Chapter 1381: Do You Know?

Jun Yinglian was brilliantly smart, but she was still muddleheaded at the moment. She couldn't understand what was going on anymore.

The supreme cultivator, one of the most influential figures in the world, the recognized Female Devil, actually became Ye Xiao's concubine in Land of Han-Yang.

Bing'er was Xuan Bing!

Wasn't it unbelievable? Wasn't it mysterious? Wasn't it unimaginable?

"You... This is..." Jun Yinglian felt like her head was full of knots.

Ye Xiao was just awake from a deep sleep, so he was still a little bit dazed. He didn't notice the weird expressions on the two ladies' faces. Nor did he noticed that this Bing'er was exactly the great cultivator Xuan Bing. He only gladly said, "Bing'er, didn't I tell you that I have two women before you? This is one of them..."

Xuan Bing was in a muddle, blushing and murmuring, "I... This... That is... I..."

"Why are you still bashful about this, little girl? We are a family now. We will spend the rest of our lives living together. Hmm... When I found Yue-er, the four of us will never leave again."

He continued, "Bing'er is a gentle, compliant girl. Lian Lian is also a reasonable and sensible lady. You two finally have this chance to meet each other. It is a shame Yue-er isn't here. However, this is a great gathering of us today."

He was full of joy at the moment. Whatever that had troubled him was now gone away entirely.

He had never thought that the long-lost lady, Bing'er actually returned to him in this crucial time of the martial world. After all, he had spent quite some tough time to look for her but failed.

Ye Xiao sighed and thought, [It is such a great thing to be famous. It feels so good to be the man who defeated the world's most powerful cultivator. Whoever is behind Bing'er, no matter what clan she is from, they must know who I am now, so Bing'er is allowed to come back to me!]

"By the way, Bing'er, what clan do you belong to? Why did you just leave without any notice? Was Uncle Song correct, that your people took you away?"

Ye Xiao smiled and said, "It is fine if you had to leave, but why didn't you at least leave me a note. You just disappeared without a sign. I have been worried about you for a long time. If not that Uncle Song kept convincing me that we would meet again, maybe I would have..."

Xuan Bing's hand was tightly held in Ye Xiao's hands. Listening to Ye Xiao's words, she blushed and felt her body heating up. What Ye Xiao was saying embarrassed and disgraced her badly in front of Jun Yinglian.

However, she actually couldn't come up with a single thought to resist this man. She couldn't even make up her mind to get rid of his hands.

With her head low, she mumbled, "I... I..."

She mumbled for quite a while yet couldn't complete a full sentence.

Jun Yinglian finally lost control.

"Is she Bing'er? Xiao Xiao, just be honest to me. What is going on with you?"

She angrily said, "I am lost! What... This is absurd... How... Who can explain this to me..."

Ye Xiao smiled and said, "What... What do you need an explanation for? Bing'er is my concubine. She served me a long time in Land of Han-Yang, but then she was gone. Uncle Song said that she must belong to some great sect or great clan. Perhaps she went to Land of Han-Yang by accident, so she was taken back to this world by her people... Now I am a famous person. Her people must get to learn about me, so they finally allow her to come to me. Lian Lian, you are a smart girl. How can you not understand it? Isn't it reasonable? It all makes sense, isn't it? What explanation do you want?"

Jun Yinglian held her own forehead and groaned, "Oh... I am going crazy..."

Ye Xiao finally noticed that something might have gone wrong.

He lowered the head and looked at Xuan Bing, who was shaking with a lowered head. Then he looked at Jun Yinglian and said, "Wait... Did you two... have a fight for me?"

Xuan Bing and Jun Yinglian looked at each other, with weird expressions in the eyes, which normally couldn't be seen in their eyes.

Xuan Bing had never been so nervous, helpless, and powerless. In fact, it even looked like she was begging. Jun Yinglian's eyes were full of surprise. She just couldn't believe what was happening. Things became absurd and ridiculous in her eyes.

[How could such ridiculous thing happen in the world?]

[I truly can't understand it!]

[How is this possible?]

In fact, not even one in a million people would believe such a story.

However, it was happening right in front of her eyes.

Xuan Bing, the great elder of Misty Cloud Palace, the world's most powerful Female Devil, who was as powerful as Wu Fa... became Ye Xiao's concubine when he was just a foppish young man with the weakest capability. Really?

Was she really obedient?

Was she really gentle and soft?

Was she really compliant and submissive?

Jun Yinglian was going crazy.

Were those words even possibly related to Xuan Bing?

Things sometimes could be really weird in the world!

Ye Xiao said, "Bing'er, Lian Lian is the first lady, who is easy to get along with. Just try to be submissive to her..."

Xuan Bing kept her head low. Jun Yinglian was speechless.

Ye Xiao had been so frank that he had explained everything, but the two ladies still seemed to be confused. He said, "What is going on with the faces of you? I don't think you are narrow-hearted people. What happened?"

Jun Yinglian's face twisted and she speechlessly said, "I understand what you want to say. I am not being narrow-hearted... However, I just can't imagine how the two of you end up with each other?"

She said she understood, yet then she said she didn't. It seemed she was being self-contradictory, but she knew what she was saying. Xuan Bing understood her, and that was why she was even more bashful. Ye Xiao was the only one who didn't get it!

"We two? Didn't I explain everything to you?" Ye Xiao was speechless.

[I had a concubine in the lower realm. That is all. Why do you have to get to the bottom of it?]

Jun Yinglian was speechless, and said, "Do you know..."

"Cough cough cough..." Xuan Bing started to cough loudly.

Jun Yinglian stopped talking immediately but still couldn't stop feeling absurd about it.

"Did I not make it clear? I was in Human Origin Stage. I was weak like a tiny shrimp..."

Ye Xiao seemed to recollect details in his memory, apparently couldn't remember most of it. "It was a rainy day, with thunderclaps and lightning in the sky... I found Bing'er, who was blank in cultivation, and she was not in a good health condition..."

...

[Realms In The Firmament](#)

Chapter 1382: Wife and Concubine

"She was a little girl. I should surely save her. When she was recovered, I found that she had lost her memory because of the injury on her soul... She couldn't remember her name, or where she was from..."

Ye Xiao warmly smiled, "Bing'er was like a little fool, staying with me all the time. She would feel sad if she left my side..."

[Little fool...]

[The world's most powerful Female Devil...]

Jun Yinglian's mouth was twisting. Ye Xiao was speechless, but she was more speechless. When she looked at Xuan Bing, she couldn't help having ridicule in the eyes.

Xuan Bing only felt like she just got stricken by a bolt of lightning in the head. She was dizzy and muddled. She didn't know what to do, or what to say, so she just sat by the bed and kept her head low.

