Tyrell had made a compensatory payment, but those relatives still argued with the waiters. Tyrell hurriedly

pulled them away.

“Tyrell, you can’t be so nice. How can you let these lowly people *** you?”

“Although our family is rich, we can’t let them cheat us out of money like this!”

“If you care about your status as the richest man, you can leave it to me! I can defeat one of these people

with one punch!”

Tyrell was rendered speechless.

Tyrell felt embarrassed. He put his palms together and pleaded softly, “I treat you guys to dinner today to

celebrate Abbigail’s good results. Also, I want to introduce her fiancé to you. Now that he’s here, do me a

favor and stop messing around!”

The group then remembered that Davon was there and subconsciously looked at him.

Davon drank alone at the table. When he thought that he spent 48 0 thousand dollars on this dinner, he felt

uncomfortable.

Abbigail was attracted to the two handsome men.

Although Abbigail did not know their names, after she saw them from a distance, her mind was filled with

their figures.

One was like the star named Jack, and the other was also stunningly handsome. Abbigail could not help but

Chapter 262 Frame-Up

Kailyn trotted to Allison, held her arm, buried her face in her arms, and shouted in a low voice, “***!” Kailyn seemed to be greatly wronged!

Patricia was angry when she saw this. Those who didn’t know what happened would think that she bullied

Kailyn!

“What’s wrong?” Allison lowered her head and saw that there was a palmprint on her daughter’s right face. If she didn’t look carefully, she couldn’t tell that it was made with makeup.

Allison knew her daughter was acting, so she decided to help her. She raised her voice and asked with concern, “What happened to your face?”

Everyone’s gaze immediately fell on the two.

“***don’t ask anymore!” Kailyn kept her head down the whole time and complained as if she was unwilling to let anyone know about this.

“What happened?” As Kailyn did not say anything, Allison looked at Patricia and asked gently, “Kailyn went to

look for you just now. Why does she act like this after she came back? Do you know what happened?”

“I...” Patricia was at a loss for words. She didn’t know what Kailyn was up to.

“***, it’s none of her business. Don’t ask her! I made it with makeup because I thought it was fun,”

Kailyn

immediately said.

“Who would make a palmprint on the face?” Allison felt sorry as she reached out to touch Kailyn’s face.

“Ah, it hurts... Don’t touch it!” Kailyn cried out in pain.

Everyone looked at Patricia in disbelief.

Did Patricia slap Kailyn?

Allison looked at Patricia and said righteously, “Patricia, Kailyn was rash tonight and dirtied your dress. I will

apologize for her. I will take you to the mall and buy a new dress. Otherwise, I will feel bad.”

“Don’t say that. I didn’t slap her!” Patricia felt wronged. According to Allison, Kailyn dirtied her dress, so she

was so angry that she slapped Kailyn! But it was not like this!

“I didn’t say that you slapped her, but you admitted it!” Allison pretended to be tolerant and said gently, “Kailyn

is to blame for what happened tonight...”

“No, I didn’t slap her! I don’t know what happened to her face!” When Patricia said this, she looked at Donald

and Danica. “Dad, ***, I didn’t slap her!”

Danica was also a little confused. Just now, Kailyn went to the bathroom to look for Patricia out of worry.

When she came back, there was a red palmprint on her face. When Allison touched her face, she cried from

the pain. It seemed that she was not pretending.

"Patricia, what exactly is going on?" Danica would not wrongly accuse Patricia, nor would she harbor Patricia

if Patricia made a mistake.

"Just now, Kailyn went to the bathroom to look for me. When I opened the door, I..." Patricia suddenly remembered that she splashed water on Kailyn. The makeup on her face was ruined a little.

Did Kailyn make a palmprint on her face when she reapplied makeup to frame Patricia? Bit*h!

"What happened then?" Seeing that Patricia didn't continue, Danica thought that something unmentionable had happened.

"I don't care what Patricia did to me, as long as she can cool down! Mrs. Lusk, please don't pursue this any further! It will hurt the relationship between me and Patricia and our families! Tonight's dinner is for Paige,

and Martin is also here... Let this matter end here!"

Without waiting for the others to speak, Kailyn continued, "I'm fine! ***, don't ask anymore! Don't ruin this dinner!"

After Kailyn finished speaking, she tucked a strand of hair behind her ear.

Allison knew why Kailyn did that. She continued to ask, "Why is your hair also wet..."

"It's because it is too hot and I am sweating! Anyway, it has nothing to do with Patricia. Let's eat!" When Kailyn said this, she pleaded softly, "Don't embarrass Paige..."

Patricia was furious. Kailyn was trying to tell everyone that her wet hair and the palmprint on her face had something to do with Patricia! But she still pretended to consider the overall situation. It was ****! Patricia couldn't hold back her anger and said furiously, "***, I didn't slap her. She made that palmprint on her own! Amily can prove that I didn't touch her at all!"

