

## Chapter 13 - Claiming the Fated Mates

### Chapter 13

Reese's POV

"Go to hell" I threw the vase on table towards the vanity mirror angrily. In a second the mirror shattered falling down on the tiled floor. I glared at the pieces as I felt my heartbeat racing.

"Reese? Oh my god what are you doing?" Mom gasped as hurriedly walked towards me.

"Are you crazy?" She grabbed my arm and pulled me away from the shattered glass on the floor.

"What were you doing? You may get hurt"

I pulled my arm from her clutch and looked at her "I am hurt mom, I am already hurt" I yelled.

"Reese"

"I can't stand the way Avan is ignoring me. When that bitch was here he clung onto me like his life depends on it. He used to be so sweet and loving. But now he is avoiding me every time I go to see him" I gripped my hair and yelled.

"Reese, dear Avan is Alpha now. He has a lot of work to do, " mom said, giving me a smile.

"No, he is not a busy mom. He is just making it up as an excuse to avoid me. I know it. When that bitch was here he used to find a way to come near me. He always used to have his way even if he had too much work. But now even if he has no works he still makes excuses when I tell him to spend time with me"

"Is that true? Is Avan really doing that?" Mom gasped.

I nodded "I can't let it happen mom. I can't let him ignore me like this. What if he gets involved with other women including that slut Shyla" I gritted my teeth.

"Why are you thinking like that? Who is more beautiful than you in this pack? Men are always lusty. It does not matter whether they have mates or not. The more beautiful the girl is, the more attractive men find her" mom replied.

"You are right. He couldn't like Shyla because she was not beautiful and attractive in his eyes. But he turned his head towards me. And now I won't let him go back to her again. No matter what"

"I know, my daughter is beautiful and intelligent. She could never fail" I smiled at mom.

"Thanks mom"

"Don't worry, after a few days the hunting event will start and you are the best female wolf in the pack so Avan couldn't leave you behind. Just use this as an opportunity and don't let him get away" she smiled. I smiled back as I could clearly understand her meaning.

I nodded again "don't worry mom"

After mom left I walked towards my wardrobe. I selected the most sexy lingerie. I grinned when I looked at it. I quickly wore it. The lingerie is almost transparent in design as it only covers a small part of my breast and womanhood. Avan will never be able to ignore this. Since he won't spare his time I will seduce him till he gives in. Grabbing a silk robe and wearing it I headed out of the room.

When I knocked on his study room, I heard him telling me to come in. I grinned and adjusted my robe, losing the knot and exposing my chest a little, then walked inside. I saw him sitting on his black office leather chair. I bit my lips as I walked towards him swaying my hips sexily. Hearing the clicking sound of my heels he looked up and his gaze paused on my chest. I can feel him getting aroused and I smirked. I knew he couldn't ignore my body no matter what.

"Why are you here?" He asked as he threw the file he was holding on the side table.

I smiled seductively "I heard that the hunting event is starting again?"

He nodded "yes" . He took a sharp breath as I moved towards him and smiled.

"Are you going to take me with you?" I asked huskily and bending my body towards him.

His eyes fell on my breast and glued on it. I raised my hand and put it on his chest "Avan it has been so long. I missed you so much" I whispered in his ear.

"Reese thi-" before he could say I kissed him hard.

"Don't ruin this moment, Avan. I know you missed me as much as I did" I whispered between kisses. I felt his arm sneaking around my waist and straddling me on his lap. He untied the knot and in a second it fell on his feet.

"God, you look fucking sexy" he said huskily looking at me body. The lingerie I am wearing clung to my body like a second skin.

"Ah..." I moaned as he grabbed my breast and squeezed it hard.

"Oh...Avan..." I moaned loudly. He tore my bra and latched his mouth on my nipple, biting it hard while his other hand was squeezing my other one. My head fell back in pleasure as he sucked on my nipple.

"Oh...god....just like that " I ran my fingers on his hair pulling it. He groaned loudly.

"So good" he left my nipple then ran his tongue over my neck "hmmm....smell so good"

"Oh god Avan please don't stop" I moaned in pleasure.

His hand roamed over my belly then reached down and slipped inside my panty. His finger touched my wet fold and I moaned loudly.

"So wet...for me?" He asked huskily.

"Yes .."

"I can't wait" he raised my hips and tore my panties leaving me in nothing but whole exposed for his eyes. He slid down his pants and positioned me.

"Oh god..." I almost screamed when I felt his hard dick pushed inside me.

"Ah ... So good" Avan groaned in pleasure, closing his eyes. I looked at the satisfaction on his face and I smirked. Finally, I knew only I can make him satisfied like this. We both moaned as we rode the pleasure of our needs.

=====

Savannah's POV

I took a deep breath. Finally coming back to the pack is blissful. So many things happened in these few days that I couldn't even imagine. I never thought I would get a second chance to find a mate. I thought Avan was the last one but no I was totally wrong. If he was the last then I would never find Hardwick.

"What happened? You looked tense?" Tanea stood beside me watching the view "the garden always looks beautiful no matter how many times I look at it"

"Hmm..." I replied.

"Sav what happened? Are you fine?"

"Yeah" I nodded "it's not about me. It's about Hardwick"

"Hardwick? What about him?" She looked confused.

I sighed "I still can't understand this second mate thing. I mean I never heard of it before. A werewolf having two destined mates?" I frowned at last.

