Chapter 1711: You Surprised Me

Ji Wumou looked at the two jade pendants and said, "Lord Monarch, you have eased our pain from the reverse impact, and enhanced our physical conditions. That means you are the man who saved us from the suffering. However, you didn't say the words that my ancestors wanted you to say, so I hesitated. I wasn't sure if you were the right person.

"However, you eventually said those words. Now... The pendants... Lord Monarch, please accept the two jade pendants. Our ancestors gave them to you to show their gratitude."

Ye Xiao was shocked. He apparently had never thought that the two great men had such a profound view.

Ye Xiao did feel weird after he helped those people with easing the pain of the reverse impact because nobody actually gave him anything in return to show their gratitude. After all, people would at least pay the doctor with money after any treatment.

Ye Xiao was moved by the story of the two Supreme Masters, so he didn't really care about getting anything as a return. Besides, Ji Wumou had already helped him kill the Ghost King beforehand.

Unexpectedly, he finally got the real payment now.

He was surprised.

The two Supreme Masters actually had such a profound view that they had seen things in one hundred and eighty thousand years. Ye Xiao said those words only because he was so touched, but the two great men already saw it so many years earlier!

It was frighteningly shocking!

"It is the gift from the two great masters, so I wouldn't dare to turn it down." Ye Xiao took the jade pendants over with deep esteem.

The two pendants were in a normal size. They were both heavy in Ye Xiao's hand, but that was all. There didn't seem to be anything special about the jade pendants.

Ji Wumou bowed to see them off, and then went back to the town with his families.

Ye Xiao didn't hesitate either. He put the two jade pendants into the Boundless Space and left with Xuan Bing, the Flower King, and the King of Poisons.

In those days, Ye Xiao had been using the power of the East-rising Purple Qi to absorb the energy from the One Meter of Red in the Flower King's body through the spacial capability of the Cane of Void. The East-rising Purple Qi was indeed an incredible martial art. The Cane of Void was indeed the best of the four great spiritual plants. The two of them together were weakening the power of the One Meter of Red gradually. Things developed better than they expected. Most of the power was removed.

It meant the Flower King was mostly recovered.

As they kept working on it, when the power of the One Meter of Red was completely gone, the Flower King would return to his pinnacle.

What the Flower King did when he faced the Ghost King in the Black Town totally convinced Ye Xiao, so Ye Xiao was trying to help the Flower King in full power.

They never stopped talking on the way ahead. The Flower King knew so much about flowers, and the knowledge kept inspiring Ye Xiao. Ye Xiao learned so much about treasures in the world.

The King of Poisons had been learning knowledge from the books that Ye Xiao gave him. Besides, he also humbly asked the Flower King for more lessons. After all, some flowers were poisonous as well. Sometimes, the more beautiful a flower was, the more poisonous it might be. The King of Poisons had improved quite a lot as well.

After all the way along, the Flower King respected the Lord Monarch even more. Ye Xiao's knowledge, spirit, trust, and generousness gave the Flower King an enjoyable feeling.

The Flower King had traveled the martial world in the Human Realm Upon Heavens for over a hundred thousand years. At this moment, he had an idea in his heart. 'Ye Xiao could be even more successful than the two Supreme Masters one day!'

It was actually his instinct. Therefore, he had recognized himself as Ye Xiao's subordinate, and he was looking forward to the future.

The longing was such a precious thing for an old cultivator like the Flower King!

They had traveled a thousand miles after the Black Town, and it was all peaceful.

Ye Xiao finally took a breath of relief when he made sure the man who answered questions outside the Black Town wasn't after him. He looked at the Flower King and the King of Poisons, who were having a fervent conversation. The King of Poisons was becoming more and more confident. The Flower King wasn't putting on the air at all. Things were getting better and better.

The two irrelevant men were walking in the front, so Ye Xiao finally got a chance to have a private talk to Xuan Bing.

Ye Xiao had been busy helping the Ji Clan people cure the pain of the reverse impact for several days. Although Erhuo's dan beads had played the most important role, Ye Xiao was quite tired as well. After all, his East-rising Purple Qi was also important. He had to use the power of the East-rising Purple Qi along with the dan beads, so people could see how brilliant the marvelous doctor was. He did a great job of playing an excellent doctor, so he didn't have time to have private and quality time with Xuan Bing.

Making love was totally an excessive demand...

Ahem.

"Bing'er, you surprised me!" Ye Xiao held Xuan Bing's soft waist and spoke to her near her ear. His warm breath touched Xuan Bing's ear, and the lady blushed.

Ye Xiao knew that Bing'er was Xuan Bing, but Xuan Bing was always just the sweet maid who made his bed for him, not the great Elder Xuan Bing.

After all, they were not in the Qing-Yun Realm anymore.

Xuan Bing stayed in his arms, with her rosy cheeks like two apples, and she said in a powerless voice, "Master, come on... What is it that surprises you?"

Ye Xiao smirked and said, "How can you still hide it from me, silly girl? Tell me already. Why are you at such an incredible level? How did you improve so fast? I am totally impressed and shocked!"

Xuan Bing looked at Ye Xiao and said, "Master, do you truly just want to tell me how surprised you are? Or are you just showing off for the fact that you saw through my cultivation level? When I looked at you, I am blank. When you look at me, you are impressed. Should I admire you with my heart and soul?"

Ye Xiao was surprised for a while, and then he said, "My power... Well, I am at a higher level, but there is a reason... Good Bing'er... Sweet Bing'er... Just tell me how you improve so fast. Your power is extremely pure. How amazing! Look, I sincerely admire your great achievement! I am impressed! I mean it!"

Ye Xiao wasn't lying. He was surprised and impressed by Xuan Bing's improvement. He also wanted to make a guess about the others' improvements according to Xuan Bing's situation. He just thought that Xuan Bing had improved too fast.

Chapter 1712: Incredible Improvement

Maybe she experienced or got something extraordinary. Maybe she got some treasures that helped her in cultivation, or learned some excellent martial arts, or got some secret heritage of some powerful people in history... In fact, it still didn't make sense. As Ye Xiao knew more about the cultivators in this world, he knew less about the others' cultivation levels! It was a mess!

Before Bai Long and the Dark Evil Spirit followed him, they were already in the Divinity Origin Stage. However, they were already a little famous in the world. Meng Youjiang and his wife were famous when they were only in the Saint Origin Stage. These were only in the third class of the martial world. Bu Xiangfeng was quite well-known, and he was second-class in the martial world.

These people had all cultivated for so many years. Before they followed Ye Xiao, they were already famous. After they followed Ye Xiao, they all improved fast. It was unimaginably fast even in the Human Realm Upon Heavens.

Ye Xiao didn't understand it, so he asked Chihuo many times. Even Chihuo couldn't give him a clear answer. Native cultivators in the Human Realm Upon Heavens had to work hard little by little. It took hundreds of years for a cultivator to reach the Divinity Origin Stage, and thousands of years for a talented cultivator to reach the Saint Origin Stage. To reach the Immortality Stage, one had to at least spend ten thousand years... Most people wouldn't dare to think of the higher stages!

