Chapter 1371: Approach the Truth

"As long as they have time, they will cut off the heads of the victims. The rest of the bodies will be drained out... I think they are doing some secret technique, which can extract the essence of a person's soul and body."

Everybody was quietly listening to Xuan Bing.

Even Xue Danru was listening intently.

They all paid extra attention to Xuan Bing simply because she had been a supreme cultivator in the world for a long time, and she was hardly wrong in making a conclusion.

That was why when Xuan Bing said the seven men in black didn't tell her anything, the others were all shocked. Nobody doubted that Xuan Bing's torturing method wasn't pushing enough. Also, nobody would doubt that Xuan Bing would make a wrong conclusion to the situation!

"The organization moves fast. They should at least have collected hundreds of thousands of pieces of life essence of the cultivators."

Xuan Bing took a breath and said, "It is not a joke. Base on what we have learned now, I guess they are doing this vile technique for some evil ceremony, or some vile martial art... They need the essence of people's souls..."

"Otherwise, they wouldn't need to collect such things from living people." Xuan Bing drew a conclusion, "If they want to conquer the world, to be king, they don't need to spend much time on this and do things in such extreme methods! Killing will only be responded with stronger resistance..."

"After all, there are a lot of people who are afraid of death. To recruit these people should be easy," Xuan Bing coldly said as she glanced at the people who represented the nine groups.

Their faces turned pale when Xuan Bing looked over their faces.

She was telling the truth.

Most of the people in Qing-Yun Realm were ready to give in if the organization wanted to recruit them.

"Besides, I guess they need not only the life essence, but also the heads." Xuan Bing blandly said, "Perhaps they need the two things for two different purposes, or they need them both for one purpose. I think they need the life essence and heads for some evil business."

Ye Xiao nodded. He was gloomy and solemn.

Xuan Bing was speaking out the words in his mind.

In fact, what Xuan Bing just said had completed Ye Xiao's conjecture of the organization's purpose!

He was confused about why the men in black had to kill in an extreme method. The secret organization didn't have a reason to go extreme on the killing. In the previous few times, they would clean up the

traces after they killed somebody. After they wiped out a clan, they would clean the clan thoroughly so that nobody knew that they had cut off people's heads and extracted people's life essence. Now, Xuan Bing gave an answer to everything!

The organization wanted something evil!

Xuan Bing didn't say more after the conclusion because she wanted everybody else to have time to think deeply about it.

The others all lowered their heads, lost in their own thoughts, thinking about what she just said. The more they thought about it, the more terrified they were.

How vicious was the organization to behead people and extract the life essence?

Nobody was ever evil like that in the history of Qing-Yun Realm!

"The information Elder Xuan Bing just shared with us is important. Now, we draw out the purpose of the secret organization. What we need to do now is not to kill them, but to find out where they are. We have to stick on a plan and proceed with it. If we alert them too early, they may separate away, and we will never have the peace in the future."

Ye Xiao concluded, "Before we find their base, we have to stay alive first. Stay alive, so that we can have the chance to destroy them."

"I mean..." Ye Xiao said, "First of all, we, sects, forces, independent cultivators, have to connect to each other well. We better connect to each other every day and tell everybody we are okay. Second, great sects or independent cultivators are all the same. We must settle as close as we can to the center of the realm. Let's stay together so that the organization can't break us one by one.

"Be alert, stay cautious. Gradually, we move to the same place and stay together... The huge net of ourselves will become a fist, which will strike out someday!

"Third, the superior ones, who are good at moving skills, move faster than others, have to go out and try to find out where the men in black are hiding. Make sure ourselves are safe first."

Ye Xiao said, "For now, we don't have any better plan. Just to stay alarmed and wait for the day to claim victory."

"As long as we work hard, we will find them." Ye Xiao blandly said, "One more thing, we must not be negative in the future. Don't overestimate the enemy. We know they only want to kill. They have to kill... Most importantly, I feel that they need the heads and life essence from superior cultivators. They need to kill a lot of superior cultivators. Otherwise, they won't move so frequently..."

The others were all spirited up.

"Although they have shown their power in the massacres, it also revealed their weakness. They need to kill too many superior cultivators. However, after we stay together, they won't be able to get as many as they need. Perhaps there are some superior cultivators outside, but the organization won't get enough lives."

Ye Xiao seemed sure. "At last, before we go for the organization, the organization will come to us to fill their need. Maybe that is the last battle of the war."

The others all nodded to agree.

"However, now, I have one thing that I have to tell you..." Ye Xiao took a deep breath and said, "A huge organization like that have been acting secretly all the time... I don't think it is magic."

"The organization must be powerful enough to cover everybody outside. I am guessing, perhaps there is an even stronger and larger force behind the organization!" Ye Xiao said, "Only some force that is close to the world's most powerful could protect the organization this well!"

"I believe we are approaching the truth together now!"

...

[Realms In The Firmament](#)

Chapter 1372: Who Are You?

"We are not sure who are working with the secret organization, but I am sure about one thing. No matter what is supporting the organization, it must be at least as powerful as the three great palaces, the two great halls!"

It was remarkably forceful and shocked everybody's heart.

Xuan Bing, Xue Danru, and the Moon Queen were all surprised and then lost in thoughts.

After the discussion, the eighteen people who represented the groups all left the camp, heading to their own groups to spread the information from the meeting. At the same time, the messages were sent out to the world. The sooner people started to gather together, the more likely the world would survive the calamity...

Everybody was excited, and also terrified.

They were excited. They were shaking. It was the feeling they had before a war.

"It will be a great battle in history!"

"Qing-Yun Realm... In the last over one hundred thousand years, there was no greater war than this one!"

"We are going to do something big!"

"Are we capable? Are we really?"

"F*ck! Listen to yourself... Don't you dare drive off the heat... We have Xiao Monarch, Fierce Blade, Qiong-Hua Palace, Misty Cloud Palace, Ice Cloud Palace, Sky Ice Palace, Cold Moon Palace... All these supreme cultivators together on our side... All these great forces together, fighting with us... Who could possibly defeat us?"

"That's true... We can do it! We certainly can.."

"Now, gather our brothers up now. If they still hang out in the martial world alone and get their heads cut off by those vile men in black, it will be damage to the alliance..."

Everybody was thrilled and started to move fast.

In the camp, it was silent for a while.

After the public business, they should go on with the personal. Lei Dadi and the other two old men all wanted to talk to their disciple, but two others spoke before the old men.

The Moon Queen stood up and said, "Lord Xiao Monarch, are you available? I have a question... I am hoping that you can give me the answer."

At the same time, Xuan Bing's voice sounded, "Monarch, I..."

However, as she started talking, she heard the Moon Queen, so she hesitated and didn't continue.

She wasn't a modest person ever, but this time, she actually made a concession. It was unexpected. Besides, it seemed she talked in a weird tone when she spoke to Ye Xiao.

Ye Xiao was thinking about how to deal with the secret organization, so he didn't notice the weirdness. He frowned and responded, "Moon Queen, what can I do for you?"

