

Firmament 1961

Chapter 1961: The Appearance Of The Devil!

Just what was it that caused young master Bai to act in such a manner

“We actually don’t know what exactly happened... young master, we were really muddle-headed and didn’t hide it on purpose...”

“The only thing we know is that... last night, we all clearly saw a black mist drifting in from the horizon. At first, everyone thought it was a dark cloud... some people even joked that the dark cloud looked like something...”

“Then, many people saw that the black gas suddenly fell from the clouds...”

“It fell directly into the emperor’s temporary palace...”

“Then, we heard the Emperor Ask, ‘who is it?’”

“Then, a series of chaotic sounds followed. The guards outside heard the Emperor Shout, ‘what is this...’The guards felt that something was wrong and rushed in to save the Emperor, only to find that the emperor was unconscious...”

“It wasn’t just the emperor himself. All of the northern sky higher-ups had already died, without exception... and that black aura was still wandering around the palace...”

“Mm, did you ask if there was anything unusual? ... No! I didn’t find anything unusual.”

“This... this humble servant thought about it... mm, it seems like... when someone cleaned up the palace after the incident, they once found nine pieces of divination ancient money in the emperor’s Palace...”

..

While asking another question.

“Actually, only one of the guards who rushed in was still alive after the incident. Although he was lucky to be alive, he was still in a daze. He only revealed a few sentences about the situation at that time. Oh right... after saying a few sentences, he went crazy and committed suicide. It was inevitable that he would die...”

“... that day, this humble servant once went in to clean up the mess. After he went in, he was scared out of his wits... the scene in the imperial palace was really too tragic. The emperor’s entire body was shriveled up... there wasn’t even a bit of flesh and blood on his body. All that was left was a piece of skin wrapped around his bones... the moment he touched it, the corpse instantly turned gray. When the wind blew, there wasn’t even a trace of it left...”

“The other dead bodies are also in the same situation... otherwise, we wouldn’t be running for our lives so recklessly...”

“Such a situation is definitely not something that can be done by humans. It must be the work of the demons. There was only a wisp of black gas that was flying around in the palace. Many people saw it... wherever that wisp of black gas went, regardless of the level of cultivation, those who came into contact with it immediately became mummies and turned into powder...”

“Just the scene of a meal, hundreds of military camps and millions of people were sucked into dried corpses... aren't we going to run and wait for death...”

“...”

“... There's no other way... that black gas, regardless of using yuan qi, palm strength, weapons, weapons, and poison to attack... it could not truly display its effects. It was as though it was hitting the void. If we tried to lock onto or even attack with our divine senses, it would only be worse because that black gas would rush over and suck people into dried corpses...”

“What else can we do other than run when we encounter such a thing... We really can't hold on any longer and are scared out of our wits...”

..

After asking over a hundred people, not only did young master Bai not get rid of the confusion in his heart, he even became more and more powerful.

The Northern Sky Army was defeated just like that.

Furthermore, it was because of such an inexplicable reason that exceeded common sense.

Devil? Devil?

Bai Chen asked over a hundred people consecutively, and all of them had the same story. At most, there were some differences in the details, or it was even more exaggerated about how powerful the black gas was. These defeated soldiers who were in the midst of being defeated.., there was absolutely no chance for them to collude and lie about this matter..

In other words, this matter was actually true?

That so-called black gas, black clouds, demons, and devils, were they really that terrifying? ?

Bai Chen felt that his mind was in a mess for a moment, as if it was a mess. He had no clue at all.

He was the highest-ranking official in the realm beyond the mortal world, but he had never heard of such a strange thing.

Now, it suddenly appeared, and it even created such a terrifying truth!

“Demons...” Bai Chen let out a long breath and muttered, “Is there really such a terrifying and strange beast in this world?”

..

Ye Xiao soon learned about the sudden defeat of the Northern Sky Army.

However, by the time he learned about it, the northern sky army had already disappeared without a trace.

After all, everything had happened too quickly and too suddenly.

Ye Hongchen and the Golden Dragon and White Phoenix were also confused by this huge change.

“What exactly happened?”

“How did the northern Sky Emperor lose all of a sudden? Not only did he lose, but he also had to run away in a panic overnight. It doesn’t make sense, does it?”

Ye hongchen frowned, “This isn’t right. There must be a big reason behind this...”

At this moment, Mister Ye was sitting on the chair in front of ye Xiao. His face was filled with confusion.

The seven golden lotuses and the other experts of the older generation sitting beside him all had the same expression.

They had known each other for many years. They knew the northern sky emperor’s personality very well.

He was someone who would never run away even if he died in battle!

Why was it that today..

“According to the information we received, the day before the Northern Sky Army was defeated, the battle between the two sides continued. Although the northern sky army was at a disadvantage, it was only at a disadvantage. They did not even lose. However, on the night of the second day, the Northern Sky Army inexplicably began to lose. However, on this day, the two sides did not start a battle. The people of the overturning clouds and Raindrops Pavilion and the upper echelons of the eastern sky army can prove it.”

“Since there is no war and the leaders of both sides have not fought a decisive battle, why did the northern sky side suddenly lose...”

Ye Xiao frowned and said, “Even if Bai Chen used a trick, it should not have such an immediate effect, right?” He had a deep understanding of young master Bai, in an instant, he thought of all the methods that Bai Chen could use.

However, the more he thought about it, the more confused he became. The more he thought about it, the more he felt that the situation should not be like this..

“There must be something else going on in this matter.” Ye Xiao said with certainty, “The specific situation will depend on what Bai Chen, the direct beneficiary of this incident, says!”

Ye Hongchen turned his head and said in surprise, “Are you saying... that the son of the Eastern Heaven Emperor did this?”

Ye Xiao nodded and then shook his head, “Even if he didn’t do it, he must have planned it. Even if he didn’t plan it, he must have known about it. After all, he was the one who benefited the most from the defeat of the North Heaven Emperor...”

Ye Hongchen nodded and his face turned serious.

If it was really Bai Chen, then... Bai Chen was too terrifying.

..

In the sky, a black cloud floated around.

It seemed to be searching for something..

In the space, the idiot was training ye Emperor Ye Huang. His large tail was upright and swaying back and forth, exuding an imposing aura.

Ye Xiao had broken through the emotion barrier previously, and along with the Purple Qi east arrival divine art, he advanced another level. The endless space also changed accordingly. The Idiot's strength also rose like a rising tide, increasing by a lot.

Therefore, when the current idiot faced the leaf emperor, Ye Huang, and the Golden Eagle Void Vine, three feet of red dust, his posture had become much higher..

A certain meow was meowing somewhere, and just as it appeared to be very arrogant, it suddenly froze. As if it had sensed something extraordinary, all the fine hairs on its body almost straightened up, a strong sense of surprise flashed across its large eyes. Then, with a flash, it left the space and came to an open space in the military camp. It raised its head and looked up.

Looking at the black fog floating in the air, a hint of confusion flashed across the Idiot's black and white eyes.

What was this thing? It looked so dangerous, but... why did it want to eat it so much..

The Idiot raised a small claw and grabbed his beard, his eyes flickering..

What a contradiction..

Just This alone showed that the black fog was destined to be very, very extraordinary!

In the eyes of the idiot, there was no such thing as danger. In the past, when he was still a five-level warrior, he had dared to snatch the reincarnation fruit of a devil realm expert with his speed and devour the spiritual sense of this world's peak experts.., if it wasn't for the fact that a portion of the soul consciousness of Western Emperor Meng Tianluo was devoured by that idiot first, his battle strength wouldn't have been complete. He wouldn't have died so easily at the hands of Ye Hongchen.

After Southern Emperor Long Yutian was defeated by ye Xiao, the scattered soul consciousness was also taken away by that idiot. Also, after these past few days of great battles, the soul consciousness of countless enemy cultivators who died were all taken away by that idiot. The strength of that idiot could be said to be unprecedentedly explosive, a few days ago, it was even more worth ye Xiao's Purple Qi east arrival divine art making another breakthrough. The endless space had leveled up again, and the strength of the idiot had also greatly increased. Now, the extent of the strength of the idiot was already a mystery, even ye Xiao, the actual master, could not answer it!

In any case, the dragon and Phoenix twins were extremely obedient to the idiot. In front of the idiot, the Golden Eagle, who had already reached the high-level of the eternal realm, was so obedient that he did not need to say anything. He had always been dissatisfied with the position of the Idiot's boss, the void Vine, which was trying to form an alliance with the spiritual plant of this world, had recently been subservient to this idiot, acting like a slave!

As for the group of silver-scaled gold-crowned snakes, after they had leveled up in the endless space, all of them were at the initial-level of the eternal realm. They had a new ability to control their bodies, which allowed them to be powerful and small. This new ability was used frequently, it far surpassed other abilities. This was because the silver-scaled golden crown snakes that had reached the eternal realm were actually becoming more and more afraid of this idiot. They did not dare to look at him at all. As far as the Idiot's eyes could see, they collectively condensed their bodies and shrunk from the Python's body into an earthworm.., they tried their best to eliminate their sense of existence!

The Idiot, whose strength was a mystery but whose strength was definitely extremely strong, actually felt danger. The level of the Black Fog was obvious!

Just as the idiot stared at the sky, the black fog seemed to have sensed the existence of the idiot. It actually gave up on swimming in the sky and directly flew into the sky.

It disappeared without a trace.

The Idiot widened his eyes and suddenly felt dejected.

Although it was a little dangerous, it was definitely delicious... Why did it run away? The Idiot thumped his chest in regret.

..

In the main tent.

Ye Xiao's expression was unprecedentedly solemn. "But no matter what, the Northern Sky Army's defeat is an indisputable fact. The reason behind this is intriguing. I'm thinking, instead of us guessing here, why don't I go directly to Bai Chen and ask him about the situation."

Everyone was shocked when they heard that

"No! No! This is too dangerous!"

"Your Excellency, you can't do this. This is ridiculous. Your Excellency is the Lord of the pavilion. How can you risk your life alone? This is absolutely impossible!"

"If the Northern Sky Army is defeated, there is a great chance that they will stir up trouble. If your excellency goes over, wouldn't you give them a great opportunity? No, no, no!"

Ye Hongchen also expressed his objection. "If Bai Chen really has the strength to take down the northern sky emperor and all the upper echelons of the northern sky army in one night, even if your strength is extremely high now, I'm afraid that Bai Chen has the confidence to take advantage of this opportunity to get rid of you. Since the Northern Sky Army is defeated, you are already his last opponent. The leader of the enemy has surrendered himself. How could he miss this opportunity?" "!"

Ye Xiao frowned when he heard that.

In his heart, he was extremely confident in his own strength and was not afraid of danger. On the other hand, he also believed that no matter what Bai Chen did or did not do, he would not do anything to him. There was no reason for this belief., in any case, that was how ye Xiao felt.

However, he definitely could not bring out this feeling of his. That was the ending that was destined to be criticized.

After all, it was something without any basis. It was too childish to say it in such a big place!

“Let’s wait and see for now. The current situation is treacherous. It’s better to be quiet than to move.”

Flower King was a person who had a good view of the overall situation in the pavilion. He finally gave this suggestion.

“It’s the only way now.”Ye Hongchen said goodbye.

Ye Hongchen was in an awkward position here. After all, he was not a member of the pavilion. He was not even a guest when he was sitting here with seven golden lotuses and the others. When the pavilion was discussing something, it was considered respectful to ask for their opinion, if he were to give advice and even make a decision on the matter, then he would not know whether to advance or retreat. He would be stealing the limelight.

After all, ye Xiao did not admit his background. He insisted that this ye was not that Ye.

This was also what gave ye Hongchen the biggest headache.

Because if this relationship was not good enough, he would not have a proper reason to hand over the foundation of the Hanging Sky Leaf to ye Xiao!

Surrender?

This absolutely could not be done, at least not at the moment. After all, the slogan of the hanging sky leaf reappearing in the mortal world was “The time to break the sky”. It was meant to challenge all the heroes in the world. The current situation was not very clear, moreover, Ye Hongchen had the battle record of killing West Emperor Meng Tianluo. It would not make sense for him to give the sky-hanging leaf to an outsider rashly!

Even if ye Xiao, Ye Hongchen’s position could not be decided by Qian gang alone. It was too childish!

Ye Xiao sent ye Hongchen and the others to the gate of the stronghold. He wanted to say something but hesitated.

Ye Emperor and Ye Huang had transformed into their original forms, Mo Yang. One followed the Golden Dragon while the other leaned against Bai Feng. They looked very friendly. After all, they were of the same race, so they had their own feelings for each other.

Bai Feng helped ye Xiao adjust his clothes intimately, she said gently, “Go back. You Child, you’ve built such a huge foundation now. So many people are counting on you. Don’t tire yourself out. is the title of Dao venerate that easy to bear?”

Ye Xiao felt a warmth in her heart and said gently, "Okay."

Ye Hongchen and the others turned around and were about to leave when ye Xiao suddenly said from behind, "This..."

Ye Hongchen turned around in surprise, "What's Wrong?"

Ye Xiao hesitated for a moment and said, "After this wave of accidents is over, I want to go to the secret land of the Ye family and pay my respects to my father and mother. I want to show my filial piety to them."

Ye Hongchen's eyes suddenly lit up when he heard that. At this moment, he was even a little excited. He said repeatedly, "Good! Good! Good!"

He laughed loudly and turned around to leave. However, he was completely satisfied.

Ye Xiao felt frustrated and couldn't help but sigh softly.

Ye family.

This name, which was taboo to him, was ultimately different from the others. It didn't mean that he didn't admit it and it didn't exist anymore!

Just like now, regardless of whether he accepted ye Hongchen's help or ignored his actions, he had already accepted this generous reward. The word 'cause and effect' had a cause and effect, and vice versa., he had to do something to respond to Ye Hongchen's intentions. If he continued to turn a blind eye, or if he remained indifferent, his heart would not be able to take it.

Looking at Ye Hongchen's disappearing figure, ye Xiao could not understand what he was feeling at that moment. In short, his thoughts were in a mess.

Ye Hongchen.

This person could be considered ruthless. Even though he watched the entire ye family being annihilated, he did not lend a helping hand. and the source of all the reasons was actually for himself, for his ye family.

This kind of cruel feeling, this kind of love that had gone all the way, was something that ye Xiao truly could not bear. "..."

The family that had been passed down for a hundred thousand years, was annihilated just like that?

If it was him, would he be able to have this kind of cruel decisiveness? !

The leaf that reached the heavens, Mister Ye.

Before this, whenever ye Xiao thought of these words, he would be filled with admiration and adoration

However, ever since that incident, ye Xiao looked at ye Hongchen's natural manner, and even when he looked at the Seven Golden Lotus and the others, he was completely indifferent and did not feel anything, the only feeling in his heart was sadness.

