### Chapter 301 Is She Really Gone?

Cassie didn't even have the strength to sit up. She couldn't move and gasped for breath. After a while, she struggled to get up. Her hands trembled as she reached out to take her phone back.

But how could Lindsey be so kind and return the phone to her? Lindsey took a step back and laughed even more wantonly. "Do you want it? But I won't give it to you."

Cassie was furious. She struggled to prop herself up and put one foot on the ground.

Lindsey immediately figured out her intentions. "Your bones are about to fall apart. Do you still want to go out and call for help? Do you think you can get out of this door? If not for the money, you would have been buried in a coffin!"

Cassie was still trying, but just as her other foot landed on the ground, she heard Lindsey's threatening words.

"Tell you what, my patience is not infinite. Tomorrow, get the staff from the American Wills Service

Center here. I want you to modify your will in front of me and transfer all the assets to me! Do you hear me?"

Cassie ignored her. Finally, Cassie put both her feet on the ground. She was about to take a step forward.

Lindsey reached out and pushed Cassie back to bed effortlessly. "I'm asking you; do you hear me?

You old \*\*, are you deaf?"

Lindsey even reached out and grabbed Cassie's ear. Cassie was in extreme pain. "Let me go..."

Lindsey refused to let go of her. Watching Cassie in pain, Lindsey felt indescribably happy.

Cassie was grabbed by the ear, and the back of her head that had just hit the bed railing began to throb with pain again. Worse still, Cassie could hardly breathe.

Seeing Cassie covering her heart with both hands, Lindsey continued to mock her, "Come on, it's not working on me!"

Lindsey thought, you \*. You can only act in front of Tyrell. Now I am here. You're not getting off that easy!

"Did you hear my question? Lindsey was still grabbing Cassie's ear and threatening her.

Cassie was in so much pain that her entire body curled up like a trembling rabbit. With her ears being grabbed, she was completely unable to resist.

When Cassie gasped for breath, her face turned red, and began to stare straight ahead, Lindsey realized that Cassie was not acting. Just as Lindsey relaxed her grip, Cassie suddenly fell on the bed and curled up even more.

How could it be?

How could Cassie \*\*\*so suddenly?

With her death, all the wealth would belong to Paige!

This time, the Tate family was really finished!

Tyrell was in so much pain. He didn't notice that Paige was walking up the stage step by step and kicking Lindsey.

Before Lindsey could react, she fell to the ground, and she was kneeling in front of Cassie's photo.

Paige grabbed her hair and forced Lindsey to apologize.

Lindsey's forehead hurt and she shouted, "You \*\*, you dare..."

Paige was just a girl in her teens, yet she dared to do this to Lindsey!

Paige kicked Lindsey to the ground and did not want to listen to her nonsense at all. Paige stepped on her back and looked at Greta coldly. "Get out of the way."

Greta, who was riding on Abbigail, was stunned. Greta did not expect Paige suddenly to be so domineering, so Greta subconsciously moved to the side.

Paige should be looking for Abbigail to settle the score...

Thinking of this, Greta moved a few steps to the side, afraid of being implicated.

"Paige..."

"If you say a word again, I'll cut off your tongue and feed it to the dogs."

How could Abbigail not know that her mother killed Cassie? Paige had come to settle accounts with her family!

However, more than 600 people were looking at her. If Abbigail dared to make a scene here, she would definitely be sent to the police station.

Thus, Abbigail still played \*\*\*. "I just want to remind you... There are so many people watching. You have to let go of my mother, or else..."

Lindsey was reluctant. But when she thought Paige could really do that, she gritted her teeth and said, “I was wrong. I didn’t intend to \*\*\*Cassie. Who knew she was so fragile?”

It was not what Paige wanted to hear.

They still knelt. Lindsey was miserable. “I really didn’t want to \*\*\*\*\*Cassie. If she \*\*\*, I won’t get any benefits! I wanted her to sell her shares worth 48 million dollars. After Cassie sells it, she can keep 16 million dollars and leave the rest to us for emergencies!”

Lindsey was forcibly pressed down, and her forehead hit the ground, \*\*\*\*a dull sound.

“I’ll return the money! Five years later, we will return the money to her. At that time, the Tate family’s value rises, her money can be used to buy shares, and the shares will also rise! It’s so good to k\*\*\*\*\*ill two birds with one stone. But she just didn’t agree!”

The more Lindsey spoke, the more she felt wronged. “Yesterday, Tyrell said he could write a letter of guarantee for Cassie. Otherwise, if the company collapsed, it would be useless for her to keep

Paige looked up at the time on the screen. After a full ten minutes, she stretched out her hand to stop the waiter from pressing them.