Ye Xiao improved really fast, but he had many valuable things to help, such as the Boundless Space, the Nine Spaces, the Supreme Dan, the East-rising Purple Qi... It was shocking that he had improved so incredibly fast, but it made sense. Erhuo always thought Ye Xiao was too weak anyway.

Ye Xiao asked Xuan Bing the question on purpose. First of all, Xuan Bing was the second most powerful cultivator among the people who arrived in the Human Realm Upon Heavens, while Ye Xiao was the most powerful one, so she was a good reference for Ye Xiao. Second, Xuan Bing was the most experienced and well-informed cultivator among them. Xue Danru might be roughly the same knowledgeable one, and the others were all ignorant compared to Xuan Bing... Xuan Bing's opinions must be useful for Ye Xiao!

Xuan Bing blushed and said, "I am flattered, master. However, I am confused too... I have searched for the signs of the Misty Cloud Palace, but I got nothing, so I decided to improve my strength. After all, it is the only thing that can keep me safe. I found a secret place and stayed inside. I soon realized how incredibly fast I was improving... In the beginning, I was searching for the Misty Cloud Palace, so I didn't spend much time on cultivation. However, I still got two or three levels upgrading in one month..."

"I improved the fastest when I reached the first level of the Divinity Origin Stage. I reached a new stage, so I hid away to stabilize the power. After the first seven days, I reached the third level... After eleven days, I reached the top of the fifth level... I was at level eight of the Divinity Origin Stage after one month..."

"I was shocked. I thought I was in a wrong cultivating condition, so I was worried. It was unreasonable, wasn't it? I didn't feel any barrier between two levels. That was not right! However, I checked myself many times, and I got to know that I was in perfect condition. After that, I decided to continue the cultivation. In the end, I hid away to stabilize my power of the Divinity Origin Stage again. When I left that secret place, I was already at the top of the first level of the Saint Origin Stage. That was seven months after I came to this world!"

Xuan Bing frowned and said, "I am roughly at the same level as I left that place. So far as I am concerned, my special martial art could be the reason. It fits this world! I operated my martial art and tried to figure out how, but I got nothing..."

Ye Xiao was totally blank. He said, "Bing'er, did you find any treasures? Powerful items? Did anybody teach you anything after you came to the Human Realm Upon Heavens? Do you forget to tell me something?"

Xuan Bing shook her head and decisively said, "Absolutely not! I would have told you if anything special happened to me. I am confused too. I want to know what this is about. I have cultivated for so many years, and this is the weirdest thing I have ever been through."

Ye Xiao was totally lost.

He was hoping that something happened to Xuan Bing which made her improve so incredibly fast. However, nothing like that happened. She just stayed somewhere covert and cultivated alone... Now she was at the fifth level of the Saint Origin Stage...

In fact, after several days, she was already at level six!

Ye Xiao wasn't improving as fast as she did! That made him feel ashamed!

Ye Xiao had a lot of cheating tools, yet he only got such limited improvement. Xuan Bing had nothing. She just casually cultivated for some days, and now she was so powerful. It truly hurt Ye Xiao's feelings!

'How come?'

Ye Xiao was confused.

He couldn't get the answer from Xuan Bing, so he decided to ask Erhuo!

He really wanted to know the answer, or else he wouldn't ask Erhuo for help. Erhuo was getting more and more unruly for some days. It kept teasing Ye Xiao for being so weak because he improved so slowly even with so many valuable cheating tools!

Ye Xiao wasn't happy about it. He always wanted to give the cat a hard lesson!

He took Erhuo out and gave it an order before the cat had time to react. He told Erhuo to check Xuan Bing and told him the answer he wanted.

Erhuo had just woken up from sleep. Since the Cane of Void came to the Boundless Space, it kept absorbing energy to enhance the Boundless Space. The Boundless Space had changed quite a lot. The spiritual qi was denser, richer, and purer. Erhuo was busy all the time as the central processor unit.

It was taking a nap when Ye Xiao took it out. It didn't expect any of this at all.

"Meow?" Erhuo was annoyed and still sleepy.

Chapter 1713: Trouble from the Old Days

"Stop it... Look at Bing'er... She got no special experience, no treasures, nothing... She just improves fast, even faster than me! Why? Is it a hidden danger for her?" Ye Xiao said.

People might turn up their noses at Ye Xiao and thought, 'Is it really suddenly a hidden danger for her just because she improves faster than you? How fast do you think you are?'

However, Erhuo knew how horribly fast Ye Xiao improved. Even though the cat despised Ye Xiao, it only wanted its master to become better. Ye Xiao had all kinds of supports in cultivation, so he definitely improved fast.

However, Xuan Bing got nothing. If she improved faster than Ye Xiao, it was abnormal!

Erhuo grabbed Xuan Bing's wrist and checked on her.

Xuan Bing was the only person other than Ye Xiao, who could hold Erhuo in the arms. When she was an innocent maid, she adored the cat. As she saw the kitty again in the Human Realm Upon Heavens, she couldn't stop touching it on its soft fur...

Erhuo had done its job, and it was surprised.

"What is it? Do you get anything?" Ye Xiao hastily asked.

It must be something really special if it surprised the Primal Spirit in Chaos. What concerned Ye Xiao the most was that it could be a disease for Xuan Bing to improve so incredibly fast... Did anybody do something on her? Would there be any problem? There must be something wrong.

"Meow... Meow... Meow..." Erhuo said a lot, making gestures.

“You mean... she has some kind of special power?”

“Do you mean the special power will rise for her as she reaches the high levels? The higher the level she is, the stronger this power will be?”

“What is this special power? How is it so weird?”

“It is... Death qi? How is that possible? How could death qi be any useful power that drives people upward?”

“No other explanations? That’s the only power? That is some kind of dead and silent power!”

Erhuo started to pace around Xuan Bing. Its eyes were full of doubts.

Even Erhuo didn’t know the reason.

Erhuo found the source of the power that enhances Xuan Bing, but that was all. There were still so many questions!

Ye Xiao frowned and got lost in thoughts.

“Is there any hidden danger in me?” Xuan Bing was an expert in cultivation. She had been worrying about her fast improvement. As she looked at Ye Xiao, she was more concerned.

“We can’t be sure yet...” Ye Xiao frowned and said, “I guess... It could be your Ling Xiao Ice Art. I think there must be something special about your martial art which leads to this situation.”

“Something special? My Ling Xiao Ice Art? Xuan Bing was surprised.

The Ling Xiao Ice Art was the inimitable martial art of the Misty Cloud Palace. There shouldn’t be any problem with the martial art that existed for centuries!

What was the problem? If there was a problem with it, Xuan Bing should know about it. However, nothing said that the Ling Xiao Ice Art had any problems...

