushed over after receiving the news, she heard her classmates talking about the truth.

“Shuyu, you’re here.” When her close friend saw her, she pulled her arm excitedly and said, “Shuyu, we really misunderstood Xiao Lingye.”

Jiang Shuyu's heart jumped, and then she pretended to be calm and asked in surprise, "Ah, what's going on?"

Her best friend said excitedly, "It's like this..."

Then, she told the story one by one. Little did she know that her best friend, who was being held by her arm, turned pale. She looked at Xiao Lingye through the glass with a sharp and guilty look.

Her hands were clenched into fists, and her head was slightly lowered. Her beautiful eyes were filled with hatred.

She thought hatefully, 'Xiao Lingye, you're simply an unkillable cockroach!'

She knew very well that the situation had turned.

What she hoped the most right now was that the five of them would be expelled from school and that they would not implicate her. Otherwise, her reputation...

Jiang Shuyu simply could not imagine the consequences that would result from that.

How could this be?

Her plan was clearly so perfect.

She did not expect that she would lose because of this Manager Zhang.

'Manager Zhang, just wait.'

Inside, Xiao Lingye said with a faint smile, "Even if the truth is out now and I have cleared my name, I will not continue to stay in the company because I am disgusted. So, the shares in my hands will be sold. If any of you want to buy them, I'll auction them off in the student conference room at three in the afternoon!"

Manager Zhang's eyes lit up, and he immediately asked, "Manager Xiao, can we attend it too?"

Xiao Lingye smiled and said, "Of course!"

Chapter 812: Blame Each Other

After the truth about Xiao Lingye and his five business partners was revealed, it quickly spread throughout the entire campus.

Many people were shocked by this truth.

No one expected that it was really the five partners who joined hands to frame Xiao Lingye. Well, that was not entirely true either. Each of them had individually sold the company secrets without telling each other and then joined hands to frame Xiao Lingye.

The school naturally wouldn't choose to ignore the actions of Su Yang, Qiao Ruoyang, and others.

Most of the teachers and professors in the school admired a talent like Xiao Lingye. Who wouldn't like such a handsome, smart, capable, and talented student?

Although Xiao Lingye came from the countryside, he had been able to persuade others to start a company since his sophomore year. In just two years, the development of the company was obvious to everyone.

Xiao Lingye had turned from a young man from the countryside into a person with a small fortune. With time, his achievements would definitely be more eye-catching.

Therefore, the school attached great importance to Xiao Lingye.

Since Xiao Lingye was framed, the school naturally had to take certain measures against the five main culprits who framed him. The culprits definitely couldn't stay at Imperial University anymore.

Their family had a certain family background in Beijing, and they used pressure to demand that their children not be expelled. If they were expelled from the school, not only would their future be affected, but their family would also lose face.

But what kind of school was Imperial University? It was the number one school in China. It nurtured all kinds of people, and the country's top leaders were all from Imperial University.

So, would the school be afraid of a few trifling family forces?

In the end, Su Yang, Qiao Ruoyang, and the others were disgraced and expelled.

.....

But they weren't willing to accept it.

They had framed Xiao Lingye because of that woman, Jiang Shuyu. In the end, they were expelled from the school, but she was unharmed.

As for the company, it was their private property, so the school naturally wouldn't interfere.

At three o'clock in the afternoon, the auction of Xiao Lingye's shares officially began.

In the beginning, Li Fei technology company also intended to participate in the competition, but manager Zhang gave up on the competition when he got the notes from his superior.

Without Xiao Lingye, the company would be like a ship without any direction. It would only sway in the sea of commerce and eventually collapse. It could fall into the sea at any time and never get up again.

Therefore, without Xiao Lingye, there was no point in bidding for the company.

However, there were still many rich and powerful students in the university. They had always envied Su Yang and the others for being able to start a company on their own, and it was a company with a bright future.

Now, the opportunity was right in front of them. If they could bid for Xiao Lingye's shares, then they would immediately become the majority shareholders of the company.

These people saw the current development trend of Teng Fei technology company, but they did not think that this trend was created by the company's former majority shareholder, Xiao Lingye.

Of course, some of their classmates could also think of this.

However, the reason why they participated in the auction was that they had other plans.

They planned to become the majority shareholder of Teng Fei technology company. Then, when the time came, they would hire Xiao Lingye back. That would really be killing two birds with one stone. They had good dreams, but they didn't consider if Xiao Lingye was willing to come back to the company or not.

Xiao Lingye owned 20% of the shares of the company. With the current market value of 22 million, Xiao Lingye's shares were worth 4.4 million.

Xiao Lingye started the auction with a starting price of 2 million.

Looking at the meeting room that was filled with people, Xiao Lingye could not help but let out a sarcastic smile, especially when he saw that Su Yang and the others were also sitting in the meeting room. Their skin was really thick after they became businessmen.

Xiao Lingye did not restrict them from entering. In fact, Xiao Lingye's goal was to sell these shares to them.

Teng Fei technology company was just like the child he raised. He could not give his own child to someone else.

He believed it was the same for the other founders.

Xiao Lingye stood in front of the meeting room and said, "The auction of the shares in my hands begins. The starting price is two million. Each bid will be increased by 50,000. There is no maximum bid."

Many people estimated that Xiao Lingye's shares were worth around four million. Now that the starting price was just two million, many people were eager to give it a try.

Their families were not short of money, and many of them were even the heirs of their families. Perhaps they did not like this small company, but this company could give them some management experience. Plus, it would look good for them.

"2.2 million!"

"2.5 million!"

"3 million!"

"4 million!"

"4.2 million!" Su Yang shouted the price.

"4.3 million!" Qiao Ruoyang said directly.

"4.8 million!" Chu Xiangbei gritted his teeth and shouted.

...

In the end, only five people were left to compete with the others.

The price was already higher than the market value of the company's shares.

But even so, the five of them still had to buy the shares.

They had single-handedly founded the company, so why should they hand it to others? The new shareholder would even be the major shareholder.

“5,000,000!” Someone shouted again.

When he heard that, Su Yang frowned, then, he discussed with the other four people, “The value of Xiao Lingye’s shares is already higher than the market value. This company was founded by us. I don’t think any of you want to have an outsider as the major shareholder.

“However, the price is already higher than our expectations. My suggestion is that the five of us first buy these shares together and then, we divide them equally. How about it? This is better than letting an outsider benefit, right?”

After listening to Su Yang’s suggestion, the other four pondered for a moment and then agreed. After all, this was their own company. If they let others interfere arbitrarily, not only would they feel uncomfortable, but their rights and interests in the company would also be violated.

Therefore, their goal now was to be united against the outside world. As for what happened after that, that was their internal matter.

When the bid reached 5.6 million, the price still showed signs of rising. Su Yang represented everyone and directly shouted, “6 million!”

When the bid reached 6 million, the five of them felt their hearts bleed.

In the past, they could have bought Xiao Lingye’s shares for 4 million, but now they had to buy them back at an additional price of at least 2 million.

When Su Yang bid six million, there were only two or three people left.

As long as there was one more person, the auction would continue.

Among these three people, two of them really wanted to enter Teng Fei technology company, but one of them did not like the way Su Yang and the others acted, so he took part in the competition.

“Seven million!” Su Yang gritted his teeth and shouted.

“Seven million two hundred thousand!” The person shouted.

“Seven million three hundred thousand!” Su Yang said.

“Seven million five hundred thousand!”

“Seven million six hundred thousand!”

“Seven million nine hundred thousand!”

“Eight million!” Su Yang shouted again. Then, he looked at the person who took part in the competition with a sharp look and said through gritted teeth, “Ge Qingping, what are you doing? If you’re really interested in joining our company, fine. How about selling our shares to you for eight million?”

Ge Qingping raised his eyebrows and spread his hands. "I'm not interested in your shares. Fine, I won't bid anymore. You've won. Congratulations."

"So, you never thought about owning these shares, did you?" Su Yang came back to his senses, and his eyes were about to spit fire, "You've been playing with us and deliberately inflating the bidding price, right?"

Ge Qingping shrugged his shoulders carelessly and said with a mischievous smile, "You can think whatever you want. But congratulations, you got it right."

"Ge Qingping, you've gone too far!" Qiao Ruoyang and the others said indignantly.

"Have I gone too far?" Ge Qingping said, without any self-awareness, "Did I force you to participate in the auction? No, right?"

So what if he did it on purpose? If they felt the price was too high, they could have surrendered. But they had to fight for the bid with him.

Su Yang, Qiao Ruoyang, and the others were so angry that their faces turned green and white. They were extremely embarrassed.

Xiao Lingye had been watching from the side and did not participate in their conversation.

He knew that Su Yang and the others would definitely not allow his shares to be sold to others.

After all, half of their cake would be taken away by an outsider. As people who cared about profits, how could they be willing?

However, Xiao Lingye was also quite surprised by the outcome of the auction. He had initially estimated that the best price would be between five to six million. He did not expect that it would actually be eight million.

Looking at Su Yang and the others, Xiao Lingye felt a little pity for them. But they had brought this upon themselves.

In the end, Xiao Lingye sold the 20% shares that were originally worth four million to Su Yang and the others for eight million.

When the five of them saw the terms of the agreement, they were about to vomit blood.

But no matter what, they had to buy these shares back.

After signing the contract, the five people who remained in the office immediately had an internal conflict.

Pang Dayue directly said with a cold smile, "What did I say back then? I said that we should just buy the shares in Xiao Lingye's hands and get it over with. There wouldn't be so much trouble later on. But now, not only do we have to spend twice the original price to buy back these shares, but we also fail to ruin Xiao Lingye's reputation. Instead, we have ruined our own reputation. Su Yang, you're amazing!"

Dai Yimin echoed, "Su Yang, this is your idea. You said that we could ruin Xiao Lingye's reputation and that we could get these shares without spending a single cent. Su Yang, you have to compensate us for these losses!"

The school had yet to come to a conclusion on how to deal with them, but it would not be a good result. The lightest punishment might be a warning, and the most serious punishment might be expulsion.

This matter would probably be notified to their families soon. They had to select a scapegoat. Obviously, this person could only be Su Yang.

Because it was Su Yang who came up with all these ideas, and it was also Su Yang who invited their sworn enemy to come to the school to testify for them.

That was fine if their sworn enemy didn't turn on them. That was why they were in their sorry state.

"Yes, Su Yang. If you had not taken the initiative to invite manager Zhang from Li Fei, we would not have been exposed," Chu Xiangbei said in embarrassment, "Now, our reputations are ruined. Who would be willing to associate with us in the future?"

After today, the five of them had become infamous on campus. No, it was more than the campus. They had become infamous in the capital.

Thinking of this, Chu Xiangbei's vision turned black.

He had not only embarrassed himself, but he had also embarrassed his entire family.

"Su Yang, it was your bad idea that led us to this result. So, you must compensate us for our losses. Don't even think about getting 20% of the shares!" Qiao Ruoyang said with a very serious expression.

When Su Yang heard their words, his expression was dark.

He retorted, "When I first came up with these ideas, you all agreed. Now that the situation has turned out this way, you want to push all the blame onto me. In your dreams!"

Just as Qiao Ruoyang was about to retort, Su Yang said with a sneer, "The framing of Xiao Lingye aside, all of you have participated in the selling of company secrets. I was merely the unlucky one to be exposed."

Speaking up to this point, Su Yang paused for a moment. Then, his expression turned into mockery and ridicule. He pointed at them one by one and said sarcastically, "If it weren't for manager Zhang exposing all of you, I would have really thought that I was the only one who sold the new technology that Xiao Lingye developed to them. This is really funny. I thought that it was a flawless matter, but in the end, they took precautions and turned the tables on us. And..."

His expression changed as he said with a gloomy face, "If you had communicated with me earlier that you have sold the company secrets to Li Fei, at least I would have been prepared. I would have been suspicious, and I wouldn't have called Manager Zhang over to testify. And now you want to blame me for that?"

"You want me to give up my part of the shares?! There's no way!" Su Yang said angrily.

Qiao Ruoyang and the others were shocked by Su Yang's words.

Selling the company secrets to frame Xiao Lingye was not a good matter, so why would they tell others?

However, they never expected that every one of them had done the same thing.

The most hateful thing was that the people from Li Fei technology company did not tell them about it.

"That's not right." Pang Dayue reacted at this moment and asked in surprise, "Why would all of us do this at the same time? Why would all of us find Li Fei and Manager Zhang to sell the secrets to frame Xiao Lingye?"

When he asked that, Qiao Ruoyang and the others felt their hearts skip a beat, and an answer was on the tip of their tongues.

At this moment, Chu Xiangbei suddenly said, "Don't tell me... Jiang Shuyu?"

"Yes!"

When the answer came out, the five of them looked at each other in dismay.

"Jiang Shuyu promised me that as long as I chased Xiao Lingye out of the company, she would be my girlfriend."

"Jiang Shuyu also promised me that as long as I chased Xiao Lingye out of the company, then she would be my girlfriend."

Chapter 813: The Goddess turns into a Whore

When the five of them revealed the cause of their actions, they were simply stunned. Oh, or perhaps it could be said that they were too shocked.

They had never expected that Jiang Shuyu would seduce all of them.

"No, that's impossible. Jiang Shuyu promised me that as long as I successfully chased Xiao Lingye out of the company, she would agree to become my girlfriend!" Qiao Ruoyang said with a clear sign of breaking down, "She and I, we still..."

"Still what?" Pang Dayue's face was filled with anger at this moment. He said very loudly, "Did she kiss you? Then, after you succeed, she promised she'd sleep with you?"

