#### Chapter 421 Stunned

Caroline was moved. She did not expect that Vallorie would comfort and praise her.

"Are you free tomorrow afternoon? I would like to treat you to afternoon tea."

Caroline realized that Vallorie was still young, so she added, "How about milk tea?"

Paige smiled. Before she could reply, Caroline sent a new message.

"You saved me, enlightened me, and comforted me... I have to treat you to a drink."

"Okay," Paige replied with her slender fingers.

"When will you be free?" Caroline asked.

"Anytime."

"How about three in the afternoon?"

"Okay."

"What do you want to drink? Coffee, afternoon tea, or milk tea?"

"Anything"

Caroline did not expect Vallorie to be so easygoing. She liked Vallorie more and began to look forward to their meeting tomorrow.

"I'll check if there are any famous shops nearby. I'll send you the address later." Caroline sent a happy emoji.

"Okay."

After sending the last message, Paige put away her phone.

"What are you talking about?"

Martin finished his work and went to the mall to pick up Paige. He took the things in her hands.

Martin didn't expect Paige would buy so many things for his parents. Moreover, she was talking with someone over the phone while carrying so many things. It seemed that they were chatting very happily.

"A very interesting middle-aged woman." Paige's eyes became gentle. "Tomorrow afternoon, I will go out."

"Meet the woman you mentioned?"

"Yes."

Martin was a little confused. Paige did not like to socialize. Why did she agree to meet a middle-aged woman?

"How did you guys know each other?" Martin helped Paige open the car door and fastened her seatbelt.

"When I submitted the score last night."

"You got familiar so quickly."

"Yes. We felt like old friends at the first meeting."

Paige seemed to have known the middle-aged woman for a long time, and they got along very well.

"If I had known that you went to Pinnacle Club last night, I would have gone with you. That club was later under my name," Martin explained

Hearing this, Paige was somewhat surprised. "Isn't that Mr. Philip Shaffer's club?"

Paige happened to save Philip. When she went to the club, the people there were very nice to her.

Later, Paige saved the manager and the waiters of the club. When they saw her, they all respected her.

"When Mr. Shaffer encountered an economic crisis, I helped him solve it. To thank me, he transferred

the club to me and focused on  
the real estate industry”

If Martin hadn't helped Philip, Philip would have been in debt and left Chicago.

“Why haven't the people in the club been replaced? Paige asked

The manager and the waiters were the same. None of them were replaced.

“They know the business well and have done a good job, so I won't replace them.”

Paige nodded. If she had known earlier, she would have let Martin go last night. Then, he wouldn't have to wait at home for more than  
an hour.

“You seem to be familiar with the people in the club.” Martin glanced at Paige and asked softly. “Do you often go there?”

“Occasionally.”

Paige briefly explained what had happened before.

Soon, the car arrived at the restaurant under the Stowe Group

In the private room, Killian and Rosa sat in the main seats, checking the time anxiously.

Standing beside Killian, Neil could not help but laugh, “Mr. Stowe, Mrs. Stowe, it's not the time yet.”

Wilfred adjusted his tie. He seemed to be a little nervous and cleared his throat.

Caroline was a little expectant

Caroline wondered what kind of person her daughter-in-law was.

Five minutes later, someone knocked on the door.

Everyone looked in the direction of the door and saw Martin holding some gifts in one hand and a girl's hand in the other.

They saw a beautiful girl with a refined temperament. She did not wear makeup, but she was stunning.

Her eyes were black and her

facial features were exquisite.

When Wilfred and Caroline saw the girl, they were stunned. Why did she look so much like Vallorie?

“Grandpa, Grandma, Dad, \*\*\*, this is Paige.” Martin held Paige's hand, walked forward, and introduced Paige to his family. “You know my grandparents. This is my \*\*\*\*and dad.”

Wilfred and Caroline were stunned and speechless. They thought Paige looked like Vallorie...

“Wilfred, Caroline, this is Paige Lusk that we often mentioned to you”

When Killian saw Paige coming, he was happy, but he suddenly found that Wilfred and Caroline did not react. He could not help but push Wilfred with his elbow and reminded Wilfred with dissatisfaction.

Chapter 422 Aren't You Just Brilliant?

As soon as they heard this, not only Killian and Rosa were shocked, but even Martin was surprised

He didn't expect Paige to have another identity, which was the great painter, Penrose Ezequiel.

Martin remembered the other day, Paige painted in front of him....

He felt so honored to be able to witness that moment with his own eyes.

No wonder the hairpin locator that Paige wore on her head last night could be found so quickly. It was because the Stowe family all  
knew what it was.

Originally, Martin thought there was a mole...

Caroline was also very excited. She did not expect that the person regarded as the Painting Virtuoso was

her future daughter-in-law!

Wilfred was also exhilarated. This was just a blessing from the universe.

Caroline continued to explain, "I remembered that Rosa likes Vallorie. I thought that I hadn't come home for so long, so I got someone

to contact Vallorie and write a song for Rosa."

She didn't expect that the famous piano master, Vallorie Walker, was also her future daughter-in-law!

The surprises came too suddenly, and Caroline almost couldn't take them!

"You don't know how talented Vallorie is. She made the song in less than a day. I have heard this new song, and it is very good. Last

night, when she handed the song to me, it happened that I had a fit, and she even helped me."

Caroline looked at Paige with eyes full of appreciation and gratitude.

