

# The Alpha King's Fated Mate By Yui Ismutomo

Chapter 181

Astaroth Point of View:

A short thank you should suffice" I said to the Alpha King, Titus who seemed to still harbor anger towards me.

What is his problem anyway, I thought in annoyance.

I sighed loudly "Werewolf, why are they so stubborn and emotional anyway' I thought annoyed but knew not to say anything or it could make him even angrier.

This is going to be my father-in-law? Lucifer help me.

Wait..

What did you thinking, Astaroth?

Are you seriously thinking about it?

You must be crazy!!

What, are you seriously saying that and claiming him as your father-in-law?! Seriously, are you crazy?!

I quickly shook my head to get rid of the crazy thoughts that I felt.

"Are you still here?" The snap me from my thought, if only he is not that little princess father, I shall kill him, too bad I can't do

anything "Why, Astaroth?" The Alpha King repeated the question and asked again.

Ugh.. He is so annoying!!

Shrugging casually, I replied "I don't know" I answered quietly and it seemed that was not the answer he wanted to hear.

Oh no... What does he want now?!

66

Is that mean you haven't told my daughter yet, but why are you still here and confusing her?" He keep asking me and sound angrier.

Ugh. Can he not ask about it?!

I shrugged my shoulders again "I said, I don't know" was my short answer because I do not know what to say to him and I can not lie, he will get mad if I lied, right?

Growl....

Oh, please... what now??? I thought in another confusion.

An angry growl was heard but I was surprised when the queen Luna or his mate, a beautiful petite woman, almost as beautiful as her daughter, touched his hand and surprisingly calmed him down.

What?!

Is that it? A simple touch?

She can calm him down with a simple touch? What is this?

Are you f\*cking kidding me?

Is this called a mate-bond?

How could he suddenly and surprisingly lose his temper?

Wow... I thought in surprise and amaze.

it could calm down that angry-sounding Alpha King Titus.

Yes, I heard a lot about this mate-bond, but never thought a be so powerful that

Is everything that happened to me also because of what the mate-bond said?

Da mn it!!! All of this made me very confused and upset.

Is this what happen to me?

Because, whenever I look at my little girl's face, indeed my anger and annoyance seems to disappear, could it be the same thing

that I see happening in front of me?

Oh, Lucifer... What should I do to escape from this situation?

Escape?

Can I escape now? Leaving her?

And let everyone be killed by Asmodeus? Are you crazy?!!!

Ugh... What's wrong with me anyway? Why do I care about their safety since I know they're important to the little girl?

Chapter 181

What is this feeling?

I hate it....

Care? Why do I care so much whether they'll be killed by Asmodeus or not?

And why did I save them anyway?

Ugh!!!

I hate this feeling!!!!

"From your expression I can tell you must be confused" The woman's voice that spoke from beside me made me startle and

immediately turned my head to meet the gaze of the queen who had a figure almost identical to my little girl.

You serious?

Your little girl?!

"So this is where Iris got her beauty that exceeds imagination" I thought in my mind but immediately shook my head, snap it out,

Astaroth, you must be crazy!

"You know, he... the Alpha king once had that look of confusion towards me" the woman

spoke again and confused me.  
Huh? What look?

The king?

Queen Luna giggled and I saw the king pursed his lips in annoyance. Okay, what's going on? I thought confusedly but she get my attention now.

"Gwen..." I raised an eyebrow when I heard the king calling his queen's name, as if he didn't want the woman he loved to say anything.

Okay, I'm even more curious.

Smiling at the woman, I brought myself closer to show interest in what she had to say

"Tell me, my queen" My eyes lock on her

now and the queen just giggled back as if what she was about to say was very funny.

But staring at the king with an annoyed and grumbling expression, I understood that this was related to him.

"Do you know, this king who is my mate has also rejected me once?" My eyes widened and gasped loudly after hearing that.

Chapter 181

He did what?!!!

"No way!!" I said in disbelief as I covered my mouth with my hand and saw the king getting more and more annoyed like he did not like the reminder of it.

Wow...

Looking at them and how they look like a young lover despite their age right now I never believed it could happen "Really?" I

asked her again to confirm, because the information seems so unreal.

But when the queen nodded her head toward my direction before she pulled the arm of her mate who was currently sulking in a child way.

O.. kay.. That is not what I want to see...

Ew... disgusting, I thought and tried to hold back vomiting seeing it.

F\*ck!!! this intimacy does it have to be like this? Do they not care that I am among them?

Oh, my Lucifer... Am I going to be like that?!

The sound of laughter startled me and made me look back into the eyes of the queen who was watching me intently.

Huh?

What's wrong with her?

"You're like a fish out of water... Don't know what to do" She commented while laughing.

She said what?

What did she mean by that?

What a strange simile....

A fish? Out of the water?

Is it will be dead... ????

More laughter came from the woman who was the queen of Luna, as if she found something very funny about me and confused me even more.

What's wrong with her?

"You look so happy with the situation, Gwen" I heard the Alpha king ask his mate and she just gave him a smile.

Chapter 181

That's it? A smile..... And he didn't say anything else...

D\*mn, I am so confused how it works actually.

Chapter 182

Still Astaroth Point of View:

"Come on,

on, let's go for a walk" I blinked my eyes several times when hear the suggestion coming from the queen mouth.

Does she want me to die?

Why she said it in front of her mate?

It's not that I can not beat the Alpha king, I do not want it. There.. That is the differences...

