Chapter 1801: Accept the Head-on Battle

Within ten days, the Tiger Unit, the Ox Unit, and the Rat Unit arrived to support the Dragon Unit. The Monarch's Hall was getting stronger and stronger in the battle. After some days, both sides had lost a lot of lives.

The Monarch's Hall had great support from Ye Xiao's supreme dan beads, but his men had to stay alive first. Nothing could save a dead man on the battlefield. The Hall of Returning Nature knew what Ye Xiao was capable of, so they took the strategy to deal with it. People on the Hall of Returning Nature's side would either make no attacks or lethal attacks. They were not sparing any lives of the enemies.

People all knew what would happen if they let a dying man on the Monarch's Hall's side flee away from the battle. No matter how severely he was injured, he always returned in the perfect state soon!

The four units of the Monarch's Hall kept fighting the Hall of Returning Nature. It became quite a bloody mess when the battle began. Within a day, everybody was lost in the killings. Tens of thousands of miles of the land in the Limitless Ocean became a battlefield.

The second day, many towering mountains collapsed and lakes appeared because of the destructive power of the battle. However, after the second day, the lakes were gone and the mountains were back...

It had been ten days. Lei Dongtian, the head of the Tiger Unit escaped death for fifteen times. His subordinates kept saving him from the battle, but as soon as he recovered after eating the dan beads, he rushed forward to the fight again...

He had been watching his men being killed, and that totally irritated him. He raged up like a mad man, rushing into the battle regardless of his own safety.

He was the weakest among the twelve leaders of the Twelve Units because he had stayed outside the Monarch's Hall for a long time.

As he fought bravely in this battle, people of the Monarch's Hall all respected him!

A leader who could risk his own life to fight alongside his brothers deserved respect from all!

Whenever Lei Dongtian was dying in the battle, people from the Monarch's Hall would give up their lives to save him. People of the Hall of Returning Nature had planned to kill Lei Dongtian, but they failed again and again. Whenever they forced Lei Dongtian to a dead end, people of the Monarch's Hall would risk their lives to get involved and save the man. When Lei Dongtian recovered from his severe injuries, he always got back to the fight as soon as he could.

He killed his enemies and saved his men. He got injured and returned from death, again and again... Many superior cultivators of the Hall of Returning Nature felt scared when they saw this mad man!

After Ye Xiao went out as the One Meter Higher Sky, the Monarch's Hall became stronger and stronger. The four units that were fighting this battle had nearly fifty thousand men in total. However, at the end of the battle, the four units had only one thousand men left!

Ye Xiao gave them a lot of dan beads, but not all of them could be saved. Only some important ones would surely get the dan beads.

Whoever survived the fight, they must be good. Everyone was beyond the Saint Origin Stage. With the dan beads, they were shockingly powerful in the battle. As they fought longer, they became crazier. The Hall of Returning Nature was also getting crazier at the same time.

The Hall of Returning Nature had lost about sixty thousand men in the battle against the four units of the Monarch's Hall, more than the Monarch's Hall did. They had killed most of the people of the four units, but no matter how they tried, they just couldn't defeat the small amount that was left.

In the end, the Hall of Returning Nature sent their best to join the battle, the Three Phoenixes.

This time, two of the Three Phoenixes joined the battle.

The Red Phoenix and the Golden Phoenix arrived at the same time. The Tiger in the Dream came with them!

These three were so powerful that their arrival became a huge threat. Long Tiansheng gave the order to retreat immediately and sent a message back for help.

Meng Youjiang, the Head Master of the Department of Battle of the Monarch's Hall made an immediate decision. He, followed by the One Saber, the Dark Evil Spirit, Bai Long, and the Seven Stars Warriors, led their best men to join the battle. At the same time, another four units left the Monarch's Hall for the battle!

The last four of the twelve units that had been hiding for a long time finally made their move in the dark. They were fighting their corners in this battle.

More and more people were joining the battle, and it became more and more miserable.

As the high-level cultivators joined the battle, fewer and fewer people died. The Hall of Returning Nature knew that the Monarch's Hall had sent more men to fight, and these men were all high-level cultivators. Therefore, both sides sent their best men to fight the last part of the battle. People died as well but fewer!

Neither of them would like to see these men die because every single one of the high-level cultivators was a treasure. Losing ten thousand ordinary men was better than losing one high-level cultivator.

The battle kept going in those days. High-level cultivators wouldn't attack blindly. They wouldn't try to challenge the enemy who was much stronger or kill those who were much weaker than themselves because it was dishonorable. Not many people died because they couldn't just kill whoever they could kill.

The Monarch's Hall was winning though. High-level cultivators not always get killed. They always got severely injured and the fight stopped. The Monarch's Hall had a lot of supreme dan beads, which meant they didn't fear for injuries. As the battle went longer, the Monarch's Hall was more certain to win.

However, at this moment, the prime master of the Monarch's Hall was in his unique meditation! He just stood there for three months!

Without the presence of the prime master, Meng Youjiang didn't dare to push the enemies too hard. He was afraid the enemies would attack at the same time, and he knew that his men weren't powerful enough to resist those attacks at the same time. Besides, the Hall of Returning Nature had only sent a small part of their good men to fight, but the Monarch's Hall had already sent seventy percent of their main force!

PrivateBin – Parce que l'ignorance c'est le bonheur

Chapter 1802: Unpromising

Chihuo was taking charge of the headquarters of the Monarch's Hall. The Flower King was guarding Ye Xiao. Xuan Bing, unexpectedly, became the commander of the entire Monarch's Hall.

She was Ye Xiao's lady, and she was new to the Monarch's Hall. In fact, it didn't seem like she could earn the trust of everybody.

However, a few months earlier, she just reached the first level of the Immortality Stage, and she had defeated the leaders of six of the twelve units in combat. She was as powerful as Rong Ke'er. It brightened everybody's eyes in the Monarch's Hall!

Lady Rong Ke'er was recognized as the most powerful female cultivator in the Monarch's Hall, as powerful as her husband, Meng Youjiang. In fact, she was already at level three of the Immortality Stage. Xuan Bing was only at the first level of the Immortality Stage, but she managed to fight on equal footing against Rong Ke'er! It shocked everybody!

Xuan Bing was not the only one who shocked the Monarch's Hall. Shuang and Han were only at level six of the Saint Origin Stage, which meant they were only at a normal level in the Monarch's Hall. However, as they fought side by side, it shocked everybody. They were actually a good match against an Immortality Stage cultivator! It was astonishing. It was understandable that they became more powerful while fighting side by side, but it was unbelievably shocking that two level-six Saint Origin Stage cultivators stayed undefeated in the fight against an Immortality Stage cultivator. It was sick!

