

## Chapter 10 - Claiming the Fated Mates - Raina Lori

### Chapter 10

Savannah's POV

I looked at the man with wide eyes. Did I just heard 'mate' word from him or it was just my imagination? I could not fathom what this man wants from me but I also don't know why I feel a pull towards him. After rejecting Avan, in these two years I never had any kind of fantasy about other make wolf. Snow Moon also has many handsome make who is yet to find their mate but these kind of feeling I never felt before.

How come this man before me become exceptional?

I shook my head, no, this can't be true. I never heard of any wolf having two mates in one lifetime. How could Moon Goddess play with my fate like this. And for the fact, this man in front of me seems dangerous. Even the air around him feels tightened , making me suffocate.

Placing my hand on his hard chest I pushed him away from him. It would be better to stay miles away from him. His intoxicating scent made my body numb and my mind stopped working. This man is clearly toxic for my health.

"Who's your mate?" I glared at him.

Instead of getting angry he just smirked "you can deny all you want. But you can't do that for long"

What does that mean? Does he take me for a fool?

"Where am I? And what am I doing here?" I asked, ignoring his remark. I need to leave this place soon. Mom and dad must be anxious after knowing I am gone suddenly. But looking around, all I could see was the luxurious furniture around the room. I really wonder how much it would cost just to decorate this room alone.

"Like what you see?" I heard him ask. My head immediately snapped towards him. He was still wearing that annoying smirk on his face. But he'll, he is damn sexy with that attitude.

~He is so hot~ Red purred suddenly.

"Shut up" I cursed inside my head.

~But he is sexy~

I didn't bother to reply and blocked her immediately. What have I gotten myself into? If I had not decided to go to the forest maybe I would still be in the pack house.

"Where am I? I want to go home" I demanded blocking all my thoughts.

"Home? This is your home from now on" he replied casually.

"Let me remind you, I am kidnapped here. You kidnapped me" I snapped.

"Oh? Is that so?" He turned around and removed his black fur cloak.

I could not understand at first but then my jaw almost dropped to the floor when I saw him removing his shirt.

Fuck\* That was the first thing that came into my mind. That tight muscles, broad shoulders and the line shape of his back. I suddenly felt myself become hot all over my body. How come his body makes me hot? Since when my sexual control loose like this? I bit my lips and avoided my gaze from his delicious body.

"What do you think you are doing?" I asked him.

"Can't you see? I am removing my cloths" he replied directly.

"You....." I turned my head but my eyes stuck on those gifted muscles he has. He is now facing me which clearly gives me a good view of his front.

My throat suddenly dried up and my chest tightened. A feeling of urge raised inside me. I have never been affected by any male species like this. Not even when I was Avan's mate. Though we have had any intimate connection, I have seen him half naked many times. I always found his body good but that never urged me to think anything dirty. Even on that night when he was having sex with Resse. I was more angry than drooling over his naked body.

But this man in front of me, even his half naked position made me think about those kinds of things that I could only have in fantasy.

And the reason for that, I don't know myself.

"Like what you see?" His dark voice had me return back to my sanity. I was so engrossed that I didn't even see him advancing towards me.

"What are you doing?" I yelled as I moved back, at least away from him.

"What? I am helping you to have a good look"

"I was not looking at you" I lied.

~Lier~ Red rolled her eyes. And I pretended not to notice her at all.

"You were practically drooling" he smirked "still trying to lie?" His eyes flickered with amusement.

"I want to go home" I don't know what to say and I blurted out whatever came in my mouth.

"Home?" He suddenly laughed "this is your home. And I won't repeat it again" I can sense the coldness in the depth of his voice.

An unknown shiver ran down my spine. I bit my lips.

He closed his eyes then shook his head before looking at me with those dominant brown eyes. He inched closer and as I was about to move he grabbed my ankle and dragged me towards him. A surprise squeal ran out of my mouth as I felt myself being pinned down on the soft mattress.

"Remark my words in that pretty little head of yours, YOU ARE NOT GOING ANYWHERE" he forced every word stressing it clear.

My heartbeat became faster as I stared at those dominant eyes. I can clearly sense he is not joking. My hands become cold with that thought. This man looks so dangerous but how come I got entangled with him without any rhyme and reason?

Before I knew he moved back but I could not my body. I laid there gasping for breath..

"Take a bath, you smell like bamboo"

Bamboo? I smell like bamboo? What? I get up from bed only to find he is gone. I raked my eyes around every corner of the room but there's not a single trace of him. A few seconds later the closed door cracked open again revealing the Luina's face.

"Miss?"

"Where is he?" I sprang up from bed as I asked her.

She looked startled "uh...Master has just gone out. He asked me to give you a bath"

Damn him. Who does he think of himself for ordering me like that? Bamboo? Is that even a joke?

"Miss, let me show you the bathroom first. You need to clean yourself"

I frowned at her then gazed at my body. My dress has some dirt on it. I shook my head. I forgot about it fully. I don't know how long it has passed but I really do need a good bath. Without any words I followed Luina's lead towards the bathroom.

The bathroom inside has a glass wall. Entering inside all I could see was the reflection of me. I saw Luina was making the tub ready. She threw rose petals in the water then smiled at me.

"Miss, the tub is ready and all the needed things are placed at the side. Do you want me to scrub your back?"