Could it be that after becoming a top-notch expert, he had to eventually reach such a heartless and heartless stage?

With such a cold temperament, all the family members that accompanied him were gone. Even if he was at his peak, with the world at his feet, what fun was there?

The so-called fun needed to be shared with others, needed to be known by others, acknowledged by others, envied by others, and hated by others. This was the pinnacle of fun. Without this pinnacle, the so-called fun was nothing more than self-indulgence. It was not worth laughing at!

Everyone knew that it was extremely cold at the top. However, there were a few people who knew about it. They also knew about the so-called loneliness and coldness at the top. However, very few people knew that this situation was also created by the person standing at the top himself!

He deserved it!

“I, Ye Xiao, will never take such a path. Such a path is not the path I am pursuing!”

Was Ye Hongchen a bad person?

No.

Was the seven golden lotuses a bad person?

Even less so.

But they could be so heartless, heartless, and unfeeling.

Ye Xiao sighed deeply.

“Could it be that the passage of time can really destroy everything... including people’s normal feelings and family ties?”

“But I don’t want to destroy it. I definitely don’t want to.”

Ye Xiao felt sentimental in his heart. He brought ye Emperor Ye and Ye Huang back to the sovereign pavilion, but the doubts from before resurfaced in his heart. If the northern sky army was annihilated in one night, if it was young master Bai’s doing, then how did they do it?

How did the Northern Sky Army lose?

How did such a treacherous situation form?

Should I persist on with my thoughts and secretly meet young master Bai to ask him the truth?

Ye Xiao was pondering.

However, he did not know that his thoughts at this moment would actually determine the final destination of this world!

..

Ye Xiao was puzzled over here. However, he never expected that the powerful young master Bai in his imagination, who had not changed, was currently facing the greatest crisis in his life.

He stood alone on the mountain peak, staring intently at the location where the Northern Sky Army was originally stationed. It had long since become an empty land, and at the same time, he was nervously pondering. In the past two days., he had almost read through all the ancient records left behind by the ancient times.

There were even some illusory, absurd, and absurd legends of Zhiyi.

However, he did not find any records of the “Devils”and “Demons”described by the northern sky remnant soldiers.

Even if there were some novels that were slightly similar, after a detailed analysis, it was confirmed that they were all made up by the original author. There was not the slightest bit of truth to them, and they had nothing to do with the demons and devils.

However, the matter had happened right before their eyes. It was already reality, and there were billions of soldiers as witnesses. How could it be fake?

“What on Earth is going on?”Bai Chen stood at the peak of the mountain, his face full of contemplation.

Although Bai Chen thought highly of himself, he would not be blindly arrogant. Northern Emperor Han Jianghai was an expert at the same level as his father, the Eastern Emperor. Even if he was confident that he could defeat him, he would not allow himself to be easily defeated in a fierce battle, this was still a one-on-one situation. When the upper echelons of northern sky were destroyed, Han Jianghai still had a large number of northern sky upper echelons by his side. The strength of their lineup was enough to annihilate anyone in this world. It was definitely not a joke! However, such a lineup had all perished. Not a single one of them survived. Didn't the strength of the person who had attacked reach a frightening and unimaginable height? !

Perhaps the next target of this person who had attacked was the nearby overturned cloud pavilion. That person was Bai Chen. How could he not think twice before deciding on a strategy!

This was also the first time in his life that Bai Chen felt guilty before he even started fighting!

This feeling was really not good, it was too bad!

At this moment —

“If you want to know what's going on, why don't you ask me? !”A voice came from nowhere.

Bai Chen's heart suddenly sank.

Looking at the black gas that suddenly appeared in front of him, a chill suddenly rose from the bottom of his heart.

Could it be... that his penis had come?

The Black Mist squirmed in front of Bai Chen and gradually transformed into a human figure. It squirmed along with the position of his face for a while, and the originally pitch-black mass finally transformed into the appearance of a middle-aged man, it was surprisingly a handsome and elegant figure dressed in jade-like clothes.

“This image should be the easiest to accept in this world.” The middle-aged man formed by the Black Mist smiled and looked at Bai Chen with a pair of eyes filled with endless wickedness. “Your name is Bai Chen?”

Chapter 1962: The Demon Of The Spirit Race

Bai Chen only felt a powerful spiritual power tearing through the air, as if it was trying to imprison his thoughts. He could not help but frown and said indifferently, “I am Bai Chen.”

At the same time, the leaf from the Heaven’s fate tree emitted a ball of green light from Bai Chen’s Dantian. In an instant, it rose to the position of the head, protecting the head’s spiritual sense.

The middle-aged man who was formed from the black fog revealed a surprised expression and said, “Eh, I didn’t expect you to have such a thing to protect you. Your Luck is not bad...”

Bai Chen smiled faintly and said, “I wonder why you have come to find me?”

His smile was calm, as if he did not realize that he was facing an extremely terrifying devil.

His life depended on the other party’s will.

Bai Chen still used his usual calm tone to converse with the other party. Not only was he neither servile nor overbearing, but he was also commanding and condescending.

“Not bad, really not bad at all.”

The middle-aged man in the black fog smiled approvingly. “Your performance was really not bad. Although your cultivation is shallow, your spiritual will can be considered as a level one blood food. It was so good that my index finger moved greatly.”

Bai Chen smiled. “First-class blood food. mm, I’m ashamed. It seems that the word ‘blood food’ is what you call a human beyond the mortal world?”

The middle-aged man in the black fog laughed and said, “That’s right. You’re really smart.”

Bai Chen said, “Since you admire me, I wonder if you can help me, a first-class blood food?”

The middle-aged man in the black fog said gently, “Do you have any doubts?”

Bai Chen smiled and said, “I’m very curious as to why there are no records of any legends about you in the past hundreds of thousands of years in the realm beyond the mortal world, right. “I’m really curious as to who exactly you are? “Or rather, what... race? “This is one of them.”

The middle-aged man slowly nodded. “Since you’re only one of them, there must be another two and three. Why Don’t you tell me all your doubts?”

Bai Chen said, “The second is... I believe that since your tyrannical race doesn’t exist in the records, then you must have never appeared in this mortal world beyond the heavens. Then, why are you able to come here this time?”

The middle-aged man in the black fog half-closed his eyes and asked, “Are there any other three?”

“Of course there are. “There is another question. The northern sky side, including the Northern Emperor Han Jianghai, and all the other northern sky higher-ups were killed by you, right? “Moreover, it is a kind of strange devouring. It must be the method you used to obtain the so-called blood food. “Then, why didn’t you directly attack me? Instead, you were calm enough to communicate with me

“Mm, there’s one last question: What are your intentions? Or rather, what is your ultimate goal?”

Bai Chen’s gaze was clear and cold.

The middle-aged man in the black fog smiled and looked at Bai Chen with admiration, he said, “Not bad. I’ve said this word many times before, but I still have to say it again. You’re really not bad. Your thoughts are very clear and thorough. I like it very much.”

He looked up at the endless void in the sky and said, “I’ll answer your third question first. I killed your so-called northern Sky Emperor and his people, not us.”

“Because in this world, I’m the only one. There are no other companions, or kindred.”

The middle-aged man in the black fog said indifferently, “Do you understand what I’m saying?”

Bai Chen’s gaze did not move as he replied, “Yes, you are the only exception in this world.”

The middle-aged man smiled faintly, he said, “As for why I didn’t kill you... It’s because... I need your help. And I killed the northern sky emperor directly. This is my sincerity to you. It can also be said to be a welcome gift.”

Bai Chen’s gaze became even calmer, he said in a deep voice, “Why me?”? The northern Sky Emperor was an old-fashioned expert. Wouldn’t it be better if they became your help? At the very least, their power structure was very complete. Other than being very strong, they also needed manpower and material resources. In all aspects, they would only be better than me. “Moreover, as long as I have your help and join in, it wouldn’t be difficult for me to clear the world. What can’t I Do?”

Bai Chen said, “I’ve never thought that there’s anything special about me.”

The middle-aged man in black fog said, “That’s because you haven’t discovered anything special about you. How can that Northern Heavenly Emperor compare to you? !”

Bai Chen said, “Although I’m very happy to hear your excellency say that I’m better than the Northern Heavenly Emperor, with Your Excellency, a great expert who could easily wipe out the northern heavenly emperor’s upper echelons, any pretty words would be greatly discounted. I Only Want to know the truth now.”? “I believe that you won’t be stingy with your teachings, right?”

The middle-aged man in the black fog smiled, “There’s nothing that I can’t say. Since I’ve decided to be sincere to you, I’ll naturally dissect the cause and effect of this! “The fundamental reason why I chose you, and even treated you politely, is that you’re truly a special existence... in this world, there’s a destiny that belongs to you. and the northern sky emperor that you speak of doesn’t have this so-called destiny. “His limit in this life can only stop at one side, the ruler of one day. “And you are precisely the person that the destiny belongs to. No, it should be said that you were once the person that the destiny belongs to. “Only a special existence like you, who is between right and wrong, can help me. Other people are meaningless to me!”

Bai Chen's pupils constricted as he said, "Between right and wrong? ! was once the destiny? What does this mean? Why was it once?"

The middle-aged man in the black fog smiled gently, he said, "Don't you understand? Do you really not understand? "I thought that you would connect the dots because of my words. The reason why I said it was once was that someone else snatched away your destiny of the heavens. The destiny of the heavens no longer belongs to you, the destiny of the heavens. This is a contradiction in itself, and you are the embodiment of this contradiction."

Bai Chen was silent for a moment, and a bitter smile appeared on his face. "I see."

"If I hadn't come, I believe you would never have been sure of anything. The things that originally belonged to you, the fate of this world, had all been taken away by someone else. "You can only feel that your heart is higher than the sky and that you can surpass the heavens. You can experience what it means to have a life that is thinner than paper. In an atmosphere filled with frustration, depression, and humiliation, you walk step by step into a dead end. Then you realize that all your hard work has become the embellishment of someone else writing a legend."

The middle-aged man that was formed from the Black Fog looked at Bai Chen with a sharp gaze. "In the end, he died in a helpless situation. He was beyond redemption and was buried in the annals of history."

Bai Chen nodded. "Your words have enlightened me. Thank you for your advice."

Bai Chen's words of thanks were sincere because he believed that what the other party said was the truth and there was no false pretense.

This was because what the middle-aged man in the Black Fog said was exactly what he suspected.

Most importantly, what the man said about needing the help of a destined person was an extremely powerful reason.

This could also explain why the man did not look for the northern Sky Emperor, Han Canghai, but instead went to great lengths to look for him.

Because he was indeed the destined person in the past.

"The heavens have their own laws, and everything comes and goes as they wish. Perhaps my fate is really like this. Even if I sigh helplessly, how can I shake the heavens? !" Bai Chen smiled faintly, the waves that had stirred up in his heart had disappeared without a trace, leaving behind only a calm and harmonious scene.

"Ye Xiao!" Bai Chen said in his heart, "My guess was indeed correct. It was indeed you who snatched the place that originally belonged to me. Hehe... But, it's very strange, I actually don't hate you in My Heart."

Perhaps it was because this demon had already found me, and my destiny wasn't long.

"The Destiny is indeed hard to shake, but to existences that are above this plane, it's just hard to shake. It's not that I'm unable to shake it. As long as I help you, I'll be able to snatch back your destiny. I'll repeat once again, the biggest reason I chose to help you is that you're also the destiny of the heavens. It's even said that the destiny of the heavens originally belonged to you. If I help you, it's not completely

defying the heavens and changing fate. The difference between this and the others is that I'm completely different."

The middle-aged man smiled and said, "As long as you have my help, you will not die so sullenly and sullenly. You will also be able to continue to enjoy the luck of this world. The so-called glory of the world is actually a small path, not worth a laugh!"

Bai Chen smiled and said, "Thank you, sir, for your kindness."

The middle-aged man smiled and said, "You are welcome. I said before that I need your help, so I said that giving you help to cleanse the mortal world and the Realm Beyond Heaven is in itself a benefit to me. We just take what we need. From now on, we are a cooperative relationship. "You rely on me to take back your lost destiny, and I can also get what I seek in the process of helping you achieve your goal. "Actually, you and I should be grateful to this world and each other for fulfilling our long-cherished wish. Only I can help you defy the heavens and change your destiny. Similarly, only you, who once belonged to the heavens, can help me achieve my goal!"

Bai Chen smiled. "Every word you say comes from the bottom of your heart. Bai Chen is deeply grateful. I will seriously consider the matter of our cooperation. "However, at this moment, I still hope that you can continue to answer my questions. I hope that there will be no barrier between our cooperation. If there are some questions that remain in my heart, I'm afraid that it will be impossible to not become a grudge even if I want to."

The middle-aged man in the black fog smiled and said, "Haha, What You Said makes sense. "Since you and I are in a cooperative relationship, I will naturally explain it to you one by one. "Just as you said, if there are some things that you don't understand, don't understand, and don't understand the root of it, it will be difficult for me to provide the most suitable assistance for my plan."

Bai Chen smiled deeply and said, "In that case, I would like to hear the details."

The middle-aged man in the Black Fog laughed and pondered for a moment, as if he was trying to organize his words, however, he heard his manly voice say, "First, I will answer your first question. Who Am I? Or should I say, what am I?"

When he said "What am I?", the middle-aged man in the black fog also smiled, but he did not seem to mind it at all.

Bai Chen laughed heartily and said, "Your excellency is truly broad-minded. If I were in your shoes, I'm afraid I would not speak in such a manner. However, it is true that I do not know how to address you."

The middle-aged man in the Black Fog laughed heartily and said, "Although you are a scheming little fellow, you are not annoying. I like you."

He pondered for a moment, "I come from a black plane that is extremely negative in nature,"he said. "The world I come from is filled with many negative factors such as slaughter and destruction... our race was originally called... The Spirit Race of darkness. Our spirit race once ruled the greater universe for a very long time. Just as you said, light will drive away darkness, and vice versa. Light and darkness have always been two sides of the same coin..."

“Our Spirit Race is an abnormally powerful race.”The middle-aged man’s eyes were filled with reminiscence. “We can devour the life source and soul of every living being for our own use. In the process of devouring, we can even obtain all the abilities and memories of the creature we devour, as well as the cultivation techniques it cultivates..

“We only need to devour to be able to walk step by step towards the peak and become a super expert. This is probably a trait of our race. It is also because of this trait that we are able to become the overlords of the greater universe.”

The middle-aged man’s words caused Bai Chen’s back to feel a chill.

Just by devouring, he was able to completely receive all of the cultivation base, all of the memories, all of the cultivation techniques, and even all of the secrets of the devoured?

This kind of race was not just tyrannical, it was simply a heaven-defying monster!