Sighing, I slowly turn my head to see anger in the Alpha king's eyes just like I predict, sh\*t!

I'm death...

Stupid werewolf!!

"You sure want your mate to kill me, huh?" I made a comment and keep looking at the angry bad werewolf who lock his gaze on me like he want to kill me with his eyes but shockingly his mate just staring at him without any worry.

She's crazy queen, I thought in my head.

D\*mn, if looks could kill, I already death by now, I thought and can't help but chuckled in amusement but I guess I laugh in the wrong time because it seems a raised eyebrow coming from the Alpha king show me that he is not satisfied when he see me smiling.

I sighed in defeated, this is what it called you can't move or go anywhere because whatever you do, you already wrong in the other eyes so even when you do the right things, it won't matter.

Well.. that isn't new, I thought and just shrug my shoulder in a calming way, yes, I am so used to this, people judging me, that is not new for me.

Known as any kind of bad Devil I am, I am so used with every words they can describe about me.

"So, are you coming, mr. Devil?" Asked the queen and snap me from my mind before run to where she stand, waiting for me, leaving her mate behind staring at us in anger "I did not know you scared of my mate so

much” She said when I am start walking  
with her outside.

I sighed again “Not

“You do not want to make the princess worry because you know she loves her father so much?” The woman interrupt with a raise eyebrow that make me speechless.

How...??

She just smile and keep walking like she knows somethin that I don’t.

Weird...

Then I realize there is a woman guard that I always know be with her, standing not far from us.

Huh, I guess the King trully didn’t trust me, I thought and can not help but chuckled in amusement which make the queen raise her eyebrow and notice where my eyes land.

“That is how mate works” She said calmly like it is not surprising anymore.

“This... Mate thing is confuse me” I scoffs rudely but shockingly the woman just chuckle in amusement “What?” I asked her fast.

“I told you my mate rejected me once... I believe he has the same thought like you do now” She calmly reply and I just shrug my shoulder in nonchalantly “But...” She added and me me raise my left eyebrow in wonder about whet she’s going to say “I guess you”re different since you never knew about this mate things, so, I want to explain in the easy way to make you understand, my boy”

I almost choked on my saliva when I hear her “Boy?! My dear queen, I am older than you” I retort quickly.

She laugh and nodded “But, you are my little princess mate, meaning you are my boy, right?”

That words shut me immediately.

Sh\*t, she was right!!!

“But, why she did not reconize me yet?” I finally shot the question that always in my mind about my little girl never find out about me as her mate.

The queen give me a small smile “Because her wolf still with me” She said and shocked me.

Huh?

What does it mean that her wolf still with her?

Her wolf.... The white-wolf?!

The queen nodded her head after she look into my eyes and know I have foud out something "Yes, correct" She said as to confirmed my thought.  
But..  
How is that possible?  
"I do not understand.." I said softly.  
The queen look sad before she turn her gaze back at me, what is going on?  
From her eyes, I know something happened...  
"Astaroth..." The way she called my name, I know I am doomed, I have responsibility, but yet, why I am not leaving?  
Why I am still here talking to her?  
I even made that stu pid promise to her?  
Why???

Not long after we spoke, as if he knew what we were talking about, the Alpha King came to pick up his mate.  
Giving me a sad smile, the queen nodded her head before she went with her mate back into the palace and left me alone with the burden of thoughts she had given me.  
D\*mn it, I shouldn't have let her make me promise like that!!!  
I should have run away immediately when she wanted to talk to me one-on-one, now I'm like being caught and trapped because I can't move to do anything.

D\*MMIT!!!  
"But, may I ask what you would do if you found your mate, Iris?" I turn my head immediately when I heard the question and the voice that asked.  
These two.. I thought in annoyance.  
I know he has no feeling to her or vise versa but seeing those two always together put me in the bad nood. I hate it!!!  
But the truth, I also want to know her answer.

"Honestly, I don't know." I raise my eyebrow when I hear speak quietly while continuing to stare at the h orizon.  
Oh wow.. I never knew going to hear that from hr, I thought she is going to be delight or happy.  
But not this...  
She look.... lost?  
Does this mate thing is truly too soon for her?

Chapter 183

Meanwhile.....

Far from behind the hill above the tallest tree that was undetected by the werewolf guards of the royal perimeter, there was a

Demon who had long been hovering there with his invisible power.

He had been there for several days, with disbelief when he heard that the figure he always hated and admired was still in that

area, so he immediately went to him quietly and never expected to see something he never thought at all.

He should be an evil and terrifying figure to the creatures on earth.

He's practically the strongest person I've known since becoming Lucifer's henchman.

He's the only one who could ever successfully defeat me and not brag about it.

What the hell is going on?

Asmodeus stared angrily at the Demon who had always been his rival and the weakling he hated the most.

"I thought you were more than this, Astaroth" He whispered hatefully towards the Demon named Astaroth with clenched hand.

Asmodeus knew there was something between the Demon and this area, so many times he came here and felt it was here, but

did not know what until the moment his sword pierced the Werewolf king.

He loved that woman? That little girl who was the daughter of the Alpha king...

How is this possible?

We, Demons, cannot have feelings, let alone love...

So how could he possibly behave in such a horrible manner?

He even protected her and stayed there to help them heal?

Strange...

She's just a little girl....

How is this possible??

Chapter 183

Using his powers, Asmodeus disappeared so that he could go to the region to learn things about the little girl he loved.

