Chapter 701 If he defies everything, she will be with him

Abel laughed heatedly and stepped forward, placing the rose in her arms.

The rose was heavy in her arms.

The fragrant scent was even stronger when she got close enough to smell it.

"Honey, I'm sorry." Abel said.

"You didn't do anything to me, why are you saying sorry to me?" Paige said indifferently.

"I apologize to you in place of my mother." Abel added, "Although, I don't know exactly what she said, but it must have been particularly hard to hear."

"My parents have come back from abroad. This morning, I made a phone call."

"I wanted to tell them that I wanted to bring you home to meet them and ask them to set a time for our wedding, but my mum turned me down."

"She had quite a bad attitude at the time and I thought then that she might contact you next."

"But I didn't expect it that soon. So when I'm done with my work, I'll come see you in the evening and talk about it."

"So you can prepare for it, and I want to express my own thoughts to you."

Abel explained carefully, his mood was tense.

He was really particularly afraid that Paige would just kick him out.

He knew Paige's temper well.

She was decisive.

If she was really unhappy, then she would do anything.

The wife that he had managed to win couldn't just fly away like that.

"Are you really willing?" Abel's eyes were full of disbelief, and his heart was full of emotion and excitement.

He knew how proud Paige was.

She must have loved him so much that she made such a decision.

"Yeah." Paige nodded, "Since you are willing to sacrifice for me, then naturally I have to go for you too. If putting aside my pride and pleasing your parents and can save everything, then I'm willing to."

Abel increased the strength of his hug to her, "Honey, do you love me that much?"

"I didn't expect that either." Paige smiled bitterly.

"I'm so happy." At this moment, Abel really wanted to rub her into his arms.

"Don't be proud, even if I love you, if you treat me badly, I will kick you." Paige spoke seriously.

"No pride, no pride." said Abel, but in his heart, Abel was already proud.

"Take me to your home some day, I go to apologize to your mother, and talk to your parents further."
Paige added, "I will try to let them accept me."

"No need, I will talk to them on my own." Abel said again.

Although Paige was willing, however, he was not.

He didn't want, because of him, Paige to be half humiliated.

His parents did not agree, plus Paige offended his mother, he could guess if he really brings Paige back, his parents will humiliate her.

"Do as I said." Paige spoke in a domineering manner, his tone firm.

"Fine, fine, then wait for my mother to be less angry in the next two days, then I will take you back."
Since direct refusal does not work, he decided to use a slow tactic.

He was going to go home later and talk to his parents.

Mariam shook her head, "What's wrong with me going against you?"
After saying that, Mariam blinked innocently again.
Abel's mother was again exasperated and unable to speak.
Seeing this, Abel winked his right eye and lightly lifted his chin, his face full of approval.
Mariam then walked over to Abel and sat on the arm of his sofa.
She lightly flicked the pink diamond nails she had just done, naturally folded her slender legs and said,
"You don't have to be so angry. I heard everything you said to my father. "

"You are calling Paige a bitch and calling her fuck off, what is wrong with she cursed back at you?"

"In fact I think my dad is right, she is not wrong to curse you."

"You don't like her, you can reason with her, you don't have to speak ill of her, right?" Mariam said once again.

When the words left her mouth, she leaned her body against Abel.

As the youngest girl in the McCall family, she had been the favourite of the whole family since she was a child.

Abel, in particular, had always taken extra care of her because of the huge age difference between them.

Although she has just celebrated her eighteenth birthday and is now an adult, she is still a child at heart because she has been spoiled since childhood.

In front of Abel, she always turns into a "daughter" in seconds.

When he heard Mariam's words, Abel suddenly felt a lot happier.

