

Firmament 1981

Chapter 1981: I Will Grant You Your Wish

The elders of the eastern sky often used the eastern Dreamland to educate their juniors. The eastern Dreamland's talent, mind, and personality were all excellent. At the beginning, his personal achievements were not inferior to the later Emperor Bai Yutian. It was because of that battle.., it caused damage to his primordial spirit and severely injured his soul. Even if he recovered, his cultivation level would never be able to advance to the peak of this world. Otherwise, the peak of this world's experts would definitely have the eastern Dreamland!

Similarly, the Golden Phoenix King's story also became a painful example for the demi-humans to teach their juniors a lesson. They would rather believe that there were ghosts in this world than the mouths of humans. Any sweet words were just fleeting clouds, a moment of joy or a lifetime of suffering!

Even until this battle of the world's ownership, even though both sides knew that the other party's status was high and that he was a genius of this world and would definitely come to the battlefield, the two of them also hid in their own camps and did not reveal their figures, they were trying their best to reduce their presence.

It was not that they were afraid of death, it was not that they were afraid of fighting. It was that they were afraid of meeting the other party and meeting that person's eyes for an instant!

However, fate played tricks on people like this, and the will of the heavens was just that miraculous.

The First Battle of the Five Party Alliance, the First Battle of the dome-shaped sword snatching battle, was actually arranged for these two people to represent their respective worlds to fight!

This battle was of great significance. The moment they lost, it would mean that they would lose a quarter of the fate of their own world!

Both the Golden Phoenix King and Dongfang youmeng were unable to bear the consequences!

This battle was bound to happen!

"Fate plays tricks on people! It really is fate playing tricks on people!" At this moment, all the older generation experts who knew what happened all those years ago sighed toward the sky.

At this moment, they truly understood the true meaning of the so-called "Fate playing tricks on people".

The two of them had been entangled in love for their entire lives. When they saw each other, it was as if they did not see each other at all. They tried their best to avoid meeting each other for a moment. However, no matter how hard they tried to avoid meeting each other, in the end, they could not avoid meeting each other again!

Moreover, they would meet again!

It was a battle of life and death!

Regardless of whether it was for Golden Phoenix king or for Dongfang youmeng, the cruelty behind this battle was obvious and could not bear to witness it.

In the battlefield.

Dongfang youmeng and Golden Phoenix King arrived at the starry battlefield at the same time due to the power of the Heavenly Dao. They looked at each other for a moment and their eyes met for a moment before they were stunned at the same time. The two of them did not know what to say and were in a stalemate.

The soaring sword Qi of the longsword in Dongfang Youmeng's hand had long disappeared without a trace. The Divine Edge was like a piece of scrap metal.

When the Golden Phoenix King appeared, his body was overflowing with Nirvana heavenly fire. His boundless might had vanished without a trace.

All the experts of the older generation were in the hexagram star formation and their own camp. They looked at the two of them calmly.

What kind of decision would he make.

Under everyone's gaze, the Golden Phoenix King revealed a trace of a sad smile. He muttered, "Dongfang, I didn't expect that the final battle between us would still have to happen."

Dongfang youmeng had always been calm and steady. Her face, which was as calm as an ancient well, was filled with emotions. It was magnificent and filled with bewilderment. She was in a sorry state. "Golden Phoenix, it's... It's really unexpected. We..."

The Golden Phoenix King fell silent.

Dongfang Youmeng closed her eyes and looked up at the sky. She seemed to be asking why the heavens were teasing her like this.

The red light of the heavenly axiom was between the two of them, and it was getting more and more intense.

It was urging the two of them to act quickly.

The Battle of seizing the sword in the dome was a battle of Fate, a Battle of Fate, a Battle of Fate. Those who entered the battle would have to fulfill the battle agreement, no matter what the reason was, it was unavoidable!

Finally.

The Golden Phoenix King's originally blurred eyes turned into a resolute expression, he said sternly, "Dongfang youmeng, our fates are destined. Even if we avoid it all, we will inevitably reunite! We might as well let this life's grudges be understood in this battle! Draw Your Sword!"

Dongfang youmeng shook his head in pain and staggered back. "Golden Phoenix, don't force me. I don't want to fight with you no matter what."

The Golden Phoenix King roared into the sky. "This battle is not only a battle of grudges between you and me, but also a battle of fate. Can you avoid it?"

Dongfang youmeng shook his head.

He could not avoid it.

The battle designated by the Heavenly Dao was destined to be a battle. How could he avoid it? !

“Since you can’t avoid it, what are you waiting for? !”The Golden Phoenix King let out a long roar and took the lead to fly into the air. Her graceful body circled in the air and a golden light suddenly appeared in her hand.

The most precious treasure of the Phoenix clan, the Nirvana Golden Sword, appeared in the world!

