

The Triplets' Fighter Luna

CHAPTER 9 be CHAPTER 9

KODA POV

We waited that afternoon until all the humans had left the school and us three stood outside the girls locker room

Lexie had already gotten Nova out of here but as we were standing there, Izzy walked out with her friends

“Leave.” I demanded her friends. So they took off without hesitation and Izzy stood there and started rubbing her back

“Tyler. That b***h really hurt my back.” Izzy complained, trying to get sympathy

“Cut your bullshit. I warned you Izzy. I told you to leave her alone. And then you attacked her right in front of us.” I said

“Why the hell do you care about some stupid little human?” Izzy asked and Dean scoffed

“That stupid little human just knocked you on your ass.” Dean said

She was trying everything to get sympathy out of us and she was using her relationship with Tyler to get it. But it wasn’t even working with him anymore

“You listen to me Izzy. I am warning you now. You stay the f**k away from her. Otherwise we’ll have to find somewhere else for you to go

Probably the village in the forest. I think that might be a really good place for you.” I said

“They don’t even have nice houses. They live in shacks.” Izzy said

“Exactly. So, stay the f**k away from her. Or you’ll be gone.” I said,

CHAPTER 9 walking away and Tyler and Dean followed me

As soon as we got outside, we got in our car and we headed downtown

We drove through town and out towards the forest until we came to an abandoned looking building. But we stopped out the front of the house

There were a couple of other doors that were already parked there and we got out of the car and we walked inside

As soon as we got to the dining area of the house which was the only room that had furniture in it

There were three other men that were already sitting in there rugged up like they were freezing

“How are you gentlemen?” I asked, smirking at them

“Our next meeting is happening on the mainland.” One of them said

And I looked at my brothers who were also trying not to laugh. But we all took our seats and we were faced with Alpha Carson, Alpha Vincent and Alpha Luis

“So, you wanted this meeting. What’s this all about?” I asked

“Alright. We all have an alliance with you which has been successful so far. But we have heard chatter recently that a lot of Alpha’s don’t like that there are triplet Alpha’s about to take over your pack.” Vincent said

“What does it matter if there are three Alpha’s?” Dean asked

“They believe that you are going to be a bigger threat than you perceive. For some reason, packs believe that you are going to attack smaller packs and take them over.” Carson said. So I leaned back in my chair

“And where would they have gotten that idea?” I asked, looking at

CHAPTER 9 Carson

“Well, it wasn’t from me.” Carson said, very defensively

“I can’t believe we are wasting our time with this.” Tyler said

“We have no intention of killing any Alpha’s or taking over their packs

We’ve got our pack and that’s our priority.” Dean said

“Well, I don’t think they are going to believe that.” Luis said

“And what will we have to say for them to believe that?” I asked

“I’m not sure that there is anything you can say. We just know that

there’s something bad coming. And we don’t want to be caught in the crossfire.” Carson said

“So, you’re cutting your alliance with us?” I asked

“I’m sorry. We’ve thought about this long and hard. This decision hasn’t been made lightly. But we believe it’s the best thing for our packs if we aren’t associated with you anymore.” Vincent said

“Long and hard. How long has this talk been going on for? We’re in Alaska. We don’t hear what’s going on in the rest of the country. We’re cut off up here.” Tyler said

“It’s been going on for a while. Ever since people realized that all three

of you would be taking over the pack and not just Koda. The oldest.” Carson said. So I looked at my brothers and I stood up

“I guess there’s nothing left to say. It’s been nice knowing you.” I said, turning around and leaving with Tyler and Dean

We didn’t say a whole lot on the way back to town, and we drove through town until we were in the forest again and then we sped up until we arrived at another neighborhood

We drove to the largest house in this little community and pulled up

out the front of the house to see a strange car in the driveway. And

CHAPTER 9 immediately, I rolled my eyes and looked at Tyler

He didn’t say anything, but when we went inside we sat Izzy’s parents, Beta Luka and his mate Nina standing in the living room talking to our parents while Izzy was sitting on the couch

“I’m glad you’re here.” Dad said

“What’s going on?” Tyler asked, glaring at Izzy

“We heard about a fight at school today. Where someone attacked Izzy?” Mom said

“Izzy is the one who attacked Nova.” I said

“She really hurt me.” Izzy said. And her parents looked at us like they were really pissed off about the whole thing

“Nova’s human.” I said. Which immediately made them change their expressions and they looked at Izzy

“You attacked a human?” Luka asked

“She deserved it.” Izzy snapped

“Get out to the car right now.” Nina said, pulling her up off the chair

Nina forced Izzy out of the house and Luka stayed there with our Parents

“I just want to know what’s going on. Izzy has been really pissed off since this girl came to your school.” Luka said

“She doesn’t like that Nova has our attention. That’s all.” Dean said

“And why would a human have your attention?” Dad asked

“Why wouldn’t she? She knocked a werewolf on her ass.” I said

“Well, that is a good enough reason.” Dad said

“I am very sorry for the intrusion. And believe me, she will be

CHAPTER 9 we punished for attacking a human. There’s no excuse for that.” Luke said

After he left we had dinner together and we told dad about the Alpha meeting which he was pissed about and he said that he would find out what was going on. But afterwards, we went up to our rooms and we got

ready for bed

I was sitting on my bed looking over Nova’s file from school that I managed to swipe from the office and there wasn’t anything extraordinary about her. Except for the amount of schools that she’s been to

Her parents weren’t very exciting, but it did say that she lived with her stepfather. Her real father isn’t ever mentioned

I got that sudden feeling of someone watching me so I got up and I went to the window

I looked around everywhere but I couldn’t see anyone outside the house. But it was strange. I knew that there was someone out there. I just couldn’t see them. Where could they be?

“Do you feel that?” Tyler mind linked me from his room

“Yeah. Do you see anyone?” I asked

“No. Neither does Dean.” Tyler said

So we all came out of our rooms and walked down the stairs and outside the house

We looked around the forest that was surrounding our house and suddenly I heard a noise behind me

I called out to the guys and I gave chase to whoever was out there, but whoever it was, had a head start on us and they were gone before we could get a look at them. We didn’t know who they were

“Someone’s watching us.” Tyler said, stopping next to me

“Do you think it could be other packs? Trying to take us out before

CHAPTER 9 they think we’re going to do it to them?” Dean asked

“I don’t know. But whoever they are, they’ll show their faces

eventually. And then we’ll rip them off.” I said