I must do something to restore Astaroth to be the Demon I know and admire.

I won't let a little girl take her away from me, she's a great figure besides Lucifer himself I recognize.

How could a great being like him fall in love with a little mutt like that?

No way... I don't even believe love exists. And I don't believe Astaroth can fall in love, there must be something....

Love is only for weak creatures, not a great and powerful Demon like him, that's impossible!!!

I have to get rid of that little girl.

She seems to be the cause of all this!  
Go to Astaroth Point of view:

"Are you leaving?"

I turned towards the door and again the queen was there looking at me sharply, as if she couldn't believe that I would do this.

I let out a long sigh "I'm just here to help your husband recover from death, and he's awake so... Yes, I'm leaving" I replied casually and saw the shock from her after hearing my words.

Yes, I'm just here to help them heal from the sword of hell, why was I so surprised to find out I was leaving?

Don't they know my place is not here?

"You're still confused, I understand, but running is not the answer" Again she said as if she understood me, ugh....

"What do you know about me? huh?!" I finally exploded and blurted out the question and looked at her as she was surprised to hear me.

Yes, I seem to have been too nice to all of them that they forgot who I really am! I

thought in annoyance!

I need to get away from here.

Get away from her...

Yes... That seems to be the best move for both of us, we both don't want a mate yet.

Ugh. Mate...

I still have goosebumps saying it, is Lucifer laughing at me right now? Yes, he must know and is laughing at me, SH\*T!!!

"You are running..." I sighed again when I hear her voice.

The queen seems insisting I stay, I thought she and her mate dislike me, so why...

But, I quickly shake my head "I am not, just giving the princess and me time.." I told her and make her eyebrow raised a little.

"What?"

I sighed, do not know what to say, because I heard and see Iris before, what she say and feeling, I know it is not the time.

Ugh... I hate myself now.

Since when I thinking about others? Never!!

But if it involving her, I can not but do otherwise, I want to be different person even though me being a demon but I want to make her see me in different gaze. I am bad..

What is wrong with me??

This feeling...

This is so new that confuse me...

When I look up to meet the queens eyes, it changed... She did not staring at me with hatred anymore but it all changed.

“What?” I raised an eyebrow in wonder because I do not like the way she staring at me now.

She chuckled and shook her head “Nothing, I was wrong then so I will not disturb anymore, mister Demon sir”

The was she speak and said it like a mockery but I just rolled my eyes make her laughed again.

in annoyance that

Okay, this queen is seriously crazy, I thought in my mind and did not dare to said it out loud incase someone hear it.

But when she laughed harder I guess she found out what am I thinking right now and I can not help but shake my head in amusement now.

She could do things that surprise me...

Like what she did right now to me, I do not know if it is because she is Iris mother and their resemble too much that make me getting soft to her now.

D\*mn, if my kin see me like this now, I am so sure they will tease me.

And Asmodeus...

Hmm... I wonder where is he now?

Knowing him, he must be targeting Iris and this place. I need to talk to the woman witch to prepare the protection of this place so no one from my kin could enter this place.

I need to make sure no one could touch Iris, until the time come for me to said the truth...

But, the question is... am I ready to be her mate?

And her... Does she is going to accept me as her mate?

What will happen to us? or even there is an us?

F\*ck... This is so f\*ckin” mess up for me...

Chapter 184

Go to Iris Point of view:

The Demon seems to be avoiding me... I sighed and pouted in annoyance.

What’s going on?

He’s uncharacteristically keeping his distance from me, but why am I sad that he’s doing that?

I sighed again...

What’s wrong with me?

Everything related to him seems to bother me...

I’m acting like a girl who’s never met a handsome man... Shame on me!!!

Then now here I am, sitting next to the glass window staring at a handsome looking

man, yes, for some reason lately I've been staring at him and no longer think of him as beautiful but handsome, the more days the demon named Astaroth looks handsome, especially after he cut his long black hair shorter which makes him look more macho. Ugh. Stop it Iris, what's wrong with you?! I smacked myself on the head to regain my consciousness and when I lifted my head to look back at the window, I gasped slightly in surprise to see the demon staring into my eyes as if it knew I was here. Oh Go d, could it have known that since it knew I was watching it? Ugh... How embarrassing is that?! Lately I've seen him often with Melissa, Drake's mother, they're always talking seriously as if there's something they're working on and planning together. Huh... another secret assignment... I hate those parents who always do everything in secret as if we can't help.

"Looks like they're up to something" I looked over to see my friend Drake taking the seat in front of me and sitting there.

I gave a small smile and nodded in agreement with his words.

"Because there's no way your mom is having an affair with him, right?" I said in a teasing tone which make him growl in anger after I said it.

I can not help but chuckled in amusemet, well.. talking and teasing Drake jr is always fun while my friend just rolled his eyes in annoyance, know how much I loves teasing him.

"Funny" Was his short response with a snort which make me chuckled. "So, do you have

idea about what is it now they plan?" He added after a while.

any

I shrugged my shoulder "No idea" I said solemnly.

G od, this unknowingly is killing me. What is the meaning of being an adult if they still treat me like a little girl?

I hate it..!!

"Oh ow" Drake voice snap me back from my mind and turn my gaze back to my friend who nodded his head toward the window.

When I turn my gaze from him, I realize that Astaroth, the demon downstairs is alone now, Melissa is nowhere to be found and his eyes lock on me.