Ye Xiao was lost in his own cultivation. If he knew what happened, he would be shocked and impressed as well. People who came from the lower realms improved faster than native cultivators, and they always did a better job in practical fights. He shouldn't worry about Ning Biluo, Zhao Pingtian, and the others too much!

The native cultivators were shocked when they saw Xuan Bing and the two ladies. In fact, when they saw Ning Biluo, Zhao Pingtian, and Liu Changjun, they would be more astonished!

Shuang and Han were assisting Xuan Bing to lead the people of the Monarch's Hall at the moment.

The first order from Xuan Bing was for Bu Xiangfeng. He was sent to join the battle with his subordinates.

Xuan Bing knew that Meng Youjiang made the right decision, but it was too dangerous. The Monarch's Hall was improving fast. It was true. However, the Hall of Returning Nature was the most powerful force in the Limitless Ocean. She couldn't be careless!

Meng Youjiang didn't really dare to have a full-contacted battle. If he sent everybody to the front lines and started a fight on all sides, the Monarch's Hall would lose its advantage, and the Hall of Returning Nature would get a good opportunity to make use of their strong power. The Hall of Returning Nature wouldn't hesitate if they had a chance to finish it once and for all.

Things weren't promising for the Monarch's Hall!

Meng Youjiang was losing it. He didn't dare to fight! Things were getting worse!

If the last and the biggest fight started, the Monarch's Hall would definitely lose!

Xuan Bing wanted Bu Xiangfeng to join the battle as soon as possible because she wanted Bu Xiangfeng to slow down the enemy's paces.

Xuan Bing was wearing white clothes, walking out of the Hall of Life and Death, staring at Ye Xiao who was still standing still. She was tired.

"Master Chi, I think we need you to go now." Xuan Bing sighed.

Chihuo nodded. "I see. Should I go now?"

Xuan Bing nodded.

Chihuo and the Flower King were staying in the headquarters, not because they couldn't leave for the fight, but because they weren't good enough to change the situation.

Xuan Bing knew that the Hall of Returning Nature had its own Undead Stage cultivators too. Chihuo wasn't powerful enough to defeat them.

An Undead Stage cultivator like Chihuo was important for any forces. Nobody would allow losing a man like him. As long as Chihuo didn't show up, the Hall of Returning Nature wouldn't send their Undead Stage cultivators out as well. In other words, if Chihuo joined the battle, the enemy would send their best men as well!

The Fortress of Trees in the Hall of Life and Death was unbreakable. Everybody knew it, but they were fighting outside. The Hall of Returning Nature had made sure the battle was eight thousand miles away from the Hall of Life and Death!

The Hall of Returning Nature would lose many people, but they would love to lose as many people as it took to draw out all the powerful men of the Monarch's Hall!

For the Hall of Returning Nature, taking the Monarch's Hall down was the priority! Nothing else mattered!

"Kill the Monarch's Hall! The Fortress of Trees of the Hall of Life and Death will be our new headquarters!"

Young Master Meng said it himself in the Hall of Returning Nature.

The Hall of Returning Nature was making continual waves of attacks. The Monarch's Hall had to send more men out to support their people.

The Monarch's Hall had to jump in the trap!

"Lady Xuan Bing, I am willing to go to the front lines. However, there is one thing we must know. We are losing this battle." Chihuo took a deep breath and said, "When I leave, you should seal the Fortress of Trees. If we fail, don't let anybody get in! Otherwise, the entire Monarch's Hall is ruined."

Xuan Bing gritted her teeth and nodded. "I see."

She looked at Ye Xiao, and she was determined.

Ye Xiao had spent so much to build this place. She couldn't let it get ruined.

Chihuo looked at Ye Xiao and made a helpless sigh.

"In fact, when Lord Monarch came back, he said it. We are improving fast, but we are still much weaker than those influential forces. I feel like I can still hear his words resounding in my ears. Look at us now... It happened too soon."

...

[Realms In The Firmament](#)

Chapter 1803: Dangerous Moment

"It makes me sigh. I didn't really support his opinion but I should. It appears that the tens of thousands of years in my life didn't give me great views. I just reached the Undead Stage, and I was lost in arrogance..." Chihuo smiled bitterly and said, "Oh... If Lord Monarch is with us now, we may have a chance to win... Gosh!"

He made a long sigh.

He wasn't the only one who became complacent about the fast improvement. People in the Monarch's Hall had all improved fast. Even the weakest ones, the least talented ones, had improved greatly.

Ye Xiao had given them some good martial arts, and that only made them even more complacent.

Everybody in the Monarch's Hall felt so good. They only respected their own people in the Monarch's Hall, nobody else.

They all knew it could be just an illusion, but they just couldn't resist it. They were lost!

Ye Xiao had warned them, but they didn't listen. When the enemies came, they finally woke up. They realized that the Monarch's Hall wasn't strong enough at all...

If Ye Xiao wasn't lost in his own cultivation, he might lead the Monarch's Hall to victory.

People of the Monarch's Hall had faith in him!

Maybe they were blind, but they truly were filled with admiration for the young Lord Monarch. Nobody in the Human Realm Upon Heavens could surpass this young man!

Things could be unexpected sometimes.

Before the big war started, Ye Xiao was lost in his own cultivation. He was totally blocked!

He just stood there for three months without moving!

When they faced the Hall of Returning Nature for the first time, they were confident because they believed their great Lord Monarch would come back in a few days. Besides, they thought they were powerful enough to deal with the enemy's attacks!

The problem was... It wasn't as they expected, was it? As time went by, the Hall of Returning Nature was winning. They finally realized how powerful the enemy was. Ye Xiao didn't come back!

It was an extremely dangerous moment for the Monarch's Hall!

If not, why would Xuan Bing send out all the good men to the battle?

The Poison King had done a great job by poisoning three groups of superior cultivators, so the enemy didn't dare to attack anymore... That was lucky...

The Monarch's Hall was empty. That was the worst situation.

The Flower King was still at the headquarters with Xuan Bing and the other two ladies. That was all. The others all went for the fight!

If Ye Xiao was here, he wouldn't allow it. He wouldn't send all of their men out for battle.

However, he wasn't with them. Things happened when he was absent.

Chihuo didn't say more words. He became a flash of flaming light and disappeared in the sky.

People of the Guardian Hall went with him.

Xuan Bing watched Chihuo off, and she was worried.

The Fortress of Trees was an empty place. Yue Shuang, Yue Han, the Flower King, and Xuan Bing stayed with Ye Xiao. That was all!

