Chapter 1631: Eggs of the Dragon and the Phoenix

Ye Xiao was expressionless. He didn't say anything.

The old man looked at the room and said, "Ye Xiao, you saved my life when I was dying, and you protected me from the Purple Dragon King. You saved me twice. When I leave this place, I guess I will be dead soon..."

He stayed silent for a while and then continued, "It must be the destiny that brought me here. Let me give you something in return... It is the only thing I can give you to show my gratitude..."

Chihuo made a sigh and took out a smaller space ring from his space ring. "Take this. It may help you one day."

Ye Xiao didn't turn it down. He took it over and said, "Chihuo, you don't have to be this pessimistic. Give me three days, and I will bring you back to ninety percent of your prime status. You may not be able to win the fight, but you may still have a chance to escape."

"I know. Maybe I will escape. Maybe I will survive." Chihuo seriously said, "No matter what, I don't think I can ever return to this city."

"When I leave, we won't meet again."

Ye Xiao sighed. He knew the old man was right.

"In this ring, there are some eggs of the Dragon and Phoenix." Chihuo said, "There is a lot of essence of dragon and phoenix in the eggs. When you heard of my death, it will be safe for you to get the eggs from the ring."

Chihuo took a deep breath and said, "You... The eggs can give you at least ten thousand years of cultivation!"

"I am giving the two eggs as my payment for the treatment. It should be enough to put a closure to this mess. I deserve what is coming for me. Nobody should be blamed if I am killed. Don't ever think about avenging me. We are not that close anyway!" Chihuo smiled and said, "The spiritual qi in your Hall of Life and Death is incredible. It helps me a great deal in cultivation. I have stayed here for only a few days, and I have obtained forty percent of my spiritual energy back. I guess I still have a chance to get away from the fight... If I could have come here earlier, maybe I wouldn't need to take that risk later... Ah, it is all destiny..."

He smiled bitterly.

Ye Xiao took over the ring, and he was astounded!

'The eggs of the dragon and phoenix!'

'They are in this ring, aren't they?'

Ye Xiao thought that inside this ring, there must be everything Chihuo had in life. It was all Chihuo had, and it wouldn't be valuable enough to catch Ye Xiao's attention. After all, Ye Xiao had a Boundless Space full of valuable things. In fact, he wouldn't even put the treasures of the five sky kings for exposure!

However, he was wrong. In the ring, there were the eggs of dragon and phoenix. That was a totally different story. In fact, although the eggs could provide ten thousand years of cultivation, Ye Xiao didn't really want them, because he had a lot of things that could improve his cultivation. All he needed was a method to make use of valuable things. These eggs were different because Chihuo gave up his life for these eggs, and he just gave them to Ye Xiao. The eggs were too valuable even for Ye Xiao! How could he not be touched!

Ye Xiao felt like the ring was as heavy as a thousand tons. He felt it hard to hold it any longer.

'These are the eggs that caused the huge trouble, aren't they?'

'This is the reason why the Purple Dragon King and the Golden Phoenix King would travel all the way to hunt Chihuo down, isn't it?'

'They are in my hands now!'

Ye Xiao was emotional, but suddenly he didn't feel right about it. "Wait. It doesn't make sense. You said you ate the eggs! How come they are in this ring now?"

Chihuo laughed bitterly and said, "You are a marvelous doctor. You are experienced and well-informed. Now you talk like you are a fool. I would love to eat the eggs. If I absorb the essence of the two eggs, I will reach a higher level... However, it is not that easy to extract the essence from the eggs, is it? I have to keep it and extract what I need from it bit by bit... It takes time to absorb all the energy in the eggs."

"Oh?" Ye Xiao's eyes lit up, and he said, "So you only took a part of the essence of the two eggs, didn't you?"

"A part? I took nothing!" Chihuo smiled bitterly and said, "Since I got the two eggs, I kept fighting and fighting... When I came here and stayed with you, I have a long time, but the Nine Sky Golden Qi restrained me from absorbing it. In fact, if I have one more day to rest, I will get sixty percent of my power back, and I could try to make use of the eggs... However..."

"Okay... I get it... I know your condition. It is not the point! Let me ask you a question. If you never had time to extract anything from the eggs, are the eggs good as new? In other words, they can hatch, can't they?"

Ye Xiao asked, "If so, why don't you just give them back the eggs? You are an influential man. Give them back the eggs, and tell them why you made the mistake. Do something to make it up for them. The problem will be solved. Even though they won't forgive you, they won't have to kill you. They are the leaders of two great clans. They can't be so narrow-minded. They won't push you to death!"

Chihuo looked sad. "I know. I thought of it. Of course, I did. I wouldn't let things become this bad if that was truly an option, would I? The problem is... When I got the two eggs, I broke the living qi in the eggs immediately... That is why the Purple Dragon King and the Golden Phoenix King are so keen to hunt me down."

“You broke the life qi of the dragon and phoenix? How could you? That is horrible...” Ye Xiao scolded.

“Oh... The eggs carry the natural qi of their clans. If I don’t break it, the two eggs will be trackers that I keep with me. I... I had to do it... Unexpectedly, when I broke the qi, the life qi rose up so high! It wrapped me up! That was why the two kings found me. They couldn’t wait to kill me, and I struggled to run away. They kept hunting me... A few days after, the qi on me was gone. That is why I could make it to your place...” Chihuo said.

Ye Xiao shook his head and made a long sigh. “The prince and the princess of the two clans have stronger qi than the others. The qi rises when it is born. When you break their qi, the qi wrapped you up. Their parents will sense the death of the babies in the eggs. Why wouldn’t they hunt you down? You are old and experienced. You should know about it, shouldn’t you? You actually dared to do it... You left no way out for yourself...”

“I didn’t mean to do it...” Chihuo was obviously upset about it. “When I broke the qi in the eggs, I felt the dragon and the phoenix... I knew I must have done something terrible... I realized the eggs were not only royal blood. They belonged to the kings... However, I had done it. It was too late to regret... I couldn’t sit there and wait for death... I ran away immediately, but they kept coming after me... Oh!”

He made a long sigh and looked powerless.

“It is too late to regret. Even if I can escape this time, I won’t get peace back in my heart. I won’t have time for me to absorb the essence... so I guess I should give them to you.”

Ye Xiao didn’t know what to say, but he still said, “If you didn’t break the qi in the eggs, the dragon and the phoenix wouldn’t chase you, but the two eggs would still be two trackers that expose our location. Now they are dead, but it also means you can’t get the two clans’ forgiveness anymore...”

Chihuo made a sigh.

Ye Xiao thought for a while, and he took the two eggs out from the rings and put them on the table.

At this moment, he actually got hope. ‘If the two little things in the eggs are still alive... I have the Boundless Space, and Erhuo is good at many incredible techniques... Maybe I should try. Maybe I can bring them back to life, and the problem will be solved.’

[Realms In The Firmament](#)

Chapter 1632: Not Completely Dead

As Ye Xiao checked on the eggs, he was sure the eggs were dead. In fact, the eggs started to look dim. Ye Xiao was sure that it was impossible to save the eggs. ‘The old guy actually broke the qi in the eggs...’

Ye Xiao made a sigh and put the two eggs into the Boundless Space. He decided to take the essence since there was nothing he could do to save them. He didn’t want to waste it, and he didn’t want to fail Chihuo’s kind heart.

At this moment, Erhuo made a surprised exclamation, “Is this a dragon egg? Is this a phoenix egg? Am I in charge of them? Fully? I am so happy! Oh...”

Ye Xiao knew it was a mistake immediately. As he left the room, he got into the Boundless Space immediately. What he saw was Erhuo dragging the eggs and making turns. In its two big eyes, there was only greed.