How come he sees me from afar? Was the question I have in my mind now.

His acts always confuse me...

Ugh.. I hate his hot and cold acts to me, so annoying!

"For the man who said take a distance, he seems to be failed with it" Again.. Drake comment make me raise an eyebrow in wonder.

SMACK!!!

"Ouch..!!! What is that for?!" He whined whilestroking his head in pain.

I give him a scowl "You know something yet you did not tell me, you know you are a bad friend, Drake!!" I siad and make him

widened his eyes in guilt but still I heard nothing coming out from him.

I just sighed loudly before stood up...

I hate this...

Everyone seems to hide something from me, even Drake and I truly hate this.

Go d... Why I am this nice?! I though and sighed loudly.

"Do not feel guilty, I guess they push you to said nothing to me, huh?" I asked him who nodded his head as confirmation

meaning I know he has no choice but to follow their order, especially if my parents involve on it.

Yes, a promise to the Alpha king and queen is sacred and can not be broken.

So it must be hard enough for Drake and I will not to push him and make it harder.

"You should be thankful I am not pushing you" I told him who grinned happily, guess I am right, he is been pushed to make a

promise to my parents so it is hard enough for him.

I punch him in the shoulder and he just laughed like the weight been lift.

Then he pulled me back and put my head in his armpit "HEEYYY!!!" i quickly screaming, know that he is going to messed my

hair "DRAAKKEEE, DON'T YOU DARE!!!!" I try to warned him, all the guards who standby and start running to where I am when

I screaming loud, stopped their moves when they realize that I am not in a danger, that it is just a botherly action between me

and Drake, as usual.

But, they did not know that there are a pair of eyes staring at them in anger whenever they being together even though he knows that the relationship between Iris and Drake jr is nothing romance and just full brotherly acts.

If looks could kill, then Drake must be already under 6th feet by now because of the gaze he received from afar with so much hatred now.

But, Drake who did not know keep playing with Iris until he feels goosebumps coming from his neck like something or perhaps someone wants to hurt him so back which make his werewolf give him an alert to be prepare for the worst.

Chapter 185

Waving goodbye to Drake who was heading out to the field to train, I walked in the opposite direction to check on the hospital which was my mother's favorite place, because she was a doctor, but I wasn't there

for that, I was there to check on my father who was having his last check-up.

Walking leisurely followed by my two loyal bodyguards, I nodded my head to greet everyone who passed me.

Being the daughter of the greatest Alpha king of all time like Rolf Titus was actually very hard because everyone expected the amazing things I would soon do as a direct descendant of the Alpha king.

Talk about heavy burden... Well... I'm glad my parents never asked me to be great but I still sometimes wish I had been born an ordinary person.

But those are just wishes, I'm so grateful to have Rolf and Gwen as my parents, they're amazing.

"You look happy" The voice coming from next to me startled me and made me flinch so that I looked up slightly knowing Astarot was already there.

Since when has he been there? I thought in shock and annoyance for not having the power of a wolf to predict his arrival.

But then again, he is a Demon, so it seems that even if I had a wolf, he would still be able to surprise me unpredictably.

D\*mn Demon!

"What are you doing here?" I asked the handsome demon with a scowl.

He frown "Your expression is different when you are with your boyfriend.." I raised an eyebrow in confussion.

Huh?

What does he mean?

What boyfriend?  
I have no one...

"Why? Did it surprise you?" He smirking and make me blush by how the way he speak to me.

Why he is acting like this now?

He is so strange....

"you are bipolar?" I blurt the words that make him burst out laughing before open the hospital door for me and start walking

inside with me "You following me" I added fast in a statement instead of question.

He nodded his head in a mockery way "Need to see if your father is okay, so I could leave from here" My step stop immediately the moment I heard his words.

Frowned deeper, I look up to see him raise an eyebrow when he notice me stop walking

"What's wrong?" He asked and start

walking back to where I stand.

He's leaving? I thought in my head and feel my heart break a little when I hear it.

Why?

Why am I reacting like this?

A single tear fall on my cheek from my eyes and shocken me. Astaroth who also notice me, slowly raising his hand to touch my

cheek softly with tenderness that I never thought a Demon had.

A tingling sensation was there the moment he touch me.

What is this feeling?

Why knowing him leaving breaking me to the point where I am crying like this?

For a few moments we stare at each other until someone clears their throat and I stare at my father standing at the end of the door with raised eyebrows as he sees our current position, his hand touching my cheek and tears flowing.

Sh\*t!

He could be mistaken, I thought and quickly walked over to him before he got emotional and angry for no reason at the Demon who I knew had powers beyond my estimation.

Yes, I knew that Astaroth could easily defeat my father even though he was the strongest werewolf and the king of werewolves, but our strength was nothing compared to this Demon beside me.

"Hey, are you done, dad?" I said hurriedly in order to distract him from the image he had just seen.

Please don't be angry... please dad... I thought to myself and sighed softly as he looked back at me and nodded his head with a smile.

"You came to pick me up?" He asked softly with a small smile.

Phew... he's not mad, I said relieved inside.

"How are you, King Titus" My body tense in fear when I hear the Demon speak to my father casually.

My father sighed "You're still here, Astaroth?" He asked the demon bluntly and I have to hold my breath to feel the coldness coming out from them.

Sh\*t, this is not good.

I have to say something before they try to kill each other!!

