Chapter 761 Moonlight Private Club

Bringing up the topic, Abel shrugged airily, "Almost agree. Anyway, now, she is not against us together, but, did not say agree to it. "

"My dad is still helping." Abel added.

"Your mother is really pretentious." Allie complained.

"Yeah, I've got a headache." Abel followed suit and complained.

"Agree or disagree, I am definitely going to be with my wife." Abel had a firm face.

In the beginning, he liked Paige, just on a whim.

But now, the decision to marry Paige has been made.

All of it has been long considered.

He never wavers in what he really wants to do.

"Go for it, Abel." Allie lightly patted Abel's shoulder with a serious face, cheering him on.

"I will." Abel looked determined.

"Abel, no matter what time it is, you must treat my Paige well, otherwise, as Paige's best friend, I'll be the first to disagree." Jocelyn looked at Abel with a serious face and said in a soft voice.

Abel immediately followed suit and became more serious, "Believe me. I will be good to her for the rest of my life."

Jocelyn hooked her lips contentedly, "Good."

"By the way, Camille, tomorrow I have a party at Moonlight Private Club, invited some of Flento City's rich second generation, there are some your classmates, do you want to come?" Abel looked at Camille and asked.

Camille smiled, first thinking for a few seconds, then nodded, "Sure, what time is it?"

After returning home, she spent her days at home and had little entertainment, and was bored every day.

It just so happens that Abel's the party can pass the time.

Chapter 762 It's really nothing, is it?

And the actresses who accompanied the game frowned.

The visitor was Zoe.

She was alone, wearing a long light blue chiffon dress with a white jumper over it, a silver bag in her hand and white flat shoes under her feet.

Her face is painted with light make-up, tied in a sharp high ponytail, and looks as gentle as her name at a glance.

Her face that struck everyone as unfamiliar.

That ordinary outfit also struck everyone as unfamiliar.

The rich youngsters who are used to wearing big international brands, as well as celebrities are well aware of how average this girl.

This is an outfit that does not belong to any of the major international brands.

So, they subconsciously felt that the girl who should be some rich youngster had brought along an escort.

And it's the kind of escort, just starting out, with little money.

In their circles, they all use the way people dress to position a person.

Anyone dressed like this and still able to get in here can't be some rich youngster.

Definitely an escort brought by a rich young man.

Seeing her dressed so plainly, many people, naturally, look down on her.

"Who brought her?" The actress who had become popular because of the drama, asked as she gave Zoe a contemptuous look.

The rich youngsters in the audience shook their heads.

The look on their faces made Zoe feel embarrassed.

Her feet, which were originally, ready to walk next to Paige, were fixed in place.

"That's right. Mr. Moore, help persuade Mr. Mccall, I really didn't mean it." That actress followed suit and spoke up.

After saying that, she walked to the rich young man's side and took his arm intimately, pressing her whole body against his.

"Mr. Moore, we've played together several times, so please help." That actress spoke again, her tone delicate.

Robert's expression, however, was as cold as ever.

All eyes were on a few of them.

The same went for Abel and Paige.

At this moment, the corners of both of their mouths were hooked in a cold arc, with a look of waiting to see a good show.

At this moment, the two of them really felt that the actress and her sugar daddy were unlucky enough.

The plea for mercy went to Robert.

"Help you?" Robert spoke coldly, naturally taking Zoe to his arms.

Seeing this image, the rich youngster and the actress were shocked.

Those present, other than Abel and Paige, were also stunned, their jaws dropping.

She is Robert's woman?

"Mr. Moore, she is your female companion for tonight?" That actress asked with eyes full of consternation, pointing at Zoe.

"Take your filthy hands off, how dare you point at my fiancée?" Robert reprimanded in an unceremonious low voice.

These words caused the actress to freeze in complete and direct shock.

The same went for the rich young man beside her.

The consequences were serious.

Seeing this, Zoe cautiously pulled Robert's hand and said, "She knows she's wrong, there's no need to drive her to extinction."

She didn't like rushing out on anyone.

Now that the apology has been made, forget it.

But Robert was not willing.

Robert, however, held her hand tightly, placed it on his lips and gave it a gentle kiss, saying, "Leave it to me."