It was totally like a maid who committed adultery with her master and got caught by the lady in the family. She seemed to be obedient and frightened at the moment.

"She was suffering a memory loss, lonely and pitiful. Uncle Song liked her, so he let her stay and told her to serve me in my room. He said that I could have her if I liked..."

Ye Xiao coughed and said, "Well, I didn't want to in the beginning, but then I found that she was so nice and smart. She is not only beautiful but also kind and pure, so I took her..."

He was trying to put in a good word for Xuan Bing, "Cough, cough... Bing'er has done a great job of serving me. She is a good girl."

Jun Yinglian's face turned weirder and weirder as Ye Xiao spoke more. She kept looking at Xuan Bing and finally couldn't hold it...

Finally...

"Ahahahahahah..." She cracked a big wave of laughter.

Intellectually, she shouldn't laugh. There was no reason she could laugh at such a circumstance. However, the truth was that she did.

Now, she was sure about one thing. Ye Xiao still didn't know who Bing'er, his concubine, truly was! He didn't know who she was, and only treated her as a maid!

Other than that, the relationship between Ye Xiao and Xuan Bing was completely uncertain... Xuan Bing had seen it clearly, but Ye Xiao was still in the dark.

Ye Xiao was surprised. "Lian Lian, why are you laughing?"

He didn't think anything he just said was laughable.

For him, Jun Yinglian should be gentle, generous, comforting, understanding, or angry, even furious, but he couldn't understand why she laughed! It didn't sound like sneering after all! What was she laughing for?

Xuan Bing's face turned extremely red. She was totally too ashamed to show her face.

It was truly too embarrassing!

"Alright, just rest well here." Jun Yinglian smilingly said, "I need to have a word with your concubine. After all, I am your wife. You don't mind if I have a little chat with your concubine, do you? I don't think you do."

She emphasized the word concubine.

Xuan Bing felt even more embarrassed.

[This is too much a disgrace...]

Jun Yinglian mentioned the word concubine twice, apparently wanted to tag the word on Xuan Bing!

"I have never thought that my Xiao Monarch is such a capable man. He actually found himself such a nice concubine when he was in the lower realm. What a lovely and pretty girl..." Jun Yinglian laughed.

"Bing'er, your master needs to rest. Why don't you come out with me?" Jun Yinglian said to Xuan Bing, with a sneer in her tone.

Xuan Bing sighed and stood up, walking out slowly.

She truly didn't have the courage to expose the truth to Ye Xiao.

Watching the two ladies off, Ye Xiao rubbed his own head. He felt that there was something he didn't understand. He knew that the two ladies were hiding something from him. However, he was sure that Bing'er was his Bing'er. He just didn't know what he didn't understand!

[Lian Lian's reaction is weird.]

[Bing'er is weird too...]

[What is going on?]

[Wait... Why does it feel like... they are quite familiar with each other?]

[Lian Lian always associates with people in a really high position in the world.]

[I don't think Bing'er is in the league.]

[Hmmm? Wait. Lian Lian and I are both in a supreme stage in cultivation. We can breathe like ordinary people, but the aura was always high. Bing'er was too weak to approach me without being noticed. How did she just do it?]

[Hmm. She must have improved quite a lot during the time in Qing-Yun Realm!]

Apparently, he didn't notice that Bing'er was marvelous in cultivation indeed!

...

The two ladies left the camp, with Jun Yinglian leading the way while Xuan Bing following behind.

Xuan Bing was embarrassed.

She had never expected such an embarrassing event.

She had forgotten to put on the disguise when she saw Ye Xiao deeply asleep because she was worried. That was how she got caught.

More importantly...

[He... He actually called me concubine... again and again before Jun Yinglian's eyes...]

[Oh... I want to kill myself...]

She didn't know how far they had walked from the camp, just felt dizzy all the way along. She just kept following Jun Yinglian, but couldn't say a word.

Jun Yinglian finally stopped.

Xuan Bing nearly bumped into her. She was totally lost in thoughts.

"Ahahahahaha..." Jun Yinglian laughed loudly again.

"Why are you laughing?" Xuan Bing tried to be fierce but only showed a blushing face.

"Oh, and you are still this fierce?" Jun Yinglian looked at Xuan Bing, "You are a concubine of my man... How could you be fierce to the lady? Do you know that you have to follow my commands? When I tell you to sit, you sit. When I sleep with your master, you will have to serve us. And what do you think if I kick you out by one simple word?"

Xuan Bing angrily said, "How dare you!"

Jun Yinglian twisted her lips and said, "Don't you think I dare? You are just a concubine. Why don't I dare?"

Xuan Bing raged up, "Can you stop talking about concubine, concubine, and concubine?"

Jun Yinglian laughed loudly, "You are his concubine, aren't you? Yet you don't want me to say it! Isn't it too unreasonable?"

Xuan Bing suddenly felt frustrated like a deflating balloon. Her face was red like the butt of a monkey.

She truly had never been this awkward and embarrassed before.

...

[Realms In The Firmament](#)

Chapter 1383: Cause and Effect

In fact, Xuan Bing felt lucky that Xue Danru didn't get to know it. If her sworn enemy got to know her embarrassing story, she would totally lose hope for life. She would have to kill herself, not just wanted to!

"Just speak now. Be frank. What happened? I am really interested..." Jun Yinglian held her own belly and said, "Wait, you must speak slowly. Take it easy. I am hurt because of the laugh."

Xuan Bing made a sigh and said, "I have no idea how it happened... I am lost too..."

Jun Yinglian humphed and said, "You have no idea. I do! The cold and distant great Elder Xuan Bing came to me, talked to me, swore sisters with me... How unbelievable! Yet how reasonable now. I mean, my elder sister Xuan Bing, my younger sister Bing'er... Your mind is deep."

Xuan Bing blushed. "I didn't mean that..."

"What did you mean then?" Jun Yinglian humphed, "You knew, didn't you? Didn't you mean it?"

Xuan Bing was numb with a red face, and then spoke like she was begging, "Lian Lian... Please... Can you keep the secret for me? Don't tell him who I am..."

Jun Yinglian was surprised. "What? Don't tell him? Do you want to be a concubine forever? Do you really want to serve us when we are sleeping?"

"No... I... I don't..." Xuan Bing was mumbling.

"Just tell me more about the story him and me both don't know. I am interested in..." Jun Yinglian said, "Just try to explain everything to me and then we will see what we should do next."

"Gosh... Look, here is what happened. The garden of my sect was destroyed. I felt that it was getting more and more difficult to hold my Ling Xiao Ice Art. The lotuses in my sect are running out. I had no longer than three months left in my life before the power reversely killed me. I don't fear for death, but Xue Danru was still alive. If I died, Misty Cloud Palace will fall."

