Chapter 1061 Spoiling Her

It's bright and cloudless outside.

It is springtime and everything is coming back to life.

The weather was good and her mood, too, followed suit.

After stretching hard, she went into the bathroom and washed up briefly.

After washing up, there was a knock on the door.

Immediately, Jocelyn pulled the door open.

Standing outside the door at this moment is a baby-sitter.

Immediately upon seeing her, Jocelyn smiled tenderly and asked, "Have the children made a fuss since last night?"

The baby-sitter said, "No, the children are so well behaved, they hardly ever cry."

Jocelyn smiled, "That's good."

Baby-sitter, "Lady Jocelyn, Lady Allie asked me to get you down for dinner."

Jocelyn, "Okay, I'll be right there."

The baby-sitter nodded, "Lady Jocelyn, you have a very high family status."

At those words, Jocelyn could not help but hook her lips once again, "Is that so?"

The baby-sitter, "Yes, they think everything for you first. I originally wanted to ask for you breakfast, but Lady Allie said you slept late last night, let you sleep longer during the day. "

"And Mr. Mason is really good to you, when he went out, he even specially instructed Lady Allie to take good care of you and never let you get upset." Once again, the baby-sitter said, "If my daughter can marry a tenth as good as you in the future, I'll be satisfied."

Who wouldn't want her daughter to marry into such a family?

Even if her marries into such a good family that was only a tenth as good as the Mason family, the mother would be happy.

At these words, the corners of Jocelyn's mouth grew into a smile and her heart felt warm once again, "You are a blessed person at first glance, and I believe your daughter is too."

Jocelyn instantly looked up at Scott, "What's wrong, Dad?"

Scott, "Forget it, talk about it after dinner."

Jocelyn, "What's going on?"

Could it be about the surprise the baby-sitter talked about?

Scott shook his head, "It's nothing, you eat first."

Jocelyn nodded obediently, and then lowered her head and ate quietly.

Looking at Jocelyn's well-behaved and lovely appearance, Allie's eyes were full of love.

Her daughter-in-law was so beautiful.

In Scott's heart, Jocelyn is his daughter.

Just at this time, Allie's mobile phone vibrated.

Seeing that it was Noah calling, Allie immediately pressed answer, "What's wrong?"

Noah, "Is Jocelyn up yet?"

Allie, "Yeah, she is eating."

Noah, "Good appetite?"

Allie, "It's as good as it gets."

Noah, "Don't give her those stimulating things. Eat a light diet."

Allie, "Got it, got it, nothing is stimulating."

Noah, "Keep a good eye on her and make her eat more."

Allie immediately stroked Jocelyn's hair and looked at her lovingly, "I know, don't worry, I'm here at home. By the way, when you come back in the evening, bring some of her favorite snacks. During this time in the hospital, Jocelyn didn't have any snacks, she must miss it."

At these words, Jocelyn's heart immediately fluttered with joy.

The caller was Robert.

Seeing this, Noah pressed the answer, "What's wrong?"

"Zoe is missing." Robert's voice was full of anxiety.

Even through the phone Noah could feel Robert's collapse.

He frowned deeply and asked, "When did she go missing?"

Robert said, "Since last night."

"She left a letter, saying for me not to look for her." said Robert again, "I saw that letter yesterday morning when I got up."

"I don't know exactly what time she left, the surveillance video of the house since the morning there is no signal, the surveillance video outside did not capture the departure route of Zoe. I have searched airport, train station, etc., there is no trace of Zoe leaving."

Robert said again.

Hearing this, Jocelyn put her ear to Noah's phone, her eyes full of consternation.

"It just said that you should stop looking for her, didn't say why?" Noah asked.

Robert took a deep breath and his voice became even huskier, "She said we were inappropriate and she would disappear quietly."

Noah and Jocelyn instantly glanced at each other subconsciously.

Yesterday when the children came back, Zoe was still with Robert and watched the children.

At the time they acted intimately.

And there was no sign of Zoe to leave Robert.

Jocelyn took the phone, asked, "Where are you now?"

Chapter 1064 Zoe Is Prostitute

Although she has not had much contact with Zoe, she still likes this gentle and lovely girl.

She had a good conversation with this girl when they met.

She really didn't want anything to happen to Zoe.

"Zoe cried when she wrote this letter, there are tear marks here. I don't know if you pay attention to it." Jocelyn said again, "What does this mean? It means that she didn't leave you willingly, she was forced to."

With that, Jocelyn pointed out, in her own hand, the hidden tear marks on the letter.

Seeing this scene, Robert immediately took the letterhead and read it.

In the light, looking carefully, he did see tear tracks.

