Chapter 1291: Bewildered!

Wu Fa was powerful enough to create a cage domain to catch Ye Xiao inside, yet he didn't because he wanted to slowly torture Ye Xiao to save his face which had been lost.

It was such a humiliation to Wu Fa to be injured in the previous attack that even such a powerful man would make a reckless move in such a critical fight.

Ye Xiao looked sneering. The cage had lowered the spiritual power in the space, but it wasn't the best cage domain yet. Even though it was slow, Ye Xiao kept gathering spiritual qi!

"Hahaha..." Wu Fa viciously laughed, "Ye Xiao, you have died once, haven't you? Do you still remember the taste of death?"

Ye Xiao looked at him with a sneer, then answered with a question, "Have you tasted it?"

Wu Fa humphed, "The taste of death belongs to the weak. There is nobody in the world who could possibly push me to death! There wasn't! There isn't! There will never be!"

"Don't be so certain. Perhaps you are going to taste it today!" Ye Xiao said.

Before he finished talking, he shouted, "Crack!"

A tremendous stream of sword light suddenly shot up!

The sword light cut through the two cages at the same time and filled the sky with the glow of stars.

It felt just like all the stars in the sky started to shine at the same time.

"With the ambition to reach the clouds, to swing the sword and touch the stars!"

Ye Xiao blandly spoke. It was the first move of the Sword Art of Stars and the Stars Sword!

It appeared like all the stars from the sky had gathered around him.

The sun had been shining upon the sky, yet at this moment, the sun was gone.

All that could be seen was the image of the sky in a starry night with the splendid stars.

Wu Fa made a weird shout and hurriedly rushed away like a shooting star in the sky. He became like a phantom, moving thousands of meters away within a second.

A few drops of blood splashed in the air.

He was holding the handle of the sword in hand, but the sword had been cut into halves.

The sword had been with him for his whole life, which was sharp enough to cut any steels. He cherished the sword so much, yet when it was touched by the Stars Sword, the front half of the sword was cracked into pieces!

The Stars Sword was shining with incomparably brilliant lights!

The black sword was not the only thing Wu Fa lost. He had lost three fingers at the same time. Besides, there were several cut wounds on his arm, bleeding, revealing the bones inside. Aside from that, his back, shoulder, chest, legs... even face... were cut... The skin and muscle were whirled up, which looked terrible.

He was cut all over his body!

The situation was changed!

Everything was different!

Wu Fa believed his two-cage domain was perfect. He thought Ye Xiao was finally defeated. However, while he was gloating, Ye Xiao actually made a thrusting sword attack. Even though Wu Fa was an excellent cultivator, he couldn't react in time, so he was crashed!

The sharp pain was all over his body. Blood kept dropping off and hit the ground. Wu Fa, the furious beast, finally calmed down!

"Ye Xiao... Well, well... Impressive..." Wu Fa took a deep breath and stood still. His eyes looked calm, and he spoke blandly, "I got swindled!"

Ye Xiao laughed and said, "You had it coming because you have been invincible for too long!"

Wu Fa thought for a while and blandly nodded.

He agreed with Ye Xiao because he knew that it was true!

He had been invincible for too long, so he overlooked all. Besides, in the previous attacks, he confirmed that Ye Xiao was much weaker than him in cultivation. That was why he was so sure that Ye Xiao would die in his two-cage domain!

It wasn't wrong to have confidence, but he missed one thing. Ye Xiao had not only fully mastered the power of Tittle Phase but also reached the next phase, Cage Phase. He was just at the beginning of Cage Phase.

However, he was officially at Cage Phase after all!

Wu Fa thought that Ye Xiao's strength should be no better than the latter part of Tittle Phase...

Well, it was a wrong assumption, which caused his two-cage domain to be broken, and he eventually got injured.

When Ye Xiao first caused damage on Wu Fa, he was enhanced by the power of purple qi. It was his luck. However, this time, he broke open the cages and continued with a tremendous sword attack. It hurt Wu Fa a lot!

The martial art Ye Xiao used was unprecedented in Qing-Yun Realm. The sword that he used was also unique in the world!

[No wonder he didn't use his weapon! He was waiting for an opportunity!]

[He wanted the most fierce and murderous counterattack with the sword!]

Wu Fa didn't feel regret or hateful. What had filled his heart was a sharp killing intent!

He wanted Ye Xiao dead!

When Ye Xiao made the attack with his Stars Sword, Wu Fa had nowhere to dodge, so he turned into a piece of demonic soul and escaped the attack range immediately. Otherwise, he should have been killed!

Even though he had escaped from death, he was severely wounded. The sword light of the Stars Sword and the purple qi of Ye Xiao had both made a great impact on his demonic soul. In one second, he was indeed close to death.

Ye Xiao had made a great strike, but he was surprised.

[Compared to the man who fought against Han Bingxue the other day... he seems to be weaker today.]

[It shouldn't be that easy to hurt him like this...]

"I have to admit that I underestimated you." Wu Fa blandly looked at Ye Xiao. A dark mist was rolling around his body, and the wounds on his body were slowly healing. He stared at Ye Xiao. "There is one thing I can't understand!"

Ye Xiao blandly said, "What is it?"

"I don't understand. You ate the fruit, so you reached the top of level nine of Dao Origin Stage. I can see that. But... Tittle Phase is different. It is impossible to reach Tittle Phase within a short time! Even the man in the history who created the Tittle Phase had spent a hundred years to reach it after he reached the top of level nine..."

"You are an individual cultivator who has no support from any sects. How did you get to Tittle Phase? Yes. You became the three old men's disciple. Maybe it is the reason why you can reach Tittle Phase. But that should be your limitation. Yet you broke through another level! Impossible!"

Wu Fa definitely couldn't understand.

[Why is he so fast?]

[How does he improve so fast?]

...

[Realms In The Firmament](#)

Chapter 1292: Soul Separation Technique

It had been only one month since they last met each other. Ye Xiao was at level one when they last met. It was reasonable that he got boosted to level nine because he had the Divine Yin Yang Fruit. Wu Fa knew how amazing the fruit was. However, he couldn't understand how Ye Xiao reached Cage Phase!

It was impossible!

"Maybe I am smarter than all of you. It's a gift from my parents. Something you can only dream of!"

Ye Xiao actually joked on Wu Fa, unexpectedly.

However, he was sighing in his head. [At the moment when the remaining piece of young Lord Ye's soul left my body, I had the excellent enlightenment which made me feel like I was controlling everything in the world.]

[That was when I thrust into the upper level!]

Wu Fa was right. No matter how talented and smart a man was, he could never reach the Tittle Phase in such a short time!

Ye Xiao got it because of the extraordinary adventure, which had led him through the limitation of time!

As he thought of it, he felt the pain in his heart again. He couldn't forget what Ye Nantian and Yue Gongxue said the other night... He took a deep breath and suppressed down the boiling blood in his chest.

"However, you are still unable to bring me the taste of death." Wu Fa blandly looked at Ye Xiao. "Because you are too weak. If you are strong enough, I should have been lying on the ground now."