"No, I wouldn't dare. I have a question that you may have the answer." The Moon Queen kept smiling, but between her eyes, there was a deep concern.

Ye Xiao nodded and said, "Go ahead."

Then he looked at the others and then left the camp with the Moon Queen.

In the camp.

Xuan Bing and Xue Danru were suddenly in an argument.

The two of them stared at each other aggressively.

"How unexpected! Xue Danru, you actually know how to be righteous sometimes. That's not easy..." Xuan Bing humphed and said, "I thought you would hide in your coward shell..."

"I am not a great person, but I do have a conscience. What surprised me is that sister Xuan Bing, who has been in the loving pool with her young little lover, actually left her bed..." Xue Danru was talking weirdly, "How unexpected! Sister Xuan Bing actually forgets things so well..."

Xuan Bing was speechless. "Do you want a fight?"

Her eyes turned narrow.

"It's funny. You talk like you were not provoking me..." Xue Danru was cold and disdainful.

"I mean... The two of you. Do you so badly want a fight like this?" Li Wuliang was annoyed, "You can come ask me if you want a tough fight."

Xuan Bing humphed and didn't reply, but she thought, [Who will fight you? It won't end well, whether getting you hurt or not.]

Xue Danru was pissed by Li Wuliang's interruption, so she coldly said, "I did want to know how much the Fierce Blade could fight. Oh right, I did say I would show you how to endure the cold, didn't I? I guess we can do it right here right now!"

Li Wuliang laughed out loud, "Little woman, it doesn't matter whether I can endure the cold or not. What if I hurt your delicate body? I can't afford it!"

Xue Danru hated people calling her girl. [I am pure! Nobody has ever approached me! Don't you dare call me woman! Xuan Bing has been flirting around, yet you respect her like she was a saint!] She was totally pissed at the moment, so she dashed forward and shouted, "Li Wuliang, you bastard! Get the f*ck out now!"

Li Wuliang laughed and casually walked out with the giant saber on his shoulder. He walked out step by step like a god stepping out a mountain. "Come! Let me see what you can do! I guess I will be able to endure the cold after experiencing more of the Ice Cloud Martial Art!"

- Boom! -

The man and the lady walked out far, and the sound of the tough fight had sounded back from far away.

Xuan Bing looked at Jun Yinglian and said, "Sister, let's go watch the fun..." Jun Yinglian and Yue Shuang, Yue Han all agreed to go. The four ladies flew out immediately.

They weren't there just to watch the fight.

In fact... Li Wuliang and Xue Danru both had an ill temper. If the fight ended up hurting both sides, somebody had to show up and stop it in time. They couldn't let the secret organization take the advantage...

...

The sound of the tough fight between two supreme cultivators was cracking from far away. Ye Xiao and the Moon Queen were walking in the forest, moving ahead slowly as if they didn't hear the sound.

The Moon Queen seemed troubled. She just kept walking ahead and didn't say a word. Ye Xiao didn't know what she wanted to say, so he was confused, waiting for the conversation to start.

He thought, [What is it? What does she want to talk to me for?]

However, he couldn't think of anything.

"Monarch Ye..." Finally, when they reached somewhere the moonlight was bright, she talked. On one side which was far away, Li Wuliang and Xue Danru were fighting, while on the other side, everything was silent and soft, wind breezing.

The Moon Queen stopped walking, spoke in a complicated voice, "I want to ask... It is about you... What is going on?"

Ye Xiao said, "What? I don't understand."

The Moon Queen took a deep breath and said, "They all said you and Li Wuliang have been hiding, that you pretended to be dead. Li Wuliang is the same man, but you are definitely not. I have watched you

with the secret technique of my sect. Your bones are too young... Your physical body is... is Yue Gongxue and Ye Nantian's son, isn't it?"

Ye Xiao felt painful in the heart. He spoke loudly, "Why don't you just speak it out frankly, Moon Queen?"

...

[Realms In The Firmament](#)

Chapter 1373: Double Pain

"I want to know the truth of everything. I know your mind is Xiao Monarch, but your body belongs to... Ye Nantian's son, Ye Xiao. Am I right?" The Moon Queen turned around to face Ye Xiao quickly and stared at his eyes fiercely. "There must be something behind what I see! Can you tell me the truth?"

Ye Xiao felt painful in the heart and spoke gloomily, "I truly don't want to talk about this. Perhaps I can explain it with only a few words, but I just don't want to talk about it at all."

The Moon Queen took a deep breath and said in a sharp voice, "You have to answer me today!"

Ye Xiao's voice turned cold. "Moon Queen, you are minding more than you should. Maybe I owe somebody an explanation, but you are definitely not included!"

His eyes shined with sharp lights. Apparently, the Moon Queen had touched the most painful area in his heart. His heart twisted, and the unbearable sore hit him in the heart.

He was like a beast that was pricked, unable to prevent himself from revealing his sharp teeth and venting the anger upon something else!

The Moon Queen seemed to be more painful in the heart. Her eyes were also sharp as she stared at Ye Xiao. She spoke in a deep voice, "I won't mind if it were something else. I shouldn't get myself involved in these things. However, I have to do this!"

Ye Xiao disdainfully looked at the Moon Queen and spoke in a heavy voice, "It's none of your business!"

It was a provoked challenge after extreme oppression!

As long as the Moon Queen responded with something provoking again, the fight would begin!

The Moon Queen took a deep breath. No matter how elegant and generous she was, what Ye Xiao said had annoyed her extremely. Holding down the idea of starting the fight, she bit her teeth and said, "It is... It is my family issue!"

"My family issue!"

She repeated, and continued, "I have to dig this out today! You have to give me a fair explanation! Otherwise..."

"Family issue?" Ye Xiao was shocked. "What family issue?"

He wanted to ask, [It is my family issue, not yours. Why do you do this?]

The Moon Queen took a deep breath and stared at Ye Xiao in the eyes. After a while, she took a deep breath out and said, "Yue Gongxue... is not only my disciple. She is my daughter! My daughter!"

Ye Xiao felt numb in the head and nearly screamed out.

Yue Shuang and Yue Han knew it, but they didn't tell Ye Xiao.

After all, it was the Moon Queen's privacy.

The two ladies wouldn't do such disrespectful thing to tell Ye Xiao.

"It is impossible!" Ye Xiao said angrily, "If she is your daughter, how could you take her away from her son? How could you imprison her for eighteen years?"

He sneered, "If she is your daughter, you must be the most special mother in the world."

The Moon Queen took a deep breath, trying not to rage up in the flaming anger. She held down the anger in her heart and took a few breaths, calmed down and spoke blandly, "I have a simple reason... There is no such thing as a decent man in the world!"

Ye Xiao sneered back, "What? Are you telling me your husband, your daughter's father, is a prick?"

"He is a piece of sh*t!" The Moon Queen growled in a deep voice. "He made me know how contemptible a man could be, so I decided not to let my daughter suffer the same misfortune!"

Ye Xiao took a deep breath and felt the mess in his heart.

