

The Triplets' Fighter Luna

CHAPTER 6 CHAPTER 6

TYLER POV

Seeing Nova when we walked into that room this morning took the whole three of us by surprise. We always knew that we were going to have the same mate because we're identical triplets. But seeing her there today, the new girl, she's the mate that we've been waiting for. The one that we never thought we would ever meet while living here

We were going to move the pack once we took over so we had a better chance of finding our mate. But then, there she was. Just sitting at a desk

And by the looks of it, she's already pissed off Izzy. That was pretty good to see

She just wouldn't shut up the whole day, trying to get my attention while I was trying to concentrate on Nova

She's such a pain in the ass. I told her when we first slept together that we were only s*x buddies. She's a bed warmer. That's all she's good for. I know exactly what she's like and there's no way she is good enough to be the Luna of our pack. Besides, my brothers would make me reject her or kill me before she ever tried to take a role in our pack's hierarchy. That's for sure

I wasn't expecting her to be human though

But that's something else that really confused me

When Izzy tried to get her this afternoon with that volleyball, Nova proved to have a temper on her. She was actually going to take her on. I was so shocked and surprised that she wasn't scared. I mean, there was

force behind that ball and Nova knew that because she'd been copping it

CHAPTER 6 be all day from Izzy

I guess it's lucky that Lexie stepped in. But as soon as Koda saw Izzy giving Nova those death stares in our first class, he ordered Lexie in the mind link to sit with her and take care of her while she's here

When we got home we decided not to tell dad about Nova. We didn't want to tell him anything yet. Not until we know what we're dealing with here

I mean, we know that she's our mate and that she's a human. But she was raised by humans. We already know that. And it's a common fact that if you are raised by humans, your wolf takes longer to come out. We just needed to make sure that we were there when her wolf does come out, if it does, so we can help ease her pain

But when our head warrior called us out to the obstacle course tonight, he wouldn't tell us why. Just that we needed to get out there

Nova proved that she wasn't weak when she went after Izzy, but to see her do that obstacle course three times when some of our warriors still can't get through it in one go, means she is a hell of a lot tougher than we thought

She's a teenage human who could do things better than a werewolf man. That was something that was puzzling us

When we got back to the house after she accused us of stalking her, we went to Koda's bedroom and I sat on the windowsill while Dean sat at the desk and Koda was on his bed

"So, we all agree. She's our f****g mate." Koda said

"Yeah. But what the hell are we going to do with a human mate?" Dean asked

"Are we sure she's human? I mean, did you see her doing that obstacle course? She's f****g tough." I said

CHAPTER 6 =

"That doesn't change anything. She's just had a lot of training. Who knows, she could have been professionally trained. She might not feel pain

like normal humans. There's a lot of explanations for that. But dad will never accept a human mate." Dean said

"Well, we're not telling dad s**t until we know more about her." I demanded

Koda was really quiet. Sitting on his bed, listening to us bickering but I could tell that he was deep in thought

"Koda. What do you want to do?" I asked

"We can't keep it from dad forever. But yeah, I think we need to find out a little more about her first." Koda said

"How? She doesn't seem to be the type that really likes talking about herself. You heard her at lunch when Lexie and the others were asking all those questions. The answers were pretty f****g vague." Dean said

"Do you just talk for the sake of talking? Maybe there's a reason why she doesn't want to talk about her personal life?" I asked

"Like what?" Dean asked

"I don't know. Do we know where she lives?" I asked

"I can find that out." Koda said

"Alright. Find that out and we'll scope out the house for a while

Maybe that will tell us what we need to know." I said

We all went back to our rooms and I went to the bathroom to have a shower and when I got out of the bathroom with a towel around my waist I stopped when I saw Izzy laying on my bed in her lingerie

"Hi baby. I was wondering how long you were going to take." She said, rolling over onto her back

"Get dressed Izzy. I'm not in the mood tonight." I said

CHAPTER 6 4

"Since when? You're always in the mood when I show up like this?" She asked, slowly getting off the bed

She walked over to me slowly before she ran her finger down my chest

and my stomach but I grabbed her wrist really hard before she got to the towel. Because I knew it was going to end up on the floor

I already told you. Get dressed. Go home." I ordered

I let go of her wrist and I walked to my wardrobe

I stood in the wardrobe taking my time getting dressed because I wanted to give her enough time to get dressed and get the hell out of my bedroom

When I walked into my room, I was so relieved to see that she was gone

The fact is, when a werewolf meets their mate then no other woman interests them

Nova may not know that she's our mate. But we do. And we don't want anything to do with any other woman now. The three of us, we're only gonna want to be with Nova. And it's going to get worse and worse over time. So we are going to have to come up with a solution as soon as possible