“Bing’er, as I remember, the Ling Xiao Ice Art caused reverse impact to the cultivator!” Ye Xiao said, “There are many special martial arts in the Qing-Yun Realm, some of which have special requirements. Your martial art is the only martial art that brings such reverse impact.”

Xuan Bing recollected all the martial arts that she knew including the lost ones. Ye Xiao was right. The Ling Xiao Ice Art was the only martial art that brought damage to the cultivators!

It was true.

Xuan Bing nodded and said, “That’s right. When the seven great sects besieged the Misty Cloud Palace, they happened to damage the foundation of the Ling Xiao Ice Art. Our ancestors tried to fix it, but as a result, the Ling Xiao Ice Art would always bring reverse impact to us...”

“You use all kinds of Regeneration Lotus to remove the damage from the reverse impact... In other words, if you fail to deal with the reverse impact, you die in the Yin fire.” Ye Xiao said, “There haven’t been people ascending to the Human Realm Upon Heavens. The masters from the Misty Cloud Palace who ascended to the new world cultivated the completed version of the Ling Xiao Ice Art. You... You

were the best in the Misty Cloud Palace when you still needed some Regeneration Lotus that was even better than the Renaissance Jade Lotus. However, the Renaissance Jade Lotus was the best Regeneration Lotus in the Qing-Yun Realm, which meant you were never going to be cured...

“That is why you chose to have the final battle against Xue Danru.

“After that fight, you met me...”

Ye Xiao said, “The impact was still inside you... I didn’t know what it was, but I felt it...”

Ye Xiao whispered to Xuan Bing, and then Xuan Bing blushed... She couldn’t even look at Ye Xiao...

“I am sure that what we did back there must have solved the problem...” Ye Xiao looked ambiguous and said, “Well, we didn’t just remove the impact. We converted it into some special power which is now hiding inside you.”

“The special power is beyond the limitation of the Qing-Yun Realm. Your body was unable to handle it, so it eventually came out when you arrived in the Human Realm Upon Heavens... That is why you improve so fast here... Your Tittle Phase, and your power of pure Yin...” Ye Xiao said, “However, I still don’t know how it works.”

“My conjecture is very possibly correct. I think the incredible improvement is not harmful to you.” Ye Xiao said, “However, I think we need to find the Misty Cloud Palace in the Human Realm Upon Heavens if we want to know what exactly it is working on you... After all, only in the Human Realm Upon Heavens, the Ling Xiao Ice Art is still completed...”

Xuan Bing nodded. She was lost in thoughts.

With her recognition of her Ling Xiao Ice Art and Ye Xiao’s reasonable conjecture, she couldn’t think of any other possibilities.

“Oh, right. Wenren Chuchu has risen with us, and she is a member of my sect.” Xuan Bing looked at Ye Xiao and said, “What about Chuchu? Did she suffer the same reverse impact as I did?”

[Realms In The Firmament](#)

Chapter 1714: Sudden Change in the Midnight

Ye Xiao felt awkward. He said, “Ahem... I did help Wenren Chuchu with her problem, but I didn’t do what I did with you. She isn’t restrained by the reverse impact now, but I don’t think she can improve as fast as you do...”

Xuan Bing knew why Ye Xiao felt awkward, so she blushed. She felt so hot all of a sudden.

Apparently, Xuan Bing was more and more like Bing’er, not the great Elder Xuan Bing!

Ye Xiao looked at Bing’er, and he almost turned into a wolf in the heat... What a shame! It was daytime, and they were traveling on the road... The two guys were just ahead of them. They couldn’t do what they wanted to do at the moment...

If they were alone...

Ye Xiao should already do the thing he was so eager to do...

“We have come through three of the nineteen passes in the Limitless Ocean, haven’t we?” Ye Xiao asked the King of Poisons.

The King of Poisons rubbed his head and said, “Lord Monarch, you asked the wrong person. I know there are nineteen passes, but I have no idea what they are.”

The Flower King smiled and said, “We have just come through one, which is my place.”

“Well...” Ye Xiao was wordless.

“The uninterrupted Limitless Ocean has nineteen passes, which are the nineteen special places which were utterly dangerous.” The Flower King smiled and said, “They are not nineteen continual passes on a road. In fact, the nineteen passes are not connected to each other.”

“There will be no rewards for people who get through the passes.” The Flower King made a joke.

“The Foggy Miasma Mountain... Isn’t it a pass too? Isn’t the Black Town?” Ye Xiao asked.

“The Foggy Miasma Mountain is surely one of the nineteen passes, but we didn’t go through it. We flew over it, and that is not getting through the pass.” The Flower King said, “The Black Town is not one of the nineteen passes.”

“What are the rest of the passes? How many do you know, Brother Flower King?” Ye Xiao rubbed his head.

“You will see one soon. We are getting close to a pass that is guarded by the Demon Clan.” The Flower King said, “The Demon Clan controls most of the nineteen passes. There are twelve big demons who aren’t reconciled with each other, so each of them occupied one place. These twelve places are extremely dangerous.”

Ye Xiao said, “Twelve big demons and twelve passes?”

The Flower King said, “That’s correct. They are the Demon Rat, the Demon Ox, the Demon Tiger, the Demon Rabbit, the Demon Dragon, the Demon Snake, the Demon Horse, the Demon Goat, the Demon Monkey, the Demon Dog, and the Demon Pig.”

Ye Xiao was stunned and speechless!

The Flower King gave twelve names of the twelve demons, and they were like twelve thunderclaps striking in Ye Xiao’s head.

They reminded him of the Twelve Units in the Monarch’s Hall. What a coincidence!

It also reminded him of the old saying that he had read when he was reborn. ‘Two hosts of the universe? Thirteen spirits in chaos!’

“This is such a coincidence...” Ye Xiao murmured.

...

Ye Xiao insisted to stop when they had traveled a few hundred miles in the night. They found a place to settled in. After that, he asked the Flower King and the King of Poisons to go far away, and then dragged Xuan Bing over to the temple together.

Finally...

Monarch Ye had been alone with himself since he arrived in the Human Realm Upon Heavens... Finally, he got the chance to...

He couldn't wait anymore.

He wanted to do something unspoken with the lady...

Hey... Hey... Hey...

Xuan Bing almost passed out, bashfully gritted her lips. She kept putting both hands on Ye Xiao's waist and nearly pinched Ye Xiao's skin off...

'You are annoying...'

When Xuan Bing stayed with Ye Xiao, she was no longer Xuan Bing, but the maid who followed every instruction Ye Xiao gave to her.

Ye Xiao was so near to get his dirty plan to work... However...

It failed.

When Ye Xiao was going to get on the lady and start the unspoken thing...

He was disturbed by a chaotic qi that was approaching fast from somewhere far away...

He heard the sound of fighting somewhere.

What frightened him was the voice of somebody in the fight. "You bloody monster! My brother is never going to let you go..."

Ye Xiao was shocked. The voice was so familiar, and he would never mistake it.

It was Yue Han!

Were Yue Shuang and Yue Han approaching?

Did they encounter enemies? Were they in danger?