He didn't want to admit it, but he believed the Moon Queen was telling the truth.

She didn't have a reason to lie about that.

It concerned her reputation. It was big.

The Moon Queen would never risk her reputation for such a joke!

"I have a few questions. I want you to tell me the truth." She stared at Ye Xiao.

Ye Xiao was soft at the moment, so he looked at the Moon Queen and weakly said, "Go ahead then."

"You are Ye Chongxiao of the Cold Moon Palace, aren't you?"

"I am!"

"Ye Chongxiao in the Town of Ye is you, right?"

"Yes, it is me!"

"Ye Nantian and Yue Gongxue's son, Ye Xiao, is you, right?" The Moon Queen kept pushing.

"It is me." Ye Xiao closed his eyes.

"What about Xiao Monarch? The Xiao Monarch who returned from death, are you Xiao Monarch or the young man Ye Xiao?"

"I am both."

"Are you the man Jun Yinglian has been loving deeply?"

"I am!"

The Moon Queen raged up. "Two different men! How could you be both of them? Tell me the truth!"

Ye Xiao painfully shook his head. "I am both of them..."

The Moon Queen was pissed, "Don't you fool me around! When Xiao Monarch died, my grandson is already fourteen years old! You are foreseen years late even if you were to be reborn as him! Tell me the truth! What is going on?"

Ye Xiao took a long sigh and didn't want to talk anymore. In fact, he didn't know what to say.

He didn't talk, but the Moon Queen wouldn't let him stop. She fiercely shouted, "Just explain it! What happened? Do Xue-er and Ye Nantian know the truth?"

Ye Xiao sighed. "I guess they do now."

The Moon Queen was shocked. "Then..."

Ye Xiao sat down and said, "Since you are so curious about the truth, let me explain everything. To be honest, I am going crazy having these things in my mind..."

He looked at the moon in the sky and made a long sigh.

The Moon Queen sat opposite to him and said, "Go ahead. I am listening."

"When I was attacked by the three factions, countless cultivators made their strikes together. Nobody could survive the power. Xiao Monarch died at that moment. The body was killed, and the soul was destroyed..."

Ye Xiao smiled bitterly. "I thought I was going to perish thoroughly, yet I didn't.

"I was alive again in somebody else's body..."

"As a top-level Dao Origin Stage cultivator, I didn't feel anything strange about returning to life through another's body. Even a low-level cultivator in Dao Origin Stage was possible to do it... However, I realized it was different in my case. My soul was destroyed. It was impossible to return to consciousness..."

...

[Realms In The Firmament](#)

Chapter 1374: Dead Knot!

Ye Xiao smiled bitterly. "In fact, your grandson was dead by then. He was poisoned... Otherwise, I would have been absorbed by him, not take over his body instead. However, I didn't know what was happening. I just woke up and saw the sky of another world..."

"The poison in his body was incurable in the Land of Han-Yang. I activated the last bit of my soul power to wipe the poison out. The body belonged to the weak, which meant I was a shrimp with almost no cultivation capability.

"It wasn't the worst after all. I became the Xiao Monarch from nothing. So I decided to restart as a man with nothing, cultivate again, climb again, rise again..."

He looked up and stared at the Moon Queen. "If I have a choice, I don't want to be somebody else's son. I am Ye Xiao! Xiao Monarch Ye Xiao! Do you understand?"

The Moon Queen was stunned. She knew what he was saying, but she didn't know if she understood it.

"I have been living my second life. Step by step, I climbed up faster than I expected... At the same time, I felt the love from Ye Nantian to his son deeper and deeper. I felt it. It is on me... In the end, I accepted the family, to be the young man they wanted..."

"As I said, if I can choose, I would choose not to enter this body. I didn't kill Ye Xiao... I took over the body, and I took over the love of a father. As Xiao Monarch, I have longed for love in a family. I can never repay the debt!"

Ye Xiao smiled bitterly. "When I accepted them as my parents, when I was ready to live as their new person... I was exposed... They are smart and intelligent people..."

"I know they are feeling extreme pain in the hearts... They thought I killed their son. They thought I robbed the body from their son and lied to them in their son's body. No matter how much I have done, nothing is more important than the fact that I have replaced their real son..."

He smiled. "Do you know? I am an orphan. I don't have parents... I have been living alone for a long time. I wanted to have a family so bad! Now I do... I am afraid... I don't want to lose them..."

"I am going to lose them after all. I won't get another chance like this!"

Ye Xiao stared at the Moon Queen. "I have answered your question. I don't think I owe anybody anything."

"However, I do have a few questions myself. I don't think anybody can give me an answer. Can you?"

"I don't understand. I have done something which followed my true feelings. I have done so much to get them together again. If not for me, Ye Nantian wouldn't be able to return to the Qing-Yun Realm. If not for me, Ye Clan would have been destroyed. If not for me, Yue Gongxue would still be imprisoned. If not for me... I... What am I talking about? These are what I should do. I didn't mean... I didn't mean it... I just don't understand... Why? Why do they only see the fact that I have replaced their son, but didn't see all those I did as their son?"

Ye Xiao laughed bitterly and fiercely said, "What should I do?"

The Moon Queen sighed. She didn't know what to say.

The body was her grandson.

Yet the soul wasn't.

Perhaps the soul was inside him for some time but left in the end.

She couldn't accept Ye Xiao as her grandson, but she couldn't deny that he was her grandson!

She couldn't deny what Xiao Monarch had done for Ye Nantian and Yue Gongxue. If not for this young man, things would go along the old track—Ye Clan destroyed, Yue Gongxue imprisoned, Ye Nantian expelled out the realm...

If Ye Xiao were still the useless young man, he wouldn't be able to do any of the things Xiao Monarch had done!

She didn't know what to say.

"Afterward..."

"Afterward..."

Ye Xiao and the Moon Queen both spoke the same word and stopped at the same time.

They looked at each other and fell back to the awkward silence.

There was no hate, no grudge, and no doubt in the Moon Queen's eyes anymore, but Ye Xiao was still just a stranger to her!

Ye Xiao looked at the Moon Queen, who was his grandmother, and he felt pain in the heart. However, he was enlightened.

"There is nothing afterward." Ye Xiao peacefully stood up as if a bleeding wound suddenly disappeared. He turned around and blandly said, "My parents... Ahem... They have a new kid... They will have their own son."

"The kid will be born very soon."

He walked out in a stride, his voice sounding, "I... maybe... perhaps... I am sure there is no afterward for me..."

The Moon Queen was stunned. She watched him walk away farther and farther.

The shadow of his back looked lonely.

It was solitary.

It felt like he was abandoned.

She wanted to comfort him, but she couldn't say a word.

She understood how Ye Xiao felt.

He was full-heartedly loving Ye Clan and his parents. The Moon Queen knew it. She believed it.

However, she didn't know where he should be in this relationship.

The reality was cruel. Even though Ye Xiao wanted to be Yue Gongxue's son, did Yue Gongxue accept him as her real son?

Was it possible?

No!

