Chapter 1411: I Will Do I

"I am moving my hands! My hands are not only moving but also touching..." Jun Yinglian directly rubbed Xuan Bing's breasts and smiled wickedly. "That feels pretty good! It seems you are serving your master well these days. I am almost addicted just after a touch of them..."

Xuan Bing was weak at the moment, so she couldn't resist. She could only gasp bashfully while saying, "Lian Lian, you... Stop it... Or I will get mad."

"Mad? Well, get mad now... You will be... like that if you get mad at me..." Jun Yinglian humphed. "As a concubine, how dare you get mad at your lady? That is audacious!" Then she pushed over and started tickling Xuan Bing.

Xuan Bing was weak and embarrassed. She tried to resist it, but she couldn't. "Stop... Stop now..."

After a while, the two ladies both lay under the quilt quietly.

"What do... What do you plan for the future?" Jun Yinglian quietly asked.

"What plan can I have... It is what it is now... I guess I will just see what happens next..." Xuan Bing answered in a low voice with a sigh.

"What? Are you going to be a concubine forever?" Jun Yinglian was surprised while staring at Xuan Bing.

"..." Xuan Bing had no words to say. After a while, she spoke, "Everything is done. We have come to this situation after all... I don't think I can leave him... Maybe I should tell him who I am, or try to... But it is not the right time. It won't be realistic..."

"I would rather keep everything going the same than risking the future to tell him who I am. At the worst, I can let Xuan Bing disappear for the rest of my life... What do you think? If he knows the truth, will he blame me for lying to him? Will he think that I am fooling him?"

"Fooling him? How can you say that? I am speechless..."

"I am not joking. I mean it..."

"I know you do, but I don't know what you should do, either."

"Think about it, a concubine, a maid, suddenly becomes a super powerful cultivator in Qing-Yun Realm? A leader of a great sect?" Xuan Bing was upset. "What can I do? It is not normally acceptable for a man that his woman turns to be a great figure in the world..."

Jun Yinglian made a sigh and said, "You are so unlucky... As a peerless cultivator in the world, why did you get hurt so bad and fall into his arms because of a memory loss... You became his maid, then his concubine, a woman who has no say in the relationship... Even a novel wouldn't make up such an unbelievable story..."

"I don't care if I have a say in the family. The higher it is, the colder it is..." Xuan Bing seemed to be begging calmly as she stared at Jun Yinglian's eyes. "Nowhere can be more comfortable than staying with him. I just want to stay with him for the rest of my life... That is all..."

Jun Yinglian was shocked. That truly wasn't a difficult thing!

"I never think that I am unlucky..." Xuan Bing said, "In fact, I think it is the best blessing from heavens to me..."

Jun Yinglian stayed quiet for a while and said, "I see... Even if you need to be a concubine for the rest of your life, you will do it..."

Xuan Bing suddenly shook, but then took a deep breath and stayed quiet for a while in thoughts. In the end, she firmly said, "If he feels better, lives happier to have me as his concubine... I..."

She decisively said, "I will do it."

Jun Yinglian smiled bitterly.

After that, the two ladies lay together, shoulder to shoulder, and continued the topic for a while. In the end, neither of them spoke anymore.

After a while of silence, Xuan Bing was about to say something to break the awkward silence, but Jun Yinglian moved closer. Her face was red and her eyes looked flickering.

"What is it?" Xuan Bing was curious.

"Well... I mean... That..." Jun Yinglian hesitated. "You... Can I ask you something?"

Xuan Bing was surprised. "What can't you ask me? We are sisters. Go ahead."

Jun Yinglian was hamming and hawing. She whispered to Xuan Bing, "I just want to know... That... How it feels... How do you feel when you... do that thing with... with him?"

As a virgin, Jun Yinglian was truly curious about it.

Xuan Bing immediately blushed and said, "Can't you just do it yourself if you want to know it so much? He can't resist you. I am sure. You can just crook a finger to beckon him, and he will jump over you immediately..."

"I know... But I don't want to... do that... now..." Jun Yinglian said bashfully, "Otherwise, I won't have to ask you..."

"I don't know!" Xuan Bing bashfully refused to tell her.

"You don't know? You enjoyed it every time. You love it... You must know..." Jun Yinglian squinted at Xuan Bing. "I heard how you groan so loudly with pleasure last night... I could hear it even outside the valley..."

Xuan Bing was astounded. She sat up immediately, and the quilt slipped off her body, revealing her wonderful body and her shaking big breasts. She didn't notice her gorgeous nudity because she was frightened. "What? You could... You could hear it outside the cabin?"

She almost wanted to kill herself because of the embarrassment.

What she and Ye Xiao did was absolutely ignominious to be heard.

Xuan Bing had lost her mind that night after all sorts of foreplay Ye Xiao did to her. In fact, she had become a-hundred-percent ****! All she wanted was to obey and do it... While Ye Xiao kept arousing her desire, she must have said something and done something she couldn't remember afterward...

However, she knew she couldn't let others know...

Those scenes... She would blush and fall into embarrassment only after thinking of them... She absolutely had no idea she would say those words out of her mouth someday...

However, she had broken the taboo and lost control of herself that night...

As she heard that Jun Yinglian could hear it, it was like a bolt of lightning striking right on her head.

She felt like dying in disgrace!

She was too ashamed to face other people anymore.

It felt like the sky had fallen, and the earth had collapsed. She hoped that a bolt of lightning would hit her and take her life!

"Look how you are scared! You are mentally weak..." Jun Yinglian squinted at Xuan Bing, "You're a lewd lady... I guess you have had enough joy last night for real..."

Xuan Bing realized that Jun Yinglian was just trying to scare her.

[She heard nothing...]

[Realms In The Firmament](#)

Chapter 1412: Midnight Battle

The blocking shield that was made by Ye Xiao and Xuan Bing was so powerful that they believed nobody in Qing-Yun Realm could break through, but it wasn't the reason why Xuan Bing was scared when she thought Jun Yinglian could hear them from outside. In fact, Xuan Bing had done some role play as Ye Xiao commanded, to play Jun Yinglian. If Jun Yinglian heard them, she would definitely rage up and start a fight.

Now, Xuan Bing was relieved, so she took a long breath and then realized she was naked. She hastily stood up and put on some clothes, turned over her head, and said, "Don't you laugh at me. You will have to get through this sooner or later... When that day comes, you will know how it feels. You have to experience these things on your own in your life..."

Jun Yinglian's cheeks turned red, and she said, "Humph! Keep it to yourself then. Big deal! Why are you still playing tough after being turned up and down by him..."

Xuan Bing blushed and bit her lower lip, saying, "How long do you think you can keep your virginity for? How tough can you be when that day comes? I think you will be turned up and down just like I am. You can tease me now, but somebody will tease you too..."

Jun Yinglian sat up, biting her lower lip, and started to chase Xuan Bing. "You lewd lady! How dare you tease your lady like that? Come over here for the punishment!"

The two ladies kept running around the valley, while one wanted to punish the other, and the other was escaping the shame.

The men around the place were all envious.

[Look at Xiao Monarch's women... They actually get along so well with each other...]

[He is such a successful man.]

For the other men, it was already a great achievement to have a wife at home and some concubines outside. Now, they knew there was no limit to the greatness!

A truly successful man should be like Xiao Monarch, who had his wife at home, some concubines outside, even concubines inside with the wife!

That was something!

That was the acme of manhood!

Ye Xiao just came out from a meeting, and he saw the two ladies one chasing the other. He was delighted.

[Hmm. My family is firm...]

[At least there is no problem for now.]

[Jung Yinglian and Bing-er are getting along with each other pretty well. That is no pretending over there...]

[My charming personality is the foundation of the harmony here.]

He was so happy about it, so then he shouted, "I am coming!"

Then he flew over to join the chasing game. The game became he alone chased the ladies.

"Ah!"

The two ladies exclaimed, and both blushed, which made them look even prettier.

They looked at each other quickly and then flew away, one to the east while the other to the west...

[So annoying! That was close... He didn't hear anything, did he?] Xuan Bing thought.

[So annoying! That was close... He didn't hear anything, did he?] Jun Yinglian thought the same.

Suddenly, Ye Xiao was left behind.

He was speechless, standing there alone.

He was confused.

[What is going on?]

[What is this?]

[They were having fun just now. How come they looked scared as I joined in?]

[Why are they leaving?]

[One to the east and the other to the west. Who am I going to chase?]

[It won't be right to chase either!]

[I am alone here... like a fool...]

[What the hell? What is this all about?]

[I have three women, and now the two of them are with me. How come I feel like I am not going to have any of them?]

At the night, Yue Shuang and Yue Han returned from outside the base, so they made an inspection tour as usual.

Their brother was the leader, so they definitely should work hard to support him.

Making an inspection tour every night was what they did to be supportive.

The two ladies were surely more powerful than enough to do such a job.

Women were always more thoughtful than men. The two ladies had been doing a great job.

Nothing went wrong for the previous few days.

However, that night...

While everything was in silence...

A sound of explosion broke from the forest far away!

At the same time, the land under the forest suddenly flew up to the sky with a wave of glaring sword lights when the explosion sounded.

The explosion was abrupt, waking up everybody like a thunderclap!

Ye Xiao hurriedly rushed out the cabin. As he took a turn in the air, his white clothes had been put on. With a long shout, he rushed up to the sky several thousand feet. He looked over and heard a few more waves of cracking explosion sounds.

Ye Xiao immediately became a beam of white light in the dark night, rushing forward to where the explosion sounded.

After Ye Xiao, Xuan Bing was following him. A long glaring light rose around her. A rolling cloud of dark fog wrapped her up entirely, and she suddenly disappeared.

Xue Danru was the third who came out. She looked at the dark fog with white light, and she was shocked. "How come it looks so familiar..."

Then she dashed ahead fast like a bolt of electric current.

Around her, a broad saber light cracked the sky with a thunderclap. It was Li Wuliang striding over!

While everybody was heading toward where the thundering sound happened, one more cracking sound rang up. A mountain was shaking like it was going to fall down. The next moment, Yue Shuang's shout rang up, "Stay still!"

Before she finished, two moons shined up in the sky.

The cold light suddenly lit up the mountains and valleys!

The Moon Queen was moving in the same direction, but when she saw the moonlight, she was shocked. "Melody of the Moon? It actually is Melody of the Moon! The two ladies have actually mastered the ultimate technique of Qiong-Hua Palace!"

"Who is the enemy? The two ladies actually made such a powerful move to get him?"

Another blaring explosion sounded from the sky.

A broad current of sword light glaringly shot over and went around the mountain. The next moment, the upper half of the mountain actually flew up to the sky.

The sword attack just cut the entire mountain off and threw it to the sky!

What kind of fabulous power was that?

Faintly, under the mountain that was cut off, over a dozen dark shadows of people moved away fast like electronic currents.

As the mountain flew up, many people flew away like scattering clouds.

Two people who were shining with white lights around that mountain both made a move with a shout. Shooting starlight streams suddenly lit up the night sky.

The next moment, the upper half of the mountain stopped rising up. It was falling back down.

If the mountain fell back and hit the ground, that would be a full-scale remarkably world-shaking scene!

...

[Realms In The Firmament](#)

Chapter 1413: Shuang and Han's Battle

At that critical moment.

A white shadow flashed and showed up under the falling mountain like a bolt of lightning. He raised up one hand and actually stopped the mountain from falling.

That was true. He held up the mountain!

He truly held the mountain on his hand firmly!

A person was too small compared to a mountain, even only the upper half of a mountain!

Therefore, it looked like the mountain was suspending in the air.

Whoever saw that couldn't believe their own eyes.

It was not something a human was capable of doing!

However, it happened right in front of their eyes!

They all looked at the man who held the entire mountain, who was tall and slim, looked like a young handsome man. It was Xiao Monarch indeed!

The two figures around him were Yue Shuang and Yue Han.