Xuan Bing made a long sigh. "So... I went to the Ice Cloud Palace and stirred a big fight. I wanted to cause some big damage to them... That was the day when I fought Xue Danru with my life."

Jun Yinglian couldn't help making a big sigh.

As a prime master of another sect, she understood why Xuan Bing would go extreme like that.

If she were Xuan Bing, she would do the same.

If there were only three months left to live, knowing the sect would be destroyed after her death, she would definitely use the three months to damage the enemy.

It would be great if she could die with the enemy.

"That day, I was still holding down the reverse-effect of my martial art while fighting against Xue Danru... I did occupy a higher position in the fight. I was winning. However, no matter how much I consumed my power, I couldn't kill her in a short time. As the fight went on, we went to the Land of Han-Yang, fighting in the sky... The reverse-effect was coming out because I have fought too drastically, so I did whatever I could to operate the Nine Seats of Lotus!"

"As the Nine Seats of Lotus was operated, I had pushed Xue Danru to a dead corner. However, her disciple died to protect her. In the end, Xue Danru was severely injured, and I seemed to win the fight... In fact, I lost my consciousness and fell to the floor from the sky... Unexpectedly, I landed in the yard of Ye Clan. I was damaged, and all my Jing and Mai were disconnected..."

"That night, Ye Xiao saved me, cured me. I was too severely damaged, and my head was hit, so I lost my memory. The reverse-effect of my martial art had destroyed my cultivation. I was just like an ordinary woman..."

"I was unconscious, so I couldn't resist what he did to me. After that, I became his maid... Bing'er became the main mindset to take control. It was happy and enjoyable to be a maid though."

In her eyes, she looked pretty soulful. "When I got my memory back, I was utterly embarrassed. However, now I know that in my life, the happiest days are the days I spent around him to be his maid."

"For the first time, somebody cared for me thoughtfully..."

"In the end, I fell in love with him crazily..." As she talked about the past, she didn't look embarrassed anymore. Instead, she looked happy.

Her face seemed to be glowing in happiness.

"During those days, I lost the memory of me being a great cultivator, the great Elder Xuan Bing who commands the world. I was free from all the disguises of me in my life. It was the happiest, most unforgettable time I ever have lived in my life.

"In the end, I became his concubine. I didn't feel like resisting it at all. I only felt joy and happiness. For once in my life, I felt that I could count on somebody, who would support me for a lifetime.

"Maybe the heavens is blessing me. His martial art is marvelously powerful. The involuntary touch between us began to remove the reverse-effect in my body. Bit by bit, it cleaned up the effects of Ling Xiao Ice Art in my body. That was when I started to regain my power. However, nobody noticed it, not even myself. I was still Bing'er.

"If nothing else happened, maybe I would have just lived like that for the rest of my life. I would be his happy, innocent, lovely concubine... for the rest of my life. It would be such a blessing from the heavens."

Xuan Bing smiled bitterly. "However, things always go against one's wish. One day, he was in danger. The enemies were going to attack him, and he was too weak to save himself. In fact, he was capable of surviving those people, but he didn't want me to be disturbed. If he left that day, he wouldn't need to face that tough fight, but he didn't. He stayed and fought as well as he could..."

"That was when Xuan Bing's mind returned to me... I finally regained the memory of Xuan Bing." She bitterly said, "In fact, Xuan Bing's mind had returned much earlier than that. It was Bing'er... Bing'er didn't want Xuan Bing to return. I didn't want to regain my memory and power."

...

[Realms In The Firmament](#)

Chapter 1384: Delicate Mindse

"I had this feeling. If I regained the memory and power of Xuan Bing, the happiness would leave me at the same time.

"However, if I didn't become Xuan Bing again, he would die..."

"That was why Xuan Bing reappeared, and Bing'er was gone... After killing those people, I returned to the Qing-Yun Realm immediately..." Xuan Bing looked regretting, "You know what, if I had a chance to make a choice again, I would rather be Bing'er forever. After I was back here, every day, I thought of going back down to him thousands of times... I want to be his concubine in the lower realm so badly.

"I want to serve him... to be his maid..."

"The great elder of Misty Cloud Palace, the great future in the Qing-Yun Realm... I want to abandon all. However, I know I couldn't give up on all these..."

"Bing-er has been here all the time, but Xuan Bing has her responsibility and duty. Xuan Bing is back, which means Xuan Bing have to pick up the duty! The romance must be put away for now!

"Afterward, I learned that he had ascended to Qing-Yun Realm. I couldn't help anymore, so I went to find him. For the first time, I spent some days with him as Xuan Bing. I realized... he wasn't innocent as I thought.

"Deep in his heart, he was not a young lord of a clan in Land of Han-Yang... In fact, he is Xiao Monarch, the famous man who laughs upon all heroes!

"To be honest, it didn't bother me much." Xuan Bing continued talking, "I am quite happy about it because it is more possible that we can be together since he is a powerful cultivator. It takes time for him to become stronger, and it is only a matter of time that he will become one of the most influential people in the world...

"I know him so well, and I know who he truly is. That is why I came up with a new thought...

"So I went to you..."

She bitterly smiled, "Then we became sworn sisters."

Jun Yinglian said, "Why did you want to become sisters with me? Didn't you think it would be easier just to kill me? Many people had reasons to kill me by then, including the three factions. Even if Xiao Xiao wanted to seek revenge for me, he wouldn't go to you."

Xuan Bing smiled, "I did think of such an idea."

Then she made a sigh, "You may not believe me. I guess I was affected by the innocent thought of Bing-er. I have been recognizing myself as his maid. How could I kill you? Besides... You love him so much. You are his love one in his previous life. If you die, he won't be happy to live the rest of his life.

"I love him. I don't want him to be sad. I want him to be happy!"

"That is why I figured maybe I should get along well with you... I admitted I was after something, but I didn't want to do any harm!" She awkwardly looked at Jun Yinglian, "I just didn't expect things would be exposed in such an embarrassing situation... I... I felt utterly ashamed back there..."

Jun Yinglian laughed again. She felt that the unpleasantness in her heart was removed bit by bit quietly.

She knew that there was Bing-er, and she accepted Bing-er as Ye Xiao's concubine. However, unexpectedly, she realized Bing-er was Xuan Bing. It reminded her how Xuan Bing came to her and swore sisters with her. That was why Jun Yinglian felt displeased about it!

However, to think deeper, Xuan Bing was showing respect to her. It wasn't unacceptable after all. Actually, if Xuan Bing wanted to kill Jun Yinglian, it would be traceless.

A lot of people wanted Jun Yinglian dead. Xuan Bing would be the last to be suspected!

It concerned Xuan Bing's happiness, yet Xuan Bing didn't do it.

It proved that she was respectful to Jun Yinglian!

"Sister Xuan Bing... I appreciate your kindness and respect." Jun Yinglian gratefully said.

