Chapter 821 Idols Out of Order

They were never meant to be together, and should not be forcibly bound together for the sake of a child.

How can he be happy if he doesn't love her and force to be together?

Ryan nodded, and once again let out a long, helpless sigh as he looked at her face with tenderness and modesty, "Okay."

Since, if she did not want to, he could not force her.

He chose to respect her.

"Rosa, I'll make it up to you." Ryan added, "I'm sorry for making you suffer."

Rosa immediately shook her head, "I don't want any compensation. You don't have to feel sorry for me, just pretend you don't know about it."

"How can I pretend that I don't know? Next, I'll pay for all the tests and the surgery. From today onwards, you'll be on leave."

"Just listen to my arrangements." Ryan added.

"I can do it myself. You're a top star, in case it comes to light, you and I are both finished." Rosa added.

"Don't worry, I'll find a doctor I know well. I'll keep everything under wraps, Rosa, if you keep nagging me, I'll change my mind."

How could he let Rosa carry out this kind of thing alone?

The child was made by the two of them.

So, it's about the two of them.

And being a shirker in this matter, is he scum then?

"Okay." Rosa nodded helplessly at that moment.

For now, it's more important to get the baby out of the way.

Thinking of the baby, Rosa once again subconsciously stroked her belly, her heart aching.

Ryan and Rosa are in close proximity.

At this point, she could read everything on his phone.

Looking at the news on Weibo, Rosa became worried, "Ryan, Explain it right away, otherwise, there will definitely be all kinds of rumours coming out next. If you let things fester, it will have a negative impact on your career."

Ryan frowned deeply and once again, in a serious manner, looked at Rosa's face, "Are you really sure you don't want that child and won't stay with me?"

A word that once again made Rosa physically and mentally numb.

Rosa silently put her hands into the quilt, and then clenched her hands tightly, "I'm sure."

"Okay."

Only then did Ryan frown and edit the Weibo directly, "Don't guess. There's no such thing."

Distracted, he was just about to send it, but he accidentally logged out of the Weibo.

Seeing this, he instantly returned to Weibo again.

As soon as he entered Weibo, he saw that X Entertainment's official Weibo account had just issued a statement in response to the rumours on the internet, "Don't speculate, it's not true, Ryan is single."

The Weibo was just posted a minute ago.

But even so, the number of forwarding and comments below the Weibo exceeded one million.

[I knew that Ryan wouldn't hurt our fan's feelings.]

[I knew there was no way Ryan would like that kind of girl. Even if he falls in love, it would have to be a beauty].

[I've already said that the marketing numbers are deliberately bringing the heat, but some people don't believe me.]

[I am his fan again, That's the happiest Weibo I've seen today.]

Seeing that his company responded, Ryan quit Weibo.

And just at that moment, his mobile phone, once again, vibrated.

The caller was Paige.

Ryan pressed the answer, "Hello."

"And the odds of you being safe and sound are one in a hundred."

"And there's no way around it, even if the gods came, they would only be able to tell you that this is the outcome."

"Can you understand when I say that?"

Jess continued to speak seriously, "I have been the head of the obstetrics and gynaecology department for so long, and honestly, I have seen countless pregnant women, but, it's the first time I've come across such a special fetal position like yours."

"If you don't believe me, you can go to another hospital and have another test. If you believe me, then you must have this baby."

Jess added again.

His words instantly made Rosa despair.

Jess is the head of the Obstetrics and Gynaecology Department and is an even more renowned specialist in obstetrics and gynaecology in Z Country.

The words of such a man are bound to be credible.

Now, she is left with only one choice, either to abort the baby and take the risk of a 99% haemorrhage, or to give birth to the baby

But what was she going to do if she didn't abort this baby?

Does she really want to be tied to Ryan for the sake of the child?

What about Ryan's happiness for the rest of his life?

However, in the present situation, she had to choose the latter.

The chances of a hemorrhage and death from surgery are extremely high and the parents cannot put themselves at that risk with only one child.

Ryan frowned slightly and looked at Rosa and said, "Let's go outside and talk."

Rosa nodded her head.

Ryan then exchanged a few pleasantries with Jess before taking her straight back to his newly purchased white Ferrari supercar in a low key manner.

Soon, Ryan got into the car.