The two sisters weren't feeling well at the moment. They were a mess, with their hairs disheveled and blood on the mouth. They must have gotten hurt, but nobody knew how bad it was.

People were shocked by how the two ladies looked!

[Who is the enemy?]

[The two ladies made their attacks, yet the enemy still hurt them!]

If that was not a wonder, the enemy must be unbelievably and horribly powerful!

"Go away now!" Ye Xiao shouted, and then pushed the mountain with one hand. The mountain flew up immediately. He held Yue Shuang and Yue Han in both arms and fled away fast like a bolt of lightning.

As he moved fast, the three of them landed on the plain ground within seconds. As they just touched the ground, a huge sound rang up behind them. It was the mountain hitting back to where it was cut off from.

It wasn't world-shocking as people expected. The mountain just shook for a while and then remained firm and still.

Those who came to this place at this moment were all experts in cultivation. They saw the mountain falling down and so quietly landed on the ground, so they knew somebody was putting it on the ground like he was a giant man!

The accurate control was shocking everybody!

"What happened? Why are you both hurt?" Ye Xiao looked at Yue Shuang and Yue Han.

Yue Shuang took a breath and spoke seriously, "They are level nine Dao Origin Stage cultivators... More than twelve of them!"

[Dao Origin Stage top-level cultivators?]

[At least twelve!]

Everybody was shocked by the answer!

A Dao Origin Stage top-level cultivator was in the top league of this world!

In Ye Xiao's previous life, he and Fierce Blade, and Jun Yinglian were merely above the line!

However, the enemy had sent out over twelve!

It was unimaginably powerful!

“What’s the details? How did it happen?” Ye Xiao put two supreme dan beads that healed injuries into the two sisters’ mouths.

Yue Shuang nodded and said, “We are fine. Don’t waste the dan beads...”

However, Ye Xiao fed them the dan beads anyway.

“We were watching around. It was all normal, but when we were about to leave, we felt something dark and vile. It just didn’t feel right... so we raised alert...”

Yue Shuang spoke everything.

The others all nodded while listening.

As two superior cultivators with great capabilities, they were more sensitive than ordinary people could understand. The feeling was exactly a vigilance.

In a novel, they call it a whim!

The vigilance, or the whim, meant a deadly crisis was approaching. Normally when it appeared, something was about to happen.

“So we didn’t separate away. We chose to make the sword attacks directly. The entire forest beneath us was lifted up to the sky.” Yue Han took a breath. In her eyes, it was surprise and shock.

The others all cheered for their wonderful move.

“Excellent!”

It was such a genius reaction.

The abrupt sword attacks ruined the forest where the enemies were hiding, interrupted the plan of the enemy, also informed the allies of what had happened. Because of what they did, the enemy couldn’t put on any sneaky attack on them anymore. The sword attack was such a brilliant reaction to the situation!

[Yue Shuang and Yue Han are indeed as powerful as people said. The reaction was incredible. When they fought together, their solidarity was invincible.]

“When the forest flew up, over ten people in black clothes abruptly flew out from the rising woods. They didn’t say a word and started to attack fiercely!”

Yue Shuang continued, “Yue Han made an attack against one of them palm to palm, and that man spat out blood. However, after he took three steps backward, no footprints were left on the floor.”

Ye Xiao was surprised.

What Yue Shuang was trying to tell them was exactly about the footprints.

The two ladies had improved quite a lot after taking the fruits, so they were definitely no weaker than any super cultivators in the world. In the history of the world, no more than five people could be over them in cultivation.

When Yue Han took a palm hit against the enemy, it looked like she won the fight because the enemy retreated. However, he didn't leave a footprint on the floor... which meant the man underestimated Yue Han before he made that attack! He wasn't truly weaker than Yue Han!

In other words, if they fought hard, it wouldn't be easy for Yue Han to win!

Whoever made that palm hit against Yue Han was at least as powerful as Wu Fa's brother, Wu Tian!

He was definitely a super cultivator!

He was just as powerful as Xuan Bing in the old days, or Xue Danru now! He definitely wasn't weaker than that!

"We were shocked by the enemy's power, so we didn't dare to be reckless. We started to play the Twins' Swords to fight them..."

...

[Realms In The Firmament](#)

Chapter 1414: Acquaintance!

Yue Shuang said, "We think the man who made the palm attack must be their leader because he is so strong. We thought the others should be weaker. However, it is a surprise that every one of them is almost as powerful as the leader. They are all top-level Dao Origin Stage cultivator. In the end, twelve of them attacked us together. In fact, we could still hold it if we only had to fight the twelve. Unexpectedly, I realized they had somebody making sneaky attacks."

"We are lucky that you came to save us. When you made the shout, some of them said, 'Xiao Monarch is coming! Let's go!' Then a broad sword light shined up and lifted the mountain up to the sky. In the dust, the twelve men attacked us at the same time... Yue Han and I tried everything we could to defend ourselves, but still got hit... After that, they all ran away. You came, and saw what happened afterward..."

Yue Han took a cold breath after being quiet, and then angrily said, "I thought it was a good fight because they were powerful and they fought us face to face. I was even praising them. However, it disgusted me when I heard someone say something."

"What is it? Why did it disgust you?" Ye Xiao asked.

"That man said... 'Yue Shuang and Yue Han, you are indeed as good as they say. You are actually beyond your fame. However, you only survived this because you kept staying with each other! Tell Ye Xiao that we are waiting for him!'"

"He said they are going to kill you!"

"And then they just left."

"Then you arrived, and held the mountain." Yue Shuang added.

The others were all lost in thoughts.

"Han'er, what did that man sound like?" Ye Xiao asked a good question. "That man talked a lot. What he said is consistent... He must be the man who makes schemes. I guess he should have something special while he is talking."

The others were all spirit up.

It might be a breach.

The man must be highly ranked in the organization. If they could track it down and figure out who this man was, it would help a lot in finding out the secrets of the organization!

"The man's voice is hoarse, but it was clear. When he talked, he sounded like everything was in his control. It seemed that man was controlling everything... He is just so confident, and that is why I hate him so much. He thinks he is the best in the world."

Yue Han thought for a while and gave a subjective description.

Ye Xiao frowned, and the others were all in thoughts. Who in the martial world of Qing-Yun Realm fit the description?

A man who sounded so confident as if he was the best in the world...

"It is some extreme confidence!" Yue Shuang added in a low voice.

The two ladies were twins, and they had a strong mental bond. They always knew what was in the other's mind, and then explained it to others. Yue Shuang just added a simple word, but perfectly concluded what Yue Han wanted to say and gave a direct impression to the others.

The others had been going through the description again and again, but still couldn't think of anybody, so they were all confused.

"Elder Shuang, Elder Han, what do you think about that man's last words? Do you think it is true?" the Moon Queen spoke. "The last few words he said... 'Yue Shuang and Yue Han, you are indeed as good as they say. You are actually beyond your fame. However, you only survived this because you kept staying with each other!' what do you think about it?"

Everybody else wanted to know the answer from the sisters.

It was the right question, which could lead the sisters to think deeper about the enemy's characters. However, asking the right question didn't mean asking it properly. If the question came out wrong, it would provoke the ladies. Among all the others, the Moon Queen was the perfect one to ask it.

"What happened in the fight... We were just so lucky. The man's words... I think he was a hundred percent sure." Yue Han frowned and said.

As she said so, the others were all frightened. The Moon Queen exclaimed, "A hundred percent? How come!"

Yue Shuang made a sigh and explained, "Yes, one hundred percent. Moon Queen, you know us well. You know we can transfer our energy to each other and fight as one. In fact, we are more like four of us attacking together... When we operate our ultimate technique, it should be twice as powerful..."

She took a long breath and continued, "Though we have such special advantages, which allowed us to support each other by transferring energy and fight together... We have recently had some amazing improvement, and that must have surprised the enemy. Otherwise, they should have killed us both right there. It is one hundred percent. They knew everything about us, except for the recent breakthrough. That is why he said we were beyond our fame. We were so lucky. If we didn't have the breakthrough, it would be difficult for us to even decide our own death!"

"To decide on your own death!"

It put a chill into everybody's heart. [What? They couldn't even decide their own death? Doesn't it mean they would have been captured?]

Yue Shuang and Yue Han had such a high compliment for the men in black clothes. The others all felt utterly depressed, like there was a huge iron brick pressing their hearts.

[Are they really that powerful?]

[What they did was not their full power?]

[Was it eighty percent? Sixty percent? Or less than fifty percent?]

"They are undoubtedly powerful!" Ye Xiao took a breath and looked at the darkness of the night. "The powerful enemy has arrived!"

"They are right around us!"

"That's the most important thing!"

"They have arrived!"

"Dispatch the order! Everybody keeps alert!"

"I have a feeling that the final battle is coming."

Suddenly, Ye Xiao made a long shout to the sky, his voice resounding in the wind and reaching the clouds. "You monsters! How dare you to talk about killing me, Ye Xiao? Hilarious! I am right here! I am waiting for you! Come now!"

His voice was full of killing intent and the disdain from deep inside his heart.

His voice was resounding over the entire area of mountains and forests again and again.

"Monster! Monster... monster..."

"Waiting for you..."

The extreme furious killing intent in that voice spirited everybody up.

In the sound of Xiao Monarch, there was fearlessness and confidence!

Everybody felt like when those men in black clothes came and met Xiao Monarch, none of them would survive!

That was his confidence!

That was true confidence!

That was the unshakable confidence!

Ye Xiao waved his sleeves and said, "Let's go, guys!"

Then he left first.

The others didn't hesitate to follow him immediately. While they were moving back, everybody had the fearless feeling rising up in the heart.

[That's right! No matter how powerful you are, you are just a group of demonic creatures!]

[Inferior creatures are not even human anymore. How could that be powerful?]

[What they have is only the ability to put on some illusion!]

They were leaving the mountain of Saint Starlight Sect.

The dark fog was rolling and scattering in the sky. On somewhere higher, a bunch of people in black clothes were furious.

[Demonic creatures!]

They didn't care about being called that way before they turned demonic, but things changed after they did. The two words meant too much to them as they had become so sensitive to them. As time passed, whenever they heard people said the two words, they would fight it with their lives!

Every one of them was a proud superior cultivator. None of them would like to be disgraced by that!

Just like those who had become traitors would hate people calling them traitors no matter what evil business they had done. These men in black clothes were totally traitors to all human beings!

However, they could only endure the hate.

No matter how hard it was, they had to wait.

All their faces had turned green because of anger.

[Ye Xiao! I am going to kill you!]

Many of them were swearing in their hearts, showing vicious killing intents in their eyes.

While Ye Xiao and the others returned to the base, he called up the leaders and started to make assignments.

"The enemies are here. There is no doubt about that. All of them are superior cultivators at top level! We should not underestimate them!"

"Now, the enemies are in the darkness, which we can't see yet. Maybe more of them will come over day by day. They have been hiding in the dark all the time. Obviously, they don't want to start a fair battle. At least not for now.

"As far as I am concerned, they are all powerful cultivators. They haven't shown up yet because they want to defeat us one by one. We can see that from what they did to Yue Shuang and Yue Han today."

"They have such a plan, and we can make use of their plan..." Ye Xiao gathered all the Dao Origin Stage cultivators together and shared his great plan.

After hearing it, the others all rolled up their eyes.

Most of the ladies didn't seem to be supportive. They thought it would be some brilliant idea, but it turned out to be putting out a bait... That was all...

[Everybody can think of such a simple plan! Do you think you are brilliant because of it?]

[Do you really have to make it like a big deal and talk so big about it? That is embarrassing!]

The cultivators Ye Xiao were leading were totally off-balance—men compared to women were too few.

There were men who were level-nine Dao Origin Stage cultivators, Ye Xiao, Li Wuliang, Han Bingxue, the three great elders of Cold Moon Palace, and one itinerant cultivator Fu Hongchen, who was called the Mortal Spear King, while there were women, Xuan Bing, Wenren Chuchu, Jun Yinglian, two elders of Sky Ice Palace, Xue Danru, five elders of Ice Cloud Palace, the Moon Queen, Yue Shuang, Yue Han, and three elders of Qiong-Hua Palace...