Including Dongfang youmeng, who was the closest, no one noticed it at all. At the moment when the Golden Phoenix King turned around, two drops of crystal clear tears quietly fell down and quietly turned into water vapor in the air..

The Golden Phoenix King’s body and the sword light turned into a long rainbow and shot toward Dongfang youmeng like a meteor falling under the starry sky!

Dongfang youmeng let out a long sigh. The sword in his hand once again erupted with a brilliant light. He also unleashed his body and sword as one and rushed in the opposite direction.

Clang!

Two sword chimes suddenly sounded in the sky and earth.

This result also meant that the timing of the two people’s decision to attack was actually completely the same!

Although Dongfang youmeng’s expression was conflicted, in reality, he had also decided to attack!

“Heartless Man!”

Xuan Bing, who had heard the whole story from Chi Huo, the only elder in the sovereign pavilion, snorted coldly.

Under most circumstances, women would always consider things from the perspective of a woman. In Xuan Bing’s eyes, Dongfang youmeng was just a scumbag who could not be redeemed even after ten thousand deaths!

Jun Yinglian, Wenren Chuchu, Shuang Han, and the other sisters all nodded in agreement.

Ye Xiao, on the other hand, let out a long sigh. “Heaven’s will is not without reason. Let’s just wait and see the outcome.”

The two of them, along with their two swords, unleashed the art of body and sword as one. Like two giant swords, they flew close to each other!

However, just as they were about to engage in close combat, their swords suddenly separated!

It was not just one person who had their swords separated, but two people who had their swords separated!

Under such momentum and speed, forcibly suppressing one’s own body and sword as one was already an act of courting death. Even powerful experts like Golden Phoenix King and Dongfang youmeng still

had to pay a considerable price, not to mention having to endure the other party's earth-shattering, earth-shattering, and sea-shattering tyrannical attack!

However, the two of them knew that they should not have done it. Forcibly removing the man and the sword as one was clearly going to take the other party's fatal blow!

What was even more unbelievable was that the two of them were using extreme moves. It was as if they were trying to kill each other with a single attack. However, at the last moment, they forcefully suppressed their own attacks. This was something that a martial artist should never do., yet, they had to do it. They had to do it together. This scene was not only unprecedented, but it was also something that no one in the future would be able to emulate!

Chapter 1982: Love Of The Golden Phoenix

The arrival of the Golden Phoenix King was suddenly extinguished, and his graceful figure appeared in the midst of the rapid fall. He froze in the air, his face filled with endless gentleness as he looked at Dreamland in the east. Sword Qi shot out from the other side.

Dreamland in the East also appeared at about the same time, similarly overflowing with the gentleness of death. He looked at the Golden Phoenix King, and the Sword Qi in his hand also gave up on the initial attack trajectory and shot out into the air, it was fixed in the air.

The two of them gave up on controlling the weapons in their hands almost at the same time.

The two of them deliberately placed their bodies at the place where the other party's attack was the most powerful.

"Since this battle is unavoidable, then I will use my life to end this relationship."

"Since this battle is unavoidable, then I will use my life to fulfill your unparalleled achievements!"

However, as both of them had deliberately held back and given up, both of them had deliberately deviated the trajectory of their attacks. They had deliberately separated their swords from each other, which had instead resulted in another result, one that was beyond their expectations

Dongfang youmeng's chest coincidentally met the Nirvana golden sword that had already left the control of the Golden Phoenix King. And the Golden Phoenix King's front heart also met the sword that Dongfang youmeng had also given up!

Both of them poured their entire cultivation base into the sword, and then, they gave up on controlling it at the same time!

Both of them wanted to help each other, but in the end, they both fell into a fatal crisis!

At this moment, everyone who was watching the battle cried out in surprise!

Both sides were injured?

Both sides were dead? !

Everyone who saw this scene could only sigh helplessly, because in the final battle situation constructed by the power of the Heavenly Dao, no one could interfere, let alone change the outcome!

Pu!

Pu!

The Golden Phoenix King's sword pierced through the eastern youmeng's heart in an extremely awkward trajectory. It carried a stream of blood-red light and its remaining momentum was not exhausted. It charged straight into the endless void below. In contrast, the eastern youmeng's sword pierced through the Golden Phoenix King's heart almost at the same time. It charged straight into the eternal universe from another direction!

At this moment, time seemed to have stopped!

Golden Phoenix King's originally gentle and calm expression suddenly changed. His eyes were filled with disbelief as he looked at Dongfang youmeng with incomparable heartache.

Dongfang Youmeng's originally calm and peaceful expression also instantly distorted as he cried out in pain, "Golden Phoenix!"

Tears suddenly flowed out from his calm eyes.

At this moment, the entire arena was completely silent.

Everyone knew that the Golden Phoenix King's pain was not because of his death-certain injury, and Dongfang Youmeng's miserable howl was not because his life was about to disappear!

Both of them were feeling heartache for each other!

