#### Chapter 1751: Being Chased? People of the Ye Clan?

'I am still too weak! If I am powerful enough to defeat those people, we won't have to run away. We will fight them back. Nobody has to die!'

'I am much more powerful than before, but I am still too weak! I need to be much stronger!'

'Strong power was the only thing that can save my people from death!'

...

He had thoughts in the head one by one. After reflecting in the past, he strengthened the will to become a much stronger cultivator in the world. He must become powerful to make sure his friends and family stayed safe!

The danger was gone for now. The trip of the One Meter Higher Sky had come to an end as well. Ye Xiao prepared to return to the headquarters of the Monarch's Hall. From the Tiger Unit and the Dragon Unit, he knew that the twelve units were improving faster and faster. That was good, but he must find out what exactly was happening.

"We are less than three thousand miles away from the City of Chaos!" Ye Xiao took a long breath and said, "I am not going to tolerate it anymore. It is time for us to vent the anger. We will not tolerate Ye Yunduan anymore!"

As he was talking, he saw some dust rolling in the air. There must be a fight in front of them.

After a while, three men were running over, chased after hundreds of fierce men. These three people were severely injured, running for life!

"Who are these men?" Ye Xiao said, "It is not far away from the city here. Why is this happening?"

Those men were clearly from the City of Chaos, which made it more inexplicable...

Some men were chasing, while some were chased. They were all pretty fast. The three men who were being chased were almost exhausted because they were shaking. They were running for survival.

The three of them were moving slower and slower. They would die because of exhaustion even if the hundreds of people didn't catch them.

The men who were chasing were confident. They seemed like a group of cats playing three dying rats.

"Lord Qiao, why struggle? Just stop and accept your death!" One of the men chasing shouted and said, "You have run this far now. Why do you have to push yourself so hard? This is pointless. I always respect you as a tough man, but you don't need to die in such a cowardly way!"

A tough man, who was one of the three escaping ones, looked pale and weak. He was carrying an unconscious man on the back. As he heard the sneer, he shouted and said, "Bullsh\*t! Do you want me to be a f\*cking filthy dog like you? You ungrateful pig! Who helped you? You are such a pig not to do your

best to return the favor, and now you are actually trying to kill the man who saved you! You are just dregs!”

The other man coldly smiled and said, “Come on Lord Five. Wise bird chooses the right wood. I don’t want to die for stupidity... My master has been kind to you, hasn’t he? Isn’t he also a member of the Ye Clan? I haven’t broken my word, have I?”

The man named Qiao was so furious that he even spat out blood. “Bullsh\*t! There is only one rightful heir in the Great Ye Clan. Ye Changqing is far below the league! If he truly believes he is the rightful heir, he wouldn’t pretend to be Master Ye Yunduan, would he? How shameless! He actually stole other’s name!”

A man beside the tough guy said, “Brother, save your energy. We should focus on getting our Young Master out of this. Stop talking to them! They are trying to slow you down!”

The tough man Qiao humphed and said angrily, “I know they are! Do you think I can let them say such shameless words to humiliate our young master?”

The man was wordless, so he said, “I will turn around and stop them for a while. Please, brother, go!”

Qiao angrily said, “Are you asking me to go and let you stay? I am not going to do such a dishonorable thing!”

The other guy was anxious. “Qiao Wu, f\*ck you! Our young master is on your back! Are you going to get him killed? Can you be smarter now? If the young master is on my back, I will leave without hesitation and let you die in those men’s hands!”

Qiao Wu said, “Well... Why... Why didn’t you carry the young master? Why did you ask me to...”

Suddenly, he raised up his head and saw Ye Xiao. He looked desperate. “Fine! Now neither of us can leave... They got ahead of us now... Let’s fight these sons of b\*tches to the end of our lives!”

...

Ye Xiao heard their conversation, and he got to know what was happening.

The three men who were running were from the Great Ye Clan. They seemed to be important for the clan!

Those who were chasing after them must be members of the Great Ye Army!

“Interesting! This is going to be enjoyable. A dogfight! This is fun.” Ye Xiao blandly smiled. He waved a hand, and the others stopped with him.

Ye Xiao never liked the Great Ye Clan or anybody related to the Great Ye Clan. A few months earlier, when Ye Xiao was still in the City of Chaos, he was too weak to mess with anybody. The Seven Golden Lotuses and the Great Ye Army could easily crush him.

However, at present...

He was different now. He was powerful enough to deal with everything! He was confident!

No matter who the three men were, Ye Xiao would like to save them, because Ye Yunduan wanted to kill them. Ye Xiao had been oppressed for a long time by the young lord Ye Yunduan, and now Ye Xiao decided to get everything back.

When Ye Xiao was going to do something, the three men who were running suddenly stopped over a hundred feet away. The tough man angrily shouted and said, "Bastards! I am going to kill you today!"

After that, he spat out a mouthful of blood.

The blood was all blank!

#### **Chapter 1752: Sword Up for Those in Need!**

Apparently, the tough man was poisoned. He stopped suppressing the poison in his body but raised his power up to prepare for the fight. He was not going to fight for survival, but for a suicidal kill! Whether Ye Xiao could block the attack from the two men or not, these two were going to die!

Unless...

Ye Xiao frowned, and the two men had rushed over to him like two crazy tigers.

One of them held a saber while the other held a sword. They slashed toward Ye Xiao at the same time from two sides!

Ye Xiao was frightened.

The martial arts of these two were fierce and sharp. Their movement blocked Ye Xiao's possible leeway.

These two men must be superior cultivators with rich battle experience!

They were aggressive, fast, and accurate! A sword and a saber together played a murderous attack!

However, it was a shame that the power of the attack was too weak to hurt Ye Xiao.

Powerful cultivators couldn't let their attacks be weak. The weak power of the attack made the perfect attacking movement meaningless. They couldn't even defend themselves against the counterattack!

How come such powerful cultivators' attack would be so weak? They must be severely wounded or badly poisoned!

Ye Xiao frowned and stepped ahead. He didn't back off but jumped up to the sky.

Facing the bright light net of the saber and sword, Ye Xiao didn't even move his sword. With empty hands, he escaped the sword and saber attack and broke it out.

Well, he did want to use his sword, but he didn't dare to. He really didn't dare to use the weapon. The two men were in such a miserable situation. After the attack, they would be exhausted. If Ye Xiao used his sword to block the attack, the two men would definitely die.