Ye Xiao blandly said, "Didn't I wake you up from your stupid dream of being the best in the world?"

Wu Fa seemed to be pissed. His eyes flickered with the flame of anger, and he blandly said, "Oh? I don't think so..."

He opened his arms, and two swords appeared in his hands. Then he wickedly said, "Let me show you why I am the best in the realm. My legend is not done yet!"

The three fingers actually came out from the wounds within seconds! It was unbelievable.

He abruptly moved, leaving a cloud of dark mist rolling up behind him. Suddenly, eight figures of him appeared in the sky. Every figure was holding two shining swords. The eight of him spoke viciously at the same time, "Ye Xiao, let me show you something different before you die... This special technique of mine is called... Soul Separation Technique!"

Wu Fa was separated into eight figures. Each of them was well prepared and rushed over to Ye Xiao at the same time. They weren't phantoms. Each of them had the same incredible power of Wu Fa.

The eight of them were emitting unbearable suppression!

The suppression kept pushing over to Ye Xiao, and Ye Xiao suddenly felt it was difficult to breathe. He couldn't stand firmly anymore.

That was the real best unique technique of Wu Fa!

His unique murderous skill!

He actually turned himself into several figures to besiege the enemy, and every figure had the real power of him!

Every one of the eight figures felt and touched like the real one!

Ye Xiao's pupils shrunk, and his spiritual mind suddenly spread away. He had to distinguish the real Wu Fa from the other seven. If not, he was going to lose the battle.

However, after his spiritual mind scanned the eight people, he realized that each of the eight was in the same cultivation level and emitting the same powerful qi, which meant... they were all real!

Eight Wu Fa showed up together!

Ye Xiao had tried all possible schemes and full power to restrain Wu Fa constrainedly. Now there were eight... How was he going to win the fight against eight Wu Fa?

He had a headache, wondering in his head, [The three masters have told me before... Wu Fa's primary martial art is the Spring-Autumn Mustard Art... Well, now it appears his ultimate technique is this Soul Separation Technique.]

[What about the Spring-Autumn Mustard Art? Why isn't he using it? Why?]

With the sound of the howling airflow, the eight Wu Fa attacked at the same time.

Sixteen swords were cutting through the air and causing strong airflows at the same time. A lot of waves of spiritual qi kept surging in the space, rolling upon Ye Xiao.

Ye Xiao knew that it was impossible that the eight figures were all real persons. He knew there must be a trick in it, but he just couldn't figure it out.

The only choice he had right now was to treat all the eight figures as Wu Fa. He wanted to distinguish the real person during the offense and defense. Therefore, he had to operate East-rising Purple Qi in full power to defend himself.

The first thing was to make sure not to be knocked down, then he could think of a way to deal with the current situation!

Suddenly, waves of purple qi rose up. His Stars Sword was shining with great cold lights and formed an energy shield which protected Ye Xiao's entire body.

The countless waves of dark qi from Wu Fa were surging in the air, expanding fast. It had almost occupied every corner of the battle area, attacking Ye Xiao again and again in waves!

Ye Xiao already experienced great difficulty when he was trying to defend the attack from one Wu Fa, but now there were eight. Even though the purple qi was keeping him under protection, he had to figure something out because he couldn't keep defending forever!

After a while, Ye Xiao realized something. The sixteen swords of the eight figures had emitted all kinds of sword lights which had filled the entire area. The Stars Sword had been hit by the dark qi from the swords many times, yet it was still in good condition. It was unexpected. It seemed the sixteen swords' attack wasn't as powerful as Ye Xiao estimated! It was weak!

Ye Xiao was in a negative position in the fight, but he wasn't in lethal danger... His spiritual mind told him that he could survive the attack from the eight figures no matter how long it would last!

That was not the only weird point that Ye Xiao had figured out. Ye Xiao had planned to tell the difference from the crash between Stars Sword and the sword from the eight figures, to tell the real person from the seven fake ones. However, none of the sixteen swords actually cracked the Stars Sword even once!

Wu Fa was aggressively attacking, while Ye Xiao was desperately defending. However, their weapons didn't clash against each other even once! It was impossible! The attacks from Wu Fa were so frequent that his swords had to hit Ye Xiao's Stars Sword! What was the problem?

...

Realms In The Firmament

Chapter 1293: Disciple Brothers; No Regret!

The truth was that Wu Fa perfectly avoided the clash between their swords—he had to!

As the fight lasted, Ye Xiao was suppressed by Wu Fa's insufferably continuing attacks. The East-rising Purple Qi was a particular bane to all kinds of evil energy, but Wu Fa was operating a tremendous attack which was way beyond Ye Xiao's reach.

Things were trending to a negative situation. Defending meant losing. Ye Xiao was going to lose the fight if he kept defending.

– Bang! –

Wu Fa had seized a chance to hit Ye Xiao on the shoulder with a palm strike. Ye Xiao moaned and then flew backward. The Stars Sword moved rapidly, splashing waves of blinding sword lights which stopped Wu Fa's further attacks. Ye Xiao spat out a mouthful of blood.

He was moving backward, hardly holding up in the sky.

A howl sounded.

Yue Shuang and Yue Han, who had been watching the fight, both rushed forward to help him. The two of them both swung their swords, like two marching dragons rushing into the dark fog. After that, a wave of sword lights shined in the sky. Zhan Yunfei and Zhu Jiutian joined the battle as well.

– Bang, bang, bang... –

After a series of cracking sounds, Yue Shuang and Yue Han were flying backward, their faces pale.

Zhan Yunfei and Zhu Jiutian were only at the beginning of level nine, which meant they were so much weaker than the others. Although they had been risking their lives to make the attack, they got stricken back as soon as they approached the battle.

Ye Xiao was still slowly moving backward, then he saw Zhan Yunfei operating a sword-human mergence technique to attack, risking his own life to help Ye Xiao. Ye Xiao felt warm in the heart.

“I don't mind if the four of you come to attack me together! I will kill you all at the same time! What about you going to hell together?” Wu Fa humphed and viciously said. The eight figures started to move backward and then became one person again. He stood in the sky, wearing his black clothes and black robe.

The black qi around his body was turning denser and denser. Apparently, he was preparing for the last strike!

It should be the most murderous and dangerous attack!

With the self-sacrificing support from the four others, Ye Xiao finally got a few seconds to rest. He kept staring at Wu Fa and still couldn't understand why. Wu Fa was badly injured in the previous attacks after all.

Ye Xiao was weaker than Wu Fa, but not that much. With his great fortune, he actually had an opportunity even to kill Wu Fa!

Although Wu Fa was experienced and dominant enough to escape the killing strike, he was still hurt!

However, after the Soul Separation Technique, he suddenly started to take control of the battle!

It was unbelievable. Ye Xiao just couldn't figure out why.

If Wu Fa was truly so powerful that he could separate himself into eight figures, each of which had the same power as the real person, he wouldn't get injured so badly by Ye Xiao in the previous attacks and nearly get killed, would he?

There must be something Ye Xiao hadn't figured out yet.

What was it? What was the trick? What gave Wu Fa the power to turn over the situation like that?

