

Legendary FBI Detective Chapter 18

Chapter 18 Boyfriend

In the interrogation room with two lamps hanging, the high-spirited Darren has disappeared, and his face is full of uneasiness at this moment.

"Good afternoon, Mr. Darren."

Roan and Lacey pushed open the door of the interrogation room and walked in, and sat across from the handcuffed Darren. Before they could speak, Darren hurriedly said:

"Two gentlemen detectives, no, there is also a young lady detective, believe me, Sabina's disappearance really has nothing to do with me, I really don't know anything!"

Luo An raised his eyebrows and continued to ask without changing his expression:

"Then what's the matter with this thin Mr. Quinnell? Your wife is missing, you don't let us protect you, you tell us that you just want to pay the ransom, but you turn around and see this Mr. Quinnill, Did he kidnap your wife?"

"No! No! No! He can't do that!"

Darren shook his head repeatedly when he heard this, while Roan continued to ask:

"You said that you were on a business trip in Los Angeles at the time of the crime, and that you stayed at the Hilton Hotel at night, but we did

not find your check-in record in the Hilton Hotel. Where did you go? Back to New York to kidnap your own wife ?”

"I"

Darren's face became more and more ugly. Seeing that Roan and An were staring at him quietly, after a long silence, Darren finally sighed and said in a low voice:

"It's true that I wasn't in Los Angeles last night, but I went to Las Vegas. Quinnier worked in the casino. After he got off work, I went to his house and played with him all night in the same room, which is what you think How to play."

Roan: ". "

I didn't think about it, I didn't know, I didn't understand, don't talk nonsense.

After a moment of silence, Roan coughed lightly and asked seriously:

"Darren, do you know what it means to lie to us?"

"I know, a federal felony."

Hearing Darren's words, Roan nodded without changing his expression. But he just learned about it from Lacey just now—it is a felony to lie to FBI agents!

I don't know who made the law.

Luo An's heart is dark, and he will have some fun in the future.

Seeing Roan's serious face, Darren became more and more panicked, and hurriedly explained:

"But I have no other choice. The matter between me and Kunel is disgraceful after all."

"It's not the relationship between you and Kunel that's dishonorable."

Hearing what Darren said, the **** person Lacey on the side was upset, and she slapped the table directly:

"The disgraceful thing is that you already have a wife, Sabina. You call it cheating and betrayal, you know?"

"I love Sabina!"

Hearing Lacey say that she cheated and betrayed, Darren was not happy anymore. He also slapped the table and yelled at Lacey:

"Believe it or not, I love Sabina! Love her so much! I even think I'm the one who got kidnapped!"

Roan felt that the topic was off topic, so he hurriedly stopped Lacey and brought the topic back:

"Then why are you looking for Kunel today? Do you suspect that he kidnapped your wife?"

"No, I just wanted to make it clear to him."

Darren covered his head and said helplessly:

"Kunnell has his own boyfriend, we are just playing around. The reason why I went to Kunnell today is to make things clear and to cut off contact with him.

I think Sabina's kidnapping is God's punishment for me, after all, she loves me so much, and I love her so much, we have a wedding anniversary honeymoon every year"

Roan: ". "

That is, the visual sense is too strong.

But after thinking about it, this kind of situation is not a big deal in the United States, isn't there an even more outrageous "open marriage".

Tilting his head and looking at Lacey, he didn't quite understand what was going on with the same-sex relationship. After being glared at by Lacey, Roan hurriedly turned to Darren and finally asked:

"OK, Mr. Darren, is there anything you haven't explained in the end? If we leave this interrogation room and find that you still have something to hide, then"

"No more, Mr. Agent."

Darren wiped the tears from the corners of his eyes, and begged Roan with a serious face:

"I don't know if you believe me or not, but I really love Sabina, I really love my wife, please find her! I... I can give you a million rewards afterwards!"

Roan's eyes lit up, and he grabbed Darren's hands as soon as he got up, and promised with justice on his face:

"Don't worry, Mr. Darren, I believe in your love, and I will definitely try my best to find your wife!"

Lacey: "."

A few minutes later, another interrogation room.

He is thin and frail, about 1.7 meters tall, but Kunel, who has profound facial features, heard Roan's question and said disdainfully:

"Stop making trouble, Mr. Detective, I have no idea who Darren's wife is, let alone kidnap her."

"Why didn't you kidnap her?"

Roan looked serious: "Darren's wife, Sabina, is a rich woman. We checked your financial conditions, and they are very average. As long as you kidnap Sabina and ask for a ransom, you will have nothing to worry about for the rest of your life."

"Come on, although I don't have much savings, but some men are willing to spend money for me."

Kunel waved his hands, raised his legs, and laughed:

"I'm famous in Las Vegas, a lot of men who are looking for thrills will contact me, and my skills are very good, just one time will make them unforgettable. I know rich men like Darren More than a dozen, do you think I will be short of money?"

Roan was silent, opened his mouth and didn't know what to say, but Lacey on the side continued to ask:

"Darren said you have a boyfriend, will he be jealous of Darren because of you, and instead kidnap Darren's wife?"

"My boyfriend?"

Kunel was taken aback for a moment, then almost died of laughter, explaining while laughing:

"Darren may have misunderstood me. My boyfriend he said was actually just my previous client. I just said that once, I will let men remember me forever!"

Roan: "."

Leaving the interrogation room, Roan sat on a chair in the conference room with his eyes closed.

The local conditions and customs of the United States have too much impact on me, so I need to slow down first.

"I checked."

Mona walked up to Roan and Lacey with a laptop, and said with a smile:

"The surveillance at the door of Kunnell's house showed that Darren and Kunnell did not come out all night. As for the boyfriend of Kunnell that Darren said was a young actor, he was filming at sea at the time of the crime, and everyone at the scene could tell him Testify, there is no time to commit crimes."

"Fine."

Roan scratched his head. The clues on her husband Darren's side were temporarily broken, so he could only focus on the missing person himself.

"Could it be a competitor of Sabina's company?"

Lacey pulled Mona to her side, put her arms around her shoulders and tilted her head to ask Roan:

"Should we check the business situation of Sabina's company and see if their company's recent business has provoked some people?"

Mona: "."

Speak as you speak, what are you doing with your arms around me?

"It's not impossible."

Roan nodded, turned to Mona and said:

"Go and investigate the companies under Sabina and Darren, and take a brief look at their operations."

Lacey raised her hand: "What about us?"

"Let's look through Sabina's villa, maybe there are still some things in that villa that we haven't discovered."

Roan stood up from the chair and stretched his waist vigorously: "The good news is that we have not wasted our efforts, and we have temporarily ruled out Darren's suspicion."