Xuan Bing bitterly smiled, "No, please don't. I did everything only for myself... You don't need to thank me."

Jun Yinglian sighed and said, "I could never have thought... The random thought I had earlier actually turned out to be the truth. We... We do love the same man."

Xuan Bing blushed and said, "I lied to you. I am sorry..."

"I understand..." Jun Yinglian smiled, "If I were you, I wouldn't be able, to be honest about it either..."

Xuan Bing just smiled bitterly.

That was so true! How was she supposed to be honest about that?

Even if she wanted to be honest, what should she say to make it clear?

That night, the two ladies had a long conversation.

What had happened was done. Jun Yinglian wasn't annoyed at all. At least Xuan Bing had once saved Ye Xiao from the situation of death. Besides, Ye Xiao obviously liked Bing-er. At the very least, Xuan Bing was quite respectful and nice to Jun Yinglian.

The only thing that made Jun Yinglian headache was how to tell Ye Xiao or lie to him about everything. He said he had a concubine, yet he didn't know this concubine of his was such a powerful figure in the world.

Out of no reason, Jun Yinglian had a thought in mind. [If his concubine is so horribly powerful, what about his fiancée? Could she be even more horrible than Xuan Bing?]

[And would he be honest about everything to me this time?]

[Did he hide something from me?]

[What if he has more women than he told me? Would those women even more horrible than I can imagine?]

A saying turned out to be a prophecy. It was better not to overthink too much. Sometimes the thought would come true!

...

Ye Xiao was sitting in his camp, lost in thoughts.

Jun Yinglian and Xuan Bing had spent half of the night to have a conversation. Ye Xiao was lost in thoughts during the time. However, he didn't know what he could come up with. In the end, he could only make a sigh.

The relationship between Ye Nantian couple and him was unforgettable. However... it was impossible for them to become one true family.

A contradiction was deep in his heart, which could never be resolved!

...

[Realms In The Firmament](#)

Chapter 1385: How Did You Hook Up With Her?

"The only thing that is good to think of... is that they have a new kid now..." Ye Xiao's face looked bitter. He seemed upset, "Maybe it is the best compensation and console for the two of them..."

As he thought about it, he made a long sigh. It seemed he sighed to feel good for the couple but also sighed to express his sadness.

Jun Yinglian and Bing-er returned to the camp. Jun Yinglian smiled and humphed, "Since your concubine has returned to you, I will let her serve you well for the next few days. You haven't met for too long. I think I will stop interrupting."

Then she pushed Xuan Bing ahead and said, "Why are you still standing here? Go serve your master now!"

After that, she turned around and left with a smile.

However, that smile seems to be full of jealousy...

[Good for you, Xuan Bing. I have spent so many years, yet you actually got him earlier...]

Ye Xiao sat straight up and looked at Bing-er, who was anxiously standing on a side, in all white clothes. Her face was red, and she kept avoiding eye contact. It made Ye Xiao feel utterly in love with her. "Bing-er, I don't think it has been long enough to make you distant to me. Come over here and let me look at you. Let me see your little face."

Xuan Bing didn't know why, but she just suddenly became the terrified maid as she was showing her true face to Ye Xiao. She didn't refuse Ye Xiao, just answered in a low voice and leaned on him.

"Master..."

Hearing her voice, which was so familiar, Ye Xiao stared at her greedily. He couldn't hold the heat inside him anymore.

It had been so long that he couldn't hold it anymore.

He suffered quite a lot because he couldn't do anything with Jun Yinglian, but only watch her. How could he let go of it since now Bing-er had returned?

Reaching out his big hand, he held Bing-er over and smiled, "Come, come on... Let me have a good look at my Bing-er... It has been quite a while. Are you weighted or not? Where... Let me touch you..."

Xuan Bing moaned and fell into his arms, gasping.

That night was quite a night of pleasure...

...

The next morning, even though Ye Xiao hadn't slept for one second during the night, he seemed to be in high spirit after the pleasant night of sleeplessness. The only problem was that he couldn't get his waist straight up.

For a whole night, he barely stopped moving. In different positions, he had put Bing-er between life and death in high pleasure. When Ye Xiao walked out of the camp the next morning, Bing-er was powerlessly lying on the bed.

She actually couldn't even move a finger. As she lied on the bed, she was still trembling... quivering... as if she was suffering cramp...

"How come he becomes so good and strong... It kills..." She lied on the bed, her entire body numb, eyes dazed.

It was incredible that Ye Xiao could actually make her powerless in one night, considering how touch Xuan Bing was.

The naked fight had lasted for a whole night. When Jun Yinglian got into the room, Xuan Bing was still too weak to get up. Jun Yinglian walked into the camp with a sneer on the face and said, "Oh... Bing-er, you must be doing a really tough job all night..."

Xuan Bing blushed, but she was too weak to turn around, so she just closed her eyes and ignored the sneer.

"Tut tut tut... He is terrible in taking care of the lady... Look what he has done to our poor Bing-er... You are just like a pile of mud at the moment..." Jun Yinglian said, and then she blushed too.

She talked like she knew much, but was bashful deep in her heart. After all, he was still a virgin!

"Lian Lian, I will make you more like a pile of mud sooner or later..." Ye Xiao smilingly entered the camp.

Jun Yinglian's face turned red, and she scolded, "You filthy prick! Don't you dare!"

...

A lot of people were gathering to the valley from all directions.

Jun Yinglian, Yue Shuang, and Yue Han went out to get information. If anything dangerous happened, they could help each other. The three of them together was powerful enough to defeat all the other cultivators in Qing-Yun Realm. Because they had eaten the fruits. Even if they encountered Wu Fa, they could at least escape for life.

Ye Xiao believed so, and he was relieved.

What surprised him was... Li Wuliang.

In the morning, Ye Xiao walked out of the camp and surprisedly found that Li Wuliang was holding the hand of a gorgeous lady. He was walking out of the camp with the lady. He did not only look spirited but look like he had experienced some pleasure with the lady.

The lady beside him looked lazy and casual... Li Wuliang must have done something utterly pleasant for both of them... It was very likely another battle of a naked fight... just like Ye Xiao.

It was surprising but didn't shock Ye Xiao. What shocked Ye Xiao was that...

The lady in white clothes looked like the prime master of Ice Cloud Palace, Xue Danru!

Ye Xiao rubbed his eyes and took a better look at the lady. [Hmm... I was right. It is Xue Danru. The aura feels different now, but her cultivation doesn't lie!]

That was Xuan Bing's sworn enemy.

Ye Xiao suddenly remembered something important. [Did I miss something? Hmm? What is it? Forget it. Nothing is more important than my brother's happy afterlife.]

[When did they hook up with each other? Isn't it too surprising? The beauty and the beast?] Ye Xiao was confused.