“After we dominated the greater universe where we live, we allowed the darkness element to spread throughout the entire universe. However, the darkness element has a characteristic that continues to spread, continue to pollute, and will not take the initiative to eliminate. After a long period of fermentation, this characteristic caused the greater universe where we live to gradually be unable to bear it. Finally, the higher-ups of the spirit race made a decision. “That is... to send out a small team to try to attack the starry skies of other races, which is the greater universe where you cultivators live

“In our opinion, with the innate talent of the spirit race, even if it’s just a small team, they should be able to easily occupy some small and medium-sized planes. As long as we have such a springboard, we can guide the excess darkness elements over. The nature of the greater universe of cultivators tends towards light, so it can effectively annihilate and neutralize the darkness elements

“However, after that team left, there was no news for a long time. “Not only that, it also attracted the attention of an unparalleled killing star.”The middle-aged man’s eyes were desolate. “That was a human cultivator... he only used one day to wipe out our entire race... He didn’t spare a single person alive.”

“Just one person wiped out our entire spirit race.”

The middle-aged man’s words caused Bai Chen to be shocked.

One person wiped out a race that dominated the entire universe in a day?

Wipe out the entire race?

Furthermore, the target of the wipe out was a single person who had the combat power to wipe out all of northern sky’s upper echelons. If this was a double wipe out and a double accumulation, then how high would the true strength of the person from back then have reached, how high would that be? An ant would look at a dragon!

However, Bai Chen immediately realized that something was wrong. “Sir, this doesn’t seem to make sense, right? Since the entire race was wiped out, and no one was left alive, and the other party was such a powerful existence... then sir?”

The middle-aged man that was formed from the black fog said, “My brother and I are from the imperial family, and we are the descendants of the imperial family. When our mother learned about the strength

of that human expert, she expected that this calamity would be impossible to avoid. She risked her life and sealed our original spirits into two gopher eggs... and when we hatched, we discovered that... the entire world no longer had the existence of the so-called spirit race.”

“Actually, it’s not just the spirit race. The greater world that we came from has been completely abandoned and sealed by the supreme power.”

“The power that sealed our greater world is too vast. Even if we cultivated to the legendary God Ascension realm, we wouldn’t be able to leave that world. That world is a completely sealed cage.”

“Actually, to say that it’s a cage to imprison us brothers is actually a way to raise our status. That’s because the true purpose of that cage is probably to target the darkness elements in the entire world. Although that mighty figure has the ability to completely destroy the darkness elements, the darkness elements in the dark world are simply too dense and have already become one with the dark world. And that mighty figure has used his vast power to envelop the entire dark world. Not only does it treat the symptoms and not allow the darkness elements to leak out, it’s even more fundamental. It can subtly eliminate and neutralize the darkness elements bit by bit. Such a great divine ability, not to mention the past, even the current me still has to look up to a tall mountain and fear just by looking at it!”

“My brother and I thought about it for a long time, and we thought that there was something wrong with that team. For some reason, they provoked that unparalleled killer star... and that led to the destruction of the entire race. This... is probably the only conclusion

“We grew up in that completely sealed world, and we survived; but there really was only the two of us in the entire world. “There are no other species that can transform into demon beasts, but the two of us are brothers and males, so there’s no room for us to reproduce... even our way of survival can only rely on devouring plants, trees, and wild beasts, waiting for these things to grow... until now, it has been more than hundreds of thousands of years.”

When he said this, even with Bai Chen’s calmness, he could not help but twitch the muscles on his face.

Two Brothers? ! Two males? !

F * ck, so they were two old virgins who had lived for hundreds of thousands of years..

He didn’t know whether he should solve the problem himself or help each other out, but if he kept it bottled up for hundreds of thousands of years, that would be truly amazing. He reckoned that everything would become the essence? — for some reason, this thought suddenly appeared in young master Bai’s mind..

No matter how deep and intelligent a big shot was, he had the heart to gossip and explore the world!

“Until recently, when the two of US accidentally discovered the passage of time, a loophole was left behind. We used the Heaven’s destiny fishing method to hunt some blood food and obtain some information about the human world...”

The middle-aged man in the black fog sighed as if he was cursing bitterly.

A thought flashed through young master Bai’s mind. He raised his eyebrows and said, “Heaven’s destiny fishing?”

The black-fogged middle-aged man sighed and nodded. "It's really too difficult for the two of us to make a living. If it wasn't for this, why would we have to go through so much trouble..."

Young Master Bai took a deep breath and said, "So the heaven's fishing platform of the Azure Cloud Sky Region, the Land of Heaven's destiny, was actually a trick of yours."

The middle-aged man in the black fog laughed and said, "That's right. The other end of the line that we're fishing is the Azure Cloud Heavenly Domain. So you actually know about this place."

Young master Bai said indifferently, "You boast that you've devoured so many memories of the Azure Cloud Heavenly Domain's cultivators. Don't tell me you've never heard of my name, Young Master Bai?"

These words were extremely arrogant.

..

When he saw that a brother said not to write about the alien race anymore... in fact, he was just filling in the hole in the Azure Cloud heavenly domain's sky fishing platform..

Soon.

In addition, I've been working these past few days. I was laid off in 2004, and it's been more than 12 years now. Now that the government has rearranged my job, they're demanding that I have to work. I have two choices: either I go to work and give up this side, or I write a book and give up work. Both sides have to give up the same thing..

I've been working part-time for half a month, and I'm exhausted, physically and mentally.

The other side had also been looking for trouble with me. Today, I finally made up my mind to quit my job! I quit!

This period of time was killing me. I was so annoyed... ! ! ! ! !

Chapter 1963: Big Xiong And Second Xiong

The middle-aged man in the black fog laughed and said, "That's true. Young Master Bai's illustrious reputation is truly unparalleled in the memories of those people."

This fellow was actually flattering young master Bai.

How could young master Bai not know that this gentleman was speaking from the bottom of his heart? With the cultivation level and experience of the cultivators of the Azure Cloud Sky region as well as the young master Bai in their eyes, how could he be able to enter the eyes of this person in front of them? At this moment, he was merely asking for help from himself.., this was a flattery that did not mean what he said!

Young Master Bai's eyes became clearer and clearer, he said in a deep voice, "Sir, you have clearly revealed your own foundation, which is enough to show Chi Cheng. However, there are some things that I still have to ask in detail. For example... Since the enchantment set up by that person is so well-guarded that you can't come out at all, and you can only use the method of Heaven's fate fishing to hunt for blood food, this already proves that you really can't come out of the sealed dark world. Otherwise,

with your strength and talent, you would have long dominated the starry sky where we live... Then, how did you come to our world this time? !” “?”

The middle-aged man in the black fog laughed and said, “This is all thanks to the northern sky emperor that you mentioned.”

Young Master Bai frowned. “Oh?”

The middle-aged man in the black fog said, “One of his subordinates is probably his prime minister? The Ten Thousand Fiend technique that he cultivates is an extreme demon technique, and when he used the demon technique to divine, he activated the heavenly fiend constellation.”

The middle-aged man smiled strangely. “That heavenly fiend constellation is a technique that our race released at the beginning... At that time, there were hundreds of thousands of copies in the entire starry world. As long as someone on the other side cultivates and uses it, we can rely on our senses to kill and hunt for blood in our original spirit state. Hehe...”

The middle-aged man let out a strange laugh.

..

“So it’s the heavenly fiend constellation...” young master Bai Sighed.

It turned out that there was a problem on the northern sky emperor’s side.

Young master Bai knew as much as the sea, so he naturally knew that the so-called heavenly fiend constellation was a strange cultivation technique that had been passed down from beyond the heavens for countless years. This cultivation technique was able to use human power to attract the power of the stars and borrow the vast and abundant power of the stars in the universe to complete certain rituals, however, although this cultivation technique had great effects, it was extremely draining of the user’s blood and Qi. Usually, even if the user’s cultivation base was extremely high, they would still be exhausted and die in an extremely short period of time. Now that he thought about it., the truth might be that the spirit race of the Dark World on the other side had borrowed the power of the stars and taken away all the blood and Qi of the person who had activated the Heavenly Fiend Constellation!

Prime Minister bei Tian’s cultivation base had already reached the eternal realm, so he was one of the few experts in the world. His blood and Qi were far more abundant than ordinary cultivators, and he also cultivated demonic techniques. His nature was similar to the spirit race, and due to all sorts of coincidences., in the end, he attracted this world-destroying devil!

Although he did not know why they used the heavenly fiend horoscope to divine at such a dangerous time, the result was just like that..

Bai Chen sighed in his heart.

Actually, Bai Chen already knew the reason for the divination. Northern Emperor Han Jianghai was also used to fighting on the battlefield, so he must have seen through the advantages and disadvantages of the situation, it was probably because he wanted to use astrology to find out the number of clouds in his body and where the turning point was. He did not want to fail, but instead, he attracted this world-destroying devil, which further accelerated his defeat!

“Since you are willing to tell me everything about your origin, it shows that you are sincere in working with me. I also believe...” Bai Chen paused and said, “I can get everything I want... Even the whole world... but I still can’t think of what you can get from me? “Or rather, why do you want to cooperate with me? “What’s your real purpose? “If we can’t reach a consensus on this point, it will be difficult for us to cooperate seamlessly in the end!”

The middle-aged man in the black fog said, “I really didn’t misjudge you. You’re really smart, so let’s not beat around the bush. The heavenly fiend constellation divination before was activated by the Emperor of North Heaven who overdrew the Emperor’s fate that he had. It’s completely different from the heavenly fiend constellation in the ordinary sense. But it’s also because of this that a crack appeared in my world, allowing me to sense it and take the opportunity to escape from the sealed cage

“But when I came out, the crack disappeared, and my brother was still in the Cage of Darkness.”

The middle-aged man in the black fog said, “So, my first goal is... to help you cultivate the heavenly fiend constellation and Use Your Destiny Child’s fate to activate the Heavenly Fiend Constellation. In this way, my brother can be brought here. Don’t worry, we have an equal partnership. The Heavenly Fiend Constellation Technique I taught you is the complete version. From now on, it will become your own divine ability and won’t be controlled by me. At the same time, you won’t really damage your own fate. When you activate the fate, you can synchronize the Qi and blood of a large number of living beings, but the final result will be the same. The young master Bai that I know is a decisive person. I believe that he won’t disagree with me because of some living beings’ lives!”

Bai Chen nodded solemnly and said, “Mm, since you have such a plan for me, I believe that other than helping your brother escape from prison, you have other motives, right?”

The middle-aged man who painted the Black Fog gave a strange smile, “That’s right. My other motive is to use your great accomplishment of the power of Destiny to help me accomplish something when you obtain this world and become the ruler of this world. That’s all!”

Bai Chen nodded and said, “Accomplish one thing? ! Are you going to reverse the destiny of the heavens? Complete the trajectory of the Heavenly Dao and allow the Heavenly Dao to once again acknowledge the destroyed spirit race? Then, reproduce the spirit race, right?”

The middle-aged man who was transformed from the black fog said with a bright smile, “That’s really the case. I’ll help you to pacify this heaven. This wish of mine isn’t too much, right? !”

Bai Chen laughed coldly and said, “It’s indeed not too much if it ends here. However, when that time comes, your spirit race will be able to survive in this world and gradually reproduce. For the sake of your race’s reproduction, I’m afraid that all the people in the mortal world beyond Heaven will be devoured by you. Then, even if I become the ruler of this world, what can I Do? What’s the point? “At most, he’s just a single supreme being. “I, Bai Chen, can not do this deal.”

The middle-aged man in the black fog laughed and said, “That’s absolutely not the case? “Young Master Bai, you have always been a benefactor who has helped our clan greatly. How could I do such a thing of repaying kindness with enmity. “Our clan will never touch this world beyond the mortal world. “Once you become a ruler and obtain the mandate of Heaven, we will immediately leave this world. The Starry Cosmos is so big, where can we not go? “Right now, for us brothers and even the entire spirit race, what

we need is to rest and recuperate. If we make too big a move and attract a super mighty figure like the former, the spirit race will probably be truly exterminated. I believe that with Young Master's wisdom, you won't be unable to judge my sincerity!"

Bai Chen seemed to be moved, after pondering for a moment, he said, "But... why don't you go look for the person who snatched my destiny? Doesn't that person have a larger destiny, a more complete destiny? If you have that person's help, won't you be able to operate it faster? Why do you need to take a turn to find me?"

The middle-aged man in the black fog smiled bitterly. "I also want to do so. But the problem is that there is no possibility of reversing the destiny in that person's body. On the contrary, it's you, this once-destined person who can advance or retreat, who has quite a bit of leeway to operate!"

Bai Chen let out a long "OH".

The middle-aged man looked at Bai Chen with a burning gaze and said, "How is it? I have already explained everything to you. Now is the time for you to make a decision. Will you help me with this?"

Bai Chen smiled bitterly. "If I Say I won't help you, Will I be swallowed by you immediately?"

The middle-aged man smiled and said, "If young master refuses to cooperate with me, Young Master's existence is harmful to me. If I Say I won't Swallow You, I believe that young master won't believe me either, right? !"

Bai Chen smiled. "If that's the case, then what choice do I have? An ant can still survive, right? !"

The middle-aged man in black fog smiled. "You indeed don't have a choice. Choosing a way to live is better than having your soul destroyed!"

Bai Chen said, "Stay here. I still have a few conditions. If you don't agree, I'd rather be devoured by you than cooperate with you."

The eyes of the middle-aged man turned cold as he said coldly, "Could it be that young master thinks that I am easy to talk to, or that he is confident that the rare goods can be kept and can threaten me?"

Bai Chen did not back down as he looked at him and said, "Whether or not you are a threat depends on your judgment. I have to say these few conditions."

The middle-aged man that was formed from the black fog snorted angrily. It was obvious that he was very dissatisfied with the current situation of this matter.

He felt that he had already given Bai Chen extremely generous conditions. A small ant and a mere food of blood actually dared to threaten him in return. He was really too ungrateful.

However, considering the importance of Bai Chen to his plan, he could only force down his anger and said, "State your conditions!"

Bai Chen said slowly, "Everyone will cooperate with each other to get what they want. At the moment, naturally, the premise is mutual benefit. The conditions I'm talking about are not related to your own benefits. As for whether you agree or not, it's up to you to decide! "The first condition is that you must hide your tracks immediately. If you appear for a long time, it will definitely arouse the hostility of the

entire continent towards me. Once your identity is revealed, our plan will have almost no chance of being completed.”

The middle-aged man that was formed from the black fog said, “Of course. It’s enough that I’m only helping in the dark. I agree to this!”