Twenty-four cultivators and seventeen of them were women!

That was more than two-thirds of the total. Yin and Yang were off-balance seriously.

However, among these people, only some of them were powerful enough to kill the enemies alone when the enemies were attacking sneakily. They were Ye Xiao, Han Bingxue, Jun Yinglian, Li Wuliang, Xuan Bing, Xue Danru, the Moon Queen, and the team-up of Yue Shuang and Yue Han.

In fact, either of Yue Shuang and Yue Han had the same cultivation power as the Moon Queen or Xue Danru. However, they just couldn't get their own Tittle Phase. They could defeat Li Wuliang, even Xuan Bing, or Ye Xiao when they fought together, but either of them alone couldn't defeat the Moon Queen or Xue Danru!

Wenren Chuchu and the Mortal Spear King were not in the top-class list. They both were in a high cultivation level, but neither of them had mastered their own Tittle Phase yet. They could defeat any one of the three great elders of Cold Moon Palace alone, but none of them could kill the enemies when the enemies first took the sneak attack!

The plan was accepted. One person would hang around alone to catch the enemies' attention, while several of the others would secretly follow.

However, for three days, nothing had happened.

Apparently, the enemies weren't idiots just like some novels would assume. They knew what Ye Xiao wanted to do, so they wouldn't fall on it.

Ye Xiao went out too, taking his concubine to enjoy a jaunt around, but didn't see any men in black clothes either.

They were all worried.

Ye Xia's plan was lame, but it was the most efficient one. If they couldn't draw the enemies out, they would have to wait for the enemies to show up from nowhere. They knew Ye Xiao's plan was stupid, but they had to go on.

A few days later, finally, something happened...

Ye Xiao was invited to join a wedding feast again, yet he met three people that he hadn't seen for a long time, which surprised him so much!

"I know you are happy! So am I! But we should call it off now. Lord Monarch must be sick of drinking liquor now. Let's just propose a toast to him and stop this now." Somebody suggested.

"Excellent!"

The others agreed.

...

[Realms In The Firmament](#)

Chapter 1415: I am a Mole

Everybody knew that Ye Xiao had to attend over ten weddings in a day. Even though he could still physically hold it, he might suffer it mentally. Therefore, they only wanted him to have one drink.

Ye Xiao smiled and raised up the liquor, drinking and thinking, [That is a great suggestion.]

Not that Ye Xiao was pretentious, he just had attended too many weddings recently. Nobody felt better drinking like that. It was already a challenge for Ye Xiao to still join the weddings and drink more liquor.

However, somebody said, "It is good that we all propose a toast to Lord Monarch. However, each table deserves a drink with him alone."

The others heard it and some of them were angry.

[There are so many weddings recently that Xiao Monarch needs to attend. He is showing great respect to us joining us. Yet this guy wants Xiao Monarch to drink table by table?]

[How could you come up with such a f*ckass idea?]

[Can that be more shameless?]

However, when Ye Xiao heard it, his eyes lit up, and he said in a deep voice, "That is right! One drink to all is never as good as one to each!"

Then he stood up holding his liquor, walked down table after table to drink with everybody, ignoring other's dissuasion.

When he walked to the table where the person suggested him to drink more, he cast a look at three pairs of eyes.

Both sides were trying to restrain themselves, but in fact, none of them could hold down the excitement in their hearts.

The first person Ye Xiao looked at was Ning Biluo, who hadn't been heard since ascending to Qing-Yun Realm. The king of assassins in Land of Han-Yang was now just like an ordinary cultivator in the martial world.

He came to this world weak, and the improvement he could have during those days only made him an average cultivator in the world. That was reasonable!

However, Ye Xiao had a pair of sharp eyes. As he looked at Ning Biluo, he realized the man had reached level one of Dao Origin Stage already!

That was not ordinary at all. It was absurd to think that level one in Dao Origin Stage was average. All Dao Origin Stage cultivators were superior cultivators in the world!

In some small towns, a level one cultivator could become a conqueror!

A Dao Origin Stage disciple in the seven great sects could be influential to the sect!

Most importantly, Ning Biluo was so weak when he last saw Ye Xiao. He improved greatly a lot in a short time!

The speed of improvement shocked Ye Xiao.

[If I didn't get that lucky earlier, could I still be better than Ning Biluo in cultivation?]

He really couldn't be sure of that. Ning Biluo had truly improved incredibly fast!

At the moment, Ning Biluo was standing with excitement in the face just like the others, raising up his liquor. It was like he finally had the chance to meet somebody he admired for a long time...

Ye Xiao nodded and slipped his gaze aside like they didn't know each other.

However, through spiritual mind connection, he said to Ning Biluo, "Get drunk today!"

Ning Biluo understood and laughed, "Lord Monarch really shows us respect today. I am flattered! What I do is to have three drinks in a row as a return!"

Then he picked up the big jar of liquor and drank it up in gulps in a short time. After that, he started to stumble.

"F*ck that!"

A man shouted furiously, "The man is lying for the liquor. Now, look at me! I am truly showing my respect!"

Then this man drank up a big jar of liquor in gulps too.

- Gurgle, gurgle... -

It was the man who incited Ye Xiao to drink more. In fact, he was also one of the old fellows of Ye Xiao in Land of Han-Yang, the killer king, Zhao Pingtian!

Beside Zhao Pingtian, there was another man. If Li Wuliang was here, he would definitely run over to talk to this guy. This guy was the person whom Li Wuliang liked so much and wanted to recruit but failed, the first trustworthy subordinate of Ye Xiao, the Instant Killer, Liu Changjun.

Liu Changjun was laughing, spirited up, said loudly, "Today, I am so lucky to see the great Xiao Monarch laugh upon all heroes in the world. I guess I should drink for it..."

Then he lifted a jar of liquor and started to drink it up in gulps. Then he laughed and shouted. "Drinking with Xiao Monarch, nobody is allowed to force the alcohol out by operating martial arts! Let's just enjoy it to the utmost!"

"Excellent!"

Everybody was laughing and drinking in a jar...

Ye Xiao didn't feel any special about it. He had seen too many people drinking in a jar and passing out in the liquor. After the drink, he moved to the next table as if nothing special had happened.

After he left, the guys were still drinking excitedly.

"Lord Monarch is such a nice man. He is friendly to everyone."

"He is so handsome... If only I have a sister..."

"Cut it off! Look at you, a piteous ugly face. Even if you have a sister, she probably is a troll. You actually want to be Lord Monarch's brother-in-law. Come on... Be realistic..."

"F*ck you, Wang Laosan. How dare you! Bastard, I am going to kill you in a fight!"

"Let's fight then! Do you think I am scared? Come on, I will drink to your death!"

"I am drinking to your death!"

"Fine! Let's see who wins!"

...

When somebody was really drunk, he either was sent to the toilet, or he went to the toilet himself. Ning Biluo was still fine, staggering up and holding the pants up, said to a man, "Where is the toilet? I... I can't find it."

The man was Zhao Pingtian, who was also drunk, and said angrily, "F*ck! What the f*ck are you doing, you bastard! This is where we drink and eat, not the toilet... Are you going to pee here?"

Ning Biluo shook his head and said, "I can't find the toilet... Can you smell it for me?"

Zhao Pingtian was furious, "F*ck you! You smell it yourself... Am I a dog to you?"

Smell it for me...

People around them were enjoying the scene. They clapped, slapped on the butts, and laughed out loud.

"I am going too... I smelled it..." Liu Changjun staggered up and walked out.

"Where is it? I am going with you!" Ning Biluo and Zhao Pingtian followed up.

"Where the f*ck do you think you are going... F*ck!" Somebody scolded, "This is not the toilet... Go that way... Go..."

The three men staggered over the other direction holding each other. They didn't seem able to walk normally. In their hearts, they felt the warmth.

[Finally, brothers, we are back together in Qing-Yun Realm.]

They couldn't help recollecting the memory of the days they lived in the Land of Han-Yang. It was like a dream.

[Now we are together again!]

[Once again, we follow the master, stirred the world, controlled the world!]

[We have no regrets!]

Nobody talked much, just staggered to the toilet. They even stumbled and fell a few times, which was really embarrassing. A bunch of drunk men laughed and whistled at them behind their back...

[They have fuddled themselves for real...]

They turned around somewhere and disappeared in the forest.

People on the table were still shouting, "Come on! Again! Drink! Who wants more?"

"I do!"

"Here!"

"I am drinking to your death!"

"I am drinking to your death!"

...

In Ye Xiao's personal camp.

Bing'er was rubbing Ye Xiao's temples softly. Ye Xiao was lying with his head on Bing'er's big breasts, closing his eyes, groaning with pleasure.

Jun Yinglian walked in and saw the provocative scene, so she rubbed her eyes and rolled up the eyes. She said, "The great young Lord Ye, you men are here."

Xuan Bing saw Jun Yinglian and automatically stopped what she was doing. Ye Xiao still kept his eyes close, and said, "Go on... I am mentally exhausted these days. My temples hurt. Don't mind the visitors. They are Ning Biluo and the other two..."

Xuan Bing bit her lower lip. She couldn't disobey Ye Xiao's order at all... so she just went on rubbing.

Jun Yinglian's mouth twisted and said, "So they are our men? I am letting them in. Just be careful, you two..."

Ye Xiao didn't open the eyes, and he looked incredibly comfortable. "Careful for what... When they are with me in Land of Han-Yang, Bing'er was serving me. They knew..."

Jun Yinglian was speechless. [So they are so trustworthy that you don't even need to hide the intimacy between you two. Well, I guess I am more like a stranger!]

She rolled up her eyes and imagined punching Ye Xiao really hard.

The three assassins didn't have to pretend drunk anymore. They entered the room and saw two old friends. Zhao Pingtian said gladly, "Oh! Lady Bing'er is here too... We have been worried so much about you. It turns out Master has found you. Congratulations, Master! Congratulations, Lady Bing'er!"

Ye Xiao laughed and said, "That is so nice of you. How do you feel staying in Qing-Yun Realm?"

They hadn't seen each other for a long time, so they had a lot of chatting before they got to the serious business.

"How did you make it here?"

Ye Xiao asked.

"As I learned more, I know about my ignorance. Thanks to your support, we could come to this world. As we arrived, we realized how small we were when in the Land of Han-Yang..." Ning Biluo made a long sigh.

"After experiencing the power of the cultivators here, we know that there are always, higher skies, thicker lands, and stronger people."

The other two nodded to agree.

That was true. When they were in Land of Han-Yang, they thought they were the best and looked down upon everybody else. After the ascending, they knew how terrible and stupid arrogance was.

They knew that the sky was boundlessly high, and the world was boundlessly big!

The path to the greatness of martial art did not have an end!

"When I think about the days in Land of Han-Yang... I can't skip the truth that Ning Biluo and Zhao Pingtian fought so hard for the seat of the best assassin in the world..." Liu Changjun was giggling. "I always laugh out when I think about it. It is hilarious, isn't it... Haha..."

Ning Biluo and Zhao Pingtian's faces turned red at the same time, and they glared at Liu Changjun.

They decided to beat him up hard when they left the camp!

How could he joke on the King of Assassins and the Killer King?

Well, they were not kings in this world though!

There was a saying—do not punch someone in the face, or humiliate someone by exposing his shortcomings. Liu Changjun liked to expose something that embarrassed others. He deserved a punch!

"Pingtian, how is Rou'er?" Ye Xiao concernedly asked.

"Thank you, Master. After ascending to Qing-Yun Realm, we have gotten quite some fortunate experience. Rou'er can visualize herself now." Zhao Pingtian gratefully said, "Rou'er has such a great achievement only because you taught her that technique in Land of Han-Yang. It is marvelous. As long as she keeps practicing it, she will become a living person again."

