Chapter 791 Disposal

"That unreasonable person, you are referring to my father, right? The one, who had hundreds of thousands of finances stolen from his family came to report it and you ignored him."

"What proof do you have that you have been burgled? How do I know that you didn't hide the stuff yourselves?" Casey said.

Zoe, "We are crazy to deliberately hide things and then come to you for help in finding out? Evidence? Our house as the scene of the crime, how can there be no evidence? Can evidence fly down from the sky if you don't go and see it?"

Casey, "We just have a few people here, if everyone looking for us, we have to go and see, then we don't have to do anything else."

Zoe, "You are talking nonsense to keep from doing things."

Casey snorted coldly and retorted, "How come I don't do things? Is that a matter at your house? What's wrong with me doing that?"

He just doesn't want to do things, what's wrong with that?

Zoe snorted, "Wait, I'll let you know what's wrong with you."

All her patience was worn out at this point, by this arrogant and domineering temp.

Zoe now has only one thing on her mind, and that is, to deal with this man so that he can be taught a lesson.

Casey, however, laughed at once, "What's wrong? You still want to deal with me? Who do you think you are?"

Zoe, "You'll see in a moment."

Casey gave a disdainful look at the Zoe and said, "Want to scare me?"

Zoe was dressed in a very ordinary way, not very valuable.

How can she be a big shot?

What could she do to him?

It was the first time Zoe had seen such a psychotic person.

"That's for sure, in fact, I'd like to deal with this man myself, this time, many colleagues say that his

Robert didn't bother to continue the conversation and asked with his arm around Zoe, "Is it okay?"

Zoe nodded lightly.

"Also, Miss, we will definitely take care of your family's matter as a top priority, to ensure that the murderer, as well as the financial loss of your family, will all be found as soon as possible" The big leader once again said to Zoe.

"Well, please." Politely, Zoe responded.

"This is what we should do, Miss, Mr. Moore, would you like to come upstairs to my office and sit down for a while?" The big leader asked again, "By the way, tell me about the specific details of the burglary that just happened."

Zoe nodded.

Two people went upstairs to the office, and after explaining everything to the big leader, under the escort of the leaders, took the police car back to the Zoe's house.

At this time, the sky is getting late, the golden sunset hung all over the whole sky in the west. The whole world is gilded with a layer of golden mane, beautiful to the extreme.

With everything taken care of, Zoe is now at ease.

It is because of the good mood that the scenery that meets the eye becomes extraordinarily pleasing.

The small county back home is not as noisy as the big city, and as far as the eye can see, it is quiet.

The pace of life here is very slow.

People who walk here always unconsciously slow down their pace and cater to the atmosphere.

"Let's go, my parents just got me on message and said they're waiting for us at home for dinner." said Zoe.

"Okay." Robert doted and lightly stroked Zoe's hair, then continued to lead Zoe towards the entrance of the unit building.

The caller is an unknown number.

Seeing this, Zoe then pressed answer, with a touch of inquiry in her eyes, "Hello."

"Excuse me, is this Miss Zoe? I'm the one you just met this afternoon, from that police station."

"Hello there." said Zoe.

"We're downstairs at your house, but the door to your building is locked and there's no response to pressing your number. Could you please come down and help open the door?"

The tone of voice there was polite and courteous.

Zoe got up, and while putting on the white knitted shirt she had hung on the chair to get ready to go out, she said, "Yes, I am going down."

With those words, she hung up the phone.

Robert saw this, got up, pressed Zoe on the chair, said, "You eat, I go out to open the door. Run upstairs and downstairs, how tired."

There is no lift in their house and they have to walk upstairs and downstairs, which is very tiring indeed.

Without waiting for Zoe to speak, Robert left the door.

For her part, Zoe quietly continued to eat her own food.

Looking at Robert's so diligent appearance, both Zoe's father and mother had smiles of relief on their faces.

Zoe's mother, put a piece of braised pork ribs in front of Zoe, praised, "Zoe, you really found a treasure, this man is rich and treats you well."

Seeing her mother praising Robert, Zoe was happy.

Zoe gnawed on her ribs as she said, "Yeah."

Zoe's father added in a serious tone, "Yes. Zoe, when you meet a good man you must cherish it and hold on to it, the opportunity to meet a good man may only be once. If you can't catch it, you may not be able to meet another one."

Now Zoe's father only hopes that his daughter will be with Robert for a long time, will finally get married.