When the other four heard this, their expressions froze! That was exactly what she said.

The reason why Jiang Shuyu was able to become the emperor of the imperial capital, the campus belle of a high school, was not only because of her beautiful appearance but also because of her deep family background and powerful influence. To many men, she was very attractive, and this was because marrying such a woman would save them at least 60 years of hard work. Moreover, she was beautiful.

Unfortunately, almost everyone at Imperial University knew that the person Jiang Shuyu liked the most was Xiao Lingye.

However, she took the initiative to pursue him but was rejected. This caused her to lose face and have resentment in her heart. Therefore, no one was surprised that she wanted to take revenge on Xiao Lingye.

However, the image that Jiang Shuyu displayed to the public was dignified, kind, gentle, and understanding. She was the ideal wife for all men. Almost no one would believe that Jiang Shuyu would want to take revenge because she was rejected by Xiao Lingye.

However, Jiang Shuyu was very good at using men. She used her beauty to seduce Qiao Ruoyang, Su Yang, and others. Moreover, she seduced all of them to ensure that she would succeed.

After they successfully chased Xiao Lingye out of the company, Jiang Shuyu would give them a deep kiss. Then, she would find all kinds of reasons to break up with them.

When Jiang Shuyu asked them to do things, she said, "Before I become your girlfriend, I don't want others to know about our relationship."

At that time, the five of them had the same question. "Why?"

.....

Jiang Shuyu said with some worry, "Think about it. If people find out about our relationship, don't you think people will suspect that I have something to do with Xiao Lingye being chased out of the company?" Then, she looked at them with a pleading and pitiful gaze and said, "Darling, for my reputation, can you promise me this once?"

No man could refuse such a beautiful woman's pleas. Therefore, all of them agreed. However, the failure of their plan exposed Jiang Shuyu's true purpose.

"Damn it, that bitch!" After Chu Xiangbei found out the truth, his veins bulged in anger, and he threw a fist at the table. Only now did they know that the five of them had been used by Jiang Shuyu.

She had offered an irresistible seductive condition, which was to be their girlfriend. Everyone thought that they would become Jiang Shuyu's girlfriend but in the end...

"Impossible, impossible!" Su Yang suddenly shouted in disbelief. His expression was ferocious as he said, "Shuyu clearly promised to be my girlfriend, so how could she possibly agree to be your girlfriend?"

The reason why he was so cruel to Xiao Lingye was that Jiang Shuyu had promised to be his girlfriend. Another reason was that she was jealous of Xiao Lingye.

The truth of the matter had given him too much of a shock and a heavy blow. He would never have thought that Jiang Shuyu would make the same promise to his other partners as well.

Jiang Shuyu was just using them. They were all idiots. The others also didn't want to believe this.

Qiao Ruoyang's blow was no less than Su Yang's. He had been listening to Jiang Shuyu, and that was why he set up Xiao Lingye.

Qiao Ruoyang's expression was abnormally ugly, and he couldn't hide his anger as he said, "Let's call Jiang Shuyu over to confront her."

If she were really a slut, she had to give them an explanation for the mess they had made this time.

Otherwise...

Qiao Ruoyang's face revealed a sinister expression.

The others all agreed.

The reason why they messed with Xiao Lingye was that Jiang Shuyu had seduced them.

Now they knew that she was only using them. No one could swallow this humiliation.

Jiang Shuyu had always contacted them on her initiative. They didn't think much about that in the past.

Now that they wanted to call Jiang Shuyu over, only one of them could do that.

Dai Yimin, who had been silent the entire time, took out his phone and took a deep breath. Then, he took out his phone and made a call. When the other party picked up, he said in a mushy manner, "Baby, our plan has failed. I really want to see you. Where are you?"

When everyone heard Dai Yimin call Jiang Shuyu "Baby", their expressions were extremely ugly.

They opened their mouths and wanted to say something, but as if they had thought of something, they endured it.

On the other side, when Jiang Shuyu saw the phone display, she wanted to reject the call. However, as she thought of something, she picked up the phone. Jiang Shuyu had no choice but to comfort her, "Yimin, it's alright. As long as Xiao Lingye is still at Imperial University, we still have a chance."

Unexpectedly, Dai Yimin seemed to be very angry and said angrily, "Yes, Xiao Lingye is still at imperial university, but I might not be at Imperial University anymore. Don't you know that?"

When Jiang Shuyu heard Dai Yimin's tone, she looked a little unhappy. However, in order to calm Dai Yimin, she said, "Yimin, don't worry. You won't be expelled from Imperial University. At most, you'll be given a warning."

Dai Yimin's eyes lit up, and he said a little excitedly, "Shuyu, is what you said true? I won't be expelled?"

When the others heard this, their eyes lit up as well. Then, they signaled with their eyes to Dai Yimin. They didn't want him to call Jiang Shuyu over for the confrontation anymore. Dai Yimin received the hint.

After hanging up the phone, Dai Yimin said with slight anger and confusion, "Why don't you let me call her over?"

Chu Xiangbei said very seriously, "Didn't you hear her say that you won't be expelled? Since she said so, then we'll make her keep her promise. If we expose her, do you think she'll still help us?"

Imperial University was the number one university in the country. With their current mistakes, it was very likely that they would be expelled, unless a large force could suppress them.

Jiang Shuyu was a member of the Jiang family. The Jiang Family was powerful enough to influence the university admin. Therefore, even if they had lost such a big face in the school, they still hoped to stay at the university.

After hearing Chu Xiangbei, the other five people were silent for a moment.

“Since Jiang Shuyu can promise me, she can also promise the rest of us!” Pang Dayue said. “Now, we will contact her individually.” When he said this, his tone was very cold.

After being exposed by others, Jiang Shuyu’s image changed from a goddess to a promiscuous whore.

Moreover, they were now awake, and they knew very well that no matter what they did, Jiang Shuyu would never be their girlfriend. Since that was the case, they would use her back.

After Jiang Shuyu hung up on Dai Yimin, she felt a little uneasy. She was a little worried that the five might have found out the truth. But soon, she comforted herself, “Those people are so stupid. They definitely won’t think that I would do this.”

Then, Jiang Shuyu received calls from the men, one after another. Jiang Shuyu made the same promise to all of them.

Then, she went to find out what the school would do to them. If she could help them a little, she would have them wrapped around her fingers even more. That was not a bad idea.

Jiang Shuyu found out the result. “What?” Jiang Shuyu asked in shock, “Principal Liu, the actions of Qiao Ruoyang and a few other students are common in the business world. The winner takes all. They won’t be expelled, right?”

Principal Liu looked at Jiang Shuyu with some doubt and asked, “Student Jiang, why do you care about them? What kind of relationship do you have with them?”

Jiang Shuyu’s expression changed, and then she smiled and said, “Principal Liu, I was sent by someone to inquire about the situation. I just think the punishment is a little serious.”

Principal Liu then said seriously, “Student Jiang, this is the result of the discussion at the school board meeting. It doesn’t concern you. You can leave now!”

Jiang Shuyu could only leave in embarrassment. She had long expected that this might be the result, but...

Soon, the results of the school’s punishment of SU Yang, Qiao Ruoyang, and others were announced.

When the five of them learned that they were going to be expelled, they were extremely emotional and found it hard to accept. What was even harder to accept was that even their family’s donations to the university didn’t help.

As soon as they returned home, Father Su gave Su Yang a big slap. “Bastard, just who did you offend in the school?”

Su Yang was stunned. He covered his face that had been slapped and said with some doubt, “Apart from that Xiao Lingye, there’s no one else.”

“You’re still not telling the truth!” Father Su said angrily. “If you only offended a country boy, why would the university reject my offer to donate 10 million?”

Su Yang’s expression was stunned. He frowned and couldn’t figure it out.

At this time, Father Su said again, “Principal Liu told us that you offended someone you shouldn’t have offended. That person has power and influence in the capital. That person gave the school a message that this issue must be dealt with impartially.”

Su Yang was dumbfounded. He never expected that the reason they were expelled was because of this.

However, the only person they offended was Xiao Lingye.

However, they were very clear about Xiao Lingye’s background. He was just a country bumpkin who came from a small rural area.

The same thing happened to the other four people.

They were all dumbfounded.

The person they offended was only a country bumpkin, Xiao Lingye. Now, they were told that the person they had offended was a powerful family in Beijing.

“This is impossible!” Su Yang did not believe such a truth at all. His emotions nearly collapsed.

Father Su said angrily, “It’s the truth! You bastard! The company was doing well. Even though he has the identity of a major shareholder, he’s still making money for you,” Father Su said angrily, “Why would you frame him? Now you’ve lost everything. You’ve caused me to lose face in front of all my relatives and friends.”

In the past, he had been very proud of his son.

After all, at the age of twenty, he started a company with his own ability. From a small company, he had become a small and medium-sized company with more than twenty million RMB in two years. Moreover, the development potential of this company was bright.

This was his son’s ability, and it made him, as a father, very proud.

But now, he was ashamed.

In the business world, it was understandable to play some tricks. However, if you want to play tricks, you should play them smartly and not let others catch you. However, his son had lost everything.

Su Yang said, “Dad, I really don’t know what background that Xiao Lingye has.”

Father Su asked very seriously, “Tell me, why did you frame him for no reason?”

Su Yang’s face suddenly became conflicted. Then, he said truthfully, “It was because of a woman!”

Another big slap was thrown over. Father Su said angrily, “You’re really something else. You framed your own brother for a woman?”

Su Yang immediately explained, "Dad, Listen to me. That is not an ordinary woman. She is from the Jiang family."

Father Su narrowed his eyes and said in disbelief, "A woman from the Jiang Family? Which Jiang Family?"

"Which Jiang family can there be?" Su Yang said resentfully, "She asked me for help. She said that as long as I kicked Xiao Lingye out of the company, she would be my girlfriend. Jiang Shuyu is beautiful and has a powerful background. At that time, I thought that I could use this matter to form a relationship with the Jiang family. That would be very beneficial to our family, so..."

Businessmen pursued profits!

Su Yang, the son of a businessman, naturally pursued profits.

If Jiang Shuyu were just an ordinary woman, no matter how beautiful she was, he wouldn't do this.

However, it was because Jiang Shuyu was a member of the Jiang family that they agreed to help her.

However, they never expected that the consequences would be...

After hearing Su Yang's words, Father Su was silent for a moment. After pondering for a moment, he said, "Since you were bewitched by that woman and ended up in this state, naturally, we also need to ask her for an explanation. That isn't too much to ask, right?"

Su Yang said, "But dad, Jiang Shuyu is a member of the Jiang family after all. If we ask the Jiang family for an explanation, then..."

Father Su waved his hand and said, "Those upper-class socialites in the capital value their reputation the most. So, they must give us an explanation for this matter!"

The other four parents also had the same thought.

Therefore, Jiang Shuyu received this message from all of them.

"Jiang Shuyu, we were instigated and instructed by you to frame Xiao Lingye. Now that we have been expelled, you must give us an explanation. Either the school will take back this punishment, or you will admit to the whole school that you were the one who wanted to take revenge on Xiao Lingye and seduce us with your beauty."

She had to bear the responsibility too.

Chapter 814: Threatened

?

"Not bad, Ye 'Er, well done!" After knowing the result, Gong Tianhao praised him without holding back. "They never thought that you would install an invisible camera!"

Xiao Lingye said with a smile, "One cannot be too careful. At first, I trusted my partners, but as the company developed, they seemed to be more and more dissatisfied with me taking a large share of the company. I had to be more careful!"

Gong Tianhao sighed and said, "Ye 'Er, your growth is really impressive!"

The children of the Xiao family were indeed smart and outstanding.

Xiao Lingye said humbly, "My brother-in-law is the emperor of the business world. If I can't even handle this, I would definitely be laughed at."

As Xiao Lingye said this, he suddenly thought of something and asked, "Brother-in-law, the results of the school's treatment of Su Yang and the others are out today. They were expelled. Did you intervene?"

Based on the family background and financial resources of these five people, as long as their families made little contribution to the school, they would not be expelled. However, the fact was that they had been expelled. The person who would interfere in this matter could only be her brother-in-law.

His sister didn't have this weight in Beijing.

Gong Tianhao nodded his head in a protective manner, "Yes, those people actually dared to scheme against you. Naturally, they will be punished. It's already magnanimous of me to only have the school expel them and not attack their family."

Xiao Lingye said gratefully, "Thank you, brother-in-law!"

Gong Tianhao immediately brought up another matter and said, "The reason why those five idiots suddenly attacked you at the same time was because they were bewitched by a woman."

Xiao Lingye was slightly puzzled. "Woman? Who is it?"

"Jiang Shuyu!" Gong Tianhao said.

Xiao Lingye was slightly surprised. "Jiang Shuyu? How could this be? Other than rejecting her, I haven't offended her."

Gong Tianhao smiled and said, "Ye 'Er, you don't understand women, right? Jiang Shuyu was born into the Jiang family. She came from a wealthy family and had good looks. Such a woman will be very proud and even conceited.

"She thinks that since she likes you, you must like her. But you rejected her, making her feel that she has lost face. This woman is very narrow-minded and wants to take revenge on you. She wants to see you in a sorry state and even lose your reputation. She wants you to face the consequences of rejecting her."

Xiao Lingye opened his mouth in shock and said in disbelief, "Is there something wrong with her?"

Such a woman was really too terrifying. Xiao Lingye felt a chill run down his spine.