The Moon Queen knew her daughter so well. Even though Yue Gongxue could accept the fact that Ye Xiao took over her son's body, she wouldn't accept him as her son.

When the Moon Queen knew that the young man in front of her was her grandson's body, she couldn't feel any closer to him. All she could feel was cold and doubt.

The cold and doubt only hurt him even more.

He had lost hope on this.

It was a dead knot!

It was a problem nobody could solve!

...

[Realms In The Firmament](#)

Chapter 1375: Foe of Fate

Ye Xiao strode backward.

Every step made him feel higher in power, so he was more and more determined.

Finally, he was back to the camp.

He quietly stood before the door, shook his head, smiled ambiguously, and then entered the camp.

Jun Yinglian and the others were watching the fight. Even Han Bingxue had gone with her.

Ye Xiao was alone in the camp.

He sat on the chair and was lost in thought for a while. Suddenly, he spat out a mouthful of blood. He was severely stricken and oppressed and finally couldn't help spitting out blood from his heart.

After that, he waved a hand, and the bloodstains were all gone.

He lied down on the large main chair, gasping, feeling tired. He couldn't help closing his eyes, trying to relax. In the end, he fell asleep...

He was like an injured kid, who couldn't find consolation from anybody.

When he was asleep, a drip of tear ran out of his eyes.

...

[It's not mine. It never was.]

...

On the other hand, Li Wuliang and Xue Danru were having a tough fight!

Jun Yinglian and Xuan Bing were both surprised.

Before the fight, the two of them thought that Li Wuliang wasn't Xue Danru's match.

Xue Danru had been a supreme cultivator for a long time, almost equal to Wu Fa and Xuan Bing. Even the leaders of the two great halls, even the Moon Queen, were below Xue Danru!

Li Wuliang had the fame of Fierce Blade with the peak Dao Origin Stage cultivator, but he was an independent cultivator after all. If the great elders of the three factions had joined the fight to kill him, it wouldn't have become such a complicated story.

He had greatly improved in cultivation after three years of being mission, but there was a limit to his improvement. No matter how powerful the fruit was, it had limited influence on a Dao Origin Stage cultivator. Xue Danru should still be stronger than him in any case.

In other aspects, Xue Danru was all better than Li Wuliang. She had the legacy of many unique martial arts from the sect. She surpassed Li Wuliang in all aspects. It would be Li Wuliang's success not to be defeated so fast!

However, the truth turned out to be different. Li Wuliang seemed to be enjoying the fight! He was suppressing Xue Danru.

Under the attacks of Li Wuliang's impossible-to-miss saber strikes, Xue Danru could only manage to defend herself. There was nothing she could do to attack.

At the beginning of the fight, she still had her chances to attack while defending, but after that, she hadn't stricken out one attack at all.

Xuan Bing and Jun Yinglian were both shocked.

However, Han Bingxue, Yue Shuang, and Yue Han seemed to be indifferent about it!

No matter how powerful Xue Danru was, she was just a little bit stronger than either of Yue Shuang and Yue Han. If Shuang and Han fought together, Xue Danru couldn't be their rival. Li Wuliang definitely would be defeated by the two ladies, but he could at least handle about a hundred moves. Xue Danru would never stand a chance to defend when she had to face the two ladies. Besides, she didn't have the capability of moving technique like Han Bingxue's Tittle Phase. Although she had plenty of martial arts, she couldn't do anything to fight against Li Wuliang's impossible-to-miss saber attacks!

Therefore, the truth was that Li Wuliang overwhelmed Xue Danru in all aspects. It was already incredible for her to hold the fight on for such a long time. Li Wuliang winning the battle was expected!

Xue Danru was furious at the moment.

[This... This is such a disgrace!]

Li Wuliang's saber moves were fierce and aggressive with the impossible-to-miss attribute. Xue Danru felt powerless facing Li Wuliang's unreasonable attacks. All she could do was dodging and dodging.

As she kept escaping Li Wuliang's attacks, he moved more and more aggressively.

Toughness didn't remain, while softness stood strong. Before Li Wuliang stopped the aggressive strikes, Xue Danru showed flaws in her defense!

- Pah! -

She didn't manage to dodge, so she got hit on the shoulder by Li Wuliang's palm strike and staggered.

Li Wuliang laughed loudly and marched forward to continue the attacks.

Xue Danru shouted, operated a full-range counterattack.

Li Wuliang's palm attack didn't hurt her for real. It didn't even crack her energy shield. She was totally unharmed, but it was true that she got hit. She just couldn't accept the fact that she was hit!

Li Wuliang's impossible-to-miss attacks were tough and aggressive. It consumed a lot of his energy. If Xue Danru kept dodging for about five hundred rounds, when Li Wuliang couldn't restore enough energy to continue the aggressive attacks, she had the opportunity to fight back. Unlike his attacks, Li Wuliang's defense was terrible. If Xue Danru could make a couple of attacks, he would be defeated. However, as she got hit and got angry, she started to attack too early. Li Wuliang still had more than enough energy to fight tough. Things were getting worse for the lady!

- Pang, pang, pang... -

Both sides were attacking, which made the fight wonderful to watch. Li Wuliang got hit several times but seemed to be fine.

After getting hit, he actually waved his hand and hit Xue Danru again. However, this time, the palm landed on somewhere unspoken. It hit her butt!

The sound of the palm hit was touching, and also embarrassing.

For Xue Danru, it was such a huge humiliation. She actually got humiliated when Xuan Bing was watching. It drove her mad, "Li Wuliang, you disgusting bastard!"

Li Wuliang angrily shouted, "Xue Danru, mind your language! You are a lady, so I didn't really hurt you. I just tap on you, because I am a gentleman. How could you call me that? What? You, women, talk like you can do anything men can do! Are you telling me we can't touch you in the fight? What is this? You want to make all the rules, don't you?"

He was truly pissed, even angrier than Xue Danru. The next moment, he dashed forward under Xue Danru's attacks. He was actually heading on Xue Danru's attacks by his body, and then he reached his hand...

- Pah, pah, pah, pah... -

It was on Xue Danru's butt for over ten times. He shouted, "I just slapped on your butt! What are you going to do?"

...

[Realms In The Firmament](#)

Chapter 1376: Why Do I Need a Wife?

"What are you going to do?"

Li Wuliang was furious. As he asked Xue Danru, he spanked on her butt a few more times.

Xue Danru was embarrassed, yet powerless. Suddenly, she made a shout and spat out a mouthful of blood. The next moment, she became weak and soft and then fell down.

Li Wuliang was frightened, hurriedly caught her in the arms, and said, "I didn't put forth any strength... I didn't..."

Xuan Bing and Jun Yinglian were both shocked.

They had the same feeling... [That... That is unbelievably weird, isn't it?]

"You fool! She passed out because of anger!" Jun Yinglian was speechless and anxious, "Just disentangle the flows in her Jing and Mai! Otherwise, she may suffer a mess inside her and go reverse in cultivation."

Li Wuliang was in a muddle. "Oh, I see..."