"Hey, what is between you two..." Ye Xiao first talked to break the ice. He kept looking up and down, trying to figure out something.

Xue Danru blushed but kept holding Li Wuliang's arm. She didn't want to avoid arousing suspicion at all.

Li Wuliang laughed loudly, "Brother, let me introduce... This is my... hmm... your younger brother's wife."

He remembered that he wasn't the elder brother anymore, so he said 'young brother's wife.'

"Holy heavens... Isn't it too fast?" Ye Xiao was astounded, "How did you hook up with her?"

Xue Danru blushed again and gave Ye Xiao an angry gaze. However, she knew that Ye Xiao was the most respected brother to Li Wuliang, so she didn't say a word no matter how annoyed she was.

"What do you mean hook up with her?" Li Wuliang displeasely said, "We were in love for the first sight. A few words after, we just felt right about us getting married. How could we miss such a great fortune? So we naturally seized the night to have sex, big flame..."

...

[Realms In The Firmament](#)

Chapter 1386: Bing-er and Xuan Bing

Before Li Wuliang finished talking, he suddenly grimaced in pain—Xue Danru pinched him really hard and made a few circles.

She was furious like hell.

[Why did you say have sex... What do you mean a big flame...]

[Can't you talk more decently... You are talking about us! Don't you think you are making it sound really nasty, you fool!]

[Can't you just tell him about the falling in love at first sight and all. It would sound much better, and full of power!]

Ye Xiao rubbed his lips and ambiguously said, "Well, we are truly brothers. We experienced the same thing last night. My long lost concubine came back to me, and we..."

Li Wuliang's eyes lit up, and he said, "Really?"

Ye Xiao laughed, "Of course!"

The two men looked at each other in the eyes and both wickedly smiled.

Xue Danru blushed so badly and cursed in her mind. [You two filthy pricks...]

Ye Xiao and Li Wuliang knew that it was coincidental, but they didn't know how much a coincident it was indeed... Xuan Bing and Xue Danru had been sworn enemies to each other for many years.

Unexpectedly, both of them had spent the night in the arms of the men they could each relied on for the rest of their lives.

More coincidentally, the two men were actually sworn brothers...

"Brother, we are going out for information too. More people, more power..." Li Wuliang laughed, held Xue Danru's slim waist, and jumped up to leave.

"Wait! You two must be serious about it. It is a crucial time..." Ye Xiao shouted to the sky, "Do not just find somewhere and continue your nasty business..."

Li Wuliang and Xue Danru had gone, but the angry shout of Xue Danru sounded from nowhere.

"Pah!"

Ye Xiao laughed.

The Moon Queen and the three great elders all went out afterward.

After just a while, Ye Xiao and Xuan Bing were the only people left in this area.

Xuan Bing put on her clothes and walked out after resting for such a long time. When she saw Ye Xiao again, she blushed, bashfully and angrily humphed, and then turned around...

It seemed she was annoyed.

[You are so annoying... I was so embarrassed before Jun Yinglian's eyes...]

[That is... totally...]

She still felt numb everywhere as if a bolt of electric kept running round and round inside her. When she saw Ye Xiao's wicked eyes, she nearly fell down because of powerlessness...

She had no idea why this gentle and polite man had such significant strength on the bed...

He was totally like an engines ram!

Xuan Bing's real face was a secret to the entire world. Even the leaders in Misty Cloud Palace didn't know what she looked like.

Jun Yinglian was the only person in the world who had seen Xuan Bing's face.

However, she was never going to expose this secret.

That was why Ye Xiao could bring Xuan Bing with him all the time and didn't get Xuan Bing's identity exposed. It was Xuan Bing's first time to show up in public with her real face.

Staying behind Ye Xiao, she didn't feel ashamed or discomforted. Instead, she thought that the carefree, happy, and pure days were back to her.

She didn't have to be Xuan Bing. She could just be Bing-er, couldn't she?

She didn't need to worry about anything, just stayed behind Ye Xiao, and let Ye Xiao deal with all the problems.

Whatever it was, disasters, wars, angry, sadness, or joy, there was nothing she had to worry about. Ye Xiao's shoulders were big enough to hold up a bright sky for her!

She only needed to serve him as a little woman to him!

After all, staying behind the back of this man, she was free from the expectation of the sect, the danger from the dangerous martial world, the loneliness of being a powerful woman!

[I am happy!] She talked to herself.

[This is what I always want.]

[If I am not Xuan Bing, but only an innocent little girl... isn't it great?]

She thought.

"Bing-er, you know what, I met a superior master in Qing-Yun Realm some days ago. She has the aura that feels so similar to you. I nearly mistook her for you. Uncle Song was so foolish that he actually thought she was you. He even called her my concubine. Luckily, she is a generous person. Otherwise, I would have been in great trouble."

Ye Xiao smiled and blandly said, "You two are so alike. However, she is cold and distant, unlike you. You are warm and soft. If you didn't come, I would go to see her. Even though I know she isn't you, I wish I could see you in the image of her."

Ye Xiao knew that it was ridiculous to see the great elder of Misty Cloud Palace as his maid... He thought that if people knew what he was thinking, Xuan Bing would torture him to death. [Who am I? I should at least dream of something a little bit more realistic!]

[She may not be able to kill me easily, but a big fight should be unavoidable.]

"Really?" Xuan Bing smiled, and her heart was full of happiness. She said, "What does she look like? Do we look the same?"

"Well, I didn't see her face. She is always inside a cloud of dark fog. Sometimes she will show herself, but always with a mask on the face. It is weird. You two have the same body shape, but totally different aura. You are completely different..."

Then he touched her head and said, "I don't know why I would mistake her. Perhaps if I saw her face, I wouldn't!"

Xuan Bing smiled, "Hmm... For you, she is just a shadow. No matter how powerful she is, she is only a shadow of me."

As she said it, the feeling of jealousy actually arose in her heart. Xuan Bing was jealous of Bing-er. [Bing-er is not better than Xuan Bing, except more thoughtful, more gentle, more caring... It is no big deal! I can... Well, I can't!]

...

Chapter 1387: How So Fast?

Ye Xiao took a deep breath of the fresh air in the morning and gently said, "Now that you are back to me, I am so happy."

[Me too. I am happy too. Even though I have to be Bing-er all the time, I am happy!] Xuan Bing thought.

As she thought so, she smiled softly.

Ye Xiao was in high spirit. He hadn't felt so relaxed for a long time.

Because of Bing-er's return, he had even forgotten the depression about Ye Nantian and Ye Clan for the moment.

Lots of cultivators in the martial world saw Ye Xiao around the mountains and forests with a beautiful maid. They all sent their respect and stared at Bing-er in amazement.

She was such a beautiful and elegant little girl, who was young and pretty.