Martin, who was at the side, finally caught on and said lightly, "Then you are very lucky. After all, not everyone has the luck to meet Dr.

Skylar Benson."

"Dr. Skylar Benson?"

This time, it was Wilfred and Caroline who were shocked. Skylar, who was said to be a miracle-working doctor, was also their future daughter-in-law!

Weren't they too lucky?

It could be said that they hit the lottery!

Many people in the world wanted Skylar to treat their illnesses. Before, they also wanted to find Skylar to treat Killian and Rosa, but they could not find her anywhere...

"My heart surgery was also done by Paige." Killian laughed out loud. He did not expect fate to be so wonderful.

Rosa also smiled, "Paige also cured me."

Wilfred and Caroline looked at each other with surprise in their eyes. They wondered if a person like Paige actually existed...

"You have no idea. Last night, Paige only got one whiff to tell what coffee beans I roasted and where they were produced..." Caroline

was full of praise for Paige.

Wilfred also added, "Not only that, but she can also tell what ingredient the perfume we wear is..."

It was so wonderful.

They didn't expect that their future daughter-in-law was not only the Painting Virtuoso Penrose but also the piano master Vallorie and the great doctor Skylar. Besides that, she mastered all kinds of other skills. At such a young age, Paige was already knowledgeable, talented, and smart....

Wilfred and Caroline could not help smirking. They were too satisfied with Paige as their soon-to-be daughter-in-law!

n

"So last night, my men did not see it wrong. Paige really was driving Martin's car..." Wilfred came to a realization at this moment.

Because he was not sure about the relationship between Paige and his son before, he did not say that Martin was his son. He just asked Paige if she knew Martin. As a result, Paige mistakenly thought that Wilfred had a bone to pick with Martin. She even got protective and said that if anything happened,

Wilfred should go to her directly and not disturb Martin.

Wilfred should have judged from Paige's tone that the two were a couple. It was all his fault that he was too excited to see Penrose!

Caroline also remembered last night. She said that whoever dated Paige was a very lucky guy, and Paige said she was lucky to be with her boyfriend.

Caroline suddenly felt this was so sweet.

Did her son know that his fiancée often defended him in private?

At this time, everyone scrambled for Paige. Rosa asked her to sit next to her. Caroline disagreed and wanted to sit with her.

"Rosa, Paige was always sitting with you. Today, just let her sit between me and Wilfred!" Caroline grabbed Paige's arm and refused to let go.

"Okay, okay. I will let you have Paige tonight," Rosa smiled.

"You don't know what food Paige likes. But I know!" Killian was still unwilling to agree.

"You can tell me so that I can ladle the food for her!" Caroline argued.

Martin, who was at the side, was speechless.

He didn't expect that the older woman, who Paige hit it off with, was his mother....

He also didn't expect that from the moment they entered the door, Paige was no longer his and was fought over by others...

Martin was completely ignored.

.

In fact, when Paige just entered the door, she recognized that the middle-aged man and the beautiful lady were Martin's parents and

her future in-laws. She was surprised and happy.

This couple was nice and sophisticated...

#### Chapter 423 To Have Wilfred's Gift As His Own

A thought passed through Caroline's mind. "Paige, you're Perl Ezequiel, aren't you?" she asked.

All eyes were fixed on Paige.

"The words you wrote to Wilfred... I recognize the handwriting. That's Perl's handwriting Caroline wouldn't be too shocked if Paige was Perl.

At this point, Caroline's eyes sparkled with surprise and excitement.

"What words?" Killian and Rosa had no idea what Caroline was talking about.

"Yesterday, Paige gave Wilfred her autograph and wrote him a blessing. Right, Wilfred?" Raising her brows, Caroline nudged Wilfred and asked.

"Yes." Wilfred immediately showed everyone his note.

It wrote, "You're meant to be great."

It was signed with "Penrose".

Paige's handwriting was beautiful and impressive.

Martin was familiar with Paige's handwriting. He was sure that those words were from Paige.

However...

Martin didn't expect that Paige would be Perl.

"Am I right?" Caroline looked expectantly at Paige.

Paige didn't have to hide it from the Stowe family, so she nodded.

Caroline beamed. "See? I'm right! Paige is Perl."

Wilfred didn't expect that Martin would be dating his favorite calligrapher, Perl Ezequiel.

Wilfred was

Overwhelmed

well as the blessing Paige wrote, the beautiful handwriting tells me that Paige's Perl. I was right."

and shock, Caroline couldn't help but think, how talented and wonderful Paige is.

as you do. I can somehow feel the power in her handwriting. I can't believe that Paige is Perl," Killian said with

astonishment and then laughed. He exclaimed in his mind, this must be fate.

"It's kinda like a piece of art. What good handwriting it is!" Rosa praised, "Paige, you amazed me."

"Wilfred, aren't you gonna take trips in the next couple of days? I think I can keep Paige's masterpiece for you while you're away."

Killian wanted to have Wilfred's gift as his own.

Wilfred hurriedly held Paige's gift tight and smiled, "Thanks, Dad, but no. I can take care of them.\*

"Alas, I doubt that. Why don't you let me keep them for you? I'll put them in my safe."

"I really appreciate that, Dad, but they'll be fine in my safe too."

"But you're not gonna take your safe with you during the trip, right? What if the valuable gift Paige gave you is stolen? You should be thankful that I'm willing to hold on to them for you"

Wilfred didn't know what to say, so he turned to Rosa for help.