He had clearly committed suicide to help the other party, and he had walked alone to the moment of the netherworld, so how could he have changed so much? !

Everyone who was watching the battle felt as if their hearts had been struck by a huge hammer!

At this moment, everyone felt a heartfelt pain that pierced through their hearts!

Xuan Bing and Jun Ying Lian cried out at the same time. They covered their mouths tightly as tears rolled down from their eyes. They could not speak..

"Why did you..."

"How did you..."

In the arena, the two of them were still looking at each other in disbelief. They stared at each other's wounds with a heartache as they asked in disbelief.

However, the two of them immediately stopped talking and turned to stare at each other with a look of understanding. They did not want to leave each other any longer.

Slowly, the initial shock and heartache turned into deep affection.

The two of them stared deeply at each other's faces.

It was as if they wanted to carve the other's face deeply into their hearts, minds, and thoughts.

At this moment, the outcome was already destined, and there was nothing he could do to change it.

However, if there was an afterlife, I would remember your face and never forget it.

“Dongfang, if I were to let you make a new choice, would you marry me?” The Golden Phoenix King looked at Dongfang Youmeng with a gentle gaze.

Dongfang Youmeng’s eyes twitched in pain, he shook his head helplessly. “I’m sorry, Golden Phoenix. Even if I were to go back to the past and make a new choice... i... I will only choose not to meet you... if I am not fated to meet you, that would be a blessing to you!”

Golden Phoenix King smiled. “Blessing? So even if I give you a chance to choose again, you will still not marry me... I know, I understand.”

Dongfang Youmeng’s eyes turned empty. He muttered in despair, “But I will not marry anyone else. My fate is only with you. I hate fate, but I hate not fated...”

Golden Phoenix King smiled with tears in his eyes. “I believe in you... If I were to choose again, Guess How I would choose?”

“How would you choose! ?”

The Golden Phoenix King smiled bitterly. “If I could choose again... I would choose to meet you and then love you. Then, I would look for you and be besieged by your family. Then, I would be saved by you and escorted to the glazed tile heaven by you. Then... I would spend my whole life reminiscing about this feeling... even if... I would never see you again... do you know that the happiest day of my life was actually the day when I was severely injured and on the verge of death. You escorted me back to the glazed tile heaven. Although I was in a coma for more than 90% of the time on that journey, I... I could always feel a thick chest and a scorching aura. It made me, who was half awake and half asleep, feel true and real emotions. If possible, I would rather that journey never end. Or... I would die on the way back. Then, I would no longer have any regrets and would die without regrets!”

What the Golden Phoenix King said was the real process that the two of them had experienced in their entire lives. The bitterness and bitterness in their hearts made anyone who heard it feel as if they were in a state of despair and pain that they did not want to live.

However, the Golden Phoenix King actually wished to experience it again.

Feelings were like poison wine. Even though he knew that he would die from drinking it, he was still willing to experience the sweet moment that entered his throat!

Dongfang Youmeng opened his mouth in pain. He breathed hard, but he could not speak. Only the sound of his throat was left. That extreme, silent pain infected almost everyone present..

Everyone accompanied him. The pain was unbearable, and he could not breathe..

He really wanted to hug the woman in front of him and tell her that he liked you, that he liked you from the beginning to the end, and that he loved you! I’m willing to marry you! I want you to be my wife for the rest of my life, for the rest of my life, for the rest of my life..

But he couldn’t.

Humans and demons were different!

Ye Hongchen and Bai Feng looked at the scene in front of them with burning eyes, staring at the two people who were standing opposite each other in the air. Their eyes were exceptionally deep and complicated.

Perhaps, there was no one in the crowd who could understand the thoughts of the lovers in front of them better than the two of them!

If they had a single thought that day, the day Golden Phoenix King Dongfang had his dream would be the day they met!

At this moment, Bai Feng no longer had the bearing of a peerless expert. She slowly and weakly leaned into ye Hongchen's embrace. Only by curling herself into this wide and thick arm would she feel safe and not be cold.

The two of them were also in love with each other.

Chapter 1983: Where Is This Feeling

However, Ye Hongchen bravely took a huge step forward. Even though they would never have children for the rest of their lives because of this, as long as someone brought it up, there would be people with mixed opinions and praise..

However, the two of them were still together after all, and they had been together for more than 100,000 years.

Bai Feng felt that he was much, much happier than Golden Phoenix King..

As the saying went, there was no harm without comparison. If one insisted on comparing, it would be full of harm!

Compared to Golden Phoenix King's lifelong sorrow, he had loved ones to accompany him for countless years. So what if he did not have any descendants of love?

Thinking about it further, the reason why ye Hongchen was unusually indifferent to his sky-high ye family and even watched the family's destruction in the end.., he didn't help either... On one hand, it was because of ye Xiao's existence and the fact that he didn't allow the two of them to live side by side. On the other hand, it was also because of a kind of indifference.