Ye Xiao smiled and said, "Don't be too blindly optimistic though. I killed a vile man many years ago and took the martial art from him. However, I don't think it is the whole of the technique. If we can get the whole technique, it will help Rou'er much more. Even though she is weak in cultivation, she could still do better."

He thought for a while and continued, "After this war, let's pay more attention to it. Maybe we will fill up the martial art... I have a feeling. If that martial art is fully fixed, it may be even more powerful than our martial arts... Martial art for the dead to return to life... It is not evil."

Zhao Pingtian was spirited. "Thank you, master!"

"Okay. Tell me. Why are you here together?" Ye Xiao asked.

Unexpectedly, after the three assassins talked, Ye Xiao, Jun Yinglian, and Xuan Bing were all shocked.

They even abruptly stood up at the same time.

"In fact, we have heard about you a long time ago..." Ning Biluo surprised Ye Xiao first.

"However, we were too weak. If we stayed with you, we would only become your burden... We wouldn't be able to help... That is why we decided to keep improving through practical fights... We have been walking on the edge between life and death to improve ourselves.

"Liu Changjun met your brother, Li Wuliang. They got along really well with each other. However, Changjun still wanted to improve himself more before he could return to you!

"Afterward, we heard more information about you... Things were getting strange in the world...

"So I thought... You will start a war against the vile organization sooner or later because you're such a righteous man. One year ago, we started to collect information about that organization...

"Maybe my experience as an assassin helped. In a coincidence half year ago, I joined the organization and became an assassin in the system." Ning Biluo smiled, "I am good at that, to be honest!"

"You... Do you mean you joined the organization and became one of their assassins?" Ye Xiao was shocked. Even Xuan Bing suddenly opened her eyes wide. She couldn't believe what she just heard!

...

Realms In The Firmament

Chapter 1416: Soul Control

"That's right." Ning Biluo said, "I have thought that the organization might have a way to control me, but I am sure I won't submit to them because I am always alone... So I didn't think much about it afterward..."

"However, when I truly joined them, I learned how they control people. The universe is unbelievably broad. A small figure from a low realm can never know all."

Ning Biluo said, "It turns out they are using some secret method. First, they make you pay homage to a mysterious altar... While the ceremony was ongoing, the altar would spread out some dark lights..."

"When the dark lights shined, all the people in the ceremony would be dragged out a slight piece of soul."

Ye Xiao took a deep breath and looked at Ning Biluo.

He didn't expect him to do such a big thing on his own.

"Although they only took a little of people's soul, that tiny piece of soul became the key to control those people. Once anybody betrayed the organization, the power of the altar would torture the traitor for a lifetime, and the traitor would beg for death..."

"If the traitor was solitary, it only tortured him alone. If the traitor has families, the families would be controlled too. His families' life and death all depend on the man alone. Once he betrayed the organization, his entire family would suffer."

Ye Xiao nodded. "That is why no matter how I question them, none of them tell me anything... I was curious. I know there are lots of tough men in the martial world, but I don't think all men are tough..."

Ning Biluo smiled and said, "After the soul extraction ceremony, I got to know one more thing... During the extraction process, they put something into my body... It eases the pain. With that thing inside, I feel only one-tenth of the pain when I get hurt or tortured!"

"That's it. That is the reason!"

Ye Xiao made a long sigh.

The double insurance made the system work perfectly in secrecy!

The organization was brilliant in schemes.

Ye Xiao nodded and thought, [It is reasonable to do this. They have to go extreme because their imaginary enemies were Master Bai, Wan of Clouds, and Xiu of Heavens.]

[They had to make sure Master Bai couldn't find them.]

[Otherwise, with Master Bai's great power, he could have destroyed the organization thoroughly within a day!]

[He didn't even need do it himself. Wan of Clouds and Xiu of Heavens were enough to uproot them all.]

[That is why they need such extreme methods to keep their secrets.]

[Well, people like us are helpless to make them talk, but Master Bai is different. When we were in the Land of Han-Yang, we were at the top of the world. However, in this world, we are just tiny shrimps. Ning Biluo was right. Knowing more makes a man realize his ignorance!]

[The leaders in that organization probably just did their best to feel good about it yet couldn't truly get what they want!]

[No wonder after a long time of unendurable torture by Elder Xuan Bing and I, those people in black clothes actually kept their mouth shut.]

Suddenly, Ye Xiao thought of something very important. His face expression changed, and he asked, "You know so much about the system. When you joined them, you must have been through the extraction process too... Why are you...?"

Ye Xiao looked at Ning Biluo with uncertainty.

He wasn't worried that Ning Biluo might have been truly recruited by the organization, but he was worried that Ning Biluo might get himself hurt by the organization!

Ye Xiao could feel that the mysterious altar was not something from Qing-Yun Realm. It might come from some higher realm like Human Realm Upon Heavens. If Ning Biluo got hurt by its power, there was nothing Ye Xiao could do to help!

Ning Biluo blandly smiled and said, "Master, you gave us the second life in Land of Han-Yang. When I joined that organization, I did it because I never forgot what you did for me. Even if I will die because of it, I have to do what is right to do.

"Secret organizations always have some special methods to control the people. I knew it, but I still went for it... because... As long as I can keep staying inside the organization, I will get some information that I can tell you. I just want to get something that gives you initiative in this war. A man should die for the person who respects him. That is not just a saying..."

Ye Xiao and Jun Yinglian were shocked.

When they looked at Ning Biluo, they were different. Nobody had expected Ning Biluo to do things in such a way.

He actually would like to sacrifice himself to get some news for Ye Xiao.

Ye Xiao felt warm in the heart, and he said, "Ning, you shouldn't do that..."

He made a long sigh.

He knew that Ning Biluo did that to return the favor. He had helped Ning Biluo a few times back in Land of Han-Yang. However, Ning Biluo didn't like to owe people anything. He only owed Ye Xiao a lot. Back in the old days, Ning Biluo used to said, "Only death could return the great favor to you!"

He actually said so.

What he was doing actually was proving what he once had said!

He smiled and said, "It has been a long time since we last met, master. Why are you like a woman now. There is no need to put it in your heart. When people said the heavens blessed nice people, I always turned up my nose at it. However, this time... Zhao Pingtian and his wife have solved my problem on the reverse impact on my soul. It turns out I am a nice man. The reverse impact that nobody could get away from was actually solved!"

He actually smiled warmly and looked at Zhao Pingtian, which was rare.

Zhao Pingtian smiled too.

The two great assassins, who never showed a warm face, actually became so... friendly to each other. It was a great picture! People would love to see it!

Ning Biluo said, "When I got in, I found Zhao Pingtian there. However, he was just like me, showing a cold face, difficult to reach... One day, when we are on a mission to kill somebody, he finally came to me and asked for a secret meeting..."

"When we first met, he talked to me about the reverse impact on my soul. Then he let Rou'er extract a little bit of soul out of me so that the altar lost control of my soul. After that, she used some special technique to fix my broken soul."

Ning Biluo looked painful, and he said like he was still experiencing it. "When the soul was extracted... It was... It was so..."

He even looked frightened too.

Then he shook his head, smiled bitterly. "That was something I don't want to think of anymore. I am not going to let that happen on me again."

"I see. How things changed! The heavens do bless nice people." Ye Xiao was relieved, and he smiled to Zhao Pingtian. "Pingtian, that is such a capable wife you have."

Zhao Pingtian bashfully smiled.

If anybody knew Zhao Pingtian in the old days saw him now, they wouldn't believe this man with a warm and shy smile was actually the killer king, Zhao Pingtian!

Ye Xiao asked, "Where is Rou'er? Why isn't she with you?"

Behind Zhao Pingtian, a cloud of dark fog appeared and then a beautiful body of a lady showed up as a phantom. She smiled at everybody and said, "Master, I am here."

Ye Xiao laughed and said, "Lady Rou'er is truly much stronger than before. You can actually hide yourself so well. You even got me! Impressive! Come here, I happen to have something that may help you better."

Then a small jade bottle showed up in his hand. In the bottle, there was a cloud of white dense mist.

Rou'er looked at it and her eyes lit up. She couldn't stop looking with eagerness.

"Is it Yin Dan?"

Zhao Pingtian was also shocked by what was inside that bottle. He was shaken up, and then exclaimed, stared at the small bottle, couldn't move away.

Ye Xiao used to tell Zhao Pingtian and Rou'er about several ways for the couple to meet again. One of it was to let Rou'er reincarnate with her memory, which was low-risk. Now, she was ready to have it. However, it took a long time, and nobody knew what she would look like in the future. She might even become a man. That aside, whoever protected her when the reincarnation happened would have to suffer from the divine thunder punishment. This was obviously the last option.

The second way was to make Yin Dan with nine precious materials. With a Yin Dan bead, Rou'er could become a soul of the death and then a soul of Yang energy from a ghost. That meant Rou'er would eventually be with Zhao Pingtian for the rest of their lives.

Zhao Pingtian and Rou'er had learned a lot since they left the lower realm. When they saw the spiritual energy and Yin qi inside the bottle, they thought that it was the Yin Dan!

"Well, this is not Yin Dan. It is much weaker than Yin Dan, to be honest. However, for Rou'er, it is still very helpful."

Ye Xiao smiled and said, "It takes great luck to collect enough materials to make Yin Dan. Just be patient. Try this Ultimate Essence of Originality!"

Then he handed over the Ultimate Essence of Originality.

Zhao Pingtian took it over with his shaking hands, opened the bottle, and some creamy fog flew out.

Rou'er was thrilled too. She slightly opened her mouth and that creamy fog flew into her mouth. After a while, her body looked more solid.

Her face even looked rosy like a human being.

Apparently, that Ultimate Essence of Originality did help her a lot.

"Thank you, master!" Zhao Pingtian looked at Rou'er, and he burst into tears with joy.

"No need, Pingtian. When we ascend to Human Realm Upon Heavens, it is the day you two can finally hold together!"

Ye Xiao seriously said, "So, you have to take care."

Zhao Pingtian nodded. "Yes! I will! In fact, I feel bad. I happened to know Rou'er could extract soul and fix up my soul. If I didn't know, I wouldn't join the organization for you. I am truly much worse than Brother Ning..."

Ye Xiao nodded.

"You two have been inside the organization. I think you know much that we don't." Jun Yinglian asked.

"Yes." Ning Biluo said, "We have gathered some information, which may not be important to the organization, but important to us."

"First, what we are doing... They sent us here secretly, and we are not the only moles here. We are in a team that has twenty people. Our team is only a small part of a big group of people. Before we came, our leader told us to compete with the other teams!

"Which means... The entire big group was out on this mission. I don't know how many teams and how many people they have. I heard that some other big groups came here too..."

Ning Biluo looked cautious, and said, "In our opinion, one big group has at least six teams, which has at least a hundred and twenty people... Let's say there are six big groups... It means they have sent about eight hundred people here..."

"When I came here and saw the scale of this base, I think that should have sent sixteen hundred people at least... But then I thought, over a thousand people among a huge amount of people could never stir up any big trouble... I guess... At least three thousand men in black clothes are undercover here!"

[Realms In The Firmament](#)

Chapter 1417: West Hall! West Hall!

When Ning Biluo was talking, he looked pretty serious and solemn.

He clearly knew what he said was going to bring about a huge shake to the people. He knew exactly how important what the people were about to do after hearing his words could be.

Therefore, he had thought of every word several times in his heart before he finally said it out loud.

Ye Xiao nodded solemnly too, and he exchanged a look with Jun Yinglian and Xuan Bing.

"When we came here, we didn't dare to get in touch with anybody. We didn't dare to be exposed as two double agents. If we didn't see Liu Changjun and knew more about master from him, we wouldn't dare to talk to you like this..." Zhao Pingtian bitterly smiled and said, "In the entire Qing-Yun Realm, we have only one person that we can fully trust."

They both looked at Ye Xiao.

Ye Xiao felt touched in his heart.

"So, have you been waiting to see me?" Ye Xiao asked.