Rosa looked at Killian and smiled, "I know what you're thinking, but you're being \*\*\*\*. Paige gave you the gift. Remember?"

"I know, but that's medicine. Though it's good for my health, I'd rather have Paige's work instead."

Killian stared at Paige's work in

Wilfred's hands

"You don't need the medicine? Well, you can give me that." Wilfred reached out his hand.

"No way!" Killian covered the medicine with his hands.

Killian wanted more than just medicine.

Paige giggled, "Don't worry, Grandpa. I can write to you anything another time."

"Really?" Killian sounded excited. Killian thought, Paige is such a nice girl. How nice would it be if Paige were my daughter? Wilfred

has a lot to learn from her.

"Give Paige a break." Martin cut in, "Do you know how much Perl's work is worth? How much will people pay to beg Skylar to treat

them? And those gifts and the jewelry... You all are asking too much of Paige."

Wilfred laughed in his mind, yoo-hoo, a public display of affection is coming up.

Sounds like someone's jealous. Martin was sulking because we ignored him.

You're feeling left out, aren't you, Martin?

Well, you deserved it!

\*\*

"Paige, I'll wait for you to show me your handwriting." Killian ignored Martin and continued with a smile,

"I have a thing for calligraphy. and I've been studying calligraphy skills. I'd pick your brains."

Smiling, Paige replied, "Sure."

Martin was lost for words.

## Chapter 424 They All Like Her

The style was bold and the painting looked magnificent. It depicted mountains full of lush trees with \*\*\*and fog surrounding them...

It was peerless work.

Killian was fascinated by it. He didn't expect that a young woman could draw such a beautiful painting.

\*When Paige gave this painting to me last night, I didn't believe that it was her work. I asked her to prove it. Guess what? In less than five minutes, she drew a painting of the scene in this corner!"

Wilfred pointed at the top left corner of the work, and his words were full of surprise and appreciation

Killian looked up at once and said expectantly. "Where is that painting? I want it too!"

Wilfred was a little speechless. "You already have the whole picture. Why do you want the scene of a corner? It's mine!"

"You..."

wwwwwww

Seeing that his son wouldn't give in, Killian snorted and lowered his head to admire the painting again.

Wilfred liked the painting of that corner very much. It was complete and could be used for decorations.

The painting depicted

multiple peaks and was serene.

As Wilfred thought of that painting, he became more impressed by Paige's talent for painting. He didn't expect this young woman to

be so outstanding

"This painting is excellent. Look at the fall, the \*\*\*, and the mountains..." Rosa was full of praise for this painting. "The whole

painting and the details are all perfect. Paige's painting skills are so wonderful."

Rosa thought, I didn't know she was so good at painting.

She had so many talents. She is a calligrapher and a painter...

I was already shocked when I got to know that she was Skylar and Vallorie...

And now...

Neil was also stunned. I didn't know Ms. Paige was a great artist. She is much more talented than the ladies of other rich families.

Everyone will be attracted to such an outstanding woman.

At this time, the restaurant manager knocked on the door and personally served the dishes.

But everyone was admiring Paige's paintings. They didn't start eating even after the dishes were all served.

"Oh. Right. I recorded the new music that Paige composed last night. Do you want to listen to it?"

After Caroline asked the question, Killian and Rosa answered at the same time, "Yes!"

Paige was a little surprised. When did Caroline record it?

Caroline seemed to notice her doubts and explained with a smile, 'Last night when you were playing the piano, I found that your back was very beautiful, and the music was so good. I couldn't help but record it... There was only a small part of it.'

However, Killian and Rosa couldn't wait to listen to it

Caroline played the video on her mobile phone. Paige's fingers were dancing on the piano. The music

was melodious. Everyone was fascinated by the joyful music and felt delighted, and they looked intoxicated....

It was short, but Killian still wanted to listen to it. "It's loo short. Are there other videos?"

"I didn't record the rest, because it was too pleasant." At that time, Caroline had no time for recording.

She closed her eyes and

indulged in the music.

"It's so good. Paige, you are really excellent." Rosa's affection for her granddaughter-in-law increased, and she couldn't help but say to

Caroline, "Send me this video. I want to use it as my ringtone."

"Me too! Me too!"

Killian also wanted a copy, but Rosa didn't agree. "If we use the same ringtone, we will be confused when either of our phones rings...

You should pick another one."

Killian was upset, but he didn't say anything.

Paige was surprised to see them scrambling for a piece of music. She looked at Killian, who looked upset. She couldn't help but

laugh, "Grandpa, I will make a new one for you next time."

"Really?" Killian was excited, and his eyes lit up.

Paige replied, "Um." Wilfred and Caroline asked at the same time, "What about me? I want one too."

"You guys are exploiting her." Martin couldn't help but interrupt, "Stop it. Let's start eating."

Martin knew they could chat forever.

Wilfred was speechless.

Caroline didn't say anything.

"You can talk about it later. The food is getting cold." Martin picked some food for Paige first.

"

However, before Martin put it into Paige's plate, he found that the other four people were also picking food for Paige...

Paige's plate was soon half-filled. She couldn't help but laugh, "I can do it myself. Grandpa, Grandma, Dad, \*\*\*, you should eat too."

"Paige, you are so sweet!" Caroline was pleased. "I heard that you like seafood. These are all for you.