An indifference that was selfish because of love.

I don't care if the person I love isn't my descendant...

This indifference was undoubtedly very heartless, even heartless. However, it seemed especially real when it existed in Ye Hongchen's body. Ignoring everything else because of love was a past, not a past? !

Heavenly emperor glaze and Heavenly Emperor Dongtian could not help but stand up and look at the starry sky outside the Hexagram star formation.

They clenched their fists, and blue veins popped out on their faces.

Golden Phoenix King and Dongfang youmeng were their beloved generals. Xuanyuan Liuli regarded Golden Phoenix king as her younger sister and held him in high regard. Dongfang youmeng and Bai

Yutian were close friends, and they had a close friendship, it could be said that he had been working for Bai Yutian all his life and had no desires or desires. Other people would not be able to achieve anything. However, Bai Yutian's trust in Dongfang youmeng was equivalent to ye Xiaozhi's trust in ice and snow, it could even be said that without Dongfang youmeng's support, Bai Yutian's throne might not even be stable!

Although the Eastern Emperor Demon Emperor had sent out the best lineup for this battle, because of their son and son-in-law, they had already announced that they were giving up on the champion of this battle. Since they did not want to be the champion.., naturally, they hoped that their old brothers who fought for them would be safe and sound. Even the Twin Emperors had solemnly instructed the participants before the battle that the priority of this battle was to save their lives. It would be best if they could win, but they did not have to force themselves if they could not win.., everything was based on the premise that they could save their lives and escape unscathed. If they felt that things were not going well, they would directly admit defeat!

With such a premise, coupled with the tacit understanding between the two heavens, the twin emperors felt that there would be no more accidents!

In fact, it was not just the two of them. Regarding the current situation, everyone had thought of it before this. Even in their dreams, they did not think of it this way.

At this moment, looking at the two top-notch experts who stood facing each other in the air with infinite affection but also infinite despair, everyone felt a wave of sadness in their hearts. However, they could only helplessly look on helplessly.

There was indeed a pedantic and traditional side to this oriental dreamer. This was undeniable.

It was precisely because of this traditional pedantic concept that he did not have the courage to cross the taboo of the love between a man and a monster.

And the tragedy of the two was born under the shadow of this taboo.

Everyone was furious at Oriental Dreamer's inaction in their hearts.

But ask yourself, if Dongfang youmeng were me, would I really have the courage to face all the rumors and slanders in the world?

Dongfang youmeng didn't have a dream, and he didn't dare to.

But, how could he not use the price of never marrying to prove his loyalty to this relationship.

If it were him... even if the love in his heart was overflowing, he would have already had many wives and concubines?

So what if it was ye Hongchen? He might have taken a step forward, but he still had children. Just based on this point, would he dare to say that he was better than Dongfang youmeng? !

Comparing their hearts, who had the position and reason to accuse Dongfang Youmeng of running away?

"I understand you, I've always understood your intentions..." Golden Phoenix King's weak voice sounded, "That's why I've never hated you... I only hate, I only hate that fate plays tricks on people... Why am I not a human... fate has given me fate, but it has also made me unable to..."

Dongfang youmeng was originally unable to make a sound, but with a sudden wail, his tears fell like rain.

"Feng 'Er!" Dongfang Youmeng suddenly called out, he asked, "Now, we will all die soon, or in the next moment, we will be reduced to ashes... at this time, at the final moment of our lives in this world, are you willing to marry me and be my wife?"

The Gentle Eyes of the Golden Phoenix King suddenly lit up, and his eyes, which were originally scattered and blurred, became bright again. He said resolutely, "I am willing!"

Amidst the rain of tears, Dongfang youmeng laughed mournfully, "Good, good, good. Feng 'er, from this moment on, you are my wife! My Dongfang youmeng's wife!"

The Golden Phoenix King looked at him with gentleness in his eyes. With a soft sigh of satisfaction, he muttered, "From now on... I, the Golden Phoenix, AM also someone who has a husband. What regrets do I have in this world..."

At the final moment of his life, Dongfang youmeng had finally made a choice; it was still as difficult as ever.

He was still struggling.

However, it was completely understandable.

If he had not reached the final moment of his life, Dongfang youmeng probably would not have made such a choice!

However, even if the Golden Phoenix King was faced with such a choice, he was still willing to endure it.

He was still extremely happy.

It seemed to be the satisfaction of having his wish fulfilled once in a lifetime,

the marriage that he thought would be difficult to achieve was finally achieved today.

In the eyes of the entire world, he was always the king of a clan who was always high and mighty; his love request was actually so humble.

It was so humble that all the women who saw it couldn't help but cry in unison.

How infatuated was this!

However, the restriction of the power of the Heavenly Dao still didn't allow anyone to go beyond the limit.