The two eggs were huge for Erhuo. Each egg was half the height of a human being. Erhuo was small, and it was like a small bean rolling around two mountains...

The other fellow in the space...

The golden hawk moved to the eggs with a golden flash. Its sharp eyes stared at the phoenix egg, and it opened its long and sharp beak. The saliva kept dripping down on the floor...

“Go away... Go!” Ye Xiao frowned and said, “Those are eggs of dragon and phoenix! You can’t eat them!”

The golden hawk sadly bleated and looked at Ye Xiao.

On the other side, Erhuo turned around indifferently, proudly raised up its head, and made a few meows. “I am not going to eat them. When did I say anything about eating them? I said I was in charge of them! We are talking about the pure essence of the dragon and phoenix... If the two little things can get down to life, the essence energy that is left in the eggs and the energy created by the hatch should be good enough for my boys to get improved to a higher level. They will get the bodies of dragons!”

“Your boys?”

Ye Xiao was surprised. He turned around and he saw forty-eight pairs of eyes with longings.

The Silver-scaled Golden-caruncled Snakes!

The forty-eight snakes all had become as strong as kings of snakes because of the spiritual qi in the Boundless Space.

Their scales became shiny. The caruncle on their heads was like the horn on the unicorns. Apparently, these snakes were at the top level of the Silver-scaled Golden-caruncled Snake!

However, Ye Xiao neglected the snakes, and he was still shocked. He asked, “What? The eggs can hatch? Are the babies in the eggs dead? Are you sure they can get back to life?”

Erhuo proudly raised up its head and said, “Well, the qi of life is gone, but it is always possible to bring them back! Less than one percent of the energy in the eggs is gone. That is much less than ten percent... That is not a problem for me. I am awesome. Bring them back from death? No, not from death...”

Ye Xiao was shocked. “Are you telling me the two eggs still have a chance to live?”

Erhuo meowed a few times, and it raised up one claw to scratch its neck. It said, “The qi in the eggs was broken, but most of it remains. We just need to gather the qi together. Well, we may lose a bit of the energy, but we have our purple qi. The purple qi comes from ancient times, and it can fix any kind of life qi. If we use the purple qi on the two eggs, they will be improved. They will be better than they were... The babies are blessed if we give it to them. I am awesome, so there is nothing to worry about fixing the eggs!”

'Nothing to worry about?'

Ye Xiao was astounded.

After a while, Ye Xiao jumped up and held Erhuo in his arms. He gave the cat a big kiss and started to laugh. "Erhuo! Oh, my Erhuo! I know you were always being honest when you said you were awesome! You solve a huge problem for me... Fine. As long as you help me with this, I will let you and Hawky go out and play..."

Erhuo and Hawky's eyes lit up at the same time like four searchlights.

Hawky howled and moved close to Erhuo. It kept tweeting and rubbed its head on Erhuo's body.

However, Hawky was big and Erhuo was small. Although Hawky only moved over its head, the head was four or five times bigger than Erhuo's entire body. Hawky was trying to fawn on Erhuo but ended up pushing Erhuo down on the floor...

Pah! –

Erhuo jumped up and clapped on Hawky's head with an angry meow.

Hawky cautiously moved back and tried to explain, "I don't mean to hurt you... I am being nice..."

Erhuo and Hawky turned over at the same time and looked at the two eggs. Their eyes were full of longings...

'As long as the eggs are fixed, we can go out and play!'

Ye Xiao had no idea what trouble he had just brought himself by giving that commitment...

It was always foolish to be arrogant. Being arrogant might cause disasters!

It seemed the dilemma with the eggs was huge for Ye Xiao, but compared to what he had to overcome in the future, this was nothing!

...

They decided to do it.

Erhuo gave Hawky instructions. Hawky put the eggs on the plate, on which Hawky usually laid.

After that, Erhuo made a meow...

The Nine Spaces unleashed a lot of spiritual qi at the same time.

Soon the spiritual qi had fully covered the two eggs...

Ye Xiao casually left the Boundless Space and went back to Chihuo.

"Master Chihuo, I checked the eggs again, and I found they weren't completely dead yet. I think I can try to fix them, and save the two lives back. If it goes well, we can settle the hostility between you and the two clans." Ye Xiao said with a smile.

“What? Are the eggs still alive? Settle the hostility?” Chihuo was shocked. He looked at Ye Xiao like staring at a crazy man. “You said it. We both know I have killed the lives in the eggs. I even tried to eat them! How are they going to forgive me? How is it possible to settle the hostility?”

Ye Xiao casually said, “What you have done doesn’t matter. As long as I can make the two eggs safely hatch, and the babies are unharmed, they will mostly let go of the hate and hostility.”

Chapter 1633: Trouble Came at the Door

Chihuo was indifferent. He shook his head and said, “You have a point, but we are talking about bringing the lives back. Are you telling me they can still hatch? And you want them to be unharmed? Come on. Stop dreaming. That is impossible. The lives in the eggs are gone! Even the five sky kings can’t save them!”

“Nobody is good at everything. The sky kings are powerful, but they don’t know how to bring people back from death, do they? In fact, I am not being arrogant. I don’t see who else in the Human Realm Upon Heavens can beat me in the area of medicine!” Ye Xiao was proud.

Chihuo wanted to argue, but he had nothing to say against Ye Xiao’s conclusion. In the history of the Human Realm Upon Heavens, great dan makers had all died under the divine punishment of the Heaven Seizing Supreme Dan. There weren’t any dan makers who could actually produce supreme dan in the Human Realm Upon Heavens. In fact, nobody else in the Human Realm Upon Heavens could save Chihuo as Ye Xiao did earlier! It was true!

“Come on. It can’t be worse now. What if it succeeds? It won’t hurt to just try.” Ye Xiao smiled and said, “You should stay here and rest. I will keep you informed. Be patient.”

Chihuo wanted to say something, but Ye Xiao already left.

He stared at the door where Ye Xiao disappeared and said, “Is he too confident and proud, or just insane? Nobody in this world can do it! If anybody can do it, he must be the most and only dominant figure in the world!”

Two days had passed.

Nine great cultivators had been searching the City of Chaos by sending out their mind energy. Their spiritual minds had covered the entire city.

The Purple Dragon King and the Golden Phoenix King had humbly asked for help this time. The great ancestors must do their best to help without hesitation.

It was an important issue in the City of Chaos, so Ye Yunduan stopped all the plans he made for the Great Ye Army. Making trouble at this moment in the city was seeking death!

“Nothing. No sign of him.” Yue Youyou said, “Are you sure he is in the city?”

“Absolutely.” The Golden Phoenix King said. Her voice was cold, and it was full of murderous intent. “My poor child carries my life qi. I am sure the old bastard took it to the City of Chaos before the qi disappeared.”

“He didn’t get past the city, and the qi didn’t spread to other directions. He must be in the city!”

“Phoenix King is right. I have the same feeling as well.” The Purple Dragon King said, “The bastard must be hiding somewhere in the city!”

The Golden Phoenix King suddenly wept and said, “It is such a shame... The qi in the baby’s blood has gone...”

The Purple Dragon King sighed too. His purple eyes were full of murderous intent. He said fiercely word by word, “He must pay with blood! Chihuo has done such an unacceptable thing, and I will let him pay! A debt of blood must be paid with blood!”

The great ancestor of the Guan Clan, Guan Shanyao blandly said, “We have searched everywhere in the City of Chaos except one place. It seems to block our mind energy. It is the only suspicious place!”

The Purple Dragon King and the Golden Phoenix King were both shocked. They both looked at Guan Shanyao and waited for further explanation!