Bai Chen said, “Secondly, in the next period of time, you can no longer devour any humans. You’ve already caused a huge uproar when you swallowed the northern Sky Emperor’s forces. “If similar incidents continue to happen, it will only cause the entire continent to become united against a common enemy like you. Even if you can exterminate this world, the result will still be a failure on the verge of success.”

The middle-aged man who was formed from the Black Fog hesitated for a moment when he heard this. However, after thinking about it, he felt that this was indeed the case. He said unhappily, “This matter has been decided for the time being. We will talk about the rest after you have become the ruler!”

A bright light flashed across Bai Chen’s eyes, he said, “Thirdly, and most importantly, you can not interfere with my strategic plans. “Regarding conquering the world, all of my plans have already been laid out. I will not allow anyone to restrict me. You can not control my freedom either. “I am only cooperating with you in the general direction. As for the rest, I will be completely independent.”

The middle-aged man that was formed from the black fog said, “This is not a problem. In the process of you settling the world, my help will only be reflected in the aspect of battle strength. More importantly, it will be your own use of wisdom. This aspect is really not something that I am good at. If I work hard, I will only be helping you more and more. I still have this bit of self-awareness and will definitely not interfere.”

Bai Chen nodded slowly and said, “If you can keep your promise... then we can naturally cooperate.” He smiled, “I can sense that our cooperation will definitely be very pleasant. “However... Instead of hoping that you will keep your promise, why don’t you swear to the Heavenly Dao in the name of your race. After I become the ruler, you will leave this starry sky. Only then will I truly feel at ease and be able to cooperate with you wholeheartedly.”

The middle-aged man formed from the Black Fog was about to erupt. If they were to follow young master Bai’s words and swear an oath to the heavenly axiom, then after the contract was completed, they would have to truly withdraw from this starry sky.

Otherwise, the backlash from the heavenly axiom would still completely destroy the entire race. This was completely contrary to his original intention.

The people of the spirit race were originally the most extreme of the Devil Path people. How could they possibly care about etiquette, righteousness, honor, and trust? At the very beginning, after the black fog formed a relationship with Bai Chen, the middle-aged man had already made use of Bai Chen, after that, he planned to completely devour the Beyond Avalon of the red dust. However, he never expected Bai Chen to actually make such a move and propose such a condition.

Removing the firewood from the bottom of the cauldron, completely cutting off the bad luck of Beyond Avalon of the Red Dust? !

“What if I don’t swear?”The middle-aged man formed by the black fog said gloomily, “What will you do then?”

Bai Chen smiled faintly and closed his eyes, he said, “The premise of our cooperation is that you will help me clear the sky beyond heaven. However, if the premise of this result is that the sky beyond heaven doesn’t exist, how will it be meaningful to me? I might as well ask you to swallow me right now. The promise you made before has no integrity at all. It’s all empty talk. The result of my cooperation with you will still end up with nothing. Perhaps, it will be even more miserable than nothing. After all, am I not also the blood food in your mouth? Do you think that I will still agree to cooperate with you? !”

The middle-aged man in the Black Fog let out a furious roar. He used this to vent the anger in his heart. Immediately, he said in a heavy voice, “Forget it, I will agree to this oath of yours!”

As he said this, he spilled out a pool of black blood and solemnly swore in the name of his race.

A moment later, the Heavenly Dao’s voice was heard. Bai Chen’s face finally revealed a bright smile as he said, “Happy Cooperation!”

However, the middle-aged man in the black fog let out a cold snort, he said, “Bai Chen, I know that you are smart. You are well-thought-out and take the initiative step by step. However, I hope that you are really smart. You must not think of anything else that you should not think of. We have established a cooperative relationship. I have already taken out too much sincerity. You must also take out your sincerity and give it your all!”

Bai Chen said, “I, Bai Chensu, am a man of my word! I will definitely do my best to fulfill my promise! Your Excellency has indeed shown great sincerity in our cooperation. Naturally, I will not think of anything else. Before absolute strength, how can small tricks be of any use?”

The middle-aged man in the black fog said, “It’s best if you can think like this. Please keep this in mind. If you break your promise, I will also turn this world beyond the heavens into ruins in the shortest time possible!”

Bai Chen said, “How could I do such a thing as destroying the Great Wall? Both of us have our own restrictions. If I break my promise, then even if you devour the entire world, I will break my promise first. The Heavenly Dao can not restrict you. I still have this bit of understanding.”

The middle-aged man said coldly, “It’s good that you understand. I hope that young master Bai will always be smart, just like today!”

With that said, the middle-aged man turned into a cloud of black mist. It was obvious that he was preparing to leave.

Bai Chen secretly heaved a sigh of relief. If he had not personally experienced it, who would have thought that although Bai Chen’s exchange with the Spirit Prince had lasted for a short period of time, the pressure he felt was unprecedented. Even someone as determined as young master Bai felt his heart waver.., his state of mind was in danger..

However, before young master Bai could let out a sigh of relief, he saw the middle-aged man appear once again. The Black Fog had once again condensed into a human form.

Bai Chen looked at a certain lord in surprise. For a moment, he could not guess the intention of the middle-aged man's return.

"I have almost forgotten a major matter. I have yet to tell you my name. If you need my help with anything, if you do not have a name as an opportunity to contact me, how can I communicate with you?!" The middle-aged man in the black fog said in a calm voice.

Bai Chen's expression slightly stiffened as he said in a deep voice, "It's indeed a big oversight. May I ask your distinguished name?!"

The middle-aged man in the Black Fog said in a bright voice, "My spirit clan's original name is probably not usable here..."

Bai Chen said in surprise, "Could it be that the mighty figure who destroyed the spirit clan back then actually had a divine ability up to this point? After being separated from the spirit clan for hundreds of thousands of years, he was still able to sense the traces of the spirit clan. This kind of divine ability is really too inconceivable and terrifying!"

The face of the middle-aged man in the Black Fog turned black. "It's not to the extent that it's not to the extent that it's not to the extent that it's not to the extent that it has the leisure to ponder over a junior like me. What I'm actually saying is that... my original name of the spirit race is a little unpresentable..."

Bai Chen's gossipy heart immediately rose as he curiously asked, "May I ask what your name is in the spirit race..."

The middle-aged man in the black fog said, "My elder brother and I are called Big Xiong and Second Xiong in the Spirit clan. It seems a little vulgar..."

The corner of Bai Chen's mouth twitched as he said, "Good name... good name..."

Chapter 1964: The Strange Young Master Bai

The middle-aged man in the black fog said, "You also think it's not bad!?"

Bai Chen said in a calm voice, "Not only is it not bad, but the names of you and senior brother are simple and thought-provoking, leaving a deep impression on people. Anyway, I think that although this name is a little straightforward, it's a good name."

The middle-aged man in the black fog nodded, he said, "Do you think so too?" "I said that this name is very good, but Big Brother insisted on arguing with me. He always said that he wanted to change his name. With you saying so, I will be completely at ease. I will not listen to anyone who asks me to change my name again." "From now on, in the realm beyond the mortal world, I will also be called Xiong Er. You and I will use this name as a medium of communication."

Bai Chen said, "This is the best. This is the best."

The middle-aged man in the black fog nodded his head in satisfaction. He immediately turned into a black fog and disappeared without a trace in the blink of an eye.

This Mr. Xiong ER from another world had finally left.

Bai Chen repeatedly confirmed that “Xiong ER” had really left. Only then did he take a deep breath. He raised his hand and wiped away the cold sweat on his forehead that he had been trying his best to suppress until now. Although it was already safe.., he still felt as if he had walked seventeen or eighteen times between life and death.

He did not stop at the top of the mountain, and went down the mountain on his own.

Although his footsteps were still calm and collected, it was not difficult to see that if someone was familiar with Bai Chen, it would not be difficult to see that Bai Chen’s footsteps were less rhythmic, and his movement speed was more than twice the normal speed.

Wan ‘er saw her young master walking over so quickly and couldn’t help but be shocked.

The young master looked normal, but even though he was already home, he still maintained such a fast movement speed. It could be said that he had lost his composure, but it was unprecedented. Could it be that something big had happened?

But what exactly was it that could cause the young master to lose his composure to this extent?

With the young master’s willpower, even if it was a life and death situation, it would still be difficult for him to be moved!

Bai Chen’s face was solemn as he quickly walked in and said, “Go to the secret room.”

Wan ‘Er and Xiu ‘er looked at each other. They did not dare to be negligent, nor did they say anything to inquire. They followed Bai Chen into the secret room.

The three of them swept over like a whirlwind. Along the way, all the upper echelons of the overturning cloud and rain house were dumbstruck.

Why did young master’s expression look so ugly today?

..

“Young master, what exactly happened?” Wan ‘er asked.

“En... That’s not a problem that you need to be concerned about.” Bai Chen calmed his mind and said, “We’re going to see Li Wuliang, Xue Danru, and Han Bingxue.”

Wan ‘Er and Xiu ‘er were both stunned when they heard this.

After the three of them were invited back by the three of them, although the overturning cloud and rain tower had already been extremely hospitable and did not treat them harshly, the three of them still cursed incessantly every day. Xue Danru was still fine.., however, Li Wuliang and Han Bingxue were sarcastic and sarcastic. One of them was cursing, and it was extremely unpleasant to hear.

Wan ‘er and Xiu ‘er naturally did not want to go if they could.

Who would want to be scolded for no reason?

But today, it seemed..

Xiu 'er opened the spatial restriction, and the three of them entered another space at the same time. This space was not very big, and it was probably just a quiet courtyard.

In the courtyard, there were two courtyards, one east and one west. They were both extremely pure and elegant, but they did not lose their grand and imposing architectural style.

Between the two courtyards, there was an open space of no less than a thousand feet in circumference. There were flowers and plants growing in a tangled pattern, and the fragrance of flowers was coming out in waves. If it was purely based on the living environment, the living environment of the residents here could be said to be quite comfortable.

However, at this moment, there were loud curses coming from within, endless and long-lasting.

"That bastard Bai Chen! What Master Bai! What expert bearing! What overturning the clouds and rain house! Bullsh * T! It's all BULLSH * T!"

"Other than scheming and scheming, other than being despicable and shameless, I can't see anything else!"

"I can only have such a breadth of mind, yet I still have the delusion of competing with Ye Xiao for a day's growth. I'll definitely die in the future!"

"He actually used underhanded means of kidnapping and scheming. This is clearly the prelude to playing dirty!"

"Despicable to the extreme! Shameless to the extreme! Despicable to the extreme! Shameless to the extreme!"

"Bai Chen, I'm scolding you. Why aren't you coming out to be scolded? Damn you!"

"Come out! Come out!"

Li Wuliang's scolding could be said to be earth-shattering. Unfortunately, there was only so much space in this realm, and only the three of them were here. No matter how loud the scolding was, it would only disturb his peace.

Bai Chen smiled faintly and walked in. "Brother Li, why are you still so angry?"

In the East House, Li Wuliang jumped out with big strides. "Bai Chen, you despicable person, you actually dare to come out! You Shameless Shameless Person!"

Bai Chen smiled and said, "Brother Li, what you said is wrong. Ever since brother Li came to my place as a guest, I have admitted that I have treated you very well. Brother Li is living a comfortable life, and you are like a beautiful flower. How can you still be so angry?"? Brother Li's words made me sad

Li Wuliang cursed, "A guest? F * ck your F * cking bullshit! Is there anyone who invites guests like this? Is there anyone who invites guests like this? You B * Stard. It's not reasonable at all, but you are still so righteous. You Are Shameless, Shameless, despicable, Shameless. You are addicted to being Shameless!"

Bai Chen laughed. "Brother Li, please calm down. Come, come, come. The three of us haven't seen each other for a long time. We should have a good meal when we meet again after a long time."

On the other side, Han Bingxue was as white as snow as usual. Her face was as cold as ice, and even her voice seemed to be filled with ice stubble. "Shameless, who's your brother!"

Wan 'er said coldly, "Li Wuliang, Han Bingxue, the two of you better be more polite to my young master! "We, the overturning cloud and rain house, treat you well, but we treat you like prisoners! "Blindly provoking us will only wear down our patience. If we really do something rude to you, the two of you will not consider the consequences. If you make the slightest mistake, you might regret it for the rest of your life!"

Li Wuliang laughed out loud, "Little girl, come on! I want to see how you will make me regret it for the rest of my life! Just talk without using your mouth. If you really have the ability, take it out and greet us!"

Bai Chen waved his hand and smiled indifferently, "Wan 'er, Don't disturb us. Hurry up and get some food and wine. I'll drink with the two of you and send three friends on their way. It Won't be a waste of a host and guest having fun..."

Han Bingxue coldly interrupted Bai Chen and said, "Send us on our way? Bai Chen, you should have done this a long time ago!"

Bai Chen laughed out loud. "Now that the way I want to send you on your way has been established, let's see if the two of you dare to follow my instructions! The wine is meager and the food is meager. Everything depends on the choice of the two of you."

Li Wuliang laughed out loud boldly. "Life is no big deal except death. In the end, even if you get drunk, you'll still be happy. Hurry up and bring your wine! I'll drink with you!"

..

In a moment, a sumptuous feast was served.

Li Wuliang laughed coldly, gulping down his wine and eating the food. He was calm and at ease.

Han Bingxue was more gentle and refined. She was talking and laughing with a graceful bearing.

There was also Xue Danru, who sat beside Li Wuliang. Her face was calm and peaceful, as if she did not care about anything. Even if it was a matter of life and death, it was nothing special.

Bai Chen tried to persuade them to drink, talking and laughing. The atmosphere at the table was very harmonious for a moment.

After a feast of gluttony, Li Wuliang rubbed his belly and laughed. "Bai Chen, seeing that your banquet is not bad, I will give you more face. Tell me, how do you want me to go?"

Bai Chen smiled faintly, "How do I go?" "I really haven't thought about this. At this moment, the spatial portal has already opened. Any of you can use any method to find ye Xiao. Run, Fly, ride a horse, or even ride a dog... I don't have any other opinions."

When the three of them heard this, they were instantly stunned.

"You said that you plan to let us leave and let the birds fly freely?"

Han Bingxue suddenly raised her head.

"I do have that intention. After all, my life here doesn't agree with it..." Bai Chen let out a long sigh. "Just feeding you guys for nothing, providing food and drinks, and even maintaining a private space, the expenses are really too big. I also can't afford it... especially since you guys not only help me with work, but also curse me all day long... If I don't let you go as soon as possible, will I continue to make myself uncomfortable and let you guys continue to eat my free food?"

Li Wuliang widened his eyes. "You're not going to use us to threaten ye Xiao?"

Bai Chen was displeased. "Brother Li, what are you saying? How can I, Bai Chen, be the kind of person who kidnaps and threatens? You're looking down on me, Bai Chen..."

Li Wuliang sneered. "Then your original intention of bringing us here was to control us to eat for such a long time?"