Without hesitation, he pushed Xue Danru's chest with one hand while rounded the other hand on her back. He was ready to pour energy into her body to help her sort out the energy flows.

Jun Yinglian and Xuan Bing saw that, and both held their foreheads.

They were totally speechless.

Han Bingxue, Yue Shuang, and Yue Han were all shocked by the scene!

"You prick..." Xuan Bing widely opened her eyes and stared at him. "Who told you to put a hand on her chest? She is a lady! Don't you know how to act like a gentleman to a lady?"

Li Wuliang said, "What are you talking about? Her spiritual qi is rushing up, hurting her Jing and Mai, damaging her dantian! I have to pour energy into her through this spot! Don't you understand such a simple fact? Are you really a supreme cultivator?"

Xuan Bing was angry. "I know! You don't know what I am talking about... You..."

That was when Xue Danru groaned and woke up. She woke up and felt a big warm hand on her chest, passing heat into her heart. A stream of tough and powerful spiritual power was getting into her body aggressively.

Suddenly, she didn't know how to react to it. As she looked up, Li Wuliang's big face appeared in her sight. Her heartbeat stopped, and she blushed. Then she remembered the hand on her chest but actually forgot to curse in rage.

"Look, she is awake." Li Wuliang shook his head and laughed, "The truth proves me right. My way is the best way."

Xuan Bing and Jun Yinglian were both speechless.

[You poured the energy into the right place at the right time. Of course it works! But that is not we are talking about! It is not about how to bring her back to consciousness! What the hell is in your mind really?]

[Our point! Our point!]

[Do you know what our point is?]

However, when they saw Xue Danru, they were surprised.

[That's... That doesn't seem right.]

"Ah..." Xue Danru finally burst with an exclamation. She actually threw Li Wuliang's hand out and jumped up, gritting her teeth, "Li Wuliang... You disgusting bastard! You are never going to get away from this!"

Li Wuliang laughed out loud and spoke, "Truth to be told, I am never afraid of having more enemies! Hahahaha..."

Then he cracked a long wave of laugh again.

Xue Danru's face was all red. She was shocked and couldn't say a word.

Xuan Bing was speechless.

She had been fighting Xue Danru for many years. She knew Xue Danru more than anybody else. Xue Danru must have an extremely complicated feeling in the heart. Other than that, she might have gotten a special feeling for Li Wuliang, which was ambiguous...

However, she didn't know what to do about it, so she scolded at Li Wuliang!

Xuan Bing knew what might have been going on, but she was speechless for Xue Danru.

[She said that only because she was too bashful and embarrassed...]

[Ah... The worst thing for a woman is to meet a simple-minded man like Li Wuliang.]

Xuan Bing was gloating on it though.

[This is unexpected. Xue Danru actually has her moment... Humph...]

Xue Danru was panic-stricken, and Xuan Bing felt good to see her this way. [This man that you are approaching is way below my master's league... Two men in two completely different leagues. The appearance, the cultivation, the personality...]

Xuan Bing didn't say a word but felt pretty delighted in her heart. Jun Yinglian was different.

As a woman who once loved a man unrequitedly, she seemed to pity Xue Danru. In fact, they were in an entirely different experience, but there was something in common after all. They both loved somebody who didn't love them back!

Jun Yinglian frowned and said, "Li Wuliang, come on, you said you are a man! How could you do this to a lady?"

Li Wuliang was confused, "What? What did I do? Why do you say so?"

Jun Yinglian was pissed, angrily said, "The lady is pure... You... You laid your filthy hands on her... What do you think you are doing? As a supreme cultivator, don't you know some common senses about women?"

Li Wuliang rubbed his head and said, "What do you want to say? Why are my hands filthy for you? What common senses are you talking about? Am I supposed to know everything you want me to know? I have been traveling the world for many years. One saber is all it takes for me to deal with anybody with hostility. Let me make it clear. I did try not to hurt her in the fight. I wasn't even pushing her. If I pushed a bit aggressively, she would be seriously injured. You should all know how lucky she is. How could you keep nagging me like this... Women..."

Jun Yinglian, Xuan Bing, and Xue Danru were all pissed.

They just couldn't believe there was actually such a stupid man in the world.

Xuan Bing felt lucky that Ye Xiao was much better than Li Wuliang, even though the two men were in the same league!

Jun Yinglian felt lucky too because Ye Xiao didn't love her back just because of the special martial art that he had cultivated. However, Li Wuliang was more like having a mental illness!

Xue Danru was angry but also relieved. She thought, [Does it mean... in his life, he has never been with any woman?]

Jun Yinglian asked without hesitation, "Li Wuliang, haven't you been with a woman before? You are this old after all."

[How could he be so stupid?]

Her question actually brought out an unexpected truth.

Li Wuliang laughed and said, "I feel satisfied with my Fierce Saber! Why do I need a wife? For decoration?"

...

[Realms In The Firmament](#)

Chapter 1377: Explanation!

The three ladies were all awkwardly speechless.

"What are you talking about? Do you really think you don't need a wife just because you have your weapon?" Jun Yinglian was shocked and angry. "Do you mean your Fierce Saber is as important as your wife? Do you mean you sleep with your weapon instead of a woman?"

Li Wuliang said, "How can a woman be as important as my Fierce Saber. Holding my weapon is much better than holding a woman! Do you really have to ask me this? We both know the answer!"

The conversation was awkward to go on.

They couldn't continue anymore.

If Li Wuliang weren't Ye Xiao's good friend, Xuan Bing and Jun Yinglian would rush over and beat him up really hard!

Not only Jun Yinglian and Xuan Bing, but the sisters, Yue Shuang and Yue Han, also couldn't endure Li Wuliang's stupidity, either, even though they were still two single women. In fact, the two ladies had made up their mind to challenge Li Wuliang in a fight when they returned to the camp. They would beat him up really badly so that he understood his ignorance!

Even Han Bingxue was shocked. [Holy heavens! I never knew Brother Li was such a tough man like this. This is tough. He is going to piss off all the women in the world. He is going to ascend to heavens soon!]

Nobody knew that Li Wuliang could be so incredibly stupid, speaking out those foolish words.

He was not going to ascend to heavens, but to fight against the heavens!

Xue Danru was angry, embarrassed, and upset. She jumped and raged up, "Li Wuliang, you despicable filthy dog! You... You..."

Li Wuliang was pissed, "Why the hell do you think I am despicable and filthy? How could you say that? I saved your life just now! If I didn't show you mercy in the fight, you would have died! If I didn't save you in time, you would go mad and be weakened in cultivation for sure! After all that I did, you actually shout at me with those vile words! You... You are such a vile woman..."

Xue Danru opened her mouth, staring at him, shaking, gritted out one word, "You..."

"Me? What?" Li Wuliang shouted, "I have fought thousands of battles in my life. I never surrender! I am righteous and honest! Whatever you say, you can't call me despicable and filthy! I won't accept it!"

That was some excellent powerful speech.

Xuan Bing and Jun Yinglian had the same thought—if any of them were Xue Danru, they would beat him up without more useless talks!

