Chapter 941 Past Lives and Present Lives, Spanning Thousands of Years

"Also, since you're my husband's sister, I can't have you as my bodyguard."

"We should be on an equal footing." added Jocelyn.

Sophie shook her head, "It's okay, I do not mind, I am very willing to be your bodyguard."

"How can I let my husband's sister be my bodyguard? My husband's sister, naturally, should be a princess." Jocelyn said again.

Sophie, however, shook her head, "That God let me protect you, if I am at home as a princess, how can I protect you at all times?"

Sophie, "It's settled, I'm sure brother won't have a problem with it, will he?"

Sophie then looked innocently at Noah next to her.

The corners of Noah's mouth curled up gently, "As long as you're happy."

Jocelyn, "You siblings just fool around."

Sophie, "So what do you say?"

It seems to be the only way to go.

With a long, helpless sigh, Jocelyn then nodded, before pinching her brow in exhaustion.

Seeing this, Sophie then became excited once again and laughed.

It was good to see her brother again, Sophie was in a good mood.

Although brother has a different face, but, brother is still brother.

Ever since she met Jocelyn, she has not felt alone.

Especially, after recognising her brother, she was even less alone.

There is even, more strongly, a sense of belonging.

"Brother." Sophie said.

"Yes?"

"Do you have any other memories of us?" Sophie asked.

Noah shook his head slightly, "No, why?"

Noah looked serious, "Yes, honey?"

"Tomorrow take Sophie to go shopping for some clothes. Sophie can't keep wearing my old clothes, right?" Jocelyn said, "I will be very busy during this period of time, I don't have much time to accompany Sophie to go shopping."

In his head, Noah thought of his itinerary before saying, "Okay, then tomorrow afternoon. Are you okay with that, Sophie?"

Sophie, "Actually, I can wear my sister-in-law's old clothes."

Noah, "Be good, brother will buy you a new one."

Since Sophie is his sister, he has to take care of her.

Sophie, "Okay, thanks, brother."

Once upon a time, she was used to her brother asking her to do this and that.

Therefore, Sophie did not feel embarrassed about Noah's offer to buy clothes for her.

Rather, it is accepted as a matter of course.

"Right, Sophie, you don't have a phone yet, I have a couple of brand new new phones in my room, you can have one." Jocelyn added, "and then I'll teach you how to use them."

Sophie said with a smile, "Yeah, I should be able to use it because I've seen other people use it."

"But, sister-in-law, you'd better teach me more." Sophie said with a smile, her eyes unspeakably clean, with purity.

In fact, she should be able to do it without teaching her.

But, she likes Jocelyn.

She wanted Jocelyn to teach her.

She wanted to have more good contact with Jocelyn.

"Okay." Jocelyn lightly stroked her hair, "By the way, Sophie, I have another question to ask you."

Sophie's eyes were full of anticipation, "Go ahead and ask, sister-in-law."

Jocelyn was full of inquisitive eyes, "Who was your brother's lover in his previous life?"

Throughout history, when had she ever been so aggrieved?

Although her father had taught her to be merciful, at this moment, she really couldn't bear it any longer.

"Miss, are you still going to let me see the clothes?" Sophie asked indifferently, changing the childish look she had just had.

The clerk, however, didn't let Sophie's anger make her restrained.

Instead, she gave Sophie a direct blank stare, "Do you still want us to sell clothes? If you touch it dirty, how can we still sell it?"

Although her father has said that she has to be forgiving, her father too has said that there is no need to endure any more if she can endure it.

Sophie clenched her fist and looked at the clerk and added, "How do you know I won't buy it?"

The clerk, "Look at you, do you want to buy it?"

Sophie, "What's wrong with the way I look?"

The clerk then looked Sophie up and down and spoke contemptuously, "You look poor."

The contempt in her eyes was unconcealed.

Sophie genuinely felt that this woman deserved to be beaten to death!

By this time, the shop is full of customers.

The ladies who entered, seeing this scene, could not help but give Sophie a blank stare.

A rich woman, while looking at the clothes, said bluntly, "Is it really true that anyone can enter a place like this anymore?"

The rich man, looking at Sophie with that outfit, knew that she was a pauper.

Is such a person worthy of being in the same place as someone like her?

And that clerk, because see the customer opened up to help her, began to be aggressive, "Miss, you heard it, if you want to buy something, just buy it, if you do have intention to buy anything, then..."

And then she walked straight up to the woman, raised her hand and gave her a hard slap, "No need to wait for another life."