After saying that, Robert then looked at that actress and added, "If you don't want to leave the entertainment industry and go to other circles afterwards, get the hell out of here right now."

The actress was completely panicked, she knew that someone like Robert had the ability to make her stay in any circle.

At those words, she then began to rub her hands together desperately, begging for mercy, "Don't, Mr. Moore, you can't do this to me."

In order to climb to this position today, she has slept with many men.

Not to mention the amount of hard work and sweat that went into it.

It's hard to climb up the ladder and have the beginnings of a big break, and then she's going to be blocked?

No, she absolutely does not accept it.

At this point, she really hated it and just ruthlessly skinned herself.

Why should she look down on Zoe?

If she hadn't looked down on Zoe, her resources, in the future, would still be better.

Maybe in less than a year, she'll be a big hit among actresses.

If she was really angry, she refused to listen to whatever he said.

He can even be treated as a transparent person.

Designer bags, designer clothes could not coax her.

He was fed up with this before.

So it must not be possible to repeat the same mistakes.

He lived for more than twenty years, but was only afraid of Zoe got angry.

Thinking of this, Robert helplessly waved his hand, "Okay, okay."

And this scene also once again stunned, except for Abel and Paige, everyone.

They all know very well what Robert used to be like.

When he wants to do something, there is hardly anyone who can stop it.

He is even less likely to compromise just because any woman is angry.

But, right now, he actually compromised.

Who on earth used to say that brothers are like hands and women are like clothes?

Who said that women shouldn't be talking what men are doing jobs?

And who was it that said that in his life, he would not give up his self just because of any woman?

It was all said by Robert before.

They instantly admired even more this beauty beside Robert.

Many actresses are wondering what she has used to make a man so meek?

At one time, everyone in this circle said that Robert could not be harnessed by anyone.

But they were wrong.

Chapter 766 The Upper Class

The visitor is Camille.

As expected of a girl who is highly favoured by the entire Mason family, the moment she appeared on stage, she stunned the audience with a global limited edition.

She was wearing a Dior limited edition, bright red halter dress with a pleated skirt that reached just between her thighs and knees.

The short Z-hem skirt design shows off her slim legs.

The tightening of the upper body shows off her delicate figure completely.

With the Dior Haute Couture silver flats and the Hermès silver bag, she looked stunning.

She has no make-up on her face, with a crooked ponytail, with the usual playful and cute energy.

Although not wearing any jewellery, she was still sparkling.

"Ah, that's the bag I love but can't get. But it is in her hands. My god."

"Holy shit. So, this global limited edition only one bag sold to Camille. No wonder at that time, the brand did not give me, since it is her, then it's okay."

At this moment, the two beautiful rich girls who were sitting by the window, drinking and chatting, could not help but whisper.

Both of them were the famous ladies of Flento City.

Although the status is not comparable to that of Camille, they are still an upper class people.

They, the rich youngsters, basically all have one thing in common.

That's the collection of all kinds of designer bags.

Hermes, in particular, is literally number one on their list of heartfelt loves.

"Camille, you're looking good. Why don't you bring your brothers along with you? Your brothers are good-looking."

"When I was your age, I didn't take care of my skin at all because I listened to the online crap that I only need to start taking care of my skin when I am twenty-five, which led to me, now, having really bad skin."

"Me too, me too, Miss Mason, you are really wise to start skincare early, like us, we were really victimized by those bullshit words on the internet."

The two female influencers spoke.

Camille said with a smile, "What with all the talk of not needing to start skincare until you're twenty-five, it does harm to a lot of people."

The two female influencers nodded heavily in agreement.

It was at this time that the door to the private room was, once again, pushed open.

Mariam walked in wearing an aqua blue silk halter dress.

The hemline of the dress, which is above the knee, reveals two slim calves and slender feet on silver high heels, which at a glance is a feast for the eyes.

With her high ponytail, light make-up and purity under her eyes, she looks like a limited edition doll in a fancy window display.

Beautiful, pure and noble.

"Didn't you say you weren't coming? Why are you here?" Abel asked, looking at Mariam dotingly.

Mariam smiled and walked to Camille, sitting on the arm of Camille's chair, and opened her mouth.

"I was quite bored at home, so I came over here. Mainly, didn't you say Camille was here? I'd like to come and play with Camille. I'm afraid Camille is bored here."