Yue Youyou was frightened. He said, “Guan, I know that kid. He doesn’t seem to be an ignorant person. He wouldn’t keep Chihuo. Besides, the kid is too weak to make a difference in this issue!”

Guan Shanyao waved a hand and said, “Oh, brother, don’t be emotional. We just want to track Chihuo down... We are not going to do anything to others! Chihuo is all we want... We won’t hurt the young man! Brother Dragon, what do you think?”

The Purple Dragon King laughed and said, “Sure! We won’t hurt any innocent men. We only want the blood of Chihuo to avenge our children. That will be enough to end this.”

The Golden Phoenix King coldly said, “However, I must be frank. If somebody protects the man who killed my child, I won’t let go of him!”

It was suddenly silent.

Yue Youyou was solemn. He slowly shook the liquor cup in the hand and said, “I believe my judgment. If anybody dares to hurt my man, I won’t stand aside and watch.”

The Golden Phoenix King slowly raised up her head and looked at Yue Youyou. She said, “I hope you have made the right judgment, and the man you believe in won’t protect the person who did this contemptible thing to us!”

Yue Youyou smiled and blandly said, “We all hope so! However, no matter what he has done, I won’t just turn against him.”

The Golden Phoenix King looked cold and she angrily said, “Of course you will be here protecting the man you believe. Well, the murderer is here too. I am here too.”

They looked at each other in the eyes.

One was smiling while the other looked cold. Both had fierceness in their eyes.

“Oh, come on...” Qi Tiangong laughed and said, “We don’t know what it is yet. What do you have the conflict for? Let’s just see what has happened first.”

“Humph!” The Golden Phoenix King humphed and coldly said, “I would love to see! I wonder what role your boy is playing in this... Humph...”

Yue Youyou waved his sleeves and said, “I wonder as well!”

The Purple Dragon King and the other great ancestors looked at each other and smiled bitterly.

Those two were against each other now.

They should be on the same side, yet the two of them turned against each other for no reason!

“The Hall of Life and Death! Is this the famous Hall of Life and Death?”

Guan Shanyao looked at the words on the fortress and spoke out. He looked around the green shades in this area and praised. “What a nice place!”

The Seven Golden Lotuses and the two kings had come. They were as famous as the five sky kings and the Great Master Ye back in the old days. They had also represented the top league of the world in history. Each of them was much older than one hundred thousand years. They were experienced and knowledgeable people!

In fact, they wouldn’t even put the places of the sky kings in their eyes. If they liked a place, that place must be incredible. As they arrived at the Hall of Life and Death, they were all impressed!

[Realms In The Firmament](#)

Chapter 1634: Horrible Team

Even the Golden Phoenix King, who had been showing a cold face, full of murderous intent in the heart, was now lost in the beautiful views. It was always easier for women than men to appreciate good scenery.

The nine of them stood on the clouds, watching the green world on the ground. They were impressed. When they were enjoying the beautiful scenery, they also felt depressed somehow.

“This is not normal. Look at the lively scene of this place... Even the Boundless Green Wood can’t be as good as this.”

The Purple Dragon King looked at the trees and blandly said, “The Boundless Green Wood is never this splendid. In fact, even the Undying Green Ocean may not be this beautiful. At least this place is a lot more lively than the Undying Green Ocean.”

The Golden Phoenix King nodded and agreed with the Purple Dragon King.

She seemed to understand why Yue Youyou would protect the owner of this place over her interests. Whoever owned this place must be great. If she wasn’t here to avenge her own child, she might consider sparing the owner of this place!

However, the great ancestors of the Seven Golden Lotuses nodded and said, “We have never seen anything like this before.”

The two kings were surprised. They thought the Seven Golden Lotuses should know about this magnificent scenery. However, it turned out it was their first time too! The two kings knew that the seven old men would never lie about such things, or else they would feel seriously offended!

Yue Youyou and the other old men had never seen the fortress of trees of the Hall of Life and Death before. It was true. Besides, this place was built after the four clans left the Monarch's Hall!

Guan Shanyao smiled and said, "Since the Hall of Life and Death appeared in the City of Chaos, this green world appeared too. It has been through some changes, and this magnificent place must be finished about one month ago. This place has gathered an enormous amount of spiritual qi. Staying in the city, we have obtained a lot of profits from it, thanks to the owner of this place."

The seven old men looked at each other and smiled. They had surely obtained a lot in this place, but it was not a good idea to tell others too much, because they didn't want anybody to be jealous of them.

The Hall of Life and Death was like a miracle of life. People did not feel the benefits it brought to the City of Chaos, but it did bring good influence to the city day by day. The seven great ancestors were definitely powerful enough to notice the influence.

"In fact, I should stand out and protect the young man of the Monarch's Hall... He saved the two chiefs of the Guan Clan and the Song Clan, also many others' lives." Guan Shanyao sighed and said, "I... I never spoke anything of it in the Guan Clan because of the position we stand at. I am ashamed. Thank you, Brother Yue..."

The Golden Phoenix King looked at Guan Shanyao.

Guan Shanyao looked a bit upset. He seemed lost in the memory of the past.

'The old man is obviously backing his brother up... If things go wrong, I have to fight against not only Yue Youyou but also at least Guan Shanyao and the Song Clan... Well, does he think I would be scared?' The Golden Phoenix King was a bit annoyed. While she felt angry, she also felt curious about the owner of the fortress.

"I knew it was strange here. The rising lively qi... The unlimited green... It must be something extraordinary."

The Purple Dragon King smiled and said, "Nothing natural can be this magnificent. Brother Guan, you have proved my point. This is an extraordinary place... If the owner of this place built it within such a short time, it must be marvelous!"

"I am sure this place will become a holy land for cultivation after roughly a thousand years!" The Purple Dragon King said, "What an epic masterpiece!"

"That's true! It is definitely a miracle made by heavens!" Yun Duanlu, the great ancestor of the Yun Clan praised. "It truly is a masterpiece of the sky and the earth!"

"There must be something wonderful behind this god's masterpiece." The Purple Dragon King looked serious. "These trees look normal, but behind the normal look, there must be something significant."

"Well... What is it?" The Purple Dragon King smiled to the others.

“We are all experts. Even though the entire place is covered by the plants, we know there must be some array formation that gathers the spiritual qi from the world! Well, that is not the point. The energy formation here must be fabulous. Maybe I am ignorant, or maybe the art of array formation develops faster than I expect. I just can’t see what kind of formation it is!” The Purple Dragon King slightly clapped his hands and said, “I wonder if you can give me a lesson?”

The Golden Phoenix King and the seven old men heard him, and they all focused on the green trees. They wanted to find out what energy formation was under the plants as well. However, after a while, nobody had seen anything!

After a while, the Purple Dragon King said, “I guess we got nothing different. There comes a question then. What array formation in the world can keep us from seeing through this?”

Everybody was serious as they heard the question.

‘That’s right. What array formations in the world could be unknown to us? We can’t even see through this... This is not something ordinary.’

“Since the Purple Dragon King brings up the question, I don’t think I have to hide anything anymore. I have been watching the Hall of Life and Death for over two months.” Guan Shanyao said, “The longer time I spent on this, the more scared I became.”

Yue Youyou was unsatisfied. “Can you at least keep some dignity? Why do you watch this? It belongs to the young man, and has nothing to do with you! Don’t tell me you are thinking of taking this from the kid...?”

Guan Shanyao rolled up his eyes and ignored Yue Youyou.

“According to the information I got from the observation, there must be a lot of array formations in this place working together. This great formation was formed with countless smaller ones. There must be a core of this huge group of formations!”

