### **Chapter 651 Leo is twenty years old**

At a glance, he looked hip.

She had seen this person's specific information before.

This person was already twenty years old this year.

However, looking at the real person, he looked like he was at most eighteen years old.

The moment she saw Jocelyn, Leo was stunned.

She looked better in person than in her photos.

It is a man's fantasy of a beautiful woman.

As her fan, at this moment, his emotions were surging.

He really admires Jocelyn, definitely not joking.

At first, it was because of her face that he followed her Weibo.

After that, he started to follow her news.

The more he paid attention, the more he felt that Jocelyn was beautiful, capable, and really likable.

In fact, the reason why he went to become a influencer on Tiktok was also because of Jocelyn.

He wanted to make a name for himself on Tiktok first, and then have the qualifications to go to Jocelyn's company.

Because everything was for Jocelyn, so, since he became popular, all the companies that came to his door and begged him to sign, he refused them all.

No matter how high the offer was, he refused it without even thinking about it.

The middle-aged man then stepped forward and extended his hand towards her with a smile, "I'm the chairman of Moon Entertainment. My name is Benjamin."

As soon as he said that, Jocelyn remembered.

She had seen him before in a magazine.

Moon Entertainment, considered an old entertainment company, was great in the early two years, but it had completely failed in the past two years.

Their development was no longer able to keep up with the trend of the times.

It is said that this time, their company also tried to create the flow of young male artist.

When she was just having dinner, she also heard Leo say that Benjamin had even personally contacted him.

He said he wanted to promote Leo as a top star, and offered very good conditions.

But Leo resigned.

"Hello." Jocelyn took the initiative to shake his hand, "What's up?"

"I read yesterday's Weibo hot search, and I also saw that Leo took the initiative to mention you, saying that he wanted to be your company's artist.," Benjamin said with a smile.

Speaking of this topic, Benjamin although had a smile on his face, his eyes were written with jealousy.

Jocelyn could tell at a glance that this Benjamin, at this moment, was jealous, but she just smiled calmly, "Well, yes."

Benjamin said seriously, "That person can not be harnessed, I advise you do not contact."

"Our company offered a sky-high price, he refused." Benjamin said about Leo, eyes full of anger, "and this person has nothing to sign value."

After saying that, Benjamin, then from the phone, found a photo of Leo, embracing a sexy girl, kissing.

But, but Jocelyn knew that it was photoshopped.

Because this photo, two years ago, she had seen it on Tiktok.

The original picture was of two influencers.

The relationship of those two influencers was exposed because of this photo.

"What kind of rubbish kidney is that that Jocelyn provided? It's only been used for a few years and already something's wrong?"

"She's really a death knell, no matter what kind of person she gets involved with, they'll all have bad luck."

Bella continued to gnash her teeth.

As soon as the words left her mouth, she wiped the tear marks off her face with force and clenched her fists tightly.

"That's right." Archie's face was equally hard to see.

"What does this have to do with Jocelyn? Isn't it mum's own health problem?" Joseph couldn't help but spit out.

The nurse who passed by the doorway likewise heard this.

The nurse couldn't help but give Bella a blank stare.

Next to her, Phoebe's attending doctor, Harley, could not help but suck in a cold breath in his heart.

He said to hi, "Phoebe, Bella and Archie, why are these three so insensitive?"

She really deserved to get cancer.

"How does it have nothing to do with her? Isn't the kidney in trouble now Jocelyn's?" Bella said.

"You are unbelievable." Joseph couldn't help but give her a blank stare.

"Well, what did your sister say wrong? It's annoying." Phoebe looked at Joseph fiercely.

She was already in a bad mood, and now that Joseph had said this, naturally she vent it out on him.

But now, he realized that it wasn't.

In fact, deep inside his heart, he still cared for Phoebe a lot.

"Mom, don't worry, I will help you contact the experts abroad, we can also ask the expert group to come here to help you with the consultation."

