Chapter 1591: Attack the Hall of Returning Nature!

“The mystery of fate...”

“We saw that the enemies were coming on the Guan Clan, my clan. He did not... We have lost so many people... If Monarch Ye didn’t show up and kindly helped us out... We would be slaughtered in this place.”

Master Song made a long sigh and said nothing. He felt choked by the anger that was coming up from his chest.

“One started from nothing. He had nobody in the beginning, and now he is able to secretly influence the Hall of Returning Nature... The other was born with the power in his hands, yet is leading us into ruins...”

Master Guan sighed and felt sad about it. “Oh heavens... What have we done wrong? Why punish the Seven Lotus Clans?”

“These people... Our men... They couldn’t have lived today!”

“Today, we got attacked. Lord Monarch saved us. Someday, they will attack the other clans. Who is going to save us then?”

Master Guan was sad.

Master Song made a long sigh. After a while, he got close to Master Guan and said, “Old Guan... Monarch Ye... Is he still...”

“What are you doing? Can you stop being so shameless?” Master Guan humphed and said, “We were ambushed tonight, and we fought the best we could to survive!

“That is what just happened!

“Nobody saw Monarch Ye!”

Master Guan said, “Who leaks the information will be punished!”

People answered to that.

They were all powerful cultivators because they survived the attacks. They all knew that Ye Xiao was an honorable man, and they all knew that they should listen to the chief.

“If Ye Yunduan knows what happened, he will do whatever it takes to kill Monarch Ye and the Monarch’s Hall!”

Master Guan looked at Master Song and said, “Old Song, we can’t do that to Ye Xiao!”

Master Song blushed and talked through mind connection. “You got me wrong. I didn’t mean that... What I wanted to say... Look, you were right. We couldn’t put all the eggs in the same basket... If the basket falls, all our eggs will be broken... What happened tonight proved your point...”

Master Guan was surprised. He felt sad and then painfully shook his head. "Old Song, the Heaven's Leaf and the Seven Golden Lotus stay together..."

Master Song kept his head low.

However, the two old men's eyes suddenly glittered.

...

The Great Ye Army had returned to peace.

Master Qin and the others finished cleaning up the battlefield. As he looked around, he was surprised. "Where are Guan and Song?"

They should be staying with Ye Yunduan, but now they were gone.

Ye Yunduan said, "The Guan Clan was attacked, and the two old masters left to help..." His eyes were glittering.

Master Qin and the others were all shocked. "His clan got attacked? That is..."

Ye Yunduan looked worried, and he said, "The two old masters together will defeat the enemies... They will be fine..."

It seemed he was worried about the two clans.

In fact, he felt good about it.

Master Guan and Master Song had been close to Ye Xiao all the time, and Ye Yunduan knew it.

He knew that the attack was a trap. He knew that the enemies were going after the Guan Clan.

However, he didn't want a man who stood beside him but had Ye Xiao in his heart... He decided to let Master Guan go...

'I have no idea how the enemy's plan went, but it was very likely going to succeed. If the two old men die out there, it will be easier for me to control the seven clans...'

...

When people were worrying, the sounds of people flying rang up in the sky.

The old masters looked up and got shocked.

Master Guan and Master Song were both severely injured. Only dozens of men followed them back!

Everyone was severely injured!

A few of them had lost their arms or legs...

The old masters were all shocked and grieved.

"Master Guan!" Ye Yunduan rushed over and painfully said, "What... What happened?"

“We got ambushed by the Hall of Returning Nature. We have fought hard and eventually escaped...”
Master Guan’s face looked bad. As he saw the other old masters, he angrily said in a weak voice, “Over seven hundred of our men died... I... I...”

Master Guan couldn’t finish talking. He spat out a mouthful of blood and then passed out.

On the other side, Master Song passed out as soon as he landed.

“Hurry! Come on... Somebody come over...”

After everybody was well taken care of, the old masters started to ask the others.

They gave the same answer.

They got ambushed by the Hall of Returning Nature, and they fought hard to escape the fight. Most of their men were dead...

The two old masters were severely injured...

Nobody mentioned anybody helping them out.

They must follow Master Guan’s order!

The other old masters raged up in fury.

“The Hall of Returning Nature!”

“They actually did this to us!”

“We will fight to the end of their days!”

“We will avenge our brothers!”

...

Ye Yunduan looked worried. He personally arranged all the work of taking care of the wounded men, taking out a lot of fine dan beads for them. He said, “This is my fault... It was a chaotic situation... I thought... I shouldn’t...”

“Oh...”

The other old masters all said some good words to comfort him.

After all, it was reasonable not to foresee something like that!

Blaming oneself wouldn’t help at all.

Master Guan seemed to show a sneer while he was in a coma, but it only appeared for one second...

‘If he is truly that stupid, I won’t blame him. Well, if he knew it was a trap, and he sent us to death, I won’t let him get away from this!’

“Tomorrow, we gather the best force of us and attack the subbranch of the Hall of Returning Nature!”

Ye Yunduan gave the order.

[Realms In The Firmament](#)

Chapter 1592: Ye Yunduan's Plan

Ye Yunduan gritted his teeth and angrily said, "The Hall of Returning Nature actually has done such filthy and unacceptable things to us. They must pay for what they did! The Great Ye Army will not endure the humiliation!"

The Guan Clan and the Song Clan were damaged, and the other five clans strongly stood with them. Ye Yunduan had different thoughts. For him, this was a good excuse to fight against the other three great forces!

He wouldn't care if the Song Clan and the Guan Clan were destroyed. He could even sacrifice the entire Great Ye Army.

He knew that the seven clans were far more powerful than they looked like. The old men just didn't want to show their true power!

What Ye Yunduan wanted to do was to force out the Seven Golden Lotuses' true power!

Ye Xiao had come back to the Monarch's Hall. He sat on the chair and was lost in thoughts. After a while, he made a long sigh.

What he just did must have brought him more disadvantages than advantages. What happened because of what he did could be a disaster to the Monarch's Hall. The Monarch's Hall had been neutral in the city, but now, it might be changed.

However, when he thought of Master Guan, who called him Lord Monarch with guilt and surprise, he had complicated emotions in his heart. He felt that it was the right thing to save the old masters.

He had lost the support of the Red Phoenix and the neutral position in the city, but he didn't regret it.

He thought that was the right thing to do. If he couldn't follow his heart, how could he reach greatness?

It was dawn.

Battle was started in the city!

The Great Ye Army had gathered all their men to attack the Hall of Returning Nature like crazy.

The fight was on fire. The sky was covered by blood and fire.

In the groups of the seven clans, there were a lot of new cultivators who hadn't shown themselves before.

These people were incredibly powerful. They silently moved among the crowd, and when they moved, they killed some men of the Hall of Returning Nature.