“If this is true, there comes a horrible question... To keep such a monster running, normal things can’t supply enough energy. There must be an incredible amount of energy crystals in this.”

“How many energy crystals does it need to build this unbreakable monster array formation?”

The Purple Dragon King thought for a while and said, “I think there must be at least half a million pieces of Chaotic Purple Crystals, even the top-class Chaotic Purple Crystal!”

“Who can afford this? Hundreds of thousands of pieces of Chaotic Purple Crystals!” The Purple Dragon King shook his head and said, “I can’t afford it, to be honest with you. I don’t think the five sky kings can afford it either!”

The Golden Phoenix King said, “I think the crystal is not the only thing we should pay attention to. We should see that there is a system of the five elements in the formations. If not, it couldn’t resist attacks from outside and create perfect cultivation conditions inside at the same time.”

“Whoever made this can’t be ordinary.”

“Dragon King, do you think this formation is unbreakable?” Qi Tiangong didn’t really believe so. He looked at the Hall of Life and Death.

“Yes. If we forcibly break into it, we will be in great danger!” The Purple Dragon King said.

“How dangerous could it be? Is it going to threaten our lives?” The Golden Phoenix King asked. She didn’t believe it either.

“The truth will tell... You can try it. Break in, and you will see what you can get.” Yue Youyou casually said.

The Golden Phoenix King was angry. She humphed and said, “Of course, at least I have the guts to try. I don’t believe a young man can set up any unbreakable formation that could kill me. Maybe it is just an illusion. Maybe it will crack as we touch it.”

Before she said the last word, she became a flash of golden light, rushing toward the Hall of Life and Death.

Yue Youyou was shocked. He hastily reached out one hand to grab the Golden Phoenix King but failed. The Golden Phoenix King had rushed down. Yue Youyou was anxious and terrified. He hurriedly rushed down after her.

The Golden Phoenix King was one of the most powerful people in the Human Realm Upon Heavens. No matter how powerful the array formation was, in Yue Youyou’s eyes, it was just children’s game of the young man, Ye Xiao. It was definitely a great job, but not good enough to resist the attack from the Golden Phoenix King. Yue Youyou wanted to stop the Golden Phoenix King because he didn’t want the Monarch’s Hall to get destroyed. For people like these, it was easy to destroy a place like the Monarch’s Hall with one casual move!

As the Golden Phoenix King got close to the Hall of Life and Death, the formations started to make thunderclaps and exhibit bolts of lightning.

The other people all looked at it. They had the same thought.

Even if the array formation was as powerful as the Purple Dragon King said, the Golden Phoenix King should be powerful enough to resist any danger.

Ye Xiao had been watching these people since they arrived.

The nine top-class cultivators of the world arrived at the Monarch’s Hall. They didn’t mean to do anything hostile, but still, they weren’t invited. When the nine of them unleashed the power of themselves, everybody in the Monarch’s Hall felt depressed. Ye Xiao had to be careful.

The array formation was from the mighty figure, and he had a great fortune that everybody in the Human Realm Upon Heavens would be jealous of. He built the energy formations in the Hall of Life and Death, and this was the chance to test the power of them by resisting the real powerful cultivators in the world...

If the Great Formation of Stars failed to resist these people, it meant Ye Xiao was not good enough... If it succeeded, Ye Xiao would be glad to know. However, he would have to face more troubles in the future. Sometimes having the best thing was a crime to the others. Ye Xiao understood it. People didn’t know

how amazing his dan-making technique was, but it wouldn't be a secret to the world soon. Ye Xiao would never refuse to have more amazing techniques or resources that could help him someday!

While he was paying for the attention to what happened over the fortress, he saw the golden light and felt the horrible depressive power approaching. He was prepared for this, but his heart stopped beating for a few seconds. The Golden Phoenix King was the first to get down with incredible oppression. She was trying to break the array formations in the Hall of Life and Death!

'Holy hell! What is this woman playing? I haven't had a chance to explain myself yet, have I? Do you have to do this so soon?' Ye Xiao was surprised. He watched the Golden Phoenix King falling into the array formations. While the Golden Phoenix King descended, a glaring stream of purple light shined over the Hall of Life and Death!

The Golden Phoenix King crashed the purple light in the air, and she was risen up a little. The lady wouldn't give up, so she made a fierce palm hit. A strong light brightened up the sky.

It was the weapon of the Golden Phoenix King, the Phoenix Sword, which was extremely sharp, made from a lot of Ultimate Purple Gold and the Nine Sky Golden Qi.

The protective purple light of the Great Formation of Stars actually changed its form as the attack changed. It became a little softer inside but harder outside. It was unbelievable. The tender side stopped the fierce attack, and the stronger side stopped the Phoenix Sword immediately. The Golden Phoenix King was kept away from the Hall of Life and Death! The attack seemed to shake the entire purple shield but actually didn't cause any harm to the Hall of Life and Death.

The purple light even became stronger. Countless thunder balls were appearing in the purple light.

When the Golden Phoenix King stopped attacking, the thunder balls became bolts of purple lightning shooting back to her.

The Golden Phoenix King humphed. She didn't move away, but just stood there and let the thunder balls hit her. She looked cold and arrogant.

She failed to crack the protective shield, and she felt disgraced about it. As the thunder balls attack was approaching, she decided not to get away or resist with her sword, because it would make her look better. She was resisting the attacks with her automatic protection energy shield. She couldn't let the array formation of a young man threaten her power. She would like to see how long could the attack last, and she bet Ye Xiao did not have enough crystals to consume!

When the energy was out, the formation died!

As a matter of fact, the Golden Phoenix King wanted to save her pride.

The purple thunder balls were like stars in the sky, glittering and shining. Because of the bright purple light of the Hall of Life and Death, the leaves of the trees were all making new thunder balls. After one wave of thunder balls exploded on the Golden Phoenix King, the second wave was ready...

It seemed the attacks were never going to stop.

Yue Youyou had already stopped chasing the lady. He didn't get into the effective area of the attacks. As he saw what was happening, he was totally stunned.

The attacks weren't stopping. The Golden Phoenix King made a long shout and decided to fly away from the effective area of the thunder balls attack. She was surprised that the attacks were getting stronger and stronger... She even started to feel tired...

It was not going to hurt her, but she knew that her plan failed. She was not going to wait for the moment the thunder balls consumed all the energy. She couldn't break the formations, and if she stayed, she might get hurt in the end.

She figured it out, so she decided to fly up and get rid of the attacks.

As the Golden Phoenix King rushed up, the countless purple thunder balls actually followed her up. They were like a lot of crazy balls...

The thunder balls behind the Golden Phoenix King were more than all the thunder balls that had exploded on her.

The Golden Phoenix King moved incredibly fast, and she had immediately returned to the other people.

The other eight cultivators helplessly realized the thunder balls had already wrapped them all up...

Boom! –

[Realms In The Firmament](#)

Chapter 1635: The Hall of Life and Death Opened

The nine powerful cultivators all panicked.

A fire on the city wall brought disaster to the fish in the moat. The Golden Phoenix King was obviously on the city wall, but she was in the best situation than the others, who were more like the fish. She retreated first, so she was ready to resist any possible attacks. However, the others didn't. They were just watching. They didn't know the Golden Phoenix King would suddenly return to them and lead the thunder balls over...

The powerful energy of the thunder balls was so strong that none of them dared to ignore it!

They panicked!

Guan Shanyao and the other six old men were doing well. They were good at cooperation. The Purple Dragon King was caught in surprise. His nose got hit by the thunder balls, and he was so annoyed.

The Golden Phoenix King actually laughed as if she successfully played a prank.