Abel's mother was really going mad!
She really didn't know how she could have given birth to such two disobedient children!
These two really gave him a headache.
Just at this time, Abel's father Maxwell walked down from upstairs with a serious face.
As he came downstairs, he had been listening to the conversation between the few of them.
He heard part of what the two siblings, Abel and Mariam, said to Abel's mother Hallie clearly.
"Unbridled!" Maxwell stood at the steps and chided in a cold voice.
Mariam and Abel shut their mouths at the same time.
Seeing that her savior had come, Hallie got up and walked to Maxwell, holding his arm with both hands, pointing at Abel and Mariam and complaining, "Honey, they're bullying me."
Maxwell frowned coldly and glared fiercely at Abel and Mariam, "You're simply being nonsensical! Is this the kind of attitude you should have when talking to your mother? Apologize to your mother right now."
Mariam, "What's wrong with our attitude? We are telling the truth."
Maxwell shot a wink at Mariam, imploring her to shut up.
But Mariam didn't listen at all, "We're right. Refuse to apologize."
Hallie frowned, "Honey, look at them! They're really going too far!"
"Well, you go up first, I'll teach them both a lesson." Maxwell said as he carefully patted Hallie's shoulder.
"I believe the hell out of you." Hallie complained again.

Abel, "Father, my mind is made up. You and mother think about it and see if you want to throw away your son in order to oppose me being with Paige."

His words once again provoked Maxwell's strong dissatisfaction.

Not waiting for Maxwell to speak, Mariam once again opened her mouth.

"Yes, you and mother should consider me, if my second brother leaves this house, then I will go too."

"Against the lovers being together, you will lose a perfect son and a daughter."

"For the lovers to be together, you and your mother will continue to have a perfect son and a daughter."

"I don't need to tell you how to choose, do I? If you are against it, you really have a lot to lose." Mariam said in a serious manner, her eyes full of sincerity.

Anyway, she must help second brother fight what he wants.

She just wants her brother to be happy.

Whatever he wanted to do, was the right thing to do.

She just blindly worships her brother, just blindly follows her brother.

Maxwell's breathing started to get heavy, "Are you really ready to piss me off? Perfect son and daughter? You guys are worthy of that title?"

He shouldn't have spoiled them both.

"We're so well behaved, how could we piss you off? We're just making a stand. We're just perfect. We're good at everything." Mariam added.

Children of families like theirs were destined for marriage, not being able to make their own decisions, something she had known since she was a child.

Her eldest brother was not able to make his own decision, married a woman he did not love at all. On the surface, they looked like in love, but behind the scenes, they were unhappy.

She doesn't want her second brother to be like that.

If she can fight, then she must help her second brother to fight.

The Mccall family must have at least one child who is happy.

Chapter 706 The 9, Lochlan Riley

This instant, countless memories from her childhood poured into Mariam's mind.

Ever since she was a child, the best one in family was the second brother.

Although mum and dad loved her very much, it was still no match for second brother.

When she was bullied by her classmates, it was the second brother who stepped in to help take care of it.

From the time she was girl, her second brother gave her nothing but love.

Many times, Second Brother was like, her dad, able to keep the wind and rain out of her eyes.

Just at this time, Mariam's mobile phone vibrated.

The screen showed that one of the idol she was particularly concerned about, Lochlan Riley, had posted a Weibo.

She clicked in and took a look.

It was a selfie posted by Lochlan.

The photo was of an extremely handsome man.

The caption above the photo reads, Autumn is here, remember to wear more clothes in the morning and evening to prevent you from catching a cold.

Three minutes later, there were only thousands of likes and comments below.

This is one of her favourite idols, the lead singer of X Entertainment's The 9 youth group.

The 9 is a failed group.

The reason she fell in love with this man was that they passed each other on a sunny afternoon a year and a half ago at Flento City International Airport.

To this day, she still vividly remembers the image of when she first saw him.

He was wearing a snow-white shirt and a pair of snow-white jeans, and he was pushing a snow-white suitcase towards her..

This group of people became Lochlan's fans earlier than her.

They all accompanied Lochlan together and came all the way from infamy.

They all treated him with true love.

"Lochlan is going to transfer to another school, do you know?"

"Where to?"

"I don't know, because the security at his current school is not good, there are always a lot of fans mixed in, so, it had to be changed."

"Where did you get the news? Is it reliable?"

"It's just a gossip, but I feel like 80 percent it's true. After all, his school is really not good. "

Mariam quietly looked at the group's message for a while, then locked the phone screen and raised her head.