Ye Xiao couldn't go on with the sexy activity anymore. He was chilled, so he said, "Shuang'er and Han'er are here. They seem to be in trouble... I must go and check."

Before he finished talking, he had already rushed out.

With a long shout, he had gone over a hundred miles already.

"I am coming with you." Xuan Bing was sober again. She almost left at the same time with Ye Xiao. The dark clothes that she had just taken off were back on her body again. She was covered by a flow of chilling air.

The Flower King and the King of Poisons saw Ye Xiao leaving. They were both experienced cultivators, so they didn't say a word and just followed Ye Xiao over.

The four of them flew out together. Xuan Bing was slightly slower than Ye Xiao, and the two guys were slower than Xuan Bing. When the two men flew over, they already smelled blood in the air.

The fight seemed to be serious!

Ye Xiao worried about the two sisters, so he moved as fast as he could. He was moving like a long stream of lightning, shining in the sky.

As they all flew out, the difference was obvious. Ye Xiao moved first, and he disappeared immediately. Xuan Bing followed him quite closely. The Flower King and the King of Poisons moved together, but the Flower King had chased up with Xuan Bing while the King of Poisons was far behind!

The Flower King was surprised when he caught up with the lady. He was moving as fast as he could, but he could only see Ye Xiao getting further and further away. He was shocked.

'How could Lord Monarch move so fast? He can actually keep moving this fast! Is he hiding his true power in front of us?'

The Flower King actually overestimated Ye Xiao. Ye Xiao was worried about the sisters, so he burst his extreme energy to travel as fast as he could. Normally, it was impossible to keep moving at an extreme speed for a long time. The Saint Origin Stage cultivators could keep moving like that for a few minutes, while the Immortality Stage cultivators could do longer. After all, it needed a massive amount of energy to keep the fast travel going. Everyone was restricted by the rule!

Ye Xiao was a special case because he had all kinds of cheating items. The East-rising Purple Qi was running in full power, so it restored energy extremely fast. The Boundless Space was supplying endless spiritual energy as well. Even though Ye Xiao was moving at his best speed, he could keep doing it for a long time! That was surely enviable!

...

While Ye Xiao was moving fast, he felt something suddenly landed on his shoulder. As he looked aside, it was Erhuo, who came from the Boundless Space and stared at the front...

'Why is Erhuo here? Erhuo would never come out for such pointless things...'

'Is there anything valuable over there?'

Chapter 1715: Black Dragon

Ye Xiao was worrying about the safety of the two ladies, so he didn't stop to think, only dashed forward like a shooting arrow.

Yue Shuang and Yue Han were running for life at the moment.

They truly hadn't thought that they would be so unfortunate, because they had been quite lucky since they arrived in this new world.

When they heard the news about the One Meter Higher Sky and the name of the Xiao Monarch, they got on the road right away. They kept traveling ahead day and night, tried to stay away from dangers, and eventually arrived at this place. They were feeling so good when they knew it was not far from where the One Meter Higher Sky was. However, unexpectedly, a monster was after them.

It was a black dragon!

Dragon was the most licentious species in the world. Dragons would have sex with any other species. The world recognized it, and there were many examples all around the world. Yue Shuang and Yue Han were two gorgeous ladies, who were also virgins. Male dragons loved beautiful ladies like them. Although the ladies had been very cautious all along the way, the special scent of their bodies was difficult to cover. In fact, the ladies didn't think of it anyway... They didn't know they should cover the smell of themselves at all.

The black dragon followed them by tracking their scent. The two sisters were in a long valley. Both sides of the valley were sharp cliffs that were over a hundred feet high. They had to get through thousands of miles on a long narrow valley. The black dragon was going to catch them sooner or later.

The ladies knew that they couldn't defeat the black dragon, so they burned every bit of energy that they had to fly forward, hoping they couldn't escape the valley before the dragon caught them. After all, because of the sharp cliffs on both sides, they had to move forward.

Ordinary cultivators could never move faster than a dragon!

The two sisters were almost exhausted. They knew they were not going to make it... In fact, even if they were lucky enough to leave the valley, they would still get caught by the dragon!

Sometimes, a human being could have an extremely strong heart, but weakness could also be enlarged with no ends. The two ladies were losing hope.

"Han'er, you have to survive this. You have to find our brother!" Yue Shuang was talking loudly to Yue Han. "I don't think I can make it out this time... When you go out and meet Brother Ye, take good care of him for me..."

Yue Han gritted her teeth and angrily said, "I am never good at taking care of others. You are the older sister. You will do better than me! Let me stop the monster for you!"

For the first time in her life, Yue Han admitted that Yue Shuang was the older sister.

The two of them were born at the same time together. Their parents, who had abandoned them were the only people in the world who knew which of them was the older sister. Yue Shuang was always recognized as the older girl because Ye Xiao called her the older sister. Yue Han never admitted it...

Yue Han wanted to be the older one!

In fact, the two ladies quarreled about it for many years.

"You must listen!" Yue Shuang angrily said, "I am the old sister! You just admitted it, so you must listen to me! No more nonsense! Keep your mouth shut!"

Yue Han was weeping. She gritted her teeth and suddenly said, "Go! My dear sister!"

She suddenly turned around, with the floating lights around her. The sword in her hand became splendid lights as well. She started to rush back to the black dragon!

However, unexpectedly, Yue Shuang actually did the same thing at the same time!

They both turned around and moved with their swords!

The two ladies had the same thought. 'I can't persuade my sister, so I must do it now!'

'I should do it! No matter what she thinks, she will survive anyway!'

However, because they had the same selfless thought, they both turned around and rushed to the black dragon together!

It wasn't a surprise that the two of them made exactly the same moves because they were twin sisters. However, this time, neither of them wanted the other to do the same. It was a coincidence! Either of them wanted to save the other!

When they both realized what happened, they were more desperate!

At the same time, anger took control!

"You fool! Why are you doing this? How can you be so stupid?"

The two ladies shouted at the same time.

They said exactly the same thing to each other!

After that, they both stopped talking and only stared at each other in the eyes.

Their eyes turned red.

'This is my older sister!'

'This is my younger sister!'

The black dragon was like a moving mountain, but he suddenly stopped. He saw the two streams of sword light moving backward, and the two beautiful ladies in the lights. He was so happy.

"My beautiful ladies! Are you coming back to me now? Relax! You won't die! I love beautiful girls! You will enjoy the pleasure for the rest of your lives!"

The dragon sounded extremely rude. His eyes were shining in lewd lights.

Yue Shuang and Yue Han both spat and said, "We would rather die here, with our souls gone, than giving you the chance to lay your dirty hand to us!"

The black dragon humphed and said, "Do you really still believe you can decide your own death?"

He slashed down a huge claw all of a sudden.

The two ladies both closed their eyes. They pushed the energy out and the spiritual qi around them started to gather on them.

They knew they were going to fail, but they couldn't accept being stained by a dirty monster!

They would rather die than giving themselves up!

“Sorry... Brother...”