"It can't be broken." The Golden Phoenix King made a conclusion in the end. "This is not some ordinary array formation. It attacks and defends at the same time. We are not good enough to resist the attacks for a long time. Breaking this formation is just impossible."

The others looked at her and waited for her to speak more. The Golden Phoenix King fought it, so she had more rights than the others to speak about it.

"I don't know what trick is played behind this formation. There are a lot of small array formations and plants in it. I can even feel the energy from the ultimate heavenly dao in it! The only way to break it is to

break the core with one hit. I can't do it. In fact, even the five sky kings can't do it! Nobody is that powerful!"

The Golden Phoenix King looked solemn. "In fact, it is growing stronger and stronger. Someday in the future, it will be powerful enough to kill us easily."

The others were all shocked. "Is it really that domineering?"

"The attack just now has proved it. It has endless energy. It surely will keep growing, won't it?" The Golden Phoenix King nodded and said, "However, it is all about defending at the moment. As long as we don't attack it or get into the effective area, it won't attack us."

The others felt relieved.

A great formation that was impossible to break, growing day by day, and powerful in attacks, was a nightmare even for the Seven Golden Lotuses, the Purple Dragon King and the Golden Phoenix King.

The Golden Phoenix King was sure it wouldn't attack first, which was such good news to them.

They would be attacked if they attacked it, which meant if they didn't attack it, they weren't threatened!

The Hall of Life and Death was right there. It wouldn't go after anybody anyway!

"However, who is powerful enough to set up such a great formation?" The Purple Dragon King was obviously astounded.

"When I was searching for the old bastard, I came here. I talked to the doctor here, and I didn't see anything strange about this place. However, now as we really checked on this place, it became so horrible. It has been only two days." The Purple Dragon King sighed. He knew he must have missed something.

"If that old bastard hides under the protection of this great formation, he is safe. We can't touch him, can we?" The Golden Phoenix King was angry.

"Not for sure. It is unbreakable from the outside, and it only defends... People in this place must eat... Day after day, somebody has to come out. The owner of this place knows it. Nobody is going to give up everything for an old man like that..." The Purple Dragon King said.

"Can't they just dig a tunnel out?" The Golden Phoenix King asked.

"Well, if they did, they broke the formation. It will help us a lot..." The Purple Dragon King smiled.

The Golden Phoenix King was enlightened.

The next moment.

Guan Shanyao made a step ahead and said, "Is the honorable owner of the Hall of Life and Death there? We are here to visit."

His voice pushed forward like tides in the ocean, not fast, not slow.

The purple light of the formation shined and then disappeared.

Apparently, the sound wasn't offensive, so it got through the shield.

They all saw it, so they were all shocked.

The Hall of Life and Death didn't reply.

The Purple Dragon King and the Golden Phoenix King frowned at the same time.

Suddenly, the two of them both wanted to fight their way in.

They knew that Chihuo was very likely hiding inside the Hall of Life and Death.

Although the Purple Dragon King knew that the formation was unbreakable, and he knew they had to wait until people got out, he didn't know how long they must wait. The more powerful a cultivator was, the less basic resources he needed. People like Chihuo only needed spiritual qi to live for over a hundred years without food and water. In the Hall of Life and Death, he had more spiritual qi than people could imagine. Most importantly, the two kings could feel the dim life of Chihuo. They knew Chihuo was going to die soon. They wouldn't want to find Chihuo's dead body, because it would not be revenge anymore!

When the two of them were thinking about attacking again...

Suddenly they sensed something at the same time.

They exclaimed!

"Ah!"

The Golden Phoenix King covered her own mouth with tears in her eyes.

The Purple Dragon King got both of his eyes widely open, and his face was blushing.

"I feel it... I am feeling it..." The Golden Phoenix King emotionally said, "How is this possible... It was..."

Tears kept running down along her cheeks.

The Purple Dragon King was shaking. He suddenly shouted, "Chihuo! Get out! Show yourself! We need to talk!"

That shout pierced the skies and rose upon the clouds like thunderclaps. It actually sounded back down like a bolt of lightning, shaking up the entire City of Chaos.

His domineering power rushed into the Hall of Life and Death. The purple light of the Hall of Life and Death rose again.

The next moment.

The gate of the Hall of Life and Death appeared, and the doors opened. A massive cloud of rolling purple qi rushed out.

[Realms In The Firmament](#)

Chapter 1636: Took Risk!

Normally, if such special ultimate purple qi appeared, the Seven Golden Lotuses and the two kings would definitely be stunned. However, at this moment, they didn't have time for that.

The Golden Phoenix King and the Purple Dragon King immediately rushed to the gate.

“Be careful!” Guan Shanyao warned them.

The Hall of Life and Death must be bigger than they expected. As only the doors opened, so much ultimate purple qi ran out. The spiritual qi in the fortress of trees must be enormous. The formations that protected this place must be even more powerful than they knew. The two kings were reckless, and they might get even more severe counterattacks!

The two kings seemed to ignore the great ancestors’ warning. They directly rushed to the gate of the Hall of Life and Death and looked through the gate. In their eyes, there was anxiety and eagerness.

It seemed like there was something in the Hall of Life and Death that they would pay everything to get.

Guan Shanyao frowned as he saw what the two kings did. He came out with an idea, but his idea was ridiculous and unbelievable.

The formations of the Hall of Life and Death surprised Guan Shanyao the most though. The two kings rushed fiercely, and the formations should make fierce counterattacks to it. However, the two of them reached the gate, and the formations didn’t make any reaction. There was only one possibility. The owner of the formations had shut it down!

Guan Shanyao was confused. The combination of formations was the only thing the Hall of Life and Death had that could resist the two kings’ attacks. Without the formations, the Monarch’s Hall would be destroyed by the two kings with one hand. However, the Hall of Life and Death turned the formations off. Wasn’t that insane?

‘Unbelievable! Ridiculous!’

Guan Shanyao looked over and saw a man wearing shabby clothes at the gate of the Hall of Life and Death. He was rubbing the disheveled hair on his head and said with embarrassment, “Hey... You are all here...”

“Chihuo...” The Golden Phoenix King looked at Chihuo like she was going to swallow him alive. She got enraged and said, “You f*cking bastard! You f*cking contemptible murderer...”

She waved both of her sleeves and got ready to fight.

“Wait... Wait...” Chihuo stepped back and waved both hands. “Stop... Listen... We need to talk... Don’t get mad...”

“You f*cking old bastard! You murdered my child! How dare you? Now you want to talk! Go talk to death in hell!” The Golden Phoenix King was furious. With both of her hands, she was gathering power, and it wrapped Chihuo up.

“If you want to fight, I won’t stop you... However... You don’t want to hurt innocent children. Maybe you don’t care about your child that much, but the Purple Dragon King may want to keep his child safe!” Chihuo smirked.

The Golden Phoenix King and the Purple Dragon King were both shocked. They said, “Did you... Is it real?”

Chihuo sighed and said, "Please, listen to me. I was going to steal some eggs, but I only wanted to take some ordinary ones. I didn't know that I got the two eggs with royal blood, I didn't know... I... I broke the qi inside the eggs. I know it was terribly wrong. I have been trying everything I can to fix it... The Hall of Life and Death is just as amazing as people say. How lucky I am! It got a chance to fix my mistake..."

"That's true." A young man walked out while talking. It was Ye Xiao, who looked handsome and righteous.

Ye Xiao casually walked out; he was calm and steady like a powerful man. With a smile, he said, "The Hall of Life and Death saves lives, but we don't save everyone's life. If Chihuo came for himself, I wouldn't help him. We have rules, and I wouldn't change rules for anybody. Anyway, he begged me to save the... well... the eggs. That's different. I decided to try, and I did it."