Therefore, Ye Xiao chose to use his Tittle Phase technique, moving in the void of the intensive attacks. The two men were unbelievably easy to kill at the moment. They must be lucky that Ye Xiao found the void in their attacks to get away. Their sword and saber attacks were perfectly trained, and they barely

left voids in the intensive attacks. However, because they were poisoned, they didn't do well this time. It gave Ye Xiao the opportunity to get away from the attack without blocking the men's sword or saber!

Ye Xiao made a turn in the sky and dashed toward the other men who were chasing after these three.

The leader of the hundreds of men saw Qiao Wu attacking Ye Xiao, so he believed Ye Xiao was Qiao Wu's enemy. An enemy of the enemy was a friend. That was a rule in human society. However, before he showed respect to Ye Xiao, Ye Xiao had attacked.

It was true that an enemy of the enemy must be a friend. However, if the enemy's enemy was already a sworn enemy, things were totally different!

Ye Xiao made a dash and rushed out from the sword and saber attacks. Qiao Wu and the other man were frightened. They were both knowledgeable cultivators, so they realized that Ye Xiao was in the Immortality Stage. They both said in shock, "Immortality Stage!"

They suddenly lost hope.

If they weren't poisoned or injured, the two of them together could try to defeat an Immortality Stage cultivator. Actually, they believed they could kill Ye Xiao if they weren't poisoned!

However, they were severely injured. Most of their power was gone, and they were bearing all the painful wounds. They almost lost all their blood. They were never going to defeat an Immortality Stage cultivator under such a circumstance!

A spent bullet couldn't easily shoot through fiber. They were hopeless!

They were even more frightened and shocked when they noticed that Ye Xiao didn't even use his weapon. All Ye Xiao did was to move out of the sword and saber attacks with his incredible movement technique. The courage and power of Ye Xiao totally astonished them. The men helplessly felt hopeless.

*'Are we going to die now?'*

*'We have always been heroes! However, we are going to die under some dirty tricks... We should die in a fair battle!'*

*'It sucks!'*

The two of them refused to resign themselves to defeat, but then they saw Ye Xiao kept moving ahead after breaking through the saber and sword attacks. He wasn't going to attack them! They were shocked!

*'It is such a great opportunity! Why doesn't he kill us?'*

As they turned around, they were surprised and glad!

They saw the young man in white clothes powerfully rushed into the people who were chasing after them. Ye Xiao was slaughtering the men of the Great Ye Army!

He didn't try to be careful anymore, because he wouldn't care if the opponents all died. Without hesitation, he took out the Stars Sword immediately.

Since the Monarch's Sword was back in Ye Xiao's hand, he hadn't used the Stars Sword for a long time. The Stars Sword was also a supreme divine weapon, but it wasn't Ye Xiao's destined weapon. In Ye Xiao's hand, it was a little weaker than the Monarch's Sword. The most powerful weapon was the most suitable one. Ye Xiao used all kinds of special metals to reforge the Monarch's Sword, so it was different now. It wasn't weaker than the Stars Sword anymore. That was why Ye Xiao always chose the Monarch's Sword in most cases!

This was a special circumstance though. Ye Xiao wanted to kill those men as soon as possible. The Monarch's Sword wasn't weaker than the Stars Sword, but the Stars Sword was the better weapon to operate area attacks. The Monarch's Sword was perfect when he used the Extreme Purple Sword or the Xiao Monarch's Nine Laughters, but these two martial arts weren't area attacks. The Stars Sword was the better choice at the moment!

A flow of cold starlight appeared and splashed to the ground.

It was the first move of the Sword Art of Stars! For the first time, it was shown in the Human Realm Upon Heavens!

As the sword moved, it shook the world, frightened the ghosts, and shocked the universe!

#### **Chapter 1753: Interest Paid First**

Blood splashed to the sky. Over ten people made an exclamation at the same time before their heads left their necks! They were all dead!

With only one sword move, Ye Xiao had already killed thirteen men!

The Stars Sword was as powerful as before!

"Stop!" Ye Xiao made a turn and stood on the floor, blocking the way.

With one sword, he stopped hundreds of men.

The road was quite wide actually. The men could go around the road and moved into the forest on both sides.

However, Ye Xiao with his sword gave these men a feeling, as if there was no way to get past this young man!

Anybody who dared to forcibly go over him will be killed.

Ye Xiao stood there quietly with his sword pointed at the floor. The blade was glittering starlight. There was blood dripping down the point of the sword.

After a second, the sword was clear like the sky of stars again!

There was no bloodstain on the Stars Sword.

It killed, and the blood was gone.

Ye Xiao stood there, wearing white clothes, holding a sword, like a killing god with a cold heart.

Over one hundred men stopped before him. Nobody dared to do anything.

Somebody shouted in shock. "It is the doctor of the Hall of Life and Death! Monarch Ye!"

Ye Xiao didn't disguise his face this time. People in the Great Ye Army all had seen or heard about his appearance.

Ye Xiao raised up his head and looked at the men in front of him. He looked calm.

The three leaders of these men were exactly the three private guards of Ye Yunduan. There used to be four guards, but one of them, Fang San had died in Ye Xiao's hands.

The man who shouted out was a man Ye Xiao used to save in the Hall of Life and Death. They were all in shock when they heard it was Ye Xiao.

*'Monarch Ye?'*

*'Monarch Ye of the Monarch's Hall?'*

*'The marvelous doctor of the Hall of Life and Death?'*

*'Why is he here? People said that he left the city for further development because of the suppression of the Great Ye Army. How come he dares to stand here challenging the Great Ye Army?'*

Those who knew Ye Xiao were surprised. *'Monarch Ye is a brilliant doctor, but he is a weak cultivator in Divinity Origin Stage... Well, level five of the Divinity Origin Stage isn't the bottom of the world, but... How come he is so powerful now? This is unbelievable... How did he improve so fast?'*

"Monarch Ye? Ye Xiao?" One of the three guards looked at Ye Xiao and asked.

They used to stand in a conflict against Ye Xiao, so they knew how weak Ye Xiao used to be. Now, as they realized how powerful Ye Xiao had become, they couldn't believe it. It made sense to them if this wasn't Ye Xiao, then it is a man who looked like Ye Xiao.

It was impossible for anybody to improve so fast!

"It was only a few months ago when I met your master. You met me. Are you blind?" Ye Xiao blandly smiled and said, "Of course. I am Ye Xiao."

"It truly is you!" The guard took a cold breath and then raged up and said, "Ye Xiao, why are you doing this?"

