Chapter 1181 Am I Not Charming Enough?

"Freedom is important to me, but you and the baby are more important to me, and I'm willing to give up the freedom I've always loved, as long as I can be with you."

Zoe said again.

At these words, Robert was even more moved.

Robert instantly subconsciously hugged Zoe tightly and said, "Zoe, thank you for being so understanding."

"You know, sometimes I really feel lucky to have met such a beautiful and lovely person like you, you know? I've been cured of a lot of my bad habits by you."

"You made me feel, what it means to be a real tenderhearted person, and you made me feel, what it means to be a real family."

Robert said it word by word, with deep emotion and all seriousness in his eyes.

"What about my parents? Are we going to tell them?" Zoe asked.

Robert, "If you are willing to tell them, tell them, but try not to say it, it is the safest."

Hearing this, Zoe felt that it made sense, so she nodded and said, "Then don't say anything, just tell them when the time comes that they've become grandparents."

When Robert heard these words, he immediately felt his heart melt.

"I love you." The dotting under Robert's eyes deepened.

Zoe, "I love you too. Robert, for the rest of your life, let's live well as a family of three."

"Actually, my wish is very simple - to be with you and the child all the time."

"You don't need to be rich, even if it's mediocre and crude, I think it's enough."

Zoe said again.

Her idea of happiness is to be loved, to have an ordinary meal.

As long as this is the case, it is enough.

"What I consider happiness is to give my wife and kids, a privileged life, so they don't have to worry about money for the rest of their lives. Whatever they want, they can get it right away."

"It's nice to be plain, but you know what? That kind of life is only good for a while."

"When it's longer, it's not as good as it could be. "

"No one can carry the weight, the relentless ravages of life." Robert said.

"But I do think that as long as I can be with you, even if it's just as a poor couple, I'll be happy." Zoe added.

"I will never allow my woman to become poor, my woman must stand on the clouds, to be looked up to by all, be envied." Robert added.

The whole time, Robert didn't even lift his head to give Rosie another glance.
Rosie suddenly became even more confused, "Then why is that?"
Robert, "Because I'm married, and in my heart, a woman already lives."
Rosie, "Is she beautiful?"
Robert, "Certainly, hundred times more beautiful than you."
Rosie, "I don't believe it."
She hadn't seen many girls who were really more beautiful than herself.
Although, not having seen the woman.
But she really envied that woman.
It is amazing that she could have a husband like Robert.

Robert, "Believe it or not, if you don't get lost, I'll call security to come up and drag her out."

Hearing these words, Rosie dared not continue to be inquisitive.

Just a deep unhappy breath, before turning and walking away.

After Rosie left, Robert began to continue his work with his face expressionless.

He didn't continue to think about what had just happened.

That woman is good looking, but, no matter what kind of woman, don't try to steal him away from Zoe.

Right now, his heart and mind are filled with nothing but Zoe.

Just at this time, Robert's mobile phone vibrated.

When he saw that it was a call from Zoe, Robert's face, immediately, softened.

The next second, Robert pressed the answer with deep affection, and then asked, "What's wrong, Did you miss me?"

Zoe faintly said, "Yes, what time will you be back? What kind of food do you want to eat? I'll have the nanny cook it for you."

Chapter 1183 Mother and Son Fall Out

Hearing this, Robert's mother was about to explode with anger.

Robert's mother only felt that she had raised a rebellious son.

She said his father was in a serious condition and he was still like this?

Robert's mother clenched her hands into her fists and looked at Robert viciously, saying, "Don't you even care about your father? Now that I'm saying this, aren't you worried at all? You really are bewitched by the devil, you really, don't love anyone except that devil, don't you?"

On hearing this, Robert could not help but sneer at the same time.

And then with an indifferent show of hands, said, "Yes, congratulations, the answer is correct, I don't love anyone but Zoe."

"What does it matter to me if my father is dead or not? Didn't I tell you guys?"

"Like I said, we don't have any relationship from now on, you are no longer my parents and I am no longer your son."

"The relationship between us, from the time you made Zoe like that, was not destined to be good."

Robert said coldly.

Every word he said, every phrase, was from his own heart.

He thought he would never, in his life, forgive them both.

In this life, it is enough to have Zoe.

As for the rest, do what they like.

He couldn't forgive them both for the things they did even if he died.

Hearing these words, Robert's mother became even more furious.

Robert's mother instantly raised her hand viciously towards Robert's face and slapped it down.

This time, however, Robert clutched Robert's mother's wrist with a swift and fierce grip.

And then Robert fiercely shook off Robert's mother's hand and said coldly, "I said, I'm not your son anymore. Please go elsewhere to make a scene, will you?"

"I've already gone out of my way to reckon with you the first time, and now you actually want to continue? If you keep this up, I'm going to have security come up and keep you down, what kind of lunatic?"

Robert snorted coldly again.