Bai Chen smiled and said, "Speaking of which, it's a misunderstanding to invite brother Li and his wife to come together. I just admire young master Han's outstanding reputation in the human world and wanted to get to know him. That's why I invited Young Master Han that day. Coincidentally, brother Li and his wife are on the same path as young master Han, so they were invited together. Anyway, I think my harvest was quite good recently... it doesn't matter even if I invite two more freeloaders... but not only do the three of you have long qi meridians, the expenses are also very affordable. Today, I gradually feel that it's difficult to deal with it, so I had no choice but to invite the three of you on your way!"

Li Wuliang rolled his eyes and said, "Young Master Bai, do you think I believe your nonsense? ! If I F * cking believe your words, unless a gold ingot fell from the sky and landed on my head!"

Bai Chen laughed and suddenly looked at Li Wuliang's face.

However, before Li Wuliang could finish his words, a golden light flashed in the sky and a gold ingot fell from the sky and landed on Li Wuliang's head.

This space was Bai Chen's personal space, so it was easy for him to do such a thing.

However, this scene, coupled with Li Wuliang's words just now, made Li Wuliang not know whether to laugh or cry.

"The overturning clouds and Raindrops restaurant really doesn't have the strength to take care of the three of you. The three of you, it's really convenient. Go To ye Xiao's place and eat and drink for free!" Bai Chen stood up. "After today's farewell, the predestined relationship will disappear. When we meet again, we are enemies and not friends. I wish the three of you a safe journey. The jianghu is fraught with danger, so take care."

After saying that, he really opened up the space and left.

Li Wuliang and the other two looked at each other, unable to believe what was happening in front of their eyes.

They tried to walk out of the space, out of the overturning clouds and Raindrops restaurant's headquarters, and then..

They went all the way to the boundless sea mountains, but they still felt like they were in a dream.

No matter what they said, they couldn't figure it out. Bai Chen had first captured them, but not long after, he let them go and exiled them. What was the meaning of letting them go just like that? !

This kind of situation really didn't seem like something that the world-famous young master Bai would do.

Li Wuliang used one last sentence to explain Bai Chen's strange behavior.

"This guy is most likely crazy... That's why he's acting so incoherently."

Han Bingxue nodded, expressing her deep agreement.

In fact, when young master Bai said that he admired her, Han Bingxue had already come to a conclusion similar to Li Wuliang's!

When Han Bingxue and the other two arrived at the main camp of the pavilion, ye Xiao was chatting with Old Master Guan and the others. The old masters had been seriously injured previously, but with ye Xiao, an unrivalled godly doctor, and after such a long period of recuperation.., they had naturally all recovered. However, when everyone talked about what had happened previously, they could not help but sigh.

The Ye family army no longer existed. Old Master Guan and the others could also stay in the pavilion wholeheartedly.

It had to be said that the old masters' ability to manage internal affairs and coordinate with each other was truly outstanding. In the entire sovereign pavilion, they were unrivalled.

It was just that the old masters' current state of mind was still filled with conflict.

As the head of a family, he had protected the family for his entire life. For the continuation of the family, he had done his best and poured his blood and sweat. This was not only a responsibility, it was also a glory.

However, only now did he know that the ancestor of this enormous family that had been passed down did not actually care about the survival of this family!

This reality caused the few old masters to feel depressed.

However, they also used this matter to completely tie the seven Lotus family to the war chariot of Lord ye Xiao's pavilion. There was actually no gap between fortune and misfortune, causing the few old masters to feel conflicted. At the same time, at the same time, they also erupted with the vigor of struggle.

When the seven old men said that they were old men, it was just that their appearance was relatively old. Their age was not even a fraction of those true old men. Now that they had re-established their focus.., as people who had long since developed the intention to follow ye Xiao, they naturally had the intention to build merit from the dragon. If they could not continue to break through the heavens with Mister Ye, it was not impossible for them to receive the honor of following Lord ye one leaf, with the lotus leaf following, "Ye" might be different, but it was not necessarily the same!

It was also because of the alliance of these few old men that ye Xiao became even more idle!

There were too many capable subordinates and too many people who knew how to do things. The leader naturally did not need to personally do everything. This was naturally not good for those who were good at seizing power. They might even want to play some kind of imperial mind trick or check and balance each other, however, for ye Xiao, he was simply happy to see it happen!

Having gotten used to the devolution of power, Ye Xiao, who was an empty window, was suddenly caught by Bu Fang. A huge pile of things was confirmed by ye Xiao.

Ye Xiao immediately had a big headache. He shamelessly pushed the work to Xuan Bing and ran away. He even directly threw his Lord Pavilion Master's seal into Xuan Bing's arms.

"Bing 'er, be a good girl and help me with the work. I'm going out to get some fresh air. It's been too hard recently..."an irresponsible Lord said something extremely shameless and disappeared without a trace.

When Bu Jie, Xuan Bing Jun, Ying Lian, and the others heard such shameless words, they were stunned for a moment. After a long while, they looked at each other and didn't know whether to laugh or cry.

This supreme leader was really too lazy, and his temper was even more... anyway, he was too much, too shameless!

Ye Xiao, who had just escaped to the gate, saw Li Wuliang, Han Bingxue, and the others who were flying towards him. This surprise was really extraordinary, and he almost couldn't believe what he saw.

"Wuliang! Bingxue!"Ye Xiao shouted and went up to them, throwing himself into their arms.

On the other side, Li Wuliang laughed loudly and opened his arms. The two brothers hugged each other tightly. They were extremely intimate.

..

"You're saying that you haven't appeared for such a long time. In fact, it was young master Bai who invited you to be his guests?"

Ye Xiao jumped up.

"What do you mean by inviting you to be his guests? It's clearly kidnapping!"Li Wuliang said, "It's just that that Brat Bai Chen is most likely crazy. That day..."

He told them everything.

After hearing Li Wuliang's description, ye Xiao's originally playful mood was completely restrained, and he even frowned.

"You're saying that young master Bai kidnapped you first and imprisoned you in a private space?"

"Yes."

"En, Young Master Bai captured you and didn't kill you. He definitely had another purpose. Most likely, at the appropriate moment, he used your lives to set up a trap for me."

“We think so too.”

“He has already captured all of you for quite some time? !”

“Yes.”

“But he suddenly released all of you a few days ago.”

“Yes.”

“He didn’t say anything else.”

“Yes.”

“He didn’t mention any conditions either?”

“No.”

“He just let all of you go very, very peacefully like that.”

“More or less. Although they said that they admired ice and snow, and that they didn’t have Yu Liangyun at home, anyone would know that it was just a casual excuse.”

“This is indeed a little strange.” Ye Xiao pondered for a long time and didn’t say anything.

Li Wuliang stood up and walked around.

“Stand Still.” Ye Xiao said loudly.

“Ah?” Li Wuliang was shocked.

“Don’t move first, the three of you!” Ye Xiao took a deep breath, and his face became solemn.

Chapter 1965: Young Master Bai’s Letter

Ye Xiao did not allow anyone to move. Instead, he began to pace.

“Bai Chen captured Li Wuliang and the others for the purpose of dealing with me. However, after being imprisoned for so long, he did not use this move. This means that this move will only be used against me as a last resort.”

“In other words, this is a move that Bai Chen views as his trump card.”

“This move is not only important to me, but it is also important to young master Bai. Once he uses this move, it is equivalent to Bai Chen admitting that he is inferior to me and can only choose to use this move to save the situation.”

“But now, he has easily let go of this trump card.”. “No matter how unbearably he uses this move, it is still an extremely powerful move. Even if he does not use it, it is still good. However, he still decided to let it go. Why is this so? Was it to show that he was above board and let me owe him a favor? ! No... No, I will not owe him a favor because of this. Similarly, such a favor, young master Bai disdained to have!”

“Then... the only explanation is that some unexpected changes happened in the past few days, causing him to make this decision.”

“And the most unexpected change in recent times is... the destruction of northern sky!”

Ye Xiao’s eyes were burning as he looked at Li Wuliang and Han Bingxue’s bodies. He did not let go of a single inch of their bodies.

“Take out all your belongings first and examine them carefully,” ye Xiao said.

“See if any of these belongings do not belong to you?”

Ye Xiao said to the three of them.

Han Bingxue and Li Wuliang were confused when they heard this, but they knew that ye Xiao must have a reason for saying this. They did not neglect it and simply took out all their belongings and examined them carefully one by one.

Including Xue Danru, the three of them even opened their own spatial storage equipment and checked everything, but they did not find anything unusual.

Everything was the same, without any change.

“This is strange. I originally thought that young master Bai released you because he wanted to use you to find me. He used you as a medium to tell me some things, but he did not find anything. Could it be that I was wrong...” ye Xiao continued to pace around, only his gaze remained fixated on the three of them, causing Li Wuliang and the other two to nervously look at each other.

After a long while, ye Xiao’s gaze suddenly focused on Xue Danru’s face.

Xue Danru’s face turned red from his gaze and she said angrily, “Sovereign Ye, what are you looking at?”

Ye Xiao said, “Sister-in-law, on your head... This pearl hairpin is quite pretty.”

Li Wuliang berated loudly, “What Sister-in-law? Ru’er is your sister-in-law, okay? !”

Xue Danru was stunned when she heard that. “How can there be a pearl hairpin on my head? There’s clearly only a hairpin on my head; it’s the only accessory I brought out from the icy Howler Heavenly Palace...”

Ye Xiao smiled. “That’s even more right. Sister-in-law, why don’t You Touch It Yourself?”

Li Wuliang’s expression was even more difficult. “Don’t you understand human language? That’s your sister-in-law. I’m telling you, Ye Xiao, don’t use the topic as an excuse. I know that you’ve already sorted out the clues. Who doesn’t know who’s scheming...”

Xue Dan was in the midst of a sibling rivalry between two people. She could not help but touch her head and immediately cried out in shock, “Eh? Why is there... This on my head...”

Xue Danru looked at the exquisite pearl hairpin in her hand. Other than shock on her face, there was also a lot of surprise.

The entire body of this pearl hairpin was bright red. It was so delicate that it was almost unbelievable.

“This isn’t yours?” Ye Xiao asked.

"I definitely don't have this thing. If I had seen it before, I definitely wouldn't have forgotten it!" Xue Danru said affirmatively.

No matter how profound Xue Danru's cultivation was, she was still a woman. As long as a woman did not have high resistance to beautiful clothes and jewelry, Xue Danru was obviously the same.

"En, I understand." Ye Xiao took the pearl hairpin and said, "This pearl hairpin... is what young master Bai wants you to bring to me!"

"Bring to you?" Li Wuliang asked in surprise and was a little speechless. "The Thing Young Master Bai brought to you, to wear on my wife's head? What the F * CK Is This!"

Ye Xiao rolled his eyes at him, he said, "This way of doing things reflects young master Bai's meticulous thinking. If it was placed on you and Han Bingxue... putting aside the fact that you guys don't have the habit of wearing accessories, if it was placed reluctantly, perhaps it would have been lost by you guys? "Moreover, if it was placed on you guys, there would be too many traces. It would most likely be noticed by the person that young master Bai wanted to hide it from. One wrong move and everything would be for naught."

"The reason why he chose to hide the item that carried the information on Xue Danru's head was partly because that item was the most exquisite one that women usually wore and wouldn't attract any attention. Wouldn't you all be deceived... on the other hand, the accessory that he chose could be said to be ingenious. He chose an accessory that didn't match Xue Danru's usual style of wearing. This was originally because he was afraid that I wouldn't be able to notice the other layer of arrangement."

"Xue Danru has a cold personality and is very clean. Therefore, no matter how beautiful the pearl hairpin is, Xue Danru would never like it, let alone wear it."

"In fact, this is the key that made me find something strange."

"So, this is the thing that was brought to me."

Ye Xiao took the pearl hairpin and studied it carefully. He flipped it over and looked at it. He said lightly, "There must be something else inside."

Li Wuliang could not understand, he said, "Even if young master Bai wants to tell you something, why do you have to be so mysterious? With his influence in Beyond Avalon, why do you have to be so cautious? "Although we have been imprisoned for a period of time, during this period of time when we were freed, the news of you two rising up and fighting for dominance filled our ears. At this stage in the world of mortals, he still has the two of you. Once they join hands, how can they resist in this world? Why do they have to be so mysterious? It's as if they are guarding against some strong enemy that they can not resist. This... is simply incomprehensible. I can't understand it!"

"Young Master Bai has always planned things out. Every step counts. Since he would do this, he must have his reasons."

As Ye Xiao explained, he carefully studied the pearl hairpin. His expression was very solemn.

To be able to make young master Bai go through so much trouble and put in so much effort to deliver this item, what kind of information did it contain?

And for Li Wuliang, what was young master Bai Afraid of? What to guard against?

These two points were equally important to ye Xiao!

Since Bai Chen wanted to deliver the news so carefully, then what kind of terrifying things had happened over there? Ye Xiao did not even dare to think about it, unwilling to think about it.

But... There was one thing that was certain!

Although Bai Chen and ye Xiao looked at each other as mortal enemies, if they really encountered something and needed to cooperate and discuss, the two of them were the most trusted pair.

There was no need to experiment on this point. They naturally had a tacit understanding!

Li Wuliang and the other two stared at ye Xiao intently inspecting the pearl hairpin. The three of them clearly did not even blink their eyes as they stared at it, but they did not know how he was handling it, the Pearl Hairpin suddenly moved on its own and suddenly split into two

Ye Xiao's estimation was right. In the middle of the pearl hairpin, there was indeed something hidden.

It was a small ball of paper.

Ye Xiao carefully took out the small ball of paper and saw that it was densely filled with words.

Ye Xiao quickly read the contents of the note, but his brows immediately furrowed.

Then... he unfolded it again and read it again carefully. He was afraid that he would miss out on some details, so he repeatedly read it. His expression was extremely grave.

Just from the fact that ye Xiao read the contents of the note twice, it was not difficult to imagine that the contents of the note must be extraordinary!

"What's Wrong?" Li Wuliang saw that ye Xiao's face was ugly and subconsciously asked.

"This matter is really serious." Ye Xiao took a deep breath and looked worried. "This matter can't be explained clearly in a few words. Let's talk about it after we come in."

..

Ye Xiao led the three of them into the stronghold. Without saying anything else, he issued an order, "Quickly invite Mr. Ye and the others over. Tell them that there's something urgent to discuss. Please come over as soon as possible."

Seeing ye Xiao's extremely unsightly expression at this moment, Bu Chian agreed. Without the slightest hesitation, he flew away.

Not long after, Ye Hongchen and the others, who had just left, returned here.

Mr. Ye and the others were all confused.

They had just left, but ye Xiao had invited them back.

What could be so urgent? Was it necessary?