The two of them had made up their mind that if Xue Danru attacked, they would help her to fight Li Wuliang, women's enemy!

He did say something unforgivable though!

However, unexpectedly, Xue Danru didn't do anything.

She didn't get mad. In fact, her eyes showed some special lights. She actually softly apologized, "Hmm... I was wrong. I shouldn't call you that. You are not even close to those words..."

Xuan Bing and Jun Yinglian were both shocked.

Yue Shuang and Yue Han just kept their eyes widely open. Apparently, they didn't know how to react either.

[What the hell is going on?]

Han Bingxue was ready to leave to avoid getting involved in the mess, but he was stunned!

[What? Is this real?]

After that, Xue Danru felt the inappropriateness. [How could I suddenly become so soft on him?] So she blushed, and then asked fiercely again, "However, what happened today, you have to give me a fair explanation!"

Li Wuliang was annoyed, said in a deep voice, "It is all about me touching you to save you, isn't it? What explanation do you want? We are all cultivators, experts in cultivation. Don't you know why I would do it? At the very least... I did touch you many times in the fight... The butt, the chest... The... Come on, it wasn't the first time. It only takes one moment for superior cultivators to win a fight. You know what I mean!"

Xuan Bing and Jun Yinglian really couldn't endure hearing more of it.

Yue Shuang and Yue Han had held fists...

[Sister, I really want to rush over and kick him out!]

[I do too, sister!]

Han Bingxue was totally speechless. [Brother Li, you are truly the most shameless, and most idiot among the brothers... I am impressed. I am sincerely convinced. I have to be!]

Xue Danru's face was pale as a piece of paper, but suddenly, her eyes turned red. Holding her sword in hand, she rushed over and shouted, "This is going too far! I am not going to let you get away with this!"

It seemed she was utterly disappointed. She rushed forward like a mad tiger.

Li Wuliang was in a muddle, "Wait... Stop... You crazy woman... Stop... What are you doing? Are you sure? Fight me with your life? You are going to far... Screw it! I am not going to be afraid of you... Come on... I am not afraid! Ouch! You crazy woman... You bite... You... Ouch... Ah! Ah... It hurts..."

He was exclaiming in pain. Xue Danru kept rushing on him, ignoring the Fierce Saber. Li Wuliang didn't dare just to kill her with the saber. He surely wouldn't. So he drew back the weapon, trying to retreat. However, it was too late. He had stopped the impossible-to-miss power and the never-stop-forwarding dash, which meant Xue Danru was now better than him in all aspects. Luckily, Xue Danru had put away her sword immediately, started to beat him with bare fists.

Li Wuliang couldn't endure the loss, so he tried to fight back.

Xue Danru didn't dodge. Instead, she directly held him tight and bit him fiercely.

Li Wuliang exclaimed loudly in pain, "Holy f*ck... You there... How can you just stand there and watch... Just get her off me already... Ouch ouch ouch... Shhh... Ah... It hurts..."

Xuan Bing and Jun Yinglian looked at each other and said nothing.

Yue Shuang and Yue Han were speechless and shocked...

Nobody knew whether to laugh or to cry.

Xue Danru bit on Li Wuliang's ear and snapped, speaking through her teeth, "Now... Are you going to give me an explanation or not? You... You..."

"Ouch, ouch... What explanation... Ouch, please... Be gentle... My ear is going off..."

"You heartbreaker! You indelicate rat... You... You..." Xue Danru seemed to be more and more in high spirit. She kept biting the ear and didn't let go a bit. Weirdly, she spoke better and better when biting his ear, "You tell me what explanation it is..."

"Ah..." Li Wuliang exclaimed loudly. He couldn't do anything to fight back at all.

Xuan Bing and Jun Yinglian smiled and looked at each other. Dragging each other's sleeves, they quietly left...

Yue Shuang and Yue Han were leaving too. They also took away Han Bingxue, who was completely in shock at the moment.

...

[Realms In The Firmament](#)

Chapter 1378: Okay!

"What is going on today?" Jun Yinglian seemed to understand something but actually didn't. She said, "They hated each other for the first sight... They are just a pin against an awl. How come suddenly things become like this?"

Xuan Bing raised her eyebrow and said, "I think this is nothing weird. It is just like the day when you fell in love with Ye Xiao. More or less."

Speaking of Ye Xiao, Xuan Bing showed a complicated expression.

Jun Yinglian didn't notice it, but even if she did, she wouldn't know why.

"Ye Xiao and I?" Jun Yinglian blushed and said, "I don't see the comparability."

Xuan Bing sighed and said, "How is Xue Danru different from you and me? To be honest, women like us... How many men in the world can catch our attention? Xue Danru was no different. You have no idea. She is known as a ruthless, relentless, and cruel female cultivator. However, she is still a virgin..."

"There is some special feeling deep in her heart, but she would only keep it in the bottle. She never let loose of it." Xuan Bing blandly continued, "Year after year, she stayed alone, but looking forward to loving. She had to stay lonely. Although she doesn't look different after all the lonely years, her heart can't stay the same!"

"There are a lot of powerful people in the Qing-Yun Realm, but we are not weak, are we?" She continued, "However, for women, no matter how powerful we are, we have the soft side in our hearts. Especially... when we are in some trouble that is difficult to get through... we want somebody to count on..."

"It is the nature of women. Strong or weak, we can't change it.

"Xue Danru has been looking down upon all men in the world because no men could tame her. In fact, a woman like her will spend the entire life for love... Unluckily, Li Wuliang, this rude and stupid man, is the man who touches the softest part in her heart.

"Perhaps Xue Danru is going through a hard time of herself, so it reveals the softest part of her heart... By the arrangement of heavens, she met this overwhelming, tough, and strong man... They only met each other for a short time, but her instinct has convinced her..."

Xuan Bing bitterly smiled, "The heart of a woman is the most dedicate and mysterious thing in the world. We are women, but can we see through it?"

Jun Yinglian nodded and said, "I think you are right. What happened is unexpected, but reasonable..."

As the others had left, Xue Danru went even further, biting Li Wuliang and making him exclaim. "Give me an explanation..."

Li Wuliang almost cried out tears, "I... I... Ouch... What explanation do you need really?"

"You took advantages of me like that... You were rude... Now you are asking me what explanation I need... Are you serious?" Xue Danru was mad and bashful at the same time.

Li Wuliang kept holding his ears, "Please make it clear for me... What exactly do you want me to do?"

Xue Danru was even angrier, "How do I know what you do to explain? I don't care! I am not going to let go of this unless I feel satisfied!" She kept snapping.

Li Wuliang was awkwardly embarrassed, shouting loudly, "It is unavoidable to touch each other in a fight... I just tapped you a few times... What explanation can it be to satisfy you? You have been biting me like this. Don't you think it is even now? You have taken advantage of me even more! Don't you think you should be satisfied now?"

His real and only thought in his mind was that this woman was impenetrable.