People kept rushing into the subbranch of the Hall of Returning Nature.

The Red Phoenix was leading the subbranch in this city. She was doing her best to fight back, but she wasn't powerful enough.

"Stop!"

The Red Phoenix flew up to the sky and shouted.

Ye Yunduan looked at the Red Phoenix and indifferently said, "Why?"

In the howling sound of the drastic fight, the two leaders were thousands of feet away from each other, but as they talked, they seemed to be talking in a short distance.

"The Great Ye Army wants to take over the entire City of Chaos. You attack us for the same reason as attacking the Brotherhood Alliance. This fight will only take more lives away. I am leading our people to leave the City of Chaos, and you can take our territory. What do you say, Master Ye?"

The Red Phoenix was a decisive woman. She knew that the Hall of Returning Nature didn't stand a chance in this fight. The Great Ye Army was going to win. She decided to give up and leave the city, so she could find another chance to fight back.

"Are you leaving? Giving the territory to us? You have killed our men. A lot of them. Now you are losing and you know it. Do you really think you can leave without paying what you owe us?" Ye Yunduan's eyes looked cold and fierce. "A debt of blood must be paid by blood. My brothers can't die in vain! We will destroy the Hall of Returning Nature in this city!"

"Kill!"

Ye Yunduan gave the order, and the three guards on his side suddenly dashed out!

Three broad rainbows were shooting over to the Red Phoenix.

The Red Phoenix was shocked.

She didn't know that Ye Yunduan would go to the extreme like that. She had asked Ye Yunduan to cease the fight so that both sides could save more men's lives. It could save the Great Ye Army a lot of good men so that they could fight against the House of Chaotic Storms and the Xie League afterward. If the fight went on, the House of Chaotic Storms and the Xie League would mostly be benefited. Everybody was aware of that, but Ye Yunduan didn't accept it!

All he wanted was to let as many people die as possible!

'What's in your mind?'

'Doesn't he know that this is the perfect moment to end this fight?'

'Why does he have to push both sides to death?'

Master Guan and Master Song were still alive, which meant the Hall of Returning Nature did not push things to an end yet.

However, what Ye Yunduan wanted to do was to hunt the Red Phoenix down. If the Hall of Returning Nature lost one of the Three Phoenixes in this fight, the Hall of Returning Nature would become the Great Ye Army's sworn enemy just like the Brotherhood Alliance! For the Hall of Returning Nature, the Red Phoenix was as important as the old masters of the Great Ye Army!

Ye Yunduan obviously wanted to have as many powerful enemies as possible!

He wanted the Hall of Returning Nature and the Great Ye Army to become sworn enemies!

The Red Phoenix knew that she was in danger, but she didn't panic. She laughed coldly and said, "Master Ye, you are good at schemes, aren't you? You talk like you are seeking justice and revenge. Well, if you kill me here, the Hall of Returning Nature will send an army to avenge me. You want to seize the opportunity to force the Seven Golden Lotuses to show their true power, don't you? You want the seven clans to absolutely follow your lead!"

"Oh. That is clever! That is nasty! We thought you were an idiot, but it turns out we are underestimating you!" The Red Phoenix's voice was resounding in the battle.

The five old masters who were fighting in the battle all felt shocked.

Their brothers got severely injured, so they were angry, and they did their best to fight the enemies. However, now that they heard what the lady said, they were warned. The two organizations weren't in a dead knot yet. If they killed the Red Phoenix, there would be no turning back. If the Prime Master of the Hall of Returning Nature was irritated, he might lead the best force of the Hall of Returning Nature to attack the Great Ye Army. That would become a war that would never end.

[Realms In The Firmament](#)

Chapter 1593: The Horrible Hall of Returning Nature

The Seven Lotus Clans would be the target after the Great Ye Army. After all, the Great Ye Army was too weak. When the seven clans had to face the main power of the Hall of Returning Nature, they would have to show their true power.

Even the seven clans together might not be able to defeat the Hall of Returning Nature.

The Hall of Returning Nature was the most powerful organization in the Limitless Ocean, which was supported by a sky king. How could the seven clans defeat such a powerful organization?

The great ancestors would have to stand out...

It was impossible.

The seven lotuses would only appear when the Heaven's Leaf appeared...

In fact, even if the seven great ancestors showed up, they might not be stronger than the sky king. The five sky kings had a chance to wipe out the seven clans, but they didn't because they didn't want to irritate the Great Master Ye. If the seven great ancestors showed up to reach their hands to the problem among young generations, it would break the rule!

"Nonsense! You arrogant woman! Kill her now! I would love to see the true power of the Hall of Returning Nature!"

Ye Yunduan was shouting angrily, "Kill the phoenix now, and we will slaughter the Hall of Returning Nature!"

"Kill!"

The Great Ye Army people shouted at the same time. They were on fire.

“This is not good!”

Master Qin and the other old masters were finally enlightened. They felt terrified.

What Ye Yunduan said was totally irritating...

The Red Phoenix smiled and said, “That was something. Well, is it really that easy to kill a phoenix though?”

Her red shadow suddenly flew higher in the sky. The next moment, the shadow exploded like a huge bomb beyond the clouds. The red color spread everywhere and nobody knew where the Red Phoenix was.

The next moment, a phantom appeared on the ground. At the same time, sharp power flows started to rush toward the southeast.

People were all looking at the sky, where the shadows of the Red Phoenix moved. They all wanted to recognize the real person. However, the lady had already returned to the ground.

She knew that Ye Yunduan wanted to kill her, but she didn’t flee. Instead, she attacked in full power. The southeast was the weakest part of the Great Ye Army. The Red Phoenix attacked in full power and easily cracked it. Hundreds of men of the Great Ye Army were bleeding after the attack.

“Guys, come with me!”

The Red Phoenix made a shout. Two powerful cultivators of the Hall of Returning Nature led over a thousand men to attack the cracked part of the Great Ye Army.

However, the Red Phoenix made a sudden order again. Everybody turned around and waved a hand toward the opposite side.

– Boom! Boom! Boom... –

Explosions were everywhere. A huge cloud of red smoke spread out. Countless fine needles were shooting out with blue lights on the points. The needles were flying inside the smoke!

There were millions of that flying needles shooting out like a rainstorm. The entire battlefield was covered by the needle attack!

The Great Ye Army people were all shocked when they saw the flying needle attack. They knew that the needles were poisonous. If they were hit by the needles, they were dead! What they did was to wave their weapons to block the needles... The needles were blocked and flew away in the air.

The Great Ye Army had more men in the battle, but that was not an advantage anymore. No matter how they moved, they needed more space to do it. They stood too close to each other, and they didn’t have enough room to make their moves. Weapons cracked each other. People were groaning about it. Somebody got cut by people beside him. Some people ran into other’s weapons to hastily dodge the needles. The rain of needles didn’t last long, but the damage that it made on the men of the Great Ye Army was huge.