They both said, “Brother! If only we have our afterlives...”

The sisters shouted out their last words, which pierced through the clouds and rang in the sky.

A deep voice suddenly sounded. “Afterlives? I am not interested in your afterlives! What about now?”

The familiar voice shook up the ladies. They even felt like they were dreaming. They thought it was auditory hallucination before death! As they both opened their eyes, they turned over their heads and said, “Brother?”

Realms In The Firmament

Chapter 1716: Erhuo Showed Its Power

The long shout was resounding in the air. A long shadow was approaching. With the lower hem of the clothes flickering, Ye Xiao appeared from nowhere and reached the two ladies. He grabbed the two ladies on the collar like picking up two adorable chickens. He threw them both to the back and said, “Stay right here, you silly girls! Watch your brother! Whoever is trying to hurt my sisters must have lost his mind!”

Yue Shuang and Yue Han were both really excited. Their eyes were full of warm tears, and they nodded like two little birds, staring at their big brother.

They had been desperate just now, but right after Ye Xiao arrived, they weren’t scared anymore! The voice of their brother had driven the fear away!

The horrible black dragon was still raising its claws nearby, but the two sisters weren’t afraid anymore!

The appearance of Ye Xiao brought them safety! They felt secured!

They looked at Ye Xiao’s back, and it reminded them of the difficult life in that cottage. No matter how strong the villain was, the big brother would always fight for his sisters!

The ladies wouldn’t worry about anything!

The black dragon was ready to face the two ladies’ desperate attack, but Ye Xiao appeared and interrupted. The dragon withdrew his big claw and stared at Ye Xiao with a sneer in the eyes.

“You stupid ant! Are you the big brother of these two little girls?” The black dragon obviously looked down upon Ye Xiao. “Even though you are my brother-in-law, I can’t allow you to put on airs like this! Just clean your sisters and send them to me! Do you want me to do it myself? You should be smarter!”

Ye Xiao slowly raised up his head and stared at the black dragon. His eyes were full of killing intent!

The black dragon was huge, standing between the cliffs on both sides, which blocked the valley. He was a thousand feet long, and his head was as big as a house!

It was a big house!

In fact, his eye was as big as a cottage.

The strong qi was rolling over the black dragon. Ye Xiao was truly like an ant in front of him.

However, Ye Xiao was not afraid at all.

He didn't say a word because talking was pointless now. All he wanted was to have this fight of life and death. He moved his left hand, and the Monarch's Sword appeared, shining with dazzling lights. He reached his right hand over to grab the handle of the sword. The energy in his body started to gather together.

The black dragon was obviously much more powerful than Ye Xiao.

Ye Xiao knew it upon seeing the monster for the first time. However, even so, he wouldn't allow the monster to hurt his family!

In Yue Shuang and Yue Han's eyes, Ye Xiao was like a mountain, protecting them from any trouble.

Ye Xiao was ready to fight with his life.

His heart was full of anger and killing intent!

'A black dragon dares to bully my sisters! You should die! Today is a good day to slay a dragon!'

The black dragon showed a sneering expression. He looked at Ye Xiao. *'A weak bug actually has such a vain hope of killing me?'*

While Ye Xiao finally pushed the energy to the peak level, Erhuo suddenly got off his shoulder and elegantly landed on the floor. It casually meowed.

Ye Xiao almost got his jaw falling to the floor.

Erhuo said to him, "Let me handle this little dirty fish."

Ye Xiao nearly passed out.

'A dirty little fish?'

'You? Handling him?'

'Are you sure you can do that?'

Ye Xiao knew that Erhuo was powerful. He knew Erhuo had proved recently... However, Erhuo was just as powerful as a level-six Saint Origin Stage cultivator... It was totally too weak to fight the dragon!

Besides, the dragon was incredibly much bigger than the kitten.

Erhuo was not big enough to fill the gap between the dragon's teeth!

That was a perfect description!

Erhuo was truly too small to even fill the gap of the black dragon's teeth!

However, the next moment.

Erhuo abruptly flew up from the floor.

As it flew up, its tiny body started to unleash an oppressing power.

It was the prestige of a king, which was overwhelming!

As the power grew, Erhuo's body grew!

The black dragon watched Erhuo rising up, so he was shocked. As the power grew stronger and stronger, the black dragon became more and more scared...

Once Erhuo became as big as a small mountain, the black dragon looked terrified.

It seemed his life was threatened!

Erhuo's power with the prestige of a king was still growing stronger!

The predominance was getting more and more obvious!

Erhuo showed its power!

Erhuo actually showed its true power outside the Boundless Space. That was rare! It was the first time it did so!

So far as Ye Xiao was concerned, Erhuo always only turned overwhelming and showed its prestige in the Boundless Space...

In fact, Ye Xiao didn't see how brutal Erhuo could be. After all, it had killed so many birds, stolen so many treasures, and had eaten so many fish in the City of Chaos with the help of the golden hawk. The kitten was definitely not just an adorable little thing! It was as horrible as a Taotie!

(Off-screen voice of Erhuo: Taotie? That is overestimating the stupid Taotie!)

Ye Xiao watched Erhuo's tiny body growing bigger and bigger. After a while, the cat became a giant.

The power with prestige was getting stronger and stronger, oppressing the entire air.

The rising power was like a raging tsunami, rising over the black dragon!

The expression on the dragon's face kept changing. At first, he was shocked, and then it started to change. He was shocked, scared, awed. In the end, he started to shiver... He didn't even dare to move and just kept bowing!

It was the special oppression from Erhuo, the higher level beast!

All beasts must bow to the king! It was in any beasts' nature!

Ye Xiao watched Erhuo staring at the dragon with solemnness. He felt like this worshipful and honorable king beast was not that narrow-minded stupid cat that he kept as a pet.

'Peerless lord in the world; Primal spirit in chaos!'

'Two hosts of the universe; thirteen spirits in chaos!'

Suddenly, Ye Xiao was enlightened. It seemed he understood something, but he had no idea what he understood! He was astonished!

Chapter 1717: Kill the Dragon

As Ye Xiao was sober again, he saw the black dragon getting down on the floor. The giant body of the dragon was touching the ground like a small snake, powerless and terrified. The dragon looked at Erhuo and begged for forgiveness.

Erhuo touched its whiskers and indifferently waved its claws.

With a clear sound, the black dragon was cut into halves.

'Did it just cut the dragon into halves with one move?'

'This is...'

After that, the soul power of the black dragon became a weird ball that immediately disappeared in Erhuo's paw.

'Holy hell!' Ye Xiao's lips were twisted.

'Even if I gave up my life to fight this black dragon, I might still lose. However, Erhuo actually killed the monster with one move! It was an instant kill! It killed the dragon with one move and even destroyed the dragon's soul!'

Ye Xiao believed that one should fight with his life to face the danger, no matter how much it threatened his life, and how powerful the opponent might be. The black dragon was obviously much stronger than Erhuo. He just didn't understand why the black dragon would just accept death without any attempt to fight back. The dragon even became smaller and smaller to let Erhuo kill him easier!