That short-haired woman is stunned.

She really didn't expect this poor bastard in front of her to actually dare to take a swing at her!

She had been held in high esteem wherever she went since she was a child.

When has she ever been insulted like that?

The short-haired woman raised her hand, ready to return the slap.

Sophie, on the other hand, did not give her that chance at all.

Before her slap was about to fall, Sophie clutched her wrist with a swift move.

The woman was not going to give up at all, and raised her other hand again, ready to give Sophie a slap.

Sophie, on the other hand, was fiercely clutching, before the other hand had time to swing, the other wrist.

Sophie's strength was so strong that the short-haired woman tried desperately to break free but was unable to.

Short-haired woman has a face of anger, "What do you want? Let go of me, I'm warning you, apologize to me right now, or else I'll make you suffer today, poor people are really low to the extreme."

Sophie coldly snorted with disdain, no waves under her eyes, "How are you going to make me suffer today? Just like that, incompetent ranting, is it?"

Short-haired woman, "I can make you die."

Sophie, "Tsk, ts, ts, sounds so bullying. Has anyone ever told you to keep your mouth shut and to treat people equally?"

Short-haired woman "You are so arrogant and rude."

Sophie, "How nice can you be? If you had been polite and respectful, today, you would have been beaten by me?"

Short-haired woman was totally pissed off.

The guards, on the other hand, were becoming more aggressive, trying harder to separate them. They had been pulling desperately at Sophie, but were unable to.

Security guard A, "Hurry up and let go or we'll really have to beat you up."

Security guard B, "It's fucking evil, this woman is like a giant tree. can't move."

Security guard C, "What the fuck, is she practicing some kind of divine kung fu?"

Short-haired woman, "Why are you guys so weak, hurry up."

On hearing this, the security guards pushed harder, but failed.

The more the short-haired woman thought about it, the more she got angry and looked at Sophie's face again, "Let go of me, poor bastard."

Sophie, "Apologize."

Short-haired woman, "Impossible."

Sophie was really annoyed by the security guards and got a bit annoyed.

Then she let go of the short-haired woman.

And then an incantation was recited to them.

In a moment, several of them disappeared.

People on the scene were all scared.

In Sophie, on the other hand, took a deep, unhurried breath before reciting a mantra once again.

Soon, the scene was cleansed of any memories of what had just happened.

The short-haired woman shouted outside, "Security, you guys get your asses over here right now. there isn't even a security guard?"

The others, too, went back to the way they were earlier and started looking at Sophie with a look of contempt.

Sophie was very pleased with the result.

She hooked her lips in satisfaction before looking at the short-haired woman and said, "Since you don't want to apologize, don't blame me for being rude."

Seeing Noah's face getting colder and colder, those at the scene who were antagonistic to Sophie at this time were emboldened.

The short-haired woman opened her mouth again, "Mr. Mason, you must not let go this poor bastard, she is really too much."

Long-haired woman, "In your name, striking people, how can this be described as excessive? This is vicious. Mr. Mason, you must punish this person severely, otherwise, what majesty do you still have?"

Clerk A, "Yes, can't afford anything, but still make a scene here."

Clerk B, "I hope you must not let this person go."

Noah's face suddenly went cold when he heard the words.

Sophie, on the other hand, just laughed helplessly, with a look of indescribable relief.

Such a reaction from Sophie was, in fact, pretentious in their eyes.

Everyone thought that the poor bastard was just pretending to be calm, but in fact she was panicking inside.

Looking at Noah's performance, everyone felt even more that the poor bastard was almost finished.

Sophie didn't say anything, just watched the group quietly.

She thought, right, that the group was quite interesting.

In front of her brother, that humble look of subservience was just like those underlings who used to be with her father.

Once again Sophie shook her head helplessly.

The short-haired woman gave her a blank stare, "Mr. Mason is here, you still pretend. Really think Mr. Mason can do nothing to you? Be careful, you don't even know how to die."

At the sound of her words, Noah's face was frozen.

He frowned deeply and shifted his gaze to Sophie's face.

And then he said in a soft voice, "Come here."

At this moment, there was silence.

It would be a dead end to be abandoned.

They really felt that they had stirred up a big mess today.

If they had known it was going to be like this, they really wouldn't have been looking for trouble.

Today, they really thought that this girl in front of them, without power or influence, was a poor bastard, so they dared to be so arrogant and domineering.

Noah, however, still had an indifferent face, and under his eyes, there was ice and snow, "What are you still frozen for?"

With those words, he glanced coldly at the surrounding bodyguards again.