Everyone could only watch with misty eyes as the bodies floating in the starry sky gradually began to dissipate. That was the sign of a peerless expert whose physical body had disintegrated, it was a sign that he was about to cease to exist in this world... but their eyes never blinked as they stared at each other. They were so focused and so serious.

Or perhaps... pious!

The two of them had the same thoughts at this moment. Even if their souls were scattered, even if they had no chance of reincarnating in the next life, even if they had no chance of reincarnating, they had to remember the face of the person they loved the most at this last moment.

The red light of the heavenly axiom seemed to have turned intense, sealing off the entire starry sky.

Clearly, they could not fight this battle. Before the outcome of the battle was clear, the battle in the starry sky would not be resolved!

Suddenly.

From the Hexagram camp in the south, a long howl shook the surroundings, reaching all the way to the ninth heaven.

It was ye Xiao who intervened with a howl, seemingly intending to interfere with this battle.

In the west, Ye Hongchen was greatly shocked and hurriedly shouted, "Don't interfere with the power of the Heavenly Dao!"

Chapter 1984: This Sentiment Should Not Be Extinguished! [Supplement 14-13]

Even someone as powerful as Mr. Ye Da, who was almost the strongest person in this world, did not dare to rashly interfere with the current situation in the starry skies, which represented the operation of the Heavenly Dao!

To cultivators from beyond the heavens of the mortal world, the Heavenly Dao was unattainable, untouchable, unquestionable, let alone interfering with it!

However, this forbidden rule just so happened to be touched by someone on the first day of the heavenly decree of this world!

With a flash of white light, ye Xiao forcefully broke through the hexagram star formation. In a flash, he had already arrived between the Golden Phoenix King and Dongfang youmeng.

When the Golden Phoenix King saw ye Xiao, his eyes lit up. "Take good care of... My Daughter... She is... my last concern..."

Before he could finish his words, ye Xiao had already stuffed a pill into everyone's mouths.

The spectators were all confused, not knowing the meaning behind ye Xiao's action.

Dongfang youmeng and the Golden Phoenix king were both absolute experts. The sharp swords that had struck them just now were accompanied by the extreme strength of the two of them. The two of them first forcefully dispelled the man-sword unity technique under the operation of the extreme strength, this caused their bodies to suffer the backlash first, and then they forced their cultivation limits into the sword. Their bodies had already fallen to the lowest point in their lives, and now they had to endure the other party's extreme attack. This kind of injury not only hurt their bodies and lives, it also hurt their souls, soul injury meant that he was doomed to die without any hope. His soul was destined to be destroyed, and he would never be able to recover.

It was precisely because he knew that there was no turning back from his injuries that Dongfang youmeng decided to fulfill the dream of him and his loved one at the last moment of his life!

And it was precisely because of this that the many peak experts present understood this point that they did not intervene in the rescue. Not only was it because the Heavenly Dao was inviolable!

But ye Xiao's unexpected intervention, what was his intention? ! Could it be that you, Ye Xiao, are certain to die or not die, and can really be so miraculous that even in such a serious condition, you can still revive from the dead? !

Under the gazes of everyone present, ye Xiao took a step back, he said apologetically, "The two of you, the injuries of the two of you are really too serious. Even I would be helpless and unable to do anything. Those two pills were also unable to save the lives of the two of you. "However... although those two pills can not save you, they can save a bit of your true spirit and help you reincarnate. When the time comes, we will meet again!"

The Golden Phoenix King and Dongfang youmeng turned their heads at the same time.

"Both of you perished on the same day and went to the Netherworld together. After reincarnating here... As long as this bit of true spirit is not destroyed, the two of you will definitely recognize each other when you meet again in the mortal world."

Ye Xiao cupped her hands with a solemn expression. "I wish the two of you to meet each other in the next reincarnation with the bodies and appearances of the same race, to meet, to know each other, to fall in love, to marry... to become Qin Jin's good friend, to grow old together and never be separated!"

Dongfang youmeng and the Golden Phoenix King's eyes flashed with intense surprise and gratitude.

"Thank you monarch Ye!" Dongfang youmeng said solemnly. "As long as we meet again... no matter what... even if I have to work for her for the rest of my life... I will stay together with her for the rest of my life and never be heartbroken!"

The Golden Phoenix King smiled with tears in his eyes, "Dongfang, can you really listen to me in your next life?"

Dongfang youmeng shed tears in the sky, "We owe each other in this life, and we will return the favor in the next life. In the next life, I will follow the lead of my good wife, and there will be no lies. Heaven and earth will be my witness."

The Golden Phoenix King smiled, and tears rolled down his face.

Perhaps it was because his wish had been fulfilled, or perhaps it was because they would meet again, or perhaps it was because he was anxious to meet again in the mortal world, but the two of them, whose bodies were already illusory and impractical, actually accelerated the speed of their disappearance in the sky, below their waists., they had already turned into specks of starlight and scattered in the sky.