It was great that Ye Xiao was going to have a breakthrough.

However, it was just a bad time.

It was a bad time for the Monarch's Hall, and it was unlucky for them all.

Nobody said anything and just sighed.

Before Ye Xiao was lost in the breakthrough, nothing happened. When he was gone, and the leaders in the Monarch's Hall all cheered for him, the enemies attacked.

The Hall of Returning Nature didn't plan this. It was just a coincidence. It was unlucky for the Monarch's Hall, and nobody knew what to do anymore! In fact, the Hall of Returning Nature panicked as well!

Ye Xiao was in his personal world, having a breakthrough. If somebody tried to wake him up, it would only impede his breakthrough!

Everybody knew it was a bad idea.

...

Xuan Bing looked at the flowers grow and fall again and again. It had been snowing for three months. She looked in the distance and saw the entire city buried in the white snow. She was worried.

“Master Flower King...” Xuan Bing said.

The Flower King shook his head and said, “I am not going. I promised Lord Monarch. If I am going to die, I must die for something valuable.

“Lord Monarch gave me my second life. I will spend my life to protect him, his beloved ones, and his Monarch’s Hall. If he can’t make it back in time, I will die protecting you.

“Death doesn’t frighten me. I can’t break my words.”

Ye Xiao told the Flower King that he should always protect Xuan Bing and the two ladies. Nothing else mattered!

Xuan Bing wanted him to join the battle.

The Flower King refused.

The enemy was well prepared. If he went, he would die with the others. The enemy would make it to the headquarters of the Monarch’s Hall sooner or later. He decided to stay because he wanted to keep the ladies safe.

His last attack would be the Ten-thousand Flowers Withering. Before he could do the last attack, nobody could hurt the ladies.

He promised Ye Xiao.

He must keep his words!

...

[Realms In The Firmament](#)

Chapter 1804: Dead End

Xuan Bing stayed on Ye Xiao’s side for a long time. She sighed and sighed. She couldn’t help thinking, *‘When are you going to come back to me, Master...’*

In the heavy snow.

Xuan Bing was lost in her thoughts, and she didn’t notice that Ye Xiao seemed to move his eyelids a little after standing for three months...

...

On the other side, it was a battle of fire and blood!

Lei Dongtian was walking out of the scorching fire, and he was staggering. His face was pale, and blood kept coming out of his mouth. Gui Wuya, the leader of the Rat Unit was with him. They were both in a bad situation. Both of them were breathing heavily.

After them, dozens of men, who were severely wounded, followed. Some of them were crawling away from the fire.

The two units fought the battle together. With the support of the supreme dan beads, they survived the horrible fight and killed most of their one thousand enemies.

However, eight hundred men of their own died, even with the great support of the supreme dan beads. The two units didn't have many men to sacrifice. What was worse, they had used up the supreme dan beads for it!

Ye Xiao had given them a lot of supreme dan beads as storage for war and rewards to credits, but still, they didn't have enough to fight the battle against the enemy that had much more men than they did.

The Monarch's Hall didn't have the supreme dan beads to keep bringing its men back to their prime states anymore. People of the Monarch's Hall weren't lucky anymore. They were going to die one by one in the fight!

Feng'er was severely injured. She was in Lei Dongtian's arms. She was half-conscious and was covered with bloodstains.

"Good!" Lei Dongtian was shedding tears. He looked at the people around and suddenly burst into laughter. "Brothers, truth be told, I was only at the Divinity Origin Stage, struggling for my life in the Limitless Ocean. It wasn't good, but I didn't expect more. When I heard that the Hall of Returning Nature was coming, I panicked. I didn't even dare to mess with their cook! What about you? Were you the same? Did any of you dare to challenge the Hall of Returning Nature? I admire you if you did!"

All of the men around him laughed. Some were so badly injured that as they laughed, they coughed and spat out blood. However, nobody stopped laughing.

"Master, don't overestimate us. We were nobody in the Limitless Ocean. If the superior cultivators spared our lives, we still had a chance to live. If they didn't, we died at any second. They could easily kill us with a cough. It was a joke to challenge the Hall of Returning Nature! Hah hah."

Lei Dongtian laughed and said, "Did you ever thought that you would fight the Hall of Returning Nature face to face? Could you imagine we would be winning at some point? We killed their men, and we survived! Could you believe that?"

"We wouldn't dare to even dream of it!" They laughed again.

"We did it, didn't we?" Lei Dongtian shouted and said, "We did what we didn't even dare to dream of! Brothers, shouldn't we feel good about that?"

"Good!" They shouted.

"Hah hah hah hah..." Lei Dongtian laughed and shed tears. "I don't know about the others. As for me, the past three months leave me no regrets! I won't regret it!"

“The great Lord Monarch kindly gave the three great months to us!” Lei Dongtian shouted and said, “I, Lei Dongtian, would love to die for the great Lord Monarch!”

“We will follow Master Lei to death without any regrets!”

Everybody shouted after him. They were all severely injured. Some of them couldn’t even stand firmly. However, as they shouted at the same time, their spirit shocked the entire world!

They were determined. They were willing to die!

Gui Wuya had a complicated feeling. The image of his grandfather appeared in his sight. He shouted and said, “Brothers in the Tiger Unit are heroes! What are we? Are we, the Rat Unit, all rats? We are not rats! We terrified the enemies!”

“We die fighting! We follow Master Gui, and we die for the great Lord Monarch! We terrified the enemies!” The Rat Unit people all shouted!

They were determined.

“Take some rest! Prepare for the next fight!” Gui Wuya gave the order and then sat on the floor.

He sounded heroic, but he was really powerless at the moment.

Manpower was consumable. Gui Wuya was exhausted. He couldn’t fight anymore. In fact, nobody could. When the enemies took the next wave of attacks, they died!

However...

‘I am a member of the Monarch’s Hall!’

‘I am also a monarch!’

‘I won’t give up!’

‘A monarch dies fighting! A monarch never surrenders!’

People of the Monarch’s Hall were all severely injured.

“Brothers of the Ox Unit... Count off!”

“One!”

“Two!”

“...”

“Ninety-eight!”

...

That was it.

The Ox Unit used to have almost sixty thousand men, and now it was only ninety-eight. They had less than one hundred men left!

It meant that the Ox Unit had lost some of its original members!

The other units were in similar situations. The best unit had only about three hundred men.

Everybody was injured. Everybody fought while covered with blood and wounds. However, there was no depression or despair.

They were still in high spirits!

