Chapter 811 Pregnant?

"This is around your neck, right?" Noah asked, looking at Connie.

Connie nodded, "Yes."

She then stepped forward, took the small condensed pearl and placed it in her pendant.

The whole time, her heart was beating as fast as it could.

She was really worried that she would be seen to be doing something wrong.

"This bead is quite special, what brand of incense beads is it?" Jocelyn faintly glanced at the bead and casually asked.

Connie smiled, "It's bought online, a niche brand, do you like it? I'll buy it for you if you like it."

Jocelyn shook her head, "I don't wear these."

Seeing that both Jocelyn and Noah did not find anything unusual, Connie instantly breathed a silent sigh of relief.

"Right, the company next will shoot self-produced drama, some good scripts, I will let Paige send your email, then you can pick any."

Since Connie became her father's girlfriend, she should still give Connie's some resources.

She knew her father would be happy if she did this.

Even if she doesn't like this relationship of theirs, she can't show anything on the surface after all.

And Connie, close to her own father, is just for the resources and the money.

She gives them something sweet and they will be more attentive in the matter of her father.

Compared to many things, her father's health and his happiness come first.

Connie smiled at the words, "Thank you, Jocelyn."

"No worries." Jocelyn hooked her lips lightly, keeping her manners as they should be.

Rosa shook her head, and then pushed away Ryan's hand that was gently caressing her back and shook her head, "No, I'm fine, I'm fine. you leave me alone, Ryan."

At this moment, she felt as if her heart was torn.

What to do if she is really pregnant?

When the time comes, should she tell Ryan?

No.

Absolutely no.

According to his personality, he would have been responsible for her if he had known.

In this way, he will be forced to tied to someone he does not love, to be unhappy for the rest of his life.

On top of that, if Ryan was at the peak of his career and broke the news that he had a baby with his assistant, his career, too, would definitely take a hit.

When the time comes, he will surely be even more unhappy.

She could not be so selfish as to make him unhappy.

Thinking about it, she decided.

If, indeed, she is pregnant, she will quietly go and abort the child.

This would be the best ending for her, and for Ryan.

That day, when they had sex, it was supposed to be an accident.

She could never let that accident continue.

Noticing that Rosa kept wandering off, Ryan subconsciously thought that she was still not feeling well.

He immediately cocked his head and approached her face with a serious look, asking with probing eyes, "Are you really okay? How about we go to the hospital first?"

Rosa shook her head again, "I am really fine, don't you worry."

"Really?" Ryan confirmed again.

Rosa nodded heavily.

His words were gentle to the core.

This hug once again disturbed Rosa's heart.

Her heart, as if it had once again hit a strong current, forgot to beat for a moment.

The fans at the scene, seeing such images, had their hearts broken.

The god they looked up to every day was now hugging his assistant right in front of them?

For their group, it was a luxury to see his face.

Even touching his hand was something they didn't even dare to think about.

But at this moment, this girl in his arms was actually given a hug!

Can they not be heartbroken?

The fans in the audience, in particular, were all almost fainting.

Everyone is most jealous of at this point.

"Ryan hugged her, Ahhhhhh, I never dreamed of it, I can't believe she got it."

"I'm dying of jealousy, I want to break my foot too and I want to be hugged by Ryan."

"Ahhhhh, me too, I want to break my foot too, this girl can't be doing it on purpose, can she?"

Hearing the heartbreaking cries of the fans around her, Rosa instantly snapped back to her senses.

Taking a deep breath, Rosa looked at Ryan with a nervous face and said, "What are you doing? Put me down. What is your status, do not know yourself? Beware of the scandal."

Ryan was indifferent, "In this situation, do you think it's important to make a scandal or your personal safety? With so many people crowding around. Your feet will be ruined when you walk into the lounge if you walk by yourself."

[Ryan, we knew it, you couldn't fancy that woman].

[cub, thank you, for saving my life, I thought you were in love with her.]

[Listen, do your career well, don't fall in love, doesn't it sound better to be a top star than to play with women?]