The six waiters stopped at the same time. Lindsey secretly breathed a sigh of relief and thought, my words must have moved Paige!

Paige calculated the time. It was almost time. The hall door was suddenly opened, and seven or so policemen came in.

"What ... what do you want to do?" Lindsey was a little scared. "Sir, this \*\*\* girl threatened me.

She whispered something threatening to me in my ear just now..."

"Take her away!"

The leader of the police officers gave the order, and Tyrell and Lindsey were immediately caught in plain sight.

"Let go of me..." Tyrell had never been so humiliated!

"I have committed no crime. Cassie had a bad heart. No one is to blame for her death!" Lindsey was still struggling. "Let go of me. I need to see my lawyer. Abbigail, get me a lawyer..."

Hearing this, Paige thought to herself, humph, you have no money anymore, and you still want a lawyer?

Paige smiled coldly.

"Ms. Paige, what should be done with them?" the leader of the police officers asked respectfully.

"Put them in custody first. No need for interrogation. I'll take someone with me to deal with it later."

"Yes."

Lindsey suddenly found that the leader of the police officers was respectful to Paige. She thought, they must know each other!

I am screwed. Cassie is dead. Will I get \*\*\*by Paige?

Abbigail realized that the only way to work was to beg Paige now. Therefore, after the police officers left, she rushed to Paige.

"Let my parents go, please! If you want to vent your anger, you can take it out on me..."

"Do you think you can get away with this?" Paige looked down at Abbigail with cold eyes. "Don't worry, it'll be your turn soon. You have done so many bad things to Grandma. I will certainly make you pay a heavy price for it! None of you can get away!"

Abbigail froze. Paige's words sent shivers down her spine, and she was frightened.

On the way to Tate Clothing, Martin carried Paige to his lap as if he was taking care of a child.

"Let's eat something first."

In the RV, the chef brought a delicious meal to Martin and Paige. Martin used a fork to pick up a steak and brought it to Paige's lips.

"It is what you usually like to eat."

Paige had no appetite.

"Eat a little bit," Martin advised tenderly.

Paige raised her eyes. Paige was sullen before, but she became soft because of Martin. Paige asked, "You stayed with me for a whole day today. Can you handle your business well?"

"Rhys is in the company." Martin fed Paige the steak and gave her another one. Martin asked, "Is it good?"

"Yes." Paige tasted like wax. In order not to let Martin worry, Paige ate a little bit of steak.

Martin knew that Paige was still sad. Cassie's death was a great \*\*\*to Paige.

"Grandma will want you to be happy." Martin fed Paige. He advised Paige, "If Grandma knows that you are depressed, she will not be at ease. Nobody should blame you at all. You've already done very well."

It was because Cassie's body became weaker, so the operation failed.

However, what Paige could not accept was that Cassie was in torture before she \*\*\*\*.

All of this was because of the Tate family!

Lindsey was the worst person!

"If you think Abbigail, Tyrell, and Lindsey are too \*\*\*, let me deal with them." Martin fed Paige a little more steak.

Paige said firmly, "I want to do something for Grandma personally and vent my anger."

Paige couldn't let Abbigail, Tyrell, and Lindsey \*\*too easily.

Issac looked at Paige and then looked at Abbigail. He seemed to be weighing the pros and cons in his heart.

Abbigail warned him with her eyes as if she was saying, "I dare you to serve another person."

"Stay, and your salary will be doubled."

"I'm willing to stay and work for Ms. Paige." Issac immediately stood on Paige's side.

"You fence-sitter..." Abbigail did not expect that Issac would suddenly change his stand. He was respectful to her just now, but in the blink of an eye, he changed his mind.

"Throw her out as well as everything related to her. Change all the things they used in this office."

"Yes, Ms. Paige." After Issac finished speaking, he turned around and politely asked, "Ms. Tate, please take your luggage and leave."

"Issac, you are going too far!" Abbigail gritted her teeth and glared at him. "When my dad was a director, he gave you a lot of benefits!"

"But he also hit and scolded me a lot." Issac smiled and rolled up his sleeves, revealing his bruised arms.

"He hasn't been doing well recently and has been venting his anger on me. If I hadn't had a mortgage and a wife and children to support, I would have quit long ago." It was a good thing for him to work for another person. The key was that his salary would be doubled.

"You, you..."

"This way, please." Issac gestured for Abbigail to leave.