He really dreaded to think how much her heart really hurt at that time when Zoe wrote this letter.

At this moment, Robert was instantly annoyed, and he felt that Jocelyn's analysis made perfect sense.

Zoe must have been forced out by his parents.

A better ending would be being forced out, or a worse ending would be outright control and imprisonment, or something else.

The more he thought about it, the harder it was for Robert to feel inside.

At this moment, he just felt weak under his feet, as if he would fall down in the next second.

Seeing this, Jocelyn got out of bed, cautiously caressed Robert's arm, and said, "These poses my guess, maybe your parents just drove away Zoe and did not do anything to her."

"I'm just saying, just in case, you'd better check it out to avoid lifelong regrets." Jocelyn added.

Robert nodded, "I know."

At that, Jocelyn then put her eyes on Noah, "Honey, you help Robert find Zoe first."

Noah nodded slightly, "Okay."

Noah then called and explained the matter to Tom.

Robert, on the other hand, had a grim look on his face as he sat nearby, ordering the police and his own men around.

Chapter 1065 Zoe Was Taken Away

Jocelyn subconsciously asked, "Who told you that?"

Allie truthfully said, "A friend of mine, the boss of the place where Zoe worked before. But I don't know whether this matter has reached the ears of the Moore family."

"I think that's why his parents are so strongly against it." Allie said again.

Jocelyn frowned deeply.

Even if Robert tried to cover it up, that secret would still be exposed for all to see.

Allie, "The ladies in my circle are talking about Robert and the Moore family, and I think his parents can't stand it."

After saying that, Allie then sighed long, "I think, if it were me, I would be soft-hearted even if I didn't like her, as long as my son must be with her."

"Prostitutes in fact are not all bad, there are some forced. I heard that Zoe is like this and she has only been with Robert."

"If his parents are against it because of this, I can actually understand, but it's really a bit much for them to do. Their son likes her, and if they really can't break them up, then they can only bless them."

Allie continued.

She still has a very open mind about these things.

For her, reputation was never as important as the family.

If the love of reputation meant losing her child, then she would rather not have that reputation.

At that, Jocelyn helplessly sighed long, "If Robert's mother could think as you do, things wouldn't have turned out like this."

"But it's only a suspicion, and it's possible that it had nothing to do with her." Jocelyn added, "Maybe it's just a coincidence?"

Allie, "What kind of coincidence is there? Don't give her a wash, how snobbish that woman is, I am seeing it all clearly. Who else knows her better than me? We grew up together."

Jocelyn smiled bitterly before she began to serve Allie and Scott food.

Chapter 1066 The Moore Family'S Threat

"Zoe was caught after she left, the only thing that is certain now is that she is still alive. The Moore family said that as long as Robert obeys, Zoe will be alive, if not, Zoe can only die."

"It said they would send Robert Zoe's voice from time to time, to let him know that Zoe was still alive."

Noah said again, "These are all admitted by Robert's mother."

Hearing these words, Jocelyn's heart throbbed hard once again.

Although she was not there herself, she could imagine that Robert and Zoe's feelings.

Especially Zoe, how frightening she would be.

Most importantly, it is not known exactly where Zoe is now being held.

Jocelyn frowned deeply, "How can you be sure that Zoe is in their hands? Could it be that they don't have Zoe in their hands at all and are just trying to threaten Robert into obedience?"

Noah shook his head, "They contacted the person who was watching Zoe in front of Robert, so that Robert could hear Zoe's voice."

This is a sin!

"The Moore family said that if Robert dares to stir this matter up, they will kill Zoe immediately, now Robert is going crazy." Noah said again.

At this instant, Jocelyn just felt creeped out.

To break them up, the Moore family really did whatever it took.

She can't believe they even thought of such a way.

She thought the Moore family would next force Robert to marry someone he didn't like.

Robert would be completely turned into a Moore family's puppet.

All of this is truly saddening.

In just a few days, Robert and Zoe's world has, surprisingly, changed.

After saying that, Noah then let out a long sigh, and his eyebrows frowned once again.

Jocelyn hugged Noah and said, "Honey, help Robert, the only way to break the game is to find Zoe."

Noah nodded, "Yes."

Chapter 1067 Threats

In a moment, the phone was in pieces.

Robert's whole world was silenced.

The near-frozen space was deadly silent.

At home, it was obviously warm, but Robert felt the cold stinging in his bones.

Leaning helplessly against the sofa and looking at the empty and messy world in front of him, Robert felt that he could not support himself.

For the first time he hated himself for what he was.

If he had only come from an ordinary family, then all that would have been avoided by now.

He will live his life in peace and quiet with the girl he loves.