Yue Shuang and Yue Han were standing on both sides of Ye Xiao. They looked pretty solemn.

After the practical fight, they finally realized how horrible the most powerful cultivator in the realm was. They used to think that the two of them together could rival Wu Fa, but now they knew it was a ridiculous idea!

Zhan Yunfei and Zhu Jiutian were standing in front of Ye Xiao, willing to give up their lives for Ye Xiao.

Ye Xiao made a long sigh.

"Well..." Zhan Yunfei didn't turn over to look at him and only spoke in a hoarse voice, "Little disciple brother..."

Suddenly, he paused. He couldn't say anything more. In fact, he didn't know what to say!

Ye Chongxiao was his little disciple brother indeed, but Xiao Monarch was not. Zhan Yunfei should protect his disciple brother with his life, but should he do this for Xiao Monarch? When he called him little disciple brother again, it just didn't feel right.

Zhan Yunfei didn't know that Ye Xiao also had a complicated feeling in the heart. Now that he was exposed, Zhan Yunfei and Zhu Jiutian were still willing to give up their lives for him and call him little disciple brother... How rare! How commendable!

"Yes?" Ye Xiao answered in a low voice.

"You..." Zhan Yunfei's throat tightened. He said, "Are you... Are you really Xiao Monarch?"

Ye Xiao slightly closed his eyes and said, "That's right. I am."

Zhan Yunfei trembled. Zhu Jiutian showed a complicated expression in the eyes as well.

“No wonder...” Zhan Yunfei smiled bitterly. “If you were an ordinary young man, no matter how talented you were, it was impossible to reach such a height in cultivation. Your martial world experience, your battle skills, your intelligence... They all take a long time to develop. We just never paid attention to it... After all the years, I am still not as experienced and smart as I thought... Heh, heh...”

“I have my own difficulties too. It violated my will to join Cold Moon Palace, to be honest. However, after I became one of you, I never regretted it,” Ye Xiao spoke in a low voice.

“I see. I understand.” Zhan Yunfei said, “Ye Xiao, no matter what, Zhu Jiutian and I, we owe you an apology.”

“Sorry!” He continued, “We did what we did for the interest of our sect. However, it doesn’t mean we were right.”

Ye Xiao didn’t respond and only made a sigh in his mind.

“I know we should let go of the past for now as we are fighting this battle. However, no matter who you are, Xiao Monarch or Ye Chongxiao... I have to ask you one thing.” Zhan Yunfei asked, “Do you admit that you are a disciple of Cold Moon Palace?”

Zhu Jiutian was stunned.

Ye Xiao closed his eyes and the images of everything he had been through since he returned to Qing-Yun Realm reflected in his mind.

He got the dan of the fish, guarded by many Cold Moon Palace disciples who had eventually died for his safety in the ten thousand miles trip to the sect... After he joined Cold Moon Palace, the Prime Master of the sect treated him well, and his three masters cared for him...

All the memories reflected in his sight.

How could he deny it?

“I do!” Ye Xiao spoke deeply and then added, “As I said, it was not what I wanted, but I never regretted it. I didn’t, I don’t, and I will never regret it!”

[Realms In The Firmament](#)

Chapter 1294: Make Way for You

1294 Make Way for You

“Great! No regrets!” Zhan Yunfei’s eyes lit up. He was spirited up, “You are still a disciple of Cold Moon Palace. You are still my little disciple brother! Zhu Jiutian and I are not powerful enough. We can’t help you defeat the enemy. However, we will die if it helps you in any way!”

Ye Xiao spoke in a deep voice, “Don’t take any reckless move. It may not bring me any good to sacrifice yourselves! Besides, there are still opportunities to win this battle!”

Zhan Yunfei laughed, “As long as you are still my little disciple brother... we won’t regret giving up our lives for you! Even every disciple in the sect can die for you! As long as you are alive, Cold Moon Palace will become a legend in the history of Qing-Yun Realm!”

“We will die in pleasure!”

On the other side, Wu Fa slowly opened his eyes. The dark fog around him was so dense that it was nearly solid, like a huge piece of ink jade floating in the air!

The ink jade was rotating in the sky, giving out a feeling that was even more horrible than darkness.

Wu Fa’s long dark hair was flickering the air, and he looked like a demon suddenly descending to the world.

Demon descended, plaguing the world!

His eyes suddenly opened.

The four others were terrified when they saw his eyeballs, because the eyeballs were all black, like two deep holes in his face!

He slowly reached out his two pale hands from the sleeves, and the dark fog kept rising up from his fingers.

– Clang! –

– Clang! –

Two swords shining with cold lights appeared in his hands again.

He slightly moved and made rippling phantoms of himself...

Apparently, he was going to perform his Soul Separation Technique again.

They could feel that this time, Wu Fa’s unique technique would be much more terrific than the previous...

They wouldn’t be able to defend it.

“Look at you... How touching... Brothers and sisters... loving each other... Jajajajaja...” Wu Fa’s voice didn’t sound like the voice of a human anymore. It was the growl of a ferocious ghost.

“Come on now... Let me do you a favor... Let me... send you all to the path of death together... so you won’t be lonely...”

In the cold blowing wind, a figure emitting dark fog appeared with two swords shining in his hands, and long hair hanging to the shoulders—it was exactly another Wu Fa.

Soon, another six Wu Fa appeared, all looked the same, who were all equally powerful, invincible, and arrogant!

Yue Shuang and Yue Han exchanged a look, and both read the determination in each other’s eyes.

[We will sacrifice ourselves to make a path for our brother to survive.]

Ye Xiao was gasping, still staring at Wu Fa. He tried to figure out a plan because if he didn’t do anything about it, the five of them would all die.

He was weaker than Wu Fa since the beginning, and Wu Fa had activated the most powerful shape... How were they going to survive this?

[Wait... He had seized the absolute initiative before this... Even though the others joined the battle to help me, he should still be in the higher position of the battle. Why did he move back and do the Soul Separation Technique again?]

[Did he want to gather enough energy to make sure the next attack can kill us in one strike?]

[No... he could have done it just now! He didn't need to retreat at all, did he?]

[Why would he step backward?]

[And the swords...]

Suddenly, when Ye Xiao was soaked in thoughts, he heard Zhan Yunfei and Zhu Jiutian growling together. As he looked at them, the two of them had been emitting blinding lights. The sword lights had covered them both and shot up to the sky. The two tremendous streams of sword light were like two dragons tangling each other and became a strong light pillar!

Thunderclaps sounded and bolts of lightning stroke in the sky.

Apparently, the two of them had been consuming their life energy to make such an extreme strike!

The light pillar stopped in the sky, and Zhan Yunfei's voice sounded, "Little brother, we will make way to survival for you! Don't let us die in vain!"

"Go now!"

Before they finished talking, the light pillar started to tear the space apart and made the howling sound. The next moment, it was shooting over to Wu Fa tragically!

What they did was some special skill that was similar to Han Bingxue's Seven-to-one Mergence. They had consumed their life energy to make the most powerful attack that was beyond their limits. What they wanted to do was to push Wu Fa away and make way for Ye Xiao to survival!