Wasn't that ridiculous?

Ye Xiao almost got his jaw dropped to the floor.

Besides, Ye Xiao thought that Erhuo was going to take that dragon as its subordinate. He even thought about telling Erhuo to give up the stupid idea. However, Erhuo didn't have that idea at all. Instead, it killed the dragon directly!

The dragon returned to his normal size once he died. His dead body was several hundred feet long. Blood splashed out like spring water, and it immediately stained the valley with red.

The black dragon's body was such a treasure!

Although Ye Xiao didn't know what was going on, nothing stopped Ye Xiao in taking advantage of the dead dragon.

He casually waved his hand, and the blood of the dragon was taken into the Boundless Space.

The blood of the dragons contained rich spiritual power. Drinking their blood could improve one's cultivation and strengthen one's physical condition.

The scales, the muscles, and the bones were perfect materials to make armors. Armors made from these materials were extremely tough, and it resisted most attacks that were attributed to ice, fire, wind, or thunder.

The inner core of the black dragon was a rare treasure in the world!

According to Erhuo's words, the most valuable part of the black dragon was his eye. The liquid inside the dragon's eyes was the most valuable thing of the dragon's body. It had the incredible power of healing souls.

"I am going to be so rich!" Ye Xiao stared at the dragon's body, which was as big as a small mountain. His eyes lit up, and he was busy collecting the materials.

While Ye Xiao was taking care of the black dragon's dead body and got the materials from it, the Flower King, Xuan Bing, and the King of Poisons finally caught up with him. Xuan Bing didn't pay attention to the black dragon. She directly went to the two ladies. The Flower King and the King of Poisons stared at the dragon's body and couldn't believe it... *'Lord Monarch was just a little faster than us... How did he kill a black dragon so fast? It looks like an extremely powerful dragon!'*

'How did he do it?'

'Cutting a piece of tofu couldn't be that fast!'

In the description, the whole process seemed to be long-playing. However, it was only about the time of breathing ten times. Within such a short time, the ladies talked to each other while running. They operated their suicidal attacks, and then Ye Xiao laughed. He arrived and showed his sword. He then activated his power, and then Erhuo showed up and killed the black dragon... The Flower King and the King of Poisons didn't even see Erhuo become huge and kill the black dragon!

When the Flower King looked at the dragon's body, he got confused. *'This black dragon must be extremely powerful. He should at least be at the Immortality Stage, if not the Undead Stage. Even though there are only several parts of his body left on the floor, I can still feel his power.'*

The Flower King knew it. If he was in his prime status, he could fight this powerful dragon and protect the others from harm.

However, he would never be able to defeat the black dragon. He might be at the same level as the black dragon, but dragons were born much stronger than human beings. The Flower King could try his best not to be defeated, but he could never defeat the dragon.

'How come... It has been just seconds... How did this black dragon die in Ye Xiao's hands?'

'What does this mean?'

"I mean... Don't just stand there like fools. Come over and help me. We are lucky today." Ye Xiao smiled.

He knew what the two men were thinking, but he didn't want to explain it.

'Erhuo's incredible power should remain a secret. Let's keep Erhuo a secret for a longer time.'

'Besides, I don't really know how this happened. I saw how it happened, and I know what the truth is. However, I have no idea how and why. I don't understand it yet!'

Yue Shuang and Yue Han wanted to come over and break the dead body of the dragon, but the dragon's body had already been torn into pieces by Erhuo. The dragon's blood had splashed everywhere, and the ladies didn't want to stain their clean dresses. They hadn't seen Xuan Bing for a long time, so as they met and talked to each other, they almost forgot to get close to Ye Xiao. When Ye Xiao asked the two men to help him clear the dragon's body, the two ladies heard him and ran over to hold his arms. Their eyes were full of tears of joy.

Ye Xiao appeared like a god descending from the heavens. The two ladies were so excited that they felt like exploding.

Now they finally got the chance to hug their dear brother. They hadn't seen each other for such a long time, and they were even more emotional than the first time they met in the House of Ye back in the old days!

After a while, Xuan Bing joined them. They all hadn't seen each other for too long. This was such an important moment for all of them.

Ye Xiao took the dragon's skin, the dragon's scales, and the dragon's muscles into the Boundless Space. Now, everybody was looking at the eyeballs of the dead dragon. As they looked at the eyeballs, which were taken off the eye frames, they felt dazzled.

Realms In The Firmament

Chapter 1718: The Secret of the Jade Pendants

The dragon's eyeballs were as big as a cottage. There was fog still rising over his round eyeballs, glittering soft white lights. They moved from time to time and showed some special patterns under the white light...

These two eyeballs were definitely two rare treasures!

Yue Shuang and Yue Han were stunned.

Women just couldn't resist beautiful things.

Ye Xiao laughed and said, "Do you like them?"

The two ladies nodded quickly.

"You can't have them. They are splendid, but they are too big to be ornaments. If we use them on fixing soul damages, we can help anybody who is below the black dragon's cultivation level... However, I have something else for you, and I promise you will like them!" Ye Xiao laughed.

Yue Shuang and Yue Han were so glad, and they hastily got closer.

"These are two pieces of the richest essence of the dragon's bones. You can each have one!" Ye Xiao threw over two pieces of shining items.

The two ladies took over the dragon's bone essence, and they couldn't help but smile happily.

Erhuo made the dragon's bone essence pieces. They were shiny and stunning. They could collect energy from worldly and stabilize mind energy. It would be great to make them into necklaces...

The ladies were so happy. Ye Xiao got close to Xuan Bing and said, "Bing'er, you get one too. Wear it on your neck. It is beautiful and useful..."

If he only gave his sisters something good but didn't give his wife the same, he would die. Ye Xiao knew that Xuan Bing wasn't a narrow-minded person, but she was definitely going to feel a little upset. He had to be cautious

The three ladies all had something valuable, and Ye Xiao wouldn't ignore the two guys. That night, they roasted the dragon's meat for dinner!

"As it was said, the best in the sky is a dragon's meat while the best on the ground is a donkey's meat." Ye Xiao was happy. "It is easy to have donkey meat, but the dragon meat... Maybe you have all tried the land dragon, but not the sky dragon. Come on now. Let's enjoy the meat of the dragon that flew in the sky... I have some really good liquor."

The King of Poisons raised his hand and said, "I got some liquor as well." He touched the space ring on his finger.

The Flower King disdainfully looked at the King of Poisons and said, "You won't let us drink your poisonous liquor, will you? Brother Poison!"

The King of Poisons was embarrassed.

The dragon meat was full of spiritual qi. After the dinner, they felt like having cultivated somewhere with rich spiritual qi for half a year! After the delicious meal, the two guys went somewhere else to sit in meditation.

After the food and drinks, later in the night, Yue Shuang, Yue Han, Xuan Bing, and Ye Xiao sat together and talked the whole night.