“Look at these men... They are all so well disciplined... They are dying, yet they are still fighting in high spirits. They are loyal... Lord Monarch is truly a capable man!

“With an army like this, the Monarch’s Hall will rise to the top of the world sooner or later!” Chihuo sat down and looked at the men of the Monarch’s Hall who survived the bloody fight. “If these men can make it back safely, they will become top-level cultivators of the world. However, there is no time for them...”

On the other side.

The Seven Stars Warriors were sitting together.

Their clothes were wrecked. They were bleeding. They were severely injured and exhausted... However, none of them left. They kept the power formation going.

Li Wuliang’s eyes were sharp, and he knew what was going on. *‘We are exhausted. When the enemies come again, we have to use the last technique that Lord Monarch taught us.’*

‘The Explosion of the Seven Stars!’

Realms In The Firmament

Chapter 1805: The Unyielding Monarch’s Hall

It was the most powerful technique of the Heavenly Seven Star Formation. However, to run such a powerful strike, the seven men had to sacrifice their lives. They wouldn’t hesitate.

They had already fought even with the most powerful organization in the Limitless Ocean. They had nothing to regret. They were fighting the Hall of Returning Nature, which influenced the entire Human Realm Upon Heavens!

Other than the five Sky King’s royal force and some other hidden powerful sects, the Hall of Returning Nature was the best in the world.

...

The four units, who had been hiding, weren’t having a good time either. They had done a lot of work when they were undercover, but nearly everything was ruined.

No matter how good they had covered themselves, the enemy was always alerted. Many of them were exposed, and they also had lost a lot of good men.

The four leaders of these units were hesitating... They didn’t know whether they should stand out and die with their brothers or just stay undercover to earn other opportunities in the future.

“We are members of the Monarch’s Hall, and we will be the ghost of the Monarch’s Hall! We are monarchs! We will always be! We never surrender! We never yield!”

“We die fighting!”

...

The Dark Evil Spirit was gasping, frowning, holding his own leg which was severely injured. Cold sweat ran down from his forehead. He fixed his leg with his bare hands, and then tied it on a straight stick.

He hadn’t used such an old-fashion way to fix his broken leg for a long time. It was easy to become rich from poor, but it was extremely difficult to become poor from rich. He had been improving fast since he followed Ye Xiao. To fix a broken leg, he just needed to eat some dan bead... He hadn’t been through such physical pain for a long time... The dan beads were used up. Even if he still had some dan beads, he would save them for their brothers who needed them more!

Was it really not a serious wound?

The Dark Evil Spirit was sweating heavily. His face turned colorless, and he kept taking a cold breath. He didn’t groan.

It wasn’t serious, so he couldn’t groan!

“Bai Long... The next fight, we will be brothers bonded by death.” The Dark Evil Spirit took a breath and smiled. “We will always be brothers!”

Bai Long was too weak to breathe deeply. Half of his body was broken. He wasn’t sober. He murmured, “That’s right... Brothers... Well, it is a shame... What a shame... We still haven’t paid Lord Monarch’s favor back yet... I don’t want to die like this. It is such a shame. I haven’t done anything for him yet...”

The Dark Evil Spirit didn’t speak. He made a deep sigh and said, “When we are down to the netherworld, let’s gather up all the dead cultivators together. Let’s build an army of the dead and fight for Lord Monarch!”

Bai Long smiled bitterly and said, “Well, if the netherworld really exists...”

He almost passed out. He couldn’t hold on anymore. “Dark, if I die first, tell Lord Monarch that I will always follow him, this life or the next!”

The Dark Evil Spirit said, “That’s right, me too. I will follow him. I always will!”

Bai Long didn’t respond. The Dark Evil Spirit looked over and saw Bai Long in a coma...

...

In the camp on the other side of the battlefield.

The Golden Phoenix gritted her teeth. Her face turned pale and green.

She was such a beautiful lady, but now she didn’t look like one. She had blood all over her clothes, covering the beautiful scent of her cheeks.

Her famous suit, the Golden Suit, should be indestructible in a fight. Even a level-nine Saint Origin Stage cultivator couldn't break her suit. However, it became some wrecked pieces of cloths!

A super-powerful war suit was actually broken in the battle!

The wounds on the Golden Phoenix were also terrifying. Her left hand was soft. Her left shoulder was broken. Her left leg was bent, and her bone was sticking out of her skin. It was frightening. Read comics on our webnovel.live

No matter how beautiful she used to be, with these wounds, she wasn't attractive anymore!

People were busy taking care of her wounds, but after a long time, they still couldn't fix her.

The Golden Phoenix was seriously wounded, but she was still awake. The Red Phoenix had lost consciousness for a long time. She was in a coma, but she was still groaning...

The battle had just finished. Chihuo, Bu Xiangfeng, and Meng Youjiang rushed into the group of good men of the Hall of Returning Nature. They rushed right through those men. Meng Youjiang operated his powerful strike, the Great Wind, to fight with his life on the line. Bu Xiangfeng helped him, and together, they put down the Red Phoenix.

Chihuo made a powerful attack, A Thousand Miles Red Land, which crashed the Gold Phoenix. If the Tiger in the Dream didn't show up in time to save the two ladies, these two would definitely die!

As the Tiger in the Dream arrived, two powerful guards followed. The two Undead Stage guards immediately made a counterattack to take away the advantages that Chihuo had just earned. If Chihuo wasn't an Undead Stage too, he would have died under the two powerful guards' attacks!

"Well done, Monarch's Hall!" The Golden Phoenix was full of hate, but she was impressed. "I never thought that we actually have such a powerful enemy in the Limitless Ocean! I am impressed that you could actually cause such damage to us!"

People of the Monarch's Hall weren't powerful.

They were loyal and brave!

Everyone was loyal and brave!

The Golden Phoenix was impressed, and she didn't understand.

People of the Monarch's Hall had the supreme dan beads, so they were fearless in battle. However, many of them had died, and they should know that it was possible for them to die. The supreme dan beads were gone. They should be broken down. In fact, none of them was broken down. They were still fearless. Everybody fought with their lives. The Golden Phoenix had fought many battles in her life, but never had she ever seen anybody who was as brave and loyal as these people! She was stunned!

The Golden Phoenix was such an experienced cultivator. As she knew, even the Royal Guardians of the five Sky Kings couldn't be as brave and loyal as these men of the Monarch's Hall. The Monarch's Hall actually did something nobody else could!