Camille naturally leaned her head against Mariam, looked up at her perfect jawline and said, "You are indeed my best friend."

Mariam smiled at her words.

Two girls of a similar age come together and make each other feel comfortable, even if it's just a few simple words.

"Wow. Mr. McCall, is this your sister? So pretty."

"Today, I've seen what it means to be a doll-like girl."

There were two actresses began to look at Mariam and flattered her.

Mariam just smiled, "Thanks."

Afterwards, Mariam went straight out the door.
And Harrison and his group followed behind her, one by one, just standing at the door, waiting for a
good show.
Mariam had just gone out when the door of the private room next door was opened.
Immediately afterwards, Lochlan walked out.
Lochlan is wearing a white hat with the brim pressed down very low.
Beneath the brim is the face that is fresh.
No make-up on his face, but still very handsome.

On him, he was wearing a loose white hoodless sweatshirt with black ripped jeans and white shoes.

This time, Lochlan is a heat.

He acted as one of the male leads in drama "in your arms", now it has broken the web drama record, the number of hits exceeded 10 billion.

Not only that, but the rights to the show were also sold to T Country, H Country, and RCountry.

It is already on mainstream television in these countries.

The drama became hit in all three countries, too.

These days, he's been in the hot seat almost every day.

Also, there are hundreds of times more events, advertisements, than before.

He's already the newest breakout sensation in the entertainment industry.

Recently, in the entire entertainment industry, not many artists can overwhelm his popularity.

It's been a great time for her, as her idol has stepped up to the top.

Probably because he was too busy, his eyes were full of fatigue.

Except that even so, there are still shining.

Mariam frowned, walked to the three rich second generation and stopped them.
When the three saw this, their eyes were full of puzzles and they spoke in unison, "What do you mean?"
"What were you saying?" Mariam asked, her tone cold.
"Didn't say anything, just the young artists." one of the rich youngsters, with a bewildered face, said,
"Isn't it true?"
"Listen, I don't comment on what other young artist is like, but Lochlan is not what you say he is."

"It's not just that good-looking face that made him a hit, it's more his own hard work and talent." Abel said with a serious face once again.

Three people look at Abel's solemn look and laughed.

People like that are stars beyond the reach of ordinary people.

But it's really nothing in their eyes.

"My idol has worked hard since his debut."

"He didn't get to where he is now by trading his face, but by perseverance."

"He sought out acting teachers and studied into the early hours of the morning every day in order to hone his acting skills."

"He would go to the director's room every day after work, even in the middle of the night, so he could play a role."

"Talk with the director about the role. And he will take careful notes."

"To play the stomach-ache scene as natural, he starved himself straight to the point of stomach pain."

Others took the step ladder.

Despite this, when Jocelyn, Noah, with a large group of people, hugely, arrived at the underground car park, those who took the step also arrived.

The Mason family, today, arranged for a black Rolls Royce stretch car to pick them up.

The bodyguard car is a Mercedes Cayenne.

The Mason family got into the car, the bodyguards then got into those Mercedes Cayenne next to them.

The Rolls-Royce then took the lead.

Those Mercedes Cayennes followed in low profile behind.

The eye-catching fleet of luxury cars once again attracted strong attention as soon as they hit the road.

There were even passers-by, constantly, taking videos of their car.

Inside the car, Jocelyn and Noah sat in the last row.

Ryan, Ryan and Allie and Scott, Camille, are sitting in front of the couple.

As soon as she got into the car, Allie looked at Ryan and said, "Where are you going to work in a while?"

Ryan responded in a soft voice, "Flento City TV."

Allie put her eyes on the young driver, "Send Ryan to Flento City TV station."

"Didn't I tell you several times?" Ryan couldn't help but tease.

"I have a bad memory, and you know that." said Allie.

Afterwards, Allie then looked at Jocelyn and asked, "Jocelyn, you just said that you would like to go to the mall for a stroll in a while, right? After delivering Ryan, I will go with you."

"You said three days ago that you wanted to buy baby clothes, right? I went to the major shopping malls today and I saw the best baby clothes over at Grand Treasure Plaza, let's go later."

Jocelyn smiled, "Okay."

When Ryan heard this, he couldn't help but shake his head and sighed, "Don't you have a bad memory?"