"This is confusing," Tanea shrugged, "but it's not false either. Werewolf has a strong sense and there will be no mistakes in finding their mate. It never goes wrong. Since Alpha Hardwick has already said that you are his mate then it can't be a lie. A man like Hardwick, he doesn't seem to be a kind who jokes. And you have already rejected the first bond too"

I nodded "maybe..." I shrugged.

"How do you find him?" Her sudden question made me startled.

"What?"

"How do you find him? I mean compared to your ex?" Tanea asked again.

I turned my gaze towards the blooming flowers in the garden. Isn't it different? Far, far different from the first mate bonding. Hardwick makes me feel things I have never experienced before. He made me feel hot, blush and moreover feel warm. His touch made me crave for more while Avan failed to do such a thing. He never cared how I felt, all he thought was him and he alone. Thinking about this I sighed deeply.

"It's like heaven and hell. Avan was a bastard who could only think of himself but Hardwick he made me feel something that I don't know how to describe"

"Cool. Mate should make you feel loved and cared. That's why Moon Goddess matches everything perfectly. Now thinking about your position I think Avan was never your destined mate in the first place. And you are more fated with Hardwick"

I looked at Tanea. She was always that sweet cheerful girl who could help anyone in need. She never neglects and always proposes to help others no matter what. And sometimes Devak becomes mad because of this. But she will always be my sweetheart one.

"You think so?" I asked as I felt my cheeks getting hot with blush.

She grinned "aww...look at that blush. This is the first time I am saw you blushing like a red tomato for a man"

"Shut up" I slapped her arm playfully.

"What man?" Devak suddenly appeared before us out of nowhere.

Tanea and I were startled.

"What the hell? Why do you always appear like that? Do you want us to die prematurely?" Tanea yelled. I shook my head.

Devak frowned "what are you two talking about?"

"We are talking about Alpha Hardwick," Tanea replied, still glaring at him.

Devak narrowed his eyes "why are you two talking about him?"

"Because he is Sav's mate," Tanea said again.

"He already left," Devak replied in an annoyed tone.

I rolled my eyes "he will return back. Mom invited him for dinner"

"Fuck" Devak cursed.

"Why are you against him so much?" I asked him "even mom like him so much"

"He kidnapped you," he replied simply.

"Are you going to hold grudges because of that?" I felt an ache in my head and massaged my forehead.

"I can't forget that. Because of him you were out of our sight and we went crazy to find you or to know about your whereabouts. Do you know what I felt when I heard you are gone suddenly?" He looked at me with a pained expression. Even Tanea looked at him with soft eyes.

It was my fault that I left without telling him. He is always concerned about me and always being possessive. But I never got annoyed with his behaviour because I know he loves me just like I do. I got up from the bench and hugged him.

"I am sorry Dev, I knew it was my fault for getting so excited about leading the team but I never thought something like that would happen. If I knew, I would not have taken such a step and made you so worried. I am sorry, please forgive me" I mumbled against his chest. His arms circled around me and hugged me tightly. After sometime I felt him sigh.

"You are my sister Sav and I love you. Just thinking about getting hurt makes my heart bleed. You are too precious. I have lost you for so many years and I couldn't afford to

lose you again" his words brought tears in my eyes. My vision got blurry and I felt my cheeks getting wet.

"I love you too Dev" I replied.

After sometime we pulled away "you are such a cry baby" he wiped the tears from his cheek.

I chuckled and shook my head.

"Oh, so sweet. I felt like crying" Tanea said with a sweet smile." Now I am missing my brother. I think I should take a visit to him"

Just as Tanea stopped we heard a loud growl. And before I could understand, I saw Tanea being pressed with Devak. Their faces are so closed that...

"I dare you say that again darling" Devak hissed.

Tanea pressed her lips in a thin line refusing to let out any word. And I know why. Devak is too possessive and he couldn't tolerate her being away from him. Besides the second reason is Tanea's home pack is far from Snow Moon. It takes almost a day to get there. I really wonder how they managed to meet each other.

"What happened? You are not going to answer?" Devak's low voice reached my ear again.

"I was just joking. Why are you taking it seriously?" Tanea frowned.

"I don't like this kind of joke and you know it" Devak replied "now be ready for punishment" and then he leaned and kissed her. Tanea moaned lightly.

I turned around not wanting witness the scene "god, you two, go get a room and spare me from such scene"

But they were not listening to me as they were already busy kissing each other. I shook my head and decided to leave the place, giving them some privacy. It's better to stay away from them if they are fighting or arguing because at the end they will end up kissing each other. I headed towards the pack mansion. I can take some rest and relax. Just as I opened my room door two arms sneaked around my waist and pulled me close to a hard chest. I almost screamed if the familiar scent didn't hit my nostrils. My eyes widened in shock.

"You are here already?" I asked.

"Hmm..." He leaned and inhaled my scent.

"But how come you are so early?"

"You are not happy?"

"I didn't meant that" I closed my eyes when I felt him kissing my neck "I thought you are going to come during dinner time"

"I don't like being separated from you" his husky voice landed in my ear. God I don't know when I started to fall for this tone. It's so sexy and attractive. And sometimes I felt like hell seductive.

"Fuck, you smell so god" he turned me around abruptly before I could react.

That dominating brown eyes pierced me making me unable to move my gaze.

"I missed you so much. Being staying away from you is hell of a torture" he almost hissed. His brown eyes glittered with something I couldn't fathom. And before I could reply anything I felt him being pressed to him as he claimed my lips in a dominating manner.

Hell, I am getting addicted to his dominant kisses.