"Yes, we do. In the beginning, we didn't even dare to come close to you... We just couldn't find a good time to approach. Besides, we did not know how powerful you were. If we were exposed, what happened to us was not that big a deal, but if it brings a negative influence to the great plan, it will be unacceptable!"

Zhao Pingtian smiled. "Yesterday, luckily, Changjun was here. He met us and told us more about your current situation. The wedding ceremonies and feasts recently gave us quite a lot of chances to meet you."

Ye Xiao stood up and paced around for a while. After that, he looked at Liu Changjun and said, "What about you, Changjun? Why did you come here that late?"

Liu Changjun smiled and said, "I was not with good luck earlier. When I came to this world, I started to be hunted. I have been hunted and did not have a chance to join the organization. With Fierce Blade's help, I got a treasure, which was powerful, and I spent quite some days somewhere to cultivate it, hiding for a long time. I just got out recently, and when I was out, I heard the news about you. That was when I rode ahead here. Unexpectedly, I met these two guys when I came. They sucked, by the way. They kept being worried and cautious all the time, talking about how powerful the organization was again and again. I told them how powerful the Fierce Blade was, and told them how powerful you should be. I told them not to think much, just to meet you first!"

Ye Xiao smiled and said, "Don't be blindly optimistic. The organization is overwhelmingly powerful for real. Ning Biluo and Zhao Pingtian's concerns are absolutely not shooting at random. However, Liu Changjun is also right. Now, we need to know exactly how the enemy's system works. You guys have brought really important information in time. We fought in the Land of Han-Yang together in the old days, and now once again, we will fight side by side in Qing-Yun Realm!"

Ning Biluo, Zhao Pingtian, and Liu Changjun all had the fever shining in their eyes with enthusiasm.

The three of them never changed. They had been willing to follow Ye Xiao's lead from the beginning.

Every time when they were in good dreams, they dreamed about the days when they were fighting with Ye Xiao.

The three of them knew well everything about the story of Ye Xiao after his reincarnation. However, they did not know that Ye Xiao was exactly Xiao Monarch. Even Liu Changjun, who was closest to Ye Xiao back in the lower realm, only knew a little bit about Ye Xiao's past. If Li Wuliang didn't point out the truth for him, he would still be clueless at the moment.

Now, Ye Xiao suddenly became the famous Xiao Monarch in the world, the world's most powerful cultivator. Even though it was such a big change, none of the three men asked anything about it.

In their hearts, Ye Xiao was still the same Ye Xiao.

Whether Ye Xiao was young Lord Xiao or Xiao Monarch, it did not make any difference for any of them.

The only thing that mattered... was that Ye Xiao was still the same person!

That was enough for the three assassins!

It was totally enough!

"I need to add one more thing though."

Zhao Pingtian said, "We two are weak in cultivation, so we did not dare to take any moves in case we expose ourselves... However, Rou'er is free. She can go out and check out at night... After doing it several times, she finally got some information that matters..."

"The organization's foundation is in the area around Sky Eye Mountain... I do not have the exact location yet."

What he said had stirred up a huge wave inside the hearts of Ye Xiao, Liu Changjun, and Ning Biluo.

“Sky Eye Mountain? Is it really around Sky Eye Mountain? Are you sure?” Ye Xiao’s eyes were burning.

Jun Yinglian and Xuan Bing were shocked too. They nearly exclaimed and trembled.

Jun Yinglian’s face suddenly turned pale because of it.

Apparently, the information had shaken up the three super cultivators in the world. They were astounded.

“Yes, I am. I have gone out and checked around several times. I am not sure what it is like inside the base, but I am sure it is around the Sky Eye Mountain. I am one hundred percent sure.”

Rou’er spoke softly in a low voice, “In fact, that place has extremely strict security arrangement. Every second, there are countless utterly powerful spiritual mind energies going round and round... Pingtian is definitely not powerful enough, but in fact, even if he is powerful enough, I will not let him go out and collect information under that security system. Even though I am special, I still could have been discovered by them... If they found me, I would be wiped and my soul would be destroyed...”

Ye Xiao looked solemn like he had never been before.

He took a deep breath and murmured slowly, word by word, “The Sky Eye Mountain... It is the base of the West Hall!”

Xuan Bing nodded and spoke slowly after him, “It is where the West Hall is located!”

Jun Yinglian’s pupils shrank, and she said, “It is Zong Yuankai’s West Hall!”

Ye Xiao suddenly shook his head, and then coldly said, “The West Hall! We have been discussing the location of the organization many times. We thought of many possible places. However, we never thought of the West Hall. In fact, if we think deeper about it, there are many clues that linked the secret organization to the West Hall. Maybe we ignored the shadow under our feet because the light was right over our head. Or maybe we got blinded by a small leaf. Who knows? Maybe we do not want the West Hall to be related to the secret organization. We just do not want to know that the powerful organization turned out to be much more powerful than we ever imagined!”

That was right. When Ye Xiao was in the Heaven’s Terrace, he knew that the Divine Yin Yang Fruit would not only boost a cultivator to the top level in Dao Origin Stage, but also plant the root of demonic energy inside the body. Whoever ate the Divine Yin Yang Fruit that was not purified by Erhuo would fall to the path of demons!

Wu Fa and Wu Tian were two vivid proofs of the truth!

Ye Xiao had seen the demonic energy from the members of the secret organization who were trying to kill Yue Shuang and Yue Han, from the Red in the Sky, and especially from the big black hand. The demonic energies were not in the same power level, but they were the same thing!

Before Ye Xiao, the man who used to take the Divine Yin Yang Fruit, who was, in fact, the first man to take the Divine Yin Yang Fruit, was actually the founder of the West Hall, Zong Yuankai!

The founder of the West Hall, Zong Yuankai, might still be alive, or maybe not, but there was definitely the demonic energy inside his body. He was definitely going to become a demonic creature. That was why the West Hall was strongly connected to the secret organization. It was a fair conjecture!

To think deeper about it, when the massacre happened in the Heaven's Terrace, leaders of all influential sects were there. The current prime master of the West Hall, Zong Xingyu, was the man who invited everybody to go to the Heaven's Terrace. After those people followed him to Heaven's Terrace, they all went missing!

After that, it shocked everybody that their leaders went missing. They were astounded that the organization was actually powerful enough to defeat a group of people who were all influential cultivators in the world. None of those people survived! How horrible!

However, if the West Hall participated in the massacre, it wouldn't be that difficult to take down those cultivators together, would it? There were only things that hadn't been thought of yet, but not things that couldn't be done!

Sometimes thinking of something by imagining how horrible it was would not help to approach the truth. Instead, a simple conjecture which was hard to believe would turn out to be the cruel truth!

Ye Xiao, Xuan Bing, and Jun Yinglian had never thought that Zhao Pingtian would bring them such extremely shocking news.

The information had led to a conclusion which indicated an unbelievable truth that shocked Ye Xiao, Xuan Bing, and Jun Yinglian, no matter how calm and steady the three of them were!

The three great cultivators stayed silent for a while and then decided to lay aside this issue for the moment.

Even though the truth was right before their eyes, it was not a good time to reveal it!

"The moles. Do we have a practical plan to get them out?" Ye Xiao looked at Rou'er and wisely changed the topic.

Zhao Pingtian and Ning Biluo clearly didn't have the power to tell moles among their own people.

Rou'er was good at it because she was technically not a human being.

However, she clearly hesitated for a while, and she said, "I do have a plan. I can do it. When I helped Pingtian and Brother Ning with their soul restraint, I learned a lot about the special soul restraint energy... However, my soul power is still weak. It should be easier than extracting souls to tell the moles out of the crowd, but it is going to consume a lot of energy. I think all my energy is only enough for me to get out about one hundred people."

She spoke in a mild tone but expressed the meaning quite frankly.

Zhao Pingtian's face turned pale all of a sudden.

Rou'er was improved a lot, so she was able to stay in the shape as a soul. However, she was weak. If she used up all the soul energy, she would disappear and actually be destroyed at the second when the energy was up. That meant it was suicide.

Ye Xiao nodded and said, "Don't worry, Lady Rou'er. We don't need to rush. Let's wait for three days first. In the next three days, I will prepare some medical materials which can improve you and cure you. I won't let you get hurt just to get the moles."

Rou'er nodded trustingly, leaning on Zhao Pingtian, looking sweet and soft.

...

"Zhao Pingtian, Ning Biluo, and Liu Changjun are gone. I think they will be fine. They have good experience after all."

Xuan Bing looked grim and said, "What should we do next..."

Ye Xiao frowned and said, "Next, we discuss it."

Jun Yinglian said, "This is serious. No matter what judgment we made out of shock, we have to make sure it is true first. At least we should have some solid proofs. The connections only prove the possibility. We believe it, but the others may not."

She then frowned her beautiful eyebrows and said, "After all, this thing has too much influence to the martial world... If this is about the West Hall, half of the cultivators in the Qing-Yun Realm would lose faith in winning the war... If it is not connected to the West Hall and we are the people who bring up the absurd conjecture, we will lose credits for it. The mistake is too big..."

"Being wronged like that, the entire West Hall will go mad."

Jun Yinglian took a deep breath.

Ye Xiao thought for a while and then said in a deep voice, "Lian Lian, with your intelligence and experience, you should be able to get to the truth now. You know it is true. You can't be sure only because you don't want to be sure, just like all the other cultivators. You don't want the situation to go that negative for us..."

"Truth is the truth. What's real is real. You will have to face it sooner or later!"

"You want some solid proofs. It is easy to say. It is difficult to refuse..."

"Some places in the world have some things that human beings can never notice. However... the special life form, which breaks the limit of human beings is able to notice it."

"Rou'er is the special life form in front of us." Ye Xiao explained to Jun Yinglian about the story of Rou'er. He said, "Since Rou'er has sensed it, found it, noticed it, then it is in the Sky Eye Mountain! There is no doubt about it!"

"Since we can be sure about the location being around the Sky Eye Mountain, things are clear. Think about what we have been through, and think about everything about the organization. It makes sense. Oh, right. There is one thing you don't know yet. The Divine Yin Yang Fruit from the Heaven's Terrace has not only the power to improve one's cultivation, but also the energy to turn one into a demon. It is something from the demon's world. Whoever eats it will be greatly improved, but also seriously infected."

“The Divine Yin Yang Fruit I gave you is purified, which means the demonic energy is removed. Wu Fa is one of those who took the fruits in history. You know he is a demonic creature at the moment. Zong Yuankai, the founder of the West Hall is one of them too. Since Wu Fa has become a demonic creature, don't you think Zong Yuankai has too?”

“When Bing'er and I were fighting the Red in the Sky and the black hand, their demonic qi is filling up everywhere. They are even more demonic than Wu Fa. Even though they are not fighting together, they are the same thing...”

“What we should be worried about is the West Hall.”

“What role is the West Hall playing in this war?” Ye Xiao looked cold and grim in the face.

Jun Yinglian said, “If the Sky Eye Mountain is the base of the secret organization... I think the West Hall is a part of it.”

Xuan Bing nodded silently, lowered her head, and then her eyes shined a flash of glaring light.

“Things are always changing. We never know.” Ye Xiao said, “No matter the Sky Eye Mountain is the secret organization's base or just a branch, the West Hall must play a role in it. How could they let the organization settled inside their territory if they weren't with them?”

At the moment, Xuan Bing spoke in a low voice, “The war is coming. The entire Qing-Yun Realm is in a disturbance. All influential sects had sent people to join us... However, nobody from the West Hall and the East Hall is here!”

Ye Xiao's face suddenly turned gloomy.

None of them talked.

The West Hall and the East Hall didn't send anybody over!

...

Chapter 1418: The Power of Flattering

What Xuan Bing said seemed to be unintentional, but it exploded like a thunderclap.

That was right. Almost all sects and clans in the Qing-Yun Realm had sent their people over to the base, then why hadn't the West Hall and the East Hall?

[Are they too arrogant to do so? Do they feel shame to be with us? Or...]