You can eat as much as you

want.."

Chapter 425 Isn't Martin Your Fiancé?

Paige opened the one from Caroline and saw an ocean blue necklace with 98 small diamonds and one big diamond

"This necklace is a gift I received from my mother on my eighteenth birthday." Caroline smiled, "It's now yours."

This treasure had been passed down to daughters in her family for generations. Caroline was its fifth owner.

However, she was willing to give this necklace to Paige. It meant that Caroline really liked her.

Paige could tell that this necklace was very valuable. It had nice clarity and color.

"The diamonds are 666 karats. It's a great number," Caroline looked at Paige lovingly. "I hope you will achieve whatever you want. Just

like the blessing you wrote, you're meant to be great."

"This gift is too precious. I can't take it." Paige can tell the value and significance of this necklace. It was around 160 million dollars.

"I'm giving it to you. You must take it." Caroline didn't give her a chance to refuse. She changed the topic. "Let's see what Wilfred has gotten for you."

Wilfred's gift was a key with gems and the Stowe family's emblem engraved on it. It was exquisite and priceless.

It could open the Stowe family's secret base and the safe box that Wilfred and Caroline stored in a foreign bank.

Wilfred felt that since Paige had joined the family, he should treat her as a member of this family. He and Caroline often traveled around the world. If something happened to them, with this key, Paige could inherit everything that the couple had.

"Fortunately, it is not jewelry. Paige has only one neck," Martin joked.

I have given Paige bracelets, hand chains, and necklaces. Grandma gave her an heirloom, and Paige's brother has also given her a lot of jewelry...

Paige can't wear so many pieces of jewelry at one time.

Everyone was amused by him. Seeing that Paige was still unwilling to accept it, he said softly. "They are gifts from Dad and \*\*\*\*, so just accept it. It's alright."

Finally, Paige accepted the two gifts. They chatted pleasantly for a long time before leaving the room. On the first floor of the restaurant.

Patricia was eating with a few friends. And she happened to see Killian and Rosa walk out of the elevator. Her eyes lit up. Patricia was about to go forward to greet them, but she saw Martin and Paige behind them.

Martin said something to Paige in a low voice. Paige whispered a few words to him. They looked very intimate..

Patricia also saw Wilfred and Caroline. After they walked out of the elevator, they talked and laughed around Paige. They seemed to like their future daughter-in-law very much.

The fork in Patricia's hand suddenly fell. She couldn't tell whether she was stunned, shocked, or sad. Janel Hadfield, who was sitting next to her, also saw this scene. Janel almost spat out the drink in her \*\*\*.

"Patricia, look! Isn't that Martin? Why is he holding hands with another woman?"

Hearing that, Patricia's other friends hurriedly looked in that direction. And they were stunned.

"Who is that woman? She seems to be about our age...."

"Are the two behind them Martin's parents? She has met his parents?"

"My goodness. Martin has gone too far. He is engaged to you. How could he hook up with another woman?"

"The two in front are not Martin's grandparents, are they? No. I must be mistaken... I remember that Martin's grandmother is in-a- vegetative state..."

"Patricia, isn't Martin your fiancé? What exactly is going on?"

Patricia didn't know how to answer these questions. She only said disappointedly. "Stop it."

Her friends looked at her with sympathy in their eyes.

No one would feel comfortable seeing her fiancé with another woman...

"Patricia, all men are like this. They will have a lot of fun before they get married. After getting married, they will stop fooling around."

"You haven't registered your marriage. Just let him have fun for two more years. When you graduate and marry into the Stowe family, other women will stay away from him."

"He's Martin. Just forgive him. There are so many women flirting with him. It means he is attractive."

"After he dates all those women, he will find that you are the best. When the time comes, he will give you all his attention."

What they said didn't make Patricia feel better. She looked at them and asked sadly. "If I were not the daughter of the Lusk family,

would you still be friends with me?"

"Patricia, what are you talking about? We make friends with you because of you, not your background!"

"Yes. Ms. Koum goes to the same school as us, but I don't care about her."

"Patricia, do you have any trouble? If something bothers you, you can tell us. We will help you solve it."

#### Chapter 426 Clear the Place

As soon as Paige stepped into the restaurant, she was discovered by a sharp-eyed girl.

"Vivian, isn't that Paige?"

The girl who spoke was Vivian's friend. Several of them were sitting by the window and drinking afternoon tea. No one expected to see Paige here.

Vivian saw that it was really Paige!

Since returning to the Lusk family, Paige seemed to have a lot of free money to squander.

As soon as Paige passed by Vivian's table, someone used her elbow to knock two beautifully shaped cakes to the ground.

If Paige had not dodged in time, her shoes would have been stained.

"Paige? Are you blind? You knocked down our cake. Pay for it."

Paige directly ignored them and crossed the cake on the ground with her long legs, intending to leave.

"I am talking to you. Are you deaf?"

Vivian's voice attracted many people's attention.

One of Vivian's friends stretched out her hand to block Paige's way and said coldly, "What, don't you have to pay for breaking

someone's things? Don't you even say sorry? It seems that you are deaf and mute at the same time."

Paige's eyes suddenly became cold. "Do you not want your hand?"

"You..."

Recalling Paige beating Jorge that night, the friend retracted her hand in embarrassment, not daring to argue with Paige.