"Ye Xiao, my daughter..." the Golden Phoenix King suddenly shouted with all his strength.

"Don't Worry!" Ye Xiao said solemnly, "She is also my daughter. She will definitely become a legend in the entire starry sky!"

The Golden Phoenix king nodded his head in gratification.

He and Eastern You Meng looked deeply into each other's eyes for the last time.

The two of them said at the same time, "Wait for me!"

"Wait for me!"

A breeze blew over and the two peerless experts vanished into thin air.

Only the last bit of their true spirits remained. They were like two weak fireflies in the grassland, giving off a weak light.

An unknown power came from the sky and the two true spirits rose up. They broke through the seal of the Heavenly Dao and disappeared somewhere..

The Dao of reincarnation was also a Supreme Dao. Although it was not above the Heavenly Dao, it could be used in the gaps between the Heavenly Dao. Even though the dome-shaped sword was controlled by the Heavenly Dao, it had to follow the reincarnation of life and death and reincarnate!

This could be considered a great blessing out of misfortune, causing everyone present to heave a sigh of relief for them. This was because everyone could see that the two true spirits seemed to be heading... in the same direction..

"I wish all of you the best!"

Ye Xiao closed his eyes devoutly and sincerely wished all of them the best.

At this extremely warm moment, ten thousand lightning bolts descended from the sky and furiously descended in the direction where ye Xiao was located. The entire starry sky above the dome was instantly filled with lightning and thunder. Millions of lightning bolts descended crazily in all directions!

Clearly, this was the punishment of the Heavenly Dao for ye Xiao breaking the rules.

Seeing that the evil lightning was about to strike, ye Xiao stood still, but his eyes suddenly burst out with divine light. He stared at the endless lightning that filled the sky, he shouted angrily, "Could the so-called fate playing tricks on people be the Heavenly Dao?"

"How can such a trick on a lover be done by the Great Dao? What's the use of keeping such a Heavenly Dao? How Can Shang be injured? !"

Under ye Xiao's angry shout, more than a million bolts of lightning and evil lightning landed on his body at the same time.

However, the endless lightning was only exchanged for ye Xiao's arrogant and cold snort.

The enormous lightning dissipated.

Ye Xiao's clothes were tattered, and blood flowed out from the corner of his mouth. The divine light in his eyes dimmed, and the aura around his body also appeared extremely weak.

Only the arrogance at the corner of his mouth still existed proudly. The trace of a disdainful smile still hung by the corner of his mouth, and it did not disappear.

However, he saw ye Xiao smile coldly. His body suddenly flashed and he drifted toward the lineup from the south.

At this moment, ye Xiao's appearance could be said to be in an unprecedented sorry state.

However, at this moment, all the people watching the battle, regardless of whether they were men or women, were all looking at ye Xiao with eyes filled with enthusiasm. This was especially so for the women. Regardless of whether they were friends or enemies, they were all so moved that their eyes were filled with tears and their eyes were completely red.

In the end, he used the price of resisting the heavenly lightning to fulfill his lover's wish.

Such an upright man was indeed worthy of being called a great hero and a true man!

Heavenly Emperor Glaze's voice broke through the air, "Ye Xiao, on behalf of sister Jin Feng, I would like to express my gratitude to you!"

Heavenly Emperor Bai Yutian's voice sounded at the same time, "Thank you!"

Although both of his subordinates chose to sacrifice themselves to become lovers and did not try their best to fight for the victory of this heaven, the two heavenly emperors expressed their understanding at the same time. They also expressed their heartfelt gratitude towards ye Xiao who had helped them.

Not for the fate of this heaven, but for... these hundreds of thousands of years of brotherhood.

This thank you truly came from the bottom of his heart and was absolutely genuine!

Ye Xiao nodded and smiled.

Ye Xiao could feel the sincerity of the gratitude that came from the bottom of his heart. However, ye Xiao helping the Golden Phoenix King and Dongfang youmeng was because he felt the sincere affection between them. As for the gratitude of the two heavenly emperors, even if it was sincere., he did not place it in ye Xiao's heart!

Unexpectedly, he heard all the spectators around him shout at the same time, "Monarch Ye, many thanks!"

Chapter 1985: The Battle Between Women

Such a chorus of thanks caused ye Xiao to finally stop, however, ye Xiao said softly, "There is true love in the human world. All of us should protect it together. If there is no true love in the human world, then this so-called human world is no longer the human world. Thank you, everyone."

He cupped his hands and returned to the original Heaven Camp.

However, these few short sentences made everyone fall into deep thought.

"If there is no true love in the human world, then this so-called human world is no longer the human world."

That's right.

If there was no love, then what was the difference between humans and animals?

Just as everyone fell into deep thought, the red light of the heavenly axiom flashed again and landed in the sky above the hexagram star formation in the east and the glazed sky.