"What Lian Lian said is right. It concerns too many people. Let's put it aside for the time being." Ye Xiao took a deep breath. Murderous intent with anger was boiling inside his eyes. "Let's focus on the mole issue. We should get them all out... and kill them all!"

Xuan Bing frowned and said, "But if we do this for real, will it consume too much of Rou'er? Maybe it will put on an unendurable burden on her..."

When Xuan Bing lived in Land of Han-Yang as Bing'er, there were three people that she was close to. The first was definitely Ye Xiao, and the second was Song Jue. Rou'er was the third closest to her. Back in Land of Han-Yang, Bing'er was quite sentimental about Zhao Pingtian and Rou'er's story. Although Rou'er spent most of her time staying with Zhao Pingtian, she sometimes talked to Bing'er.

In fact, Bing'er had helped Rou'er a lot to stabilize her soul in the old days. Xuan Bing's Ling Xiao Ice Art was greatly enhanced after Ye Xiao removed the hidden threat inside her body. The yin qi which naturally went out her body was exactly the most helpful qi to Rou'er. However, Rou'er and Bing'er did not know it. Xuan Bing got to know it afterward, but she would not want to take the credit. Even if Rou'er did not absorb the yin qi, it would only be wasted. It was better to use it on Rou'er!

Now as Xuan Bing thought about it, she only wanted to help Rou'er out this time, by pouring her pure yin qi into Rou'er, so that Rou'er would not need to consume too much of her own energy. Other than that, with Xuan Bing's company, Rou'er will be much safer!

Ye Xiao blandly smiled and decisively said, "Don't worry about it. I have a plan for that." Ye Xiao's plan was to do some conversion from energy to soul. Since the soul of death could supply soul energy, soul energy could also enhance the soul. Erhuo had absorbed quite a lot of soul energy earlier. With the help of some medicines, Erhuo could produce some special dan beads that contained soul energy. However, Erhuo was too stingy to take it out.

There was one more thing that annoyed Ye Xiao. When the golden hawk returned from the Oracle District, it said it had to go somewhere and take something back. It was fine if it just took whatever it was and returned soon, but it had been over one month and there was no message from the golden hawk at all. That was not okay.

Where was the golden hawk?

If the golden hawk was here, Ye Xiao could feel a lot easier to fight the battle against the demonic creatures and have a bigger chance to win the war.

What happened to the golden hawk? Why wasn't it back yet??

The golden hawk was incredibly powerful. If it was a human being, it should be more powerful than Wu Fa. Although it wasn't the most powerful in the Qing-Yun Realm, it was peerless in speed! Erhuo might be a bit better than Hawky, but Erhuo was totally crazy...

Ye Xiao was pretty troubled because of it.

As for Darky, his lovely horse, he had freed it to the wild long time earlier.

Ye Xiao entered the Boundless Space, and Erhuo was curling like a furry ball, sleeping with a big snore. That looked pretty cozy.

"Get up now! It is time to work!" Ye Xiao dragged Erhuo's ear, but the cat just ignored him.

When Ye Xiao was talking, Erhuo could clearly hear it inside the Space. It knew its evil master was going to use its soul power. Erhuo felt like he wanted to kill itself.

Now as Ye Xiao entered the Space, Erhuo had to pretend it was sleeping.

[I don't care what you say. I will not get up. I will not even open my eyes!]

[If I get up, the tiny teeny bit of soul power that I have collected so hard will be gone...]

Ye Xiao shouted at Erhuo, whispered to its ears, promising it all kinds of profits. He used every possible method to get it up. However, Erhuo just would not open its eyes. Ye Xiao touched it, poked it, it would not react to it. Ye Xiao dragged it up by grabbing its tail, and it was still loose like a dead cat.

Ye Xiao surely knew that the cat just didn't want to use its soul power, that was why he was angry, but also felt it so hilarious.

Nobody could wake up who was pretending to be asleep. That was the unchangeable truth!

Well, however, Ye Xiao decided to challenge the truth...

First, it was rude and simple. Ye Xiao got close to Erhuo's ear and yelled. "Meow!"

Erhuo's ear fluttered. [Come on, master! Stop yelling if you don't know how to yell it the right way! That was unbelievably scary...]

[I felt like I was walking across a field of tombs...]

However, Erhuo had a pretty strong willpower. Although its ear moved, it still didn't wake up.

[I am not opening my eyes. What can you do?]

It turned out that the truth was not easy to change!

Ye Xiao was a persistent man. He wouldn't just give up like that, would he? He rolled his eyeballs and came up with another idea. He took Erhuo up in the air and looked at it for a while. Suddenly, he made a surprised exclamation, as if he found something unbelievable.

Erhuo was disdainful. [I don't care what you are pretending. I won't move even a bit. You are not going to shake my mind!]

Ye Xiao murmured, "No wonder Erhuo is always fractious. It turns out to be a female cat... With my eyes wide open, I actually can not see its penis... Well, this is the truth..."

Erhuo raged up as it heard the 'truth'!

It got rid of Ye Xiao's hand quickly and waved its claws furiously. "Meow! Meow! Meow meow! Meow! Meow! Meow...?"

[You are a female cat! Your families are all female cats!]

Erhuo was angrily spraddled, pointing the thing between its legs with a claw, shouting at Ye Xiao furiously!

"Can't you see it? Can't you actually see this huge baby? Can't you? Can't you really?"

Ye Xiao was surprised by Erhuo's reaction.

He knew that Erhuo might react to the provoking, but he had no idea it would be so emotional!

That was unbelievably emotional!

"Why the hell are you so furious?" Ye Xiao squinted at Erhuo and said, "You are just a cat... Why do you care about your penis so much? Do you have to? Do you really? For real?"

He squinted at the tiny penis of Erhuo, which was as small as a peanut bean, and he disdainfully said, "Are you questioning my eyesight? Tell me then. Do you think anybody can see it? Do you? Do you really?"

Erhuo was provoked by Ye Xiao's satire, and it was furiously jumping up and down with all the hairs standing straight up. It kept meowing loudly and said, "You know I am a cat! You know I am! Don't you know what a cat is? This is what a cat looks like! I absolutely have the biggest pen*s among all the cats that are the same size as me! I am also the strongest! I am incomparable! You know absolutely nothing, stupid human!"

Ye Xiao despised it, and blandly took off his pants, pointing his own thing between the legs, and then dragged the pants on immediately, flaunted and said, "See? Look at it! What is big? Now you know what is big! This is big!"

Erhuo was wrathful! It even wanted to scratch Ye Xiao with its sharp claws! Its voice became sharper that it was like some demonic echoing sound in people's head. It was freaking out. "How can you f*cking compare yours to mine? Why don't you compare yours to a f*cking elephant? Why don't you compare yours to a f*cking dragon? You... You vile... You are contemptible! You contemptible bastard!"

It was gasping because of the fury, and it didn't even sound like a cat anymore!

"Fine. You are a male cat. Okay? You are a tough, strong, incredibly virile male cat!" Ye Xiao spoke like he was trying to be magnanimous. As he said it, he felt like he was lying, betraying his conscience.

[Look at its tiny little peanut... How can I call that virile...]

[Oh. This is sad. My conscience is lost. I have lost my bottom line... I actually made up a lie like for my purpose. I lied to the cat, and I lied to myself. My image is ruined... Everything is ruined...]

Erhuo was finally eased a little as it heard Ye Xiao's words. However, it was still gasping because of anger.

"Since you are so tough and virile, I guess you will be happy to make me some dan beads..." Ye Xiao lifted an eyebrow and said, "I need some dan beads that can fix the soul of the dead. It isn't difficult, is it? What do you think, virile cat?"

Erhuo suddenly slacked down. Its ears fell down again, and it closed the eyes again.

[Holy sh*t! I forgot to pretend to be asleep...]

It seemed hitting on the right spot could wake up who was pretending to be asleep after all!

Ye Xiao raged up this time, and said, "F*ck! Don't you dare pretend to be asleep again!"

He grabbed Erhuo's hind leg and threatened it fiercely. "I am going to make you a female cat today! Believe it or not!"

Erhuo felt the horrible eyes of Ye Xiao staring at the thing between its legs, and it was shaken.

Its furry tail suddenly moved over to cover the crotch, and it angrily meowed.

"Do you really have to threaten a cat like this?"

Erhuo resentfully asked.

"I don't think I am threatening a cat!" Ye Xiao humphed and said, "I am threatening the creature that claimed to be the world's peerless creature in chaos! Didn't you call yourself that?"

That was a good one. He quibbled about Erhuo, but also sucked up to it at the same time.

Erhuo looked better. It meowed proudly and rubbed the whiskers, looking like it was deep in thoughts.

However, because it was upside down at the moment, it didn't look as good as it imagined. It was only hilarious and stupid!

"Don't tell me the world's peerless creature in chaos couldn't even give me a few simple dan beads!"

Ye Xiao smiled and said, "If you truly can't, don't ever mention anything about the peerless creature in chaos or anything like that! Stop talking like you are omnipotent! You are not... You are just not so good..."

Erhuo was about to rage up again, so Ye Xiao hurriedly said, "That is why I think it is just an easy job for you! You are so capable!"

Erhuo was satisfied by the flattery. It rubbed the whiskers again and thought, [Well, he is right. It is not a difficult thing for me. All I have to do is to move my hands slightly...]

"Just a few dan beads! It is a piece of cake for the peerless spirit in chaos!" Ye Xiao kept sucking up to it.

"That's right. Just a few dan beads. For me, it is... Humph. It is just like breaking wind..." Erhuo looked prettily enjoying it. Its eyes were half closed, and it was humphing with pleasure.

...

After a while, Ye Xiao left the Space with satisfaction.

Erhuo was lying on the floor, waving its tail. [Master is clever. He is wise. He actually knows I am omnipotent, great, and honorable... Just a few dan beads... That is just...]

Suddenly, it exclaimed out loud.

"Meow!"

It jumped up, thumped its chest and stamped its feet. "My soul power! My soul power! My soul power! Ah... Five percent of my soul power! He took it... Meow! Ah... Why would I give him fifteen of those dan beads? Ah... Ah... I am going crazy..."

"I am crazy... Why would I give him that..."

"Five percent of my soul power... I want to kill myself..."

It thumped its chest and stamped its feet like it was in pain, that it didn't want to live anymore.

Ye Xiao's flattery made it feel so comfortable that it actually gave him fifteen Soul Power Dan beads.

When Ye Xiao was gone, Erhuo had still been lost in the flattery, until just then.

Erhuo had stayed with Ye Xiao for a long time. Soul power was the thing that it would never take enough. Its small body could actually contain a huge amount of energy. It never felt filled by the energy. Oh, there was once it felt full about it—when it took countless soul clouds in the Sky Soul Mountain.

That time, the clouds were so big that the energy even filled up the entire Boundless Space. Actually, Erhuo had a lot of soul power to use, but the energy in the clouds was aggregate of countless fallen ancient cultivators' souls. Erhuo was only able to keep the aggregate. There were still a lot of that energy clouds inside, but Erhuo had to digest it bit by bit, to make it an energy that it could actually use. Ye Xiao had taken only five percent of Erhuo's soul power, but that was already enormous. The soul power was as much as several top-class cultivators' soul powers combined together. It took Erhuo just a few seconds to make the dan beads, but digesting the energy clouds could take Erhuo ages. That was why Erhuo groaned with bitter resentment!

"Oh no..." Erhuo was groaning, lying on the floor and not moving like its bones were all lost...

On a side in the Space.

Over a dozen Silver-scaled Golden-caruncled Snakes were looking at each other with their weird eyes as if they got to know something.

"Hiss, hiss... It turns out the boss loves to be flattered... It actually became a retard when it was buttered up..."

"Hiss, hiss... That's right... Who could think of that..."

"Hiss, hiss... Look at it. The master only flattered it with a few words, and its tail was rising up to the heavens..."