Ye Xiao said, "I am doing what I am doing. Why do you ask? You must be an idiot. Fine. We are acquainted with each other after all. Let me explain this then. All men in the martial world should draw their swords to help those in need. I always have a heroic heart. As everybody knows, I am a generous man with a kind heart... Anyway, I just can't watch you bullying those men! There are many people on your side, yet you chased after three wounded men! Don't you feel ashamed?"

The guard, who was named Zhao Yi, was shocked. *'What the hell is he talking about?'*

*'Fine... Draw your sword to help those in need... It makes sense...'*

*'You have a heroic heart? A generous man with a kind heart? Come on... Isn't it shameless to call yourself that? You are sick...'*

Zhao Yi's eyes became cold like ice. He waved one hand and said, "Kill him!"

*'Master always wants to kill you. Now you are here! What a great opportunity!'*

"Oh, no..."

A few people on the Great Ye Army's side felt it difficult to follow the order.

These people made a step back and said, "Please forgive us, Master Zhao. Monarch Ye saved our lives, and we swore we would never fight against the Monarch's Hall. We can't fight."

Zhao Yi almost passed out because of the anger.

Qian Er's eyes glittered, and he gave another order. "It is correct that we should be honorable and honest. I am not asking you to break your words. Now, whoever has made the promise to Ye Xiao just step aside. The others, let's kill the bastard together!"

The several men showed a complicated expression on the face. They looked at Ye Xiao and stepped aside.

Ye Xiao was expressionless. He didn't say a word and just let the sword shine.

Meanwhile, a wave of murderous qi rose up to the sky!

The murderous qi was on Ye Xiao, spreading out fast. Everybody who sensed the qi was frightened!

*'This is horrible!'*

"Kill him!" Zhao Yi shouted.

Zhao Yi was a powerful cultivator, who was experienced in battles. The sword move Ye Xiao made him alert. The fight was going to start, yet he didn't even know what level Ye Xiao was at. He must surpass in number. He knew that he couldn't let Ye Xiao gather energy up. Giving Ye Xiao time was bringing death to themselves. That was why he shouted hurriedly to start the fight!

A tough man, who was at the Saint Origin Stage shouted and jumped up to the sky. He dashed toward Ye Xiao fiercely and said, "Ye Xiao, watch my fist!"

The man crazily moved toward Ye Xiao like a shooting star. His fist attack even blew wild wind ahead!

The fist attack was fierce and wide. With one attack, the man actually locked Ye Xiao up!

Ye Xiao couldn't dodge the fist attack, so he had to block it face to face.

On Ye Xiao's right side, suddenly, a shadow appeared like a ghost. A stream of green light was moving fast to attack him!

It was a narrow saber with poison on the blade!

The light of the blade shined the one-hundred-foot area around Ye Xiao in green!

## Realms In The Firmament

### **Chapter 1754: Who's the Rebel?**

One fist and one saber were approaching Ye Xiao at the same time, but Ye Xiao blandly smiled, didn't move his feet and only struck out the sword!

At the same time, he slightly raised the left hand, followed by a gentle palm hit.

People of the Great Ye Army, Qiao Wu, and the other man were all surprised. Ye Xiao's first sword attack was fierce and powerful, which gave them a good impression. However, as he was facing two Saint Origin Stage cultivators at the same time, he actually made such a soft palm hit to fight back!

It was a dangerous fight, not a stage for play. Was he going to get killed?

However, the next moment, they saw the Stars Sword going toward the poisonous saber while his palm hit was going toward the other man's fierce fist. One sword and one palm hit, Ye Xiao dealt with two enemies at the same time!

Puff! –

Puff! –

One sound after another, the two strikes hit.

The first and the palm hit first. The man with a fist attack took a better position to attack. He was rushing ahead, which accelerated his fist attack!

However, when his fist hit Ye Xiao's palm, his fist exploded into pieces.

It was like a car crashing into a metal wall that was wrapped by tender cotton!

However, the broken fist wasn't the end, because the man was still rushing forward.

After that, his forearm was broken, and then the entire arm, then his shoulder, even his chest... With the sound of an explosion, his body was cracked into pieces.

Ye Xiao broke half of the man's body into pieces with one palm hit!

On the other side, the saber crashed the Stars Sword. It was only a soft sound. The saber suddenly became ashes as it touched the sword. The Stars Sword didn't stop but kept moving forward to the man's hand, arm, shoulder, and then the heart...

With also a soft sound, the man with the saber died in pieces.

Ye Xiao killed two opponents at the same time with one move. The two men both died with their bodies broken into pieces.

Everybody was shocked!

'Is this Ye Xiao's real power?'

'He was fighting two men at the same time, one from the left while the other on the right! He used two different martial arts and killed the two men at the same time!'

The fist attack and the saber attack hadn't left Ye Xiao any room to dodge, so he had to crash them. Ye Xiao's palm hit and sword attack were also leaving no room for the enemies to dodge as well.

They didn't leave him a chance to dodge, while Ye Xiao didn't give them any chance to survive!

The two men deserved it!

Blood in the air was like red rain, but Ye Xiao's clothes were still clean and white.

He slightly raised up his head, stared at the rest of those men and blandly said, "Who else wants to die?"

It was cold and indifferent, and it was overwhelming like he was the king!

Zhao Yi wanted to say something to cheer his men up but ended up making a dry cough. Even though he was the best of the four private guards of Ye Yunduan, he was shocked by Ye Xiao's incredible attacks!

If he kept giving orders to kill Ye Xiao, he might be Ye Xiao's next target. Zhao Yi didn't want to be the next target!

"Monarch Ye, this is our own business! What you are doing is offending the Great Ye Clan. The Monarch's Hall and the Great Ye Army are the only two forces in the city. We should get along with each other in peace. The Hall of Life and Death saves lives, so we never evicted you from the city! Do you understand? I am giving you my kind advice. Do not put your hand into other's plates!"

Zhao Yi continued saying, "You should understand who you are, and you should understand who the Heaven's Leaf is! We are chasing after the rebels of our clan. If you stop us, you are messing with the Heaven's Leaf! If you leave now, I assure you, nobody will get hurt anymore. Otherwise, you will regret this!"

Zhao Yi was being reasonable. He was going to let go of the fact that Ye Xiao killed so many of their people as long as Ye Xiao walked away now. That was showing enough respect to Ye Xiao! Therefore, Ye Xiao should give it up now and leave!

However, there was one thought in Ye Xiao's mind. 'This is absurd. Is he telling the truth? Why is he so good at lying? Have we really been getting along in peace?'

'Well, yes. We did have peace, only because the Hall of Life and Death has the unbreakable fortress of trees. The Great Ye Army couldn't break our shield! That is the reason we are safe! You would kill me without hesitation if you get the chance...'