Ye Xiao looked at Xuan Bing and felt helpless about it.

Since he arrived in the Human Realm Upon Heavens, he had been behaving like an abstinent pedant. After he met Xuan Bing again, he thought he could do something unspoken with the lady...

However, the first night was wasted!

The two sisters didn't give him the chance to become a beast on a lady's body...

'I don't want to live in abstinence!'

Xuan Bing blushed, and she didn't dare to see Ye Xiao's eyes.

The desire in the man's eyes was aggressive...

He was just like a wolf!

...

"You should go on with the talk. I need to take care of something first." Ye Xiao smiled.

He couldn't sit there looking at Xuan Bing and do nothing... He decided to leave the room for the three ladies.

As he spoke, he didn't really move his feet at all. He looked at the two sisters. 'Girls, you should be smarter about this... If only you would go away now...'

However, he didn't get what he wanted.

The two sisters didn't pay attention to him at all. They just kept talking to Xuan Bing, and Xuan Bing didn't stop him either.

Ye Xiao watched the two sisters sit on his side of the bed, so he breathed a sigh and left the room.

It was good to have the sisters back, but it felt so unacceptably sad when the sisters didn't understand what he thought!

Ye Xiao got into the Boundless Space, and he saw Erhuo sleeping soundly.

It seemed killing the black dragon was a huge progress for Erhuo. Erhuo must be digesting what it got from the fight.

Ye Xiao came up with an idea. He took out the two jade pendants that were given by Ji Wumou.

It made him feel better to put such valuable things in the Boundless Space!

'What is with these things? Why did he have to give them to me under those weird conditions?' Ye Xiao was curious about it.

He took one of the pendants and had a closer look.

He didn't find any information on the pendant. As he looked at the other one, there was nothing either.

They seemed to be two normal pendants. There was nothing special about them.

Ye Xiao kept looking at them again and again, even scanned them with his spiritual mind, but he got nothing.

He was confused. 'What is wrong?'

'Are these only two ordinary jade pendants from one hundred and eighty thousand years ago?'

He didn't give up. He started to check the pendant by using the extreme purple energy from his East-rising Purple Qi. After a while, he finally noticed something different.

It seemed there was some extremely powerful energy inside the two jade pendants!

The power was difficult to perceive or break. It was nearly impossible to get through the jade pendant and reach the energy.

Ye Xiao kept holding the purple energy on his mind power and carefully looked for a way to get through.

There must be a way to reach the energy since the two Supreme Masters particularly left the two jade pendants to him.

After searching for a long time, Ye Xiao was going to stop it for the day. When he was drawing back the mind power...

Suddenly, a special power was chasing after Ye Xiao's mind power. Ye Xiao was shocked. He tried to withdraw the mind power as fast as he could, but the special power kept coming after him closely. No matter how fast Ye Xiao's mind power moved, the special power kept sticking to him. Inside the pendant, the special power suddenly became like a billow, covering over Ye Xiao's mind power!

Ye Xiao was going to escape into the Boundless Space. The fierce power might overwhelm Ye Xiao easily, but the Boundless Space must be powerful enough to stop it...

However, when he was ready to leave for the Boundless Space, the special power stopped before catching his mind power. It slowly became something like a palace.

There were two lines of words on the two sides, left and right. However, there were some words missing.

'... Chaotic Storms...'

'... End of the vast world...'

[Realms In The Firmament](#)

Chapter 1719: Descending of the Supremacy

Ye Xiao looked over, and he was shocked.

'Is it a quiz of sentence completion?'

'Am I going to get away if I fill in the right words?'

'Will I be punished if I fill in the wrong answer?'

The blank spaces among the words were definitely a mystery for most people. However, Ye Xiao knew the answer.

He operated his mind power to write the answer.

'Xiao Monarch in the Chaotic Storm.'

'Jun Yinglian from the end of the vast world.'

The jade pendants were specially given to him, so it must be something relevant to him.

The two lines were so familiar to him, and he knew exactly what words were missing.

As expected, right after he filled in the missing words, the special power was gone.

In the visionary door of the palace, somebody casually walked out.

The man was smiling warmly.

When the man walked out, he was like a king descending to the world. His power was overwhelming. He didn't do it on purpose, but the power of a king just came out automatically.

He was smiling, saying nothing, wearing shabby clothes, but the prestige was rising.

He was born a king!

No matter what he did, he was a king descending to the world!

The man must be just a part of the vision, but Ye Xiao felt like he was real.

He looked at Ye Xiao and smiled warmly. He said, "I guess you must be the Xiao Monarch, Ye Xiao. I am looking at you now, which means my children must have been saved by you. You helped them with the restraint. I suppose."

Ye Xiao said, "Thank you, master. I did. May I have your name, please?"

The man seemed surprised. He said, "I am Ji Qingxiao."

"Supreme Master Ji!" Ye Xiao was shocked.

No matter how arrogant Ye Xiao was, when he saw the supreme master who was even greater than the five Sky Kings, he had to be shocked!

When Ye Xiao was a little lost in shock, Ji Qingxiao seemed to be lost in thoughts too. After a while, he said, "Monarch Ye, Ce Xingchen's spiritual soul is inside the other pendant. Please, free him as well. I am afraid this is the only chance for us to appear in the world. This is the only chance we have to meet each other again."

Ye Xiao was shocked.

The two supreme masters actually still lived as independent consciousness one hundred and eighty thousand years after their death. He was shocked that he could actually talk to the two masters like this.

The supreme masters were unbelievably powerful!

Ye Xiao thought that the masters only left the spiritual minds in the world to simply tell him something, not to talk to him. However, the supreme master's soul was actually able to sense Ye Xiao's feelings and talk to him.

Ye Xiao knew that people could leave images to tell him something after death.

However, he didn't know that this wasn't an image, but a soul with consciousness.

He was actually talking to an actual soul that could communicate!

However, Ji Qingxiao said this was the only chance. What did that mean?

It seemed the two supreme masters had a special relationship. They had fought to the end of their lives, and Ye Xiao believed the masters would have any special connection!

Ye Xiao stopped thinking that way and hurriedly activated the other pendant.

As expected, another gate appeared. A slim man showed up in front of Ye Xiao.

These were the two Supreme Masters of the world one hundred and eighty thousand years ago!

The supremacy of the Human Realm Upon Heavens.

One hundred and eighty thousand years after, in Ye Xiao's Boundless Space, the two masters met each other again!

It must have been too long since they last met. They looked at each other. Ji Qingxiao's face showed a complicated expression, and Ce Xingchen looked uneasy too. He breathed a sigh.

They looked at each other in the eyes. The war between them had ended a long time ago, but they felt like it was still happening.

After that...

The two masters dashed and left the illusion of the gate and firmly stood on the ground of Ye Xiao's Boundless Space.

The two masters walked a few steps and saw the chairs in the space, so they just casually sat down.

They sat down and then talked to Ye Xiao, "Monarch Ye, why don't you come over and sit too?"