"Hiss, hiss... The master was lying... That was some lame flattery. We all knew that. We could see that! But the boss actually couldn't... It was even enjoying the fake flattery..."

"Hiss, hiss... That is right..."

"Hiss, hiss... Just a few words and the man took so many dan beads with him. That was too easy..."

"Hiss, hiss... That is right. I am so jealous of him. I want only one of that Soul Power Dan beads... No, half of a bead would be enough. I just want a tiny bit..."

"Hiss, hiss... What do you think if we go suck the boss up too? Maybe we will get a treat too..."

"Hiss, hiss... That is right..."

The Silver-scaled Golden-caruncled Snakes shined up their eyes at the same time like a lot of lightened bulbs.

They felt like they had discovered a new land in the ocean. In fact, they were like some paupers who suddenly got a method to make a lot of money.

...

[Realms In The Firmament](#)

Chapter 1419: Shoulder to Shoulder

Ye Xiao was at ease, getting out the Space. He was pretty surprised about what happened.

Whenever he tried to ask Erhuo for some special dan beads, it would take him quite a lot of time to talk. He had to say it by enlightening it with affection and motivating it with reason. Sometimes he needed to offer something to bribe it. Usually, Erhuo would only give him one or two dan beads as if that was such a great blessing.

Every time when that happened, Ye Xiao would want to punch Erhuo really hard.

However, unexpectedly, this time he only said some words that flattered Erhuo, and it completely fell to it...

It gave him the dan beads that it would have even pretended to be dead, in order for him not to receive it. More surprisingly, it actually gave him fifteen dan beads after the flattery!

That was unbelievably generous for a stingy cat like Erhuo.

That had never happened before!

Ye Xiao felt that even he himself wouldn't give anybody so many dan beads of that value at a single time!

It was not just generous.

It was stupid!

Did anything make Erhuo stupid?

Hmm. The flattery made it stupid!

That was right. Erhuo was knocked out on the head by Ye Xiao's flattery...

Ye Xiao was beaming with joy.

He finally found a way to deal with Erhuo perfectly.

He thought that he should make more attempts in the future!

[I guess I should do more practicing. As long as I master such a skill, it will be a piece of cake to deal with the peerless creature in chaos..." Xiao Monarch, who had totally lost his good image and sense of values, left the Space.

...

Three days after, Zhao Pingtian and Rou'er came to Ye Xiao with anxiety.

Ye Xiao smiled when he saw them like that. He confidently said, "Rou'er, come here. Let me improve your cultivation first. Hmm. In consideration of your current capability, you can have only three dan beads, before it reached the limit of your improvement with dan beads..."

Then he took out a jade bottle. Inside the bottle, there was a black dan bead which looked like just a cloud of fog.

Rou'er was shaken immediately when she saw that.

Her eyes were filled with astonishment.

[The energy... The energy in this dan bead is much stronger than the Ultimate Essence of Originality... This is much purer. It is incomparable!]

"This dan bead... It is a hundred times better than the Ultimate Essence of Originality I had three days ago!" Rou'er was shaking because of excitement, but it didn't stop her from blurting it out.

Ye Xiao smiled.

He thought, [Definitely.]

The Ultimate Essence of Originality he took out three days earlier was the subsidiary products of cultivating the East-rising Purple Qi. It was the origin of the extreme yin energy when the energy of ice and energy of fire were running inside him. That was why it had such great value to Rou'er, who was a soul of the death. However, this time, the dan beads Ye Xiao got from Erhuo were exclusive dan beads that Erhuo made with a soul power it had been collecting all the time.

The energy was from the Chaotic Soul Clouds, which meant the essence of all those super powerful cultivators' souls. For Rou'er, who was cultivating her soul, it was the most valuable dan! Those dan beads were indeed incomparable!

A hundred times?

It was definitely more than a hundred times better!

It was totally a material difference!

"I made the dan beads according to your current status. It should fit you perfectly. It couldn't help you become the soul of Yang energy like the Yin Dan did, but it also had significant power. If I am right, as long as you take this dan bead, you will never fear the sunlight anymore. You won't be restrained, because your soul, your mind, and your energy will bond together."

Ye Xiao blandly said, "When you take the second one, you will finish concentrating your spirits. When you take the third, you will be able to split up your soul at your will!"

He then took a long breath and said, "It is not the most important. In fact, if things go right, after that third dan bead, you will be very likely able to marry Zhao Pingtian. You will be able to stay together for real..."

Rou'er blushed all of a sudden. Zhao Pingtian was totally beaming with happiness!

Marriage!

The two of them had been dreaming for it so many years, yet it had always been so far from them.

Rou'er never had a real body. That was such pain and torture for both of them.

Now the dream was coming true! [Is our dream coming true?]

[Are we going to be together for real?]

The two of them were both thrilled and filled with joy.

"When Rou'er took the third dan bead, she finished the soul cultivation... After she got the Yin Dan, she will become a real person."

Ye Xiao smiled and said, "However, we have to wait for the day we ascend to the Human Realm Upon Heavens. In the Qing-Yun Realm, there is no way I can get all the materials it needs to make Yin Dan."

"However, with these three dan beads, there is no need to be hasty anymore..." Ye Xiao spoke slowly, "Rou'er, even if you want to... Uh... Even if you want to try to get pregnant, it is possible. When you became a soul of Yang energy, all you need is a Divine Spirit Dan bead to get the capability of giving birth to a child."

"We can wait. We will have that day eventually!" Rou'er and Zhao Pingtian's eyes were glittering with excitement.

Rou'er was especially excited.

As a woman, to give birth to a baby for the man she loved was her responsibility.

However, she had once lost hope for that, because she was a ghost. She thought it was impossible to do that for her man, not even after she had a solid shape in the future.

That had been troubling her.

Although Zhao Pingtian had told her many times that he didn't care. He took it as the greatest blessing to spend his life with the woman he loved, so he wouldn't ask for more. However, Rou'er cared. In fact, she had even tried to convince Zhao Pingtian to find a concubine.

Now as she heard the unexpected good news, she nearly passed out because of the excitement.

Rou'er bowed to Ye Xiao with tears streaming down, and said, "Thank you so much, master. Thank you, for bringing us hope... We are... We are never able to return the favor for what you have done for us..."

She was sobbing and couldn't continue talking.

Ye Xiao looked gently and softly said, "We go through difficulties together. We never turn our backs to each other."

He stopped and then solemnly said, "We were, we are, and we will always be supporting each other. Pingtian is my brother, my family. It is what I should do to help my brother out. Please do not mention returning the favor or anything like that."

Zhao Pingtian, who was such a tough man, actually couldn't help having tears in his eyes. His breath became heavy, and with a snuffling voice, he said, "That's right! Master is right! We are families. We go

through difficulties together. We never turn our backs to each other. We were, we are, and we will always be supporting each other!"

He was thrilled and sentimental, because of what he himself had said. In fact, he nearly mumbled it out.

Ning Biluo and Liu Changjun also had their eyes glittering fever.

[He is the same master to Zhao Pingtian, and also to me!]

[I will spend my life to travel the world with the master!]

[We go through difficulties together. We never turn our backs to each other. We were, we are, and we will always be supporting each other!]

[We will never regret!]

[Never regret!]

The three of them made up their minds at the same time.

"For the next a few days, you three just stay low. Do not take any moves. I have to improve you all first. Your mindsets are much better than ordinary cultivators, but it takes more time to truly make use of that. After the improvement, with your mindsets, you will get used to your new strength very soon. You will be just like the top assassins in Land of Han-Yang again..." Ye Xiao seemed to be happy.

He hadn't been able to find any traces of the organization's base before, and he didn't know anything about those men in black clothes. He always seemed to be calm and steady, but in fact, was anxious inside. However, things were different at the moment.

The clue that led to the Sky Eye Mountain might reveal the truth, that things were worse than he imagined, at least they got to know something important. That was a great progress. It was much better to know how bad things were than to be knocked out by the unexpected truth!

"After the war, I think we will have to leave this world for the higher realm, Human Realm Upon Heavens." Ye Xiao said, "Please work hard on your mindsets. You have to catch up. I trust you in your practical experience, but the mindset is not as easy as fighting experience. It is about a lot of stuffs. Experience, views, willpower... Improvement of strength is easy to accelerate, but wisdom and experience need to be accumulated for a long time. You never get it in a day.

"In this world, I have plenty of ways to help you to reach the top fast. However, in the Human Realm Upon Heavens, you will be on your own. I am afraid that even I will only be a tiny shrimp up in that world."

Zhao Pingtian, Ning Biluo, and Liu Changjun gave a positive response loudly at the same time.

Their eyes were full of fever and longing.

[Human Realm Upon Heavens... Am I really capable of that ascending?]

Ye Xiao didn't hesitate to take out the Divine Yin Yang Fruits for the three men.

The three guys did have a better mindset than ordinary cultivators in Qing-Yun Realm. When the fruits were inside them, there was less spiritual energy leaking out than others. Erhuo, the stingy cat was so happy to see the three men leaking out energy. It stopped feeling bad for losing the soul power to Ye Xiao, just got out the Space, started to absorb the energy crazily. Rou'er was also absorbing the energy from the dan bead Ye Xiao just gave her.

What surprised Ye Xiao was that Rou'er digested the dan bead faster than he expected. Her soul cultivation level was rocketing, breaking through several difficult phases pretty quickly. Ye Xiao thought that after three of that dan bead, Rou'er should be able to reach the top of the level, which was as powerful as the top of Dao Origin Stage. It surprised him in a good way, but he was confused.

The three men were leaking spiritual energy, and Erhuo was busy collecting the energy. It snatched a little time to explain to Ye Xiao and said, "That's not a big deal. I made those great dan beads. The soul energy is extracted from the essence of the superior cultivators' souls that we found in the Sky Soul Mountain. Those ancient cultivators, even the weakest among them, were beyond Wu Fa's level. The essence of their souls should be fabulous!

"Rou'er cultivates the soul. As long as she accepts the energy, and has endless soul energy coming in, she can keep improving fast. Not a lot of people like Rou'er could have such an opportunity in history. However, her cultivation foundation is weak. Although she has the soul energy of the great dan bead which was enhancing her in her spiritual soul, soul of the death, spiritual mind, and the soul itself, she doesn't have much of another efficiency of the dan bead. She will probably stop improving at the top of level nine of Dao Origin Stage. In fact, in spite of the special technique, she is worse than ordinary Dao Origin Stage top-level cultivators. It's not a big deal, is it?"

Erhuo was surely arrogant, so it didn't have a compliment to Rou'er. No matter what the truth was, Ye Xiao had never heard of a cultivating soul that could reach the top of Dao Origin Stage. Now as he had such a powerful supporter, he didn't worry about finding the moles anymore!

Suddenly, the atmosphere in the camp was silent. Dense spiritual qi and essence of souls were filling up the entire place. Pure souls of death were moving everywhere.

Jun Yinglian and Xuan Bing automatically protected the others. With these two ladies watching, nobody would disturb the improvement process. Besides, Ye Xiao was there too.

It was so quiet and peaceful. Ye Xiao made a long breath with relief.

Perhaps he was going to leave this world soon!

In fact, he didn't really like the Qing-Yun Realm. However, he only felt a bit of pain and sorrow in the heart...

Ye Xiao couldn't help coming up with an idea to run away from this place as fast as he could. He felt that he couldn't face this world after the war. Maybe it was cowardly to escape... but... he truly didn't think he could be a powerful man!

He closed his eyes, looked calm and casual. However, deep inside his heart, the wound was bleeding, healing, and bleeding again!

Who he was remained a mystery!

He couldn't find his birth parents... Ye Nantian, the Ye Clan... didn't end up well with him...

Ye Xiao buried all the pain in the heart, the very in-depth bottom. The pain was there. He just buried it.

When he was alone, the pain would rise up and he couldn't help it.

The rising pain would stir up the waves in his heart!

The pain was a secret to both Xuan Bing and Jun Yinglian.

He tasted it alone. He suffered alone.

Sometimes he felt that it was happy to still feel it...