"Your happy time is yet to come!" Abbigail was so enraged and glared at Paige.

Paige frowned after hearing this. "Issac, she entered my office. I don't know if she has taken away my belongings. Let her go after searching her."

The chef on the side saw Martin holding Paige to sleep the whole time. The chef wondered if Martin’s arm would hurt.

However, when the chef saw Martin’s satisfied appearance, he realized that Martin was enjoying it.

Martin motioned for the chef to bring a blanket over. The chef quietly went to get it. Martin took it and gently covered Paige with it.

Danica saw the surveillance in the room and felt strange. Danica wondered, Martin's car has been parked at the door for a while. Why doesn't Paige get out of the car? Is she crying? Is Martin comforting her? What's the situation?

After a while, Danica decided to personally take a look. As soon as she walked out of the door, the chef quietly got out of the car and reported.

"Mrs. Lusk, Ms. Paige is asleep. Mr. Stowe thinks she is too tired and wants her to sleep a little longer before going in."

"I get it..." Danica nodded and finally understood, "Then I will ask other chefs in the kitchen to cook something for them. When Paige wakes up, let Martin enter the room with her to eat..."

"Okay."

After an unknown period of time, Paige opened her eyes and found that she was still in the RV.

Martin, who was replying to the message on his phone, noticed the movement in his arms. His eyes suddenly fell on her, and his voice was soft.

"Are you awake?"

"How long have I been asleep?"

"Not long."

Paige got up to take a look. This posture was very intimate. It was dark outside the window. She could not help but ask, "What time is it?"

As for Abbigail...

The video of her and Aldo sleeping together had already been spread online.

She could no longer maintain her pure image and ruined the engagement party...

In this life, not to mention marrying into a wealthy family, she wouldn't even be able to marry an ordinary man.

After all, ordinary men would not marry a disfigured and treacherous girl who was burdened with a huge debt.

The more than six hundred people of the Elinor family had already regarded her as a vicious, flippant, and foxy lady.

Whatever she did, she would not be able to change it.

After dinner, Paige returned to her room and ordered her subordinate to prepare the necessary things for the funeral.

“Oh, right, Boss. Abbigail called the police. She said that you posted her videos online and seriously damaged her reputation.”

Paige didn't care about it. “Don't worry about her. We'll accuse her of slandering after the police find out the truth.”

“Great!”

Paige's subordinate did not expect Paige to be so hard-hearted to deal with the Tate family ever since she found out that Tyrell was not Cassie's biological son.

After Abbigail called the police, it took her a while to find out that the source of the video had been posted on a certain website a year ago. The police found out that the person who posted it was

Aldo, whom Abbigail had dated before. It had nothing to do with Paige!

At that time, Abbigail was the daughter raised by a cleaner. Many classmates bullied her and isolated her.

However, Aldo was interested in her. At that time, Aldo's family background was an unreachable existence to her.

In order to firmly grasp this boy, Abbigail volunteered to sacrifice herself.

Paige also put a \*\*\*of flowers before the tomb.

After that, Paige took out the things she prepared from her bag.

“Grandma, these are pictures of famous tourist attractions abroad. I wanted to take you to go on a trip. Now you can stay with Grandpa and go anywhere you want. The maps and tour guides have been printed on the pictures. You can use them if you want.”

Paige put the pictures on the tombstone and continued, “I’ll miss you. I’ll never forget you.”

Paige stared at Cassie’s photo on the tombstone. She was smiling in the photo. Paige stared at the photo for a long time.

After a while, Paige calmed herself down and stood up.

She closed her eyes and prayed in her heart.

Suddenly, a woman rushed over and shouted sadly, “Grandma, I miss you...”

Hearing the voice, Paige was annoyed and turned to look at her guards at the gate.

Paige’s guards were deeply touched by her emotion, so they didn’t notice it when Abbigail sneaked

Abbigail wanted to run up to the tomb, but Paige stopped her and said coldly, “Get out of here!”

“Paige, this is my grandma’s funeral. But you didn’t tell my parents and me. You invited all our relatives except us. How dare...”

Before Abbigail could finish her words, Paige interrupted, “Grandma didn’t admit you as her granddaughter. You’re not related to the Tate family. Do you want me to tell everyone how Grandma \*\*\*?”

Abbigail didn’t expect that Paige would embarrass her in public. Abbigail clenched her fists and said, “I called her grandma before. In my heart, she’s my grandma... I know that my \*\*is responsible for Grandma’s death. I came here because I want to say goodbye and apologize to Grandma for my \*\*...”
