### Chapter 1523

She gripped her hands tightly by her side, body tense as she stared down David.

Slowly, David began to speak.

"It was a stormy night when Emilia fell and went into premature labor. Instead of calling an ambulance, she called your dad. Being friends with Emilia, your parents rushed to her aid. But on their way there, they got into a terrible car accident and died on the spot.

And if you really want to get down to it, it was Emilia's unborn child that caused the accident. That child never should have existed, but it survived. And that child is her, Kisa."

Gilbert's body shook violently, and his pupils shrunk in horror. Memories that he had buried deep inside came flooding back in fragments.