"I'm just going to leave actually but know that I need to speak to you first" My breath hitch and I feel my father's eyes gaze on me when I am doing that but too coward to raise my eyes to meet my father's or the demon's gaze.

What's wrong with me?!

"um.. I shall just leave you two then" I told them without looking up to their eyes and just walking away with hard feeling that I felt like now.

Walking faster, I take a turn on the right and lean my body on the wall breathlessly..

Oh G od.. What is this feeling?

Why am I hurting like this? I said to myself and wipe the tears from my eyes only to feel it keep falling.

Sh\*t!!!

I can't cry...

I never cry so why....

"Ooohhhh... Why the princess crying???"

I quickly turn my head when I hear the voice coming from beside me only to get shock when I recognize him.

"Asmodeus!!!" I said in shocked and the demon named Asmodeus just give me a wide

smile before slowly he take another step closer to me.

F\*ck!!!!

Why is he here..???

I can just walk back to tell my father and the other about him, I thought and take a step behind which irk an eyebrow from the bad demon.

"Where are you going, Princess?" She smirked evilly and I only gulped in nervousness. Where is everyone!!!!

Sh\*t, I have no wolf so I know I am not match to him!!!

"why are you here, demon?" I dare myself to asked him and hear him laughing out loud.

Good.. laughing.. Laughing hard so people could hear it, I said on my head and try to hold my expression when hear him still laughing.

It can't be father can't hear him being loud like that, I thought confidently.

The Demon, like he know what I have in my mind give me smile evilly before raise a hand and I move quickly to my left when I feel something pulled me and the things that the demon try to stab me didn't succeed and it just scratch my right shoulder.

"UUGHHH..!!!!"

Someone holding me and when I look up, I see two yellow eyes staring back at me in worry before i could hear him growled in anger toward the demon in front of us who laugh louder like it was his intention to make him mad.

"Asmodeous..." He whisper in deep and cold voice to the demon.

The other demon keep his smile.

"Hello... Astaroth..."

Chapter 186

He's here....

Asmodeus here...

I have to tell father and Astaroth that he's here!!!

"Where are you going, Princess?" he smirked evilly and I only gulped in nervousness.

Sh\*t..!!!

He knows something, that's why he is coming when I am alone..

He knows something!!!

Every scene popped in my head, thinking that he is here to harm us..

My father, my people...

But why he is here?

I am glad that I have good reflect to be able to react when he's trying to stab me with his power, even though it is still too fast for me.

"UUGHHH..!!!!" I feel it scratch my shoulder.

D\*mn, that hurts!!! I whined and gasped in pain.

A pair of hands holding me and when I look up, I see two yellow eyes staring back at me in worry.

If the words about how dangerous Astaroth was being heard, this is the moment when I realize that his look could be so cold and so different from whenever I see him here.

This is the dangerous and powerful Astaroth that you've heard from the story.

"Asmodeous..." I watch and heard how he whisper in a deep and cold voice to the other demon that makes me shivered in fear from listen to his voice.

But, shockingly the other demon keep his smile like it is his intention to make Astaroth mad.

"Hello... Astaroth..." He said calmly.

He's totally a lunatic, I thought with a shook head.

"You okay, darling?" My father's voice snap me from my mind and I quickly turn my

"Just a scratch" I whimpered and realize Astaroth gaze toward my wound have been so intense for a minute before he close his eyes and turn his head back to his demon rival.

"What do you want, stupid boy?!" He growl in anger when he speak to Asmodeus who laugh out loud like he was happy.

Is he crazy?

"I came to see the girl" He said with a smirk and Astaroth hand who still around me tightened, like he try to hold his anger by holding me.

But what Asmodeus said about meeting the girl irk my curiosity.

What does he mean by that?

Who is the girl?

What is going on?

"Leave her!!! Just aim on me, let's fight! Isn't that what you want?!" Astaroth hissed but the other demon keep his smile wider.

But how he speak about aim him and not her caught me by surprise.

To hear someone care..

Who is she they're talking about?

“HAHAHAHAHA.... I never thought I am going to see the almighty Astaroth in love with someone, let alone a werewolf  
HAHAHAHAHA.”

WHAT?!

He said what?!

My eyes widened in shock and feel Astaroth himself tensed beside me.

What is he talking about?

“HAHAHAHA... She didn't know?” I gasped loudly when Asmodeus speak to me

“Princess... Did you know that the demon

beside you in love with you?” I quickly turn. my gaze toward Astaroth who growled loudly and look angry.

“YOU...!!!!” He cursed before run to him with demon movement toward the laughing Asmodeus, leaving me astonished.

He in love with me?

Chapter 186

Does he mean that Astaroth has feeling to me?

“Iris..” My father pulled me away toward the battle between two demon and I look up to him to see something in his expression.

Oh. My. Go d...!!!

“Dad?? You knew?” I shot the question to him who keep silent and keep looking up to my wound instead of my eyes.

I stop him by touch his hand and slowly he turn his gaze to meet my eyes.

“Astaroth in love with me? Does he... Does he is my mate?” I asked my father and lock my eyes on him the whole time to see if he dare to lied.

That's explain the tingle feeling whenever he touch me.

The closeness...

The bond whenever I feel from him...

I should've know the answer, but ignore it...

Sh\*t!!!!

I don't need my father answer to know the truth, because I could see from his eyes about it.

Oh my G od...!!!!

But, he's leaving...

He wants to leaving even thought he knows about me as his mate?

Does it mean he's going to reject me?