She was adorable.

Everybody praised because she was so young and beautiful.

"Lord Monarch... That is..."

"Hmm. My maid. A girl from the countryside... She doesn't know much about good manners. Please forgive her."

"No, no, no, she is good. I thought people were exaggerating the beauty of a woman. As I see Lady Bing-er now, I understand how beautiful a woman can be. She is peerlessly gorgeous. No other woman can be as beautiful as her in the world."

"What a lucky girl to stay with Lord Monarch! She must have a bright future."

"Lord Monarch has such a pair of sharp eyes. To have such a beauty on his side... Oh my heavens. I am truly jealous now... Hahaha..."

...

People kept buttering Ye Xiao all along the way, and he was smiling back to everybody with a humble response, "No, she is not that good. Just a girl from the countryside, ordinary woman... Hahaha... Just not unacceptably ugly..."

Even though nobody dared to piss Ye Xiao, whoever heard his response would twist their lips to show disagreement.

[A girl from the countryside? Ordinary woman? Just not unacceptably ugly?]

[You are not being modest! You are typically showing off!]

[You are super pretentiously showing off!]

[Look at the lady's body. Her face, body shape, everything of her. No other woman could be better than this woman!]

However, he was the new dominator of the world, Xiao Monarch!

He was like a king in the world!

He deserved a woman like this!

No matter how he showed off, how pretentious he was, nobody dared to say anything about it!

Ye Xiao kept asking about information around the world while he walked his way up to the top of a mountain. Step by step, he was approaching the top of the mountain in the clouds and mist. It was outlying, which meant few cultivators were gathering here.

As he reached the top, all he could see was the fog and clouds. He couldn't even see his own figures clearly. Besides, the wind was strong and cold. Ordinary people couldn't endure the cold wind up there.

Aside from that, this place seemed to be a location where the leaders had their meetings so nobody would come over if not for an emergency.

"Bing-er, what level are you at right now?" Ye Xiao turned around, looking at Bing-er.

He held Xuan Bing in the arms, and she felt so warm. Her entire body was sinking in the pleasure of the warmth. Although they were on top of a mountain, she didn't feel cold at all. The happiness had filled her heart. However, as she heard Ye Xiao's question, seriously she said, "I am... I am much better than before. I am at Dao Origin Stage..."

She sounded soft and weak.

In fact, she had been operating the Ling Xiao Ice Art to forcibly press down her cultivation level to level one of Dao Origin Stage.

"Dao Origin Stage?" Ye Xiao was shocked. "That fast really?"

Then he reached out one hand to hold her wrist, operated his martial art to check hers, and asked, "How did you... How did you improve so fast? Are you cultivating any evil martial arts? You can't be too careful about that... Hmm? It's clean and clear! Your spiritual energy is delicate, thick, long, and pure. It is even as good as my East-rising Purple Qi! That is pretty impressive!"

He was speechless about Bing-er having such a pure and powerful spiritual power!

In fact, he was shocked. His East-rising Purple Qi was the first great martial art which started the long history of the universe. However, Bing-er's spiritual power was not a bit worse than the energy of East-rising Purple Qi! How could he not be shocked and speechless!

[When Bing-er left, she was only level six of Sky Origin Stage. I have experienced a lot of great fortunes since then, but without the fruit, I wouldn't be able to be a lot more powerful than Bing-er right now. I guess I was improving too slowly... That is embarrassing...]

Xuan Bing constrainedly coughed and said, "I have no idea... I... I ate a blood-color lotus one day, and then I significantly became faster and faster in improvement..."

She wasn't lying though. When she was a young disciple, she did find a blood-color lotus, which smelled pretty good.

That was the day when she also found the lotus on Wenren Chuchu's clothes.

She had been starving for quite a long while when she found the lotus, so she swallowed it immediately. After that, she noticed that her cultivation was rising up beyond Dao Origin Stage like crazy... It actually boosted her up to a new stage in cultivation!

It was the truth, but it happened many years earlier than Ye Xiao could imagine...

Xuan Bing's spiritual power was incredible because of the Ling Xiao Ice Art, and also because she had slept with Ye Xiao.

When they slept together, his yang and her yin coordinated. It removed the negative impact from her Ling Xiao Ice Art, and also pushed her to a new level in cultivation. Her Ling Xiao Ice Art was enhanced by the energy of his East-rising Purple Qi at the same time.

It didn't mean her Ling Xiao Ice Art was actually as powerful as the East-rising Purple Qi. Ye Xiao thought it was only because he was still too weak to master the true power of the marvelous East-rising Purple Qi!

However, the enhanced Ling Xiao Ice Art had climbed beyond all other martial arts in Qing-Yun Realm, which meant in Qing-Yun Realm, Xuan Bing was the second person who could break the limit of the realm and reach the upper realm, while Ye Xiao was the first!

...

Chapter 1388: Improved because of You

"I see." Ye Xiao was glad to know, "I have to say that my Bing-er is as lucky as me. You must be blessed by the entire world. The lotus must be rare, yet you actually got one and ate one. Nothing bad happened, and all you gained was the best..."

He thought for a while and got enlightened, "Since you are already in Dao Origin Stage, I guess you are good to eat the fruit."

Then he smiled, "Just open your tiny little mouth, and let me put my fruit into you. Yummy yummy."

Xuan Bing blushed and quickly scanned the area around them with her spiritual mind. After making sure nobody was around, she slowly opened her mouth bashfully. [Are you going to do that here? You are annoying!]

In fact, even if Ye Xiao wanted to do something flirty to her, she couldn't resist at all.

When she was thinking about it, something sweet suddenly was put into her mouth. A dense scent rushed into her mouth, and then whatever was there became a stream of warm liquid flowing down her throat. After that, a flow of purest energy rushed to every corner inside her body...

The warm stream was dense and strong. Without activation, it automatically pushed the spiritual energy inside Xuan Bing to run around her body. At the same time, it forcibly broke through the barriers she set up to disguise her real cultivation level...

The powerful efficacy was definitely beyond Xuan Bing's recognition. However, she was such a great cultivator that she instantly realized what just happened. With her eyes wildly open, she spoke with an exclamation, "Divine Yin Yang Fruit?"

Then she hurriedly shut her mouth to keep the spiritual energy from leaking away.

"Oh?" Ye Xiao laughed, "I never thought that you were such a knowledgeable lady. You actually know it is the fruit! Well, to be honest, that is the fruit without hidden dangers, my special edition!"

Then he sat down and summoned Erhuo. Erhuo was such great insurance for safety at the moment. How could he not let it do its job?

Xuan Bing didn't dare to talk much, only focused on running the energy flow to digest the fruit. The full efficacy of a Divine Yin Yang Fruit could boost a level one cultivator to the top of Dao Origin Stage. What happened on Wenren Chuchu had proved it. Xuan Bing was at the same level as Wu Fa, which meant she was even beyond Ye Xiao in cultivation. With the power of the fruit, she must be incredibly potent!