However, when everyone saw ye Xiao, they were all shocked because ye Xiao's expression was unprecedentedly serious. The faint smile that usually hung on the corner of his mouth had long disappeared, what replaced it was an unconcealable fear!

What exactly was it that caused this usually calm young man to lose his composure to this extent? !

Ye Xiao did not delay and invited everyone into the secret room. He quickly recounted the information he had received from Young Master Bai, and Ye Hongchen's expression immediately became unsightly.

The Devil that devoured cultivators had appeared? ?

The situation was indeed serious!

"This sudden incident has caused the situation to take a different turn... right now, it is no longer a simple world war. Instead, it is a matter of whether there is still room for all the beings beyond the mortal world to continue!" Ye Hongchen said in a deep voice! Guan Shanyao, go and invite Heavenly Emperor Veluriyam over. With the sudden arrival of this calamity, it is no longer a matter of the Guan family, clan, and country. We have to unite all the forces to resist this calamity together!" Ye Hongchen said in a deep voice.

Not long after.

Heavenly emperor glazed glaze also came to ye Xiao's secret room.

It was clear that this heavenly emperor really trusted ye Hongchen very much. He was even able to do such a dangerous thing alone. The friendship between the two of them was truly unimaginable!

..

"There are changes in the realm beyond heaven. The northern Sky Emperor used an evil secret technique, the Heavenly Fiend astrology, to divine his own fate and accidentally attracted the demonic spirit clansmen from the realm beyond heaven. Now, a devil has come over from the demonic spirit clan. And it is precisely because of this matter that all the upper echelons of the northern sky emperor and the others have been devoured by the Devil. The power of this devil is extraordinary. It is something that few humans can contend against. It will cause the world-destroying calamity in the realm beyond heaven..."

This was the first paragraph of young master Bai's letter.

When everyone heard this, they were all shocked and moved.

Just the fact that the devil of the spiritual devil clan had single-handedly exterminated all the upper echelons of northern sky was already shocking. He was absolutely invincible in the world. It was indeed a calamity that would destroy the world!

"The devil came to me by fate and said that he wanted to cooperate with me. He offered many favorable conditions..."

Young Master Bai described in great detail the series of things that he had done with the devil, finally, he emphasized, "For the necessary matters of the spirit clan, there is no second thought other than the mandate of heaven. However, the person whom the mandate of heaven belongs to in this world is not

me. Now that we are fighting for the world, it is only me and Jun Shuangxiong who are fighting for hegemony. And according to him, Jun is the person who forcibly took away my mandate of heaven. In that case, why didn't he directly go and cooperate with Jun? If he worked with the Lord, he could at least save the trouble of defying the heavens and changing fate? With that, I believe that the Lord definitely has something that the Devil is afraid of

"In summary, no matter how much I don't want to admit it, I'm still inferior to the lord when it comes to dealing with this devil. Only the Lord can save the world

"That devil of the spirit race is vicious and cunning. He doesn't care about propriety, justice, and shame. Everything is for his own benefit first. If he wants to get rid of it, he must carefully plan and hit it with one strike. Only then can the future trouble be eliminated forever. "If word of this gets out, beyond Avalon will be wiped out forever..."

Young Master Bai's letter ended there.

However, everyone's hearts were weighed down by a heavy stone at the same time, making it difficult for them to breathe.

No one would have thought that the northern sky emperor would be wiped out in such an inconceivable manner. They also didn't expect that with just one divination, the demon of calamity would be lured out, causing the entire beyond Avalon.., suddenly fall into such a dangerous situation.

Ye Xiao let out a long breath.

He could be considered to have completely understood why young master Bai was so cautious. He had gone to great lengths to use such a secretive method to deliver the news.

Even with such a roundabout method, Bai Chen still had to take a huge risk.

Once that devil of the spirit race found out, Bai Chen would definitely be devoured at the first moment. There would definitely be no chance for him to escape.

"This... can this be true?" Heavenly Emperor Glaze's gaze was straight as his face turned green.

"The news that Bai Chen sent over will definitely not be fake. In fact, the destruction of northern sky in one night has already indirectly confirmed the authenticity of this matter! Let's ask, even if Mister Ye, Liu Litian, and the Sovereign Pavilion joined forces, could they destroy northern sky in one night and wipe out all the upper echelons of northern sky? Ye Xiao said with certainty, "I even suspect that Bai Chen's current actions and every single one of his actions are under the control of that Devil. Although Bai Chen's letter stated that the devil had offered extremely generous conditions and promised that both sides would work together equally, there is no such thing as one side overpowering the other. However, you can imagine what the reality is like. At the very least, during the initial stage of their cooperation, that Devil will definitely closely monitor Bai Chen."

"So, for the time being, we can only rely on our side to study how to find a way to eliminate this devil in one hit." Ye Xiao nodded affirmatively, "As for the struggle for hegemony, the heroes belong to the clouds. We have to wait until we destroy that devil before we make any reasoning. As long as the devil is not destroyed, everything will be for naught."

Ye Hongchen looked at ye Xiao who was talking with a smile on his face, his eyes full of gratification.

Ye family has a successor!

Whether you, Ye Xiao, admit it or not, our ye family has a successor.

Chapter 1966: Chuchu Came

“Bai Chen’s letter emphasized that there is something that the devil is afraid of... What is it?” Heavenly emperor glaze was the most impatient and immediately asked ye Xiao.

Actually, this was also the question that everyone present wanted to know the most. After all, to be able to destroy the northern sky high level devil in one night, the strength of that devil was something that the Taihan people had heard of. To use such a devil as an opponent., anyone would have to be afraid of seventy percent and abstain from thirty percent. How would they dare to offend him lightly? Even though they knew that it was inappropriate to inquire about other people’s secret trump cards, they could not care about it at this moment!

Ye Xiao grimaced. “I really don’t know about this... could it be that the demon is afraid of my glory and beauty! ? Isn’t it said that this is the age of face?”

The men at the table collectively vomited.

Little did they know that ye Xiao also had his own difficulties at this moment. He truly did not understand what the devil of the Spirit Race was afraid of him for. Or perhaps, it was Bai Chen who had misunderstood?

However, he really had quite a few trump cards on him, such as the endless space, the three-foot-long secular world, the void vine, the stellar sword, many strange metals, and spiritual treasures. He couldn’t possibly try them one by one, right!

Wait a minute, Bai Chen’s letter mentioned the past events of the heavenly fishing platform in the heavenly domain. The key words of that incident were the reincarnation fruit, the demon world, and the idiot..

Then, could the key this time be... The Idiot?

Ye Xiao frowned and hesitated for a moment. He actually left the space by himself with a thoughtful look on his face.

When the glazed celestial emperor and the others saw him thinking so carefully, they subconsciously didn’t dare to disturb him and left.

Ye Xiao left the secret room and immediately used his mind to enter the space.

“Idiot!”

Ye Xiao said, “Do you know the Spirit Race?”

The Idiot’s ears pricked up as he looked at ye Xiao in confusion. “Meow?”

Ye Xiao sighed and said the contents of Bai Chen's letter. Then, he saw the Idiot's eyes suddenly light up like a spotlight.

"Meow? Meow? Meow, Meow, Meow, Meow? Meow? !"

Is the devil you're talking about the black gas that was circling in the sky that day?

Is that right?

That's a very delicious thing!

Actually, the black gas originally wanted to come down and look for you, but the taste of it was too tempting. I couldn't help but go out and take a look. After a few glances, the black gas disappeared... It's gone, I don't know where it went.., you Don't know, I'm only disappointed these few days. Why Don't I go out later? If that black thing came near me, wouldn't I be able to feast on it again? My Luck has been really bad recently..

Ye Xiao's eyes lit up when he heard that. He completely ignored a certain Meow's nagging and went straight to the point. "HMM? You're saying... That Thing, not only can you restrain it, but you can also eat it! ? Are you not joking?"

The Idiot could not wait to nod his head. "Meow, Meow, Meow, Meow, Meow, Meow..."

The Idiot repeatedly explained that he had been too pleasantly surprised and too excited that day. He had rushed out, but because they were too far away from each other, the black gas had been scared away, this result made the idiot, who had already drooled over it, extremely depressed.

During this period of time, his cultivation had broken through one after another. Although it was a rapid improvement, but as ye Xiao broke through the emotion barrier, the Purple Qi east arrival divine technique also broke through. It had provided him with a huge space for improvement, however, it also announced that he would no longer have the possibility of breaking through for a period of time. This was equivalent to forcing him into an awkward bottleneck.

If he could not break through this barrier, his cultivation level would probably stop there and stay at the current level for a long time.

At most, he would only be at the shallow level of the grandmaster realm in the mortal world.

However, to this idiot, it would be better to just kill him!

On the other hand, if this idiot could no longer evolve, it would also cause ye Xiao's spatial evolution to be incomplete. It would also cause ye Xiao's purple qi east arrival divine technique to progress extremely slowly. It would probably take him a year to complete it, but he might not be able to complete it even if he cultivated for another ten thousand years.

This result was something that was intolerable to both ye Xiao and the idiot.

Ye Xiao, the idiot, and the endless space promoted each other. They helped each other and made up for each other's shortcomings. However, the opportunities in this world had basically been exchanged by ye Xiao, the so-called strange metals, mysterious spiritual water, and rare spiritual plants and clouds were all included. The endless space itself was already weak in advancing. As Ye Xiao advanced into eternity,

he broke through the emotion barrier, the progress of purple clouds east arrival would also slow down for a considerable period of time in the future. As for the idiot... The Great War of the next century had begun, and there were many dead people. This was the perfect opportunity for the idiot to gather soul energy, it was the perfect opportunity to improve himself and complete the Yin spirit space!

However, recently... the idiot had discovered that as his level increased, the soul energy possessed by the origin spirit of this world beyond the mortal world was no longer enough to support the Idiot's advancement!

In other words, if he could not find a higher-end origin spirit energy, apart from the idiot being unable to advance any further, even the yin spirit space within ye Xiao's nine great spaces would forever be unable to be perfected.

Seeing this step, the idiot was fretting over whether he should obtain it or not, completely at a loss as to how to obtain it.

Unexpectedly, a huge pie fell from the sky, and some spirit race actually appeared..

The Idiot's mood immediately turned from worry to Joy. That excitement and happiness were similarly no different.

Seeing that the idiot was like this, ye Xiao instantly relaxed.

Since the idiot had a way to deal with the Spirit Race Devil, then everything was not a problem.

After all, starting from the "Brother Egg" state of the idiot, it had always been a model of the weak defeating the strong. It was truly a case of success in everything, and there were no missed shots!

Just as ye Xiao put down his worries, a sharp whistle suddenly sounded from outside.

It seemed to be a battle between powerful cultivators.

Ye Xiao's thoughts suddenly changed, and he hurriedly left the endless space. He saw that Ye Hongchen and the others had already gathered in the courtyard and were looking up at the battle situation.

In the sky, there was a black shadow that was moving too fast. At this moment, it had already turned into a whirlwind, circling and dancing in the air. If not for the fact that the people watching underground were all top-notch experts in the world, they would only be able to see a lump of shadow at most, moreover, it was an extremely blurry and illusory shadow.

However, behind this lump of shadow, there seemed to be another lump of shadow that appeared even more illusory and was chasing after the previous lump of Shadow.

The reason why it was described as "Seemingly" was because the other lump of shadow was moving even faster, so fast... that it had almost exceeded the cognitive limits of the experts from the underground. Such astonishing high speed.., it was extremely terrifying!

Seeing that the figure in front of them was getting more and more difficult to get rid of the entanglement of the other shadow, just as the two shadows were about to come into contact, the entire sky suddenly turned cold. Countless ice and snow fell repeatedly, and a severe winter came.

Xuan Bing frowned, looked at the sky, and said suspiciously, "This... this is clearly the Qi phase of our Misty Cloud Palace's Lingxiao Ice Jade divine technique..."

Ye Xiao's heart skipped a beat. "Are you sure?"

"Of course I'm sure." Xuan Bing frowned slightly. "However, our sect's Lingxiao Ice Jade divine technique has never had an expert who has reached such a high level of cultivation. I've only dabbled in such a cold state not long ago. This person's cultivation is definitely not inferior to mine!"

As he was speaking, the Black Shadow in the sky suddenly let out a sharp whistle. "Ye Xiao! Run!"

Ye Xiao's body trembled. "Wenren Chuchu?"

That was Wenren Chuchu's voice.

But who was that black shadow chasing after her?

Que Wen let out a meow and suddenly rose up, but the Idiot's eyes were filled with excitement as he rushed out. If Wenren Chuchu and that strange black shadow's movements were still within the scope of everyone's vision, then this meow's movement speed was truly terrifying.

The moment the idiot pounced out, he had already transformed into a white shadow whose movements could not be clearly seen. It was as if the * * * * * had been hungry for tens of millions of years, and his eyes even flickered with a solid green light.

Following the appearance of the Idiot, a cry of surprise sounded in the air. The black gas that was originally chasing after Wenren Chuchu quickly rose into the air and fled into the endless sky. In the process of escaping, it rapidly transformed into countless tiny black gas, it fled in many directions. It was obvious that it was extremely afraid of a certain someone. It was afraid that it would not run far enough and would use the technique of cutting off the wrist to save its life.

Although the Idiot's movement speed was above that of the Black Shadow, it gave chase with all its might. In the end, it was unable to split its body. It only caught up to one of the black gas and hurriedly swallowed it, after that, it returned to the space with a satisfied expression.

In the air, the black shadow flashed for a moment and transformed into Wenren Chuchu's original form, dripping with sweat.

The moment he landed, he actually lost his footing and staggered for a moment. He then directly sat down on the ground with a pale face, panting for breath. For a moment, it was as if he did not even have the strength to breathe..

It was clearly just an instant, but a pool of sweat had already accumulated under his feet.

"Miss Chuchu?" Ye Xiao hurriedly walked forward. "This... what is going on?"

Wenren Chuchu panted and raised her head to look at ye Xiao. Her gaze was actually somewhat lax. When she saw that it was indeed ye Xiao in front of her, she heaved a heavy sigh of relief. She rolled her eyes and fainted.

Previously, she had tried her best to deal with the shadow of the Black Qi, but she had really exhausted all the strength in her body. In a sense, she had used up all her energy in the air. For the last period of time, she had relied on her willpower to support herself. Now that she saw ye Xiao., after sending her mind off, she naturally could not hold on any longer and automatically fell into a dormant state!

Ye Xiao did not know what was going on. Seeing this, she could not help but be shocked and hurriedly carried her in.

However, Ye Hongchen, the glazed celestial emperor, and the others all had solemn expressions on their faces.