"What if there really is a miracle? Like Zoe?" Joseph added, no matter what, he still felt that he had to make an effort for his mother.

Phoebe pushed away Bella, powerlessly looking at Joseph, "Harley has said that I am not the same as that woman."

Joseph, "Then we have to try. In case, it works on you too?"

Archie, "Yes, no matter what, it's always good to ask."

Phoebe nodded.

Looking at the concern in Archie's eyes, Phoebe's heart was suddenly filled with mixed feelings.

How long has it been since she saw her husband like this with a look of concern?

It really has been a long, long time.

Because of this cancer, she could clearly feel that Archie's attitude towards her had changed.

As long as she lives well, she will still have plenty of good days to live.

If she dies, there is nothing left.

Here in Phoebe's ward, grief filled the air.

"She also told me that before a woman gets her period, she will be in a bad mood, and told me to let you have more fun."

"And she also said that I should not hit back and scold back." Noah had a helpless face.

At these words, Jocelyn could not help but laugh, "Maybe you are adopted and I am the one who is biological."

"It's really possible.," Noah chuckled.

The topic of period was only something she had casually mentioned a while ago when she was chatting with Allie.

She didn't expect that Allie would actually remember it seriously.

She even reminded Noah to make chicken soup for her.

Jocelyn's heart warmed again, "She is really an absolute model mother-in-law."

Noah, "Yeah."

Jocelyn's mouth grew into a smile.

"Honey, did you take your medicine today?"

"Yes, I did."

"Make sure you take it every day, since it says you have to take it for fifteen days in a row, it has to be continuous, if you stop for a day in the middle, something might go wrong."

"Okay, I know." Noah responded softly, naturally planted a light kiss on her forehead, "Okay, get out, there is a lot of fumes here."

"Okay."

Jocelyn nodded obediently, reluctantly letting go of Noah, walked out of the kitchen and sat on the fluffy sofa in the living room, hugging her laptop and logging into League of Legends. She got on one of her many accounts, [XQ].

This account, which she had applied for some time ago, had just reached the clan level.

Right after she got on the game, Alex sent invitation to her.

She then clicked yes.

Alex had chosen Tam as his support.

The live broadcast room pop-ups, once again, went crazy.

[Who the hell is this? Your girlfriend?]

[Do you actually have a girlfriend?]

[Ahhhhh! Tell us, who is this XQ?]

When Alex saw this scene, he couldn't help but laugh and said lightly, "What are you thinking? This is my boss, Jocelyn."

[ ! ! ! ! ! ! ]

[Jocelyn is awesome.]

[No wonder, I told you, this operation looks so like Jocelyn's.]

[Luckily, you are still single.]

The pop-ups gradually quieted down.

Alex added, "Do you guys think that I could possibly be a support for anyone other than my boss?"

The pop-ups went crazy again.

[Tell me, do you have a crush on your boss?]

[What has your boss put in your head?]

[Alex, I am jealous.]

[Ahhh. Am I the only one who thinks that Alex has a nice voice?]

[Jealous... Want to ask Jocelyn what exactly she feels when Alex support her.]

The person who came was Allie.

In her hand, she was holding a red gold velvet square jewellery box.

When the door opened and she saw Jocelyn, Allie immediately rubbed her head in embarrassment,

"Sorry, I forgot to knock. I'll come again."

She had truly forgotten, this was so rude.

Jocelyn smiled and slowly climbed up from the bed, smiling, "Mom, no need, come over."

Allie then walked over to the bed and put the red gold velvet box into Jocelyn's hand, "This is a set of jewellery I bought for you yesterday, see if you like it."

"It was very late when I bought it, I wanted to come over and give it to you, but I was afraid you were resting, so I came this morning."

"When I came, Noah was cooking downstairs and he told me that you were probably awake and asked me to come up to you myself." Allie said.

After saying that, Allie then carefully opened the box.

A set of exquisite, ruby jewellery, caught her eye.

The necklace part was a thin white gold chain with a round ruby pendant hanging below.