Chapter 1184 Returning Home

Robert's words were like a knife that pierced Robert's mother's body fiercely.

Robert's mother was in even more pain.

She then took a deep breath and, with that extremely trembling hand, pointed at Robert's nose and said, "Robert, you are really something."

Robert, "Right, hated me a lot huh? Remember how you feel now, and if you want to come to me in the future, just remember that feeling and then you'll never want to come to me again."

"Show your spirit when you got Zoe away." Robert cold snort, "You two are very ruthless."

"Robert!" Robert's mother yelled hysterically again.

They are relentless.

But ruthlessness, too, is only for outsiders.

In the end, it is impossible to be so heartless as to completely break with her son.

The only reason they were so insistent before was because, they thought, no matter what they did, Robert would eventually come back to the Moore family.

But in order to save reputation, Robert's mother still did not speak up.

Robert's mother just looked at Robert with anger and kept pointing at his nose, unable to say a word.

Truly a rebellious son.

Soon, six security guards walked in.

As soon as the guards entered, they walked up to Robert.

After everyone glanced at Robert's mother in unison, a security guard opposite Robert immediately asked, "Boss, where is the person you are talking about?"

Robert immediately pointed at his mother, "It is this person, drag her out, I am getting annoyed."

On hearing this, the security guards instantly looked at each other in disbelief.

This person, as they all know, is Robert's mother.

They really wouldn't dare.

Robert saw them hesitate and immediately threatened coldly, "Don't you hurry up? Do you want your wages to be deducted?"

Chapter 1185 An Awkward Picture

Upstairs in the master bedroom at this time, Zoe was in a deep sleep.

There are no lights on inside the room, only the light from outside shining in.

The whole world is dark.

The world is quiet.

The whole space is filled with a subtle faint scent of Dior True Ego perfume.

The sweet smell of perfume made Robert feel instantly intimate.

He was really tired and exhausted after a long day at the office today.

However, when he came back and saw the lovely girl on the bed, he instantly felt better about everything.

Robert instantly took a modest step to Zoe.

To avoid disturbing Zoe's sleep, he then left the light off.

Just looking greedily at her face through the gloom outside.

She sleeps quietly.

Just looking at it like this, Robert felt that the years were quiet.

Reaching out his hand, Robert caressed Zoe's face.

And then he stood up, turned around, and walked out.

He is ready to make dinner for his princess.

Walking into the kitchen, Robert had barely begun to work when his phone vibrated.

The caller was an unfamiliar mobile number.

During this time, Robert's mother was always contacting him on various strange mobile phone numbers.

Too many times, at this moment, he gets a headache when he sees such numbers.

He pressed reject.

And then it was time to put the phone on silent and start making the dinner that Zoe likes.

Robert's movements are skilful.

He looks like a good man.

After all this time, Robert, nowadays, has an aura that is many times more composed than before.

With that, Robert naturally bent down and looked at Zoe with his hands naturally propped up on his thigh position.

Waiting for fragrant kiss.

Instead, Zoe was suddenly flushing in the face.

She lightly punched Robert's shoulder, and then said, "Nasty, Marcus have said, now I am in special period, we can not have too many intimate actions."

Robert smiled, and his eyes couldn't help but be tinted with a touch of playfulness, "So, tell me, are you afraid I won't be able to hold back, or you won't be able to hold back?"

At these words, Zoe's face, at once, reddened even more.

Zoe frowned slightly and said, "Of course I'm afraid you won't be able to hold back."

Robert, "Is that so? Why do I get the impression that the person who did not hold back is you?"

Hearing this, Zoe was speechless.

She immediately became exasperated and lightly punched Robert's shoulder again before saying, "Nasty, I don't want to talk to you anymore, hurry up and go away."

After saying that, Zoe then pushed Robert away and was ready to leave the kitchen.

But at this time, Robert immediately pulled Zoe into his arms.

Immediately afterwards, his lips, then, sealed firmly around her lips.

The moment the four lips pressed together, Zoe felt her heart almost in her throat.

Robert claimed it and then reluctantly let go of Zoe.

And then he looked at her in secret and said, "Now you can go and rest, I'm satisfied."

Zoe immediately gave Robert an embarrassed look before turning around and walking away.

Zoe of this moment, in Robert's opinion, was just like a young adolescent girl.

Robert smiled with a playful expression.

And then it was time to move on and begin the next course.

Once all the dishes were prepared, Robert served two bowls of sausage casserole and walked straight into the dining room.

"Nothing, I just want you to help me get Robert to answer the phone." Robert's mother said. Zoe really didn't bother to say one more word to Robert's mother. Physiological disgust caused her to frown deeply, take her phone and go downstairs, handing it to Robert.

She then went straight upstairs.

And when Robert saw the familiar mobile phone number, he coldly questioned, "What are you doing calling my Zoe?"

Robert's mother, "Your phone doesn't work, so I'll have to call her."