In an instant, the red pillars of fate representing the two sides of Heaven and Earth went down by a quarter from their original perfection.

Both sides suffered heavy losses. If they died together, there would be no victory or defeat. However, it was not that there would be no victory or defeat, but that they would all fail.

Since they had failed, the loser's fate would be taken away!

The heartless heavenly axiom would only follow the established rules. If they lost, they would lose. There was no room for maneuver!

After the red pillar of luck had been reduced by a quarter in two days, the red light flashed again. This time, it was ye Xiao's southern hexagram and ye Hongchen's western hexagram formation.

Xuan Bing's white clothes were like snow, cold and proud. He held his sword and his long hair fluttered in the wind. It was as if a flawless snow lotus had suddenly bloomed in the bright night sky.

On Ye Hongchen's side, Guan Shan was the one to fight.

This battle was carried out within reason. It was expected, but it was a little too child's play. Because this battle only lasted for a short while, Guan Shan Yao, the leader of the Seven Golden Lotuses, admitted defeat, he retreated back to the western sky hexagram star formation.

The southern sky's fate suddenly increased by a section, while the western Sky's fate was cut down by a quarter.

Everyone had expected this result. With two leaves in the same world, one leaf would rise and one leaf would fall. But now, it seemed that the one who would fall was Mister Ye!

The next battle was between North Heaven and East Heaven. It could still be considered a routine battle. East Heaven's great General Ximen Wusheng was defeated in three battles against cloud-toppling rain tower!

North Heaven's luck rose sharply, while East Heaven's luck was only left with half.

In the fourth battle, the heavenly axiom Lord's red light fell on the northern and southern sky.

Cloud-toppling rain tower's side was fought by the heavenly prodigy, while ye Xiao's side was fought by Jun Yinglian.

The battle between the two women was not only exciting, but also... it was a shocking battle.

Including Ye Hongchen and the eastern Sky Emperor, these two experienced and experienced veteran powerhouses, they were all speechless.

With the insight of Ye Hongchen and the East Heaven Emperor, they could naturally tell that the two women had reached the eternal realm and were extremely powerful. However, there was still a considerable gap between them and the peak of this world. Even if they were compared to the seven

golden lotuses.., there was still a slight difference. Therefore, their judgment of the extent of the battle between the two women was slightly biased!

The two emperors clearly neglected that the two women were fighting for the man they loved. They wanted to fight for the fate of the world's ruler for the man they loved. Before they fought, they had made up their minds to win.

If they did not win, they would not return!

The two women who had made up their minds to go out to fight could really move the world with their battle strength!

Facing the two women who had used all their strength and used the extreme power of this world, even the starry battlefield that was supported by the heavenly axiom was full of scars. It was dangerously broken and completely disintegrated.

At the end of the battle, Xiu'er, who had a slightly weaker cultivation base, resolutely activated the Essence Blood Burning Yuan grand magic in order to win!

On the other hand, how could Jun Ying Lian be willing to give up the victory that she had obtained? With a shake of her longsword, she immediately activated her life soul sword!

The blood essence burning great art was the best self-harming technique in the Beyond Avalon of the mortal world. It was not rare for cultivators to injure themselves first before injuring others. There were even a wide variety of methods, it could be used to boost one's life potential, or to directly burn one's vital essence, blood essence, or even damage one's soul and Yuan Spirit in exchange for a temporary increase in cultivation base. The most extreme method was the 'Seven Hearts as one'that frost snow used when she faced the martial art that day.

Using the price of destroying everything in their body in exchange for seven times their maximum power, but techniques that were too extreme would have extreme uncontrollability. The 'Seven Hearts as one'was strong, but once it was activated, it would no longer be reversible.., once the vital qi produced by the 'Seven Hearts as one'was used up, the person who made the move would die, and their soul would be destroyed beyond redemption. As long as the opponent took advantage of the gap to escape, the person who made the move would be equivalent to self-destruction, and there was nothing they could do.., the reason why Han Bingxue was able to survive the previous time was due to a series of fortuitous coincidences (see above, not mentioned here) . Such fortuitous coincidences basically could not be replicated. In fact.., all self-injury techniques had irreversible characteristics and were difficult to control when used,

however, the blood essence burning technique did not have such a weakness. Not only could this technique be terminated at any time, the person who made the move could also activate the limits of its power, maintaining it within the limits of his control. However, since there were such advantages.., the disadvantage was also obvious. Other than the loss of blood essence, there was also a loss of ten times the lifespan of an ordinary self-harming technique. Moreover, this loss was due to the upper limit of one's lifespan. Any means to increase one's lifespan would not be able to make up for it!

When a woman was ruthless, she was truly more ruthless than a man. At the same time that Xiu'er activated the blood essence burning technique, she actually unleashed this technique to the limit of the

power she could use, in that instant, she had used up at least 10,000 years of her life. With such a high price, it was easy to imagine how powerful it was!