The rain of needles was going to end. The Red Phoenix's voice sounded from thousands of feet away. "Hah hah... Great Ye Army... This is it. Well, you don't want to get along with us, so when the Hall of Returning Nature returns, you will all be destroyed!

"Ye Yunduan, I wish you the best of luck on seizing the entire City of Chaos..."

The lady's charming voice sounded from further and further away. In the end, it was gone...

The Red Phoenix moved incredibly fast.

With a huge explosive sound, the building of the subbranch of the Hall of Returning Nature in the City of Chaos was destroyed. The fire was on, and it stained the entire sky red.

The torrential flames raged up fiercely. Everything in the building was burned into ashes!

"That is the Red Phoenix! That is exactly the Hall of Returning Nature!"

Ye Yunduan looked pretty mad.

"She would rather burn everything down than give a bit to the enemy. That's decisive."

This time, the Great Ye Army was fighting on a subbranch of the Hall of Returning Nature. The Red Phoenix was the only top-level cultivator who appeared in this fight. Two of the Eight Stars had followed her lead as well.

The other important figures of the organization hadn't shown up. Zhu Menghun appeared for just a while and then left. The Guan Clan and the Song Clan were nearly killed.

In the end, the Hall of Returning Nature left the City of Chaos. However, the Great Ye Army and the seven clans had lost a lot of people in the battle! That was a huge price to pay!

The power of the Hall of Returning Nature was as strong as an army. Their people had a determined heart...

The Hall of Returning Nature was such a powerful force!

What had been shown to the public was just a small part of the Hall of Returning Nature, but the Great Ye Army had already lost so much in the fight...

One day, when they had to face the true power of the Hall of Returning Nature, what should they do?

Ye Yunduan was lost in thought. He knew it was not a promising future!

He didn't notice that there was something more urgent at the moment. The old masters of the seven clans looked at him with weird expressions in the eyes.

'You told us that you have sent messages back to the Great Ye Clan. You said there will be people coming to support us. Where are they?'

'Are they just late? Or maybe there is never any support from the clan!'

[Realms In The Firmament](#)

Chapter 1594: The Last Ambush

'You have been using the power of our clans. All the battles that we fought, we fought with blood. No matter how powerful we are, we can't be doing this forever, can we?'

'You see an organization and you fight it to the end. You mess with the entire world. You are fighting the whole world...'

'The seven clans of us together can never defeat all the organizations in the Limitless Ocean!'

'If we are truly that powerful, why do you think we kept hiding? We should have conquered the entire Limitless Ocean!'

'Why did we wait for you?'

'Behind those great forces, there are the five sky kings. If the royal force is out against us, what should we do? You are the descendant of the Great Ye Clan, so they probably will let you go. As for the seven clans, we will never be let go! The five sky kings always hate the great ancestors of the seven clans. That is why our great ancestors kept staying low!'

...

The Hall of Returning Nature was bursting out roars of killings that shocked the entire City of Chaos.

Ye Xiao stood on top of the fortress of trees in the Hall of Life and Death. After a while, he made a long sigh.

"Lord Monarch, the leader of the Great Ye Army, Master Ye, seems to be... weird." Bu Xiangfeng was staying with Ye Xiao. It seemed he was quite excited.

The Farewell Sword was fixed, and Bu Xiangfeng became even stronger. Within several months, he had improved a lot. He used to cultivate the Farewell Sword with his own spiritual energy, so he couldn't focus on the improvement in cultivation. Now that Ye Xiao had reforged the sword for him, the sword needed no special care anymore. Instead, the sword started to support Bu Xiangfeng with the energy inside it. Bu Xiangfeng improved greatly and finally reached the level five of the Saint Origin Stage. He was now the most powerful man in the Monarch's Hall!

Bu Xiangfeng was excited because he really wanted to go out there to try his power and his sword in a fight against some top-level cultivator.

He used to defeat people who were beyond him at the cultivation level. He was only at level five of the Saint Origin Stage, but it was reasonable that he wanted to challenge some top-level cultivators.

"That's right. Ye Yunduan is trying to create chaos in the world... In fact, he wants the seven clans' people to die..." Ye Xiao said, "If he keeps doing this, the seven clans will be enemies to the entire world."

"The Hall of Returning Nature never surrendered. This time, they were defeated. Their boss must be pretty mad. I think there will be a bigger war soon."

Ye Xiao blandly smiled.

“Things are going weird these days.” Bu Xiangfeng gloated and said, “That Master Ye may be stupid, but he shouldn’t mess with everybody in the world. It doesn’t make sense.”

Ye Xiao laughed and said, “He knows what he is doing. Besides, the Hall of Returning Nature started this by messing with the two of the seven clans... The Brotherhood Alliance has been busy making troubles to let the Great Ye Army fight the other organizations at the same time.

“All the fights, including the one between the Great Ye Army and the House of Chaotic Storms, must be a part of the plan of the wise man, Shangguan Lingxiao.

“The Brotherhood Alliance got such a humiliation in the City of Chaos. They would never let it go as nothing happened.”

“It seems the Brotherhood Alliance has been quiet, but do you really think they would just let it go?” Ye Xiao blandly smiled and said, “The Brotherhood Alliance is seeking revenge. Master Bai of the House of Chaotic Storms and Master Meng of the Hall of Returning Nature cannot avoid being involved!

“Obviously, there is another reason. They are too far away, so they can’t make direct orders to their people in the city.”

“That is true. But I don’t think Ye Yunduan is that good. He’s an idiot!” Bu Xiangfeng angrily said.

“Old Bu, I underestimated that man, too. He seems to be hasty for profits and messes around against everybody. However, after what happened recently, I believe he is a wise and cunning person. He seems to be reckless, but he is using the other forces to kill the seven clans’ people. Well, he went too far in attempting to kill the Red Phoenix today, and the woman saw through his mind. The seven clans were almost under his control. Think about it. He is making use of all the other organizations to serve his own purpose! That is such a clever man! He is indeed the descendant of the Great Ye Clan. I am impressed.” Ye Xiao said, “The Hall of Returning Nature has been forced out. The next target must be the House of Chaotic Storms. The House of Chaotic Storms is much more difficult to fight than the Hall of Returning Nature.”

Ye Xiao looked to the west, where the House of Chaotic Storms was located. “When all these organizations are cleared out of the city, the true play will be on.”

Bu Xiangfeng said, “What a surprise. When should we make our move?”

“We keep hiding.” Ye Xiao sighed and said, “We are still too weak... A few fights could kill all the men of ours...”

He thought for a while and said, “I think the House of Chaotic Storms can at least hold it for one month... It could be much longer if Master Bai shows up. One month is all we have to improve ourselves.”