Soon, Nyla got off the car.
She first looked up and down Robert beside Zoe, and then placed her gaze on Zoe with a proud smile

"Hello, Zoe, it's been a long time. I just saw the person looked like you, I didn't think it was really you"
"Hello, it's been a long time." Zoe smiled.
"Well, this is your boyfriend, right? So handsome." Nyla casually said.
"Thank you." Holding Robert's hand tightly, Zoe softly whispered, "This is my junior high school
classmate, Nyla"

Robert nodded politely and looked at her and said, "Hello."

Nyla just gave him a contemptuous glance before returning her gaze to Zoe, "I just returned to the country yesterday, and I've broken off contact with all our classmates. How are you all getting on now?"

She just took a look at the man's dressing, which were some model she had not seen and the workmanship is very general.

There's not much of a logo on it either, it doesn't seem to be a designer brand.

And, no watch either.

The phone in his hand is still an old iPhone model, looks like a working man with little money.

So, she didn't bother to give him much of a look.

Her disregard for Robert made Zoe feel uncomfortable, but she didn't say anything more than a slight frown, "Pretty good."

"Well, I'm pretty good too, I met this boyfriend of mine when I was in college abroad, he is the son of the richest man here in our county." Nyla looked at the car inside, said with a proud face.

"You should tell your boyfriend to beat me." Robert smiled blandly, then lowered his head and lit a cigarette and smoked it.

The whole time, he didn't even take the person in front of him in his eyes.

Taking a deep breath of smoke, Robert slowly exhaled the cigarette again, then casually pulled out a business card from his pocket and threw it at her, "This is my number. You are welcome to my door and beat me up."

After saying that, he then naturally took Zoe's hand and continued his walk, all but not giving Nyla any chance to speak again.

"What a lowly woman." Robert couldn't help but complain.

Zoe was angry at this time, she turned back, coldly looked at the furious Nyla, looked at Robert comfortingly, "Well, don't be angry for that kind of person."

"Forget it." Robert spoke unhappily, tightening his arm around Zoe's shoulders.

Behind him, Nyla tightly squeezed the business card he threw at her and stomped her foot hard.

At this point, she was really about to get pissed off.

How can someone be so arrogant and unreasonable?

He's really screwed!

Lowering her head, her gaze, unobtrusively, fell on the business card in her hand.

She was dumbfounded.

On the business card, under Robert's name, followed by a whole bunch of company names.
Those company names are followed by words like founder, major shareholder.
And, yet, all the companies she saw were some well-known companies, both domestic and foreign.

Luis walked at the front, wearing a traditional black outfit with a very short inch haircut and a bandit look.

As soon as they stepped out of the car, they came up to him like ants and followed him with their heads bowed in respect, following his lead.

The huge gusto attracted the attention of several passers-by.

Seeing this scene, the corners of Leland' mouth immediately curled into a smug smile.

And the same went for Nyla.

Both of them knew that this was the end of Robert and Zoe.

Robert, however, did not react at all, but stood there with an indifferent face, subconsciously shielding Zoe behind him.

When he saw such a big battle, Zoe was a bit flustered.

Even if Robert is powerful, he is still dangerous in this isolated situation.

But seeing how calm Robert was, the worry in Zoe's heart was much less.

She thought Robert is calm, so naturally there is a reason for Robert to be calm.

This is a man who never lets her suffer.

"Haha, you're really dead, I tell you, anyone who bullies me in this territory will be finished."

Leland continues to make arrogant declarations, his eyes are wild.

And aside, Nyla hooked her lips in triumph, "Hum, if you are sensible, hurry up and apologize to my boyfriend and me. I may let you go since we were classmates."

"It's actually quite simple, as long as you get down on your knees, and then climb through both of our crotches."

Nyla continued, domineering and arrogantly speaking.

The tremendous battle over here, and the shrill voices of the two men, immediately attracted several passers-by, who went to watch.

After Robert finished, he looked down at Zoe beside him, noticing that she was wearing a skirt, he then lifted his feet up and placed them on the big tree next to him.

Pointing to the space of his crotch, said, "My woman is wearing a skirt, so climb my crotch."

The onlookers, hearing this, could not help but laugh out loud.

Many people hold a grudge against Leland.

Because Leland is wrecked.

Leland' father, who has killed several lives, is still enjoying the glory and wealth.

On top of that, his family, relying on its large family, has been running amok in this small county, constantly bullying the weak.

At this moment, seeing Leland being humiliated, everyone naturally couldn't help but feel happy.

Robert was determined to get back at them.

Seeing this, Leland and Nyla shouted and neatly, "Dad, Mum."