“You know, father, yet you didn't tell me? Why? WHY?” I was wound and I didn't realize that I yelled at my father until I see his eyes.

He was hurting...

Gasped, I let people around me take care of my hurting shoulder, leaving my father behind.

BOOM.. BOOM...

Gasped, the earth was shaking because of the fight between demon outside.

My Go d.. Why is Asmodeus like that?

Chapter 186

It's not me who decide my mate, so why he hate me so much?

Does he think me, us, werewolf is below him?

AAAHHHH...

Then screaming was heard coming from outside then I realize it was small demon trying to make a mess until one of them meet my eyes.

"There she is!!! Get the Princess!!!!"

My eyes widened in shock when I hear them said it while pointing their ugly finger in me.

Sh\*t.. Sh\*t!!!!

Groowwllll.....

I loud howl was heard coming from behind me to see my father giant black wolf standing proudly there.

"DAD... NO!!!" I shoutout because I know he is not fully recovery.

But when I see his eyes staring at me before he bite the small ugly demon, I know it was his way to say sorry to me.

I know I shouldn't mad, he was doing it for my purpose.

Back then I just surprise and wounded, but I know why he's doing it.

When my guards taking me away from the battlefield and I trying hard to fight them and stay, but no one let me.

"NO.. DAD.. DAD!!"

It's like a slow motion when you're been taking away until Drake jr have to carry me.

"Iris.. Iris, there's so many small demon and we need to go now, please!!" Was his words. while speaking softly to me.

I look up to see my father, along with other warrior fight with the demon.

Oh G od.. Is this my fault? I thought in sadness with tears building in my eyes before I let Drake Jr take me away from here.

Chapter 187

With the help of the warriors and guards who were always ready for any situation, everyone began to move quickly to protect the women and children who needed protection.

"Princess." Jose, one of the strongest warriors who was the leader of the guards and also my father's protector came with my sword that he had made especially for me.

With a smile on my face, I picked it up and started slashing at the little demons that were chasing me.

Feel this!!! You think because I don't have a wolf that I'm weak?!

F\*ck you all!!!!!!!!!!!!!!!!!!!!!!

I am the strongest female warrior Jose has ever taught, and even my father recognizes my speed that exceeds that of an ordinary human despite not having a wolf.

Accompanied by warriors, guards and my friend and guard Drake Jr, we cut down the

little demons that tried to get close to me  
or tried to hurt my father's people.

D\*mn it! They're weak but there's so many of them?! I thought irritably and started panting from exhaustion...

"The errand boys of Asmodeus are weak but just like their owner, annoying!!!" Drake commented and everyone giggled while continuing to slash at the little demons.

Looking up I could see the two Demons fighting, I don't know what to think at the moment.

Confused, because Astaroth could have left and not cared about what's going on, but he's still here and protecting us.

Something he shouldn't have to do but he did anyway.

Why?

"IRIISSS..!!!!" Drake Jr's voice called out to me and snapped me from my thoughts, but I was too late when I saw a long clawed figure approaching my eyes.

D\*mn it! I was caught off guard!!! I thought in panic and quickly closed my eyes to quickly exhale a long breath and was surprised to find that nothing happened to me.

SPLAS SH HHH..!!!!

My eyes opened in shock to see a black-haired man standing in front of me and strangling a small demon before crushing it with one hand to turn the small demon

"Astaroth..." I whispered in shock knowing he was the one who protected me from Asmodeus' little demon attack.

He glanced at me before pulling me to stand behind him as if to protect me.

"Everyone stand behind me, call the warriors who are fighting the disgusting creatures"

He whispered softly but Jose and the

others nodded their heads before I saw all the werewolves stop their attacks and even my father walked over to us.

Everyone fell silent and stood behind us, and as if he could tell, we all gasped in shock as he flew slightly with his hands up and saw a figure of blue flame coming out of his hands before he was able to fire it all around places.

Everyone fell silent in shock as they saw the little demons exposed to the blue flames immediately burst into flames with cries of

pain before turning into ashes and leaving all onlookers wide-eyed in shock at the power possessed by the black-haired Demon named Astaroth.

He was angry... I thought in surprise and also flattered, is he angry because someone wants to hurt me?

Could it be that his cold heart was touched by the fact that I was his mate?

The power of the fated mate possessed by him affects his sense of indifference that he has...

Asmodeus looks angry...

With his mouth open he stared at his surroundings where his messengers had been charred and turned into ashes all without exception.

"So this is your choice, Astaroth?" He spat with a look of disgust as if the thing chosen by the man in front of me who turned out to be my mate was a disgusting and shameful thing for the Demon nation "Siding with the people who should be the servants of the Demons"

So that's us in his eyes...

I held my temper and didn't get the urge to speak harshly and challenge him...

Everything touched my hands and my father, we were the two most temperamental here but I looked at my father who was also silent, knowing that I should not say anything.

"Why are you doing this, Boy?" I raised an eyebrow at the words issued by Astaroth to Asmodeus.

Could he really say that?

Won't Asmodeus be angry?

"What's wrong with you? Why are you defending them?! They are slaves!!! Lucifer's servants!!!" Asmodeus hissed in anger and glared horribly at us as he spoke.

What?!

Lucifer's errand boy?!

Slaves?!

Is what I hear true?!

"Hey, you're Lucifer's errand boy too! How is that different from us?!" I said in annoyance and immediately regretted it by covering my mouth with my hand quickly when I realized what I was doing after seeing everyone staring at me in astonishment.