“What if that Master Bai comes? How long do we have?” Bu Xiangfeng asked.

“If he comes, nobody can kick him out of this place. Oh, as a matter of fact, if he comes, the House of Chaotic Storms will become the only conqueror of the city.” Ye Xiao said, “Even the seven great ancestors of the seven clans won’t be able to stop him.”

“Oh...” Bu Xiangfeng took in a breath of cold air. He apparently didn’t expect such a high comment.

“Relax. I know Master Bai. He won’t care about the City of Chaos. It is too small. The House of Chaotic Storms will leave eventually. When the House of Chaotic Storms is gone, we become useless to the Great Ye Army.” Ye Xiao blandly smiled and said, “Then we will be the last target.

“Even if we don’t want to move, we have to.” Ye Xiao said, “The one month is all we have. We must grow stronger. Please tell everybody to work harder. We must improve greatly for the future!”

Bu Xiangfeng was frightened, and he was excited too.

‘Finally... It is our turn, isn’t it?’

Realms In The Firmament

Chapter 1595: Fierce of Mien but Faint of Heart

After many battles, many people of the Great Ye Army were severely injured. Ye Yunduan didn’t know what to do. He had brought many dan beads with him from his clan, but those dan beads did not work well enough for the wounded people. In the end, he decided to get help from the Hall of Life and Death.

Ye Xiao never refused a patient.

He only asked for some purple spirit coins to cure some normal patients.

When it was an important figure of the Great Ye Army, Ye Xiao wanted something else.

“One promise.”

“I want a promise from Ye Yunduan or the seven old masters.” Ye Xiao didn’t ask for anything unreasonable. After all, somebody had agreed to the deal before, so the Great Ye Army couldn’t argue. Therefore, it was done!

After the agreement was made, over a thousand men of the Great Ye Army were healed. Ye Xiao had earned a fortune, and people owed him a lot of favors.

The House of Chaotic Storms, the Hall of Returning Nature, and the Great Ye Army owed him some.

The Xie League only owed him five.

The Dark Evil Spirit thought that Master Ling, the leader of the Xie League, was a friend of Ye Xiao. After all, Ye Xiao had that Golden Soul Bell. The Dark Evil Spirit knew it, so he believed there must be a connection between Master Ling and Ye Xiao. However, when the Xie League people came for the treatment, Ye Xiao did not give them any special treatment. The Dark Evil Spirit was surprised!

When everybody was fighting in the battles, nobody noticed that Ye Xiao was slowly accumulating.

Ye Xiao was well aware.

He knew that what he had in hand had become an extremely strong power!

The favors that people owed him allowed him to turn the Limitless Ocean over and over again many times...

Things developed as Ye Xiao expected. The Great Ye Army started to fight the House of Chaotic Storms. The House of Chaotic Storms was making an unexpected move, though. They did not show themselves in the battle and avoided fights.

They were holding it off.

They knew the Great Ye Army wanted them to go. They didn't refuse to leave, but they didn't fight, either.

For over ten days, the Great Ye Army had nothing to do.

The House of Chaotic Storms was still the most powerful force in the City of Chaos, who was running the biggest territory. They had set up a lot of traps and secret tunnels everywhere. Nobody could find them.

In a few days, nobody knew how they did it, but they created a piece of purple cloud that covered the entire west city. The weird purple cloud blocked people's views and resisted the spiritual mind from outside. The Great Ye Army couldn't think of a way to break through.

Ye Yunduan was furious. Twenty days after, he made his last warning to the House of Chaotic Storms. He urged the House of Chaotic Storms to leave the City of Chaos in three days, or he would destroy everything and kill every man of the House of Chaotic Storms!

The same day, the House of Chaotic Storms gave their response.

That was a tough response.

"When the war begins, the city collapses!"

There were only seven words.

That was all. They let the Great Ye Army make the decision and also predicted the result of the war!

Ye Yunduan was lost in thoughts for a long time when he got the message.

The House of Chaotic Storms had clearly made their point. "If you dare to start the battle, we will detonate the buildings that we own in this city!"

It was like a joke, saying that they were going to destroy their own subbranch when anything happened!

However, Ye Yunduan was frightened.

What was the House of Chaotic Storms?

He had learned a lot about it. Ordinary people did not know who Master Bai was. Ye Yunduan was the descendant of the Great Ye Clan. The Great Ye Clan had connections in the Human Realm Upon Heavens even though it had left for one hundred thousand years. They had their way to know anything that the five sky kings weren't hiding.

Master Bai did not tell everybody who he was, but he didn't try to cover it!

Master Bai was the son of the East Sky King!

He was the only son of the queen!

He was at a much higher position than Ye Yunduan!

Ye Yunduan knew that it would provoke Master Bai if he pushed the House of Chaotic Storms too far!

He had just messed with the son of the South Sky King, so he didn't know if it was a good idea to provoke the son of the East Sky King.

Even though he was bold, he hesitated.

Ye Yunduan had been hurried. He wanted to take over the City of Chaos as soon as possible, so he didn't spend enough time to find out who was behind the Hall of Returning Nature.

He knew that Meng Wuzhen was a powerful man who was connected to the South Sky King. He figured that was the reason why the Hall of Returning Nature became the most powerful force in the Limitless Ocean... When things were done, the old men pointed at his nose and scolded him for a long time. That was when he realized the leader of the Hall of Returning Nature was actually the son of the South Sky King...

He knew that the South Sky King wouldn't care about some fights in some small city, but he still felt the oppression.

After that, Ye Yunduan paid more attention to collecting intelligence. He started to learn about the House of Chaotic Storms. The House of Chaotic Storms dared to go against the son of the South Sky King, which meant their leader must also be a powerful figure. After some investigation, he realized that Master Bai was the son of the East Sky King!

In fact, he thought Ling Wuxie, the leader of the Xie League, must be the son of one of the sky kings as well. Before the House of Chaotic Storms rose, the Xie League had been acting against the Hall of Returning Nature. Besides, Ling Wuxie and Master Bai were like brothers. No matter how Ling Wuxie messed with the Hall of Returning Nature, he was always safe!

The House of Chaotic Storms had given their response, and Ye Yunduan was hesitating. *'You are all sons of the sky kings... Can't you just wait for the day that you take over your fathers' thrones?*

'I just want to reach the top of the world, not to become the top! Why do you have to use your special background to beat me?'

He surely should be scared. When he messed with the Hall of Returning Nature, he could explain that he didn't know who he was truly messing with. However, now he was going to mess with the House of Chaotic Storms and also the Xie League at the same time.