Gong Tianhao smiled and said, "Of course, her brain has a big problem. Their problem is that they are too conceited and arrogant. They want all the men in the world to revolve around them."

This was the first time Xiao Lingye had encountered something like this. Xiao Lingye came to his senses and asked in surprise, "So Su Yang, Qiao Ruoyang, and the others betrayed me and framed me because of Jiang Shuyu?"

“Yes.” The corner of Gong Tianhao’s mouth curled up as he said, “She promised to be their girlfriend after they kicked you out of the company and the Imperial University?”

“Their girlfriend?” Hearing this answer, Xiao Lingye asked in shock, “How could she be their girlfriend at the same time?”

Gong Tianhao only revealed a sarcastic smile and didn’t directly answer Xiao Lingye.

Xiao Lingye said in astonishment after he realized the truth. “I have no idea she’d be so crazy. It’s unbelievable. Fortunately, I really don’t like that woman. Otherwise...” it was impossible to know how many times he would have been cuckolded.

Gong Tianhao said, “You can’t tell a person’s heart from her face! When looking for a woman, you can’t just find a beautiful one. You have to find a suitable one.”

Xiao Lingye rolled his eyes and asked curiously, “Brother-in-law, how did you take a fancy to my sister back then? Wasn’t it because she was pretty?”

“Of course not!” Gong Tianhao denied it.

“It wasn’t?” Xiao Lingye was a little puzzled. “Then, does that mean my sister wasn’t pretty enough?”

“Of course not.” Gong Tianhao added, “Your sister is quite pretty, the most beautiful woman.”

“So, brother-in-law, did you fall in love with my sister because she was beautiful or not?” Xiao Lingye asked with a smile.

“Erm. How shall I explain it?” Gong Tianhao thought for a while and said, “Fate made us fall in love, didn’t it?”

At this point, he paused for a while and then said, “Of course, when fate comes, you have to take action. You also know that I was the one who pursued your sister back then. Your sister was moved to marry me in the end, right?”

“...” Xiao Lingye was silent for a long time before nodding and agreeing, “Yes, you’re right! Back then, you were indeed the one who pursued my sister!” He did not expect that his brother-in-law’s skin was getting thicker and thicker! But that was also true. If not for his brother-in-law’s thick skin, he would not have been able to pursue his sister.

At that time, his sister was in a state of emotional distress. How could she be so easily moved?

Gong Tianhao asked, “You sold the shares. Do you have any plans now?”

Xiao Lingye thought for a moment and said truthfully, “I sold the shares of the company as a temporary plan. Teng Fei technology company is like my child. I can’t just give it away.”

“Oh, so you do have a plan.” Gong Tianhao asked with some interest.

Xiao Lingye nodded, “That’s right. With the current achievements of Teng Fei technology company, other than my excellent skills, I was the one who negotiated the cooperation orders with many enterprises. Now that I’ve left that company, those partners will cancel their orders one after another.

Therefore, Teng Fei technology company will soon lose its orders. A company without business will soon face bankruptcy.”

Gong Tianhao immediately understood Xiao Lingye’s meaning. He said with a serious expression, “So, at that time, you can take the opportunity to buy everyone’s shares.”

“Yes!” Xiao Lingye nodded, “A company with no orders and no business will definitely be sold when it is on the verge of bankruptcy. At that time, I will take back the company.”

Gong Tianhao agreed with him and nodded, “Yes, that’s right. If you need brother-in-law’s help in the future, don’t be shy. Just say the word.”

Xiao Lingye nodded, “Yes, thank you, brother-in-law. I will definitely do that.”

Now that he had a backer, he had confidence.

Xiao Lingye suddenly thought of something and asked, “Brother-in-law, do you know the President of Xun Teng technology company, Lei Junshan?”

Gong Tianhao said with a smile, “Yes, that’s right. He’s a classmate of mine from university. Why?”

Xiao Lingye immediately understood when he heard that. He said, “So, manager Zhang of Li Fei technology company suddenly changed his words because of Master Lei.”

“Master Lei?” Gong Tianhao was a little puzzled.

“Oh, it’s President Lei Junshan!” Xiao Lingye said with a smile, “People in our industry are used to calling him a master.”

Gong Tianhao nodded to show that he understood. Then, he said, “Well, I know you’re in this industry, so I mentioned it to Lei Junshan. He said that you’re a talent and wanted to train you as a disciple. He volunteered to help you.”

Xiao Lingye’s eyes lit up, and he said excitedly, “Brother-in-law, is what you said true? Master Lei wants to take me as a disciple?! Wait. He is not doing this because of you, right?”

When Gong Tianhao heard this, he immediately knocked on his head and said with a laugh, “How is this possible? What kind of person do you think Lei Junshan is? He doesn’t take anyone as his disciple. He won’t compromise because of anyone.”

Xiao Lingye rubbed his head and said with a silly smile, “I just can’t believe such a fact.”

Hearing that Lei Junshan would accept him as his disciple, Xiao Lingye could not calm down. He was very excited, but he was worried that he would not be able to impress Lei Junshan.

Gong Tianhao looked at him and said with a laugh, “Don’t worry. Junshan told me that your talent is not bad. He is definitely going to accept you as his disciple. Two days ago, he went to school to look for you. In fact, he wanted to see your ability and character. In the end, he was quite satisfied.”

The main reason was that Xiao Lingye had talent and ability. Furthermore, he had no problems with his character.

Anyone would like a child like him.

Furthermore, Xiao Lingye was able to turn the tables when no one knew of his identity and background. He was a country bumpkin who no one thought had any backing.

Most importantly, Xiao Lingye was able to remain calm and composed throughout the entire situation. He did not panic.

Hence, Lei Junshan was impressed at once. Taking him in as a disciple was not out of respect for Gong Tianhao.

Xiao Lingye rubbed his hands and was so excited that he did not know what to do. Then, he said to Gong Tianhao, "Brother-in-law, after I become Master Lei's disciple, I will definitely continue to work hard. I will work hard and not lose my master's face."

Gong Tianhao smiled and said, "You should tell this to your future master."

At this point, Gong Tianhao said, "In two days, we will have a meal with your master. Also, call your sister along."

This meal was very likely to be a teacher-disciple ceremony. It would definitely be better to call Xiao Lingyu along.

"Thank you, brother-in-law!" Xiao Lingye said with a smile.

...

On the other side, after Jiang Shuyu learned that Su Yang and the others had been expelled from the imperial university, she felt a little flustered and uneasy.

Soon, the messages came.

"Jiang Shuyu, we were instigated and instructed by you to frame Xiao Lingye. Now that we have been expelled, you must give us an explanation. Either the school will take back this punishment, or you will admit to the whole school that you were the one who wanted to take revenge on Xiao Lingye and seduce us with your beauty." Su Yang said fiercely.

"How dare you!" After Jiang Shuyu received this threatening phone call from Su Yang, she was so angry that her face turned ashen. She gritted her teeth and said furiously, "It was you who did something treacherous for your own interests. I only said a few words. I did nothing."

Before Su Yang called Jiang Shuyu, he had already predicted that she would say something like this. "That's right. You did nothing. You didn't kiss me, no, wait. You didn't kiss us. You also didn't promise to have sex with us. Actually, wait, you did." Su Yang deliberately emphasized the word 'us'.

Jiang Shuyu's face turned pale. She anxiously and angrily asked, "Su Yang, you bastard, what do you mean by this?"

Su Yang sneered, "What else can I mean? My meaning is very simple! Since Miss Jiang wants to play dumb with me, I might as well tell you the truth. Miss Jiang, not only did you use your own beauty to tempt me, but you also used your beauty to tempt other men. Miss Jiang, is that clear enough?"

By then, it was pointless for Jiang Shuyu to continue pretending.

“Oh, right, Miss Jiang, I’m not the only one who knows about this. They also know,” Su Yang added.

Jiang Shuyu’s face instantly turned green and white. She shouted anxiously and angrily, “You bastards!”

These were untrustworthy people. They had promised her that they wouldn’t tell anyone about their relationship. But in the end?

Jiang Shuyu took a deep breath and pretended to be calm as she asked, “What exactly do you want?”

Su Yang sneered, “We don’t want anything. We just want to go back to school and at least let us stay until we graduate. This request isn’t too much, right? With Miss Jiang’s ability, this is a small matter.”

Jiang Shuyu angrily said, “How is this a small matter? When I first found out that you were in danger of being expelled, I tried my best, but the school insisted on expelling you. What can I do?”

Jiang Shuyu didn’t lie. Back then, she had tried to plead with the school admin, but the school insisted on expelling them. There was nothing she could do about it

Su Yang only wanted results and wasn’t willing to listen to her explanation. He sneered again, “Miss Jiang, haven’t you always been bragging about being a member of the Jiang Family? You might be powerless, but Jiang Family is powerful.”

“1...” Jiang Shuyu’s face was livid with anger. She really wanted to refuse, but now the evidence was in the hands of the other party.

She was extremely regretful now.

If she had known that it would be so troublesome later on, she would not have been willing to sacrifice her reputation to scheme against Xiao Lingye.

Now, she felt like she was lifting a stone to hit her own foot.

Xiao Lingye was fine now. He lost his company, but the amount of money he received was twice the value of his original shares. It was a huge advantage. Most importantly, his reputation was not harmed at all.

On the contrary, the five men were simply idiots. They said that they were wealthy businessmen in the capital, but they were worse than a peasant from the countryside. They failed to set one peasant up, and they were set up instead.

Most importantly, the fact that she had used them was exposed too. If she didn’t handle this properly, her reputation would be greatly damaged.

She was Jiang Shuyu, the campus belle of imperial university, the goddess of all the boys. Her image couldn’t be ruined.

Jiang Shuyu took a deep breath and said, “Alright, I’ll handle this matter as soon as possible. But...” Speaking up to this point, Jiang Shuyu warned sternly, “I don’t want to hear any news about me. Otherwise, your families will be waiting for the Jiang family’s revenge!”

Their families did have some money, but even if they joined forces, they were nothing in front of the Jiang family.

Therefore, if the Jiang family wanted to destroy them, it would be a very simple matter.

Su Yang smiled and said, "Miss Jiang, don't worry. What we want now is reparation. As long as you do good by us, you'll still be the goddess in the hearts of all the male students, right?"

Jiang Shuyu angrily hung up the phone.

She was angry and hateful!

But what could she do?

Chapter 815: The Reputation of a Bitch

Regarding the matter between Su Yang, Qiao Ruoyang, the others, and Jiang Shuyu, Xiao Lingye heard about it from his brother-in-law. However, when he arrived at school, rumors began to spread.

"Ye, have you heard about it?" As soon as Xiao Lingye returned to the dormitory, his roommate asked mysteriously.

Xiao Lingye frowned slightly and asked with some doubt, "Heard about what?"

His roommate said in surprise, "Did you really not hear about it?"

Xiao Lingye immediately said in amusement, "Tell me what it is first."

His roommate looked outside the door and then said to Xiao Lingye in a low voice, "Now it's gradually spreading in the school that you were framed by those bastards, Su Yang and Qiao Ruoyang, at the behest of Jiang Shuyu."

"Oh!" Xiao Lingye was not surprised at all. His expression was very calm.

"Oh?!" His roommate asked curiously, "Ye, why do you look so calm? Do you know about this?"

Xiao Lingye glanced at him. "Didn't you say that it's a rumor in the school? Since it's a rumor, of course, I've heard it too. There's nothing to be surprised about."

In fact, he had heard about it from his brother-in-law, and he had even heard about something even more surprising from his brother-in-law.

But, Xiao Lingye was not a gossipy person so he was not going to contribute to the rumors... or truth. He decided to stay away from those people. As long as they did not offend him again, he could not be bothered to care about what happened to them.

After hearing Xiao Lingye, his roommate was bored. Then, he rolled his eyes and said with a mysterious expression, "Ye, I also heard a rumor. Only a few people know about this rumor. I also heard it from a classmate in the student union."

Xiao Lingye could not help but roll his eyes. Then, he said in a bad mood, "No matter what rumor it is, it is still a rumor. It may not be believable."

His roommate shrugged his shoulders and said, "Yes, I normally don't listen to rumors. However, these rumors all involve you, so of course, I'm curious. Ye, let me tell you. When I heard that rumor, I found it somewhat unbelievable."

Xiao Lingye tidied up some textbooks on the table and ignored him.

His roommate then continued, "I heard that Su Yang, Qiao Ruoyang, and the other three decided to set you up because Jiang Shuyu promised to be their girlfriends after they were successful." Speaking up to this point, the roommate paused for a moment, his eyes still filled with disbelief as he said, "Tsk tsk, this Jiang Shuyu is the goddess of all the male students in the school. She has good looks and good family background.

"But who would have thought that the goddess, who looked as pure as jade on the surface, would have such a vicious nature. Just because you rejected her, she found five of your business partners to set you up.

"But her methods are really crazy. I heard that in order to completely incite your business partners, she promised Su Yang, Qiao Ruoyang, and the others to be their girlfriends."

At this point, he said in surprise, "Ye, what do you think Jiang Shuyu is thinking? Isn't she afraid of being exposed by the five of them? What's even weirder is that the five of them didn't even know that they were led by the nose by the same woman. I have to say, Jiang Shuyu is quite capable."

Xiao Lingye had heard about this from his brother-in-law long ago, so his expression didn't change at all.

Disappointment flashed across his roommate's face. He asked in a bored manner, "Ye, why aren't you surprised at all? These people clearly joined hands to frame you."