'Well, the Hall of Life and Death does save people, but we don't save everybody. We only save those who are useful to us. You are lying! How can you lie while acting like you are an honest man? That is impressive...'

Ye Xiao coldly smiled. When he was about to say something, people behind him angrily said, "Zhao Yi, you shameless pig! Who is the rebel? You ungrateful dog! You are the rebels of the Great Ye Clan!"

Zhao Yi was still calm. He stared at Ye Xiao and said in a deep voice, "Monarch Ye, there is no need to start a war between you and us. Our young master always wants to build a good relationship with you!"

Ye Xiao laughed and said, "Oh? Ye Yunduan wants to build a good relationship with me? Really? I am not sure your master believes you or not. Well, I don't! If we are in a good relationship, how do I expand my territory in the city? Now I heard your proposal, and it sounds good, but that is not what I want. You know what? If you leave the City of Chaos now, there will be no trouble between you and me!"

Ye Xiao smiled and said, "If you run away whenever you see me, I assure you that we will be in a good relationship forever."

#### **Chapter 1755: Crushing Dry Weeds and Smashing Rotten Wood**

The fire of anger flashed in Zhao Yi's eyes. He took a deep breath and said, "It seems to me Monarch Ye is going to declare war against the Heaven's Leaf!"

Ye Xiao didn't say anything, but the tough man's voice sounded again. "Zhao Yi, you contemptible dog! What are you? Do you think you can speak for the Heaven's Leaf? You don't get to represent the Great Ye Clan, even if your ancestors in eight generations served the clan like dogs! You f\*cking dishonorable traitor!"

Zhao Yi couldn't hold it anymore. He shouted and said, "Kill them! Let's do it together! Kill Ye Xiao and it will be easy to kill the others! I don't think the man is powerful enough to defeat us at the same time!"

He knew this was never going to end well, so he secretly gave hints to his men to stand in a formation. It would be great if Ye Xiao stepped back, but if Ye Xiao refused to cooperate, they would attack at the same time!

Zhao Yi had given the order. People on the Great Ye Army's side dashed ahead at the same time.

These people used to be itinerant cultivators, so they experienced a lot of killings in practical fights. They knew that death was the only thing that could put an end to the conflict. They had to kill Ye Xiao as soon as they could. If Ye Xiao had time to make a casual attack, he would defeat them one by one!

Ye Xiao made a long shout. He wasn't surprised when the enemies approached fast at the same time. The Stars Sword in his hand shined again, and the purple light wrapped the blade. He actually made a quick attack instead of stepping back to defend. He and the sword became one and rushed into the crowd like a long and broad stream of purple light.

"Stars shine the sky like flowers. Purple qi comes from the chaotic era!"

Ye Xiao shouted, and the sword became brighter. The purple starlight shined upon the land. The sword light of the Stars Sword rushed forward and killed into the crowd, making a path of blood.

Behind Ye Xiao, Xuan Bing, Yue Shuang, and Yue Han were holding their swords, protecting the three men. They killed whoever luckily got away from Ye Xiao's murderous attack.

The three ladies were like little birds when they stayed with Ye Xiao, but none of them was gentle and soft in the fight. Xuan Bing used to be the female demon in the Qing-Yun Realm, who was much more famous than the Xiao Monarch. Yue Shuang and Yue Han were also well known as two merciless cultivators. The three ladies could be fiercer than Ye Xiao sometimes!

The Poison King was following Ye Xiao, rushing into the crowd. He was such an expert in area attacks. Dark smoke was rising up over his body. Wherever he walked over, smudge followed as if it had been burned in a fire.

The dark smoke from the Poison King spread but didn't scatter. Soon, the smoke turned the entire area dark and gray.

Those who survived Ye Xiao's incredible sword attack might unluckily touch the dark smoke. Their faces would turn dark and they would fall down before they stumbled a few steps.

They lay on the floor and started to rot and melt...

The Worldly Poison Art was incredible! The Poison King was surprised by his new poisoning martial art!

Ye Xiao's eyes were sharp like hawk's eyes. With his left hand making palm hits, and his right hand holding the sword, he went into the crowd and killed ahead. Blood splashed everywhere, and broken bodies lay on the ground...

Erhuo was still sitting on Ye Xiao's shoulder, casually absorbing the soul energy from the death of the enemies. The cat was like a hungry beast at the moment.

"Here you are, my old friend!" Ye Xiao showed a cruel smile and said, "I still remember how you swaggered around in my Monarch's Hall. Finally, we have a chance to meet again. I think you should pay me the interest first."

Ye Xiao was talking to one of the four guards, Liu Si!

Ye Yunduan had four guards, Zhao Yi, Qian Er, Fang San, and Liu Si. Fang San was dead. Zhao Yi was directing the fight. Qian Er and Liu Si were closest to each other, and they agreed to attack Ye Xiao together, but when the Stars Sword attack approached, they were separated! Liu Si saw the attack first, so he escaped the attack, but encountered Ye Xiao face to face!

Ye Xiao's Stars Sword attacks went around Liu Si immediately. The dark smoke of the Poison King was approaching as well. Liu Si knew how dangerous it was, so he held his breath and hastily jumped away. However, Ye Xiao appeared and stopped him.

Liu Si realized that he had to face Ye Xiao alone, so he was frightened. With a shout, he didn't even dare to fight back, but hastily turned around and left. As he moved away only about thirty feet, he felt something chilling his chest. He looked down and saw the sword blade with starlight sticking out of his chest, and then suddenly was drawn back.

Liu Si fell down on the floor, and he saw Ye Xiao casually moved the sword again. The sword went up and stabbed Qian Er on the head to the chest, who was coming to save Liu Si.

The sword went through Qian Er's body and caused an explosion inside the body.

As Qian Er's flesh was exploded into pieces falling in the air, Ye Xiao took a few quick moves and killed about eighteen others.

Zhao Yi was too frightened to move.

The four guards were of the same age and at roughly the same cultivation level. Zhao Yi was always more cautious than the other three men, so he became the leader. He had given the order and asked everybody to attack Ye Xiao, even the other two guards had moved forward, but he didn't. He stayed on the back as if he had to stay behind to give instructions, but was actually waiting for an opportunity. If things went well, he would definitely dash forward to end Ye Xiao's life, but if things went wrong, he would be the first to leave. Nothing was more important for him than his own life!

