

Fatty to Sexy 4

Chapter 4

The moment the slap was about to fall, Jocelyn clutched her hand tightly and her eyes instantly went cold, "I don't know what you're babbling about."

Meeting that look, Gloria subconsciously shivered.

She felt that Jocelyn had changed.

Although Jocelyn's appearance was still the same as the original, she became like heartless and ruthless.

"Jocelyn, don't deny it, you're pretending to be so careless today, but you're actually annoyed watching me get engaged to the person you love the most."

"You're just jealous that Joseph and I love each other, and caused this to us. Because you can have him, so you have to ruin him."

Jocelyn couldn't help but sneer.

It was ridiculous, she was jealous? That kind of scum was worthy her jealousy?

"What are you laughing at? I am right about it, huh?" Gloria questioned again.

"Gloria, you're the only one holding on to a bin as a baby and thinking everyone in the world is jealous of you." She found Gloria ridiculous.

As soon as Joseph left the house, he heard what Jocelyn had just said, and his heart stung hard.

Bin?

Didn't she used to think of him as Prince Charming? She used to wish to marry him and in the future and give birth to him a bunch of children.

"Everyone knows you used to dream of marrying Joseph."

"That was before."

"Anyway I'm pretty sure that you are behind the scene! If it's not jealousy, then it's hate!"