"Is this upbringing of the Lusk family?" Vivian deliberately raised her voice and said in an aggressive tone. "Oh, I forgot. You just came back from a small place, and your habits of the unruly people have not completely changed... Let me tell you, if you don't apologize and compensate, this is not over!"

A sharp-eyed waiter saw this scene and hurriedly ran over. "Sorry, ladies. What happened here?"

"This person broke my cake. I want her to apologize and compensate me. She refused." Vivian accused,

"The restaurant's threshold is really getting lower and lower, allowing anyone to enter. It really killed my

mood.”

“This... The waiter was stunned, not knowing what was going on.

“The cake was knocked down by herself. There is a surveillance camera as proof.” Paige looked on coldly as if she was looking at a

few \*\*\*\*.

“Then you should ask someone to check the surveillance! Just now, Vivian saw that the only surveillance camera facing their table. was blocked by Paige coming over. Her small movement would not be recorded.

Several girls asked the waiter to check the surveillance video. The waiter had no choice but to go.

Although they did not see who had knocked down the cake in the surveillance video, they could see that the cake was indeed placed on the edge of the table When Paige passed by, the cake fell

“Did you see that? The cake fell when she came. What does this mean?”

Paige sneered. “The surveillance video was very clear. When I came, you deliberately stretched your right elbow. It’s such a low-level trick. Even if you call the police, do you think the police would not be able to see it?”

The waiter on the side found the situation serious and humedly called the restaurant manager.

When the manager heard about what had happened, he politely nodded and asked, “Ladies, how about this? The cake will be served. to you again, and let’s end this matter here...”

“What does it have to do with you? Go away! I won’t listen to anyone today!” Vivian looked at Paige from high above and said. “If you don’t want to apologize and compensate, it’s fine. Let me slap you and this matter will be over.”

Paige felt \*\*\*\*. “Are you \*\*\*\*ill? Then you should hurry to the hospital to check your brain instead of drinking tea here.”

Vivian stood up in front of Paige. “Today, I’ll teach you a lesson!”

As she spoke, she was about to slap Paige.

“Huh, is my daughter-in-law someone you can slap just because you want to?”

At that moment, a beautiful lady walked over. Her face was exquisite and noble, revealing a beautiful aura

She held Paige’s hand to support her and coldly looked at the several troublemakers in front of her.

“Mrs. Stowe? What brought you down...” When the manager saw Caroline, he became humble and respectful. At the same time, he was greatly shocked. What did I just hear? Is the young lady the daughter-in-law that Mrs. Stowe has been waiting for?

“I was bored in the private room, so I wanted to come down to pick Paige up. It’s not that I want to pick on you, but these people are bullying my daughter-in-law. Did you just watch from the side?”

“Mrs. Stowe, you misunderstood. I wanted to make peace just now. It was these ladies who did not allow me to...” The manager felt

very wronged when he said this. He looked at the ladies with dissatisfaction.

He had never seen people who were so good at causing trouble!

Vivian and her friends were shocked. A lady who could make the manager so afraid... Could it be the one from the Stowe family?

Martin’s mother? Caroline Stowe?

The more Vivian looked at the lady in front of her, the more she felt that she was Caroline. After not seeing her for a while, Caroline’s

face was more delicate and her temperament was also nobler.

Caroline was already beautiful. Her skin was as \*\*\*as snow, and her soft and beautiful face was graceful with a cool and dignified aura

However, what did Caroline just say? Was Paige her daughter-in-law?  
How was that possible?

Chapter 427 Vivian Is Slapped

"Me too. I'm on my period. You can check it if you don't believe me."

Vivian was sure that Caroline, a lady from a rich family, would not let her take off her pants in public.

Caroline found it funny. She thought that these girls were pretending to be innocent.

"Do you want to go back?" Caroline asked with amusement.

The girls nodded hurriedly.

"Then tell me, how did the cake fall to the ground?" Caroline ran her bright eyes over them.

The girls did not dare to say that Vivian deliberately slandered them. They lied and said that they didn't notice it.

"Oh. Then you can just wait until you think it through."

"Mrs. Stowe." Vivian was about to say something.

"Stop, I don't want to hear you say anything." Caroline stopped Vivian coldly.

Vivian was speechless.

After a while, Beatrice came. She went out in a hurry and didn't even dress properly.

After getting out of the car, she trotted to the restaurant. Though she was still panting, she forced a smile when she saw Caroline.

"Caroline, I'm sorry to keep you waiting." Beatrice trotted in front of Caroline and looked at Paige. "Is she your daughter-in-law? She is so charming. She looks well-behaved and smart."

Beatrice turned back to look for her daughter among the girls. "Where is my daughter? Vivian! Come over and make an apology!"

"Don't shout at her." Caroline sat there decently and elegantly with amusement in her eyes. "She will definitely slap my

daughter-in-law's face today no matter who begs her mercy today."

"She was talking nonsense." Beatrice was so angry that she laughed. She quickly grabbed her daughter's hand and pulled her in front of Caroline. "Apologize to Mrs. Stowe and her daughter-in-law!"

"\*\*\*, you haven't asked what happened before asking me to apologize..." Vivian felt wronged.

"You slander her and want to slap her. Is it reasonable that you don't apologize to her?" Beatrice angrily hit Vivian's arm. "Apologize to her!"

"I'm sorry."

"Louder!" Beatrice seemed to be dissatisfied with Vivian's low volume.

"Sorry!"