[Realms In The Firmament](#)

Chapter 1596: No Scruples

'I am not sure if we can defeat them all. Even if we can, and even if we do, the sky kings will take it seriously. Ye Hongchen claimed to defeat the five sky kings, and it seems his descendant is going to defeat their sons. The sky kings won't let me do this... What should I do when they get me?'

The old masters looked at Ye Yunduan, who was obviously fierce of mien but faint of heart. They looked calm but actually sneered in their hearts.

'He deserves this!'

'You know you have made a mistake now, don't you? You regret it, don't you?'

'What now?'

'You have done it!'

They had no idea what Ye Yunduan was thinking. If they did, they would all get mad at him, even kick him to death on the floor. *'Pah! You shameless dog! You must be living in dreams thinking about the fantasy! Their sons are all tigers, and you are just like a puppy!'*

Ye Yunduan thought for a while and decided to hold it down in the end. After that, he spent three painful days to think deeper about it. Three days after that, he made the final decision. "Get them out of my city!"

After thinking carefully for three whole days, he finally thought it through.

The Hall of Returning Nature was already a sworn enemy to him now. The House of Chaotic Storms was probably going to hate him anyway. Since he couldn't change the fact that he had offended all the others, he decided to go further. If he stopped his plan now, what he had done would all be wasted.

First of all, the House of Chaotic Storms wouldn't appreciate it. Instead, they might attack the Great Ye Army as a response to what Ye Yunduan had done. Second, the other forces followed up. *'What? Now you quit only because those men have royal backgrounds!?! You seem to enjoy bullying us earlier, don't you? You bully the weak and fear the strong!'* The Hall of Returning Nature would definitely be provoked. *'We are even beyond the House of Chaotic Storms in the Limitless Ocean! You have done such terrible things to us, yet you fear to offend the House of Chaotic Storms! Really?'*

It would be more than just a battle of power competition... It would become a fight for dignity...

It seemed looking down upon the Hall of Returning Nature was a humiliation to the South Sky King!

After all the thorough thoughts, Ye Yunduan decided to treat all those organizations equally.

As he had the final decision, the Great Ye Army followed the orders.

The old masters took a deep sigh.

There were two things in their minds. First, the decision was good. The South Sky King and the East Sky King wouldn't pay much attention to a city in the Limitless Ocean. For these two great figures, this was just a fight between some kids. If the Great Master Ye, Ye Hongchen was back, they might be interested. However, it was just Ye Yunduan, a young man of the Great Ye Clan!

Most importantly, the House of Chaotic Storms, the Hall of Returning Nature, and the Xie League were still fighting. Even though the Great Ye Army took over the territory of these organizations, it was only a city of the Limitless Ocean. The House of Chaotic Storms, the Hall of Returning Nature, and the Brotherhood Alliance hadn't shown their true power yet. It was pointless to talk about victory too early!

Second, the old masters sighed because the decision was made too late. It was three days later than they expected!

It was an obvious situation, and he should have made the decision without any hesitation. However, he hesitated and struggled for a few days. He even thought of giving up... That was terrible!

The old masters couldn't help thinking about Ye Xiao. If Ye Xiao was the leader, he would have made the decision immediately.

Let the rule of the martial world decide.

That was the only right thing to do. The sky kings wouldn't care, and they shouldn't care!

As long as everything followed the rule of the martial world, there wouldn't be any problem!

They got the right decision after all, but it was three days late.

For example, if they were in a race and they both could travel a million meters a day when Ye Yunduan started to move, Ye Xiao was already three million meters ahead!

That was the difference!

There was such a big gap when it was started!

What would happen after that?

How far would it be between the two men?

It might become a huge gap!

Comparison did hurt!

The Great Ye Army was going to make aggressive moves now, but the three days had shown everybody their flaw.

Why would the Great Ye Army stay quiet for three whole days while they were winning the battle?

People knew that they were scared by the House of Chaotic Storms!

No matter what Ye Yunduan said, no matter how he would explain, people believed he was scared!

Even though he decided to keep moving forward, people would say that he was fierce of mien but faint of heart!

He did it only because he had to.

The House of Chaotic Storms saw the Great Ye Army attack, so they decisively detonated their buildings. After that, the House of Chaotic Storms people left the city without any fights!

Ye Yunduan had no choice but to let them go.

That was all!

...

"Ye Yunduan..." When the prime leader of the House of Chaotic Storms, Master Bai, Bai Chen, heard what happened, he made a bland smile. He said, "The blood of the Great Ye Clan. The red in the sky. That is what they say. I think they are bragging. It turns out the descendant of the Great Master Ye is

such an idiot. Even Wuxie can easily defeat that man, let alone Meng Wuzhen. Ye Yunduan and the Great Ye Army will not be in my concern. We just ignore them!

“This man, Ye Yunduan, is just a clown. He can’t be my opponent!”

Master Bai looked indifferent. “From now on, we can’t care less.”

As he said so, all the other leaders of the House of Chaotic Storms got it.

‘We can’t care less...’

‘It means we can slaughter them as we like!’

...

“Send an assassin team to the City of Chaos. End the problem now.” Master Meng of the Hall of Returning Nature gave the order when he knew what had happened.

Somebody reminded him and said, “Ye Yunduan is the descendant of the Great Ye Clan. We definitely will punish him, but do we have to kill him? What if...”

“Nothing to worry about.” Meng Wuzhen looked indifferent. “If the Great Ye Clan attacks because of this, they will fail their one hundred thousand years of silence. They will fall. In other words, if we can get the Great Ye Clan out to attack, it will be a good thing for us.

“There is no scruple on this.”

Meng Wuzhen gave the order and then disappeared.

...

“Let’s do it!”

Ling Wuxie gave an even simpler order to his people.

[Realms In The Firmament](#)

Chapter 1597: He Doesn’t Deserve It

Ye Hongchen, the Great Master Ye, was powerful enough to oppress many people. The three young prime leaders of the great organizations weren’t included...

“We are brothers in the world! We will avenge our brothers!”

As the House of Chaotic Storms left the city, the Brotherhood Alliance had sent the message!

The ten great leaders of the Brotherhood Alliance made an oath to avenge their dead brothers who died in the City of Chaos.

The debt of blood must be paid with blood!

Shangguan Lingxiao said, “There is no need to fear the Great Ye Army. The old masters of the Seven Golden Lotuses are top-level cultivators, but Ye Yunduan is just an idiot. He doesn’t know how to make decisions. It was only a subbranch of the House of Chaotic Storms, but he was scared. He actually spent three whole days to hesitate. I am sure he is a moron...”

“Therefore, while Ye Yunduan is controlling the Great Ye Army, we should seize the opportunity to break them down! If the Great Ye Army gets a new leader who is wise and strong, it won’t be easy for us to deal with it. After all, the Great Ye Army has messed with everybody in the City of Chaos. If the new leader is good enough to make good use of the seven lotus clans... That will be more difficult for us.”