Around the pendant, a full circle of diamonds was set.

Each diamond had one carat in size.

The bracelet is partially made up of objects of the same style and size as the necklace pendant, strung together.

The earrings, also of the same style and size as the pendant, are created.

The ring, below a very thin white gold band, is decorated above, also in exactly the same way as the necklace pendant.

The warm sunlight scattered in from the side and shone on the trick of jewellery, dazzling and luxurious.

Jocelyn was instantly stunned by the set of jewellery in front of her.

At this moment, her eyes completely lit up.

Jocelyn smiled and put the headline news that popped up on her phone and waved it in front of Noah's eyes, "Here."

It was clearly written on the phone screen, "X Entertainment's official Weibo account has released a statement that it has successfully signed the super popular influencer Leo of Tiktok. The company's share price is up ten percentage points."

"Oh." Hearing the name Leo, Noah acted indifferent as usual.

Although he agreed to let Jocelyn sign this person, he still felt diarrhea in his heart.

"He has his own flow and topic, it's strange that if the company's share price won't rise since we sign him."

"This person's popularity is already top in the entertainment industry."

Jocelyn said word by word, with joy in her eyes.

"Oh." Noah still looked indifferent.

Jocelyn gave him a blank glance, "What are you doing?"

Noah, "Well, I always feel that he is not pure in purpose."

Jocelyn, "I am not so charming, trust me, okay?"

Noah serious frowned, "Who said my wife is not charming? If you are not charming, then there is no charming person in this world."

"Anyway, stay away from him."

"Trust me."

Hundreds of armed police officers, were outside, on serious patrol.

Hundreds of black-clothed bodyguards, on the other hand, were all guarded the front and back doors of the hotel tightly.

The hotel's front and rear doors are all tightly manned, and not even a fly can get in.

In the parking space in front of the hotel, the black Bugatti Veyron, with six bodyguard cars, stopped steadily.

Sixteen bodyguards were the first to get out of the car.

As soon as they got out of the car, they walked neatly to the two sides of the Bugatti Veyron and opened the doors on both sides respectfully.

Immediately afterwards, Jocelyn and Noah got out of the car, one on the left and one on the right.

Noah nodded lightly and with a serious face, along with Ryan, they sat down together in the seat that belonged to him.

After the two brothers had taken their seats, Jocelyn happened to be standing in the very middle of the stage.

She first lowered her head and opened the microphone in her hand, after which her gaze, then calmly swept around the banquet hall. She then opened her mouth with a smile.

"In the blink of an eye, we, X Entertainment, have already gone through two years. In these two years, we, X Entertainment, have really changed a lot."

"When we were first established, we were just a small company in the entertainment industry, but because of everyone's joint efforts, we have now become second only to King Entertainment."

"I believe that we will become better and better next, and as the company becomes better and better, I will also make everyone here better and better."

"As long as the people who have been following me, I will not treat them badly and do what I say I will do."

"I hope everyone believe in me, I'll take you all the way to the top of life."

Jocelyn on stage was full of confidence and radiant.

As soon as her words fell, the scene thundered with applause, but with just a few words, it made everyone thrilled.

Noah was also applauding for her.

Looking at her, his eyes were full of praise.

After her speech, Jocelyn smiled once again, "Well, I won't say any more nonsense. Next, let's start watching the show."

Just at this time, the host of the celebration, X Entertainment's popular star, Madison, walked onto the stage.

She carefully took the microphone from Jocelyn's hand, and then stood in the middle of the stage and said an opening speech.

And Jocelyn carried her skirt towards Noah.

When her eyes inadvertently skimmed over the entrance, she saw girl, clutching her mobile phone in panic, darting outside.

She was a new actress that Paige had just signed some time ago, Connie.

She is the most beautiful girl in Flento City Film Academy, a senior student in the acting department, with a good personality and stunning looks.

Seeing that she was so flustered, Jocelyn subconsciously felt that she should be up to something.