"Uh ...no, I can do it myself"

"Okay, then I will get your dress ready" she nodded before heading out.

I felt a headache starting to form. This is way too much to handle. First I was kidnapped then trapped in somewhere I don't know yet these people treating me like something so special. Why? Why? Why? I couldn't understand it. But right now, I can't control my urge to dip myself down into the water. I walked towards the tub then entered the water. The cool liquid freshens my body immediately. I couldn't help but feel relaxed. The sweet smell of the flowers calmed my mind and started to clean my body.

When I walked out of the bathroom I saw Luina was already there holding a dress.

"Miss, you are done? Here please change your cloth" she said with a smile. I must say this girl smiles a lot.

"All of these for me?" I asked as I eyed the cloth on the bed. The dress was a off shoulder knee length black cocktail dress with a pair of matching underwear.

"Yes, the Master has given the order to pick this," Luina nodded.

This Master again. How did that man know my size to pick a dress and underwear? I frowned slightly.

"Miss?"

"Uh...yes" I nodded before grabbing the dress. After 30 minutes I am done with dressing myself. I looked at the mirror and found the black dress fitted me so well.

"This dress is really suitable for you Miss. It really looks gorgeous on you" Luina complimented.

I turned to her "where am I?"

"You are in the mansion of our pack Miss" she replied.

Pack? So this is another pack?

"Pack? Which pack?"

"Dark Forest Pack"

I looked at her with wide eyes. Dark Forest? Isn't it what dad said once? The most fearful one in the wolf tribe? And I am here in their territory?

"That... Person I mean that you called Master-"

"He is our Alpha"

I choked on my own saliva. Alpha? Suddenly I felt all the air in my lungs had gone into a vanishing mood. Really Alpha? That's why he looked so imposing

and the air around him screamed dangerously. So he was the Alpha of the Dark Forest Pack. How come I ended up in this clutch? And the worst thing is he is calling me his mate. How could I have two mates in my one life? What kind of game Moon Goddess is playing with me now?

I thought I was over with this mate thing but she has to shove another one again?

"Miss, are you okay?" Luina looked concerned as she patted my back.

I nodded "I need to go"

Damn, I want to leave this place as soon as possible. I can't stay here for long after knowing the truth. I need to run from here no matter what.

"Miss, that's impossible" Luina shook her head.

I frowned "why is that? Is this kind of your pack rule?"

"I didn't mean that Miss. But you can't leave the pack without Master's permission. And he is now waiting downstairs for you"

What kind of situation am I in? I can't leave but I have to face that man again? What sin have I committed to face this current situation? If I knew where I was I would have escaped long ago but damn I don't know my location nor the way back home. Feeling no way I had to follow Luina out of the room. The scene outside the room was beautiful. This house is really well made. Even the single vase kept at the side looked expensive. I followed Luina downstairs. Few male figures come into view. Their heads snapped towards me and their eyes widened.

"Master" Luina called out.

I turned my head to look at the man who was sitting in the dining area. He was sitting at the far end of the table. His lips hooked up as he smirked. His eyes raked over my body. I bit my lips trying to avoid his gaze. That dominating gaze of him made me feel naked even with my clothes on.

"Come here" he voiced suddenly.

I walk towards him trying to keep myself calm. Calm down. Don't show your panic on your face.

"Hm...you look beautiful"

Hmph. I didn't look at him.

"You must be hungry. Let's eat something" he said again ignoring my gesture.

"I am not hungry-"

Before I could finish my stomach growled. I closed my eyes tightly with embarrassment. Does it have to happen now? My cheeks get hot with blush. This is not good.

I heard him chuckle. Damn, even his small chuckle is sexy.

"Are you still going to deny it?" He asked "now sit"

I didn't reply as I sat down. I was never embarrassed like this before. Shame on you Sav. I mentally shook my head. Why do I have to suffer like this?

"What do you want to eat?"

"Anything that is edible is fine" I replied curtly.

"Bring it," he ordered. Doesn't he get annoyed with my attitude? Earlier he was angry but now he is behaving like nothing happened. I really can't understand this man.

Soon two maids brought food. One of them placed a newly made pancake before me. It has strawberry slices and syrup spread on the pancakes. Mom used to make this for me. She knew I love pancakes.

"You don't like it? Get another-"

"No it's fine" I cut him off in the middle before picking the knife and fork to dig in. The sweet taste filled my mouth with the first bite. I couldn't help but moan lightly, closing my eyes. It tastes so good. From the corner of my eyes I saw his dominant brown eyes darkened instantly. Immediately I stopped my action and started eating silently. I don't know why but looking at those dark eyes my body reacted in a way which it should not.

"I want to go home" I told him when I half finished my food. He was drinking coffee as he gazed at me.

"This is your home from now on"

"No it's not. You kidnapped me here" I argued.

"This is where you should be"

I don't know what to say now. What is this man thinking? I want to meet my family. I shook my head.

"They must be anxious looking for me. Even if I have to stay here I want to meet them so that they will be worry free" I said trying to reason out. At this moment, this is what I can say.

He did not reply for some time. I almost thought he would say no but to my surprise he nodded suddenly.

"Fine"

My eyes widened "really?" A grin started to form on my face.

He looked at me with those brown eyes then smirked "yes"

"I want to go now," I said excitedly. But my excitement died down with his next reply.

"Sure, I will personally drop you"

WHAT THE FUCK?