The sore happiness.

[After all, I had it once.]

Ye Xiao grinned with self-mockery.

On the other side of the wall, Jun Yinglian and Xuan Bing were sitting on the floor outside the camp. They didn't move, but their lips were slightly moving. They didn't say it out though.

They were talking through mind connection.

"Have you found anything different from him recently?" Jun Yinglian asked Xuan Bing.

"Oh, a lot. He changed a lot." Xuan Bing answered.

"What is it? How?" Jun Yinglian asked.

"Staying with him again, I felt that he... I felt that he is much quieter than before... There are lots of dead voices inside him... Anyway, he is unhappy." Xuan Bing looked pretty worried. She sincerely felt sorry for him.

[Realms In The Firmament](#)

Chapter 1420: Moles Cleansing

For Bing'er, the most important thing was to make sure Ye Xiao was happy. However, Ye Xiao, even though was on top of the marital world, didn't feel happy. Bing'er didn't want to see him like that. Bing'er was Bing'er, but Bing'er was also Xuan Bing. She should still have some of her pride that she used to have as a great elder of a great set. However, she gave up all the pride just trying to make Ye Xiao happy!

It was undeniable that it cheered him up quite a lot to have Bing'er back with him. However, the thing that had been hidden so deep inside his heart was impossible to be removed by anybody except himself!

Jun Yinglian was upset and made a long sigh.

She absolutely saw whatever Bing'er could see. However, if Bing'er couldn't make it work, she couldn't do it either. That was why she only made a sigh about it.

"I never asked him about it, because I don't want to remind him of anything that makes him feel sad." Jun Yinglian spoke in a low voice. "I knew he showed up in the appearance of the young Lord Ye. In his heart, he is a member of the Ye Clan, the son of Ye Nantian and Yue Gongxue... However... Things changed. He used the name of Xiao Monarch and returned to the martial world like a hurricane!

"It happened so soon that it didn't show any forewarning.

"Since then, he had never mentioned a word about his family, Ye Clan." Jun Yinglian's eyes seemed misted.

Xuan Bing looked gloomy too.

She said, "I spent over half a year in Land of Han-Yang with him... I was a little girl who knew nothing back then. However, I know everything. I know who he is now. That is why I know everything.

"When he fell to the Land of Han-Yang from the Qing-Yun Realm and started his second life in the young lord, he wanted to return to his prime, as a young man.

"That is why he acted so cold and cruel.

"After that, Uncle Song, the steward, Song Jue took care of him so carefully and thoughtfully. When master knew that Song Jue was Ye Nantian's sworn brother who decided to stay in the Ye Clan of a lower realm, who suffered from big cultivation loss to stay with Ye Nantian..."

Xuan Bing paused and then said, "Master's heart was warmed up again.

"After that, he started to make attempts to improve Ye Clan's situation. That made him feel like a part of that family... When many clans and forces in the world started to take aim at him, Ye Nantian broke through lots of difficulties to return to the family only for his dear son.

"He said something when he was back.

"What he said had proved Ye Nantian's qualification as a father to master!

"My son is my life! Who dares to kill my son gets his whole family killed by me!

"As an orphan, a master couldn't resist the love of a father like that. His heart was moved...

"I was only Bing'er back then. I could see that the family was more and more important to him. He was more and more like a member of that clan. For some time, he was only the young lord, Ye Xiao, Ye Nantian's son, not Xiao Monarch anymore.

"The young Lord Xiao replaced the Xiao Monarch in those days!

"In the beginning, he was happy about the change. He liked every progress he made there. Ye Clan getting better and better thrilled him up... He did so many things for the clan..."

Xuan Bing sighed and said, "He had forgotten Xiao Monarch already... He is an orphan. We have no idea how much he yearns for the love of his parents... He longed for it for a long time..."

Jun Yinglian felt sad about it, nearly shed tears because of the heart-rending truth.

"When he returned to the Qing-Yun Realm, he used a fake name because he didn't want to bring troubles to the Ye Clan... When he thought he was powerful enough to help the clan, he rushed to the clan as fast as he could.

"Don't doubt my words. I accompanied him the way to the clan as Xuan Bing.

"I could clearly feel the anxiety and excitement in his heart back then. He wanted to go home so badly. He wanted a complete family so much.

"He was back after all.

"He was back and settled everything in the clan on his own. He picked some young people who were hopeful in cultivation, improved their physical condition, trained them, and removed all the threats around the clan. He even gave the Misty Cloud Palace a lot of Regeneration Lotuses to build a tight connection for the clan. He told Yue Shuang and Yue Han who he truly was so that the two ladies would help Ye Nantian and Yue Gongxue out...

"He did everything he could, and worked as hard as he could for the clan!

"He only wanted the clan to live well. He only wanted the family to go well forever!

"That is all..."

Xuan Bing made a long sigh and actually couldn't say anything more.

Jun Yinglian said sadly, "He has done everything for Ye Clan but in the end... When everything was becoming perfect for the clan, he himself was the most awkward and imperfect part of the clan... He realized there was no room for him anymore... He couldn't stay in the clan anymore... Am I right?"

Xuan Bing sighed and didn't know what to say anymore.

What Jun Yinglian said was exactly the truth.

When Ye Xiao was doing what he had done for the Ye Clan, he had no idea, and he would never have imagined that he was pushing himself out of the clan step by step!

He actually had no room in the family anymore. He couldn't stay anymore.

His parents had their eyes filled with suspicion when staring at him. In fact, there was even a bit of hate, enmity, and hesitation. It felt like they were hesitating whether or not to say something that might hurt him. How could he still stay in the family calling himself their son, the young lord of the Ye Clan?

What else could he do even if he stayed?

Who could possibly explain everything right?

Should he tell them that the body was their son's, but he didn't kill him? Should he argue that their son had died before he took the body? Should he say that he was the only reason why the body remained still unharmed...

"I just borrowed the body. I like this family. I would love to take over this identity and be your son. I have done a lot for the family..."

Could he say that?

Even if he said that, would Ye Nantian and Yue Gongxue accept it, after the truth was brutally ripped out? Would they accept that the superior cultivator, an influential figure, a legend in the Qing-Yun Realm had taken over their son's life and become their son?

Ye Nantian and Yue Gongxue should humbly call him master and show him great respect. However, the master took over their son's body. Did that make him their son?

Wasn't it awkward and twisted to get along with each other in a family like that?

In fact, would Ye Nantian and Yue Gongxue accept Ye Xiao's explanation?

Would they just believe it?

Yue Gongxue suffered for ten months to give birth to the boy, and Ye Nantian raised him up through many difficulties. Ye Xiao just took over the body. Would they just believe that their beloved son had already died when Xiao Monarch took the body?

Didn't Ye Xiao pretend to be their son for a long time?

Why didn't he frankly tell them the truth, if he wasn't guilty?

Xuan Bing and Jun Yinglian both made a deep sigh. They both knew it was difficult.

No matter what Ye Xiao did, it wouldn't be right!

Jun Yinglian stayed silent for a while, and then she said softly, "Since... Since things are what they are now, we should use our way to make him happy again as his women."

She stared at Xuan Bing with her pretty eyes and decisively said, "He is our man. We have the responsibility to make him happy. You are good at it, at least better than me!"

Xuan Bing blushed, and bashfully said, "Stop it..."

"No. I am telling the truth. There is nothing we can do to help him..." Jun Yinglian said, "The only thing we can do is to stay with him and show him the tender love of a woman. We help him get through a hard time."

"When the war is over, we should start preparing to ascend to the Human Realm Upon Heavens. Let's all leave this place together." Jun Yinglian said, "It will get over soon. The memory will be blurred. Time is the best cure for injuries in the heart. The passage of time makes people forget all the pain in the past."

"However, we still have to think of something to do for the short-coming future..." Jun Yinglian said, "We can't live with a thorn sticking in the heart all the time."

"We must think of a way to remove it."

Xuan Bing sighed and said, "If we want to remove the thorn, I am afraid we have to recover the scar first."

Jun Yinglian silently agreed, and then said, "Forget it. We should focus on cleaning the moles first. Let him do it. Let him fight. Let him kill. It will vent his dissatisfaction... After that, we..."

Xuan Bing sighed and said, "I guess this is what we have to do. I have this feeling that he doesn't want to stay here anymore. He wants to run away so bad. You have no idea how crazy he is when he is cultivating."

"I think you were right. When the war is over, he is going to leave immediately. He wouldn't stay for even one more minute."

Xuan Bing said, "And I know my feeling is right."

Jun Yinglian humphed coldly and said, "If we are going to leave, we are going to leave in a grand way. If this isn't happening, we can just leave quietly. I won't have a problem with that. However, because of what is happening to Ye Xiao, we can't just go silently!"

"The grander, the better!"

"When we leave, I want the entire Qing-Yun Realm to know it! I want the world to celebrate our ascending together!"

Jun Yinglian's pretty eyes were shining the light of fierceness, and then she took a deep breath.

She wanted to say more fierce words, but she realized there was nothing more she could say. After all, those were birth parents to Ye Xiao. It was wrong to be too aggressive.

After all, as a woman, she was more or less understanding than Yue Gongxue.

As a mother, she could never accept the truth that somebody else replaced her dear son and lived in her son's body!

She couldn't let anybody replace her son!

Ye Xiao had taken the fifteen dan beads from Erhuo by playing some flattery art. Those dan beads were marvelous. Rou'er only took three dan beads, and she had already reached the limit in cultivation. Zhao Pingtian smiled so hard because he was so happy and he nearly twisted it. There were twelve left of the fifteen, so Ye Xiao generously just gave them to Rou'er. She couldn't use them at the moment, but maybe she was going to need them in the future. It would be a good choice to use them to fix her soul energy loss when she needed to.

Rou'er politely refused to take them again and again. She had already improved over ten times in cultivation. Before taking the three dan beads, she could only check over a hundred people. However, as her cultivation was greatly strengthened, she could check over a thousand people's souls in a bigger area while consuming less energy...

After that, she might be exhausted, but it only took her one night to recover. Bing'er helped her a lot because of the cold attributed energy from the special martial art. It was not difficult to keep searching for the moles! At the very least, she only needed to rest overnight, and she would be fully recovered!

In other word, even if there were ten thousand moles among the people, it only took Rou'er over ten days to get them all without the support from Bing'er.

It would be a great waste to use the dan beads on fixing the energy loss of Rou'er.

However, Ye Xiao insisted to give her all those dan beads. "Just take the dan beads. Do whatever you think is right... When you need to use them, just use them. Don't hesitate. It is never a waste. Just use it when you need to use it. After all, we won't be staying together all the time..."

Rou'er was so grateful that she kept saying thank you.

As Rou'er kept improving greatly in cultivation, she started to search for the moles more aggressively!

A silent massacre started.

With the effort of Rou'er, it was easy to find out the undercover enemies. Ye Xiao, Xuan Bing, and Jun Yinglian were totally powerful enough to get them down quickly. The enemies didn't have time to think about resisting before they got killed perfectly.

In the darkness of the night, Rou'er became a cloud of grey fog floating in the valley. As long as she didn't show herself, even Ye Xiao didn't know where she was.

Those undercover cultivators from the secret organization were found out one by one. That was accurate. Ye Xiao, Xuan Bing, and Jun Yinglian had tortured several of them trying to get some information, but they finally confirmed that it was impossible to make them talk.

However, with Erhuo's hint, Ye Xiao found that when those cultivators died, their souls weren't complete. A part of their souls would scatter and disappear.

After that, the soul would be gone.

Within one night, Rou'er had found out over thirty-seven hundred people with Xuan Bing's help. These men all died in Ye Xiao and Jun Yinglian's hands. When Jun Yinglian cracked a man's skull with a palm hit, she noticed that the man's skull was black.

It seemed something really horrible was invading this man's brain. It felt extremely creepy and dark. When the man died, the darkness of the skull would disappear immediately...

In the end, the brain of the dead man would disappear too...