Zhan Yunfei and Zhu Jiutian believed there was nothing else they could do. After Wu Fa's Soul Separation Technique, they would have to fight against eight Wu Fa! One Wu Fa was powerful enough to nearly put them all to death, so eight Wu Fa were definitely going to kill them.

They knew they were too weak to fight this battle. There was nothing they could do to help Ye Xiao. They thought that it would be a shame if they eventually got killed but had made no contribution to nobody, so they decided to sacrifice themselves to make way for their dear little disciple brother!

[We will die in pleasure, as long as our little disciple brother can survive this!]

[What we did to Xiao Monarch, we were wrong. Now, we are going to sacrifice ourselves for him, and we hope that we can make it up for him. Xiao Monarch or the young Lord Ye, we don't care. You are always our little disciple brother Ye Xiao!]

[We shall die for our brother, for our sect.]

[That is what honorable men should do!]

At the moment, Zhan Yunfei and Zhu Jiutian's souls were bonded together. The hundreds of years' cultivation and power became the fuel of the most powerful strike they had ever made. The two streams of sword lights became one, and the strength was several times enhanced. Without hesitation, they both shot over Wu Fa.

They didn't care if they could win the fight. Nor did they care if they could survive the attack. They cared about nothing at the moment, except Ye Xiao.

That was the ultimate attack of the two honorable men who had surpassed the limitation of life and death!

Their bodies might already be consumed before they hit Wu Fa, but they were sure the last strike was going to give Wu Fa a significant impact!

[We are going to die, but the consumption of our lives will cause marvelous lethality!]

[We will make an opportunity for our little brother to escape this battle!]

"Brother Zhan! Brother Zhu! No!" Ye Xiao was stunned. Yue Shuang and Yue Han exclaimed as well.

...

[Realms In The Firmament](#)

Chapter 1295: Crack!

Ye Xiao regretted!

He had more Divine Yin Yang Fruits. If he gave the two disciple brothers, Yue Shuang, and Yue Han the fruits before that day, things wouldn't have ended that way.

However, there was no if in reality. He couldn't have made up his mind. He didn't want to arouse any disturbance and suspicion in the Town of Ye, because it would be quite attractive when somebody ate the fruit...

He had worried too much about the future, yet started to regret the present. What a miserable situation they were in!

His cautiousness didn't prevent death, then what was the point to be cautious like that?

Maybe he was selfish!

However, the truth was that he didn't have the time or the right place to give them the fruits... That was right. They would need a spacious area... Besides, he didn't have a lot of the fruits. He had yet decided to whom he should give the fruits.

No matter what, the sacrificing attack of Zhan Yunfei and Zhu Jiutian shocked Ye Xiao!

The two of them gave up their lives to make the ultimate attack. The two streams of sword light became one, which was powerful, but only a little more powerful than Han Bingxue's Seven-to-one Mergence,

which meant it was not powerful enough to stop Wu Fa. Yue Shuang and Yue Han's joint attack might cause a certain effect on Wu Fa, but that was one Wu Fa... There were eight at the moment...

Suddenly, Ye Xiao was enlightened!

A light of inspiration hit him in his heart!

The next moment, he had rushed out without hesitation!

He waved the sleeves and dashed ahead! Laughter upon All!

It was the most powerful movement skill of Xiao Monarch. He was not as good as Han Bingxue at movement skills, but when he performed this technique, nobody in the Qing-Yun Realm could move faster than him!

It was an incomparable movement skill!

There was no time to think more about it. Zhan Yunfei and Zhu Jiutian had already made their self-sacrificing attack. If the light pillar hit Wu Fa, it meant the two of them would die.

After all, not everybody had the good luck as Han Bingxue did!

Wu Fa would never give up the chance to kill the two men and hurt Ye Xiao in the heart.

Therefore, with an inspiration, Ye Xiao dashed out and moved in the ultimate speed without hesitation. A long spatial fissure abruptly appeared behind him. Cyan smokes were rising up from the fissure, and blue fires flickered in the air from time to time.

He moved so fast that the air started to flame!

The next moment, Ye Xiao already showed up in front of Wu Fa as if he came from nothing!

He approached Wu Fa before the two disciple brothers did!

He moved later, yet arrived earlier!

Stars started to shine in the sky, and Ye Xiao focused all his power to the sword!

Stars Sword.

He made a stab forward with the sword which was powerful enough to hit off all the stars in the sky!

It was the most powerful attack he could make.

Wu Fa showed a cruel smile, but the smile quickly disappeared immediately. He widely opened his eyes staring at Ye Xiao.

Ye Xiao wasn't aiming at any of the eight figures. Instead, he was going to cut the swords!

Fallen Stars! It was a fast moving sword attack!

In the crucial moment, the sword swung over the eight figures.

The eight figures all automatically raised the swords to block the attack. However, Ye Xiao didn't feel anything hit the Stars Sword! – Dang! Dang! – He only heard two sounds of sword cracking.

After the sword attacks, Wu Fa and Ye Xiao made a palm hit to each other!

That was right! One palm hit from each of them!

Ye Xiao made one palm strike, and Wu Fa made only one palm strike as well!

The seven figures of Wu Fa were gone! What was left behind were seven blurred phantoms, which could never do any harm to anybody! Each of the phantoms was showing a twisted face with anger and pain!

“Damn it!” Wu Fa made a growl with fury.

“Evil! Get away!” Ye Xiao shouted.

As a big exploding sound, Wu Fa staggeringly moved backward. Ye Xiao was also moving backward after the palm attack. Blood bled out from his nose, eyes, mouth, and ears.

Wu Fa moved back about one hundred meters before he stood still!

Ye Xiao was hit away a few hundred meters, rolling while flying. Eventually, he stopped and was held in arms by Zhan Yunfei and Zhu Jiutian, who couldn't be more astounded at the moment.

The two of them had been rushing over by making a self-sacrificing attack. However, before they could notice, Ye Xiao actually appeared before them and then flew backward in a much worse condition. If the two of them kept pointing their swords ahead, they might have stabbed Ye Xiao before they got to Wu Fa.

No matter how difficult it was, they had to withdraw their swords and hold Ye Xiao up. After all, they could never hurt Ye Xiao. As they forcibly withdrew the swords, they had to bear the blast of the sword lights. They had consumed their life energy to make the attack, so when they forcibly stopped it, it caused severe damage on both of them.

Zhan Yunfei and Zhu Jiutian were both bleeding in the nose, mouth, eyes, and ears, severely injured!

However, they had stopped Ye Xiao and held him in their arms. Both of them staggered backward hundreds of meters.

In fact, it was a much better result for the two disciple brothers. If Ye Xiao didn't fly over, the two of them would definitely keep dashing forward and hit Wu Fa. Wu Fa's phantoms were gone, and he got hit by Ye Xiao, but he was still able to fight. At least, Zhan Yunfei and Zhu Jiutian would be killed if they approached Wu Fa even when Wu Fa was hurt!