"Why are you so rude! Beatrice was so angry that she hit Vivian's arm again. "You should address her."

Vivian felt embarrassed. "!!! My classmates are all watching."

"You did such a shameful thing in front of them just now. What are you afraid of now? Hurry up!"

Vivian was angry, but she knew her mother well. The Stowe family helped the Medina family before, and Beatrice was fair at handling things. Beatrice would beat Vivian to death as long as Caroline told her to do so.

Thinking of this, Vivian could only swallow her anger. "I am sorry, Mrs. Stowe. I am sorry, Paige."

"You still haven't told me why you apologize?" Caroline raised her eyes and looked at Vivian coldly. "Are you apologizing for cursing my daughter-in-law, slandering her, or hitting her?"

When Beatrice heard this, she almost fainted from anger since Vivian dared to curse Paige.

"Mrs. Stowe is asking you the question. Why don't you answer her question? How dare you curse Paige? You are nothing. You are so \*\*\*! Don't you know who helped the Medina family that much?"

Vivian was humiliated by her mother. She had no choice but to apologize seriously.

"Last time at the clubhouse, I saw that your daughter disturbed Paige. In less than two days, she harassed Paige again. Do you think that it is easy to \*\*\* people from the Stowe family? She dares to offend the Stowe family!"

"This wicked girl... Beatrice did not expect that something had happened at the clubhouse. She fiercely slapped Vivian on the

shoulder and said, "Why do you look for trouble every day?"

"I'm really sorry. Caroline. It's my fault. I failed to teach my daughter to behave well." Beatrice bowed and apologized. She turned to Paige and bowed to her. Beatrice said sincerely, "I'm really sorry that I didn't teach Vivian well. I will try harder to teach her how to behave well. I promise you that this will never happen again."

"Mrs. Medina, you are not the one who did something wrong. You don't have to apologize." Paige's voice was clear and cold. She was fair enough not to take advantage of the Stowe family to \*\*\* others. Beatrice found that Paige's temperament and character were somewhat in line with Caroline as if she had been born a member of the

Stowe family.

Paige seemed to be Caroline's daughter.

"You are kind and sensible. It is all Vivian's fault. She has been spoiled by us since she was a child."

"How did the cake fall to the ground just now?" Beatrice looked at Vivian.

Vivian didn't expect that her mother would ask about it. She did not dare to answer.

Beatrice's tone became stronger, "I have many other ways to figure out the whole thing if the monitoring camera didn't work well!

You'd better be honest. If you dare to lie, I will beat you up today!"

## Chapter 428 Generous

A few days later.

Martin finished his work and booked the whole cinema, intending to take Paige to watch a movie.

However, when he just arrived home, he saw that Paige had changed her clothes and was ready to go out.

"Going out with \*\*\* again?"

"Yes, she asked me to go shopping"

Martin was speechless.

How many days had it been?

After Paige left, Martin could not help but take out his mobile phone to call Caroline, "\*\*\*, when will you and Dad go on a trip?"

"I'm not leaving." Caroline's voice sounded very cheerful. "I find that I am happier with Paige."

Martin asked a little gloomily. "Don't you like to travel around the world? Aren't you going to leave after seeing Grandpa and

Grandma?"

"No, compared to the sea of the Maldives, I prefer to stay with Paige. Tonight, Paige won't be coming

home for dinner. You can make do with it. I'll hang up first. Otherwise, if Paige comes to me later, she won't be able to call in..."

Martin felt so helpless.

Martin remembered that the day before yesterday, he wanted to take Paige to see the waterfall, but in the end, Caroline took her away

with a \*\*\*\*call.

Yesterday, he wanted to take Paige to see the rolling sea of \*\*\*\*, but the result was that his mother beat him to it.

Today, he wanted to take Paige to watch a movie and had just returned home. Before he could say anything, Paige had already

changed her clothes and gone out.

Looking at the empty home, Martin sat on the sofa and was a little angry, but he did not know what to do.

In the shopping mall.

Paige held Caroline's hand and went to several luxury stores with her.

Because Caroline was a VIP customer of many big brands, every time she entered a store, this store would immediately close the door, only providing Caroline with the best service.

At this time, Caroline brought Paige to a first-tier clothing store, which had all kinds of clothing

After the store manager asked people to close the store, she took seven or eight employees and followed Caroline and Paige very warmly. While introducing the clothes, she was very curious about Paige's identity.

"I have never seen this young lady before..." The store manager praised her from the bottom of her heart. "You are really good-looking.

and your temperament is also very outstanding"

Caroline liked to hear people praise her daughter-in-law the most. She smiled and asked, "Do we look like mother and daughter?"

Mother and daughter?

The store manager laughed, "Mrs. Stowe must be joking. You are so young, you two look like sisters. But this young lady's facial features are as outstanding as yours. Her temperament is also very refined. You two look like families."

"We are a family." When Caroline said this, she looked at Paige and asked, "Do you like this dress?"

"I have too many dresses." Paige really didn't want to let Caroline spend money. Just now, Caroline bought a lot of things for her. So long as the dress was beautiful and fitted Paige, Caroline would pay for it without hesitation.

Wilfred could not take it, so he asked the driver to drive all the items home first

No matter what, Paige didn't want Caroline to buy it again.

But the store manager and the shop assistants said

"Mrs. Stowe is so nice to you. Just take it."

"We have never seen Mrs. Stowe bring a girl here before. She even personally picked clothes for you. She must like you very much."