The nine powerful cultivators looked at each other. No matter how knowledgeable they were, they were surprised.

Ye Xiao, as the owner and the marvelous doctor of the Hall of Life and Death, was famous in the world, but he was still just a doctor, a dan-maker... No matter how powerful Ye Xiao was, the patient must still have the qi of life before he could do his job!

This was unbelievable... He saved two eggs! He saved two eggs with no qi of life...

'Is this possible?'

'Isn't that absurd?'

'We haven't heard of such things. We haven't seen such things. We haven't even imagined such things!'

It was like saving an egg after it was shaken into a dead egg. He actually saved an egg from death!

He brought life back from death!

"Is this real? Isn't it a joke?" The Golden Phoenix King's lips turned pale.

"I think you should have sensed it. Truth speaks louder. I don't think you need my words. What you need is the truth." Ye Xiao said, "However, they need rest. It is my first time saving lives from death like this. It seems like everything went well, but I am not sure if they are totally safe."

Obviously, Ye Xiao was trying to be modest like a wise man. However, what he said terribly frightened the two kings. They were hoping their children could return to life, and they were thrilled, but then they heard that they could still die! Disappointment after hope was the worst agony for even the two kings!

"We are going to see how they are." The Golden Phoenix King was ready to get in. The Purple Dragon King followed after her, and the seven old great ancestors followed too.

Ye Xiao smirked bitterly.

The nine people in the fortress of trees would become a huge threat to him.

The Hall of Life and Death was unbreakable from the outside, but not from within. The nine people were all incredible superior cultivators. Ye Xiao had no power to fight them.

He let the two kings approach because he wanted to earn their trust. He knew it was impossible to stop them from entering the gate because they would want to check the eggs. He couldn't stop the seven great ancestors while the two kings were allowed to get in. He didn't want to be narrow-minded, and he wouldn't want to offend the seven old men.

The Purple Dragon King and the Golden Phoenix King were almost broken down. If he stopped them, they might go crazy.

Ye Xiao sighed. 'I guess I have to take the risk this time.'

[Realms In The Firmament](#)

Chapter 1637: Keep the Head Low!

If he didn't take the risk, the problem wouldn't be solved...

Monarch Ye was a wise man, and he made a wise decision. With a warm smile, he led the nine people into the Hall of Life and Death.

It was the first time the Hall of Life and Death had guests to stay in the fortress... These men were all powerful cultivators.

They might not be friends.

They were the only people who had ever entered the Hall of Life and Death as guests in thousands of years!

Ye Xiao was still weak, and that was the reason.

"What a wonderful place. It is such a wonderful place inside the Hall of Life and Death." Guan Shanyao started to praise as he got in. "I have been to many great mountains and wonderful places in the world in my life, and this place must be one of the ten most powerful places in the world."

Ye Xiao twisted his lips. 'Ten?'

'Half a year ago, the ranking of this sh*tty place must probably be outside one hundred thousand... With my efforts, it became one of the top ten... What if I am given several years to build it?'

'Humph...'

Ye Xiao smirked and said, "Master Guan, I am flattered. It is a shame though. The spiritual qi in the Hall of Life and Death has reached the limit of density. If I have some Heavenly Purity Stones, I can make the qi purer. Well, what a pity..."

Guan Shanyao looked at Ye Xiao and said, "You are being humble and cautious, Master Ye."

"We must be cautious in the martial world..." Ye Xiao smirked.

Guan Shanyao was a cunning fox. He knew there must be something, so he asked, "You called me Master Guan. Did you know me?"

'Did he just recognize me by hearing my voice? That's impossible... I haven't shown myself in the Human Realm upon Heavens for one hundred thousand years. The man is too young to know me!'

Ye Xiao smiled and said, "No matter how long you have disappeared, your story will keep on going in this world."

Guan Shanyao was shocked. "Anything that talks about me must be from ancient times... You are so young..."

Ye Xiao blandly said, "Books never stop talking. I love reading. Powerful cultivators in history... I don't care if they are my friends or my enemies, I won't forget about anybody. Influential figures within three hundred thousand years, including those who are missing... I won't miss any of them."

"Being knowledgeable is always the right thing to do. Sometimes it helps a great deal. It does now..." Ye Xiao raised his head and stared at Guan Shanyao. "I think it is always better if I don't need to ask for other's names..."

"That is frank." Guan Shanyao laughed and looked at Yue Youyou.

Yue Youyou blandly smiled. 'Of course, he is good. I was always right!'

The Purple Dragon King and the Golden Phoenix King sensed the eggs. They felt like somebody was leading them ahead. In the rolling purple qi, they were rushing fast forward...

They had made a lot of turns, but it didn't take them a long time. The Golden Phoenix King and the Purple Dragon King were moving in front, eventually leading the others to a room.

They entered the room first, and they were shocked.

The Purple Dragon King was a man, so he successfully stayed calm. He was shaking though. The Golden Phoenix King actually sobbed; tears ran down from her cheeks. She cried in tears of joy.

The Seven Golden Lotuses were shocked when they looked into the room. There was a huge plate, and nobody knew what material it was. On that plate, there were two huge eggs. They were stunned.

'According to the two kings... the eggs should have been broken by the old man. Why are they so lively now?'

They were all experts in cultivation. How could they not sense the life power inside the two eggs!

The Golden Phoenix King was in tears. She rushed forward and held the phoenix egg in her arms. Bit by bit, she tried to get some of her spiritual power into the egg to check her child...

She got her treasure back.

As the king of the phoenix clan, she actually cried in tears of joy.

Ye Xiao was touched, and he fiercely stared at Chihuo.

Chihuo blushed. He didn't know what to do but to lower his head.

The Purple Dragon King was emotional as well...

They didn't want to be disappointed. They didn't want to lose hope. They wanted hope! They wanted their hope to come true! They were cautious... They were lost...

After a while...

The two kings had made sure the eggs were safe. They made a sigh out of relief. They looked emotional, but their hearts were relieved.

The truth was proven. The eggs were safe, and there was even some purple energy inside the eggs!

The purple energy surprised the Purple Dragon King and the Golden Phoenix King! They were glad!

The two children would be even stronger than they should be. The two kings were both knowledgeable people. Because of the purple energy, they knew that Ye Xiao had saved their children. He must have used the ultimate purple qi to rebuild the eggs!

They were impressed by Ye Xiao's marvelous technique. That technique must be the best in the Human Realm Upon Heavens! What Ye Xiao did was like the work of the gods. The two kings wanted to make friends with Ye Xiao because they didn't want to regret not having him as a friend!

They turned around and stared at Chihuo. The hate in their eyes became much less than before...

"I have done something unforgivable only to serve my selfish goal. If not for Master Ye's help, I would never be able to fix this. I am not going to beg for your forgiveness because I don't deserve it."

Chihuo bowed deeply and sighed. "It is always difficult to move on the path to the greatness of cultivation. My martial art requires the essence of dragon and phoenix. I haven't improved for tens of thousands of years... and I am dying soon... That is why I made such stupid mistakes. Master Ye is such a generous and kind person. He saved the kids from death... At the very least, I feel much better knowing that they are alive."

The Purple Dragon King coldly humphed. He kept both of his hands behind his back and coldly stared at Chihuo.

[Realms In The Firmament](#)

Chapter 1638: Fire of Nirvana!