Now that they had stopped the attack, they survived it. The life energy of them was gone, but they were at least breathing, at least better than Han Bingxue. As long as they stayed alive, Ye Xiao's supreme dan beads could definitely bring them back to recovery!

They didn't care about what would happen to themselves though.

They were stunned.

In fact, the two ladies were stunned. Even Ye Xiao was surprised.

They all looked at Wu Fa.

The seven phantoms of him were completely gone after Ye Xiao's sword attack.

...

Realms In The Firmament

Chapter 1296: I Won the Bet!

Wu Fa was alone, standing on one side, gritting his teeth, staring at the five people on the other side with viciousness in the eyes!

"The figures... How come they are all gone? What happened?" Yue Shuang stopped rushing forward and exclaimed when she saw what happened.

Ye Xiao was coughing out blood with a pale face. However, his eyes looked spirited up!

[I found it!]

[The practical method to deal with his separated figures.]

He had no idea how Wu Fa created the seven phantoms which were so real, but the truth was that he had figured out a way to defeat Wu Fa's Soul Separated Technique!

Ye Xiao was gasping, absorbing the spiritual qi from around the air as much as he wanted. The purple qi in his Boundless Space was pouring into his Jing and Mai at the same time, fixing the damages on his body.

His right hand was still shaking, which was badly torn between the thumb and the index finger. The Stars Sword was still in his hand, and the fingers on the handle were ripped to the bone.

However, in Ye Xiao's eyes, the flame of high spirit was rising.

When Zhan Yunfei and Zhu Jiutian was rushing out, there was a question and a bit of enlightenment in Ye Xiao's heart... Why did Wu Fa have to hold swords in both hands when he started to perform the Soul Separated Technique?

Wu Fa was the most powerful cultivator in the world. Why did he need to use two swords at the same time?

Ye Xiao guessed that the two swords must be where the secret was hidden!

He didn't have time to think deeper, but rushed out immediately and hit the swords in Wu Fa's hands.

Before Wu Fa had time to make any moves, Ye Xiao's spiritual mind locked on the swords in Wu Fa's hands. With the sharp Stars Sword, he successfully destroyed Wu Fa's swords!

He did it!

Even though he had done it, he still couldn't understand why!

[What is the secret? How come the figures disappeared when the swords were broken?]

"Ye Xiao!" Wu Fa gritted the teeth, staring at Ye Xiao, shaking because of fury, shouting out loud, "How did you figure it out?"

Ye Xiao blandly smiled, took a long breath, stood still and spoke in a deep voice, "Those were two pretty eye-catching swords. They just looked like the key to the answer! Now, I have answered your question. It is your turn to answer mine. Now that the swords are broken, can you still..."

He sneered, "Can you still use your great Soul Separated Technique?"

"Ye Xiao! You and me, there is no way we can both be alive! I swear I will kill you!" Wu Fa fiercely said.

"Oh really? If I didn't destroy your stupid swords, would you let me go and make it a peaceful world where we both can be alive? Come on. We were already sworn enemies before what I just did." Ye Xiao sneered.

Wu Fa humphed and repeated the question, "Tell me how you figured it out! How?"

Ye Xiao honestly shook his head and blandly said, "I bet on it. Well, first, I have to risk something to play the game. There were a few questions in my head, which led my intention to your swords. As we both know now, the swords are the flaw of your Soul Separated Technique!"

Wu Fa's eyes flashed. "Oh?"

Ye Xiao continued, "When you retreated, I felt it weird. You were taking the upper position of the fight. It means when Yue Shuang and Yue Han joined the battle, you shouldn't need to give in. In fact, you could have killed me before you went back and stopped the eight figures trick. However, you did give me some time to rest. Isn't it unreasonable?"

Wu Fa coldly said, "I wanted to play you around to death, didn't I? Isn't it the most favorite game for the stronger one to play the weaker like a cat playing a rat?"

"Maybe that's true if it was an ordinary fight. However, my purple qi was a bane to you. I don't think you dared to play the game of a stupid cat!" Ye Xiao's eyes were cold.

He said, "I did think of the possibility, but I wasn't convinced... After that, you operated the Soul Separated Technique for the second time. It looked much more powerful than the first time. I guessed you were pushed to perform the technique the first time, and that is why it didn't look as powerful as the second time.

"When the two ladies and my disciple brothers joined the battle, you had to retreat, because your first performance could only deal with me alone. Is that correct? If you face the five of us with the seven phantoms you created in the first time, you would lose the fight.

"It is reasonable that you didn't do it well because you were forced to do it anyway.

"Am I right?" Ye Xiao asked.

Wu Fa's eyes were flickering, and he blandly said, "Ignorant animal! How do you know the marvelousness of my great technique!"

Ye Xiao sneered, "Stop the trash talk now. You casually operated the Soul Separated Technique because you had to do it, or you wouldn't have a chance to put me down. When you have to face the five of us, you hurriedly retreated and took a rest before you performed the technique again. That was when I was sure that you were forced to operate it for the first time!

“The second time, it was the complete Soul Separated Technique!”

Ye Xiao sounded confident.

Wu Fa stayed silent, and then humphed, “What else?”

“There is one more question... Well, not a question. Just something weird! In either time, you always showed your swords in hands before you started to use the technique, in exactly the same posture. Aside from that, the swords didn’t seem to be your real weapons... They were too thin to fight with!

“The color... They are not made from some ordinary metal.

“You are in an incomparable position in the world, who barely use weapons. If you have to use a sword, you will choose a divine weapon. The black sword you were using didn’t have a beautiful shape, but it was definitely a great sword. Why did you use two gaudy yet useless swords in the end? The only explanation is that... the swords must be the key to your special technique.”

Wu Fa angrily said, “Are you telling me you hit my swords only because of this bullsh*t theory?”

“That’s right!” Ye Xiao nodded, “To be honest, I made a bet on it. Well, I never knew I was that lucky. I won the game against the world’s best cultivator!”

Wu Fa’s face suddenly turned red, and he spat out a mouthful of blood.

He was pissed.

Realms In The Firmament

Chapter 1297: 2 Wu Fa

“Look what I have done just now. The two swords are indeed the key.” Ye Xiao said, “I know where the secret is now, but have no idea how it works! I guess the two swords may have some particular power that gave you the Soul Separated Technique... Now that you have lost the swords, so you can’t operate the technique anymore.”

“If I am right, the two swords’ power must be the strange sword light.” Ye Xiao said, “When the two swords approached each other, it created something like a mirror, which would duplicate the user... Aside from that, you would do some special tricks to make the images look like the real person. Am I right? Or do the swords have some other special power?”

Wu Fa suddenly laughed and wickedly said, “You will never know how marvelous the swords can be!”

Ye Xiao ignored him, only continued talking, “I don’t need to know. The swords are destroyed. Why should I care about it? The question is... As your Soul Separated Technique is cracked, is your soul...”

Ye Xiao smiled and blandly said, “Is your soul damaged? How does it feel? Is it good?”

Wu Fa gritted his teeth, staring at Ye Xiao and said, “I am indeed injured, but it is not a difficult thing to kill you right now! You have ruined my Soul Separated Technique indeed, but you have also paid a big price.”