Realms In The Firmament

Chapter 1806: The Last Moment

What upset the Golden Phoenix mostly was that... The Hall of Returning Nature had sent spies to get into the Monarch's Hall, just like they did to the Guan Clan and the Great Ye Army before. However, when the fight began, the Hall of Returning Nature didn't get any response from their men in the Monarch's Hall, even though they kept sending signals. The Golden Phoenix knew a few of them, and she saw them, but they just didn't respond to the signal. In fact, those men had become loyal to the Monarch's Hall!

She didn't understand why her own people would turn against her!

It was so weird!

Perhaps, they had decided to stay undercover for further goals, but they seemed to be dying for the Monarch's Hall! How was that going to serve any further goals?

These people had become loyal members of the Monarch's Hall!

The Golden Phoenix was confused, but she at least understood one thing. She couldn't let the Monarch's Hall exist!

An organization like that, which was united, powerful, and spirited must be a huge threat to the Hall of Returning Nature! All the Monarch's Hall needed was time. When it truly rose in the world, even the Hall of Returning Nature couldn't compare it!

It was definitely a huge threat to the Hall of Returning Nature!

She knew it was necessary to destroy the Monarch's Hall once and for all!

"Rest for half a day!" The Golden Phoenix gave the order. "Recover yourselves! After that, we make the final attack! All of us go out together! We will destroy them!"

"Half a day isn't enough." The Tiger in the Dream said, "We are exhausted. Our backup won't arrive before tomorrow. If we make the final attack in half a day, maybe we will destroy the Monarch's Hall, but most of our men will die. No more than five hundred will survive. It is too much a cost. We can't afford it!" The Tiger in the Dream said.

The Golden Phoenix gritted her teeth. Her eyes shined in cold lights. She said, "Tiger, the longer it takes, the more dangerous it becomes. Don't you understand?"

"Yes, I do. But we just can't do it." The Tiger in the Dream bitterly smiled and said, "If we do this, I can make sure I am safe, but you and Red will die. The three of the eight Sky Masters and the last one of the Four Kong Warriors will die too!"

"I don't care about the others, but you guys can't just die like this... What do I tell the Young Master? You are important to him. He won't let you die." The Tiger in the Dream finished talking.

The Gold Phoenix was shocked. She didn't say anything but made a long sigh in the end.

...

In the House of the Chaotic Storms.

– Pah! –

Master Bai clapped on the table. He angrily said, “What is wrong with Ye Xiao? I believed in him! I thought he was my destined opponent! How come he is losing this? What is going on?”

He frowned and said, “The Monarch’s Hall has a lot of supreme dan beads. How come they are losing so fast? Even though the Hall of Returning Nature may have some help from the third party, the Monarch’s Hall should have done more than just these. Why were they just keep having a face-to-face conflict? I don’t see any schemes at all... Those units were making good moves in the beginning, but most of the time, they just rushed into the battle and fought unwisely... Why did he make such stupid decisions?”

Wan’er didn’t say anything. After a while, she said, “Maybe... Maybe Ye Xiao isn’t commanding...”

Xiu’er said, “That’s right. I have a feeling. It doesn’t look like what the Xiao Monarch will do.”

Master Bai frowned and said, “Well, it doesn’t, but... This is important for the Monarch’s Hall. It decides its future. What reason does Ye Xiao have for not commanding his army by himself? Besides, he is losing! Shouldn’t he do something?”

Wan’er and Xiu’er were both quiet.

That was right. It was such a good question.

Even if Ye Xiao wasn’t commanding in the beginning, he should do it now as the Monarch’s Hall was going to lose the war soon. It didn’t make sense. If Ye Xiao showed up two months earlier, things wouldn’t become so bad for the Monarch’s Hall!

However, it did happen!

Master Bai was so smart, but he was confused at the moment!

He knew something was wrong, but what was it?

“Is he... Is Ye Xiao dead?”

Master Bai murmured.

The two ladies looked at each other. They were shocked.

‘Master is having a bold guess. It could be true. However, if Ye Xiao is dead, how come his men are still so loyal to him? Sacrificing their lives for a dead man? It doesn’t make sense! Is it possible?’

‘Why? What happened?’

...

The morning wind blew away the blood mist in the air.

After one night, people on both sides got some power back. No matter how severely wounded they were, they were beyond the Saint Origin Stage. Their recovery was faster than normal people. As the

wind blew away the fog on the mountain, people started to stand up, with the dry bloodstains on the body.

Their eyes were looking to the direction where the City of Chaos was located.

Their eyes were clear.

They all looked in the same direction but didn't say a word.

'Lord Monarch!'

'After today, we can't fight with you anymore!'

...

Qiu Luo stood up from a bush. He waved a hand and collected some dew in his hand. He drank it up and washed his face.

While he was washing his face, blood rushed up through his throat. He spat it out and nearly fall down.

He staggered and said, "After this fight today, I will go to meet my wife. I should clean myself up, or she won't recognize me..."

...

In the air, all that could be heard was silence. It was the sound of death.

After a long while, the Poison King stopped calling for poisonous beasts. He smiled bitterly, "Within thousands of miles, there is not even one poisonous thing..." He breathed a sigh and started to run his martial art.

[Realms In The Firmament](#)

Chapter 1807: Ready to Go!

The Poison King's special martial art was the Worldly Poison Art. It was magnificent, but the Poison King wasn't so powerful. He had been fighting so hard, and he was exhausted. However, nothing could stop him.

This might be the last fight in his life.

He felt sad that he was going to fail Ye Xiao. He used to think his Worldly Poison Art could shake the Human Realm Upon Heavens someday...

Suddenly, there was a wave of the strong wind howling over.

It was some kind of killing power.

Somebody was speaking.

"Attack!"

It was the Tiger in the Dream.

The enemies started to attack in all directions. The battlefield was going to be in cloudy chaos.

Not only the Hall of Returning Nature was going to attack but also the Monarch's Hall. Everybody heard the word.

People of the Monarch's Hall all stood up, trying to stand straight, no matter how serious they were injured.

In their eyes, there was braveness.

'Let it come!'

'The Monarch's Hall is afraid of nothing!'

Everybody tried their best to stand up.

People of the Monarch's Hall were always monarchs!

They would accept death, but never humiliation!

It was the order of the Lord Monarch!

It was their last time to fight for the Monarch's Hall! They had to do their best!

...

The killing power was approaching. It covered the entire thirty-thousand-mile area.

Apparently, the enemies were leaving no way for anybody to flee!

The Monarch's Hall had to fight or die!

More men of the Hall of Returning Nature had arrived. It wasn't fifteen thousand men, but fifty thousand!

Fifty thousand men besieged the three thousand wounded men of the Monarch's Hall.

The Monarch's Hall was going to lose it!