When he saw Ye Xiao, he realized that he could see Ye Xiao's real cultivation level. He didn't understand how Ye Xiao could improve so fast, but he was sure Ye Xiao was no longer the weak cultivator anymore. He wanted his men to attack at the same time because he thought maybe Ye Xiao wasn't as powerful as he appeared to be. However, as Ye Xiao slaughtered dozens of Saint Origin Stage cultivators in a short time, Zhao Yi knew that he was wrong.

Therefore, Zhao Yi made a quick decision.

He ran!

He boosted his energy to the extreme level and dashed away over a thousand feet immediately.

### [Realms In The Firmament](#)

#### **Chapter 1756: See You in the Martial World**

Ye Xiao knew that Zhao Yi would flee. When Zhao Yi first had the idea, Ye Xiao already knew, but he just sneered and didn't do anything. If he wanted to stop Zhao Yi, he could simply make a casual sword move to stop and kill Zhao Yi.

Ye Xiao didn't do it.

After all, he needed somebody to tell Ye Yunduan about the Monarch's Hall declaring war against the Great Ye Army.

Zhao Yi was a good choice.

It was about time to start the war against the Great Ye Army now!

As Zhao Yi escaped, nobody in the Great Ye Army wanted to continue the fight anymore. They all fled. However, Ye Xiao only needed one man to be the messenger, so he wouldn't let these men leave. The Stars Sword kept shining. Starlight splashed in the area. Within about thirty seconds, over one hundred men of the Great Ye Army died together!

Ye Xiao stood in the rain of blood, but his clothes were still clean and white. There was no bloodstain on him. Over one hundred dead bodies were lying on the floor!

Before Xuan Bing and the two ladies' eyes, there were also over twenty bodies. The ladies did a great job.

Well, the dead bodies weren't going to exist for a long time. The Poison King's dark smoke was still covering the entire area. All the corpses were melting...

Zhao Yi survived. A few others, who decided to stand aside survived too. They promised not to fight Ye Xiao when Ye Xiao saved them. At the moment, these lucky ones stared at Ye Xiao with fear in their eyes.

They felt like Ye Xiao was a demon god from the ancient times.

They knew that Ye Xiao was powerful, but not like this. They thought Ye Xiao was still the Divinity Origin Stage cultivator, the owner of the Hall of Life and Death!

They didn't forget. When they knew about Ye Xiao, he was only at level five of the Faery Origin Stage. However, after a short time, he had become level-five of the Divinity Origin Stage. It meant nothing to the superior cultivators, but that was an incredible improvement. Climbing up one cultivation level was always difficult for a cultivator, no matter what stage he was at. Everybody was toiling at the improvement. If somebody couldn't reach a higher level, he couldn't. If he could, maybe he was lucky!

As they thought of the incredibly fast improvement Ye Xiao had before, they weren't so surprised. Anyway, they finally knew how powerful Ye Xiao was!

"You can go now. You didn't break your words, and I will keep mine." Ye Xiao looked into the distance and casually said, "The Monarch's Hall and the Great Ye Army are enemies now. You belong to the Great Ye Army, so it is your duty to fight for your side. I won't condemn you, because for me it isn't breaking your vows. When we meet again on the battlefield, we are not friends anymore. If you don't want to fight, well, see you in the martial world..."

"We can be enemies or friends. It is your choice to make." Ye Xiao said.

"Thank you again, Lord Monarch, for saving our lives. Thank you, for sparing our lives today! Anything we can help, please send us a word. We will die for you!" These men took a breath of relief and said. They bowed and then left without hesitation.

Some of them made a turn after walking thousands of feet and disappeared in the woods.

Apparently, they were not going back to the Great Ye Army.

As they saw how powerful Ye Xiao was, they decided to leave the Great Ye Army.

They knew it was better to be friends with Ye Xiao than enemies because, at the moment, he was the god of death.

They did think about turning around to join the Monarch's Hall because the Monarch's Hall was developing promisingly. However, they had refused to join them when they had the choice. Wasn't it shameless to refuse it when it was weak but ask to join it when it was strong now? They couldn't do such shameless thing...

Would the Monarch's Hall accept them?

They knew they wouldn't if they were the Monarch's Hall!

What were they going to say when they returned to the Great Ye Army? Their men almost all died. Two of the three leaders died. How did they survive? Oh, Ye Xiao spared their lives. Why? Were they going to be Ye Xiao's spies in the Great Ye Army? They didn't know how to explain...

They couldn't forget how Ye Xiao slaughtered their men like a demon... The superior cultivators of the Great Ye Army couldn't do a thing to defend themselves... It was a massacre...

They all felt that a great organization was going to rise soon!

The storm of the Monarch's Hall will rampage the entire Human Realm Upon Heavens!

It had the unbreakable fortress of trees of the Hall of Life and Death, and the incredible treatments of the marvelous doctor... The Monarch's Hall was going to be really powerful!

They all knew the Monarch's Hall was going to a bright future, so they regretted it. They used to have a chance to join the Monarch's Hall, but they refused it...

Now they knew, it was the worst decision they had ever made...

If they had a second chance...

Well, they didn't. All they had was only the tears in their eyes...

...

Ye Xiao turned around and walked back.

The Poison King was diligently taking care of the corpses, gathering the corpses into one big pit before burying them. If he didn't destroy the corpses and withdrew his poison, this place would become a piece of wasted land, so he decided to clean it.

The three men who were chased by the Great Ye Army were sitting on the floor, quietly watched Ye Xiao approaching.

They didn't go away.

The three of them were all powerful cultivators. As Ye Xiao moved, they knew it was impossible to leave if Ye Xiao didn't let them. It was much more difficult than escaping from the Great Ye Army.

#### **Chapter 1757: Helped Them to the End**

The three men saw the ladies fought, so they knew it was impossible to run away. If the ladies weren't so powerful, they might try to escape while Ye Xiao was busy dealing with the men of the Great Ye Army. However, the ladies were powerful. Anyone of the ladies could kill the three men easily at the moment.

How were they going to escape this?

They believed running was suicide!

Qiao Wu looked at Ye Xiao but didn't say a word. The alerted look in his eyes was obvious.

"In most circumstances, the enemy's enemy is a friend!" Ye Xiao walked over and said to the man, Qiao Wu.

Qiao Wu looked at Ye Xiao, humphed and said, "You said it yourself. In most circumstances. Sometimes, the enemy's enemy could also be an enemy! I know you are after something. Let's get to the point!"

Ye Xiao tilted his head, looked at the man, and blandly said, "After something? Yes. I want the position of supremacy in the Human Realm Upon Heavens! Do you think I need help from some weak shrimps like you? I did this as a favor to you, not expecting such disrespect as a return! I can save your miserable lives, and I can also take them! Do you want to try?"