The others all nodded to agree.

“According to what happened, I believe this young man is just a bait. They used this guy to figure out our situation. However, this man is stupidly arrogant. He wants to use the title of the Great Ye Clan to build his own prestige and get himself an important role from the Great Ye Clan... That is who he is. Otherwise, the Great Ye Clan would definitely give him more support than this.”

Shangguan Lingxiao blandly smiled and said, “They only gave him four guards...”

That was obvious.

A big man in golden clothes smiled and said, “Brother, you have done a great job. You used Ye Yunduan and pushed him to the opposite side of all the organizations. You must have spent a lot of time on this... Hah hah hah...”

The other brothers all laughed. “Lingxiao was always the cunning one. Everybody knows it... Hah hah...”

Shangguan Lingxiao smiled and said, “To be honest, I respect the Great Master Ye. I never thought things would be this easy for us. Ye Yunduan’s stupidity has helped me a great deal. In fact, I don’t need to be cunning. It is only a bit of good luck. I must be lucky...”

Everybody started to laugh.

The man in golden clothes sighed and said, “Okay. It’s about time. What was in Lingxiao’s mind was also in ours. We all wanted to help the Great Ye Army. After all... We are all itinerant cultivators. When the one hundred thousand years was due, we were ready to help the Great Ye Clan. The Great Master Ye was a hero, and we are all proud of him. He created history and glory. The man out there should be a hero, too, but he is not. I can’t believe the descendant of the Great Master Ye is such an idiot. He turned us into his enemies. What a prick.”

Everybody sighed.

“There is another organization that we must pay attention to. We can’t do anything now, but when we have the chance, we must defeat it.” Shangguan Lingxiao said, “It is the Hall of Returning Nature!”

“We have lost so many people. Ye Yunduan must be blamed, but the Hall of Returning Nature started it. They set us up!”

“That’s right!” The man in golden clothes nodded. His eyes turned red and he said, “No matter what, we will not let the Hall of Returning Nature go!”

...

Suddenly, the Limitless Ocean was in chaos.

The City of Chaos was more or less the Great Ye Army's place. The other organizations didn't stop preparing for the next stage. The City of Chaos had become an isolated island in the Limitless Ocean.

The organizations were all pointing at this place.

...

"The chaos we are facing now is caused by the cowardly hesitation in three days."

Master Qin couldn't sleep at night. He sighed and felt like there was no future for them anymore.

In fact, the other old masters were all as anxious as him.

They pretended to be calm and steady outside, but when they were home, they kept sighing.

When the one hundred thousand years was due, the old masters were all hurried and anxious, waiting for the descendant to show up. Their clans had been waiting for such a long time, and the old masters were going to get the glory back with their own hands...

They were so excited that they couldn't sleep at night.

However, in the end, as the true descendant of the Great Ye Clan had returned, they were too anxious and worried to sleep!

They weren't excited this time, but worried!

They couldn't sleep.

They had never thought this would happen.

The Great Master Ye's descendant was actually such an idiot...

They had no idea how to follow such a stupid man!

...

In the Hall of Life and Death.

Ye Xiao got the message about the House of Chaotic Storms. He was lost in thoughts for a while, and then he smiled.

"Master Bai is an arrogant person... I guess he has completely ignored Ye Yunduan now." Ye Xiao shook his head and said, "Master Bai is a decent man. He made a compromise only because he wanted to show respect to the Great Master Ye... However, now he knows how ignorant the descendant of the Great Ye Clan is. He will ignore him, and he will take no actions on the Great Ye Army in the City of Chaos. What a pity!"

"Is the House of Chaotic Storms will let this go?" Meng Youjiang couldn't believe it.

"They are not letting it go." Ye Xiao said, "Instead... Well... A phoenix never gets mad at a chicken on the ground. Ye Yunduan doesn't deserve the position to fight Master Bai!"

Ye Xiao thought, *'Unlike me... I can definitely make that man scared...'*

“If the two organizations meet each other somewhere outside the city, Master Bai won’t show him any kindness. I guess he will stop showing respect to the Heaven’s Leaf.”

Ye Xiao made a long sigh and didn’t know what was the feeling in his heart.

“Well, Master, you said that Ye Yunduan would come after us after the House of Chaotic Storms left.” Meng Youjiang seemed to be thrilled. He was obviously eager for some good fights.

Ye Xiao nodded and said, “Let’s keep our security strong. We don’t fear any storms.”

[Realms In The Firmament](#)

Chapter 1598: Master Xiao’s Revenge

Ye Xiao’s prediction turned out to be wrong.

Before the storms came, the wind blew over first.

The Great Ye Army hadn’t come after them. Somebody else did.

It was Master Xiao!

At night, somebody came to the Hall of Life and Death for help.

It wasn’t rare because there were a lot of wounded men in the city after the fights. Although the Hall of Life and Death was expensive, people knew it did a perfect job in the treatment. The powerful organizations had their own dan makers and doctors, so they didn’t need to send all their people to the Hall of Life and Death. Otherwise, there would be thousands of more patients in the Hall of Life and Death.

Because the three powerful organizations also sent their people to the Hall of Life and Death, it became much more famous than before. There were some Saint Origin Stage cultivators of the powerful organizations who came to the Hall of Life and Death and asked for the treatment, including two of the Eight Stars of the Hall of Returning Nature. People all knew about the excellent treatment now. However, after the three organizations’ people, fewer and fewer people came. First of all, many itinerant cultivators had left the city. Second, the three organizations didn’t hire itinerant cultivators to fight for them anymore.

At last, the Hall of Life and Death was too expensive. The three organizations still had many wounded men, but they didn’t send them to the Hall of Life and Death anymore. They just let them rest for a long time. After all, paying too much on some ordinary cultivators was a waste. It cost as much as it did on healing a Saint Origin Stage cultivator. Nobody wanted to pay that much on some weaker cultivators. There were no fights anymore. The City of Chaos was back to peace. If there was no battle, there were no wounded men.

Not many people came to the Hall of Life and Death now.

Ye Xiao was cultivating in his room, but he sensed an energy wave in the sky. A bolt of lightning flashed in the dark, and the city seemed to shake.

It felt like the city was flying up off the ground.

Ye Xiao's ears were buzzing. He looked out the window and wondered if anything big was going to happen.

He waited for a while, but there was nothing special.

He was confused.

At this moment, somebody came to report that a severely wounded man was coming for help outside.

It was late in the night.

Ye Xiao didn't want to take the patient. His name had spread widely to the world as a fabulous doctor, but he was also known as the Demon Doctor. If people did not follow his rules, he would only let the man die. There was no exception!

Ye Xiao truly wasn't evil. He just couldn't break the rule. If he did, there would be endless patients who begged for the treatments for free. That would be huge trouble.