The enemies were moving fast, but they became more and more oppressive.

They slowed down on purpose. They were trying to mentally break down the people of the Monarch's Hall.

Chihuo made a long shout and flashed away with a long stream of fire, and then he appeared on top of a mountain.

"People of the Monarch's Hall!"

"Yes!"

"I am Chihuo! Today, who wants to fight with me?"

"I do!"

"I do!"

“I do!”

“...”

“Everybody stood up and tried to shout. Some could only make a weak sound, but they did it. The determination and courage were incredible!”

Chihuo laughed. He was glad!

At the moment, somebody spoke indifferently. The voice came from somewhere far. “Chihuo, you are going to die. I didn’t know you could be so heroic. You do deserve the title of the Seven Colored Lords. You are the weakest, but still, you are better than most people. To be honest, I am impressed!”

That was full of disdain and sneer.

Chihuo laughed and said, “That is none of your business!”

Everybody else of the Monarch’s Hall laughed so loudly.

That was a good response.

The enemy didn’t know what to say.

*‘I am the weakest, so what? None of your f*cking business!’*

*‘I am talking to my people, my brothers! What the f*ck are you doing? You don’t get to talk!’*

The enemy became fierce. “Chihuo, would you dare to come and fight me? Are you going to be a coward to the end of your life?”

Chihuo laughed and said, “Who the f*ck are you? You are not the judge of my life. You want me to go out and fight you? Come on. You are nothing. I know I am going to die here, but I won’t waste my time on you. What I am going to do is to kill as many of you as I can! I won’t kill less if I can kill ten thousand!”

Chihuo’s voice was full of anger. “Do you think I will go out and fight just somebody at this critical moment? Are you out of your mind? Or do you think I am out of my mind?”

The enemy was irritated. “You killed my men, and I will kill yours! I can’t believe you would talk like that! How shameless!”

Chihuo laughed and said, “Well, now I can see that you are out of your mind! My men will fight with me! They will do their best to stop you, and they will give me as many chances as they can to kill more of your men! Your men are rushing over to us now, which I would love to see!”

Everybody else was laughing with him. “Hah hah... That’s right! We want you to come! Bastards! Come now! We won’t be scared, because you will die first!”

The enemy stopped talking, but the murderous intent of the enemies became stronger.

Chihuo knew what they were planning. The Monarch’s Hall was besieged, and nobody was going to escape. It was done. However, the men of the Hall of Returning Nature were good cultivators.

If Chihuo focused on killing as many people as he could before he died, many of the people of the Hall of Returning Nature would die too.

If Chihuo exploded his own soul, he could kill many more men before he died.

The enemy wanted to irritate Chihuo, so Chihuo would go out and get lost in a fight against a few enemies. Even if Chihuo exploded himself, he wouldn't kill so many men of the Hall of Returning Nature. They would block the space around Chihuo to protect the others!

However, Chihuo knew what they wanted, so he didn't fall into their trap. He even decided to kill as many people as he could. That was the last thing the Hall of Returning Nature wanted to see!

"Well, if you insist, we will kill every single one of you!" The enemy stayed quiet for a while but eventually spoke the last word.

The Hall of Returning Nature moved faster.

The clouds were gone, and the army of the Hall of Returning Nature appeared.

Chihuo kept his hands behind the back, looking at the enemies in the sky. He looked casual.

"Brothers, it is our last opportunity. Let's see who will kill the most enemies. It is time!"

Chihuo made a shout and everybody was ready to fight.

The crowd was cheering after Chihuo spoke.

"That's right! Kill!"

"Kill as many as we can! Kill them all! Brothers, let's see who gets more heads..."

"Who dares to have this competition with me?"

"I am! Losers call the winner big brother!"

"Good! I am in!"

"Me too! I am in! I am going to be your big brother!"

The men were injured, but they were ready to fight now. One after another, they rushed to the sky.

In the sky, a man in golden armor looked down at these men indifferently. He waved a hand and said, "Ready!"

People behind him drew their bows.

They were ready to shoot!

The cold arrows were pointing at the men of the Monarch's Hall.

With an order, the tens of thousands of arrows shot out.

It was the God Slaughter Arrow!

It was one of the most powerful weapons in the Human Realm Upon Heavens!

Realms In The Firmament

Chapter 1808: Arrival of the Monarch

The Hall of Returning Nature was using the God Slaughter Arrow in all the archers' hands. One arrow rain and most of the people of the Monarch's Hall would die!

At this moment, a cold voice sounded somewhere. "Slash!"

With a clear sound, a stream of strong light moved in the sky, faster than lightning, moving over everybody's head.

The light moved unbelievably fast. Nobody knew if it was damaging or not, because even though it went over everybody, nobody bled!

After a while, there was a series of sound coming up... After that, people exclaimed.

The bows were all broken! There wouldn't be any arrow rain anymore!

The bows were broken, and they flew up to the sky. Many arrows hurt the men who were holding them.

The army of the Hall of Returning Nature was in chaos.

The God Slaughter Arrow was always powerful. Now that these men got hurt by their own arrows, and they couldn't stop groaning because of the pain!

At the same time, a wave of strong power was rising to the sky.

On the ground, there was snow and blood, mixed together. Suddenly, flowers started to blossom among the snow and blood, which was splendid.

A white shadow flashed over the sky. It was extremely fast, but whoever it was, the man was elegant. He was expressionless, but in his eyes, there was anger.

The man in golden armor wanted to say something, but he couldn't because he was too shocked.

'Ye Xiao!'

'How come he is here?'

'He hasn't shown up for a long time. Why does he show up now?'

'In fact, Ye Xiao is the leader of the Monarch's Hall. His people are going to die, so it is reasonable that he comes for the last fight... But... He looks even more powerful than Chihuo!'

'Is he also at the Undead Stage?'

'Was he trying to reach the Undead Stage for the last few months? Is it why he didn't show up?'

'That explains everything!'

"Lord Monarch!"

People of the Monarch's Hall all cheered up.

'Lord Monarch is here!'

'Lord Monarch has finally come!'

At the moment, even those who were too injured to move suddenly felt powerful, as if some mysterious power was given to them that supported them up.

'The great Lord Monarch is here! We have his great command now.'

'We won't regret this war!'

Ye Xiao didn't face the men of the Hall of Returning Nature. He stayed in the sky and blandly talked to his own men. "People of the Monarch's Hall!"

"Yes, Master! We are here!"

The response came from everybody, and it was so loud that it shocked the entire world.

"Everybody, gather up at the top of the mountain where Chihuo stands at!"