Deep in his heart, the Purple Dragon King still wanted to kill the old man with a hard smash. 'My child is safe, but you don't get to claim the credit. It is the marvelous doctor, Master Ye, who saved my child!' However, Chihuo said, "It is always difficult to move on the path to the greatness of cultivation. My martial art requires the essence of dragon and phoenix. I haven't improved for tens of thousands of years... and I am dying soon..." The Purple Dragon King was touched. He was much more powerful than Chihuo, so he knew better how hard it was on the path of cultivation. He might make the same choice if he was Chihuo. He coldly said, "If you are telling the truth, Master Chihuo, you are cultivating the Fire of Dragon and Phoenix? The famous Master Chihuo, one of the Seven Colored Lords, cultivates the Fire of Dragon and Phoenix."

Chihuo blushed and said, "Don't tease me, Brother Dragon. I am not famous... I haven't improved for tens of thousands of years... I am afraid I can't be one of the Seven Colored Lords anymore... In fact, in a few years, there will be no Chihuo in this world!"

Chihuo looked pretty sad.

The Purple Dragon King knew Chihuo was dying when he fought Chihuo earlier. It was not some ordinary illness. Chihuo had reached the limitation of life, and if he couldn't improve himself to break the limitation, he was going to die!

He knew Chihuo was being honest, so he sighed for it.

As a superior cultivator of an old generation, he knew about the Seven Colored Lords, and he knew how the other lords thought about Chihuo.

It wouldn't feel good when the others were improving fast... He knew how hard it must be to watch others improve...

He made a long sigh.

In the world of cultivation, not to advance was to go back. Nobody was waiting!

Chihuo used to be one of the most powerful figures in the world, but now he was far behind the others... What a sad story!

After that, the Purple Dragon King didn't hate Chihuo anymore. He was still cold but not hateful!

The Golden Phoenix King still had hostility and hatred in her eyes.

She stared at Chihuo and coldly said, "Chihuo, your Fire of Dragon and Phoenix... If you haven't improved for such a long time, then how much time do you have left?"

Chihuo bitterly smiled and said, "If I can't make any improvements in three years... there will only be Six Colored Lords in the Human Realm Upon Heavens."

The Golden Phoenix King was surprised.

'Three years?'

'That is not a long time even for ordinary people... For a cultivator, it is just the time of one isolate meditation...'

It was absolutely a short time for people like the Purple Dragon King and the Golden Phoenix King...

Three years was just a moment!

They were already hundreds of thousands of years old... Three years meant nothing... It was just like a few minutes for an ordinary man.

It was too short.

People like the Purple Dragon King, Golden Phoenix King, Seven Golden Lotuses, and the Seven Colored Lords spent thousands of years to make tiny progress in cultivation. Chihuo only had three years left, which meant he was never going to improve!

In other words, Chihuo was definitely going to die!

"Tens of thousands of years ago, I met the Seven Colored Lords for the first time. The Seven Golden Lotuses and the Seven Colored Lords had a fight because we wanted to know which was stronger..." Yue

Youyou sighed. "Lord Chihuo was such a brilliant cultivator. When you attacked, the world turned red... You burn the entire world..."

He looked at Chihuo, and sighed.

The Golden Phoenix King seemed to be touched. She gritted her teeth.

Guan Shanyao sighed and said, "Golden Phoenix King, I know I have no right to speak in these circumstances. However, Lord Chihuo is an old acquaintance to us..."

The Seven Golden Lotuses had helped her, so she must respect him. "Please, you have all the rights to speak."

Guan Shanyao said, "Chihuo has done something terribly wrong... but the children are safe. No matter what Chihuo has done, he has tried to fix it... We are all from the old generation... We are the dying generation..."

"Soon, it will be difficult to find somebody of the same age to have a good fight... Heh heh..." Guan Shanyao smiled and said, "I am not telling you what to do. It is still your decision to make. I just... I want to plead for the old man... No matter what your decision is, the Seven Golden Lotuses won't stand in your way."

The Purple Dragon King laughed and said, "Guan, why don't you say this to me? The Golden Phoenix King is always soft-hearted, and I am always the merciless one!"

Guan Shanyao laughed and said, "Sure. Please, think about what I said, Purple Dragon King."

The Purple Dragon King laughed.

They knew what was going through in each other's head. The Purple Dragon King didn't hate Chihuo anymore, but he seized the chance to call the Golden Phoenix King soft-hearted as a compliment. In fact, the Golden Phoenix King was the merciless one! What Chihuo did was absolutely unforgivable for her!

However, the Purple Dragon King had indicated his own decision. If the Golden Phoenix King insisted on killing Chihuo, she was disrespecting the other eight people!

The Golden Phoenix King gritted her teeth and said, "Fine. I have to show respect to the others. No matter what Chihuo said, he did something unforgivable. My child is safe, only because of Ye Xiao. I can spare Chihuo's life, but he has to be punished! Chihuo, you should give me an explanation!"

Chihuo looked sullen. He coldly said, "I am not going to give you anything. If you are mad at me, I can die for it. My life is meaningless now. I would like to die to make you feel better."

He was still proud and decisive.

The Golden Phoenix King was angry and said, "Chihuo, you asked for this!"

She waved her sleeve and showed a small hand. As the hand appeared, the entire place became cold. In the palm of the Golden Phoenix King, there was fire!

Nobody could have imagined such a thing! The flame in her hand was rising, but it wasn't hot. It was like ice! It was a crystal fire!

"The Fire of Nirvana!" Guan Shanyao's face became twisted.

...

123

[Realms In The Firmament](#)

Chapter 1639: The Explanation

The Golden Phoenix King saw Chihuo closing his eyes. He closed his eyes when she showed the Fire of Nirvana. The Golden Phoenix King coldly said, "Chihuo, you did everything you could to get the essence of dragon and phoenix you needed. You admitted that you are cultivating the Fire of Dragon and Phoenix. I believe you have hurt many of my people. Today, I will send you to death with the Fire of Nirvana!

"Chihuo! You succeeded because of fire, and you will die in it too!"

"Thank you." Chihuo blandly smiled but didn't open his eyes.

The Golden Phoenix King gritted her teeth, and she was ready to do it!

The seven great ancestors promised they wouldn't stand in her way, so they didn't try to stop her. The Purple Dragon King didn't hate Chihuo anymore, but he couldn't stop the Golden Phoenix King. These eight people were the only people who could stop the Golden Phoenix King... Chihuo was going to get killed...

He was going to die only because he wouldn't give in.

"Wait." Ye Xiao said, "Master Phoenix, I want to give an explanation for Chihuo. What do you say?"

The Golden Phoenix King slowed down as she heard Ye Xiao's voice. She said, "Oh? The marvelous doctor has something to say. You saved my child. Are you sure you want to do this for him? If you do, I will let this go to show you my respect!"

One must be powerful to earn the opportunity to talk to people like the two kings and the seven great ancestors. The weak ones would only be ignored. Ye Xiao was obviously weak, but they knew that this young man was not ordinary.

His dan-making technique was marvelous, and the fortress he built was unbreakable. The two kings had to show him respect. After all, he saved their children. The Golden Phoenix King had to listen to Ye Xiao.

However, the Golden Phoenix King was frank. 'You saved my child, so I owe you a lot, and I will pay you back. If you want me to spare the man who killed my child, I will, but that is it. I won't owe you anything after this. You better think carefully!'

Ye Xiao smiled and said, "I am not going to tell you what to do. First of all, the Monarch's Hall doesn't pick sides in other's conflicts. When Lord Chihuo came to me, he told me what happened. He asked me

if I could save the children. He killed two innocent lives, and I would never save a man who did such unacceptable things. However, the eggs are back to life... Things are different now..."

The Golden Phoenix King interrupted. "I shouldn't interrupt, but I can't help it. Chihuo is a cunning fox. I have given him the chance, but he showed me no respect. Does he think I am soft?"