However, when Ye Xiao saw the patient, he was touched. He let the man in.

He wasn't breaking the rule though. First, the man came alone, and he could join the Monarch's Hall after the treatment or pay the fee and make an oath.

Second, the man was so piteous.

His clothes were in pieces, and he seemed to have suffered thousands of attacks. His body was just a pile of flesh with blood in a human shape.

Ye Xiao checked on him. It was an old man, whose face was unrecognizable. Seventeen different types of palm hits had left marks on his body. There were bleeding wounds caused by different weapons. Over seven poisons were planted in his body.

Ye Xiao had never seen anybody wounded so severely.

'When I was attacked by the three factions... When their men all came at me at the same time... I didn't get as severely injured as this man...'

Ye Xiao thought.

'The old man must have suffered so much... I have been through similar circumstances.'

That was why he pitied the old man and decided to help him.

When the old man arrived, he was dying. He didn't know how he was carried into the Hall of Life and Death.

If he went to other people, he was most likely going to die while nobody knew what to do except watching him die.

The wounds were too bad. His bones were broken. His muscles were ripped. Poisons were hurting him in the body. His Jing and Mai were infected. Ye Xiao had fed him a lot of supreme dan beads with some Water of True Spirits from the Boundless Space. However, it didn't bring the old man back to consciousness. That was terrible!

Ye Xiao was busy for a whole night and eventually kept the old man alive. He took a breath of relief and slowly stood up.

“You must be lucky... I may not be a real doctor, but I am better than a real doctor at saving your life...”
Ye Xiao murmured and said, “Well, what you have been suffering! You have been so severely injured, yet you made it to my door. I guess there were many people coming after you... Old man, you are not an ordinary person, and you are definitely a lucky man. The heavens want you to live, and I shall do my best to help.”

He had been busy for a whole night for the old man.

He had fed the man a lot of supreme dan beads as well as Water of True Spirits. Other than that, he had been watching the old man, trying to make a further step in the treatment. He was quite a responsible doctor. As the old man was safe, he felt tired, and he decided to take a rest. When he just closed his eyes to rest, he heard...

“Ye Xiao! Get the f*ck out!”

An angry shout cracked in the sky beyond the Monarch’s Hall.

There were five men who flew over the sky and landed in the yard of the Monarch’s Hall.

The man who stood in front was the young man, Master Xiao.

Master Xiao seemed to be pretty angry. He was raging!

When he came last time, he was humiliated and kicked back. He was so angry, but there was nothing he could do. He got a piece of Cosmos Iron in the end, but he couldn’t stand that humiliation.

The next day, he left the City of Chaos.

Some days after, he heard from somebody that the real descendant of the Great Ye Clan appeared, and it was not the Xiao Monarch, Ye Xiao. Now he knew that the people of the seven clans had left the Monarch’s Hall. In other words, Master Xiao was bluffed by Ye Xiao...

Master Xiao nearly freaked out when he heard the news.

[Realms In The Firmament](#)

Chapter 1599: In Front of the Hall of Life and Death

Master Xiao immediately freaked out when he heard the news!

He couldn’t believe that he had been fooled and teased like that! He had almost been broken down by Ye Xiao’s insult!

It turned out Ye Xiao was not the descendant of the Great Ye Clan at all!

It turned out he had nothing to do with the Heaven’s Leaf!

‘Was it just my imagination? Did I think too much and got myself lost in that f*cking lie?’

‘Did I scare myself to death?’

'I scared myself like hell! I stayed low, and talked to him humbly! I humiliated myself because of the fear that I imagined in my head! I apologized to him! I accepted the price he made! I awkwardly fled away because of the fear!

'What the... What did I do? What was that? There is no good way to describe the humiliation! I am so f*cking angry right now!'

...

That was the worst thing in Master Xiao's life—to bear the memory of the humiliation for the rest of his life.

Master Xiao thought of himself as a fool, who had been deceived and insulted like that.

"Ye Xiao, I swear I am going to kill you or I will kill myself!" After making sure the news was true, Master Xiao made the vow.

However, the comparison did hurt. Master Xiao thought it was the worst in his life to suffer that humiliation, but what was going to happen would give him a different lesson. He was going to face an even more terrible insult, which made him hate Ye Xiao a lot more than ever.

Master Xiao didn't hesitate. He seized every second to return to the City of Chaos!

He had gone too far from the City of Chaos, so it took him over one month to make it back to the city. Finally, he made it back.

As soon as he arrived, he went to the Monarch's Hall. He didn't even take a rest before he broke in the Monarch's Hall and shouted Ye Xiao's name.

Ye Xiao frowned when he heard the angry shout.

Master Xiao had left but now was back with a few men with him... Ye Xiao wondered what he wanted to do.

Shui Zhongliu and Shui Zhongtian followed Master Xiao back this time, and there were two other cultivators. They all looked pretty angry, but as they looked at the magical fortress of trees, they were stunned.

'Is this real?'

Master Xiao and the Shui brothers were especially shocked because they had been here about one month earlier. The fortress of trees had not been as magnificent as it was.

Ye Xiao's eyes flashed blazingly. He immediately gave the order. "Open the door. Let's meet Master Xiao again."

He sounded cold, as if there was frost coming out from his voice. There was a depressing emotion in his heart that was going to vent out at any second.

...

There was a green light shining.

A gate appeared in front of the Hall of Life and Death. The doors were opening, and the rolling spiritual qi was bursting out.

The gate was about thirty feet away from where Master Xiao stood.

It was right in front of him.

Master Xiao was shocked. He thought that was an empty place, but suddenly, a magical gate appeared. It was weird and surprising.

As the doors opened, several men walked out.

The man in the middle looked like a noble-born young lord, whose face looked cold. It was Ye Xiao.

Two men stood beside him. Bu Xiangfeng was on the left, while Meng Youjiang was on the right. Two other men stood behind him, the Dark Evil Spirit and Bai Long.

Master Xiao had four men with him, and Ye Xiao had four men as well.

Ye Xiao coldly stared at Master Xiao and said, "What is it that you want, Master Xiao? Why are you shouting in my place? That is rude. You should learn how to be an honorable guest! Do you come to be an unwelcomed man again?"

"Ye Xiao! How dare you? How could you even say these words?" Master Xiao spoke loudly with sadness and anger, "You filthy liar! You lied to me!"

"Liar?"

Ye Xiao blandly said. His eyes suddenly blazed up in anger.

Master Xiao had irritated Ye Xiao by calling him a liar!

Ye Xiao hated it when people called him a liar.

'I am a liar? What did I lie?'

Ye Xiao half closed his eyes, and there was cold lights flashed in his eyes. He blandly said, "Master Xiao. I don't understand. What did I say to lie to you? Did I trick you for money? Or your body? What loss have you suffered from me? Physically or mentally?"