Xiao Lingye stopped what he was doing and said seriously, "Actually, there's nothing to be surprised about. Because I know all these things."

"You do?" It was his roommate's turn to be surprised. "Don't you feel angry?" At this point, his roommate said indignantly, "To think that I used to treat Jiang Shuyu as the goddess in my heart. She was so beautiful and holy that I didn't even dare to blaspheme her name. But she has a venomous heart.

"She must be crazy. Just because you rejected her once, she thought of collaborating with your partner to set you up. She wants you to be kicked out of the company, lose your reputation, and be kicked out of the imperial university. All the roses have thorns." The roommate sighed.

Xiao Lingye said, "You can't say that so absolutely. Some beautiful women have beautiful hearts too." His sister was also a beautiful woman. She was the most beautiful woman, but his sister was not vicious at all.

His roommate was surprised. He said, "Ye, you actually know so much about women. Do you know many beautiful women?"

Xiao Lingye did not deny it. He nodded and said, "Indeed, I know a lot of beautiful women!" His two sisters were beautiful, and his sister hired many beautiful women at her company.

“Ah, Ye, are you serious?” His roommate suddenly had a feeling of eagerness. He said a little excitedly, “Then Ye, can you introduce one or two of them to me?” Xiao Lingye had very good taste. The women he said were beautiful must be beautiful.

Xiao Lingye grinned and said, “Hehe, I’m sorry. The beautiful women I know either have already married and had children, or they already have boyfriends. You don’t stand a chance. So, you should try your best to find a good girl on your own.”

When his roommate heard that, he had a suspicious look on his face. “Ye, you’re not lying to me, right? How can all the beautiful women you know have married, have children, or have boyfriends?”

Xiao Lingye said firmly, “It’s true.”

“I don’t believe you.” His roommate still did not quite believe it.

“Whether you believe it or not, this is the truth!” Xiao Lingye could not be bothered to argue with him. He thought for a moment and said, “In fact, the women I know are much more beautiful than Jiang Shuyu.”

His roommate did not speak.

Xiao Lingye had always said that he knew many beautiful ladies, even more beautiful than Jiang Shuyu, but he still expressed his doubts.

Other than her vicious heart, Jiang Shuyu indeed had a goddess appearance. Her looks and charisma were definitely not ordinary. He did not think that there were any women who could compare to Jiang Shuyu.

Xiao Lingye did not explain to him. He packed a few books and said to his roommate, “I’m going to class. Are you coming?”

His roommate reacted and immediately packed a few books as well. He said, “Yes, let’s go together. It’s Professor Dai’s class. I don’t want to be late.”

Then, the two walked side by side to the classroom.

On the way, many classmates were pointing at them behind their backs.

“What’s so good about him?” Someone sneered and said, “A goddess fell off the altar just to get revenge on him. It’s really unbelievable.”

“I never thought that Xiao Lingye’s partners would suddenly frame him. But the biggest surprise is that Jiang Shuyu was the one who instigated and instigated them.”

“Yeah, it’s really hard to know a person’s heart!” Someone chimed in, “Who would have thought that a pure and innocent girl, the goddess in the hearts of all the male students in the school, would be so narrow-minded and vicious? Just because Xiao Lingye rejected her invitation to dinner, she started to take revenge on him.”

“Now that Su Yang, Qiao Ruoyang, and the others have been expelled from the school, while Jiang Shuyu is safe and sound, they seem to be asking Miss Jiang to give them an explanation.”

“These people are so shameless.” Someone said disdainfully, “Back then, they betrayed their brothers and partners for a woman. Now that they have failed, they want that woman to give them an explanation. Are they still men?”

“Since they chose to betray Senior Xiao back then, they should have thought about what would happen if they failed.”

“Senior Xiao is also very capable.” Someone covered his mouth and laughed, “Not only did he reject the goddess, but he was also calm and collected towards the sudden betrayal of his brothers.”

“That’s right. Think about it. If it were anyone else in his shoes, they would have been so agitated that they would have broken down. But Senior Xiao was unfazed. At first, we all thought that he was pretending to be calm, but who would have thought that he was already prepared?”

“Do you guys think that it’s true that Jiang Shuyu instigated Su Yang and the others to frame Xiao Lingye?” Some people were still doubtful.

After all, Jiang Shuyu’s goddess image in his heart had already taken root. He didn’t want to believe the sudden rumors at all.

“These are just rumors. Who knows if they’re true or not?” Someone said, “But whether they’re true or not, it’s none of my business. I’m just happy to listen to the gossip.”

After all, it had nothing to do with her.

Moreover, she was not a boy. She used to be envious of Jiang Shuyu, but now she felt nothing. She was just a simple student, not a vicious person.

Xiao Lingye heard the discussions of his classmates and ignored them.

Jiang Shuyu hid in a corner when she heard the rumors. She stomped her feet in anger, her face ashen.

She cursed in her heart, ‘These bastards!’

Then, she picked up the phone angrily and made a call. When the call was picked up, she asked angrily without waiting for the other party to speak, “What’s going on with you guys? Didn’t I tell you to wait for my news? Why is the entire campus filled with rumors about me now?”

She called Su Yang directly. When he heard Jiang Shuyu’s angry tone, he curled his lips and sneered, “Jiang Shuyu, you told us to wait for news, but how long has it been? It’s impossible for us to wait indefinitely.”

After that, his expression changed as he coldly said, “Jiang Shuyu, I’ll give you three more days. If you don’t give me a reply in these three days, the rumors might turn into truths.”

“What?” Jiang Shuyu’s face turned pale. She asked incredulously, “What do you mean by that?”

“Hehe...” Su Yang sneered, “Don’t tell me you thought that we didn’t have any evidence after so many dates?”

He was now glad that he had been careful and recorded their phone records and their conversation during the date. Otherwise, he wouldn't have been able to do anything to Jiang Shuyu just by relying on those rumors.

Whether or not they could return to Imperial University and persevere until graduation would depend on Jiang Shuyu.

This was related to their future, so they had to be careful.

Jiang Shuyu's breathing froze for a moment. Then, she took a deep breath and said, "Okay, I'll give you an answer in three days!"

Su Yang hung up on Jiang Shuyu proudly. Little did he know that after Jiang Shuyu hung up on him, a ruthless look flashed across her eyes. The veins in her hands were bulging, twisted, and ugly.

Jiang Shuyu took a deep breath again and then called home. "Mom..."

After hanging up, Jiang Shuyu's expression relaxed slightly.

She couldn't handle this on her own, so she had to rely on her family.

When Father and Mother Jiang heard what Jiang Shuyu said, they were both angry, especially since it involved their daughter's reputation. So, no matter what, they had to deal with it. Once her reputation was affected, in the future, it would be very difficult for Jiang Shuyu to marry a powerful person.

This was because no aristocratic family would allow their daughter-in-law to have any flaws in their reputation.

Father Jiang said angrily to Mother Jiang, "Look at what your good daughter has done. Why would she waste time harming a country boy? Now she is really asking for it."

Mother Jiang also said angrily, "My daughter? Isn't she your daughter too? Now that something has happened, you want to blame it on me?"

Father Jiang was momentarily flustered and didn't know what to say.

Mother Jiang softened and then said, "Alright, things have already become like this. Let's not blame each other and settle the matter first! Shuyu said that the few of them had failed to set up that poor kid and had instead been set up. Because of this matter, they had been expelled. Therefore, their request is to return to the school. Otherwise, they will ruin Shuyu's reputation."

Father Jiang also calmed down and said, "It looks like I have to call the university."

Then, Father Jiang called the school. As soon as the call was connected, he said with an air of superiority, "Principal Zhang, I'm Jiang Rong of the Jiang family. It's like this..."

From the very beginning, he had taken the initiative and introduced himself as a member of the Jiang family.

"Principal Zhang, this is about Su Yang, Qiao Ruoyang, Dai Yimin, Chu Xiangbei, and Pang Dayue. These children are just joking. They won't be expelled, right?"

Jiang Rong's arrogant tone was followed by a change in his expression, "What did you say? The expulsion is based on a powerful party's request. No, principal Zhang, did you not hear clearly? These are just a few kids messing around. What? Someone insisted that the school should handle this impartially? Who is it?"

Jiang Rong couldn't get anything from Principal Zhang, and he hung up the phone with a bad expression.

When Mother Jiang saw this, she immediately had a bad feeling. She asked, "How was it? How did it go with principal Zhang?"

Father Jiang said with a livid expression, "He said that the school has already punished them, and there's no reason to take it back."

"So, they can't go back to school?" Mother Jiang said with some worry, "Then what should we do? If those people can't go back to school, they won't let Shuyu off. What about Shuyu's reputation?"

Father Jiang glanced at Mother Jiang and comforted her, "I'll ask around about this and see if I can find anything. Don't worry!"

Father Jiang naturally felt that something was wrong. The boy was just a country bumpkin. The school wouldn't offend the Jiang Family just for a country bumpkin.

But that was the truth. So something else must be at work here.

Chapter 816: Guess Xiao Lingye's identity

Xiao Lingyu learned about what happened to her brother at school from her husband, Gong Tianhao. Xiao Lingyu was surprised to hear that Xiao Lingye had the evidence all along.

Xiao Lingyu smiled and said, "Haha, I knew that my brother was the best."

In his previous life, after Xiao Lingye was betrayed, he quickly pulled himself together. Then, he was hired by a well-known global company as the regional president.

In this life, although she did not know if her brother would still be hired by that global company, she knew that her brother's fate had changed to a certain extent.

But a talented person like her brother could shine wherever he went. Now, he just needed time to grow.

Gong Tianhao smiled and said, "Yes, our brother is the best!"

At this point, Gong Tianhao told Xiao Lingyu, "Oh right, Yu 'Er, the CEO of Xung Ten Corporation, Lei Junshan, said that he wants to take our brother as his disciple."

"Lei Junshan?" Xiao Lingyu asked in surprise. Lei Junshan was a legend in the Internet technology world and was worshipped by many people.

"Yes!" Looking at his wife's silly cuteness, Gong Tianhao's heart was soft. His Yu'er was not only smart and beautiful, but she was also very cute.

A moment later, Xiao Lingyu reacted and asked suspiciously, "What do you mean by Lei Junshan told you? Hubby, what's his relationship with you?"

Gong Tianhao said, "Yes, he's my university classmate!"

Xiao Lingyu nodded and said, "No wonder." Then, she asked suspiciously, "Tianhao, tell me the truth. Did president Lei take Ye 'Er as his disciple because of you?"

She was very happy that her brother would be directed by Lei Junshan, but if this relationship was because of Gong Tianhao, it wouldn't be right.

.....

Gong Tianhao gently knocked on her head and said in amusement, "Why do both of you have the same suspicion? You don't understand Lei Junshan. If Ye 'Er didn't have the ability, no matter how good my relationship with Junshan is, he wouldn't have taken Ye 'Er as his disciple."

Xiao Lingyu still asked suspiciously, "But with President Lei's status in the Internet technology world, how could he have heard of someone as new as my brother?"

Gong Tianhao did not hide anything, "I brought it up to him. When he heard about it, he was quite interested. After that, he got someone to investigate Ye 'Er. He was pleasantly surprised. He realized that our little brother has really great potential. He said that if he really nurtured our little brother well, his future achievements would not be inferior to his. Therefore, he is very interested in taking our younger brother as a disciple."

Xiao Lingyu heard this and said with obvious surprise, "Does CEO Lei have such a high evaluation of our younger brother?"

Gong Tianhao nodded and said, "That's right. Lei Junshan said that our younger brother has this talent. He was practically born for this line of work."

Xiao Lingyu felt that it was unbelievable. Lei Junshan, as a god of the Internet technology world and a leading figure, actually had such a high evaluation of Xiao Lingye.

Gong Tianhao said, "When Lei Junshan accepts our younger brother as his disciple, let's have a meal together."

Xiao Lingyu nodded and said, "That's for sure!" His younger brother was accepted as a disciple by Master Lei. This was a big deal. Xiao Lingyu asked again, "When?"

"Lei Junshan said that the sooner, the better. The time is set for three days later," said Gong Tianhao. "I've asked Ye 'Er about it. There's no problem with the time."

Xiao Lingyu nodded and said, "Okay."

At this point, Xiao Lingyu suddenly thought of something and said, "Does Ye 'Er have any arrangements about his company?"

Gong Tianhao immediately smiled and said, "You don't need to worry about that. Originally, the 20% shares of Teng Fei company should have been worth around four million. But our brother just sold them to those who betrayed him at a high price of more than eight million."

“Moreover, the company orders were basically all negotiated by our younger brother. Since our younger brother is no longer in the company, those business partners naturally aren’t willing to cooperate with the company anymore. Plus, the reputation of those people is ruined. Who would work with them?”

“Those businessmen are all shrewd. Without the technology and guarantee of our younger brother, they don’t trust the company at all!”

Xiao Lingyu couldn’t help but gloat, “Haha, those people really brought this on themselves. So what if they get Ye ‘Er’s shares? They don’t have his ability. What is Ye ‘Er thinking now? Or does he have any plans? I know he must have.”

“Yes!” Gong Tianhao nodded and said, “You know Ye ‘Er better than I do.”

“Of course. We are siblings who grew up together,” Xiao Lingyu said confidently.

“Ye ‘Er said that Teng Fei company is like his child. It’s impossible for him to let go just like that,” Gong Tianhao said with a smile.

“So, what do you mean?” Xiao Lingyu blinked and said with a slightly excited expression, “Does Little brother still want to take back the company?”