"Your skin is so good. Wearing this dress makes you look like a fairy. You look very beautiful."

"If you wear this kind of dress and walk together with Mrs. Stowe, others can tell at a glance that you two are families."

Compliments went go.

The last sentence successfully captured Caroline's heart. She generously said, "I want this one, the small size."

"Yes, Mrs. Stowe." The store manager was so happy that he personally went to pack it up.

"Mrs. Stowe really has good taste. You picked the most precious treasure in our store."

"Miss, Mrs. Stowe really loves you. She bought you such a beautiful and expensive dress."

"How jealous."

"Yes, you are so lucky..."

Everyone surrounded Paige and complimented her. After a while, Caroline bought a lot of things.

Wilfred really could not carry it. He

called to ask where the driver was. "Oh, okay, then I will wait for you at the entrance of the mall,"

After Wilfred finished the phone call, he carried dozens of shopping bags and said to Caroline, "Caroline, I will bring the things to Efrain first, and then I will come up to help you carry the things later."

"Go." Caroline picked up a few more dresses and asked Paige if they fitted her. Caroline was still gesticulating at Paige, wishing that

she could move the entire mall to Paige.

Wilfred was ignored. He was carrying bags and was about to take the elevator. Unexpectedly, his waist suddenly hurt. It seemed that

his old illness had flared up again.

Paige noticed this scene and said to Caroline, then hurried over to take a look.

"It's fine, it's fine. It's an old illness... I'm old..."

"Let me take them."

Seeing that more than 30 shopping bags were filled with Wilfred's two arms, Paige felt very apologetic.

Chapter 429 Beat Up the \*\*\*

"Paige, I didn't expect you to still be so cheap after such a long time." Abigail said pretentiously. "You already have a fiancé..."

Abigail thought, couldn't she ask Martin to buy them?

Why does she use another man's card?

Is it to show off her charm?

Or is it because Martin is tired of her and does not want to spend money on her?

Thinking of this, Abigail seemed to see a glimmer of hope. If Martin takes a fancy to me.

Then, I will soon be able to surpass Paige!

Paige did not expect that, after not seeing her for a while, Abigail was still so annoying. Paige did not even bother to look at. Abigail. She took the shopping bags from Wilfred and helped Wilfred to leave.

Because of the pain in Wilfred's waist, Paige walked very slowly.

"My girlfriend is talking to you. Are you deaf?" Keegan was quite dissatisfied with Paige's cold look.

Isn't it just because she has some good looks? It is said that she had dated several old men. Now, why is she pretending to be cold

and aloof?

Does she think that she is really a noble lady?

"Didn't your parents teach you what manners are?" Wilfred was quite dissatisfied with the attitude of these two young men.

However, when Keegan heard this, he felt that it was funny. "What now? Since you dare to do that, you have to take the words!"

"What did we do?" Wilfred did not expect Keegan to curse them without rhyme or reason.

Instead, it was Paige who said, "Uncle, don't bother with him."

"Did you hear that? She has already called you uncle. Don't you feel shameless? How many people have slept with her before? Did no

one tell you?"

"What did you say?" Wilfred was furious. "Say it again!"

How dare Keegan smear his daughter-in-law in front of him.

"I say, this wornan has slept with..."

The next second, Wilfred's fist fiercely swung on Keegan's face, without any trace of politeness.

"\*\*\*\* ..." Keegan did not expect that this middle-aged man was so angry that he would dare to hit him.

Keegan was so angry that he

turned his hand and fought with Wilfred

The people around were so scared that they screamed and retreated. Caroline heard the movement in the store and hurried over

At the same time, the manager of the mall rushed over with seven or eight security guards. They did not understand what was going

on

In less than ten seconds, Wilfred had already ridden on Keegan and punched him again and again. He even said furiously, "At such a

young age, how can you say those \*\*\*\* words? What does your family do? How did they raise such a \*\*\*\* like you?"

"Stop! Don't fight!" Abbigail, who was at the side, was frightened. She did not expect that the middle-aged man's strength and skills were above Keegan's. How useless Keegan was!

Keegan was just like a flower in a greenhouse, unable to withstand the wind and rain.

He could not even defeat an old man with half his body buried in the coffin!

When the manager of the mall saw this scene, he was shocked. He hurriedly dispersed the crowd and bent over to Wilfred. He asked respectfully, "Mr. Stowe, what happened?"

"This little \*\*\*\* spoke rudely to my daughter-in-law. I want to take care of him myself. Don't worry about me "

"Uncle, your waist..."

Before Paige could finish her words, Wilfred said, "It's fine. I'm fine. What did you just say just now? If you don't need your \*\*\*\*, sew

it! Don't spil \*\*\*\* when you open your \*\*\*\*."

When Caroline, who had rushed over, saw this scene, she took Paige's arm and watched the play from the side. Her tone was cheerful.

"Let him do it."

Paige could see that Wilfred was crushing Keegan, so she did not interfere. She was just a little worried about Wilfred's waist.

When Abbigail heard that this middle-aged man was called Mr. Stowe by the manager of the mall, a bad feeling rose in her heart.

Could he be Martin's father?

Just now, this man said that Keegan was rude to his daughter-in-law...

It turned out that Paige was hooked up with an old man. She was shopping with her future father-in-law.