Master Xiao was shaking. His handsome face turned green. "You actually deny it! How could you? You hurt me, both physically and mentally!"

Ye Xiao spoke in a deep voice, "Master Xiao, you should be careful. I have three ladies, and I don't like men. No matter what you say, I won't accept you. It is never going to happen..."

Master Xiao was surprised. Apparently, he didn't expect Ye Xiao would say so. However, it looked exactly like a man refusing another man's desperate pursuit...

The others all knew what was really happening, but it was just embarrassing like some love story between two men...

Master Xiao was shocked, and then he noticed the weird look on the other's faces. He said, "Ye Xiao, you are a bastard! What the hell are you talking about? You..."

Ye Xiao laughed and said, "Master Xiao, calm down. I am not such a man who escapes the responsibility. However, I will never admit something that I haven't done. You are good at blowing your thing, but I don't really like it... I never enjoyed your technique. You know it is the truth. I am not lying!"

Ye Xiao was apparently much more adept at cunning schemes. Master Xiao had irritated him, so he must take revenge. He always took revenge!

[Realms In The Firmament](#)

Chapter 1600: If You Dare to Fight Me

Master Xiao was almost choked by blood because he nearly spat out some when he was utterly irritated by Ye Xiao's trash talk. He looked around and found some weird looks from the others. That made him so angry. With a shaking voice, he said, "Ye Xiao, stop the nonsense now. Answer me. Did you say that you were the descendant of the Great Ye Clan? As I know, the young master, Ye Yunduan, is sitting in the headquarters of the Great Ye Army. Are you still going to lie about it, you shameless liar?"

Ye Xiao coldly smiled and said, "The descendant of the Great Ye Clan? When did I say these words? I am confident about my memory, and I don't remember when I ever said these words! I have no idea why you would have that illusion. I wonder if your ears are fine, or is it your brain that is out of order. There are plenty of ways to fix it if you only have a hearing problem. But if you have a broken brain, I don't see who can save you from that. I am good at saving people. Well, I don't know how to save you from your stupidity!"

Master Xiao was furious. "You..."

"Oh, right. There is a third possibility. Master Xiao, you love fantasy. That is much more terrible. Ears or brain, they are physical problems. If you are lost in fantasy, that is mental." Ye Xiao coldly said, "As I remembered, I was telling you I wasn't the descendant of the Great Ye Clan. I don't understand. I was surprised. You know. I am curious about why the hell the famous Master Xiao was so weak and cowardly. It seemed anything I said could scare you. What a coward... You fled away in the end. Come on... You are worse than a man who only knows how to blow..."

He sneered and said, "I learned the truth from your behaviors. I was impressed by your fame, but then I realized... Now knowing that you have been thinking that I am the descendant of the Great Ye Clan... You actually scared yourself away... How weird! I never knew how weird things could be! You opened my eyes, Master Xiao! You are an excellent man who is good at blowing... It is such a pleasure to meet you!"

Ye Xiao kept teasing Master Xiao.

Master Xiao was shaking because of anger. He couldn't forget what had happened that day, and he couldn't think of any way to fight back. He was so angry.

He remembered it. Ye Xiao didn't say he was the descendant of the Great Ye Clan.

Master Xiao scared himself because he thought Ye Xiao was.

How could he admit that? He had a good reason to imagine things that way. Ye Xiao had done a great job in acting!

Master Xiao breathed heavily for a while. He finally calmed down and fiercely smiled. "Ye Xiao, you can say whatever you want today, but nothing can change the fact that you are going to die in a nasty way!"

Ye Xiao showed him a mocking look and said, "Oh, is that so? Do you think I and my Monarch's Hall got lucky the other day?"

Master Xiao coldly smiled and said, "Didn't you? Ye Xiao, I don't want to talk about the other day anymore. Let me ask you something else."

Ye Xiao said, "What?"

He did not care about Master Xiao at all. Master Xiao was famous but turned out to be such a loser. Even if he dared to attack the other day, Master Guan and Master Song wouldn't let him. If Master Xiao had started the fight, they would have died. In fact, they did the right thing to flee.

The Monarch's Hall had lost the support from the seven clans now, but the Monarch's Hall was a different organization now. Meng Youjiang, Bu Xiangfeng, and Ye Xiao were a lot more powerful now. They truly did not care about Master Xiao and his men. Ye Xiao didn't want to waste time on this loser anymore!

Things always went weird. Master Xiao asked him something that successfully drew Ye Xiao's attention.

Master Xiao took a deep breath. He was calm and cold, but he felt depressed. "Ye Xiao, are you from the Land of Han-Yang?"

Ye Xiao was shocked. He stared at Master Xiao's face and said, "What do you mean?"

Master Xiao saw Ye Xiao's reaction, and he was surprised, too. He suddenly became crazy and angry. He said, "It is you! It really is you!"

Ye Xiao made a step forward and said, "You know where I am from. I guess you have met some of my old friends. Who is it?"

Master Xiao suddenly laughed and said, "Old Friends? I have met some of your old friends? You cunning f*cking bastard! Do you have any old friends?"

Ye Xiao calmed down again, but in his heart, he was emotional.

Nobody in the City of Chaos knew about his background.

The Land of Han-Yang was a secret of him that he had never told anybody.

Where did Master Xiao learn that from?

He even knew Ye Xiao's real name.

There was one possibility.

Master Xiao could have met a person who knew Ye Xiao. It could be Jun Yinglian, Xuan Bing, Li Wuliang, Shuang, or Han.

If any of these people had fought Master Xiao, it wouldn't be a good thing!

They weren't a match to Master Xiao!

Master Xiao could never be friends to weak people like them.

Master Xiao knew about Ye Xiao... What did that mean?

Ye Xiao suddenly gathered some murderous qi around him.

"Hah hah hah... I got you. Aren't you mad at me? Do you want to kill me?" Master Xiao fiercely looked at Ye Xiao and said, "Ye Xiao, I should think of a word to describe you. Should it be arrogant or stupid?"

Ye Xiao didn't talk anymore. He made three steps forward. The power he gathered became stronger and stronger like there was no end to it.

Master Xiao coldly said, "Ye Xiao, do you dare to fight me?"

"Fight you..." Ye Xiao repeated and then showed him a fierce smile. "Master Xiao, since you asked for it, I don't think why I should turn it down."

"Oh, Master Ye agreed to fight! That is out of my expectation. You have four men, and I have four men too. Let's have five fights, and who won over three of the five is the winner. What do you say?"

Master Xiao smiled and said, "I don't want you to live any longer. I just want you and your men to die one by one, and you will watch! The fabulous doctor can save others, but I wonder if he can save himself! I think not!"