He jerked into the car, the faint, faint smell of Chanel Azure perfume on his body filling her nose.

It made her feel so comfortable.

Her favourite thing about him is that he wears this perfume, with a sweet and fresh top note and a mid-back note that is fresh with a hint of creaminess that makes her feel extremely secure.

When Ryan closed the car door, he dropped his gaze on her face.

The moment his gaze fell, she flushed.

Her heart is beating even faster.

Rosa subconsciously clenched her fist and looked at Ryan, but she could not say a word.

"Fool." Ryan raised his hand and carefully rubbed her hair, his eyes full of helplessness.

Just for a moment, she was once again deep in a deep debate.

"I'm sorry." Rosa said.

There is no point in arguing now.

It can only be acknowledged.

She knew that all of this, this evenin, was destined to spiral completely out of control.

The cogs of their destiny will continue to turn in opposite directions.

"You don't have to tell me that, Rosa, I know what you think." Ryan said in a soft voice.

For the first time in his life, he had met a girl as stupid as Rosa.

Chapter 825 Official Announcement

In a moment, Rosa's face became even more blushing.

The tiny micro-expressions of the woman replace all words.

The answer to his question was found.

Such a good girl, he had no reason to let her down.

Although, being with her meant that, indeed, he had to sacrifice a lot.

But he was willing to do so.

"Then, it's settled, Rosa, I promise you that I will try to make me fall in love with you." Ryan added.

Although, his heart is occupied with another woman.

However, he believed that if he worked hard enough, he would be able to vacate the spot that originally held Jocelyn and put Rosa in it.

At this moment, Rosa had almost choked, her tongue had been in knots, not knowing how to speak.

However, now that Ryan had already said this, she really had no reason to refuse.

However, she really didn't know whether she was right or wrong if she didn't refuse.

Knowing Rosa's thoughts, Ryan did not speak again, but silently took out his phone and logged on to Weibo.

At this point, his Weibo feed is up to 9,999+ unread messages

He casually clicked on the unread message and glanced at it.

It's all filled with private messages from some fans.

They were all talking about his company's official blog denying his relationship with Rosa.

The glory, status and popularity that he has gained from years of working in the entertainment industry are all very much on his mind.

For, all results are hard won.

These things were important to him, but now he had something even more important.

More important than this are the responsibilities and duties.

Marriage to Rosa and having a child is a responsibility.

It is the duty of a husband and a father to give Rosa and his child a bright and shining environment and not to let them live in the darkness.

At these words, Rosa's heart, at once, felt even warmer.

Endlessly moved, for a moment, she didn't know what to say.

She clenched her fists and took a deep breath before pouring it out slowly, stammering as she bowed her head, "You really won't regret it?"

Ryan smiled, "I don't regret it. What about you? Will you regret giving birth to my child?"

Rosa immediately shook her head.

She had no regrets in her life about having a child for such a perfect man.

"Perhaps the road ahead may not be bright and straightforward, but as long as there is you and there is a child, there is nothing that cannot be overcome." Ryan added.

Rosa nodded, "Ryan, For the rest of our lives, we will go together through thick and thin."

"Okay." Ryan doted and lightly stroked her hair.

She then took out her phone and logged on to Weibo.

At the same time, Paige called Ryan.

When Ryan saw this, he got out of the car and pressed answer.

Instead of following him out, Rosa leaned back and waited silently for his phone to enter Weibo.

However, once she entered Weibo, the whole page was just blank.

She tried to exit, and re-entered, and still it was blank.

When he saw Rosa looking at her phone with a sad face, Ryan knew what she was looking at without having to ask.

Ryan sat in the car, and then started the car, comforted, "Do not worry, after this, it will be fine."

Rosa, "Your fans keep leaving."

Ryan, "Well, that's to be expected."

Rosa frowned deeply, did not say anything, just silently opened Ryan's Weibo page.

She noticed that the followers of his Weibo feed had dropped by five million.

Just, she swiped the hot search and in such time, the figure became five million.

Ryan's fans are not like other fans of idols.

Other idols, in order to make themselves look popular, will buy zombie fans.

However, all of Ryan's are actual live fans.

What is the concept of dropping 5 million followers in one go?

The damage, really, is incalculable.

"It's down five million." Rosa added.