Gong Tianhao nodded and said, “Of course! Who would be willing to let go of their child?”

Xiao Lingyu nodded and said with a smile, “That’s true.”

Any smart person would know that Teng Fei had its current value, thanks mostly to Xiao Lingye. As long as those partners were smart, they would wait for the company to grow and get more dividends. However, they were too shallow and could not resist the temptation of women. They only saw the benefits in front of them, so they destroyed their own benefits.

Gong Tianhao was confident in Xiao Lingye, “After Ye ‘Er left the company, the company’s current business partners would terminate their contracts with Teng Fei. After all, the reason why they cooperated with the company was because of Ye ‘Er’s skills and sincerity.

“After that, the company will shrivel up and die. Besides, Ye ‘Er’s partners are backstabbers. Who would be foolish enough to work with them?”

The most important thing for a businessman was honesty and sincerity!

Xiao Lingyu smiled and said, “In a way, we should be thankful that those partners show their true colors now. This will be worse if it happens when the company is bigger.”

Gong Tianhao nodded and said, “Yes, that’s true!”

...

After Jiang Rong came back from school, his face didn’t look too good, and his expression was gloomy.

When mother Jiang saw it, her heart thumped, and she had a bad premonition. She asked anxiously, “Hubby, how did the discussion with the school go?”

Jiang Rong said with a serious expression, "I paid the price and learned from principal Zhang that there was a big shot involved in the handling of those five people."

Jiang Rong's mother was shocked and said in disbelief, "Big Shot? What Big Shot? Can he be bigger than the Jiang Family? Could it be one of the families?"

Her eyes widened as she thought of some kind of guess, but then she covered her mouth and shook her head, "That's impossible. Shuyu said that he was just a poor kid from a remote area. How could he have such a big backer?"

Jiang Rong couldn't help but ponder for a moment before saying, "I checked that kid's background. That Xiao Lingye came from a remote area. But do you know what that remote village is called?"

"What's it called?" Mother Jiang asked.

"Taoyuan Village!" Jiang Rong said.

"Taoyuan Village?" Mother Jiang was surprised at first, but then she said with some doubt, "But even if that's true, it's just a developing village. Why does it have anything to do with the capital?"

Jiang Rong suddenly asked, "Do you know what Gong Tianhao's wife's name is and where she's from?"

Jiang Rong's mother thought for a moment and said, "I remember her name is Xiao Lingyu, and she's from Taoyuan Village!"

The Gong family welcomed their mistress home with great fanfare. Since she was so valued, the upper-class circle of the capital naturally needed to know a little about her background. If they bumped into each other one day, they wouldn't accidentally offend her.

"That's right. Gong Tianhao's wife is called Xiao Lingyu, and the poor kid that Shuyu mentioned is called Xiao Lingye," Jiang Rong said seriously. "He also comes from Taoyuan Village. Do you think they are not related?"

After hearing this, Jiang Rong's mother said in shock, "So, you're saying that Gong Tianhao most likely has interfered in the boys' expulsion?"

Jiang Rong said with certainty. "It's definitely possible. No other big shot has any connection to Taoyuan Village."

At this point, Jiang Rong's father suddenly thought of something and immediately urged his wife, "Quick, give Shuyu a call and ask her. The last time we went back to the Jiang family for a meal when we came back, wasn't there someone waiting for a bus in the wealthy district? Was it this Xiao Lingye?"

Mother Jiang obviously thought of this as well. Then, without any hesitation, she gave Jiang Shuyu a call.

The call was quickly picked up. After hanging up, mother Jiang's expression was very ugly.

"How is it? Is it him?" Jiang Rong asked anxiously.

If it really was that person, then their daughter had caused a lot of trouble, one that could bring down their whole branch.

At the thought of this, Jiang Rong was anxious and angry.

Mother Jiang nodded with great difficulty and said, "That's right, it's him!"

Their faces instantly turned pale.

Jiang Rong immediately reacted and said furiously, "Quick, call her back!"

The person their daughter had offended was Gong Tianhao's wife's family. Furthermore, the methods she used were despicable and shameless. With Gong Tianhao's short-sighted, narrow-minded, and cold-hearted personality, he would definitely not let her off.

Jiang Shuyu was called back by her parents in a hurry. However, the moment she entered the house, she noticed her parents' ugly expressions. Her heart could not help but thump. She had a bad feeling.

"Dad, Mom," Jiang Shuyu called out carefully.

She was slapped heavily.

Jiang Shuyu was stunned by her father's sudden slap.

She covered her right cheek, and her eyes were wide open in disbelief.

Ever since she was young, her father had only occasionally said a few stern words, but he had never hit her. But now, he gave her a big slap. What exactly happened?

"Dad?" Jiang Shuyu couldn't help but call out.

"Hubby?" When mother Jiang saw her daughter being beaten, her heart ached. "What's the matter now? Why did you hit her?"

Father Jiang pointed angrily at Jiang Shuyu and said loudly, "She has brought us a huge disaster, and you're still thinking about protecting her?"

Jiang Shuyu felt wronged and asked with tears in her eyes, "Mom, why is father so angry?"

"You still have the audacity to ask that?!" Father Jiang angrily pointed and shouted.

"Dad, what did I do to make you so angry?" Jiang Shuyu felt even more wronged and asked, "You have to tell me clearly!"

Mother Jiang looked at Jiang Shuyu and said seriously, "Shuyu, we may have offended the Gong family."

"The Gong Family?" At first, Jiang Shuyu was confused. Then, her eyes suddenly widened, and she said in surprise, "How is this possible?"

She always knew what to do. She wouldn't offend the powerful families.

Mother Jiang sighed when she saw her daughter's confused look. Then she asked, "Shuyu, what did you say the name of that poor boy was?"

"His name is Xiao Lingye. Why?" Jiang Shuyu didn't react for a moment.

Mother Jiang asked again, "Do you know the name of Gong Tianhao's wife?"

Jiang Shuyu thought for a while and said, "Her name is Xiao Lingyu!"

"Yes, one is Xiao Lingyu, and the other is Xiao Lingye. Xiao Lingyu came from Taoyuan Village in City Z, and your father has investigated Xiao Lingye. He also came from Taoyuan Village." Mother Jiang said seriously, "I remember the last time when we were returning home from the Jiang family's ancestral residence, we met Xiao Lingye on the road. At that time, it was very likely that he went to the Gong family! Therefore, we can conclude that Xiao Lingye and Xiao Lingyu are definitely related, and they are also very closely related to the Gong family."

Hearing her mother's words, Jiang Shuyu's face turned deathly pale. She said in disbelief, "How is this possible? If he is related to the Gong family, why didn't he say anything, and no one in school knows about it?"

Hearing that Xiao Lingye might have a relationship with the Gong family, Jiang Shuyu's heart collapsed.

If she had known that he had a relationship with the Gong family, she wouldn't have provoked him, nor would she have framed him. As an instigator, she was in deep trouble.

"Mom, what kind of relationship does Xiao Lingye have with Gong Tianhao's wife, Xiao Lingyu?" Jiang Shuyu asked nervously.

Father Jiang said loudly, "No matter what kind of relationship they have, they must be related. That's for sure."

If Xiao Lingye was invited to the Gong Family, then he must be related to Xiao Lingyu. If they were just ordinary neighbors, the Gong family wouldn't have invited him over.

"That's not right." Jiang Shuyu still said in disbelief, "If they are related, then why was it that when Xiao Lingye was there, the Gong Family didn't send someone to drive him back, but he took the bus back on his own?"

"Idiot!" Father Jiang cursed in anger, "That Xiao Lingye has been at the Imperial university for so many years, but no one knows about his relationship with the Gong family. This means that he is a very low-key person. Since he wants to keep a low profile, he definitely doesn't want the Gong Family to send him back."

As long as that Xiao Lingye was slightly high-profile, people would know about his relationship with the Gong Family. However, no one in the entire imperial university knew about it.

If it weren't for this incident, Jiang Rong wouldn't have thought of checking his background and wouldn't have thought that he was related to the Gong family.

Jiang Shuyu immediately understood. She held her mother's hand with a pale face and asked worriedly, "Mom, what should I do now?"

She would never have thought that Xiao Lingye had such a powerful background.

If she had known...

Chapter 817: Su Yang's Death

“Mom, what should we do now?” Jiang Shuyu asked as she shook Mother Jiang’s arm in a panic.

Mother Jiang looked at Father Jiang.

Father Jiang suddenly said, “Shuyu, don’t panic. I’ll get someone to find out what kind of relationship Xiao Lingye and Xiao Lingyu have. If they’re just ordinary relatives, then it’ll be easier. We’ll bring gifts to apologize. Maybe the Gong family will be lenient and won’t hold it against us anymore.”

However, Father Jiang was most worried that Xiao Lingye was from the same family as Xiao Lingyu.

Jiang Shuyu wiped her tears and nodded in response, “Yes!” After answering this, she thought of another matter and suddenly asked, “Papa, what about the matter with Su Yang, Qiao Ruoyang, and the others?”

At this moment, she deeply understood how troublesome the matter had gotten. She was very regretful. She wouldn’t have risked her reputation to frame Xiao Lingye.

If she did not deal with the matter with Su Yang and the others, her reputation in the school and even in the upper echelons of the capital would be ruined. How would she be able to marry into a rich and powerful family in the future?

Father Jiang’s eyes flashed with ruthlessness. He said, “Don’t bother about this matter. Father will take care of it!”

If the Gong family had really interfered in Su Yang and the boys’ expulsion from the imperial university, it would be useless no matter what he did. Therefore, he had to rely on extreme measures.

After Jiang Shuyu heard that, she finally felt some peace in her heart.

Father Jiang said, “Go back to school first. Do what you have to do and pretend that you don’t know anything. As for what happens after that, I’ll make the arrangements. Also, I’ll tell you one more time. Before the matter is fully investigated, you absolutely can not provoke that Xiao Lingye again, understand?”

Jiang Shuyu nodded and said, “Yes, I understand, Dad!”

...

.....

“What did you say?” Qiao Ruoyang received the news and asked in shock, “Su Yang died in a car accident?”

Father Qiao nodded with a solemn expression and said, “That’s right. The result of the appraisal is that it was a traffic accident.”

“How is that possible?” Qiao Ruoyang said with a pale face. He had a guess in his heart that Su Yang’s death must have something to do with Jiang Shuyu. Otherwise, things wouldn’t be so coincidental.

Just as Father Qiao was about to say something, his phone rang. He took it out and looked at it. His expression immediately changed. Then, he anxiously said to Qiao Ruoyang, “Son, Dad will send you out of the country now!”

Qiao Ruoyang asked in surprise, "Dad, what happened?"

Father Qiao said anxiously, "Don't ask. Leave the country now. The further, the better!"

Then, Father Qiao hurriedly sent Qiao Ruoyang on a plane to go abroad.

Their passports were ready immediately. Similarly, three other people were suddenly sent abroad by their families. The only person who was not sent abroad was Su Yang, the person who died in a traffic accident.

These two days, Jiang Shuyu had been living a very uneasy life.

On the one hand, she was afraid of the threats from Su Yang and the others. On the other hand, she was also uneasy about the background of Xiao Lingye.

Then, another rumor began at school...

"Did you guys know that Su Yang died?"

"We know. This matter has already spread around the school. How could I not know about it?"

"Why would Su Yang die just like that? Could it be such a coincidence?" Someone asked suspiciously.

"What do you mean by that?" Someone immediately asked curiously.

That person said, "But I heard that Su Yang, Qiao Ruoyang, and the other three are trying to find a way to return to school. You've all heard the rumors, right? They were instigated by Jiang Shuyu to frame Xiao Lingye. They failed to frame him, and ended up being expelled from Imperial university. On the contrary, Jiang Shuyu wasn't affected at all. Therefore, Su Yang and the others felt a little unbalanced in their hearts. I heard that two days ago, Su Yang called Jiang Shuyu and demanded she gets them back into school. However, suddenly, Su Yang died in a car accident. This is too much of a coincidence, right?" When he thought of this, he felt a chill down his spine.

If that was really the case, then Jiang Shuyu was really a heartless snake.

"You're just scaring yourself." Some people were not as sharp as him and did not think that Su Yang's death had anything to do with Jiang Shuyu. After all, in their eyes, human lives were very precious and could not be easily manipulated by others. These people were naive. After all, the world they lived in was very peaceful. If there were injustice, the police would naturally step in. They had no idea there were other forces more powerful than the police...

After Qiao Ruoyang and the other three were sent out of the country at the fastest speed, Su Yang's death became another traffic accident.

Following the death of Su Yang and the departure of Qiao Ruoyang and the others, the rumors about Jiang Shuyu gradually dissipated.

This meant that Teng Fei had no leader all of a sudden. The boys' parents took over because this company was their sons' hard work. The company might be small, but it had great potential. With the influence of their powerful backgrounds, Teng Fei company would definitely become bigger and bigger.

After Xiao Lingye learned of Su Yang's death, he furrowed his brows and fell into deep thought.

He felt that Su Yang's death could not be that simple.

However, the police department had announced that Su Yang's death was a traffic accident.

What surprised him the most was that after Su Yang's death, Qiao Ruoyang, Dai Yimin, Chu Xiangbei, and Pang Dayue were hurriedly sent overseas by their families. It was as if they were fleeing from a disaster.

The news that he had heard was that they had originally wanted to return to Imperial university, so why did they leave their homes and go abroad?

Xiao Lingye suspected that Qiao Ruoyang and the others' hasty departure had something to do with Su Yang's death.