Immediately afterwards, Leland took the lead, in full view of everyone, from Robert crotch, climbed through.

At this time, the people around, once again, laughed out loud.

Nyla felt ashamed, she didn't want to climb through like this.

Especially, with so many people watching, she couldn't bear it.

But even if she didn't want to, because of the identity of the person in front of her, she still reluctant climb through.

Although, his relationship with Leland's family is good, but, she did not want to be in big disaster.

Seeing Luis's reaction, Leland was lost.

Inside the car, Nyla heard the words and immediately got out of the car and ran to Leland, clutching Leland's hand with both hands and cautiously said, "Don't worry, maybe we will be fine."

"I know where Zoe's home is, I think they live at her mother's house, I'll take you with me then and go to her house to apologise."

Before she could finish her sentence, Leland raised his hand and fiercely threw a slap towards her face.

In the next second, Leland coldly chided, "It's all your fault, you bitch. If it wasn't for you, how could I have offended Mr. Moore?"

Nyla knew that she had sinned deeply, so she quieted down and did not dare to say a word.

"Today, the dispute between you and them is not as simple as you make it out to be, is it? You must have been the one who started it and pissed them off, and that's why they said some bad things, right?"

Leland continued to question.

He now feels that he was tricked by Nyla.

How could people of her status somehow taunt her?

It's his fault for really trusting this bitch too much.

Hearing this, Nyla's jaw dropped.

For a moment, she didn't know how to defend herself.

Noticing Nyla's reaction, Leland confirmed his thoughts even more.

Leland once again raised his hand and slapped fiercely towards Nyla's face, "You bitch, I knew it was like this. I'm telling you, you better tell me the original story"

"Or, I will beat you up. What exactly have Mr. Moore and his woman done to you? If you don't tell me, I will find a way to ask Mr. Moore."

"So you'd better explain yourself clearly to me." Leland chided again in a cold voice.

The night breeze itself was cold, and with the attitude of Leland at this moment, Nyla suddenly felt the cold sting of the world he was in.

Chapter 799 Women are like clothes

Leland spoke respectfully, his eyes full of anxiety and urgency.
A woman, in his eyes, is nothing more than a piece of clothing.
If the clothes is gone, he can buy another, better one.
But if his family's business is ruined, it's gone for good.
These words are expected to Zoe.
But when she actually heard this, she still couldn't help but sigh in her heart.
It turns out that love can be so fragile in the face of money.
Nyla was stunned, never expecting that Leland would say things so bluntly in front of Robert and Zoe.

Even if that was what he had in mind, he shouldn't have said that in front of her classmate, should he?

What kind of a laughing stock would she be if word got out?

But due to the authority of Leland and Robert, she did not dare to say more than half a word.

She can only stand by obsequiously, constantly shedding tears.

"To give up your woman for the sake of profit, you are sick." Robert coldly snorted, such a person was the kind of person he despised the most.

Robert would never sacrifice his woman for the sake of profit, even if he was once a jerk.

Leland continued to bow his head respectfully and said, "If a woman is good, she stays, but if she is not good, such a bitch should not stay."

"If she's so arrogant and domineering, she deserves to be dumped." said Leland coldly again.

After saying that, he then raised his hand and once again viciously threw a slap towards Nyla's face.

Chapter 800 Jensen

Soon, the car hit the highway.

Once on the highway, the car was going at a frantic pace of one hundred and eighty yards.

The windy speed made Nyla scared.

Nyla subconsciously, clutching the armrest, asked, "Honey, what the hell are you going to do? If you're angry, hit me and scold me. don't race the car, it's easy to get into trouble."

Yet Leland still says not a word.

At this moment, Leland was like an emotionless driving machine.

The car was on the highway drove thirty kilometres, Leland parked the car and pushed Nyla out.

Without waiting for Nyla to react, he drove straight ahead.

Pushed violently out of the car, Nyla's body hurt from the fall.

It's cold and dark on the highway late at night.

She was really scared.

Not caring about the pain in her body, she climbed up like crazy and dialed Leland' number.

Without waiting for her to say anything, Leland said coldly, "Stop following me, I'm breaking up with you, you hear me? If you follow me, next time I won't just throw you on the highway, I'll throw you straight into the sea."

"Bitch, don't ever come back to me again, what the fuck do you think you are?"

"I am just playing with you."

After saying that, Leland hung up the phone.

Around her, cars are constantly whizzing by.

The gusts of wind that were brought up made her body even colder.

Late at night, a person walking on the highway is dangerous.

If she is not careful, she'll be run over by a car coming at high speed.