At this time, the woman

holding Paige's hand and standing side by side to watch the show must be her future mother-in-law. Thinking of this, Abigail felt that she was finished. Keegan's family background was too weak in front of the Stowe family.

This was really over!

Abigail was planning to slip away, but she did not expect to be noticed by Paige. Paige glanced at the manager of the mall. "Don't let her go."

"My daughter-in-law asked you to catch her. Why aren't you hurrying?" Caroline added.

Abigail was so scared that she started running. Even though she was running away, she was stopped by a few security guards. She

shouted, "It's none of my business..."

At this time, Keegan was beaten with bruises on his face and was dying.

Wilfred quickly found out about his background. His family was just running a clothing factory! It was no big deal for the Stowe family.

#### Chapter 430 She Falls on Her Own

##### Larsen Villa

Donald and Danica were stunned when they heard that Wilfred had hit someone for Paige.

In their impression, Wilfred was not an impulsive and easily angered person, let alone hitting other people in public.

"This shows that Mr. Stowe is very protective of Ms. Paige, this daughter-in-law, and he can't bear to let her suffer a little grievance."

Bonnie, who was at the side, smiled and said. "Ms. Paige is really lucky to meet such good parents-in-law."

"I just heard from the person on the phone that two days ago, Caroline even stood up for Paige and taught the girl from the Medina

family a lesson." After Danica finished speaking, she felt a burst of emotion in her heart. Wilfred and Caroline were protective of

Paige. They really treated her as their own daughter.

With such two parents-in-law, Danica believed that Paige would be very happy for the rest of her life.

"They are coming tonight Bonnie, have you prepared the things I asked you to prepare?" Danica suddenly asked.

Tonight, Wilfred and Caroline were going to visit, and they were here for Paige.

Today, Caroline was going shopping with Paige. On one hand, she was buying things for her daughter-in-law. On the other hand, she was picking a meeting gift for Donald and Danica.

But Danica did not know.

"Mrs. Lusk, everything is ready." Bonnie smiled and said, "Every corner in the house has been cleaned up. The flowers in the vases

have been replaced with new ones. There are also all kinds of snacks and fruits waiting for them to come."

"Good, good..." Danica looked at the time. There were still two hours before the appointed meeting, and she could not help but look forward to it.

At this time, Patricia stepped into the gate of Larsen Villa. She found that the inside and outside of this

house had changed greatly.

Even the flowers in the garden had many new varieties. They seemed to be full of vitality

"Ms. Patricia, you finally came..." When Amily saw her, she hurriedly pulled Patricia aside and whispered, "Have you thought of the song for tonight's performance? Where are the clothes? Do you need me to help you?"

"Amily, I'm not here to steal the limelight." Patricia told her, "I'm on a holiday. I miss \*\*\*\*and Dad, so I came back to stay for a few days. I will return to my room after greeting all of them tonight. I won't disturb them."

"Ms. Patricia, why are

Patricia was scared by

still so stubborn!" When Amily heard this, she was a little disappointed. She didn't expect that since Ms. an and Pamela last time, she had changed!

Tonight's opportunity could be said to be a once-in-a-lifetime. As long as Martin's parents were satisfied with Patricia, then becoming

the future Mrs. Stowe would not be a problem!

After all, even if Martin liked Paige, he couldn't ignore his parents' suggestion and marry her directly.

"Mr. and Mrs. Stowe have watched you grow up all these years. Their feelings for you must be deeper than Paige..."

Amily thought, what a good chance!

How can you let it go?

"Amily, didn't you just say in Line's message that Mr. and Mrs. Stowe have helped Paige twice? They should like her very much. I don't want to do useless work anymore, and I don't want to fight anymore. Martin is not the only man in the world. At worst, I will \*\*\*\* alone."

But only this man is the most outstanding, most capable, most able to protect you, and most suitable for you!" Amily was excited, and her tone became heavy, "Ms. Patricia, I watched you grow up day by day. I really don't want to see you become an ordinary person. Can you understand my mood?"

At this time, Patricia noticed the door not far away. Paige came back.

"Okay, Amily, don't say anymore. I will go back to my room first."

\*Ms. Patricia, Ms. Patricia Amily was a little anxious, thinking, why is she so stubborn?

Patricia had just passed through the garden and was about to step on the steps to enter the main building when she suddenly heard.

Amily's cry. Patricia looked back and saw Paige standing coldly next to Amily, and Amily fell to the ground!

Patricia rushed over and helped Amily up. "Amily? What happened to you? Are you okay?"

"Ms. Patricia, it doesn't matter. I am too old. I didn't stand firm... Amily's knees were broken and bruised.

Paige looked at Amily's poor acting and coldly added, "Not only are you old, but your acting has also regressed. It is not as good as before."

"You..." Amily did not expect this \*\*\*girl to be so eloquent. She suddenly exclaimed and held her waist.

\*Does your waist hurt?" Patricia was suddenly very worried, "I will help you to go in and apply for some medicine. Can you stand up?"

"Ms. Patricia, don't worry about me. I'm fine. Ouch, ouch, it hurts... Amily stood up with the help of

Patricia and cried out in pain.

Paige didn't want to watch her act. She strode forward and was about to enter the house.

"Paige!" Patricia couldn't help but stop her. She hesitated but eventually blurted out, "What the hell is going on?"

"She fell on her own."

Paige threw down this sentence as if she didn't want to waste time with them. She directly walked up the stairs and entered the main building.