Ye Xiao laughed and said, "King Phoenix, we all saw it when you asked for his... explanation. Please... Can I..."

The Golden Phoenix King said, "Please, continue!"

Ye Xiao said, "Perhaps, you don't really know Lord Chihuo's condition. He has less than three years to live, and he is suffering from the two extreme attacks he got from you. His cultivation had already dropped to forty percent... If he gets attacked by you again now..."

The Golden Phoenix King said, "He can say it if he doesn't want to go through this..."

She then stopped talking. It was too hasty, and she realized it afterward. Dignity and pride meant much more than life for a powerful man like Chihuo. Even if he had three hundred years to live, he wouldn't cave. The Golden Phoenix King couldn't say more!

Ye Xiao laughed and said, "Lord Chihuo is broken. He has nothing now. In fact, no matter what he does, no matter how he apologizes, you won't get anything that you like. Let me help. I will give you something like the explanation you want. When Lord Chihuo has the power to return the favor, he will return it to me!"

The others were all surprised. 'This young man is so righteous! It is the best choice to have his help!'

The seven great ancestors praised Ye Xiao, and they thought of Ye Yunduan at the same time... The comparison hurt their hearts...

'Forget it. We shouldn't make any comparison between these two kids. We can't bear the pain!'

The two kings were impressed too. 'He is great!' If the Golden Phoenix King killed Chihuo with one hit, the world would know. People would condemn her for killing somebody weak. A powerful cultivator killed a dying old man. That was not good!

The Golden Phoenix King cared about it. She was a woman, but she was tough like a man. She wasn't mean, but she was merciless. Ye Xiao saved the children, and now he was going to save her fame. She decided to spare the old man no matter what Ye Xiao gave her!

Ye Xiao was smart. He knew that things were getting better, so he said, "In fact, I think it is better to give my explanation to the two children instead of you!"

Ye Xiao changed his mind, and that was surprising.

Ye Xiao said, "The Dragon Clan and the Phoenix Clan must know much better about raising your children than I do... After all, I am not really a doctor... Heh heh... However..." He stopped.

The others were annoyed. 'Come on, doctor! The great marvelous doctor! Stop being modest! You just saved the two children back from death! You are a marvelous doctor, okay? If you are not, then no one is!'

"However, in my opinion, the way you raised the two eggs is... old." Ye Xiao slowly said, "It is too slow to push them with the essence of dragon and phoenix. Once they hatched, their energy won't be pure enough. When I brought them back to life, I have poured some ultimate purple qi into the eggs. It saved them, and it enhanced them as well."

Realms In The Firmament

Chapter 1640: Resolve

"Without this opportunity I'm about to give you, the two children might not have a very good start with their lives. They would still hatch, but they would never reach the height of the Purple Dragon King and the Golden Phoenix King. What do you say?"

The Golden Phoenix King nodded and said, "That is correct."

"It is incredibly good luck that the children are safe. I don't have too much in my mind. I have a question though. What is the opportunity?" It seemed the Purple Dragon King thought of something.

"Heh heh. Thank you, King Dragon." Ye Xiao smiled and said, "This opportunity I'm offering you is about two things. One is the ultimate purple qi I injected into the eggs. The other... Well, it hasn't happened yet. I would like to keep it a secret... I can tell you this. If everything goes well, the two children will get their Heavenly Life Fire before hatching. They will meet no barriers in the future with their cultivation... I guess that should be enough to make up for the mistake Lord Chihuo has made!"

As Ye Xiao said so, the others were all shocked. They all looked at Ye Xiao, the ten of them, with twenty eyes, including Chihuo, who had opened his eyes to look at Ye Xiao. Chihuo was astounded. They all couldn't believe what they just heard!

"That is too much if you are bluffing..." Yue Youyou frowned and warned Ye Xiao. "Ye Xiao, you must understand who you are talking to. Bragging could bring you endless trouble! It is not too late to take it back!"

Yue Youyou only said this because he wanted Ye Xiao to be good. He knew that Ye Xiao must have some secret technique that nobody knew, but what he just said was beyond people's imagination. It was hard to believe. If he failed after promising something that good, his future might be ruined!

"Thank you, Master Yue." Ye Xiao gratefully said, "If I said it, it means I can do it!"

The Purple Dragon King said, "Monarch Ye, is it real?"

The Purple Dragon King was obviously attracted to what Ye Xiao said. He called Ye Xiao Monarch Ye, showing respect as a leader to a leader. That was different.

The Golden Phoenix King stared at Ye Xiao and said, "Monarch Ye, are you sure you can do this? Can you really give my child the Heavenly Life Fire? Are you sure there will be no barrier in my child's way to the greatness of cultivation? You are not joking, are you?"

Ye Xiao nodded and said, "It is not difficult to get the Heavenly Life Fire. At least I don't see any difficulty. As for no barriers... Well, it depends. You are all experts in cultivation, and you know better than I do."

The Golden Phoenix King nodded and said, "Of course. Having a smooth improvement for a certain period of time is already a blessing!" She said, "Is it real? Can you really give my child the Heavenly Life Fire?"

Ye Xiao blandly smiled and said, "I can prove it now. Look at the eggs, masters..."

The others all looked at the eggs.

The eggs were in the middle of two plates. Purple qi was rising over the eggs.

These people were all powerful cultivators, but they actually couldn't tell what the plates looked like.

Over the eggs, there were nine small pores on each. From time to time, some dark purple smoke, which felt like crystal, would come out from the pores. The qi would erupt and then fall to the plates. The purple qi would then rise up...

The purple spiritual qi was so pure that they were all shocked!

It was purely some ultimate spiritual qi.

This ultimate qi was getting into the eggs little by little...

"That is... The ultimate purple qi... and the Nine Stars Nurture!"

Guan Shanyao was almost jealous of it!

Ye Xiao had given them so much to make up for things. To have the ultimate purple qi and the Nine Stars Nurture, he had to solve one critical problem. He needed to set up a magical formation, which could convert the spiritual qi in the world into pure ultimate spiritual qi. In the history of the Human Realm Upon Heavens, almost no one could do this.

After the magical formation, he also needed to set up a small formation to gather energy and purify the ultimate spiritual qi and turn it into the ultimate purple qi. The nine pores were important as well. They were in the shape of nine stars, echoing with the nine stars in the sky. Those were the incredible things he had done to make the Nine Stars Nurture!

The Nine Stars Nurture was usually set up for the babies that hadn't come to the world... With this fabulous technique, it was easy to enhance a fetus and remove all the impurity. The baby would be able to run its own energy flow without power from outside. It would give the baby a great power to automatically cultivate.

It was definitely a great technique to create talented children!

It was such a difficult technique that people barely saw it in history. In the near one hundred thousand years, nobody in the martial world had ever seen it!

At this moment, these people actually witness the magical technique that people had only heard from the stories! They were stunned!

Their eyes all turned red.

They all started to imagine implying such a technique on their young generations in the clan...

That would be awesome...

The Golden Phoenix King coughed. She was smiling, and she was a bit regretful.

If she didn't insist on having Chihuo give in, Ye Xiao might not expose the special technique to everybody else...

Ye Xiao was weak, and his magical technique was incredible... People would definitely try to get it from him!

'I must have displeased the marvelous doctor... Why was I so stubborn? Why couldn't I just let it go... Why did I have to make the old man cave? I made a mistake!'

The Purple Dragon King was smiling. He put his arm on Ye Xiao's shoulder and then said in a friendly manner, "Young man, what you did for us is way much more than we deserve. From now on, because of the great job you did for me, whatever is between Chihuo and me is written off! I won't mention it ever!"

...