Robert snorted coldly, "Zoe didn't scold you?"

Robert's mother, "No, she didn't talk to me, quite rude."

Robert's mother's eyes were filled with dislike for Zoe.

When Robert heard this, he was once again furious.

Robert coldly snorted, "Heh, do you still remember what you did to her? Not talking to you is already the greatest kindness to you."

"And I don't care what you exactly want to do, I just want to tell you one thing, I don't want to contact you."

"We're okay with that."

Robert then hung up again before pulling the number into the blacklist.

Once the blackout was over, Robert took his phone and walked upstairs in style.

At this moment, in the room upstairs, Zoe recalled once again the scene in which she had been sold to that small mountain village because of Robert's mother's voice.

These scenes are like a knife, poking Zoe's innermost parts of the body.

It made her pain sting.

Unable to bear it any longer, Zoe clasped her hands around her calves and buried her head deep in her lap, seeking that little bit of comfort.

Close her eyes and all she sees before her is one of those dirty, unpleasant scenes.

Robert saw this scene when he walked into the room.

Robert's heart immediately twitched, and then he walked to Zoe, gently stroking her back and asking, "She said something to you, didn't she?"

As he spoke, Robert's eyes were instantly tainted with an endless hatred.

Ghost Face, "Another condition is that she falls into hell and endures 999 days of torture and torment as a way to offset what you did with Noah in your last life."

The words that poured into her ears made Jocelyn feel as if her heart was being crushed by a thousand pounds of boulders hard.

She was almost suffocating.

She dreaded to think how Sophie should endure 999 days of torture.

How could a frail little girl like her possibly withstand it?

"The tortures of hell, apart from what we know, going to the knife, the frying pan and the fire, are actually even more horrific." said Ghost Face again.

"Ghost Face, I don't agree with this, can I turn against Sophie instead?" Jocelyn was grief-stricken.

"No, everything is already set." Ghost Face said again, "Did you know? Your sister, Gloria, was actually manipulated by that Lena fox, so was your stepmother, Sara."

All this does not come as a surprise to Jocelyn.

She had long suspected that the one who had manipulated the two of them, the so-called master, was the Lena fox.

"What exactly did I have against it in my last life with Noah?" Jocelyn asked.

"In your last life, you were supposed to be his wife, he gave much, much to you and doted on you, but you betrayed him and fell in love with Noah who was a human."

"You soon eloped with Noah, and he became furious and began to go around hunting Noah. You joined forces to destroy his cultivation in order to live."

At the sound of her words, Jocelyn couldn't help but feel shocked.

She didn't think that her past life would be like this.

"And next, Sophie, and the memory of Lena fox having existed, will be forgotten by all who know." said Ghost Face again.

On hearing this, Jocelyn's pupils instantly shook dramatically, "Why?"

"That is what Sophie has exchanged for oblivion, because oblivion will take the pain out of all of you, and she does not want you to live with guilt." Ghost Face said again.

Hearing this, Jocelyn's heart throbbed hard once again.

That girl, Sophie, really is better than an angel.

Obviously giving everything.

And yet they still choose to disappear from their memories for fear of their guilt!

"No, I don't want to. In that case, won't Sophie disappear for nothing? Even if she disappears, no one will remember. Isn't this miserable?" Jocelyn's eyes were full of resistance.

The huge backyard of Flento City International Hotel has by now been decorated with various cartoon handicrafts, as well as various cartoons, animal balloons, flowers, green grass, simulated mushrooms and so on, into a forest castle from a fairy tale.

The roof completely designed as a star roof.

Even in the daytime, it looks as if the sky is full of stars.

The whole world, as if the most perfect fairytale world had been transported into reality.

In order to give the two children more than enough pomp and circumstance, celebrities and rich people from every country in the world gathered together.

Everyone, at this point, has been gathering in twos and threes, drinking and chatting.

The scene was lively.

The two of them, Noah and Jocelyn, were holding their children in their arms and receiving everyone's blessings.

Today, Lawrence and Madeline both dressed up as if they were prince and princess.

Madeline is dressed in red princess sarong, with a cute doll's hairdo, a red lace hairband, snow white socks and red princess flats.

Lawrence, on the other hand, was dressed in a white shirt with a small black suit, and small black leather shoes, with his hair styled in a handsome portly side-back.

It looks as if prince came down from a fairy tale.

Noah and Jocelyn, on the other hand, were both wearing the same suit as Lawrence.

The other was wearing the same princess dress as Madeline.

On his wrist, Noah wears a watch that costs hundreds of millions of dollars.

Jocelyn, on the other hand, is wearing a 300 million dollar diamond jewellery.

With the gorgeous clothes and the addition of expensive jewellery, Jocelyn's whole aura was even more aristocratic.

Standing together, the family is a fairy tale, the happiest replica of the gentry family.

Scott, Allie, as well as Ryan and Rosa, were all busy helping to entertain the guests at this time.