Patricia refused to admit it, while Kailyn pretended to be sensible and cover up what Patricia did...

So everyone thought that Kailyn was bullied!

Although Danica felt that Patricia wouldn't do that, it seemed that Kailyn was telling the truth. She couldn't say that Kailyn was acting without any evidence.

"Please don't look at me. Let's eat... If you have anything to say, let's talk after dinner is over!" Kailyn couldn't

Chapter 263 The Man With Paige

Perhaps because he was afraid that Abigail would misunderstand, Davon added, "It is my idea. It has nothing to do with my parents..."

Davon's parents let him take full charge of the engagement party.

"What do you mean?" Abigail could guess why, but she still asked subconsciously.

“Well, on the day of the engagement party, our family will invite our distant relatives. The relatives and friends

who have a good relationship with your family can also come, but those distant relatives...”

Davon paused, but then he decided to speak his mind. “Why don’t you let your parents find another time to

invite your distant relatives to dinner?”

“Davon, do you think our distant relatives are rough fellows and will embarrass your family?” Abbigail was a

little angry.

“Abbigail...” Davon wanted to explain, but he did not know what to say.

Abbigail did not see how rude her relatives from the countryside were just now. Davon did not want to recall

that scene again!

If the people from the Elinor family met them, they would laugh at Davon and oppose this marriage!

Davon just did not want to make a big thing about this.

“Since you don’t like my family, you don’t have to be responsible for my future,” Abbigail said.

“Abbigail, that’s not what I meant! It was because...” Davon explained in a low voice.

Everything that happened just now was humiliating. Davon was afraid that Abbigail would be embarrassed.

“What happened just now? Did you feel slighted because I went to the bathroom for too long? Do you think that I deliberately left you alone? So you feel embarrassed?”

“Of course not! You should ask your parents!” Davon was a little anxious.

Although Abbigail did not know what happened, she had a bad feeling. Did something big happen when she

was absent?

Davon refilled his glass to calm down. After a while, he said, “I promised you earlier that I would buy you a Porsche after the engagement party. You’ll have to wait a little longer.”

“If you pay the bill, I’ll have to kneel on the keyboard when I go back! No, no, no...”

Seeing that the two brothers were still arguing, Danica smiled and said to Paige, “Paige, send Martin off
first. We’ll go to the door to find you later.”

“Okay.”

When Martin passed the hall on the first floor with Paige in his arms, Abbigail was slack-jawed.

Abbigail thought, isn’t this man that I’ve yearned for days and nights?

He actually held Paige and lowered his head, seeming to say something to that little sl*t.

That little sl*t raised a smile. They seemed to be flirting!

But didn’t that little sl*t just hold Jack?

Bit*h!

She is actually two-timing!

Shameless!

The key point is, how did she do that? She could catch two high-quality men in one go and not be
discovered. They were all eating in the same restaurant, but the two men did not notice the other
person’s existence!

This is too amazing!

Seeing them leave the restaurant, Abbigail stood up immediately. “Davon, I need to go to the
bathroom.”

Going again?

Davon wanted to ask if Abbigail was feeling unwell, but when he saw that she was not going in the
direction of the bathroom, he wondered, where is she going? Is she leaving the restaurant to get some
fresh air? Is she

upset by what happened tonight?

Abbigail hurried out of the restaurant. From a long distance, she saw the man holding Paige's face with both hands under the dim light and kissing her passionately.

Abbigail covered her ***, unable to believe what she had seen!

Their relations seemed to be better than she had imagined!

"I really want to send you home." Martin greedily absorbed Paige's sweetness. It was a while before he reluctantly let go of her and said, "I really want to take you home."

However, compared to him, Paige

to kiss his lips. "Alright, then?" Martin held her even tighter, and said, "Too little. Be more generous?"

Paige stood on tiptoe and gave him another kiss. Martin's desire had been ignited by Paige, so he simply held her head and wanted a long kiss at one time. Abbigail, who was hiding at the side, saw that they were kissing so hard that she was so angry that she cursed in her heart countless times, little sl*t!

Abbigail thought, how smart the bit*h is! She actually knows how to seduce a man! Suddenly, Abbigail thought of something and immediately took out her mobile phone to take a photo. Abbigail thought, if there's any chance, I will definitely let this man or Jack see how ****and scheming this little sl*t is! After a while,

Seeing Paige walking toward her step by step, although Abbigail was a little scared, she still took the initiative to walk out.

Abbigail took the lead and pointed at Paige and scolded, "You are too shameless. You just held Jack, and then you h*ok up with this man now! What? Are you so bit*hy in your bones? Can't you live without a man?"

Held Jack?

H*oked up with Martin?