As for the reasons, he still needed to investigate it clearly.

Originally, Xiao Lingye had planned to buy the company back at the most favorable price after the company lost its business. However, after Su Yang's death, the company was immediately taken over by the boys' families. As for the development of the company, with the powerful families at the helm, the business would get better. After all, those people were rich. They could easily hire a new tech lead.

If that were the case, Xiao Lingye wouldn't be able to buy his company back so easily.

Xiao Lingye thought about it. He probably needed the help of his brother-in-law, Gong Tianhao.

Thinking of this, Xiao Lingye sighed softly and thought to himself, 'I'm still too young and too inexperienced. I did not consider things thoroughly. I did not consider some unexpected crisis issues and the subsequent strategic planning.' He was quite flustered. Xiao Lingye gave Gong Tianhao a call.

"Brother-in-law, I'm afraid I need your help with something. It's like this..." Xiao Lingye told Gong Tianhao everything and then asked, "Brother-in-law, what should I do now?"

Gong Tianhao thought for a while and said, "Leave this matter to me. Tomorrow, we're having a meal with the master you admire. It's also a ceremony for him to take you as his disciple. You just need to focus on that. Don't worry. Lei Junshan likes you quite a lot."

Xiao Lingye said happily, "Okay, I got it, brother-in-law!"

After hanging up the phone, Xiao Lingye put his mind to meeting with Lei Junshan.

...

"Yu 'Er, Su Yang is dead, and Qiao Ruoyang and the others have gone abroad. They can't threaten you anymore!" Jiang Rong said.

Jiang Shuyu's eyes lit up, and she immediately said happily, "Thank you, Dad!"

She knew that with her dad's help, the matter would definitely be resolved perfectly.

Then, when Jiang Rong was talking about another matter, his expression was very serious. He said, "I asked someone to go to Taoyuan Village."

Jiang Shuyu immediately became nervous and asked anxiously, "What's the result?"

“Xiao Lingye is Xiao Lingyu’s younger brother!” Jiang Rong said very seriously, “He’s also Gong Tianhao’s brother-in-law!”

“What?” When Mother Jiang heard this result, she was surprised. “Hubby, are you mistaken?”

Jiang Rong’s expression turned serious as he said, “How could there be a mistake? Xiao Lingyu and Xiao Lingye are blood-related siblings. It’s not a secret in Taoyuan Village!”

They thought that Xiao Lingye and Gong Tianhao’s wife, Xiao Lingyu, might be related, but they never thought that Xiao Lingye and Xiao Lingyu would be blood-related siblings.

In that case, Xiao Lingye was Gong Tianhao’s brother-in-law.

Everyone in the capital knew that Gong Tianhao loved his wife.

Gong Tianhao was such a cold and heartless person. It was impossible for him not to take revenge after learning that his brother-in-law had been bullied. The three of them thought of their bleak future. Their hearts trembled, and their faces turned pale.

Jiang Shuyu said in disbelief, “How is this possible? Xiao Lingye is actually Gong Tianhao’s brother-in-law. How can he hide that fact so well?”

It was said that Gong Tianhao and Xiao Lingyu had been married for four years and their children were already over three years old. It meant that Xiao Lingye was already Gong Tianhao’s brother-in-law when he entered imperial university.

However, no one in the university knew that this country bumpkin from the countryside was actually the brother-in-law of the richest man in the country.

If she had known that Xiao Lingye was Gong Tianhao’s brother-in-law, she would have done everything to curry favor with him. She wouldn’t have framed him.

Thinking of the stupid things she had done, Jiang Shuyu was secretly glad that their attempt to frame Xiao Lingye didn’t succeed. Otherwise, things would be much worse. If Xiao Lingye were really chased out of the university, Gong Tianhao’s revenge would definitely be even fiercer.

Mother Jiang said in surprise, “This Xiao Lingye is too low-key, isn’t he?”

If it were anyone else who had such a powerful backer, everyone would have known about it. However, Xiao Lingye said nothing. He was accepted by Imperial university with excellent results.

In his first year at Imperial University, he started working part-time. He was no different from other poor students.

Who would have thought that he was the world’s richest man’s brother-in-law?

Jiang Shuyu’s heart trembled, and then she asked, “Dad, what should I do now?”

Father Jiang said decisively, “Of course, we’ll find Xiao Lingye and apologize to him. If he needs compensation, we’ll try our best to satisfy him. Now, what you need to do is to make Xiao Lingye accept our apology.”

Mother Jiang said, "Shuyu, let's treat Xiao Lingye to a meal first. As long as he agrees to come, everything can be discussed."

Although Jiang Shuyu felt a little embarrassed, she still had to do it. Jiang Shuyu nodded and said, "Okay, I'll test Xiao Lingye's attitude first!"

Jiang Shuyu used to like Xiao Lingye because Xiao Lingye was really handsome, smart, and talented. All the boys in the school flocked to her, but Xiao Lingye ignored her, which hurt her self-esteem, after that, her desire to conquer caused him to make a mistake.

At that time, she only wanted to conquer Xiao Lingye and then abandon him. She did not have any intention of marrying him. After all, she was indoctrinated into the idea of marrying into a wealthy family in the capital.

At that time, Xiao Lingye did not have any family background. He was just a country bumpkin.

But now, Xiao Lingye's identity had undergone a drastic change. Just the fact that he was Gong Tianhao's brother-in-law would make many women go crazy over him.

Moreover, Green Fresh Group, which was founded by Xiao Lingye's sister, Xiao Lingyu, had total assets of tens of billions. Sooner or later, at least half of the shares would belong to Xiao Lingye.

She came from a branch of the Jiang family. Although she had some companies under her family name, the total assets of these companies were only a few billion.

Their only proud identity was that they were related to the Jiang family in the capital.

Therefore, if she married Xiao Lingye, not only would she gain a relationship with the Gong family, but she would also incidentally get a net worth of over ten billion. She would definitely be rich and powerful for the rest of her life.

The more Jiang Shuyu thought about it, the more joyful she became. The exposure of Xiao Lingye's identity stimulated her desire to conquer him even more. She was determined to get Xiao Lingye.

However, getting Xiao Lingye's heart would probably require a lot of planning.

Xiao Lingye was obviously a man who would not be swayed by force. But as long as she changed her strategy, she would definitely be able to take him down.

"Shuyu, you should go back to school first," Father Jiang said.

Jiang Shuyu nodded and said, "Okay, Dad. I'll go back to school first."

Mother Jiang saw her daughter's confidence in taking down Xiao Lingye.

She said, "Our daughter is beautiful and a member of the Jiang family. No man will be able to refuse her. Moreover, even if that Xiao Lingye is Gong Tianhao's brother-in-law, he's still a child who grew up in the countryside. He definitely won't be able to resist the temptation of our beautiful daughter."

Father Jiang was not as optimistic as mother Jiang. He sighed and said, "That kid is so low-key, and he's also a very shrewd person. I'm afraid that once Shuyu gets close to him, he will be able to guess her true intentions."

Gong Tianhao and Xiao Lingyu had been married for four years. The locals said that their wedding was very grand. By then, the Xiao Family would have known about Gong Tianhao's identity. However, Xiao Lingye didn't reveal his connection to Gong Tianhao when he was in university. He kept a low profile as the son of a farmer. It was clear that he was a very patient and shrewd person.

From the fact that he had rejected his daughter's invitation, it could be seen that he did not like Jiang Shuyu.

Moreover, he had been chased out of the company that he had set up. The mastermind behind this was Jiang Shuyu. This matter had already spread throughout the school. It was impossible for Xiao Lingye not to have heard about it.

What man would like a cunning woman who had plotted against him?

When mother Jiang heard this, her face revealed a worried expression. "Then what do we do now?"

At this point, she suddenly thought of something, and her eyes lit up. She said, "Why don't we ask for help from the main family?"

Father Jiang thought for a moment and said, "Let's wait for Shuyu's progress first."

After saying this, he sighed softly.

Chapter 818: Jiang Shuyu's Strategy

?

As Jiang Shuyu was returning to school, she was thinking about which strategy was best to take down Xiao Lingye.

When she returned to school, she made up her mind.

After class, someone shouted at the door, "Student Xiao Lingye, someone is looking for you!"

Then, there were a few boys poking their heads out of the door.

When Xiao Lingye heard someone shouting, he packed a few books and walked toward the door. When he walked out of the door, he realized that the person who was looking for him was Jiang Shuyu.

Xiao Lingye frowned slightly, then walked around Jiang Shuyu and left.

"Xiao Lingye, can you wait a moment? I will only take up a little of your time." Jiang Shuyu didn't mind Xiao Lingye's distant attitude. She was gentle as water. "Student Xiao, I really have something very important to discuss with you in private. Can you give me a little time?"

Her expression was very sincere. If it were any other man, it would be impossible for him to reject such a request from a beauty.

However, Xiao Lingye only glanced at her indifferently and then coldly rejected her, "No!"

A classmate beside him immediately asked, "Why not?"

Xiao Lingye glanced at him and coldly said, "Because I have nothing to discuss with her!"

After saying that, he ignored the reactions of the others and left with his classmates.

Seeing that Xiao Lingye was about to leave, Jiang Shuyu suddenly became anxious. She suddenly said loudly, "I'm sorry!" The sudden apology baffled some of the students. "Student Xiao, I really know that I was wrong. I apologize to you now. Please forgive me, okay?"

Xiao Lingye stopped and looked at her expressionlessly. Then he asked, "Student Jiang, why did you apologize to me?"

Jiang Shuyu's expression froze. She opened her mouth, wanting to say something, but when she looked around, she couldn't find the words to say it.

Then, with a pleading look in her eyes, she said to Xiao Lingye, "Student Xiao, can we talk alone? It'll only be for a short while."

Unexpectedly, Xiao Lingye revealed a sarcastic smile. He said, "Student Jiang, I don't think we have anything to talk about." He turned and left.

Jiang Shuyu clenched her hands into fists. 'Xiao Lingye is really unapproachable. I won't be able to take him down in a short period of time. But it doesn't matter. I refuse to believe that there's any man who would be immune to my charm.'

Seeing how Xiao Lingye treated their Goddess, some of the boys immediately comforted her, "Miss Jiang, Xiao Lingye is dumb. He doesn't understand romance. You have tried your best, but he is so heartless. In the future, do not pay attention to him."

A few days ago, rumors about Jiang Shuyu spread. Everyone had doubts about her character. But after the rumors gradually subsided, she was still the goddess in the eyes of many male students.

After all, a woman who had looks and a family background was the dream of many boys.

Jiang Shuyu shook her head and said, "It's okay. I don't mind. It's my fault for liking him!"

Everyone, "..."

Miss Jiang really liked Xiao Lingye.

Many people couldn't help but doubt the rumor that Su Yang, Qiao Ruoyang, and the others had framed Xiao Lingye because of Jiang Shuyu.

Since Goddess Jiang liked Xiao Lingye so much, why would she ever want to harm Xiao Lingye?

After being rejected by Xiao Lingye, Jiang Shuyu looked at Xiao Lingye's back with a slightly aggrieved expression. She immediately made the surrounding male students feel pity for her, "Jiang Shuyu, you don't have to be sad. Xiao Lingye has never been good to female students anyway."

When Jiang Shuyu heard this, she immediately felt uncomfortable. She thought to herself, 'How dare you compare me to those common sluts?' However, Jiang Shuyu nodded and said, "It's fine. I like him, so I definitely won't give up."

Jiang Shuyu's current strategy was to boldly confess and pursue Xiao Lingye. She didn't believe that Xiao Lingye wouldn't be moved. It was easier for a woman to pursue a man than the other way round.

In the past, she might have been a little more subtle, but after knowing Xiao Lingye's identity, she was determined to get Xiao Lingye.

After Xiao Lingye and his classmates returned to the dormitory, he had some doubts in his heart.

He felt that something was very wrong with Jiang Shuyu. This sudden change in attitude made him have a very bad feeling.

He did not have a good impression of Jiang Shuyu, especially after learning that she secretly instigated and instructed Su Yang, Qiao Ruoyang, and the others to frame him.

"Ye, where are you going tonight?" His roommate asked Xiao Lingye. "We're going to have hotpot. Will you join us?"

Xiao Lingye said, "I have a date with someone! You guys go ahead." He was going to have dinner with his master, sister, and brother-in-law.

When his roommate heard that, he immediately asked jokingly, "A date with someone? Could it be a date with a beauty? Ye, since when did you have a girlfriend? Why didn't you tell us?"

Xiao Lingye was a little speechless and said, "I'm going out with a beauty, but it's not my girlfriend."

His roommate was confused. "Are you really going out with a beauty?"

Xiao Lingye smiled and said, "Yes, but she is definitely not my girlfriend." Then, he tidied up and said, "Alright, I won't talk to you anymore. I have to go. Otherwise, if I'm late, the beauty will be angry."

His roommate was still curious, but Xiao Lingye didn't explain. He could only helplessly watch him leave.

As soon as Xiao Lingye left the school gate, he took a bus and left.

However, he did not know that as soon as he took a bus, a black car not far away followed.

Jiang Shuyu said to the driver indifferently, "Follow him!"

After a while on the bus, he got off the bus and changed to another bus.

As for the black car, it continued to follow him.

After Xiao Lingye changed two buses in a row, he got into a low-key limousine that was waiting by the roadside.

Jiang Shuyu, who was following him from afar, narrowed her eyes.

'Why is Xiao Lingye so mysterious? What is he trying to do?'

"Eldest miss, your male classmate is now in a limo. Are we still going to follow him?" The driver asked.