Just at this time, Maxwell, with a deep face, walked out of the house.

He walked all the way to Mariam.

Soon after, he let out a long sigh.

He had just smoked a cigarette and carried a great smell of smoke on his body.

Mariam turned her head to look at his face, "Something wrong?"

"Just now, are you angry at me?" Maxwell asked.

No matter how unhappy he was, his daughters, after all, were the ones he loved most in his heart.

He still cared what they thought.

"Yes, but I understand. What is your decision?"

"I am okay with it." Maxwell said truthfully.

At that, Mariam breathed a sigh of relief, "Really?"

"Yeah, but in order to avoid you backtracking, you have to sign an agreement with me. If you are disobedient, then everything in the McCall family has nothing to do with you. You will become an ordinary person." Maxwell added.

"Sure." Mariam nodded readily.

Maxwell shook his head and then turned around and returned to the house.
"Mariam, you really deserve to be my good sister. That's awesome." Abel was so happy at this point.
Originally, he had been prepared to completely cut ties with his family.
He had even thought about how he should go about his future.
But now he didn't need all those preparations.
He and Mariam are too good, right?
"Brother, can you introduce me to that young lady sometime?" Mariam said with interest.
She really likes that young lady so much.
She was really impressive when she cursed her unreasonable mother.
"I'll ask her." Abel said.
"Okay, I'm interested in that young lady! The way she cursed mother is awesome."
"You did me such a big favor. I want to give you some reward, tell me, what do you want?"
"I want a sports car, the global limited edition!" Mariam said.
"No problem, I can give you whatever you want."
Abel was in a very good mood at this time.
So, he agreed, "Anything else?"
"Haute couture skin care products, you can just transfer the money to me. Not expensive, only two million."
"I'll give you three million." Abel added.
"Love you, brother."
After the phone call with Mariam, Abel drove to Paige's house.

"Where?" Paige asked.

"I'm in Flento City Radio and Television, working as a deputy director." Maisie said, "If you need help in the future, you can just ask me for help, we were classmates."

Hearing these words, Paige was inwardly shocked.

The girl in front of her, as far as she knew, hadn't even finished university.

When she was in high school, her academic performance was very average.

Family condition was average.

With such strength, to actually be the deputy director of Flento Broadcasting was really unusual.

Previously, she heard that this person had gotten close to a big shot.

Originally she thought that it was just a rumor.

"Okay." Paige smiled and nodded, the shock in her heart soon disappeared as well.

Being in the entertainment industry, she has seen all kinds of things.

The kind of thing in front of her is not worth her surprise for long.

"This bag of yours is last year's model, right?" Maisie said again.

"Yes." Paige smiled and nodded.

"Hermes has a global limited edition of ten models of the bag, do you want it? Just this one, if you want it, I can help you find connections to get it." Maisie smiled and pointed to the Hermes in her hand with a face full of arrogance.

From the time they met until now, Paige knew in her heart why Maisie said these words to her.

It was just to show off her finance now.

It was just that she really did not envy the financial power she had gained by relying on others like this.

What a joke that she looked down on her sister-in-law.

Hearing this, Maisie was instantly shocked.

This girl's brother had a large amount of shares in Hermes?

What kind of person was her brother then?

How powerful must he be?

That man, surprisingly, was Paige's boyfriend.

This was truly terrifying.

She actually flaunted her Hermes bag in front of the girlfriend of a man who had shares in Hermes and said that the bag was expensive.

At this moment, she really felt ashamed.

Her boyfriend is in such a position, she can have any bag.

She really felt that she was ignorant.

Hearing this, Paige was actually shocked as well.

She didn't even know that Abel had shares in Hermes.

Paige only knew that Abel had invested in many large and small groups, companies, she was not particularly clear about the details.

"Paige, if you like this brand, you can have my brother find their main designer to design you a unique. You can even design it according to your own preferences." Mariam continued.

Paige smiled, "I will see."

In fact, her desire for Hermes was not as great as the average person.

"Paige, you're really deep, who is your boyfriend?" Maisie asked tentatively.

At this moment, she has completely lost her earlier confident look.