Paige reacted and felt funny. She raised her hand and gave Abbigail a slap. The slap was particularly crisp and loud in the night.

"You think you're smart? It seems that the lesson I taught you last time was not enough. This time, I'll help you review. Use your tiny little brain to think! Don't always put puddings in your head. It just makes you ***and ****."

"You, you bit*h, you dare to scold me..." Abbigail covered one side of her face. She was so angry that she was

about to make a move.

At this time, a limousine came over. The driver quickly got out of the car and came to Paige. He asked respectfully, "Ms. Paige, what happened? Do you any help?"

After he finished speaking, he looked at Abbigail warily.

"No big deal." Paige turned around and got into the car, totally not taking Abbigail seriously.

Tyrell really wanted to go up and say a few more words, even if they hated him and looked down on him.

However, the lobby manager led a few waiters to block the way, obviously not wanting Tyrell and Lindsey to come forward.

As expected of the richest family in the country, the Lusk family, their temperament, wasn't something ordinary small rich families could cultivate.

For example, the Elinor family was much superior to the Tate family, but the Elinor family combined didn't have the strong vibe as Danica's.

The elegance and nobility raised by the years, and the luxury and abundant life one could see from Danica's face, were not something one could easily compare.

"Why haven't they gone bankrupt yet? Are they still in the mood to treat people to a meal?" Danica walked out

of the restaurant, her delicate face carrying a trace of annoyance.

Donald said tenderly, "Don't be anxious. Soon, they will go bankrupt. There is only an empty ****left. I guess

they have a hard time paying tonight's bill."

The Tate family did not have any business partners and had a cash flow dilemma. The company was already in a mess.

Looking at Tyrell tonight, he was obviously aging a lot. The high-spirited look in his eyes was gone, replaced by dejection and defeat.

"Danica, when did such a small family make you unhappy? I'll find someone to deal with it later."

Allison, who

was at the side, revealed a noble smile and said gently, "We don't have to be angry with such a villain. Anger

will only age us."

In the eyes of really rich and powerful families, they were just small fries.

Michael, who was at the side, sneered, "Wasn't Paige the only one who got full marks in this year's SAT? Just

now, that family held a banquet and wrote a banner saying that his daughter got a high score on the SAT and

had a bright future ahead of her. How ***! No wonder they are just small families, showing off with such a score!"

Little did they know that the real strong were all restrained.

In the end/the Tate family wasn't insightful at all.

"Let's not talk about them anymore. Be careful on your way back."

Hearing Danica say this, Allison looked at Patricia again and asked lovingly, "Then Patricia, let's go to the mall and choose a new dress?"

Patricia stomped her feet anxiously. "I really didn't hit Kailyn! I didn't hit her because of the dress. No, no, no, I just didn't hit anyone!"

"Look at this child. She still cares about that," Allison couldn't help but laugh. Allison looked at Patricia with

an amiable expression. "Alright, I didn't blame you. Since you don't want the dress, then I will bring you other

gifts later. Then Donald, Danica, see you next time."

"Allison, listen to me..."

Before Patricia could explain, she heard Michael say with a smile, "Our whole family likes Paige very much.

Let's gather more later. We want to see her more."

Seeing their driver coming over, Michael first opened the car door for his wife and children to get in, and then

said a few words and left.

Patricia saw no one was listening to her explanation, she got more anxious and said, "Dad, ***, I really didn't hit her!"

"Well, let's go back and talk about this," Donald comforted.

"If not for Paige thinking of the kindness of Madam Tate, I really want to send them to ***at once!"

Danica

said with a trace of dissatisfaction on her delicate face. "Don't tell Paige about what happened just now. Don't disgust her."

"Alright, I'll listen to you," Donald said with a smile.

Danica was about to get on the limousine when she suddenly turned back and said, "I'll go make some more

trouble for them."

Danica thought, if I can't send them to ***in one go, then I will slowly torture them. In short, I can't let them

have a good time!

How could they *** my baby Paige for so many years?

"No problem," Donald answered.

The next morning.

Tyrell and Lindsey came to Room 301 of Farwen Hospital with gifts on their hands. As soon as they opened the door, they saw Cassie talking to a strange woman.

The strange woman was sitting by the bed. Judging from her clothes, she looked like a secretary. There was a trace of seriousness and dedication in her eyes. She nodded and seemed to agree with what Cassie said.

"***, you're awake? This is..." Lindsey was full of curiosity and vigilance towards this strange woman as soon as she entered the door.

Lindsey thought, it's only half past seven in the morning and this woman came so early. What was she plotting with Cassie?

Chapter 266 Regretful

"***, don't worry. It's not poisonous." At that ***, Tyrell sat by the bed and looked at Cassie. He said,

“We know you are angry. We should not post Paige’s information on the family tracing website. Otherwise,

you and she won’t be apart.”

