

## Fire 1529

### Chapter 1529

After their sibling connection came to light, Peter felt a bit awkward around Kisa.

However, Kisa's open-hearted nature and genuine concern for his injuries helped bridge the gap.

She began sharing stories about their mother with him.

Peter eagerly absorbed every detail, craving the maternal love he'd missed out on.

He bombarded Kisa with questions about their mother, asking if she was kind, if she treated Kisa well, and if she'd ever mentioned him.

Kisa shared all her memories and told Peter about a photo album of their mother, promising to show it to him once they returned home.

Three days later, Kisa planned to leave the village.

During that time, Jolina had taken care of Peter, and his misfortune had surprisingly brought them closer together.

Peter initially intended to leave with Kisa, but his injured leg forced him to stay and recover.

On departure day, Jolina and Peter accompanied Kisa to the village entrance to catch a ride.

Peter, concerned, said, "Can't you wait for me? When I'm better, we can go back together."