"Where do you think you touched me on? Me taking advantage of you? What did you say?" Xue Danru was totally mad, "Do you really think it is appropriate to fight like what you did? You absolutely took advantage of me on purpose! You masher!"

"Who on earth would want to take advantage of you? I was trying not to hurt you!" Li Wuliang was mad too. [Why does this woman not know I was being nice to her!]

"I didn't take advantage of you! I never take advantage of women!" He was exasperated.

"You touched me!"

"I didn't!"

"You did!"

"I didn't!"

"How dare you! You did touch me..."

"Ouch... Ouch ouch..."

Li Wuliang was furious, "If you keep biting me... then you are forcing me to hit you..."

"Come on! Why not? Hit me if you dare!" Xue Danru's eyes looked flaming.

Li Wulaing submitted, "Fine! Fine... What can I do to give you the explanation you need? Just tell me what to do!" The only feeling he had was that he should definitely give in to survive an unreasonable woman.

He thought, [I will never fight a woman ever! This is horrible!]

[It was just a fight! I showed her mercy! I even saved her afterward! Why does she have to keep getting on me like this...]

"I really am curious... As such an unreasonable woman, how did you become the prime master of the Ice Cloud Palace?"

Xue Danru angrily said, "It is none of your business! What explanation are you going to give me?"

Li Wuliang sighed. "Treasures. How about some treasures?"

"No!"

"Inner cores of some spiritual beasts..."

"No way!"

"Crystal rocks! Call a number, and I won't bargain..."

"No, no, no, no, no..."

"What do you want then?" Li Wulaing raged up. "Damn it! No, no, no... What do you want from me? For heaven's sake, why don't you just be my wife! How about that? You get everything of me! Is it enough for an explanation? Why don't you just take that, huh?"

Apparently, he honestly didn't know what he could do, so he started to talk nonsense.

"That will do!"

Xue Danru blushed and gave a quick answer.

"What..."

Li Wuliang was numb.

Rubbing his head, he spoke like he was in a dream, "What... What did you say?"

Xue Danru's face was all red. She stared at him and said, "I said that will do! Are you deaf?"

Li Wuliang was totally lost, "What did I say? Oh right... I said... I said why don't you be my wife... Wife... Oh..."

"That's right! I heard it! That will do!" Xue Danru was more and more bashful. "That's it!"

"Well... You will... have to warm the bed for me... serve me..." Li Wuliang couldn't believe it, staring at Xue Danru, "Are you sure?"

Xue Danru bashfully bit her lips and said, "You heard me! That will do! You belong to me now!"

Li Wuliang rubbed his muddled head, pinched his own leg, murmured, "What... I am not dreaming, am I? Did this woman go nuts when she passed out earlier? Is she insane?"

...

[Realms In The Firmament](#)

Chapter 1379: Mistress?

Xue Danru pinched him. "I don't care. You said it, so you do it... Humph. If you dare to change your mind, break your words, I..., I will..."

Repeating 'I will' many times, she still couldn't think of the words to continue, so she humphed to put an end to it. She said as if she was annoyed, "Nerd! Why are you still standing there?"

Li Wuliang rubbed his own head and said, "I... I am lost."

Xue Danru humphed and moved forward a little, blushing, and then gently touched the ear which was bitten really hard. "Does it still hurt?"

Li Wuliang grimaced in pain, "Let me bite your ear like this and you will know if it hurts... Ouch..."

Xue Danru moved her head over and said, "Go ahead. Bite it then..."

Li Wuliang awkwardly stepped back and stopped. He slapped on his own head and said, "Holy heavens! You just said you would be my wife, didn't you? I didn't hear it wrong, did I? Are you serious? It's not a joke, is it?"

Xue Danru blushed and bravely said, "No, it isn't! Who would joke on such a thing?"

Li Wuliang was a bit numb, but then laughed out loud, stepping ahead, holding the lady in his arms, shouting loudly, "You are my wife, so I don't need to be afraid now..."

The next moment, he directly kissed on Xue Danru's small mouth impetuously with his big mouth.

Xue Danru started shaking and tried to resist it, "No... Not now... No..."

"Humph! Do you think you still have your say on this?" Li Wuliang overwhelmingly covered her lips with his own, "You are my wife. I can do whatever I want to you..."

Xue Danru's entire body was limp and numb, speaking in a soft voice, "But..."

"You don't get to say but!"

Li Wuliang held her up with two hands and then put her on his shoulder. He stopped and asked, "Let me ask you one more time. Are you serious? Do you really want to be my wife?"

Xue Danru's eyes were winking, and she said with a humph, "You have lived in Qing-Yun Realm for a long time. Have you ever heard about Xue Danru breaking her own words?"

Li Wuliang laughed out loud, "Good! Nothing else to say then. You are not married, me neither. Today you promise to be my wife, then I promise that you are my wife now!"

Holding the lady on the shoulder, he started to stride back to the camp like a general who just won a battle in the war.

Xue Danru stayed on Li Wuliang's touch and large back, feeling his strong muscle on the back. Every step of him, his robust body moved like he was crossing mountains and oceans.

It was the spirit of a hero that he was born with!

Xue Danru couldn't help being fascinated with it.

Automatically, she was holding his big waist with both hands.

She blushed but had the sense of safety that she never had before.

[I have been living in Qing-Yun Realm for many years. Now I finally have a man I can rely on for my life.]

[It is such a feeling of happiness.]

[I am so happy!]

[I am so so happy!]

The wind in the night breezed. Xue Danru, a supreme figure in Qing-Yun Realm, the prime master of Ice Cloud Palace, one of the three great palaces in the world, was lost in love.

She was like in a dream that she had longed for, which lingered on her heart!

...

Something good, something bad.

Things weren't always good. Li Wuliang unexpectedly got himself a wife, while Ye Xiao was on his troubled mind, which had never been worse before.

He didn't drown his sorrow in the liquor or do anything like that to escape the reality. He only returned to his camp and tried to sleep.

He had never fallen asleep like this. No matter what happened, when he was sleeping, he always kept himself partially awake. He wouldn't fall to full asleep ever.

After all, the martial world was full of danger.

However, he was exhausted both physically and mentally. The feeling of powerlessness wrapped his heart.

To face a dead knot, there was nothing he could do but sighing, no matter how powerful he had become.

Dismally, he fell asleep, off guard.

One thought kept striking him in the head—leaving this world for somewhere nobody could find him.

Ye Xiao had lower his guard into the lowest point. Any cultivator who had the capability only to break his protection energy shield could have cut off his head right now. Ye Xiao wouldn't be able to strike a counterattack by his cultivator instinct, because even his cultivator instinct was off!

...

Outside the camp, two ladies were approaching with laughs.

"It seems Xue Danru is oddly in estrus..." Xuan Bing said, "Well, she has fallen for Li Wuliang. It is not a bad choice after all."

Jun Yinglian smiled. "Well, you and Xue Danru have been enemies for so many years. You two started to fight each other since not long after you were recruited... Now that Xue Danru has found herself a destination, a good man Li Wuliang, don't you think you are in need of something urgently?"