The biggest difference between Xuan Bing and the others was her insurance. As she kept digesting the fruit, she was also controlling her own cultivation to slowly unlock the hidden part of her power.

At the moment, she was improving visibly—level two, level three, level four...

Erhuo thought that it was going to swallow a lot of energy again, so it jumped up and stayed on Xuan Bing's hairs. Its two adorable eyes were blinking with expectation and hope, but after a long while, it only made an angry shout and returned to the Boundless Space!

[F*ck it! What is this?]

[Bing-er, I assume we are already friends. After all, we serve the same stupid master. Don't you think you are sick? The fruit is too powerful! There is always energy leaking out. What is happening to you? You didn't let loose of any energy! I can see you upgrading in cultivation levels, but why on earth can't I sense your breakthrough?]

[Are you going to pierce through the heavens? Are you going to break the law of heavens?]

[Damn it... My fruit... Does it mean I am not getting anything from it?]

Erhuo knew that Bing-er was in a higher position, even though they all served Ye Xiao. In fact, she was much more important. No matter how angry it was, it couldn't curse her!

Time was passing, and Xuan Bing was becoming more and more overwhelmingly powerful. Apparently, she wanted to break through a new stage with the energy from the fruit.

She was going to break into the stage after Stage Phase!

If she succeeded, she would be much more powerful than Wu Fa!

One whole day had passed.

When the moon rose up in the sky again, Xuan Bing finally made a long breath. A long flow of white qi shot out from her mouth and rushed into the forest.

- Pah pah pah pah... -

Trees were cut down by the qi stream.

Her eyes suddenly flashed a sharp dazzle.

She finally got a clue about the last phase of the three phases.

After what she had been through in the lower realm, her cultivation was intrinsically changed. A massive improvement in power wasn't difficult for her, but her cultivation level remained the same. Although she was sure she could step on the last phase earlier than Wu Fa, she wasn't sure when it was going to happen. It could be ten years, a hundred years, or a thousand years!

However, with the great power of the fruit, she had broken half of the barriers she had to face before getting into the next phase! When a fortress was cracked, it would be much easier to break it all down!

As long as she kept working on it, she would soon break through to the last phase!

Although she didn't successfully enter the next phase, she was already twice as powerful as before!

The incredible improvement had strengthened her confidence.

[I can protect master... In Qing-Yun Realm, nobody can hurt him as long as I am with him!]

"How does it feel to robust up to the sky?" Ye Xiao talked gently and softly.

"Thank you, master... I have never felt... as powerful as I am feeling now before..." Xuan Bing said, "I feel that I can solve any problem in Qing-Yun Realm easily. There is nothing I can't do in this world."

She was telling the truth. Even Ye Xiao and Wu Fa fought against her together, they might not be able to defeat her. She knew it, and that was why she was so confident!

...

[Realms In The Firmament](#)

Chapter 1389: Dark Shadow

Ye Xiao laughed when he heard what she said, "You little girl have no idea how high the sky is. You improved too fast. That is why you would have such a feeling. Whoever ate the fruit would have the

same illusion... Haha... When your cultivation becomes stable, and after you meet some people who are as powerful as you, even more powerful than you, you won't have the same feeling. You are still far away from the top of Dao Origin Stage..."

He was right, but it just didn't apply on Xuan Bing's case. Xuan Bing was the one who told the truth!

She didn't argue, just smiled softly, "Thanks to you, master, I could have been improved so much."

Ye Xiao ogled her and said, "Oh, really? What are you going to do to show your gratitude?"

Xuan Bing was shocked, and then bashfully said, "I will do whatever you want me to do. How can I say no to anything you want me to do..."

Ye Xiao was enraptured and immediately held her soft body in his arms, whispering, "Bing-er is always my favorite. I like it when you are so obedient, so adorable..." Then his hands kept moving along her clothes and slipped inside.

Xuan Bing moaned and fell into his arms. Although she was shy, she tried her best to pander to him. Her face was red as the rosy dawn.

She didn't resist at all.

She was such an intelligent person that she knew Ye Xiao was the man who took a lot of Divine Yin Yang Fruits some days earlier and stirred a big disturbance in the martial world.

However, as she thought about the risk he had taken, her heart would start beating fast. [He has risked his life to take the fruits... but he never hesitates to give me the fruit...]

[I have to serve him well. I will do whatever he wants...]

[He is my man.]

[I should do whatever my man want me to do...]

Ye Xiao waved his hand, and his power field of a level nine Dao Origin Stage cultivator covered the entire place. The space was strictly locked down.

"My little Bing-er... My sweet Bing-er... Move your head down now... That's right... In your mouth... Oh..."

He made a moan of extreme pleasure.

...

On the top of a mountain, a dark shadow of a man was hiding behind a bush. The man was watching the mountain on the opposite side, where Ye Xiao and Bing-er was on.

He didn't see what was happening, but he could feel a strong power.

[Is that Xiao Monarch, Ye Xiao, who defeated Wu Fa?" The man moved a little bit and revealed the middle-aged face of him in the moonlight. He thought, [Is it Ye Xiao cultivating? The power is not distinct but improving. It is improving pretty fast...]

[Well, it seems Xiao Monarch is not as good as people say!]

The man was confused, "How could he defeat Wu Fa if he is only like this? Besides, he fought against Wu Fa and Wu Tian at the same time, killed Wu Tian and defeated Wu Fa...]

[That is impossible!]

[Is he hiding anything?]

He frowned and couldn't think it through.

Ye Xiao's great spiritual mind had locked down the entire space, so the man couldn't hear or see anything.

"They are two people... Xiao Monarch and his concubine...] He thought, [If Xiao Monarch is only at this level, I can definitely kill him within a second!]

[The concubine... She couldn't be more powerful than her master... She should be no higher than level three of Dao Origin Stage...]

[Well, if I am right... I can kill the world's most powerful man today!]

Thinking about that, the man was shaking because of excitement. His eyes were full of lust for blood.

He made up his mind and couldn't help licking his lips. "I have ninety percent chance to kill him instantly. After he died, I can enjoy his beautiful concubine as well. That is convenient. I am going to really enjoy the pleasure. What a good day for me today..."

And then he thought of the image of Bing-er and his mind was in a fever.

"She is so young..."

The filthy thoughts filled his mind. After that, he became a rolling cloud of dark fog and flew to the other mountain.

[What a lucky bastard. He actually has time to have sex in this crucial time..." He was angry about it, "What a waste... He is going to die after this good, pleasant experience... This is annoying me so bad.]