[In that case, then I apologize, I'm sorry, assistant].

[I didn't expect Ryan to reply so quickly, Ryan, you are right, we believe you.]

[As a passerby, I think the fans are indeed over exaggerating, it's just a concern between colleagues].

The restlessness of the fans was soothed by just one post from Ryan.

At the same time, Rosa witnessed everything under Ryan's post.

Looking at the messages, Rosa let out a long breath.

Hearing the subtle sound, Ryan slowly turned his head and placed his gaze on Rosa's face, "It's okay. I believe that no one will scold you again."

"Thank you, Ryan. Ryan, I will pay attention and try not to break my foot again."

"Okay, your foot really doesn't hurt anymore, does it?"

"Yeah, thank you for your concern."

Regarding the intimacy of that day, because she had taken the initiative to call it off, they were, both of them, in a state of unspoken agreement.

Everyone has that image in their memory, but they don't even mention it anymore.

Rosa, after arriving in L City, accompanied Ryan and arrived at Grand Treasure Plaza in L City.

Chapter 816 Are You Pregnant?

Taking a deep breath again, Rosa replied, "No, I came out for some air, I'll go back later."

Ryan, who was being watched by all, was listening to the event host introducing Chanel's products while keeping his head down and seriously replying to Rosa's message.

"Okay, be safe. I'll send security out to pick you up."

After saying that, Ryan then placed his gaze on the mall arranged security guard beside him and said in a low voice, "Please help go out and pick up my assistant."

The security guard immediately nodded respectfully, and then left.

The time it took for Ryan to reply to Rosa's message was very brief, but it was completely watched by the fans at the scene.

Fans whispered at once.

[I think, when he was looking at his phone just now, his gaze was so gentle, was he answering someone's message?]

[Ryan would never play with his phone at an event like this, it must be someone important, right?]

[If he is really replying to messages, then I'm jealous. I really want Ryan to reply to my message too, but unfortunately, I don't have his number.]

The whispers of the fans were heard by Ryan, but he did not move his voice.

He set his sights on the event host once again, putting his professionalism to good use.

After Rosa walked out of the pharmacy, she returned to the entrance of the crowded shopping mall, full of preoccupation and lightly caressing her belly.

As soon as she crossed the road, the security guard arranged by Ryan saw her.

He then walked up to her and spoke respectfully, "Mr. Ryan Mason asked me to escort you inside. go."

Rosa's heart warmed once again and she subconsciously caressed her belly once again and said, "Thank you."

The security guard smiled, "No need to be polite, Miss, I feel that Mr. Ryan Mason is really good to you. Just now, he is so busy, but he still specially arranged someone to take you in."

Chapter 817 Gentle and Perfect

And let's not say the two of them ever had some.

Even if there is nothing, her health is more important than the activity.

It's about a person's life.

In this world, nothing is more important than human life.

Rosa's heart warmed up once again, her eyes turning red with emotion.

He was really gentle and perfect.

She thought that in the future, whoever was with such a man would be very happy.

Anyone who is lucky enough to be the child of such a person will be happy too.

It's just a pity that she, and her own child, are not blessed with this.

Her eyes, at the thought of it, reddened even more.

Seeing this scene, Ryan's heart immediately tightened, "What's wrong with you? Are you more uncomfortable?"

Rosa shook her head, "No, I just didn't sleep well last night, my eyes are bit uncomfortable. Ryan, I'm really fine. I just have a stomach, just take some medicine and you'll be fine."

She can never go to the hospital.

Ryan, "No, you must listen to me, you seem to have stomach disease. Go to the hospital, do a detailed examination."

"I am really fine. Ryan, look at me, I'm fine now." As she spoke, the churning sensation in Rosa's stomach disappeared.

With those words, Rosa then looked at the driver and said, "Driver, listen to me and continue our journey immediately. don't listen to him."

The driver hesitated.

Through the car's interior mirror, the driver looked back and forth at Rosa and Ryan before fixing his gaze on Ryan's face.