He regretted that he hadn't just taken Zoe away to a foreign country and straight out of their world when his family was clearly against it.

If that had been the case, none of the tragedies that are happening now would have happened.

He was, at the time, still feeling for his family and thinking of waiting longer.

His parents are now clearly deranged.

It is possible that Zoe is suffering from them as well.

A minute slower he finds Zoe, a minute more Zoe may have to suffer.

Taking another deep breath, Robert rose shakily and walked helplessly out of the Dream Garden.

A thunderclap.

The whole world, all of a sudden, was raining heavily.

His vision was chaotic.

Instead, he rushed into the downpour regardless and got straight into his black Bentley coupe.

He crossed the storm and left the Dream Garden.

He wants to talk to his parents again.

Let them return Zoe to him.

Chapter 1068 Klara Ho

When he returned home again, Robert picked up his broken mobile phone, before taking out the card inside.

Immediately afterwards, the card was placed in another phone.

He needs to find Zoe and contact with the outside world.

He can't live without his mobile phone.

After the card was put in, he switched on the phone.

Just then, the phone vibrated again.

Robert's mother sent him a message.

Above is a picture of Zoe covered in bruises.

The photograph shows Zoe, bound to the cross, covered with fresh blood marks from a recent flogging.

Zoe had fainted, her face as pale as paper.

This scene was like a knife that pierced deeply into Robert's heart.

He immediately felt his mind explode and his eyes went blank.

Just then, the phone vibrated again.

Robert's mother sent a voice -

Robert instantly shuddered and clicked on.

"Don't want your Zoe to continue to be beaten, or her life to perish by my hand. Do as I say, and be good enough to meet the person I tell you to meet when the time comes, or, I'll destroy her, completely."

She sounded as if she had done something as ordinary as eating and drinking water.

He had never known his mother to be so vicious.

Taking a deep breath, Robert clutched the phone tightly, his eyes scarlet.

His hands trembled wildly once again.

At this point, however, he could do nothing but rage impotently.

He didn't respond to his mother, he just took the phone, took a step and walked feebly to the front of the sofa and sat down.

Once again placing his gaze on the photo, Robert's heart, once again, throbbed viciously.

He didn't guess wrong.

Chapter 1069 Don't Care

The Ho family was a wealthy family though.

But in many ways it is no match for the Moore family.

The background along with the financial resources are not as excellent as the Moore family.

For the sake of the Ho family, for the sake of glory and for the sake of profit, her marriage to Robert is the best choice.

Whether it is to the Moore family or the Ho family.

Their two families can support each other and keep themselves proud of all that stands.

As for what attitude he has towards her, whether he likes her or not, this really doesn't matter.

Who is not a victim of the Ho family when the children of the gentry, who are not free to choose their marriage?

She knew what the reason was for Robert to be like this.

It is known that Robert has a woman he loves dearly.

But so what?

His family didn't like that woman and that woman couldn't enter the Moore family's door in this life.

The only one who can enter this door is her, the woman chosen by the two elders of the Moore family.

When they really separated, over time, he will naturally forget her.

Even if she couldn't get over it, she had a million ways to get that woman out of the way.

She believes in her own abilities.

As far as she knew, the woman was just a prostitute from a poor family.

She thought Robert would like her, was just charmed by her momentary tenderness.

In time, he will come to his senses and will know who the woman really matches him really is.

"I am very satisfied with you, what about your?" Klara looked at Robert with interest.

"Well, are you satisfied with each other? If there's no problem, let's talk about the marriage." Robert's mother asked.

Klara smiled, "Yes."

Robert hooked his lips in indignation and did not speak.

Now he just hoped he could find Zoe in a hurry before he got married.

The Ho family, after eating at the Moore family's house, stayed and talked with them until late at night.

And Robert was forced to stay the whole time.

Not a single step away.

After seeing off the Ho family, Robert's mother took Robert's hand and went straight back to the living room.

Robert's father followed closely behind.

The three of them sat all the way down on the sofa.

When they sat down, Robert's mother and father went cold all of a sudden.

Robert's mother looked at Robert with a dissatisfied face, "Didn't I tell you to clean up properly before coming here today? Why are you like this? Do you think that because you're like this, Klara won't like you?"

Robert coldly snorted, "All right, your purpose has been achieved anyway, what's the point of so much rambling?"

What was left of his patience was about to be completely worn out.

If this person is not his mother, he would have given her a hard slap.

Robert's father immediately scolded in a cold voice, "What kind of attitude is that when you talk to your mother?"

Robert was so angry that his eyes burst into tears.

He laughed bitterly in despair, looked at his parents and questioned, "Haha, mother? Is there such a mother in this world?"