As he gave the order, people started to crowd over from everywhere. Suddenly, many people showed up everywhere and started to move as fast as they could to gather up at the top of the mountain.

These people were hiding, waiting to ambush the enemies. It frightened the man in golden armor.

It was a serious danger!

If the battle was started just like that, those wounded men were definitely going to die, but these hidden men would kill a lot of the men of the Hall of Returning Nature!

The Hall of Returning Nature had never thought that the Monarch's Hall still had a lot of men hiding away.

"Oh, it is the well-known Monarch Ye, isn't it?" The man in golden armor put a fake smile.

"Thank you, Monarch Ye, for showing us all your hidden men. It does save me a lot of time."

It was true. He was right.

If Ye Xiao didn't reveal these men, they would be a huge threat to the enemy, and they would cause great damage for sure. However, Ye Xiao told them to gather up, and that exposed them all.

They weren't so scary to the enemies once they were exposed.

The man in golden armor was sure that the Monarch's Hall had sent everybody out for this battle. Chihuo was here, and even the Xiao Monarch had come. The fortress of trees must be empty. He figured as long as he killed all these people here, the fortress of trees would easily become the Hall of Returning Nature's property!

The man in golden armor couldn't wait to finish this right now. The fortress of trees was empty, so any other forces could take it. The new Great Ye Army with the support of the Seven Golden Lotus was a powerful force in the city. He wouldn't want the Great Ye Army to take the fortress of trees while the Hall of Returning Nature was fighting the Monarch's Hall!

Everybody wanted the fortress of trees!

Ye Xiao was disappointed. He looked at the man in gold armor and said, "Who are you? Are you Jin Wei? The Golden Tiger?"

The Golden Tiger, known as the Tiger of Heavenly Gold, was as powerful as the Tiger in the Dream.

The two tigers were the Two Tigers of the Hall of Returning Nature!

The Golden Tiger was famous in the Limitless Ocean, but not many people knew his real name.

Jin Wei smiled and said, "I am flattered! Monarch Ye, you actually know my name."

He was stalking.

Ye Xiao broke thousands of bows with one strike. It was incredible, and it scared Jin Wei. Besides, his men were in a mess at the moment as the bows were all broken. Many people got hurt. The injury from the God Slaughter Arrow was serious. He needed time for his men to rest.

He was also waiting for the people of the Monarch's Hall to gather up so that he could kill them at once!

Ye Xiao's order was a great help to him.

He would love to see the men of the Monarch's Hall gather together. In that case, he could kill them at the same time easily!

He wouldn't want any of the Monarch's Hall people to hide away. He knew they were good at hiding.

He was afraid of those hidden men!

For him, Ye Xiao showed up at the wrong time and gave the wrong order. He believed the Monarch's Hall was going to die!

That was why he would love to wait.

[Realms In The Firmament](#)

Chapter 1809: To the End of Life!

He was waiting for the men of the Monarch's Hall to gather up like Ye Xiao said!

Ye Xiao stayed in the sky with both hands behind his back. He blandly said, "I heard about the name of the Golden Tiger. The Hall of Returning Nature is truly as powerful as people say, pushing my Monarch's Hall to such a desperate situation. Meng Wuzhen's men are good!"

Jin Wei's eyes turned fierce. "Nobody in the Limitless Ocean dares to call my young master in his name."

Ye Xiao blandly shook his head and said, "That was quite right before today. After this, I will spare one man of yours and let him go back to tell Meng Wuzhen something."

Jin Wei laughed and said, "One man? Hah hah hah... Ye Xiao, are you out of your mind? You are losing. How could you say that? I am impressed!"

Ye Xiao didn't argue. He just stared at the Golden Tiger calmly. His eyes scared Jin Wei, so Jin Wei stopped laughing.

The Golden Tiger wasn't a coward, but when he saw Ye Xiao's eyes, he felt scared for no reason.

He couldn't laugh anymore.

Ye Xiao blandly looked at him and said, "Why do you stop? Isn't it funny anymore?"

Jin Wei was irritated. He asked, "Can I ask you something? What do you want my man to tell my young master?"

Ye Xiao looked at him for a long time and then said, "As the leader of that army, you won't be spared. However, I don't mind telling you what I want your master to know. The Hall of Returning Nature has killed many of my men. They are my men! Nobody kills my men!"

Ye Xiao took a deep breath and continued, "I want to tell Meng Wuzhen that whoever did this will have to pay with blood!"

"Hah hah hah..."

Jin Wei laughed again.

'Does he really want to say that to Meng Wuzhen?'

'That is such a joke!'

'That is absolutely ridiculous!'

'Master Meng Wuzhen is a powerful cultivator, who is so powerful that even if you fight him together, he will defeat you all. Who do you think he is? He is the heir of the West Sky Kingdom!'

'He is the oldest son of the West Sky King!'

'The West Sky King loves him the most!'

'Even if you are powerful enough to kill him, will you dare?'

Ye Xiao coldly looked at him and said, "Is it funny? Fine. I am telling you and the world now. Me and my Monarch's Hall will fight against Meng Wuzhen to death!"

He was decisive, but not angry, and he sounded scary!

The Monarch's Hall would fight Meng Wuzhen to death!

It shocked the men of the Monarch's Hall too.

He was challenging Meng Wuzhen, not the Hall of Returning Nature!

That was different!

Everybody was shocked!

He had said it out, and he couldn't change it anymore.

Ye Xiao wasn't only challenging Meng Wuzhen, but also declaring war against the West Sky King!

When Ye Xiao was talking, he slowly turned around and descended on the floor. "In one hour, we fight!"

Jin Wei was shocked by what Ye Xiao had just said. He would never thought that Ye Xiao would actually say that. 'He is unforgivably audacious! How could he challenge the young master of the West Sky like this?'

'Has he lost his mind?'

'He either doesn't have a brain, or his brain is broken. How could he say that?'

Before he came back to his senses, he saw Ye Xiao landed on the ground and heard what Ye Xiao said to his men. Jin Wei's eyes flashed and he said, "You are a famous figure in this area. You must know that you can't break your own word. You said one hour, so I will wait for one hour. Let's have our last fight in one hour!"

He saw the men of the Monarch's Hall gathering up.

One hour was a short time, but in a battle like this, that wasn't long. He knew that the Monarch's Hall had used up their supreme dan beads. Even if Ye Xiao brought new dan beads, he wouldn't be able to cure all those people in one hour.

Jin Wei's men were injured by the broken bows, so he needed time for his men to rest anyway. He would love to wait!

Ye Xiao flew over to a man who was seriously injured. He looked around his people, and the flame of anger filled his chest.