Jiang Shuyu thought for a moment and said, "Yes!"

She was now really curious about what Xiao Lingye was up to. Only now did she understand that Xiao Lingye was really too low-key.

In order to not be discovered by his classmates, he changed two buses consecutively before getting into a limo.

She guessed that the place that Xiao Lingye was going to this time might be a little far. Otherwise, he would definitely take the bus to the destination. Even when he went to the Gong family, he took the bus the entire way.

Last time, she didn't notice that. If she had known earlier, there wouldn't have been so many things happening later.

Jiang Shuyu continued to follow Xiao Lingye's car. She followed him all the way to the suburbs.

"Young master Xiao, there's a car behind us. It seems to be following us all."

The drivers that Gong Tianhao sent to pick up Xiao Lingye were all trained. Xiao Lingye looked behind and found that there was indeed a black car following them. He also noticed that this car seemed to have followed him when he took the bus.

Xiao Lingye thought for a moment and said, "Master Li, can we shake them off?" No matter who was following him, he did not like it.

Master Li smiled and said, "Of course, this is a piece of cake. Young Master Xiao, please sit properly!"

Xiao Lingye immediately readied himself.

Master Li then stepped on the accelerator. With a whoosh, he suddenly rushed out.

Jiang Shuyu's driver said, "Eldest miss, the other party should have noticed us. Do we still want to follow them?"

Jiang Shuyu thought for a moment and said, "Forget it. We won't follow them. Let's go back!"

Since the other party had found out that they were following them, if they continued to follow them, it would not be good. When Xiao Lingye found out, it would be very difficult for her to explain herself.

She wanted to pursue Xiao Lingye, not to make him hate her even more.

As for where Xiao Lingye was going now, although she was a little curious, sometimes curiosity killed the cat.

Master Li watched the car turn around and leave. He pursed his lips and said in a bored manner, "Who is this person? They have left once they were found out."

Regarding this matter, he had to report it. After all, this was not a small matter. What if this person wanted to harm Young Master Xiao?

Master Li brought Xiao Lingye to a farmhouse in the suburbs.

The environment here was elegant and quiet. It was a good place for a friendly gathering.

Xiao Lingye and Gong Tianhao were in the courtyard, holding hands as they waited.

Xiao Lingye saw his own sister and called out excitedly and happily, "Sis!"

Then, he went forward and hugged her. He smiled and said, "Sis, you've become more beautiful!"

Gong Tianhao went forward and pulled Xiao Lingyu into his arms. He said to Xiao Lingye in a bad mood, "What are you doing? This is my wife. If you want to hug someone, hurry up and find a girlfriend!"

Xiao Lingye, "... " this jealous man.

Xiao Lingye did not want to be outdone and said, "Although she is your wife, she is my biological sister. Why can't I hug her? I hugged her before you even came along."

Gong Tianhao snorted and said, "Although she is your biological sister, she is my wife now. Only I can hug my wife. The other men have to stay away."

Xiao Lingye also snorted coldly and said, "Do you think my sister is your property?"

Gong Tianhao, "... "

Xiao Lingyu smiled and said, "Alright, stop bickering. Master Lei is still inside. Let's hurry in!"

Then, the three of them went to the private room together.

Before entering the private room, master Li, who was driving, reported to Gong Tianhao, "Boss, when we came, a black car followed us. Young master Xiao said that he had noticed that car when he was on the bus. However, he didn't think too much about it in the beginning. I'm worried that those people will harm young master Xiao."

Gong Tianhao furrowed his brows, then nodded and said, "Okay, I got it. I'll get someone to investigate it."

When it came to the safety of his brother-in-law, he would treat it seriously.

Once he entered the private room, Xiao Lingye's expression was full of excitement and joy. It was a feeling that only came when he saw his idol.

Xiao Lingye shouted excitedly, "Master Lei!"

Lei Junshan looked at the excited young man and said in amusement, "You're not wrong to call me Master. You know the meaning of this meal, right?"

Xiao Lingye's eyes lit up, and then he called out excitedly, "Master!"

"Haha..." Lei Junshan laughed, "Good, good disciple, quickly sit down!"

Xiao Lingyu and Gong Tianhao also sat down.

Xiao Lingyu said with a smile, "Master Lei, please look after my brother in the future. If you are not satisfied with anything, feel free to mention it. I will definitely teach him a good lesson!"

Lei Junshan smiled and said, "Sister-in-law, you are too serious. I have read Xiao Lingye's file and am very satisfied with him. As long as he studies diligently in the future, his achievements will definitely not be inferior to mine."

Looking at the current Xiao Lingye, he thought of his past self. He continued, "Lingye is very much like the past me!"

Xiao Lingye was very excited, but he still maintained his rationality and said humbly, "Master, you are too great. I am not like you at all."

Lei Junshan said with a laugh, "You are much too modest."

Xiao Lingye, "... Master Lei is so modest."

Xiao Lingye immediately said confidently, "Master, don't worry. I will study hard. I will definitely not do anything that will embarrass you." After saying that, he poured a glass of wine for Lei Junshan and another for himself. Holding the glass, he said respectfully to Lei Junshan, "Master, cheers to you! I am very happy to be your disciple."

Xiao Lingye was an adult now, and he had started a company. He often went out to socialize for business reasons. Besides, the men of the Xiao family also drank wine.

Lei Junshan picked up the glass of wine happily and said to Xiao Lingye with a smile, "I'm also very happy to have you as my disciple."

At this moment, Gong Tianhao said to Lei Junshan, "Junshan, my brother-in-law will definitely not let you down. So, teach him all your skills!"

Lei Junshan heard this and said angrily, "Why? Are you worried that I'll hide some tricks and not teach him? In that case, why don't you teach him yourself?"

Gong Tianhao immediately smiled and said, "If I can teach him, I'll definitely teach him myself. After all, my brother-in-law is a talented man."

Lei Junshan glared at him and said, "Then why are you still talking so much nonsense?"

Xiao Lingye looked at his brother-in-law and then at his master. He rubbed his head and said with a smile, "Brother-in-law, master, you two seem to be very close!"

"Hmph, who is close to him?" Lei Junshan said proudly, "He has been annoying since university!"

Gong Tianhao said unyieldingly, "You were more annoying at that time!"

Xiao Lingye and Xiao Lingye looked at each other, then shook their heads and smiled.

At the dining table, Xiao Lingye realized that Lei Junshan, who was quite a legend, was actually a chatterbox.

This completely overturned his image of Lei Junshan.

In his impression, all those big bosses were domineering and hard to approach.

Gong Tianhao looked at Xiao Lingye's strange expression and said with a smile, "Ye 'Er, you didn't expect that your master would be a chatterbox, right? Do you want me to find you another master? Or else, you might be nagged to death by him."

Lei Junshan was instantly displeased as he said, "Hey, Gong Tianhao, you don't have to be like this. It was you who personally introduced your brother-in-law to me. And now you want to find him another master? Let me tell you. I like this kid. He's definitely going to be my disciple."

Then, he looked at Xiao Lingye and said, "Disciple, don't listen to your brother-in-law. Don't worry, although I'm a chatterbox, I will only ramble on about work and professional stuff."

Gong Tianhao chuckled.

Lei Junshan, "..."

Xiao Lingyu and her brother, "..."

Chapter 819: Bickering

While Gong Tianhao and the rest were having dinner with Lei Junshan, he received a phone call. Then, he replied faintly, "Okay, I got it."

After hanging up the phone, Xiao Lingyu asked Gong Tianhao in puzzlement, "What's wrong? You don't look too well."

Gong Tianhao said, "Master Li told me that he and Ye 'Er were followed when they came here."

Xiao Lingyu's eyes flashed with surprise. Then, she asked, "Ye 'Er, is that true?"

Xiao Lingye nodded and said, "Yes. When I was on the bus, I noticed that there was a black car following behind me. At first, I didn't think too much about it, but when I got into master Li's car, master Li noticed that there was someone following me."

Lei Junshan's expression turned serious, and he asked, "Who is following my disciple?"

Gong Tianhao replied, "It's Jiang Shuyu!"

When Lei Junshan heard this, he immediately asked in confusion, "Who is Jiang Shuyu?"

Gong Tianhao looked at Xiao Lingye with a half-smile and said, "She's a girl pursuing Ye 'Er!"

Lei Junshan was slightly surprised. "Ah, disciple, that Jiang Shuyu likes you?" Lei Junshan's question was direct. Xiao Lingye's face immediately turned red as he said, "It doesn't matter. I don't like her at all!" That woman was narrow-minded and vicious, so he would never like such a person.

Lei Junshan was a little puzzled. "But why would she follow you?" Are all girls nowadays so bold?

Gong Tianhao snorted coldly and said, "That woman is crazy. A while ago, she seduced Ye 'Er's partners to frame him. Now, she turns around and pursues him. She's really shameless."

Xiao Lingyu, "... her husband's mouth could be so vicious.

Lei Junshan frowned slightly, but he quickly reacted. He said in surprise, "So, some time ago, my disciple was framed by those kids because of this woman?"

Gong Tianhao nodded and said, "Yes."

Lei Junshan said in confusion, "Since she likes my disciple, why would she frame him?" Was this some new way of pursuing people? He found it hard to understand.

Gong Tianhao nodded and gestured for Xiao Lingye to say, "Ye 'Er, why don't you explain it to your master yourself?"

Xiao Lingye's face turned red, and he said uneasily, "Brother-in-law, there's no need to tell master about this, right? This is my personal matter after all."

After Gong Tianhao heard this, he said with a very serious expression, "Why not? This Jiang Shuyu is a poisonous snake. If she can harm you once, she can harm you again. Now that you've become Junshan's disciple, you have to follow him in and out frequently. You must consider your safety. Let your master know about it so that you can be on guard against it."

Xiao Lingye, "..."

Lei Junshan said, "For a woman to get on Tianhao's radar, I have to know more about her. Disciple, don't worry. Master will definitely have the ability to protect you."

Hearing this, Xiao Lingye sighed softly and said with an embarrassed smile, "Master, I just feel that this is my personal matter. I can't trouble master." Plus, it was so embarrassing.

Lei Junshan said unhappily, "This may involve your personal safety. This woman is following you, and she has framed you before. Who knows what crazy things she will do in the future?"

Xiao Lingye could only say helplessly, "Some time ago, Jiang Shuyu invited me to dinner, but I rejected her. Who would have thought that she would seduce my former partners to set me up as revenge? Master knows the rest, so I won't say much."

At that time, Li Fei company's manager Zhang's change in testimony had a lot to do with Lei Junshan. After all, Lei Junshan was a legend in the industry, but this legend suddenly came to the school to look for Xiao Lingye.

At that time, even though manager Zhang did not know what the relationship between Lei Junshan and Xiao Lingye was, to let Master Lei come personally meant that their relationship was not ordinary.

If he colluded with those people to frame Xiao Lingye in front of him, he might offend Master Lei. Manager Zhang wouldn't want that.

Later, when Xiao Lingye brought out the evidence to prove his innocence, manager Zhang's forehead broke out in cold sweat.

He was very glad that he did not help frame Xiao Lingye but told the truth. Otherwise, once Xiao Lingye's evidence came out, it would be a huge slap to his face.

Actually, when Lei Junshan went to the school to look for Xiao Lingye, he happened to meet manager Zhang. Manager Zhang recognized Lei Junshan. When Manager Zhang found out Lei Junshan was there to meet Xiao Lingye, Manager Zhang made up his mind. It was why he face-slapped Su Yang, Qiao Ruoyang, and the others.

Back then, Lei Junshan didn't know much. He had no idea his presence had changed so many things. Lei Junshan went to Imperial University to see Xiao Lingye. But he walked into a scene where Xiao Lingye was being framed. At the time, he decided to sit it out and watch how Xiao Lingye would handle the situation.

The outcome surprised him.

Manager Zhang had personally admitted that it was not Xiao Lingye who made a deal with him. Instead, it was his partners. That was fun to watch.

However, what surprised him, even more, was that Xiao Lingye had evidence to prove his innocence. It was then that Lei Junshan decided to take Xiao Lingye as his disciple.

Lei Junshan smiled and said, "You were amazing back then."

Xiao Lingye said a little embarrassedly, "Back then, I wanted to let them go, but they refused to let me go. They put me in a situation where either I die, or they die, so I had no choice." He wasn't going to sacrifice himself for others.

Lei Junshan asked with some doubt, "Are those people fools? Why would they fall so hard for a woman?"

Gong Tianhao said, "Maybe you don't know Jiang Shuyu's identity."

Lei Junshan asked with interest, "Identity? What identity does she have?"

Gong Tianhao said, "She is the daughter of a branch of the Jiang family, and she has a certain level of beauty. How many young men can resist her seduction? Moreover, these male students are inexperienced, but they are arrogant. They would want to marry into the Jiang Family."

Hearing what Gong Tianhao said, Lei Junshan understood. He nodded and said, "Yes, you're right. Not every man is like you. You were born with a golden key in your mouth, so you don't have to bother with these things.

Xiao Lingyu, "..."

After a few sentences, they clashed again.

Xiao Lingyu thought for a moment and asked, "Brother, before you came, did something happen at school? Why did Jiang Shuyu suddenly think of following you?" She was more concerned about her brother's safety.

Xiao Lingye thought of something when his sister asked this question. He opened his mouth but felt that it was hard to say.

Seeing Xiao Lingye's expression, Xiao Lingyu knew that something must have happened at school.