That was unbelievable!

Qiao Wu didn't know what to say.

'The position of the supremacy in the Human Realm Upon Heavens?'

'Are you okay? Even the Great Master Ye couldn't do it!'

'Do I want to try? What if you actually kill us? What do I do to come back?'

"Well, if you can't help me on becoming the supremacy, shut your mouth up!" Ye Xiao coldly said, "The Heaven's Leaf is not my concern, because it is too weak! I am after something, huh? What do you think you have that I am after?"

That was impolite and disrespectful.

However, Qiao Wu felt relieved. 'If this Monarch Ye wants something from us, he wouldn't be disrespecting us. He didn't have to be so rude.'

"I saw something unjust, so I drew my sword to help." Ye Xiao blandly said, "I am a heroic man with a kind heart. I saw how you tried to protect your master. You are loyal, so I decided to save you. It was just an impulse. Besides, I am glad to kill the Great Ye Army's people. I would never feel tired of irritating Ye Yunduan. You should feel lucky that you are enemies to my enemy. I didn't say we were friends though!"

That was why Ye Xiao said things about enemies and friends.

Qiao Wu's face was twisted. He didn't say a word but thought. 'I see. He didn't want to be friends with us... He doesn't think we are good enough to be his friends... Damn! Isn't he looking down upon us?'

"It doesn't feel good to hear this, does it? Well, think about what you have done. What did you do? You got injured. You nearly died. You are poisoned. You almost lose all your power..."

Ye Xiao looked at Qiao Wu, clicked his tongue and said, "They were brutal and careful. The poison has entered your bodies deeply. You are totally under restraint. There is no way you can save yourselves. The bleeding wounds are worsening your situation..."

Qiao Wu's face turned darker.

The three of them knew it before Ye Xiao told them. They were in despair at the moment.

'The only way to save the young master is to return to the clan right now... I don't care to sacrifice my life to keep the young master safe... We can't let him die!'

'How do we get back to the clan? We are a million miles away!'

'Even if it is just dozens of miles away, we still can't make it.'

Qiao Wu and the other man sighed. Qiao Wu looked at the young master on the floor, and he actually wept. "Oh heavens! Are you going to watch that contemptible man living happily in the world? Great ancestor! You saw everything from the past, but did you see this?"

That couldn't express all the grief and grudge in his heart.

Men barely cried, but they did when their hearts were broken. Even though Qiao Wu was such a tough man, he couldn't resist the grief and sadness!

Ye Xiao blandly said, "Stop it! What are you doing? Are you going to arouse my sympathy? People call me the marvelous doctor, but I never save people for valueless fame... You are lucky to be enemies to Ye Yunduan. I won't let you die, because it must be a problem for Ye Yunduan to keep you alive!"

Qiao Wu was surprised. "We are injured and poisoned. How can you save us? Why?"

He didn't think it was possible, but what Ye Xiao said gave him hope.

"How? You ignorant fools. Frogs at the bottom of a well never know how vast the river can be! I am the marvelous doctor. Do you think I am bragging? Fine. Let's assume you successfully arouse my sympathy!" Ye Xiao angrily said. After that, he threw two jade bottles to the men. "Take three dan beads from the cyan jade bottle. It will remove the poison. Take three dan beads from the white jade bottle, and it will cure your wounds."

Ye Xiao thought for a while and threw over another bottle with four dan beads in it. "I always help people to the end. Each of you takes one of the dan beads to remove the restraint on your power."

Qiao Wu humphed and looked at the three bottles. "Do you know what poison it is? Poisonous Dragon Bead and Lifeless Powder! The mixture of these two poisons is impossible to remove unless you have peerless power in the world!"

Ye Xiao humphed and said, "You are truly some frogs at the bottom of the well! How arrogant and ignorant! You have the dan beads. I don't care if you will have them or not!"

Ye Xiao immediately turned around and walked away.

He didn't know why. Every time when he faced people from the Great Ye Clan, he was always easy to be angry.

Qiao Wu was annoyed. He angrily stood up, and he was going to break the three bottles.

"No!" One man on his side said, "Are you crazy, brother? It is the only hope we have! He wouldn't need to do all this if he wants us dead! You..."

The other man on his side said, "You bastard! I will f\*ck your ancestors, you idiot! Ye Xiao didn't call himself the marvelous doctor! People gave him the title! You don't want the medicine from the marvelous doctor, well I don't care! Why do you need to destroy it? F\*ck you! When my power is recovered, I will beat you up to death!"

### **Chapter 1758: Savior**

Qiao Wu took a deep breath and said, "I just can't stand the man's attitude... He is looking down upon us... It is... He gave us these like showing his kindness to some beggars! Humph! You can eat whatever you want! I am not going to try these things! If I will die, I die with dignity! I don't care!"

The other two men sighed. They obviously chose to believe in Ye Xiao, but they weren't so confident. They scolded Qiao Wu to give themselves confidence. They hoped that Ye Xiao was truly as extraordinary as people said, so he could truly save them and their young master!

The mixture of the two poisons was too powerful after all...

The man who praised Ye Xiao a lot took over the bottles from Qiao Wu's hands, and then casually opened the cyan jade bottle...

The next moment, the two men who decided to try it suddenly exclaimed in shock.

Qiao Wu turned around and sat down. As he heard the exclamation, he turned over and said, "What? Can't you at least stay quiet at the end of my life... Oh!"

It ended with his own exclamation. His jaw almost dropped to the floor!

Around the neck of the bottle, a stream of clouds kept rising up and getting out of the bottle in splendid colors. There was a beautiful scent rushing into their noses. They actually felt much better just after smelling the scent...

The three of them were powerful cultivators, and they had sharp eyes. As they saw the dan beads, they shouted at the same time, "Supreme Dan! These are supreme dan beads!"

As known to all, supreme dan beads were never rare things for Ye Xiao, but the Supreme Dan was definitely something legendary in the Human Realm Upon Heavens. The Seven Golden Lotuses, the Purple Dragon King, the Golden Phoenix King, the Chiefs of all the demon clans, the Heaven's Leaf, and the five Sky Kings might have a few supreme dan beads, those dan beads were from the past. No dan makers in the world could make supreme dan beads anymore!

Ye Xiao casually threw out over ten supreme dan beads to others... He was such a squanderer!

The three men immediately raised up their heads to look at Ye Xiao, who was showing his back on them. They were annoyed about Ye Xiao's squandering, but also shameful for what they thought of Ye Xiao.

He gave them such valuable dan beads to save them, yet they actually questioned him...