Sh\*t!!!!

However, I saw Astaroth smile before grasping my hand which made me blink in surprise as I continued to stare at our hand in hand.

Oh. My. G od!!!  
What's going on?!

Everyone who was there, was shocked and let out loud sounds of shock at the thing that the black-haired Demon did in front of all of them, including in front of my parents.

Oh my G od, what's really going on?

Why did he have the audacity to do something like this in front of everyone?

Then I also caught the angry glances that the other Demons threw at me.

Asmodeus was looking at me with anger clearly in his eyes, as if seeing me and

Astaroth holding hands was the most horrible

and taboo thing he had ever seen...

However, Astaroth, who also knew and realized the hateful gazes directed at the two of us, was very calm and unconcerned about it.

In fact, from the pull of his lips, I realized that Astaroth was giving a mocking smile towards his fellow Demon who was

increasingly showing anger and hatred towards

widened at the black-haired demon after he said that.

What?!

Lucifer the king of hell has a weakness?

What is he talking about? (Read "Call me.. If you dare!!")

"Shut... SHUT UP... SHUT UUUUPPPPPPP...!!!!!"

BOOOOMMMMM.....

Gasping and jolting in shock at the violent explosion, I quickly straightened my head to make sure no one was hurt by the blast

and breathed a sigh of relief at the protective circle around us, so no one was affected by the blast.

Astaroth, realizing the fury of the Asmodeus, shielded all of us, my people with its power.

Asmodeus looked furious and gave me a hateful look before he disappeared like a gust of wind.

Letting out a long sigh, my father immediately took my hand and gave me a tight and warm hug before checking on my condition.

The scratches and blows that left me bruised made him squint in anger, but I quickly pulled his hand away and gave him a hug.

Remembering how I almost lost him in a moment of anger for a silly reason, I couldn't imagine what I would feel if he was completely gone from my sight.

I knew he was overreacting but I also knew he was always doing what he thought was in my best interest.

Hearing light footsteps, I knew it was my mom and immediately she gave us both a tight hug.

"Thank God you're safe, God, I don't know what I would have done if something had happened to you two" She said frantically with tears in her eyes.

Even without explaining it, I knew my father thought the same thing as me, that if Astaroth didn't help then we would all end up

very badly,

I turned my head to stare at the black-haired man who kept locking his gaze on me as if

to study my reaction, but our gaze was interrupted by my father clearing his throat and making him look over to where my father was standing in front of him.

"What does that mean you'll accept it?" Asked my father to the surprise of everyone around us, it seemed that they had all heard and known the thing that was revealed about him being my mate.

God, what was going to happen to us?

With me not having a wolf, I didn't recognize him so I didn't feel the affection.

I felt the grip of my mother's hand on mine, as if she was nervous to hear the answer that the black-haired demon would give.

Could she be worried that Astaroth would still reject me?

Well... If that happens, I'll just accept it, after all, as long as my wolf isn't around, I think I'll be fine, I thought calmly even though my heart was racing too at the thought of his rejection words.

"I can't run away from this" were the words that were surprisingly spoken by her which caused my mother to squeal loudly while tightening her grip on my arm.

What..??

Why..??

He was looking into my eyes as he said it, as if stating it to me, not my father or anyone else who was there.

Is he serious?

However, I know he's always avoided me and I heard he also said he would reject me to my father, but why is it different now?

Why did he give that statement to my father for everyone to hear?

Does he realize that this is an irrevocable thing, that his words are like a dead promise that he can never undo?!

No one spoke and I saw my mother go to my father and pull him away before the others followed their king and queen into the palace to help everyone who was in a panic due to what had just happened.

Drake Jr. silently looked at me and Astaroth in turn before he patted my shoulder and went inside with the others.

Sh\*t! Why is everyone leaving me anyway?! I thought irritably and turned around to walk away from the palace and head the other way.

"I wonder why I have this strange attraction to you? It turns out..." I said quietly but I knew he could hear it and I felt him sitting

next to me on the dirty ground as if he didn't care, making me widen my eyes in shock to see him so close. "Are you going to

intently "What's wrong?" I asked nervously seeing him looking at me that intensely.

"I won't be here either if I'll reject you." He answered quietly and made me raise an eyebrow.

"Really?" I asked quietly and was startled but slightly had hope in me.

He let out a long sigh while staring at the forest in front of us "I can't step away from you" He answered surprisingly.

Of all the things I thought he would say, it was something I didn't expect to come out of his mouth, leaving me speechless and

just staring at the man or demon who was my fated mate.

And he returned my gaze so sharply that the world seemed to stop for both of us at this moment.

Oh G od, what is this feeling I have for him?

Is this how he feels about me?

Chapter 189

I continued to stare at the black-haired man who was a demon named Astaroth who also turned out to be my fated mate intently to find out if the things he said were true and not lies?

However, he looked back at me so that I didn't find any lies but a dreamy look that I never realized he was giving.

Oh G od, is this really happening?

Did he actually accept me to be his mate?

"But... Are you sure?" I asked him back.

Astaroth surprisingly smiled and looked up at the sky "I too have everything in mind when I am here..." He said quietly before he looked back at me "I've been to my world... But not for long because there was something in me that wanted you to be close to me, a fear that something would hurt you or happen to you, I... I've never felt anything like this" He added, which made my eyes widen to see him saying such beautiful things with a serious look towards me.