The bodyguards nodded respectfully, before pulling the group out without mercy.

Those people, one by one, struggled incessantly, but to no avail.

And the whole time, Sophie was smiling and didn't bother to say a word.

That lovely face is made to look good by the smile that fills it.

Those passers-by around the area shivered in their hearts at this point.

Everyone remained silent.

At this moment, they all felt the backlash.

Because many of them were involved in despising the sister of Mr. Mason.

There were some people who, upon reacting, fell away.

Only a fraction of those stood still and continued to watch the show.

The leaders of the mall, seeing that the matter had passed, went to Noah.

The handsome general manager of the mall looked at Sophie respectfully and said, "Miss Mason, may I ask you what you want?"

Sophie said with a smile, "My name is Sophie Sue."

Chapter 948 Rumors Flying Around (2)

The entire Weibo thread was filled with envy and jealousy.

And many people, because of jealousy, began to frantically ask Jocelyn for answers.

And at the same time, #Noah and Jocelyn# made it to the second spot on Weibo's hot search.

Many people are discussing in the topic whether Noah and Jocelyn are not as affectionate as before, and whether Noah has cheated on her.

The smearers of Jocelyn, who had been silent for a long time, found an opportunity to come out at once.

[Hahahaha, I think Jocelyn is really cuckolded, it's normal, I've said long ago that rich people love unreliable].

[Seriously, Jocelyn isn't exactly a beauty, so it's normal to be cuckolded, right?]

[Haha, why am I so happy? I just love it, watching something beautiful fall from grace.]

[Happiness is really short and fragile.].

[Did Noah cheat or not?]

[Smearer, even if Jocelyn is cuckolded, she still has a better life than you. You don't have to be so excited about it, but you must have a difficult life in reality, right?]

Jocelyn, who was having a meeting in the conference room of Murphy Group, at this moment, her mobile phone kept ringing.

Seeing on her phone the private Weibo alerts that kept popping up, Jocelyn was a bit confused.

However, she knew it was impossible for Noah to cheat her, so she didn't take it seriously.

She turned the phone off and continued with the meeting.

She had faith in herself, in Noah, in their relationship.

On Noah's side, Weibo private messages exploded.

So many people are asking for information.

"You will be driven out of the Mason family forever," Allie said again.

Noah became more and more confused and bewildered.

Noah, "So, what exactly did I do? And what are you talking about?"

Allie was instantly furious.

"I am silent not because I acquiesce, but because I have no idea what you are actually talking about."
Noah was truly speechless to the core.

Allie coldly snorted, "Trying to pretend to be confused? You are on the hot search, you don't think you cheated so openly, we will not know it, right?"

She really didn't know why Noah had to be like that.

What the hell is wrong with him?

"Noah,. I know that you may be prone to loneliness and emptiness when our Jocelyn is pregnant, but even so, you can't cheat."

"Tell me, who is that for Jocelyn to get pregnant? How can you do this?"

"Do you know how hard it really is for a woman to get pregnant?"

"You scum, no even if I say you scum, I don't think that's enough."

Because of her unusual anger, at this moment Allie was, for a moment, short of words.

Her tongue, exasperated, kept tying itself in knots.

Anyway, no matter what, she'll be done with it after a hard scolding today.

On the other side of the phone, Noah's ears were getting calloused from listening.

Murphy Group, various departments, staff group inside were all talking about Jocelyn and Noah.

Many people, unanimously and seriously, thought Noah just cheated.

And within Murphy Group, a rumour began to circulate.

That is, the image that Jocelyn and Noah presented earlier was really just to market themselves.

The two of them are actually, in private, just playing their own game, not at all as good as everyone sees them.

The rumour, too, was widely circulated because it was more in line with the general state of affairs of couples in high society.

For a while, countless people were looking down on Jocelyn.

Inside the group, those women who were, originally, envious and jealous of Jocelyn, were in a good mood at the moment.

Because they feel that the world is really fair.

Outside, the wind and rain are shifting.

In the office of Jocelyn, on the other hand, it was as calm as ever.

Jocelyn is not listening to what's going on outside the window, and is only interested in reviewing documents.

After going through a round of papers, Jocelyn was free.

She got up and walked over to the floor-to-ceiling window.

And then she gently moved her stiff neck and shoulders, tiredly, while looking out at the view.

Outside the window, the sun scatters lazily over the earth.

The sky was clear, but it was snowing.

The snow falls softly in the sunshine, lining the whole city with an inexplicable gentleness.