Qiao Wu was totally shocked. If he broke the bottles, the other two men might swallow him alive! In fact, even he would kill himself!

However, he did not have time to regret it. Without hesitation, they hastily tried to save their young master!

"Come on... Feed the young master!" Qiao Wu was so excited. "Three dan beads! Quickly!"

The three of them were flustered. Three dan beads to remove the poison, three to cure the wounds, and one to remove the restraint, they fed them into the mouth of the young man who lay on the ground. After that, they ate some as well.

After that, the three of them lit up their eyes.

'It works!'

'It truly works!'

They had hesitated because the mixture of the Poison Dragon Dan and the Lifeless Powder was unbreakable in the Human Realm Upon Heavens... Even though the supreme dan beads were extremely valuable, they weren't sure if it worked!

However, as they ate the dan beads, they clearly felt the poison gathering in their bodies and being expelled from the body through their Jing and Mai...

The dantian was warm when the supreme dan beads started to work. They felt some spiritual energy running inside their Jing and Mai fast...

When they ate the dan bead which would remove the restraint on their power, they felt much better. Their dantian was finally back to work again...

After a while, something black started to come out of their bodies through their skins. That was the impurity caused by the poison...

The men were recovered, so they could use their spiritual energy freely. The spiritual energy was bumping inside them, and they started curing themselves...

At the moment, they almost lost control of the erupting energy...

'We are safe!'

'We survived!'

'Life is unforeseeable... The rise and fall happen too fast. I thought we were going to die... Now we are in perfect condition! This is great!'

After a while, the three men coughed at the same time and spat out a mouthful of dark blood. After that, they felt much better again.

The wounds were still hurting them, but the dan beads were working, and their own energy was running too. It wouldn't take long for them to be fully recovered...

Their young master was still in a coma, but his face looked much better. The three men were sure that their young master would live, so they felt relieved.

'As long as the young master is safe... We survived the hopeless disaster!'

"The other seven brothers..." Qiao Wu felt sad. "If only they could make it with us..."

Tears came out.

The other two men breathed a long sigh and felt sad as well.

There were ten of them who came together. As they entered the City of Chaos, Ye Yunduan set them up and ambushed them. The other seven men stayed behind while these three protected their young master to run for life. The other seven men were also hit by the poison and the power-restraint powder...

The seven departed men gave up their lives for glory, but their death was such a pain in these three men's hearts.

They couldn't forget the moment when the seven brothers turned around and returned for the fight one by one...

"Brothers..."

Qiao Wu sobbed.

The three of them stayed silent. They were filled with sadness.

After a while, they got close to the young man to check him. They were sure the young master was safe, so they stood up and walked to Ye Xiao. They bowed and said, "Thank you, for saving our young master's life! We won't forget this."

#### **Chapter 1759: Badgering You**

Qiao Wu kept folding his hands and making deep bows. "Master, you are a heroic man with a kind heart. I am a graceless man with a clumsy head... You are more generous than I can understand... I didn't know how powerful you were. Please, forgive me!"

Qiao Wu was truly an outright person. As he realized he was wrong, he sincerely apologized.

Ye Xiao casually waved his hand and said, "As you said, I am generous. I won't disgrace myself by getting it on with you! You are fine now, so I should go."

"Guys, we will meet again." Ye Xiao stood up and talked to the ladies, "Let's go. We are going home..."

He actually didn't hesitate to leave.

What he had done was like something unimportant to him. He acted like those dan beads were just some valueless things...

"Wait!"

Qiao Wu was shocked. 'How come he is leaving? What is this? He gave us sixteen priceless dan beads and saved our lives! That is such a great favor! How come he doesn't even stay to accept our gratitude? Is he truly this arrogant?'

'I can't believe there is such a weird person in the world!'

'However... If he doesn't care about supreme dan beads, he must be a mad man... But he doesn't seem like a mad man.'

'Doesn't he care?'

"What is it? You are safe now, and you have your spiritual energy back. I think you are free to go anywhere you want. What do you want? Are you going to badger me?" Ye Xiao looked pretty impatient.

He hastily walked away like these men were going to tangle with him.

The three men were pretty upset about it.

'Look at you... You truly are loath to stay with us... There is no doubt... However, why did you save us if you hate us so much? Isn't that weird?'

'Besides... We can't be ungrateful...'

"Well, I mean... We know you are a good man..." Qiao Wu hesitated for a while and then said something and felt embarrassed. 'He just saved us all! Of course, he is a good man!'

Ye Xiao impatiently said, "Just get to the point! Why keep nagging like a woman? Don't kiss my ass. I don't think you are a straightforward man at all... Damn it! If everybody talks like you, I am going to puke!"

'Don't kiss my ass....'

That almost choked Qiao Wu to death.

'I have been such an honorable man! When did I ever kiss anybody's ass?'

'Straightforward?'

'I said I was graceless, not straightforward!'

'Kiss his ass!' Qiao Wu complained... 'When did I ever want to kiss his ass?'

He looked at the other two men, but the two of them gave him the look with a hint. 'Yes, you did! You were definitely kissing his ass! That was some really bold and frank boot-licking.'

'Whoever does this could never be graceless or straightforward... In fact, we wanted to puke, not to mention Master Ye!'

Qiao Wu was freaking out again.

Well, there was nothing he could do though... He had to please the Monarch Ye!

"Well, here is the thing..." Qiao Wu knew that the other two men weren't going to say a word, so he had to speak again. "We are... I mean... Honestly... We are isolated in the City of Chaos... The fact is... Our young master is severely wounded... If our enemies come to us now..."

He couldn't continue anymore.

They were already in such a dangerous situation, but it was still difficult for Qiao Wu to ask for help and shelter.

"Oh." Ye Xiao indifferently said.

Ye Xiao was really never bored with teasing people of the Great Ye Clan. The indifferent response showed that he wanted Qiao Wu to go on and speak out what embarrassed himself!

Qiao Wu's face turned red, but he had to continue. He said, "That contemptible animal will never let us go... So... So..."

"Are you asking for my protection? Is that what you want? You seem to be unnecessarily talkative." Ye Xiao asked.

'Are you asking for my protection?'

Qiao Wu's face had turned almost purple because it was too red. He was extremely embarrassed, and then it burst. "Yes! Nobody can help us now. We are injured. You just helped us defeat our enemies when there were so many of them..."

"Fine. You seem to not be just a graceless but also a shameless man. I will do it. You do badge me... I knew I should just turn away... Ah."

Ye Xiao was making these men embarrassed.