Ye Xiao was like in a dream. He walked over and sat on the chair, blank and confused.

Ye Xiao had a thought in his head. 'Are they still alive? Was it just an illusion when they died to make the special area? Are they using my energy to come back and meet each other again?'

"In the end, we meet again. This time, we have the company of Monarch Ye. I guess it has been one hundred and eighty thousand years now. Am I right?" Ce Xingchen made a sigh.

"That's right." Ji Qingxiao took a deep breath and said, "This is not as I expected. After all the years, we can still meet each other."

Ce Xingchen slowly nodded and said, "Thanks to this special space of Monarch Ye. What an amazing place this is! It actually controls souls. Without this magical space, we would have to stay in the pendants and try our best to say the words we want before vanishing in a puff of smoke."

Ji Qingxiao blandly smiled and said, "That's right. That is why we are not really the chosen ones. We are not the supremacy of the world."

Ce Xingchen looked troubled. "Chaos makes heroes. Heroes create chaos. The will of heavens controls everything!"

Ji Qingxiao said, "Really? Are you still taking what happened in the past so badly?"

Ce Xingchen smiled and said, "No. It isn't that. I just feel lost. Are you really relieved now? Just like that?"

They both stayed silent for a while.

Ye Xiao heard what the two masters were saying, but he didn't really understand. The only thing he was sure about was that the death of the two Supreme Masters must be different from what people said. The two Supreme Masters didn't die for leaving their descendants a peaceful life.

“The reason why we saved a bit of our spiritual soul here is that we want to say thank you to you in person, Monarch Ye. You helped our children with the restraint. We are grateful.” Ji Qingxiao said.

Realms In The Firmament

Chapter 1720: Asking for Help

“Our blood continues for one hundred and eighty thousand years. That’s already a wonder, and we should be grateful for that. Monarch Ye has helped our children to continue living for generations. We must thank him properly.” Ce Xingchen said.

Ji Qingxiao laughed and said, “This space is special, but it can’t let us stay for a long time. Time flies. Let’s get to the point now.”

Ce Xingchen smiled and said, “It feels so good to be back. I just have so much to talk about. Well, it is a shame that we can’t use every second of it to talk!”

Ye Xiao was confused, staring at the two masters.

Since the two great men appeared, they kept talking to each other and ignoring Ye Xiao. Ye Xiao was right there, but he was like a transparent man.

The two men were talking and talking. They really hadn’t talked for too long, so they wanted to seize every moment to say something.

While Ye Xiao was lost in his thoughts, he realized that the two masters were silently staring at him now.

The masters’ eyes stared at him as if their gaze was from one hundred and eighty thousand years ago. It was solemn, and it was proud.

At the moment, Ye Xiao actually felt nervous, and his soul seemed to be unstable.

The next moment, Ye Xiao was shocked that the two great men actually bowed to him seriously.

Ye Xiao hurriedly stepped aside and said in a deep voice, “Honorable masters... Why do you do this to me? I helped your descendants only to return the favor. It was your descendant who helped me first, and what I did was to return the favor. Besides, the things I did weren’t that great. You must not bow to me.”

Ji Qingxiao stood up and smiled. “Monarch Ye, you misunderstood. We bowed to you not to thank you for saving our people... In fact, we bowed because we were asking you for help.”

“Please, master. Just tell me what it is.” Ye Xiao seriously said, “You are the two great heroes who I admire a lot. No matter what you want me to do, I will do my best to help.”

Ce Xingchen smiled and said, “It must be fate and destiny. What we want is also about your future. Please, pay attention to me.

“One hundred and eighty thousand years ago, the two of us realized that we had already reached the peak of the world. That must be the highest point we could reach in our lives... Reaching the top meant meeting our limitations. Monarch Ye, you have ascended to the higher realm twice. I think you know what happens when somebody goes beyond the limitation of the world!”

Ji Qingxiao said, "We weren't as good as you, Monarch Ye. We knew we couldn't stay in the Human Realm Upon Heavens anymore, but we didn't know where to go next.

"If we stayed, we would be destroyed by the divine power of the great heavens... Or if we're lucky enough, we might destroy the Heavenly Dao instead."

Ji Qingxiao smiled and said, "We didn't know what would happen to us, but we felt the trace of our fate. We couldn't explain it, but we felt it. It scared us so much. We had ruled everything in the world for a long time, and it was the first time for us to feel controlled again!

"If we fought against the Heavenly Dao, we were not absolutely going to lose. We were truly incredibly powerful back in the day. We even had the chance to destroy the Heavenly Dao."

Ce Xingchen gently said, "However, if the divine punishment struck on us, and we survived it, the world would collapse because it wouldn't be able to handle our overwhelming power. The world would die because of us.

"After we died, we finally knew... It was the Divine Choice!

"We didn't get any heritage of others before we reached the top of the world. All we got were great talents and the dynamic force from competing with each other.

"What we did to reach the top of the world was to keep working hard!"

Ye Xiao was shocked. "Masters, do you mean it was possible for you to reach even higher levels?"

Ji Qingxiao looked calm and blandly said, "That's correct. If we fought together against the Heavenly Dao, we would survive the divine punishment. We would break the barrier and reach an even higher level.

"However, there was a price to pay. If we did that, the world could die. Our incredible power would destroy the system of the world. We would have to absorb the energy from the destruction of the world and reach a new stage after that!"

Ye Xiao knew that the two heroes eventually chose to save the world, but he still took a cold breath in shock. He had ascended to the new worlds twice, so he knew the limitation of the world, the punishment from heavens, and other things about it. However, he had never thought that one could destroy a world when reaching a new level!

Ji Qingxiao looked at Ye Xiao and smiled. "Monarch Ye, you don't have to be so shocked. Cultivators always went against the rules of the heavens. People do terrible things to improve themselves. Sometimes, it was only a small choice which leads to a terrible outcome. When the divine punishment struck someone who is actually more powerful than the Heavenly Dao, the choice was left to the people! That is why it is called the Divine Choice!

"To make a step ahead, the world will die, and you will then reach a new world... If not, you die!"

Ce Xingchen said, "It was a shame... We had too many connections to this world. We couldn't let the world die.

“So we made a plan and then had our last fight. In the end, we chose to die together. We wanted to save the Human Realm Upon Heavens by destroying our souls.”

Ce Xingchen stopped, and Ji Qingxiao said with a bland smile, “However, we were willing to die for the world, but we still wanted to leave our story.

“The restraint on our children is a protection and also something we did to lead you to find us. Our martial arts are extraordinary, and we have cultivated it to the limit of the world. They are the painstaking work of our lives, but we do not have a disciple who can carry forward the greatness.” Ce Xingchen said.

“In fact, we did have disciples, but they were all dead. He killed my disciples, and I killed his.” Ji Qingxiao frankly said, “In the end, neither of us had any disciples anymore.”

Ce Xingchen stared at the man and said, “So there is one thing we really want to do before we really leave the world... Our heritage is going to be a burden on you now, Monarch Ye.”