Xiao Lingyu immediately said seriously, "Tell me. Even if you don't say it now, I'll get your brother-in-law to investigate it later. He'll definitely find out."

Xiao Lingye said helplessly, "Actually, it's nothing important. It's just that after class, Jiang Shuyu suddenly came to my classroom, stopped me, and apologized to me in public. She said that she was wrong, and... and in front of everyone, she loudly said that she liked me."

Xiao Lingyu's expression immediately turned ugly. She said coldly, "What does she mean by this? Did she admit to the frame job?"

Xiao Lingye shook his head.

"I knew it!" Xiao Lingyu said coldly, "The girl is just apologizing to make herself look better and to force you to forgive her. Girls from wealthy families can not be underestimated. She's very scheming.

"She even confessed to you in public? Doesn't she know that you know all the disgusting things that she did previously? How can she still have the face to say that she likes you? Xiao Lingye, I'm warning you. This is a poisonous snake. You must not be deceived!"

Gong Tianhao immediately comforted her, "Yu 'Er, don't be angry. I think that Ye 'Er knows how to handle this matter."

Xiao Lingye immediately nodded and said, "Yes, yes. sis, don't worry. I definitely won't like such a horrible person."

In the past, Jiang Shuyu was the goddess in the eyes of all male students. He did not like her back then. Now that her vicious nature was exposed, it was even more impossible for him to like her.

Lei Junshan asked doubtfully, "Since she likes you, why is she following you now? Could she be a stalker?"

Gong Tianhao thought for a moment and said, "I guess she knows Ye 'Er's identity and background. She is following you to confirm it."

"Identity and background?" Lei Junshan did not react for a moment.

"He's my brother-in-law." Gong Tianhao sighed, "Lei Junshan, sometimes, you're really stupid. How can you not understand that?" Gong Tianhao took the opportunity to ridicule Lei Junshan.

Lei Junshan said unhappily, "So what if he's your brother-in-law? In the future, his identity will be even more amazing as Lei Junshan's disciple."

Xiao Lingye, "..."

He really didn't know how to respond.

Gong Tianhao nodded and said, "Yes, you're right." At least in the industry, this identity would attract the jealousy and envy of everyone.

"Gong Tianhao, how do you plan to deal with this Jiang Shuyu?" Lei Junshan asked again, "This concerns the safety of my disciple. You can't be careless. How about this? I'll arrange a few bodyguards to follow and protect him."

Xiao Lingye was shocked. He immediately said, "Master, there's no need for that."

In the past, he had always kept a low profile. When he suddenly became high profile, it would make him feel uncomfortable.

Moreover, he was only a student. He didn't want to go around with a team of bodyguards.

Gong Tianhao's forehead was also full of black lines. He said angrily, "What bad idea is that? My brother-in-law likes to keep a low profile. With your idea, he'll be pushed to the eye of the storm."

Whether it was his identity as Gong Tianhao's brother-in-law or his identity as Lei Junshan's disciple, they were too conspicuous. If he became too high-profile, it would invite more trouble.

Lei Junshan spread his hands and asked, "Then tell me, what should we do now?"

Gong Tianhao said, "If Jiang Shuyu knows Ye 'Er's identity and background, she won't dare to do anything to Ye 'Er."

"I'm curious," Lei Junshan suddenly said, "Isn't Gong Tianhao always quite ruthless? How can you still endure it when your brother-in-law was bullied to this extent by a woman?"

Gong Tianhao's expression turned ugly, "Do you think I'm as reckless as you? What do you know? I have my reasons for not dealing with her. However, I won't tell you now!" The last sentence sounded very smug.

Lei Junshan, "... " he rubbed his fists and bared his teeth. He really wanted to punch him.

Xiao Lingyu and Xiao Lingye looked at Lei Junshan, but they were secretly worried for Gong Tianhao. They were worried that Lei Junshan would punch him.

In the end, Lei Junshan endured and said, "Alright, you have your reasons, so I have my reasons. From tomorrow, wait, from tonight, I will arrange ten or eight bodyguards to follow my disciple. If anyone dislikes it, I will punch them."

Xiao Lingye's expression changed, and he exclaimed, "No!"

Then, he looked at Gong Tianhao with a pleading gaze.

He could not refuse, so he could only place his hopes on his brother-in-law.

If his master really sent eight or ten bodyguards to follow him, he would feel really uncomfortable.

Gong Tianhao poured a glass of wine for Lei Junshan and glanced at him as he said snappily, "You need to ask the person in question first. You have so many people following my brother-in-law. Are you trying to scare everyone around him to death? Or are you trying to make him lose his friends?"

Lei Junshan, "... " That makes sense.

He looked at his disciple's troubled expression, then sighed and said, "Sigh, forget it then. Disciple, you have to be more careful in the future."

Xiao Lingye's eyes lit up, and he immediately nodded, "Yes, thank you, master. I know."

Lei Junshan was not unwilling to let go of Gong Tianhao. He said, "Gong Tianhao, you have to deal with the things that need to be dealt with and the people that need to be dealt with. Don't drag it out."

Gong Tianhao said, "I know what I'm doing. Don't worry about it."

"This concerns my disciple's safety. How can I not worry?" Lei Junshan immediately retorted sharply.

Xiao Lingyu and her brother, "... Do they fight like this all the time?

...

After Jiang Shuyu returned home, she felt uneasy. She thought about it and decided to find her parents and tell them the truth.

After hearing this, Father Jiang narrowed his eyes slightly and said, "You originally wanted to follow Xiao Lingye, but you were discovered?"

Jiang Shuyu nodded and said, "Yes."

Mother Jiang asked worriedly, "Then could the person who came to pick up Xiao Lingye have been sent by Gong Tianhao?"

Father Jiang thought for a moment and said, "Yes. Most likely, Gong Tianhao sent someone to pick him up. This means that Gong Tianhao knows that someone is following Xiao Lingye. Perhaps he also knows the identity of that person too."

Mother Jiang and Jiang Shuyu were shocked when they heard that.

Jiang said anxiously, "If Gong Tianhao really knows that our daughter is following Xiao Lingye, will he harm Shuyu?" She looked very uneasy.

Father Jiang said, "Shuyu only followed him and didn't do anything to him. Gong Tianhao probably won't do anything to Shuyu for the time being."

Speaking up to this point, Father Jiang's gaze was sharp as he asked Jiang Shuyu, "Why did you follow him all of a sudden? Do you think you haven't cause enough trouble?"

Chapter 820: Merciless Rejection

While Xiao Lingye was reading in the classroom, another student shouted, "Student Xiao, someone is looking for you!"

Xiao Lingye frowned slightly and asked, "Who is it?"

The student said with a smile, "It's the beauty who likes you! She is carrying a lunchbox in her hand. She must have brought you a love bento. Xiao Lingye, you're in luck!"

Xiao Lingye glanced at him and said with a cold expression, "I won't accept it. She can give it to someone else."

When a male classmate heard this, he immediately rebuked with dissatisfaction, "Xiao Lingye, are you a man? Don't you feel bad for treating a girl like this? Besides, what's wrong with her liking you? Do you have to criticize her like this?" His eyes revealed naked envy and jealousy toward Xiao Lingye.

Xiao Lingye said coldly, "I don't like her, so why can't I reject her? Why must I accept her kindness? If you like her, go look for her. Do you need to stand up for her?"

“You...” the male student was so angry that his face turned green.

Indeed, Xiao Lingye didn't like Jiang Shuyu, so it was normal for him to reject her kindness. However, they just felt that it was unfair and indignant.

If goddess Jiang had treated them so well, they would be so happy.

It was a pity that Lady Jiang only liked Xiao Lingye. No matter how badly Xiao Lingye treated her, she did not give up. She still came to Xiao Lingye every day to show that she liked him.

Xiao Lingye originally wanted to continue reading, but when he noticed the strange expressions of the students around him, he thought for a moment, put down his book, and walked out the door.

Then, many people followed behind him, wanting to watch the show.

Just as the students said, Jiang Shuyu came to Xiao Lingye this time to give him a love bento.

.....

The dishes were very rich and beautiful, looking delicious and nutritious. She had planned her strategies, and she would follow them. As long as a man's heart was not made of stone, he would definitely be touched.

Even if it was made of stone, it would definitely be softened.

Before Gong Tianhao took revenge on her, she had to take down Xiao Lingye. Then, everything would definitely be safe.

When Xiao Lingye appeared at the door, her beautiful eyes lit up, and her face revealed a happy and shy expression.

She seemed to be very reserved as she called out, “Student Xiao!”

Then, she held the lunchbox in her hand in front of Xiao Lingye and said shyly, “Student Xiao, I personally made the lunchbox. Please have a taste and see if you like it. If you like it, I'll make it for you every day in the future!”

After saying that, she deliberately opened the lunchbox to reveal all kinds of rich and beautiful dishes inside. Moreover, she could smell the fragrance coming from the lunchbox.

“What a beautiful meal. What a fragrant meal!”

The male classmates exclaimed in surprise.

Jiang Shuyu, who was a little shy, lowered her head and listened to the exclamations of these people. Her eyes rolled and she looked a little proud.

Of course, she didn't cook these dishes herself.

She had not been inside a kitchen before. How could she suddenly learn to cook for Xiao Lingye? This bento was made by the family's chef. She said she made it to impress others. Of course, the person she really wanted to impress was Xiao Lingye.

Any man would definitely be touched when he heard that a young miss of a rich family had personally cooked for them.

However, no one here knew that Xiao Lingye had a mother who was extremely good at cooking.

Old Master Gong had once evaluated Mother Xiao's cooking skills. Her cooking skills were at the six-star level, which was one star higher than that of a five-star chef. Anyone who had eaten her dishes would be unable to forget it. This was because her dishes had an additional flavor, which was the flavor of love.

Therefore, in the eyes of others, dishes that were good in color, fragrance, and taste were just fancy things to Xiao Lingye. It was fine to look at them, but he had no appetite to eat them.

If people knew what Xiao Lingye was thinking, they would probably beat him to the ground.

Xiao Lingye didn't even look at the bento as he said coldly, "Student Jiang, let me tell you directly. I don't like you. I didn't like you in the past, I don't like you now, and I won't like you in the future. So, please don't waste your time on me. This makes me feel very troubled."

Jiang Shuyu's expression suddenly changed. Her expression revealed an innocent and wronged expression. She wanted to cry, but she didn't. She said with a sad tone, "Student Xiao, what exactly did I do wrong? Tell me, and I'll definitely change."

Those male students who were watching the scene saw Jiang Shuyu's wronged expression, and they immediately pitied her.

"Xiao Lingye, you've gone too far. How can you hurt a girl like this?" A male student said indignantly, "Can't you see how aggrieved student Jiang is now? Quickly apologize to student Jiang."

Xiao Lingye glanced at him and then said coldly, "I didn't do anything wrong, and I didn't say anything wrong. Why should I apologize? Besides, I don't like student Jiang. Why can't I have the right to refuse her?"

"But... it's too straightforward and will hurt a girl's heart!" The male student quibbled.

"So, it's my fault for refusing someone I don't like?" Xiao Lingye asked sharply, "Then, this student, tell me how to refuse a woman I don't like so that I won't make her feel wronged and sad?"

That classmate opened his mouth, wanting to say something, but Xiao Lingye said directly, "Alright. This is not your business anyway. If you want to pity her, that's your business. I am going back to the classroom to study now."

With that said, Xiao Lingye directly left.

The people who were left behind, regardless of whether they were male or female students, all had strange expressions on their faces.

Xiao Lingye's personality was too straightforward.

However, many female students had twinkling eyes in their eyes. Xiao Lingye was really too handsome, but at the same time, he was also a little too heartless.

Jiang Shuyu, who had lost face, never thought that Xiao Lingye was really a bastard. He did not care about a girl's self-esteem and face at all. She had once again lost such a huge amount of face in public.

'Xiao Lingye, you bastard. I swear, I will conquer you. I want you to slap yourself, then kneel down and apologize to me, begging for my forgiveness.

'Remember the humiliation you have given me. I will return it to you tenfold and hundredfold!

'I will not give up until you submit to me!'

Jiang Shuyu covered her face and ran away with tears streaming down her face. The bento was thrown onto the ground and scattered all over the place.

Some of the male students looked at the bento on the ground and clicked their tongues. They said, "Tsk tsk. Such a waste of a delicious meal."

A female student at the side teased, "Are you really feeling sorry for the meal and not because the Goddess didn't like you?"

"Sigh, this Xiao Lingye is a little too heartless," a male student said with some grievance, "He rejected her so bluntly. How can he do that?"

"However, I think it's a little strange," someone said softly after thinking for a while, "Although I've heard that Miss Jiang likes Xiao Lingye, she didn't express it so straightforwardly in the past. Besides, I also heard that Xiao Lingye's business partners, Qiao Ruoyang, and a few others, framed him because they were instigated by Miss Jiang."

"Shh, be careful what you say. Those are things without evidence. Don't talk nonsense, but others will sue you for slander." A classmate immediately pulled the classmate beside him.

That classmate curled his lips and said, "You're right."

However, many people had doubts about this matter.

Also, Su Yang suddenly died. Qiao Ruoyang and the other three had also quickly left the country. As for the company that Xiao Lingye had founded, it had also been taken over by their family members.

Also, the rumors that were bad for Jiang Shuyu suddenly disappeared. Following that, Miss Jiang suddenly went crazy in her pursuit of Xiao Lingye.

These sudden events were quite strange.

They had doubts in their hearts. However, the only people who could answer them were the people involved.