Xuan Bing seemed to blush. "Well... About that... Ahem..."

She didn't know what to say.

What could she say? Should she lie that she didn't know that she needed love?

Should she be honest about having a boyfriend already? Could she be frank about it?

Jun Yinglian would ask about the boyfriend!

What should she answer? Should she say that her boyfriend was exactly Jun Yinglian's man?

Oh no. [Help!]

Jun Yinglian was surprised. She said, "Sister Xuan Bing... Are you bashful about it? Why? Do you already have a man?"

Xuan Bing coughed and felt the heat on her cheeks. "Hmm... I actually do... You will be surprised."

Jun Yinglian blandly smiled and said, "I believe your man must be a great man in the world. However, I won't be surprised, unless it is Ye Xiao."

Xuan Bing awkwardly laughed and got the topic over. She honestly didn't know what to do now.

She couldn't rival Jun Yinglian on many things, including the time they spent with Ye Xiao, and the relationship with Ye Xiao. However, there was one thing she might be better than Jun Yinglian. She had already 'done it' with Ye Xiao, while Jun Yinglian was still a virgin. Was it an advantage?

It seemed so. However, that was the typical advantage of a mistress, the third party... In fact, she was the third party. Uncle Song, Song Jue. had said it once. She was Ye Xiao's concubine. Well, then she wasn't going to steal the show of the First Lady... However, she didn't feel right about it anyway!

...

[Realms In The Firmament](#)

Chapter 1380: My Concubine!

Xuan Bing and Jun Yinglian had gotten close to Ye Xiao's camp.

Both of them felt something wrong at the moment!

In fact, it was not something wrong, but seriously wrong!

They actually heard the sound of snoring slowly and resounding. Ye Xiao was deeply asleep. Only when a man was deeply asleep could he make such a snoring sound.

The two ladies looked at each other and knew that something was wrong.

If Ye Xiao were in the camp, he would have noticed the two ladies before they got any closer. It was impossible that Ye Xiao didn't notice their arrival.

Even if Ye Xiao was only in Sky Origin Stage or Spirit Origin Stage, he should be better than this on vigilance.

Xuan Bing knew best of it. In Land of Han-Yang, no matter what happened, when he was asleep, anybody approached him with a hundred meters, he would wake up in alert and be ready to react.

However, the two ladies had arrived at the door, yet he was still snoring!

Was he attacked?

It wasn't quite possible, because nobody in the world could get him with sneaky attacks. However, there was another possibility...

The two ladies looked at each other and saw fear in each other's eyes.

It was not Ye Xiao snoring in the camp... Who was it?

The two ladies were sweating, rushing into the camp with an exclamation at the same time.

However, they were both shocked when they rushed in.

It was Ye Xiao in the camp.

However, he was still asleep, even after the two ladies breaking in. He was lying on the bed, peacefully sleeping as if he couldn't hear a thing.

"What is going on?" Jun Yinglian was frightened, "Why does he sleep so deeply? How could he?"

Xuan Bing couldn't hide her concern for Ye Xiao at this very moment. She moved over to the bed like a whirlwind, staring at the handsome face of Ye Xiao, couldn't help shaking. After a while, she narrowed her gaze. She captured something different on Ye Xiao's face. It was the stain of tears.

However, she couldn't understand what on earth could make the world's most powerful man, Xiao Monarch weep in tears?

She was shocked and painful in the heart.

Jun Yinglian also realized it, and she was heartbroken too, murmuring, "He cried... He actually cried...Why? What is it that makes Ye Xiao cry..."

Her body was trembling.

Suddenly, she raised up her head and looked at Xuan Bing, "Could it be..."

"What? What is it?" Xuan Bing was worried.

Jun Yinglian wanted to say something, but she saw how anxious, heartbroken, worried, and caring Xuan Bing was... It felt like Xuan Bing was willing to give up the entire world for Ye Xiao.

For Xuan Bing, there was nothing more important than the man on the bed at the moment!

That was it!

Jun Yinglian was shocked, and somehow, enlightened!

It wasn't a strange feeling for Jun Yinglian. In fact, she believed that she had the same expression on the face with Xuan Bing... However...

[Xuan Bing... You...]

[Is it... Is Xuan Bing's man... Ye Xiao?]

[Otherwise, why would she be equally anxious as I do?]

[She was known as a cold and distant female cultivator in the world... Since when is she ever worried for others?]

[Since when is she heartbroken for somebody?]

Suddenly, Jun Yinglian was lost.

She believed her own conjecture!

She just didn't know why.

Ye Xiao had told her about his women in Land of Han-Yang. One was Yue'er while, the other was Bing'er. Yue'er was Su Yeyue, the former Ye Xiao's fiancée, who had gone to a faraway world for Ye Xiao's survival. Bing'er was his maid, who had been missing. However, Jun Yinglian didn't understand why there was a third woman! Did Ye Xiao had a woman who was named Bing again?

If not that Ye Xiao was in a weird situation, Jun Yinglian would grab him up and force him to talk. She wanted to know when he had hooked up with Xuan Bing!

Xuan Bing rushed over to the bed and reached out her hand to hold Ye Xiao's chest. A stream of pure spiritual energy was running into Ye Xiao's body most softly.

Xuan Bing was great in cultivation. When she started to pour the energy, she realized it was wrong...

There was nothing wrong about Ye Xiao.

He was unharmed.

However, that didn't make sense. Why would he so deeply asleep if he was fine?

That was when Ye Xiao suddenly woke up and opened his eyes. He made a long sigh and then got surprised as he exclaimed excitedly, "Bing'er... Why are you here?"

Xuan Bing was in a muddle.

She realized that she didn't use the dark fog to cover her face when she rushed in. It was reckless.

Now, Ye Xiao had seen her face!

Xuan Bing was Bing'er!

"Bing'er? Bing'er?" Jun Yinglian murmured, staring at Xuan Bing.

[Bing'er?]

[Since when does anybody get to call Xuan Bing Bing'er?]

[It sounds pretty close and dear!]

[I have never heard that Ye Xiao and Xuan Bing have ever been together...]

[Ye Xiao had told me that he has a woman who is named Bing-er. It is his concubine. It can't be Xuan Bing! What is going on?]

Ye Xiao grabbed Xuan Bing's hand and gladly said, "I have never thought you would come. Finally, you return to me. Have you heard that I defeated Wu Fa? Is that why you came? Hahaha... I am good, am I not? You little girl!"

[Little girl?]

Jun Yinglian was awkward and shocked!

Ye Xiao was so happy to see Xuan Bing that he actually forgot the sadness in his heart.

"Xiao Xiao... What... What is going on? Do you know what you are talking about?" Jun Yinglian was totally lost in the muddle, so she asked.

"Lian Lian, come on. Let me introduce." Ye Xiao was smiling, holding Jun Yinglian's hand, "Lian Lian, I told you before... When I was in the Land of Han-Yang, I had a concubine, Bing'er."

"Bing'er? Your concubine?"

Jun Yinglian was stunned!

...