Ryan said indifferently, "Listen to me."

Some of the young girls, moreover, cried outright -

"Sad, Ryan actually yelled at us."

"Yes, Ryan looks really fierce."

Some sensible fans, on the other hand, couldn't stand to hear these words and immediately started to retort.

"What's wrong with that? People's lives are at stake and you guys actually don't get out of the way."

"That's right, she is fainting, do you have any heart? How dare you block the road like that, what's wrong with yelling at you guys? Not scolding you guys is already considered brother's mercy."

"Yeah, brain dead fans fuck off okay? It's insane."

Most people, for the most part, are sensible.

Soon, most of the voices of sanity were overshadowed by the voices of the scene, which were extremely irrational.

"Ryan looks like he really cares about that assistant."

"I don't know if you guys have noticed, but the point in time when Ryan was at the event today and looked at his phone and typed, just happened to be the point in time when his assistant left the scene. so Ryan was contacting her, right?"

"I think so, because after typing on his phone, he instructed a bodyguard beside him to say something, after which the bodyguard went out, and then after that, he came back with his assistant."

"Why do I feel that something is not right between these two? I am jealous."

The fans at the scene soon began to talk wildly about it.

Many people have begun to doubt the relationship between Rosa and Ryan.

The more suspicious they became, the more jealous they became.

In the eyes of fans, idols are their personal belongings and they imagine them as their future boyfriends.

When they realise that their idol has a crush on someone, or is in an unusual relationship with a girl.

They will be as upset as if they had fallen out of love, and will even hate and be jealous of the girl they love.

Usually girls, after they sleep together, they hold on to him for dear life.

If they are pregnant, they will naturally be more stalkerish.

After all, this is a great opportunity to change their fate.

But what about Rosa, the silly girl?

After having sex, she actually let him off the hook, not even doing things like taking advantage of the opportunity to have a sum of money.

And what happens when she finds out you are pregnant?

Instead of telling him, she wanted to keep it to herself and then settle it quietly without causing him any trouble.

Ryan knew very well that these days, girls like Rosa were a rarer species than pandas.

Now whenever he recalls Rosa's face, he feels both guilty and heartbroken.

"Mr. Mason, what are you thinking about?" The doctor asked.

Ryan instantly snapped back to his senses and looked at the doctor's face, "The deduction of the time of pregnancy is usually accurate, right?"

The doctor nodded, "I'm an expert in this area and naturally accurate."

In this way, Ryan became even more convinced of what he thought.

"Are you the father of this child?" The doctor asked.

The door to the emergency room opened again just as the doctor spoke.

Ryan then put his eyes on the door.

At this moment, Rosa was pushed out by several nurses.

Her face looked as pale as paper in the white-burning light.

"I know that the child is mine. You choose to hide it, you just don't want to cause me any distress." Ryan added.

No matter what Rosa said, he still believed in what was inside him.

According to the time calculations, he was not at all wrong in his thinking.

Rosa, however, said righteously, "No. Ryan, you should stop making a fool of yourself, okay?"

"Okay. Do you dare to go with me now to do a test?" Ryan added, "Nowadays, medical science has advanced, and those like you who are twenty-five days pregnant can have their child tested for DNA."

Hearing this, Rosa immediately panicked.

As far as she knew, it seemed like twenty-five days, it was not possible to do this test.

She has to wait until the child is older.

Had she misremembered?

Looking at Ryan's expression, it didn't look like he was lying.

Rosa panicked at once.

She instantly subconsciously sucked in a cold breath, "There's no need to do this. This baby is my boyfriend's."

When the words left her mouth, Rosa subconsciously clutched the bed sheet tightly.

A small movement was perfectly captured by Ryan's gaze.

Rosa has been with him for a short time.

During these days, he got to know Rosa well.

She, when extremely nervous, is fond of, well, grabbing one thing at a time.

Based on this small subconscious movement of hers, Ryan concluded in his heart that Rosa was indeed panicking at this moment.