They were all veteran experts, so they could naturally see that although the cultivation technique of this beautiful woman was extraordinary and extremely cold, there were still traces that could be traced. It was probably the path of the extreme ice, however, the path of the other Black Qi was really clueless.

Everyone actually couldn't recognize it collectively. The only thing they knew was that the Black Qi contained an unprecedented evil and terror!

Moreover, it was the extreme evil that made one's entire body almost stiffen!

"Looks like that black qi is the... Spirit clan demon mentioned in Bai Chen's letter." Ye Hongchen sighed. "Such movement speed is truly... unrivaled."

Everyone saw it for themselves. Wenren Chuchu's speed had already reached the peak of this world!

Moreover, it was the ultimate speed that could only be created by fusing all the physical qualities, talents, cultivation techniques, and other things that met the requirements into one!

Just like Wenren Chuchu's speed when she fought with the Black Shadow, Ye Hongchen, the glazed celestial emperor, and the others believed that they were only so-so at most.

Ye Hongchen and the others were confident that they could achieve such speed in a straight line. Even if they won, it would not be difficult.

However, in a life-and-death battle, it would be difficult to maintain such a high speed for a long time!

"This girl is extraordinary..." heavenly emperor glaze smacked his lips with envy. "Her talent is not inferior to my daughter's... how come all the good women in the World Benefit Ye Xiao?"

Ye Hongchen narrowed his eyes and said, "I almost forgot. Where Is Your Daughter? She was promised to marry a descendant of my ye family back then."

Heavenly emperor glaze blushed. "Don't talk nonsense. Which one of them promised you?"

Everyone was shocked.

These two actually had such an agreement?

Didn't they have a fight back then?

The two of them didn't seem to have interacted with each other before and after. How could there still be in-laws? ?

“Right... what was that white shadow that rushed out from ye Xiao’s side and scared the devil away just now? HMM, there was that White Shadow, right?” Heavenly emperor glaze cleverly changed the topic, moreover, he changed a topic that everyone couldn’t refuse.

“There seems to be... but what exactly... I really don’t know.” Ye Hongchen was also confused about this.

What kind of existence was it that could actually make such a terrifying devil flee?

Everyone was a discerning person. Anyone could see that Wenren Chuchu had already used her full strength to tangle with the devil on the side of the sovereign pavilion. She had already reached the point where the air was exhausted. Perhaps, if she was just a moment later..., she would have been succeeded by the demon.

Even ye Hongchen and heavenly emperor glaze thought to themselves that if it were the two of them, they might not have been able to last longer than the young lady against such a strange speed and terrifying power!

“This demon’s strength is really incredible... no wonder all the upper echelons of the northern heavenly emperor’s side were wiped out in an instant. One of them had an elbow, and the other one came out of nowhere. Against such a terrifying demon, who can avoid being...” heavenly emperor glaze shivered, “Devoured...”

When he said these two words, even heavenly emperor glaze could not help but feel a chill run down his spine.

This feeling even made heavenly emperor glaze forget one of the purposes of his visit this time: to ask ye Xiao about his daughter.

Ye Xiao had Xuan Bing take care of Wenren Chuchu. After feeding her several pill cloud divine pills, he also drank a whole bowl of spring water of life.

Although Wenren Chuchu was still unconscious, her face looked much better.

Although ye Xiao’s reputation as a godly doctor was not real, his understanding of the patient’s physical condition had reached the peak of being a doctor, naturally, he knew that Wenren Chuchu had used up too much of her vitality. With the pills and the spring water of life, there was no future trouble. Therefore, he was relieved and sat by the bed, thinking about something.

If one were to say that the most shocking thing to ye Xiao at this moment was not Wenren Chuchu’s sudden arrival, but Wenren Chuchu’s current cultivation level!

..

Chapter 1967: The Heart Of Chuchu

The current WENREN Chuchu had actually reached the eternal intermediate level.

This was a level that was almost not below his own.

It seemed that it was impossible for Wenren Chuchu to cultivate the Ling Xiao Ice Jade divine technique to such a level. This cultivation technique was flawed because of a storm back then, every cultivator

needed the same level of “Deep ke strange lotus” to overcome the tribulation. Although Xuan Bing also cultivated this divine technique, Xuan Bing was unable to overcome his own tribulation back then, so he was bound to die, that was why he challenged Xue Danru, suffered serious injuries, lost his memory, transformed into Bing ‘er, and fell on someone’s bed in a series of subsequent events!

And Xuan Bing also completely eliminated the hidden danger of cultivation tribulation with the help of ye Xiao’s Purple Qi east divine technique. That was why there was no obstruction in his path of cultivation!

But Wenren Chuchu absolutely did not have such special conditions.

Or it should be said that other than Xuan Bing, all the other cultivators of the Ling Xiao Ice Jade divine technique had to suffer the trouble of Cultivation Tribulation!

If that was the case, then just by cultivating the Ling Xiao Ice Jade divine technique, no matter how many natural treasures were gathered around her, Wenren Chuchu would not be able to reach her current state.

But now, the reality was that Wenren Chuchu’s cultivation progress was so fast that it was incomprehensible and unbelievable.

Ye Xiao looked at Wenren Chuchu, somewhat incomprehensible.

At this moment, ye Xiao looked at Wenren Chuchu as if he was looking at Jun Yinglian back then. Simply speaking, Wenren Chuchu was definitely not as good as him in terms of cultivation atmosphere. But today, everyone’s cultivation progress was about the same., it could only mean that the other party’s cultivation progress seemed to be faster than his!

Thinking back, if he had not split Jun Yinglian’s snow and ice heavenly realm, Jun Yinglian’s cultivation progress would probably be far beyond his current level!

F * ck, this was a slap in the face to this monarch. This monarch has endless space, the Purple Qi east divine art that is known as the number one divine art in the world, countless heavenly treasures, and countless opportunities, how could he be surpassed again and again by women? This... this was F * cking ridiculous!

WENREN Chuchu slowly woke up and immediately saw ye Xiao who was waiting by the bed. Her gaze then focused for a moment, and then she immediately relaxed with a smile and said, “Thank you... It’s you again, you saved me...”

Ye Xiao smiled, “This was supposed to happen.”

WENREN chuchu weakly said, “No, I really shouldn’t have lured such a terrifying enemy to your side...”

Ye Xiao laughed, “We’re all on the same side, why are you still saying such things? You also know that I’ve never feared any enemy. Moreover, I can even deal with any enemy. Who else would you look for if not me? !”

Wenren Chuchu nodded and said with confidence, “That’s right.”

Seeing that Wenren Chuchu's spirit had recovered a little, ye Xiao asked, "Miss Chuchu, may I ask how you interacted with that black gas?"

"That's right..." Wenren Chuchu's face turned red, she stammered, "That's right... During this period of time... I was strolling around the Fanyun Fu Yu brothel... I don't know how, but I probably accidentally met... This thing..."

She spoke in a simple and secretive manner, but ye Xiao understood the whole story as soon as she heard it, and she couldn't help but feel touched.

Ye Xiao had always known how Wenren Chuchu felt towards him. Although Wenren Chuchu had never said anything to him, she had always been secretly paying attention to him.

In the dark, while he didn't know, Wenren Chuchu had already done countless things for him..

He and Young Master Bai were confronting each other. Everyone knew that Wenren Chuchu was an outsider, so how could she really wander around for nothing? When she wandered to the shore of the other party's base, she must have gone to young master Bai's side to gather intelligence, or perhaps she simply.., waited for an opportunity to assassinate the higher-ups..

With WENREN Chuchu's current skills, as long as she didn't touch graceful cloud, a top-notch figure like young master Bai, an ordinary high-ranking general, no matter who she faced, she would be able to ensure that she would succeed in one strike and escape unscathed, she would come and go without a trace.

However, this time, WENREN Chuchu had unexpectedly encountered an unexpected event. A strange existence like the Spirit Race Devil had appeared on young master Bai's side, and he had discovered Wenren Chuchu's unique existence at the first instant.

That was why today's incident had happened.

To the spirit race devil, Swallowing Wenren Chuchu not only satisfied his own hunger, but also removed a strong beam for young master Bai. He had truly helped others and himself, both public and private!

Unfortunately, Wenren Chuchu's true strength far exceeded Xiong ER's expectations. She actually escaped all the way to ye Xiao's side. Under the forceful attack of that idiot, she lost a strand of soul essence. It was a classic case of losing a wife and losing a soldier!

However, this central cause was something that even the person involved, Wenren Chuchu, was unable to understand!

"This time, it's my turn to say thank you, Chuchu." Ye Xiao was silent for a moment before saying seriously.

Wenren Chuchu blushed. She looked at ye Xiao bravely and said, "You're welcome."

Ye Xiao said, "A while ago, that... the multiple assassinations in the returning true pavilion were also done by Chuchu, right?"

Wenren Chuchu nodded shyly and said, "Actually, I just don't like them bullying people. It's really not for anyone..."

Xuan Bing and Jun Yinglian both laughed. This little girl was still stubborn even now. They didn't know that everything she did had shown her true intentions.

"This devil is indeed terrifying. "Fortunately, I have the Ling Xiao Divine Ice Jade Technique's absolute cold qi. Every time I reach a critical moment where I can't avoid it, I can always use my potential to freeze it for an instant and then pull away from it... if not for that, I'm afraid that I would have died a long time ago!"

When Wenren Chuchu talked about the battle between her and the Black Qi, she still had lingering fear.

Xuan Bing said in surprise, "The Ling Xiao Ice Jade divine technique that our sect passed down actually has such a powerful effect. Could it be that the monster is afraid of the extreme cold?"

WENREN chuchu said, "That monster is not afraid of ordinary freezing qi techniques. Previously, when I was on the verge of death, I forced myself to use my ultimate technique. It was just a fluke. Moreover... Grand Elder Xuan does not know about it. There is actually a huge secret hidden in our Ling Xiao Ice Jade divine technique."

When Xuan Bing heard the words 'Grand Elder Xuan', he could not help but blush and said, "What secret?"

WENREN chuchu said, "Actually, I only found out about this secret after I went to the mortal world and met a senior with a mysterious background."

She paused for a moment before continuing, "The Ling Xiao Ice Jade divine art is the strongest cultivation technique in our sect. However, due to an accident back then, the foundation establishment chapter of the cultivation technique was incomplete. As a result, all those who cultivate this cultivation technique would inevitably be accompanied by a cultivation tribulation. Only the various stages of the deep keening lotus can resolve it. This is also the reason why I met Monarch Ye for the first time..."

Mystic ice thought: "Could it be that the senior you mentioned just now actually has a complete foundation establishment technique? !"

Speaking of this, suddenly a burst of enthusiasm.

Chapter 1968: Extreme Yin Cultivation Method

Wenren Chuchu shook her head. "That's not it. That senior only told me that the so-called complete foundation establishment cultivation method, in fact, as long as you practice the basic mental cultivation method upside down, you will be able to resolve the cultivation tribulation, and you will be able to convert the cultivation tribulation into your own spiritual essence. No, actually, the cultivation tribulation caused by the following cultivation method is actually a part of the spiritual essence's foundation. If you reverse cultivate the mental cultivation method and take it for yourself, you will be able to increase your cultivation, strengthen your body, and use the rotting lotus to eliminate the cultivation tribulation, it is simply a reckless waste of heaven's resources, and it is beyond foolish!"

Xuan Bing's face turned solemn, and his heart was in turmoil. Wenren Chuchu's explanation seemed to be hard to come by, and it was even absurd. Cultivating a cultivation technique, one would take the initiative to create a cultivation tribulation, and then use another technique to resolve the cultivation tribulation and replenish one's own body, since ancient times, there was absolutely no similar

cultivation technique. However, when Xuan Bing recalled his own condition, the reason why he could ignore the cultivation tribulation was precisely because of ye Xiao's help. With the help of the Purple Qi east arrival divine art, he could eliminate the cultivation tribulation and turn it into his own, only then could he ensure that his cultivation progress was not slow. Similarly, he could eliminate the cultivation tribulation and guide the cultivation tribulation for his own benefit. It was a different path that led to the same end!

However, he heard someone say again, "The positive and negative circulation technique is not suitable for the foundation establishment chapter. Instead, the entire chapter is based on this principle. Hence, the two layers of application of the Ling Xiao Ice Jade Divine Art, absolute cold and extreme ice, can only be combined together to form the real Ling Xiao Ice Jade Divine Art. Once mastered, it will be the Ling Xiao technique that will rise to the skies."

Xuan Bing was flabbergasted. "There's such a thing! ? Who is this senior?"

WENREN chuchu said, "She said her name is Ling Xue'er. Of course, I'm not sure if this name is a real name or a fake name... at that time, my cultivation had reached a bottleneck. "Even though I relied on the heaven-returning jade lotus to eliminate the cultivation tribulation, my cultivation technique had fallen into an awkward state where there was no progress. Then, this senior suddenly appeared."

Xuan Bing nodded.

WENREN chuchu said, "This senior gave me some pointers. Ling Xiao has the ice jade, so he can withstand all the tribulations. After the reversal of yin and yang, I will be the king of the mortal world. Silly Girl, you already have the foundation to cultivate Ling Xiao's ice jade. As long as you cultivate the ice jade ling Xiao, everything will be smooth sailing!"

"From that day onwards, I started cultivating Ling Xiao's Ice Jade Divine technique from the foundation chapter. I advanced both the positive and negative aspects. That senior actually did not give me any pointers on more cultivation techniques. He even left after a month. "However, during this one month, I truly experienced what it meant to be extremely smooth. Moreover, everything was natural and smooth."

"Before that senior left, she said that the Ling Xiao Ice Jade divine technique was just a branch that she had unintentionally created based on the Tai elemental technique. She used it to play in the world of martial arts... she did not expect that someone had really cultivated it to the level of a half-immortal like the mortal world beyond Heaven."

WENREN chuchu said, "Grand Elder Xuan, after this matter, I have a feeling that the inheritance of our plane seems to be quite extraordinary. Whether it's My Lingxiao Ice Jade divine technique or Lord Ye's purple extreme mental cultivation method, they are both extremely profound and mysterious."

Xuan Bing pondered over the matter of the cultivation method and made a sound of acknowledgment without any other response.

On the other side, Jun Yinglian was asking questions one by one. Everyone gradually understood the reason why WENREN Chuchu was able to temporarily restrain and stop the Spirit Race Devil.

With WENREN Chuchu's current Ling Xiao Ice Jade divine technique cultivation, once she used her extreme power, she could create an extreme freezing effect. And this extreme freezing state was just enough to restrain the Devil's devil technique. Every time she used it, it would always cause her movements to stop for an instant, or in other words, a moment of paralysis.

Originally, when experts fought, a moment of paralysis was enough to change the outcome of the battle. But other than being able to cause the opponent to freeze for an instant, Wenren Chuchu could do nothing else. She could only use this small gap to run for her life.