Ye Xiao humphed and blandly said, “That’s why this battle is finished yet. Let’s see who’s got the bigger fist. I wonder if this is the continuation of your story or the beginning of a new era of Xiao Monarch!”

Then he shouted, "Today is the day you, the man who fails his fame as the world's most powerful figure, a lunatic demonic creature dies!"

Before he finished talking, Wu Fa suddenly made a long screech and became a cloud of dark fog. The next moment, a blow of sharp wind was hitting over the five people.

Wu Fa must be desperate because he actually chose to start an attack first while he was severely injured!

The five people raised their swords at the same time, prepared for the next round of a tough fight.

None of them understood why Wu Fa would do this, but they knew they had to seize every opportunity to defeat him!

It was the best if they could win the battle with one strike!

The two sides weren't far away, so they were going to crash within a short time.

However, when they were about to hit each other, Ye Xiao had a fearful feeling in his heart.

It was a sense of crisis that hit him!

When Wu Fa rushed over, the air suddenly twisted and a dark figure showed up from nothing.

Black clothes, black hairs, black sword, dark and deep eye frames, cold eyes, and a merciless expression on the face.

It was Wu Fa.

When he showed up, his overwhelming suppression fell to the area!

Almost at the same time, the cloud of dark fog suddenly appeared as Wu Fa again. He was behind the five people's back!

Two Wu Fa appeared, one in front while the other behind the back!

The five of them all got shocked.

[Isn't his Soul Separated Technique ruined?]

[Where does the second Wu Fa come from?]

Was Ye Xiao wrong?

No! This was no longer the Soul Separated Technique!

The five of them were all experts in battles, so they all saw the difference. The second Wu Fa was spirited and unharmed. It seemed he was even more powerful than the real person!

If this was his Soul Separated Technique, the two Wu Fa could never be different!

Before the five of them figured out what indeed happened, the first Wu Fa had started an attack. With a cruel smile on the face, he went through all the sword lights and flicked Yue Shuang's sword by a finger.

Yue Shuang felt like she was stricken by a bolt of lightning, pointing up her sword and staggering backward.

At the same time, the second Wu Fa had amazingly rushed forward and flicked on Yue Han's sword with one finger too. Yue Han moaned, and her face turned pale.

After the first Wu Fa hit Yue Shuang on her sword, he casually made a palm hit on Zhan Yunfei's sword. It seemed gentle, but the sword was cracked, making the sound of a clang. Zhan Yunfei gave out a moan and spat out a mouthful of blood.

The second Wu Fa didn't stop the attack either. After hitting Yue Han, he made a kick like a ghost, which landed on Zhu Jiutian's wrist. – Puff! – Zhu Jiutian's entire arm was exploded into pieces. He had lost one arm with his sword in that hand.

Ye Xiao didn't make any move at all, because it seemed there was a hand holding his sword down all the time.

He thought for a while and decisively twisted his wrist. The Stars Sword suddenly started to twirl, divine him a chance to attack. When he was about to move, the twirling sword was hit and started to make a buzzing sound. He almost lost control and let the sword fly away.

He felt like a bolt of lightning had stricken right upon him. A half side of his body was numb. He was frightened, so hurriedly stepped back!

The second Wu Fa was standing with two hands behind the back, blandly said, "Xiao Monarch, is it you who laughs upon all heroes? You are not so special!"

Within a few moves, Wu Fa knocked down the five people of Ye Xiao!

Ye Xiao and the two ladies were three of the most powerful cultivators in the realm, yet they were defeated too!

The second Wu Fa was as horrible as a demon!

Ye Xiao was shocked! He exclaimed, "You! It was you! You are the real Wu Fa!"

He turned around and looked at the first Wu Fa. He got it now. "I see! I got it! Finally! You are always two men! The world's most powerful cultivator is never one man!"

"You are two men who look exactly the same!

"The first one is your substitute! Or your brother! The second one is the real Wu Fa, the best in the world!"

As he said it out, everybody was enlightened.

That was why Wu Fa was always mysterious in the world.

There were a lot of stories about this most influential figure in the world during those years.

Nobody ever knew where he actually was. He could be in the Oracle District in the morning, yet appeared in the God Fall District...

Many stories told the world how mysterious he was.

Somebody even wrote a poem for him because of his mysteriousness.

'Ocean in the morning, ice lake afternoon; Mountain of All Medicines now, Misty Cloud Palace then; One man, one sword, south to north, he who loves the drinks all over the world!'

...

[Realms In The Firmament](#)

Chapter 1298: Wu Fa and Wu Tian

In the poem, the ocean meant the Chang Sea of Qing-Yun Realm, the southernmost, while the Ice Lake was the northernmost tip of the world. The two locations were more than one million miles away, yet Wu Fa could be in both places within one day.

The first minute he was seen in the Mountain of All Medicines, yet the next moment he already raised up the teacup in Misty Cloud Palace...

Well, poems were always exaggerated, so as the stories told in the martial world.

Soon, everybody had a common view—Wu Fa, the omnipotent man in the world!

As time passed, the common view developed—the world's most powerful cultivator should be omnipotent!

That was Wu Fa.

Ye Xiao had never believed the stories because he himself was one of the best cultivators in the world. He could do none of those things mentioned in the poem, not even if he burned his life to do it!

If he could never do it, Wu Fa couldn't do it either. He wasn't being arrogant. After all, they were in the same league. He was weaker than Wu Fa, but not that much.

However, now he believed the stories were all true.

However, the stories had fooled the entire world. In another word, the stories meant nothing.

Because Wu Fa was two people!

They looked exactly the same!

While one of them showed up in a place, the other surely could show up in another place.

It was easy.

However, they not only had the same faces but also had the same dominant capability!

It was reasonable that people all believed they were the same person!

Ye Xiao understood now.

He finally knew why he felt weird when he saw Wu Fa. He had realized that this Wu Fa was not as powerful as the one who fought against Han Bingxue...

Ye Xiao kept having the question in his head, [Why is he sometimes weaker yet sometimes stronger? How come?]

Now he understood.

There was another thing he finally understood.

[In the history, Wu Fa and Zong Yuankai both ate the Divine Yin Yang Fruit and became invincible... However, there is another person who had eaten the fruit too, but nobody knows who he is.]

[Well, the third person is right in front of us. Everybody knows who he is!]

[That is this fake Wu Fa!]

[Wu Fa and the fake Wu Fa took off the fruits twice in one day!]

[That's it!]

Ye Xiao was enlightened.

[That one has been a substitute to Wu Fa...]

...

Yue Shuang and Yue Han both understood it too.

They were twins, so they were like one person since they were born. That was why they didn't feel surprised by two men playing the same role. However, it was a little bit surprising to them that Wu Fa actually had a twin brother.

Now that they had seen the faces of the twin brothers, all the questions in their heart had answers.

When they finally saw the truth, they felt angry about being fooled for so many years!

Wu Fa was fooling around everybody in the Qing-Yun Realm!