Ryan remained calm, "Well, as expected."

Rosa, "I'm afraid your career will be infected badly this time."

Ryan, "So if my popularity fails, will you still like me?"

Rosa, "It's not like I like you because of your popularity."

Ryan shallowly hooked his lips, holding the steering wheel with one hand, operating the car freely, and gently holding her hand with the other, interlocking his fingers with hers.

The interior of the car was quiet and the silence was depressing.

Ryan smiled again and clutched her hand, "Don't worry, I will take care of everything."

Rosa's heart, again, was intensely moved.

In a moment, hot tears filled her eyes.

Ryan, you are very nice and I love you very much.

For the rest of our lives, let's go together.

I will love you for the rest of my life, and I will never leave you.

"Tonight, come stay at my house. The paparazzi are bound to dig up your home address and run over there."

Ryan said again.

Rosa nodded, "Okay."

...

To be on the safe side, Ryan did not go back to the house he would normally return to.

Instead, he took Rosa to his first-line sea view villa on the beach.

The villa is on three levels above and below and is just across the road from the sea.

Rosa had followed Ryan here before, so it was not unfamiliar.

After entering the door, Ryan turned on the light directly.

And then, he led Rosa straight into the living room.

The style of this villa goes for a European minimalist look.

Sky blue and white are the dominant colours here.

It's a delightful experience.

Rosa liked the place so much that she couldn't help but look at it more than twice.

"I know, you like the sea a lot, how about we live here after we get married?" Ryan asked.

Rosa nodded with joy, "Okay."

Ryan smiled, before leading Rosa all the way up to the second floor and into the master bedroom.

"Wash up and go to bed, for your personal clothes and stuff, you can use mine first, make do with it for one night, tomorrow I'll have someone bring it to you." Ryan added.

When he spoke, his voice always warm and soft, with a smile under his eyes.

Immediately afterwards, Ryan walked in carrying several bags with luxury logos on them.
He is wearing a loose, dark blue V-neck jumper on top and a pair of white trousers underneath.
The sexy collarbones, the long neck and the perfect jawline are unmistakable.
This makes him look sunny and relaxed at the same time.
Just looking at it in silence, she found it pleasing to the eye.
"Ryan, Good morning." Rosa said.
Out of curiosity, she put her eyes on the bags.
There were a wide range of women's outerwear and underwear.
Ryan smiled lightly, and then walked up to her, stretched out and naturally rubbed her bangs, asking,
"Up so early? Can't sleep well with the change of place?"
"No, it's just something on my mind so I can't sleep, I guess." Rosa said in a soft voice.
"Silly girl, didn't I tell you? I've got everything. Don't worry, the company will take care of it."
"Paige just called me, and now the company's PR department has been busy working on the perfect
strategy so that I can get through this peacefully." added Ryan.
Rosa let out a long, helpless breath, "Let's hope it's okay."
Ryan shallowly hooked his lips, "At ease, that's X Entertainment, our company has the best PR team in

He believes in the company.
Since Paige has given her word, it must be fine.
Rosa nodded obediently.

After taking out the clothes one by one, she finally changed into a white Gucci knitted cardigan-style dress.

The dress comes with a beige belt at the waist with the Gucci logo.

As expected of a major international brand, wearing it, she was lifted up a notch.

Not only that, but her figure was enhanced.

Raising her eyes, she saw herself in the mirror, slender waist and long legs, all noble.

Once she was sure her clothes were okay, she went straight into the bathroom with her skincare products and also her make-up, stood in front of the immaculate sink and washed her hands before putting on her contact lenses.

In just twenty minutes, she was transformed.

She was transformed from an ordinary person to a radiant beauty all of a sudden.

Once she was sure it was perfectly fine, she went straight downstairs.

Downstairs in the living room, at this moment Allie was sitting shoulder to shoulder with Ryan, playing League of Legends.

Allie was wearing a snow-white shirt with a dark black tight-fitting hip skirt, her sexy body was in full view.

In order to come and meet her sixth daughter-in-law, she got up early and went to one of the most famous stylists in Flento City to get a new look.

She has had her hair extensions into a shoulder-length and has dyed it a light chestnut colour.

She, at once, is even younger than usual.

Allie played the ADC while Ryan played the support.