Hearing that, Cassie was surprised.

Tyrell had never admitted his mistake.

It was strange.

“We have thought about what you said when we came to see you last time.” It seemed that Tyrell had realized

his mistake. He lowered his head and looked regretful.

Cassie once said the Tate family had misfortune since Tyrell posted Paige’s information on the family tracing

website.

“Paige had always been outstanding. You have never told me about that.”

Hearing that, Cassie felt it was funny and sneered, “I talked about Paige every time I called you, but you always hung up impatiently. You said you were busy or in a meeting. In short, you had no time to care about

her.”

That was true. Tyrell could not refute Cassie.

“You rarely call me. When you called, you asked for money or the number of a boss. I thought I could talk

Chapter 267 Cassie Refuses to Help Tyrell

Tyrell remembered that Colin said angrily last time that it was thanks to Paige that Cassie was still alive.

Tyrell wondered, could it be that Paige is really stronger than we have imagined?

Suddenly, he felt that it was ***of him to think that Paige had to work and serve the big shots before she could afford to stay in Chicago.

When PQ Fashion made its debut three years ago, Paige, as the founder of the brand, was much richer and

owned more resources than they were. She didn't need to work or rely on men.

In addition, she was Vallorie and a top student who many famous schools would compete for.

No wonder every time they criticized her for not being self-loving. Paige would treat it with ridicule and disdain. It turned out that they really misunderstood her.

Paige stayed in Chicago with her strength.

Every time she came to the hospital, she just sent expensive medicine to Cassie, not for getting the shares

from her.

The shares Cassie had were worth 48 million dollars, but this expensive medicine alone cost Paige 9.6 million dollars. In addition, she even sent Cassie a mobile phone, bracelets, flowers made of gems, and so

Lindsey fiercely glared at him. She didn't want to leave. The matter had not been settled. They have to let Cassie help them. Otherwise, Paige would not let them go. Nor would she be willing to help them like before.

Just now, Lindsey and Tyrell cried and begged Cassie, and they spent a lot of money on breakfast.

Lindsey

had to get the matter done today.

Otherwise, it would be a big loss.

"Let's go." Tyrell grabbed her hand and took her away by force.

As soon as they walked out of the ward, Lindsey couldn't help but shake off his hand and scolded him, "What are you doing? As long as Cassie agrees to help us, maybe Paige will even give us PQ Fashion. She will at least let us be the shareholders or take up a position. Things will be better than now."

"Didn't you see that Cassie is angry?" Tyrell glanced at the ward and continued, "Let's go. We'll think about

countermeasures when we get back."

"I wonder if she is out of her mind. She treats an outsider better than her family." Lindsey couldn't understand

what was so good about Paige..

Paige was beautiful, strong, and rich, but Lindsey hated her wild character.

"If we come and visit Cassie more, she might be soft-hearted and agree to help us. But that woman is strange." Tyrell thought of the woman who was sitting by the bed talking to Cassie.

He wondered who she was.

“****, we did give Paige a cold shoulder in the past, but we wanted to make up for her now. Shouldn’t you leave your property to your family?”

Without waiting for Cassie to answer, Lindsey continued to speak angrily. “You know about the current situation at home. We couldn’t hold on any longer. We begged you to help us several times, but you were indifferent. We never thought that you would make a will in advance behind our backs. What exactly did that chick do so that you are so partial to her?”

When Lindsey said this, she became angrier. “Abbigail and Davon’s engagement party will be held in two days. We can’t even afford a new outfit for her. If she showed up at the engagement party in old clothes, she would be laughed at! Also, she will graduate from college and marry into the Elinor family. How can she not have any dowry?”

Lindsey did not give Cassie a chance to speak and continued to scold her, “If you share half of the property. with us, I won’t be that angry. But you gave all of them to Paige. It’s us who need your property the most, not Paige! She’s already rich. Why don’t you understand this?”

Abbigail cried silently at the side as if she was sad and disappointed at her grandmother’s partiality.

Cassie was so angry that she covered her heart, and she was in so much pain that she could not speak.

“****, are you alright? Are you having a problem with your heart?” Tyrell asked as he pulled Lindsey behind

him.

“Don’t pretend! You have to give us an explanation today! Otherwise, we won’t let it go!”

Seeing Lindsey crossing her arms in front of her chest and looking unreasonable, Tyrell turned around and glared at her. Cassie didn’t seem to be pretending. If anything happened to Cassie, they would get nothing in

the end.

Cassie was trembling in anger. She touched the things on the bedside table. There were coasters, tissue boxes, reading glasses, and other things. She threw what she got at Lindsey.

“****, don’t be unreasonable! What are you doing? Enough!” Lindsey hurriedly dodged it.