Once she caught up, she would do it again.

She barely managed to hold on until she reached ye Xiao's side, and finally, she ran out of air.

However, he had arrived after all. With ye Xiao's appearance, the idiot appeared. He escaped from a great disaster and his doom was eliminated!

..

"So that's how it is. You actually had such a fortuitous encounter when your body advanced?!"

Ye Xiao muttered to himself and said, "It seems that the devil is indeed hiding over at young master Bai's side!"

Wenren Chuchu nodded.

Ye Xiao's mind spun quickly. He told Wenren Chuchu about the origins of the Devil in great detail. Wenren Chuchu escaped from the trap and Fang Qing escaped from danger. However, he was shocked to hear that the devil he had encountered previously had such a huge origin, if she had made the slightest mistake in dealing with it, she would have died and her dao would have disappeared. How could she not be extremely frightened? Her pretty face was as pale as a sheet, but she was extremely frightened!

"Chuchu, your arrival and your extremely cold martial art can be said to be the nemesis of that devil. If you can lure it out and create a situation where it is unable to escape, we can kill it in one fell swoop and get rid of it once and for all..." ye Xiao said in a deep voice, his tone revealed a hint of surprise.

"This..." Wenren Chuchu's expression was troubled, she shook her head gently. "It's not that I don't want to do my best to eliminate the demon. Honestly... taking the risk is secondary. The main thing is that I have no confidence at all. If I were to fight with that demon, the difference in an instant would be a dead end."

Ye Xiao's expression became solemn, he pondered for a moment and nodded. "This matter is because I'm too eager for immediate success and too wishful thinking. I indeed need to think long-term. "Bing'er, you and Chu Chu are both cultivating the Ling Xiao Ice Jade divine technique. Let's see if we can follow Chu Chu's path and cultivate it again. If you can also reach the level where you can freeze a demon for a short period of time, even if it's just for an instant, our chances of defeating the demon will be greatly increased."

Xuan Bing nodded but then shook his head, after pondering for a while, he said, "Originally, I was no different from Chu Chu's body, so there shouldn't be a problem in switching to cultivation. However, the

cultivation tribulations that I accumulated in my previous cultivation path were all resolved by Your Purple Ultimate Essence Energy before fusing into my body. What I took was the path of transforming Yang into Yin. In other words, my cultivation body has already turned into the Dao of Ultimate Yin. Even if it's a different path that leads to the same end, it's still far from being as pure as Chu Chu's absolute cold dao. On the other hand, Sister Lian's ice heaven mental cultivation method is the Dao of extreme ice. If she borrows Ling Xiao's ice jade divine technique's inverse cultivation method, she might be able to achieve twice the result with half the effort and complement each other!"

Ye Xiao heard a leng, surprised: "You mean to say, in this aspect of containment, you can play a very limited, not only less than Chu Chu, even less than pity?"

Xuan Bing shook his head again, "No, the pure yin technique also has differences in attributes. It can be roughly divided into three paths: Extreme Yin, extreme cold, and extreme ice. For example, Chu Chu's path is extreme cold, the purest cold. At the moment, it is the path that can most directly affect the demon of the spirit clan. Sister Lian's path is extreme ice. Her qi-jin condenses ice at an extreme speed and can be used as a direct attack. It can be used as a tight defense or even to trap and imprison the enemy, but the limit is relatively obvious. Because of your help, I have already turned into the path of extreme yin. My cultivation body is extremely pure, but in terms of lethality, it is inferior to Chu Chu or sister Lian. However... I can help them to the greatest extent and help them increase the power of their cultivation body techniques. No, it should be said that I can give the fastest replenishment to any cultivator with the mysterious yin cultivation body. It is a waste of essence infusion without any difference in cultivation body!"

The leaf smiles the facial expression is joyful: "That is not to say, so long as you, Chu Chu, Lian Lian three Qi are connected, can construct the most perfect flawless cathode power! ?"

Chapter 1969: Conspiracy [Supplement 14-5]

Xuan Bing Thought for a while and then said, "This can only be confirmed after further verification, but there is one thing that can be confirmed. Not only Chu Chu and sister Lian, but also Xue Dan ru, Shuang 'er, Han 'er, and the others have pure yin bodies. They all belong to the category that I can enhance!"

Ye Xiao couldn't help but be overjoyed. "If your guess is true, then we won't be helpless against that demon anymore. You should immediately proceed with this matter... As for the rest, you don't need to worry about it anymore. Just leave it all to me."

..

"I already have a plan on how to deal with that Spirit Race Devil. However, I still need a name for this matter to ensure that you enter the trap."

Ye Xiao came to the secret room and explained everything.

"If we don't lure that Devil Out, we won't be able to annihilate him."

"Letting him hide in the dark will only cause more trouble."

"What can we do? Letting him willingly expose himself is the best plan. If anything goes wrong, young master Bai's side will be finished..."

Ye Xiao frowned and looked at these old fellows. "You're all old foxes. It shouldn't be difficult to think of a solution, right?"

Ye Hongchen and the others glared at ye Xiao and almost joined hands to beat him up. What did they mean by "You're all old and cunning?"

Are We very old and cunning?

However, they couldn't help but frown and think of a way.

It had to be said that for these old foxes, it was nothing to think of a plan to trap the enemy.

"How about... how about this, we propose to hold a meeting of the five celestial emperors to seize the sword in the Dome of heaven and decide who the overlord of the heaven belongs to." Ye Hongchen said, "In name, we can't bear to see the suffering of all living beings in the world, and we can't bear to see the suffering of all living beings. Therefore, we hold this meeting of the five celestial emperors to decide the position of the overlord of the world by seizing the sword from the dome

"In this battle, each side of the world can have at least three people to fight, and at most, no more than twenty people to watch the battle. The winner and loser of the highest level will decide the ownership of the world!"

Ye Hongchen was very confident, he said, "Ye Xiao, who is in charge of the southern sky, is naturally the representative of the southern sky, while I am the representative of the west. As for Bai Chen, he is now the rightful Emperor of the north. As for the eastern sky and the glazed sky, it will be the same as before

"There are five groups of people coming to participate in this grand meeting."

"The five-party alliance, dome-shaped sword snatching."

"The sword name is supreme, and the destiny is in his body!"

"Doesn't that Devil Want The Destiny? Since that's the case, we will use the destiny as bait to lure him out!"

"Brilliant Plan!" Ye Xiao's eyes lit up.

The glazed sky emperor snorted and said, "Among the five Great Heavens and Earth, your ye family has occupied two, and the Bai family has occupied two. This glazed sky of mine... no matter what, it will be difficult for me to escape from the situation of being on my own."

Ye Hongchen said, "F * CK, are you f * cking interesting?" "You clearly know that the main purpose of this dome-shaped sword snatching is to target the demon of the spirit race, yet you still make such meaningless complaints. Can you still continue to have fun?" "To say the least, who cares about snatching your glazed celestial emperor... It's full of fairies. It's annoying to look at them."

Behind the glazed celestial emperor, the Golden Phoenix King and the Purple Dragon King glared at him.

This old bastard really didn't know how to speak. What did he mean by 'all of you are fairies'? In our eyes, you humans are all fairies! HMPH..

Heavenly Emperor Veluriyam laughed loudly. "Actually, this is quite good. No matter who wins or loses, I won't be Heavenly Emperor Veluriyam anymore. Whoever wins, just take it."

Ye Hongchen frowned and said, "Do you think what I said just now was nonsense? "The only purpose of this battle is to deal with the devil and eliminate the catastrophe of the Beyond Heaven. The question of who belongs to the Beyond Heaven will have to be settled after this matter is over. We will see whose fist is the hardest before we can settle the cauldron!"

Ye Xiao also said, "This incident is the catastrophe of the entire beyond heaven of the red dust world. During this period of time, people are still fighting for power and benefits. Those who take advantage of the opportunity will make people's teeth turn cold. How can they collude with each other?!"

The glazed celestial emperor spat, he said in a deep voice, "Do you think I'm the kind of person who doesn't keep his word, doesn't know the big picture, and yearns for power? I'm just deliberating. If we successfully eliminate that spirit race devil, wouldn't it be better to settle the world?"

"En?" Ye Hongchen was obviously stunned when he heard that. He immediately stroked his beard and muttered.

"Ye Hongchen, don't you think that such a decision is actually a first-class grand event for the Beyond Heavens of the mortal world?" The glazed celestial emperor asked.

Ye Hongchen remained silent for a long time.

"Why don't we just do it like this?" The glazed celestial emperor was in high spirits. "In fact, the so-called position of the Celestial Emperor is only passable for the first few hundred years after one sits on it. One's words and actions follow the law, and one's orders and actions are prohibited. It may seem impressive, but if you do it for too long, everything will become boring. The emperor's affairs day after day can annoy you to death. It's so boring that you can even force people to commit suicide..."

"Especially old guys like us. We are all old and won't die, but it's useless if we are the only one who is old and won't die! "Their sons, grandsons, great-grandsons, and great-grandsons have been dead for hundreds of generations. We seem to be in high spirits, and we are sitting on the big seat under our buttocks, watching the changes of our lives, except for ourselves, for a long time

"Sons, grandsons, great-grandsons, great-grandsons. No matter how hard they cultivate, they have been in despair since they were born

"Because we don't die, we don't retreat. They can't sit in that position no matter how hard they try. They can't even live past our ancestors

"Is it a good thing to join the Royal Family? It's obviously the worst thing in the world

"It's also because of us old fogies at the top. Once tens of thousands of years later, when all the heroes in the world rise together, the situation that ye Xiao mentioned will inevitably occur... there will be no place to sit. "And if we want to find another way and not be sullen for the rest of our lives, we can only choose to take risks."

"Anyway, the final result will be like this. It's better to set our own rules!"

“The five-party Alliance will snatch the sword from the dome! The sword name is supreme, and the will of heaven is in the body!”

“The winner will obtain the world!”

“This is not just a trap, but also the true determination of the world!”

“In this way, at least there won’t be hundreds of millions of dead people anymore, right? As for the usual battles in the jianghu, they can only be settled in the boundless sea. Won’t the clouds disperse in one day?”

“Ye Hongchen, why are you staring at me like that?” “I only have one question for you. Even if the so-called sky-breaking time came true and you defeated all five of us, would you really become that Heavenly Emperor?” The glazed celestial emperor laughed loudly, he looked at Ye Hongchen from the corner of his eyes.

Ye Hongchen immediately smiled bitterly. The glazed celestial emperor was right. He had hit the nail on the head.

Even if he won and defeated the other four celestial emperors, could he really become a celestial emperor?

This was something that could not be considered no matter what.

Chapter 1970: My Son-in-law [Supplement 14-6]

If there really was a step, the most he could do was to pick a decent junior from the Ye family and let him sit on it. It was just a symbolic meaning of the ye family’s victory..

Ye Hongchen’s thoughts suddenly changed. He suddenly felt that the trap that he had thought of in order to trick that devil actually had another meaning... it was actually very practical.., it was beneficial to the past and the present..

In fact, Ye Hongchen was not the only one. The eyes of all the top experts present lit up.

“Of course, there must be additional restrictions on the details after the extermination of the Devil. I Can’t just give away my veluriyam capital for free. Heavenly Emperor Hongchen, the leader of this world, is not that easy to take over!”

Heavenly Emperor Veluriyam stroked his chin and said, “But looking at the current situation, there is still a great chance that my original intention will be realized!”

Ye Hongchen asked curiously, “Original intention? What original intention?”

Heavenly Emperor Veluriyam chuckled. “It is true that I am tired of the throne of Heavenly Emperor Veluriyam, but it is also not desirable to give the throne to anyone at will. The ideal state that I have envisioned... is nothing more than me recruiting a son-in-law, and then I will gift the entire Veluriyam capital to my son-in-law as my daughter’s dowry! “In this way, I can be free and unfettered. Liu Litian also has a successor. I originally thought that this idea was too ideal, but now, it seems that there’s a great chance!”

When Celestial Emperor Glaze Heard ye Xiao's explanation, he immediately flew into a rage. "Brat with the surname Ye, you used force to stay and ruined my daughter's reputation, and now you want to deny it? Ye Xiao, I didn't expect you to be such a scumbag who would leave after eating everything!"

Ye Xiao was speechless and stammered to explain, "Where... where did this come from... This is really... this is really a groundless matter."

It was not strange that ye Xiao was no longer the usual unreasonable person. At that time, it seemed that he was indeed the one who left Bing Xinyue in the sovereign pavilion's territory. Now that his father had caught her, he really did not dare to argue forcefully, at least, there was no reason to argue forcefully!

The glazed celestial emperor stared at him and said, "It's useless for you to say anything now. The facts have been established. Once the world is settled, I will immediately hold a wedding for you two and announce it to the world."

The glazed celestial emperor paused and said, "I know you're secretly happy. My Daughter is as beautiful as a fairy... She doesn't even care that you already have so many women. You're so condescending, yet you still want to take Qiao. If you take Qiao again, I'll slap you in the face..."

Ye Hongchen looked at the women beside ye Xiao, he tried to smooth things over, "What's wrong with that... isn't it just finding another wife? Besides, you already have so many lice, so it doesn't itch. Isn't that what you're saying..."

It doesn't itch when there are too many lice?

Xuan Bing, Wen Renchu, Jun Yinglian, su yeyue, Yue Shuang, Yue Han, and the others all stared at a certain person with murderous gazes.

Was there anyone who said that?

Ye Hongchen continued, "Since you have never held a wedding before, you might as well marry all of them this time. There's me, Liuli, the Emperor of East Heaven couple, and... so many heroes celebrating this wedding of the century for you. This is such a good thing, such a high-class ceremony that has never been done before or since! "This matter has been decided! "The ye family's old man has the final say. Objections, doubts, and denials are all invalid!"

As soon as these words were spoken, the gazes of Xuan Bing, Jun Ying Lian, and the other ladies turned towards ye Hongchen with kindness. That woman did not want to have such a wedding of the century. The person who had facilitated this matter would not be a bad person no matter what!

Ye Xiao was once again dumbfounded and speechless.

What the F * ck is this? I haven't even said anything yet... why is it so decided?

"Your surname is Ye, and my surname is ye too. This can't be wrong, right? Although you've never admitted it, you're from My Ye family's bloodline, right?"Ye Hongchen simply took advantage of this matter to clarify his identity, he said, "Marriage is a major event. Parents'orders, matchmakers'words, the heavens and the earth speak. "On my side, I can completely represent the ye family; on Liu Li's side, I can represent a lot; en, let's do it this way. "Liu Li, hahaha... I didn't expect that the agreement

between the two of us in the beginning would finally be reached. There is a fate in the dark that can not be reversed.”