Ye Xiao took a deep breath and said in a deep voice, "I never thought that the famous world's most powerful cultivator is fake. The stories that have been telling you being omnipotent turn out to be lies. Wu Fa, you brothers have been living some pretty enjoyable days, haven't you?"

Wu Fa's black robe was flickering the air. His eyes looked dark and calm like death. He blandly said, "What do you want to say?"

Ye Xiao shook his head, "I have many questions to ask now... but what surprises me most is... Since you both are ultimately powerful in the world, why do you pretend to be one man?"

Wu Fa blandly said, "I don't need to tell anybody my reasons."

Ye Xiao nodded, changed a question, "Well, what are your names then? You can't share one name, can you?"

"I am Wu Fa." The second Wu Fa, who stood in the front said. A cloud of dark fog started to rise up in his eyes.

“Hahaha! You are going to die anyway! I don’t mind sharing some of our secrets!” The one behind their back laughed and said, “My name is Wu Tian!”

“Wu Fa and Wu Tian!” Ye Xiao nodded and said, “Well, the outlaw brothers!”

[They are twin brothers.]

“Wu Tian, you are injured. The purple qi must have hurt you. Just stay aside and have some rests. Let me take the five of them and kill them one by one in front of you. I hope it will console your anger!” Wu Fa sounded calm and confident.

He talked like he had decided Ye Xiao and the other four people’s fates.

“Excellent!”

Wu Tian nodded, coldly looked at Ye Xiao with a killing intent in the eyes.

“Ye Xiao, come and fight!” Wu Fa looked indifferent, also a little bored. It seemed he was totally not interested in this fight, as if Ye Xiao didn’t compare him.

He seemed to be impatient that he had to fight the battle he wasn’t interested in.

It felt like a dinosaur fighting against five ants.

Even though those were five strong ants, the dinosaur just didn’t care!

He completely ignored them!

“Wait!” Yue Shuang took a deep breath and said, “Wu Fa, we are in apparently two different sides. I won’t waste time giving out any useless speech. However, after all, we have been injured from the previous fights. If you are still an honorable man, give us some time to recover.”

It sounded fair considering how powerful Wu Fa was. In the martial world, the five of Ye Xiao were the younger generation. They had defeated Wu Tian, which should be respected. Wu Fa had all rights to protect his brother, but it was undignified to continue attacking the five people, at least not so soon. Although they were in opposite positions, they were all superior cultivators in the realm. Both sides should show enough respect for each other, even though the fight was unavoidable.

Wu Fa looked calm and spoke blandly, “Well, it’s fine. You have fifteen minutes. You want more time to enjoy the view of the living world. I can understand.”

Then he slowly flew backward about three hundred meters with both hands behind the back.

Ye Xiao took a breath of relief, then suddenly heard an explosive sound in his head. It seemed a tremendous wave of energy suddenly covered the entire firmament.

Wu Fa’s spiritual mind spread out instantly and covered the land within three thousand miles. It felt like he could reach anywhere he wanted. Every movement inside this area was detected.

Even if Ye Xiao wanted to discuss, they wouldn’t escape Wu Fa’s spiritual mind.

In another word, Wu Fa had already performed his spiritual mind attack. Even though he didn’t actually do any harm, his spiritual mind was already set out! That was worse than a physical fight!

Yue Han's pretty face turned red because of anger, and she exclaimed, "Wu Fa, you are such a despicable person!"

Realms In The Firmament

Chapter 1299: Plan Set

Wu Fa was still indifferent. He blandly said, "Only fifteen minutes. You are wasting your time talking."

"Is this the fifteen minutes you promised to us?" Yue Shuang shouted at him, "You have set your spiritual mind out and covered us! Didn't it already start the fight? Wu Fa, did you get your fame by playing such dishonorable tricks?"

Wu Fa totally didn't care, but blandly repeated, "I am giving you fifteen minutes. No more. It is a short time, ladies. You are free to use it up on shouting at me. I don't care. You are a bunch of dying people after all. I am curious though. Will you regret not using the last bit of time in your life properly but wasting it on some useless talks?"

Yue Shuang and Yue Han were both furious. They wished they could rush over and twist off the shameless man's neck.

"Yue Shuang! Yue Han!" Ye Xiao stopped them both and waved his hands to have them all gather together, and then gave each of the four others a jade bottle.

Wu Fa's spiritual mind gazed on them and realized those were not Divine Yin Yang Fruits.

Ye Xiao would never take out the fruits because he knew Wu Fa and Wu Tian were exactly here for the fruits. If he took out the fruits, the twin brothers would definitely snatch the fruits before the fruits were eaten.

Most importantly, after eating the fruit, everybody needed to spend some time to digest it. If they were fighting some ordinary cultivators, it might be fine.

However, to spend time digesting the fruits in a fight against Wu Fa and Wu Tian was suicide!

Before they finished absorbing the energy, the twin brothers would have killed them already!

Anyway, giving the fruits to the other four people would only force Wu Fa to attack and kill them earlier!

Ye Xiao only took out different kinds of supreme dan beads!

Wu Fa noticed that the supreme dan beads were so valuable that he could never be able to collect such amount of precious dan beads in his entire life. However, they only wanted the Divine Yin Yang Fruits. Maybe the dan beads could improve their cultivation a bit, but definitely not much.

As for giving Ye Xiao time to set up a plan or something, the twin brothers didn't care.

They were confident that the five of them could never figure out anything that could save their lives. In fact, even Xuan Bing and Xue Danru together could never save the five's lives. All in all, in Wu Fa's eyes, the five of them were already dead men. No matter what they did, nothing changed the result. Struggling meant nothing in front of the absolute dominant power.

Confidence was the reason why the twin brothers were so generous.

When Wu Fa promised fifteen minutes for the five to rest, he was hoping Ye Xiao would take out the fruits for the other four people. If he did, Wu Fa would rush over and take the fruits away. Even if one or two of the four people ate the fruits, Wu Fa wouldn't care. When somebody had eaten the fruit, he or she would be shielded by strong spiritual energy, which meant it wasn't easy to hurt those who were digesting the fruits. However, Wu Fa and Wu Tian were no ordinary people.

When Wu Fa noticed Ye Xiao took out only supreme dan beads, he was disappointed!

Ye Xiao gave Yue Shuang and Yue Han each a jade bottle, talked to them in mind connection, "The dan beads are different. You two each have ten dan beads which will provide one hundred years cultivation. Swallow them now. Any improvement could help."

The two ladies knew that it was a crucial moment that they didn't have to show appreciation, so they took over the bottles and poured the dan beads into the mouth immediately.

Ye Xiao gave Zhan Yunfei and Zhu Jiutian two bottles and talked in the mind connection, "Brothers, you two are of limited use in a fight like this. I don't think cultivation improvement is what you need. You should keep yourselves alive first. The dan beads here provide you energy to recover. You have been severely injured in the previous attacks. Make sure you survive!"

The two disciple brothers knew that Ye Xiao was right. They knew that they should stay safe first, in case they became a burden to Ye Xiao, so they took over the bottles and swallowed the dan beads immediately!