There was never a man who said such beautiful things to me, yes, he informed me that he had left, but that made him realize how much he couldn't lose me was something that touched my heart.

"You know what I am and caring has never been in my blood, and yet... you... the thought of something happening to you, I don't want to... even just in my mind. No, I don't want to let anything happen to you or your family that makes you sad and this is a strange thing for me" He kept pouring out what was in his heart and I kept listening carefully with my heart touched by the beauty of the things he felt for me.

Could I ever get a mate this perfect?

No one is perfect in this world, but the feeling she has for me is something I wouldn't want to receive from anyone else but her.

Oh G od, it's so beautiful, I thought.

"Iris..?"

Since I didn't say anything and was just staring straight at the forest, I realized that

"Sorry" I said immediately and gave a small smile that was surprisingly not reciprocated, oops, looks like he thought I didn't have the same feelings as he did. "What exactly is love?" I said softly while looking at him and saw him raise an eyebrow "I always thought maybe I would feel in love and not a sense of compulsion because he's my fated mate?" I added softly and made him smile a little which caused my heart to beat so fast that I almost lost my breath because of his very handsome face.

Oh G od... I said to myself while touching my chest which was beating very fast at the moment.

"Can we teach each other that?" His words startled me and I widened my eyes at him.

Is what I heard true?

"What?" I asked quietly to make sure that what I heard just now from his mouth was true.

I slowly saw him touch my palm before grasping it.

The vibration that people always say when touched by the mate is not or maybe not yet felt but there is a warm feeling that spreads making it very comfortable.

"If it's with you, Iris, I want to try this" He said before bringing his hand to his lips to give me a kiss that made me tremble "I want to learn this thing about love if it's with you, Iris" He added and I couldn't contain the unstoppable tears and felt them fall on my cheeks that made him surprised and cupped my cheeks to kiss my tears away "Sorry.. I didn't mean to.."

I quickly shook my head "No... No... it's not your fault, I just...." I said as I found his eyes looking at me intently, as if wanting to know why I was crying "I'm glad to know you have those feelings for me, Astro"

I nodded my head "Astaroth is very long so I shortened it to Astro" I replied casually and made him chuckle.

Wow, he's been smiling a lot lately and it makes him look very handsome, I thought happily before touching his cheek.

We sat there staring at each other before, I don't know who moved first and only felt a warm touch from his lips to mine that made me gasp in surprise before returning his kiss with the same longing.

## Chapter 190

Standing in my father's room with the man I just found out is my fated mate who  
is currently holding my hand tightly as if he doesn't want to be let go, is  
something that makes my heart beat faster for different reasons.

The first was being happy that my fated mate accepted me with open arms and

continued to show that she didn't want to lose me and the second was being nervous about being in front of my father with my mate because right now I didn't know what was going through her mind, because, yes, we knew she wasn't a werewolf and was a creature known to have no heart and even for her to have a mate was also a very surprising thing and maybe even a first for a Demon. Well... Asmodeus' poor response upon finding out that his fellow demon had a mate shows that his own kind didn't take well to the information about him having a werewolf mate.

That's why I don't know how my father would react to Astaroth finally accepting me as his fated mate, considering how he informed me that he had been in a phase of trying to get away from the feelings he felt for me some time ago. And yet, here we were, holding hands like a couple who had accepted the destiny written for both of us that we were fated mates.

I know, considering he is not a werewolf and is a demon, surely our path will not be that easy, there will be plenty of things that do not want us to be together, but I am also sure, if Astaroth is determined to stay by my side, then I will do whatever it takes to prove that I will do the same for him, which is to stay by his side no matter what happens to us in the future.

Tightening my grip on his hand, I noticed my father looking at where our hands were joined before giving a small smile and shaking his head.

"Take it easy, I won't kill you, so don't be too nervous," he said softly and made me blink my eyes a few times before letting out a long sigh.

"Dad..." I whispered and saw him nod his head and shut me immediately.

He flashed me a smile when he saw that I didn't continue my words. "I know what fated mate is, you know I once did a stupid thing that made me almost lose the most important thing in my life, my fated mate and so relieved, even though you are a demon, you did not do anything that could destroy you by rejecting the destiny written by the Moon Goddess to you, Astaroth" He said and I glanced at my mate who looked shocked at the words my father said and I gave her a calming

"I've heard that you almost rejected your mate, I thought it was just gossip" my mate responded and made my father chuckle.

"That's why you and your mate understand me and my father just nodded his head in confirmation.

I can only sigh in confusion and relief? I don't know, because how can my father

They are so unpredictable, I thought and snorted involuntarily, causing the two men to look in

direction.

"Do you have something to say, princess?" My father taunted, he knew exactly what I was thinking right now and I just shook my head which made him smile teasingly as he looked at me.

But Astaroth surprisingly pulled me close and made me sit on his lap.

Wide-eyed, I immediately looked at my father who only rolled his eyes and sighed as if holding back from making a scathing comment.

"Young mate..." Those were the only words I could hear from his lips before the door to the study opened and walked my mother with Melissa who gave me a big smile as they walked into the room.

"Oh, look at them." It was my mother's words that made me blush, but with Astaroth's arm in my lap, I couldn't move and remained in his lap.

Ugh... I'm going to get teased by everyone, I thought embarrassed and could only bow my head from the teasing gaze of the women.

"Welcome to our family, Astaroth," my mother said and hugged us both, me on my mate's lap.