However, he didn't show his anger.

Chihuo, the Seven Star Warriors, Qiu Luo, the leaders of the Twelve Units, Meng Youjiang, Bu Xiangfeng, and all the others had been waiting for him.

They were going to bow.

"There is no need for this now. Sit down and try to cure yourselves. Stop talking." Ye Xiao grabbed over a hundred jade bottles quickly and gave them to the people. "One dan bead for each. Eat it and keep yourselves alive."

Ye Xiao knew that many of his men were dying. They must have planned to explode themselves. As Ye Xiao showed up, those men who were still standing up because of their strong will power were too happy to keep holding the last grip of energy...

They were dying.

They might die immediately if they started talking.

Ye Xiao knew it, so he stopped them and let them take the dan beads first.

Everybody wanted to say something, but Ye Xiao didn't allow it. He looked pretty serious. He kept checking his men's wounds. They were severely injured.

After a while, people of the Monarch's Hall had finished gathering.

"Three thousand and seven hundred!" Ye Xiao closed his eyes. It hurt his heart to say the number.

The Twelve Units already had over a hundred thousand men!

It was an enormous number of people. The Northern Army of the Land of Han-Yang had just as many people.

However, after the past three months, there were only over three thousand men alive.

Almost all the new members died. Only about five hundred of the two thousand old members were left.

“Lord Monarch, we will die fighting side by side!”

Everybody looked at Ye Xiao when Meng Youjiang said so.

[Realms In The Firmament](#)

Chapter 1810: The Black Golden Tiger

Ye Xiao became more solemn. “What death? Why die? I am here, gathering you up because I want to give you the treatment. I want you to survive. You don’t need to worry about the battle now... Others will take care of it.”

‘Others?’

Chihuo was surprised.

‘All the people of the Monarch’s Hall have come to this fight. Who else will fight for us?’

One hour was short.

The war horn sounded on the other side. Jin Wei’s voice fiercely resounded, “Monarch Ye, time is up. You should go to hell now. All those men are going to die with you. You won’t be lonely. Go build your new army in the netherworld!”

He waved one hand and said, “Get them all! Spare no one! Kill every single man of the Monarch’s Hall! Go!”

He shouted, and the shout seemed to break down a mountain. The army of the Hall of Returning Nature kept rushing down from the sky.

The Golden Phoenix, the Red Phoenix, and the Tiger in the Dream appeared on the clouds, happily watching the battle.

Nobody wouldn’t want to see the enemy suffer.

They wanted to see those who had hurt them in the previous fights die!

After a while, they were all shocked. At the same time, they screamed out, “How is this possible?!”

They just couldn’t believe what they saw!

On the mountain, Ye Xiao was standing in the wind. Chihuo, who was seriously injured, stood beside him. Bu Xiangfeng was with them too.

Chihuo was better than the others. His face turned pale, but he was still like the powerful cultivator as he was. Bu Xiangfeng was in a mess. His face turned green, and his eyes were hollow. He was exhausted but still tried to stand up.

Behind Chihuo and Bu Xiangfeng, there was the One Saber, Two Warriors, Seven Stars, and the leaders of the Twelve Units.

These men were all severely injured. Most of them couldn't even stand firmly on the ground. They tried not to fall.

Over two thousand men were lying on the floor. They didn't die. Ye Xiao's dan beads would keep them alive. However, they were too seriously injured to stand up.

They all looked calm. They had belief in their hearts.

The reason was simple. Their Lord Monarch had come.

Their great Lord Monarch was right in front of them.

Even though the enemies were just about to come over and kill everybody, they just felt safe around the Lord Monarch! 'As long as the great Lord Monarch stands with me, nobody in the world can harm me!'

Ye Xiao stood against the wind. His white clothes were flickering the air as if he was going to fly up to the sky.

It was just him alone, but the men of the Monarch's Hall felt like he could stop a storm in the world!

The men of the Hall of Returning Nature had been rushing over. Many high-level cultivators were ready to move too.

At this moment, Ye Xiao's bland smile became a cruel smile.

"Since you have come, none of you should return!"

He made a long shout and suddenly waved his long sleeve...

Boom! –

Everybody was shocked!

When Ye Xiao waved his sleeve, beneath his feet, at the foot of the mountain, a group of spiritual animals showed up!

It was a huge group of beasts!

The spiritual beasts crowded together.

So many of them!

These spiritual beasts were the same. Their furs were in two colors. Their mouths were open and red. These were all tigers!

As they saw the tigers, they knew these weren't normal tigers. First of all, they were almost ten times bigger than ordinary tigers. Second, their furs were in black patterns. On the head, there was a horn, which was shiny...

A tiger with a horn on the head? What tiger was that? It was unbelievable!

The black tigers shouted. Over a thousand of them rushed into the crowd of the Hall of Returning Nature. The enemies weren't far from the tigers and the tigers moved really fast. With a few steps, they had moved over a thousand feet. It was time to crush the army of the Hall of Returning Nature!

After that, all that could be seen was the tigers tearing the men into pieces with their sharp teeth. Some bigger tigers opened their mouths, and a shiny ball appeared in their mouths. The light shined glaringly... It caused an explosion, which was powerful!

The black tigers were good at defense too. Divinity Origin Stage cultivators couldn't hurt the tigers. Middle-level Saint Origin Stage cultivators could only hurt them on the skin. Only high-level cultivators could kill the tigers!

Well, they could, but the tigers were not stupid. They wouldn't just wait for somebody to kill them, would they? When the high-level Saint Origin Stage cultivators started to attack the tigers, the tigers ran away! They were incredibly fast!

The power of these tigers surprised everybody. The Hall of Returning Nature lost many men after the tigers showed up.

"Black Golden Tiger? Are those really Black Golden Tigers?" Jin Wei was frightened. His eyes nearly popped out. 'Black Golden Tigers should be extinct! Even the Monster Clan didn't have any Black Golden Tigers! How come so many of them are joining this fight?'

'This is impossible! This is ridiculous!'

"Formations! Form up! Cylinder formation! Now!"

Jin Wei shouted so loudly that his throat was almost ripped.

The Hall of Returning Nature disciplined their men well. Jin Wei gave the orders, and his men started to stand in a cylinder formation, which was the strongest in defense.

The enemies were doing better and better. The tigers were killed one by one...

No matter how good these spiritual beasts were, they couldn't keep fighting for a long time!

On top of the mountain.

Ye Xiao was indifferent as if he had no feelings. The black tigers were dying. Ye Xiao waved his hand again. A glaring light shined up and a bunch of horrible wolves ran out!