After saving Han Bingxue back from death the other day, Ye Xiao was more skilled in saving lives and recovering energy. Zhan Yunfei and Zhu Jiutian were as damaged as Han Bingxue after all. After taking the dan beads, the two disciple brothers were recovered eighty percent. It might be impossible that they could cause harm to Wu Fa, but at least they wouldn't become a burden anymore!

"Remember... When the fight begins..."

Ye Xiao lowered his voice, "This is it... Wu Fa is much stronger than Wu Tian. When we fought Wu Tian, we had done whatever we could, yet we only got both sides damaged by luck... Wu Fa is much more horrible. This must be a difficult fight. We must not make any rash moves.

"Wu Tian is injured, and they said he is not going to join the fight. However, we should be alert. The threat from Wu Tian is no smaller than Wu Fa at all. Most importantly, he should be recovered quite much during this fifteen minutes... We can't be sure that Wu Tian won't do anything... We may get a tough hit from him. They are both dishonorable men after all."

The other four nodded.

"What we want is to survive. We escape if we can. There is no need to fight to the end. We survive, we win." Ye Xiao kept talking in mind connection, "Follow my instructions. Make every move under my instruction. Any hesitation may get us all killed!

"When the fight begins, we rushed over at the same time to attack Wu Fa at the same time... When I say kill, Brother Zhan and Brother Zhu, you two have to leave and run away as fast as you can! Don't hesitate!"

“What? When you say kill, we turn around and flee away?” Zhan Yunfei shook his head, “What kind of plan is this? What is the point even if the two of us survive out? Absolutely not!”

Realms In The Firmament

Chapter 1300: Go!

“It is not a good time to start a dispute. Brothers, remember this. Just follow my instructions, and we will all survive!” Ye Xiao looked pretty serious, “If you two hesitate to follow my order and the rest of us will have to rescue you. That will ruin the entire plan and get us all killed!”

Zhan Yunfei was shocked, staring at Ye Xiao.

“Brothers, this is a plan. I say it is, then it must be a good one. When I say kill, you should flee instead. When you retreat, the enemy will be surprised. That will give us a good opportunity, but the two of you joining the battle won’t. It will be unpredictable! You two have shown your hearts to me by making that sacrificing attack just now. When you are in danger, just imagine, do you think I can leave you to die? Brotherhood is something that we don’t speak out. I know you can die for me. I can die for you too. Brother Zhan, just remember. We have to survive this together. Otherwise, we will all die.”

Zhan Yunfei’s face turned red. He was thrilled. His throat moved, and he said, “I see. We will go as you give the order. I promise I won’t do anything reckless.”

“Good.” Ye Xiao said, “When I say kill, Brother Zhan and Brother Zhu flee as fast as you can. Wu Tian will definitely try to stop you. When he approaches, Yue Shuang and Yue Han should leave my side and go to stop Wu Tian!”

“Ok!” The two ladies nodded at the same time.

“When I say go, you must leave too! Do not hesitate! Just flee as fast as you can!” Ye Xiao looked excited.

“Are we leaving too?” Yue Shuang and Yue Han were both surprised.

“What? Are you not going to follow my lead? Are you questioning me?” Ye Xiao looked solemn.

The two ladies felt wronged, sullenly lowered their heads, “We will go.”

“Good! Plan set!”

After that, Ye Xiao talked to Yue Shuang and Yue Han through mind connection, “After you get away from this, go to the mountain of Saint Sunlight Sect.” He didn’t tell the two disciple brothers.

The ladies’ lips twisted, and they looked at Ye Xiao, “What about you, brother?”

“As long as you are all safe, it will be much easier for me to escape. Even Wu Fa and Wu Tian couldn’t stop me, Xiao Monarch, as long as I want to go.”

Ye Xiao smiled, “What? Don’t you think I can?”

The four others smiled, but then looked sullen again.

They knew Ye Xiao was capable, but this battle seemed to be quite different.

Ye Xiao would have to face Wu Fa and Wu Tian alone, which meant he had to fight against the two most powerful men in the world!

Nobody in Qing-Yun Realm could easily get rid of the twin brothers' attacks!

No matter how stunning Xiao Monarch was, it was still not an easy job to survive the twin brothers' joint attack!

The four of them weren't confident about it, because they didn't know what power Ye Xiao had!

In fact, Ye Xiao had asked Erhuo about letting the spiritual beasts join the battle and help him again. If the beasts could come out and fight the battle, there was an excellent chance to kill Wu Fa and Wu Tian!

However, Erhuo kept shaking head with a sad expression on the face.

Not that Erhuo didn't want to give the beasts supreme dan beads, the beasts in the Mountain of All Medicines were too characteristic. Because they had already helped him once, they wouldn't come out again before Ye Xiao conquered the higher level!

No matter what Erhuo said, no matter how it promised, the beasts just wouldn't come.

Ye Xiao sighed when he knew the answer.

It was such a good chance to kill Wu Fa!

It was always better not to depend on external forces! He should count on himself!

He decided to focus on conquering the Mountain of All Medicines after they survived this.

Well, when he thoroughly conquered the mountain, the spiritual beasts became his private force, which meant he was not relying on the external force anymore!

Hmm... It sounds reasonable after all!

...

Wu Fa blandly said, "Have you done the discussion? Look. This is a nice place. Not the best, but a proper one for a tomb!"

Ye Xiao laughed, "We don't need a discussion to deal with a filthy creature! I am just resting. As for the tomb. Why don't you keep it to yourself, since you like it?"

Wu Fa looked indifferent, "I wonder if you can still laugh later, Ye Xiao. You can laugh upon all heroes in the world, but what then?"

"What then? I will show you now. I will show you how Xiao Monarch laughs upon all heroes!" Ye Xiao made a long shout and the Stars Sword suddenly showed up in his hand. The nine unique moves of Xiao Monarch were operated fast like a shooting flow of tide marching ahead!

Nine Laughters into One! 'I shall laugh upon the universe, end the world with a laugh!'

Yue Shuang and Yue Han, one on the right while the other on the left, made two glaring streams of sword light sweeping over ahead. Zhan Yunfei and Zhu Jiutian both drew their swords out and pushed

their spiritual power to the highest level. When they were about to rush forward, they heard Ye Xiao's sudden shout.

"Kill!"

The four others were surprised!

Ye Xiao did tell them he would say it, but it should be after the fight started. They didn't understand why Ye Xiao shouted so early.

[What is going on?]

However, Ye Xiao told them not to hesitate several times. They had to get away when he said the word!

In fact, he never said when he would shout the word.

Therefore, though they were confused, they had to follow the plan. The spiritual energy had been poured into the swords, so they directly made use of the sword light to push them around, heading backward. The two rays of sword light suddenly shot out, and the two of them had gone far.

The two disciple brothers were much weaker than any of the others. However, they were still level nine Dao Origin Stage cultivators. As they were consuming all the energy to accelerate, and because they turned around so abruptly, Wu Fa and Wu Tian were both shocked!

"Filthy bastards! Are they running away now?"

Wu Tian started to shout abusively and quickly moved over to chase the two fleeing men. He sounded pretty pissed.

...