Ye Xiao frowned and said, "Come if you want to follow me... However, I am warning you. Maybe I have more enemies than you do. My enemies are even more powerful than yours. Don't regret it if you get killed because of me."

Qiao Wu's eyes lit up, and he said, "No, we won't! We are counting on you!"

After giving up dignity and pride, he became more and more shameless now. The other two were the first ones to be surprised and then shocked by Qiao Wu's change!

Apparently, they never thought that Qiao Wu would say such words!

'Is this really Qiao Wu?'

'Oh, my heavens... I can't believe this...'

Ye Xiao nodded and said, "Well. Follow me then."

Qiao Wu and the other two men were so happy. "Thank you so much, Marvelous Doctor Ye."

They were at the end of their resources. If Ye Xiao refused them, the three men and their unconscious young master had nowhere to go. Ye Changqing would absolutely come again and kill them!

If Ye Xiao left them, these men would die.

They couldn't fight yet!

Now, with the protection of this marvelous doctor, they were much safer...

Qiao Wu carried the young master on his back and followed Ye Xiao. They weren't fully recovered yet, but Ye Xiao's incredible dan beads were healing them. It wasn't difficult for them to heal while getting on with the journey.

“You are from the Great Ye Clan, the Heaven’s Leaf, aren’t you? Just like Ye Yunduan,” Ye Xiao asked as if it was just a casual chitchat during a boring journey.

### Realms In The Firmament

#### **Chapter 1760: Unexpected Trouble**

“Yes, we are.” Qiao Wu earnestly answered. He was grateful for what Ye Xiao did.

Ye Xiao looked indifferent and distant, but he intentionally walked slowly, so that the three men could follow him.

He had offended the Great Ye Army, so the enemies would appear at any second. Walking slowly was putting himself at risk. Qiao Wu was sure that this marvelous doctor was a great person!

“Ah. The Great Master Ye made a promise, and now it is the time for the Heaven’s Leaf to return... The descendant of the Great Ye Clan seems to be quite energetic recently. I was impressed. The descendant of the Great Ye Clan is truly extraordinary.”

That was ambiguous. Nobody knew he was truly praising the man or making fun of him. “Ye Yunduan has been stirring troubles in the City of Chaos... You guys... Cough... You guys are also good. Hah hah...”

“That is truly the infelicity of our clan! Such an infelicity of the Heaven’s Leaf!” Qiao Wu breathed a long sigh.

He was being honest. None of them had expected things to end like this.

“I think you are being too passive. The great Young Master Ye, Ye Yunduan, as the leader of the Great Ye Army, has been ruling the city. Didn’t he build a strong foundation for the Heaven’s Leaf? How is that an infelicity to your clan? Maybe you are not on his side, but I don’t see why you need to lie about that! You are from the same clan after all. You share the same family name. Why do you have to be enemies to each other?” Ye Xiao asked.

“Pah! That faker in the City of Chaos is Ye Changqing! He is not Master Yunduan!” Qiao Wu looked pretty angry. “The true Master Yunduan is on my back right now!”

“We are never enemies. Ye Changqing is just an unfilial son of the Great Ye Clan! He is a traitor!”

When he mentioned Ye Changqing’s name, he gritted his teeth so hard.

“Oh?” Ye Xiao was truly surprised.

He knew that these three men were hostile to Ye Changqing after hearing what they said during the fight. However, he never knew things were this complicated!

According to Qiao Wu’s words, the man who accused Ye Xiao of being the faker was also a faker!

Wasn’t it unbelievably ridiculous?

...

It was a safe trip back to the Monarch's Hall and the Heaven's Leaf. They didn't encounter any enemies. Ye Xiao finally got to know the truth about the fake Ye Yunduan. He even heard many things inside the Great Ye Clan.

"Not long ago, it was time for the Great Ye Clan to return to the martial world as the Great Master Ye promised to the five Sky Kings. The Great Ye Clan had been away for a hundred thousand years, so we had to send somebody over to gather information... Ye Changqing was the man who was assigned to this mission... However, the bastard dog... He actually did such shameless things... Unforgivable!"

When Qiao Wu mentioned Ye Changqing, he was so angry that his chest almost exploded. He would curse with the most unspeakable words.

The other two men kept their heads low, pretending not to hear it.

'Bastard dog?'

'Come on... Ye Changqing is a member of the Great Ye Clan... You don't want to call the entire clan dogs, do you? Brother Wu is always careless... I should pretend to be deaf today...'

"Master Ye Yunduan is the heir of the clan. Ye Changqing is not the oldest son of our chief... He was always obedient and nice back in the house, and we liked him a lot... That was why we sent him to gather information... Unexpectedly, as he came out, he was totally different. He did all the unforgivable things! That is inordinate..."

Ye Xiao finally understood.

'It turns out the Ye Yunduan I knew is not Master Yunduan, but a shameless faker. No wonder he has just brought four guards with him. They are good guards, but not powerful enough...'

'I was confused... The Heaven's Leaf had been gone for one hundred thousand years. How come the descendant would be so unspeakably weak.'

"Oh, he is not the oldest son..." Ye Xiao's eyes lit up. The man who called Ye Xiao a faker turned out to be a worse faker!

That was ironic.

"Ye Changqing took four guards with him. Something happened in the valley where our clan has been hiding in. The Great Master Ye set an entrance that connects the valley and the outside world. Suddenly, the rock moved and blocked the entire valley. The rock was the gate, which was unimaginably heavy. It shut down the entire valley.

"Luckily, we knew the rock well enough. Our superior cultivators spent a few months to destroy the rock bit by bit... We didn't hear anything from Ye Changqing, but we didn't think it was a problem because the clan was blocked by the rock... We have sent people out to find him, but our men are missing... In the end, the ten of us came with Master Yunduan..." Qiao Wu looked pretty angry.

"As we arrived at the City of Chaos and found Ye Changqing, he gave the chair and power to Master Yunduan. I thought he was still the humble and respectful young man. However, he was actually a f\*cking wolf with a cold heart... He... He actually..." Qiao Wu was too grieved to continue.

“Did he poison you?” Ye Xiao smiled and asked.

It wasn't difficult to guess. What Ye Changqing could do was nothing but usual sneaky strategy. It wouldn't surprise Ye Xiao, would it?

“That's right! He did, but not just poison...” Qiao Wu raged up and said, “The f\*cking ungrateful bastard fed his older brother Power Constraint Powder, Poison Dragon Dan, Lifeless Powder, and Energy Hindering Poison at the same time. The bastard used over ten of the most powerful poisons on Master Yunduan by putting them into his food!”