[Well, lasciviousness is the blade of death. No heroes can survive the trouble of beauties... When they are done, I should arrive in time. That would be the moment he is at his weakest moment. He is going to die around his woman...]

[Fine. It will save me time though. I can spend more time on the lady...]

...

It was cold in the night. Bing-er had just improved greatly in cultivation, so she should be in an unstable state. Although Ye Xiao wanted to have sex so bad, he didn't lose control of it. In fact, they weren't normally making love. Instead, they were more like doing dual cultivation so Ye Xiao could help Bing-er sort smooth the Jing and Mai.

Bing-er was lying in his arms as if she had lost all the bones.

Xuan Bing was powerful, but she was a woman after all. Besides, she had been exhausted on the bed the previous night. Other than that, it consumed her greatly to disguise her true power and to digest all the

energy in the fruit. Even though Ye Xiao was making dual cultivation with Bing-er, not only having sex, Bing-er was weakened a lot. When Ye Xiao finished, Xuan Bing pushed him away hurriedly and started to put her clothes back on. Having sex in the wild, that was challenging her endurance...

Ye Xiao lied on his side, naked, watching Bing-er dressing, wickedly laughing. He didn't stop reaching out his hands to tickle the lady, making her moan and grumble. He was enjoying it.

Finally...

[Realms In The Firmament](#)

Chapter 1390: Show Up

Ye Xiao was holding Bing-er's slim waist. As they slowly walked down the mountain, Ye Xiao shook his head and said in confusion, "Everybody is with us, taking different tasks... However, why is Elder Xuan Bing not here? Hmm. Xuan Bing is the person I mentioned earlier who has a similar body shape to you..."

"She is profound, wise, and powerful, but also acts irresponsibly. Even though she wants to do things in her own way, she should at least tell us what she is on. She obviously lacks the sense of organizational discipline..." He continued, "What do you think that we spank her when we see her as a punishment?"

Xuan Bing suddenly felt her butt heating up as if his hands had already hit her. Her heart beat fast, and she said, "I have heard of her name though. I guess she must leave for something unexpected..."

"She should at least inform us." Ye Xiao wasn't happy about it, "Anyway, she is a good person, easy to get along with, generous lady... but when you see her, remember to be careful. That old chick is definitely a wrong target to mess with."

Xuan Bing was kind of pleased when Ye Xiao praised her, but then it became different. How could he call her that old chick...

Gritting her teeth, she said, "It seems nobody has ever seen her face. Is it true?"

Ye Xiao said, "I think so. Most of the time, she covered herself behind a cloud of dark fog. When she showed up from behind the fog, she always put on a mask on her face. Nobody saw her face. Han Bingxue and I had spent some days with her earlier, so I guess I know a little bit more than others about her..."

"Anyway, I guess she must be extremely ugly... There are two reasons why I think so. First... You are born in Qing-Yun Realm, so you must have heard what people call Xuan Bing, the world's first Female Devil. Think about how a devil looks like... Second, women love to be beautiful. If she has a pretty face, she would have shown it to the public... Anyway, she must be so ugly that she couldn't dare to show herself!"

Ye Xiao paused and continued, "Right. She is old and ugly. I know I am right."

Xuan Bing nearly passed out because of being angry, "I don't think it is certain!"

It was difficult for her to express disagreement to Ye Xiao!

"You don't think it is certain... Come on, it is obvious..." Ye Xiao sneered, "Fine. Bing-er, you respect the old woman. I get it. Maybe she isn't that ugly! One thing is for sure—she is definitely much uglier than my sweet Bing-er. She will get down on the floor in front of you..."

Xuan Bing didn't know what to say, so she kept her head low.

[Don't talk scandals behind people's back... Silly master. What would you think if you know I am Elder Xuan Bing?]

[It is such a terrible act of self-mutilation!]

Apparently, Ye Xiao was a great man in Bing-er's memory. If she didn't hear it, she couldn't believe Ye Xiao was a meddling person...

That was right. He shouldn't talk about others behind people's back. He never knew when he would make himself look low. Wasn't it what just happened?

[Some day, I will let you know that Xuan Bing isn't old or ugly! Humph!] Bing-er thought.

As they went to a hill, Ye Xiao felt that Bing-er suddenly stiffed, and then quickly return to normal.

He sensitively noticed it, so he wanted to ask her about it. Before he did, he was suddenly alerted!

"Enemy!"

Ye Xiao was on guard immediately.

He still held Bing-er's waist and acted casually, but gently talked to Bing-er through mind connection, "Bing-er... I think somebody is coming to disturb us. It is not going to be nice... You have just improved, but I think you still cannot master your power very well. You must be careful later. When we fight, you try to stay behind me. Do not take any reckless steps. Let me handle it."

Bing-er softly looked at him and nodded, "Yes, I get it. Let's kill together."

Ye Xiao said, "Nonsense. Do you get it really? I am telling you. You have reached the top level of Dao Origin Stage, but it is not stable yet. Don't make any rash moves. If you get hurt in the fight now, it won't be easy to heal... I am the world's most powerful figure now. Do you really think I need your help?"

Xuan Bing smiled and sincerely said, "As long as you stay with me, I will do whatever you ask. I trust you, master."

Ye Xiao laughed out loud, and the sound was shaking the entire area.

As his laugh spread away, a weird dark shadow quietly showed up on a tree. Several floating flows of dark fog were moving over to him from everywhere. The man behind the fog sounded weird, laughed and said, "You are really in an aesthetic mood, Xiao Monarch. It is such a crucial time, yet you still have time to enjoy some leisure time with your lovely concubine. A man and his lady, having sex on the mountain, watching the falling flowers... How was it? Was it good? How many times did you do it?"

Xuan Bing blushed.

She lowered her head, but the horrible killing intent was aroused in her eyes.

[This man... Did he...]

Ye Xiao waved a sleeve and swept away the dark qi around him. He blandly said, "A disgusting rat hides its head and shows its tail. How dare you come and talk about me! It is not your business, you sick demon!"

The man in black clothes humphed and said, "Ye Xiao, you should cherish the time that you are given with. You have survived. You escape from death. Why just go on enjoying the good days in your life? Why do you have to fight against us? You know what, everybody who fought against us has gotten the head cut off and become an oblation on our desk! Imagine it! What if your beautiful head becomes a skull on the desk? How unwatchable it is!"

Ye Xiao blandly said, "A man stands straight between sky and earth. There are some things I should do and some I shouldn't. What I should do is to stop your bloody massacre in the world. I should stop you killing more and more innocent people. I should stop more skulls from being put on that desk of yours. My head is right here. Let's see if you have the capability to take it and put it on your desk!"

He then sneered, "Talking on the tree over there, yet you started the sneaky attack with sixteen different energy flows... What an ugly evil move! But you should hide the flaws if you want to show off!"