Jun Yinglian was also a woman who had been through a lot of enemies. She was quick-witted. When she saw the incoming evil attack, she immediately activated her ultimate move. She also unleashed the secret move, "Life Soul Sword," which was passed down from that unknown master!

Life Soul Sword was also an extreme move that could injure oneself before injuring the enemy. Compared to Xiu'er's blood essence and essence burning great art, which had lost her upper limit of her lifespan, what Jun Yinglian lost was her own divine soul and life essence, when she activated her own ultimate power at a level that was several times more powerful, its might could be said to be abundant and unstoppable. It was also incomparably overbearing!

In order to seek victory, the two women each used their ultimate moves and fought with their lives on the line. However, it caused ye Xiao and young master Bai to lose their souls at the same time!

They were almost scared to death.

If for the sake of such a victory, they had to lose a beauty, ye Xiao knew that he could not afford it.

"Admit defeat!"

Ye Xiao broke out in cold sweat and admitted defeat without saying a word.

"Admit defeat!"

Young Master Bai's voice rang out at the same time.

The current situation was the same for young master Bai. He had lost his lover, so what if he won the world? !

Ye Xiao and young master Bai, as the highest leaders of the two days, admitted defeat at the same time, resulting in a tie once again.

In fact, after the two women in the air used their ultimate moves, they had already reached the point where they were at the end of their lives. Even though the air was exhausted, the fighting spirit of the two women did not decrease at all. They stared at each other fiercely, their faces full of stubbornness and unwillingness.

However, the luck of the two days had fallen at the same time.

However, the two days of luck in the north and south were still evenly matched.

As soon as Xiu'er returned, she began to cry. Bai Chen comforted her and repeatedly expressed his feelings, which caused Xiu'er to laugh

On the other side, Jun Yinglian was also unhappy when she returned. The situation seemed to be even more serious than Xiu'er's. Ye Xiao tried his best to tell jokes, but it was to no avail.

At this moment, ye Xiao and Bai Chen had a feeling in their hearts at the same time: Scared to death! Too Lucky!

Xiu'er had already advanced to eternity. Although she was only at the initial stage of eternity, the limit of her lifespan had been greatly relaxed. Although she had just lost ten thousand years of lifespan, she was still within the limit of her lifespan.

As for Jun Yinglian, although the consumption of her divine soul and vital essence was not a small amount, with the help of ye Xiao's many spirit pills, there was still a way to make up for it. It was not too late to make up for it!

But this time, they were lucky enough to get through it. What about the next time? Could they still be lucky next time? !

With this thought in mind, the two immediately had the impulse to immediately stop the five-party Alliance this time.

If this continued... who could guarantee that there would not be any accidents?

And if an accident happened, wouldn't it be a lifelong regret, a sea of hatred that was difficult to fill?

However, the five-party Alliance and the Blood Alliance had long been established. The dome-shaped battle for the sword was already inevitable, and there was absolutely no room for them to withdraw midway!

During that time, ye Xiao and Bai Chen had watched the entire journey with trepidation. There were a few times when these two rulers were so frightened that they nearly wet their pants. Those two handsome faces were sometimes green, sometimes white, sometimes green, and sometimes black, there was also a blue and purple color. In any case, there was no healthy color at all..

That Heart had always been hanging high up in the air. It hung all the way up to the throat, and it could easily cough out its heart and die. It did not even dare to blink its eyes, afraid that it would miss even the slightest detail, and everything would be for naught, even with their unparalleled cultivation, their eyes were so wide open that they felt like crying..

Ye Xiao's side was the woman whom he had fallen in love with, the woman whom he would be with for the rest of his life. However, was it not the same for Bai Chen's side?

The other elders did not feel anything special, but to the two of them, it was a huge risk. It was even more soul-stirring than personally participating in the battle. This was especially so after seeing the battle between Jun Yinglian and the heavenly talent, the two of them were sweating profusely.

However, no matter what, this battle of the century still had to continue!

After a few more rounds... it was unknown if the heavenly axiom was favoring the two of them or torturing them on purpose!

In any case, it was ye Xiao's mysterious ice who had participated in the second battle, while the Heavenly Axiom's Zhan Hongguang had coincidentally landed on Yun Duanwan, who had a victory record.

At this moment.

Ye Xiao and Bai Chen cursed loudly at the same time!

This damned Heavenly Dao!

This was clearly playing with people, and they were even planning to play us to death, right?

“This battle can be considered to be even!” Ye Xiao hurriedly expressed his agreement. Bai Chen’s side also made a decision that they agreed to.

The supreme leaders of both sides had originally made a decision, and this battle ended just like that. Unexpectedly, the two women, who were the parties involved, rejected this compromise decision of both sides!

“This battle must be fought. Although the two young masters have to decide the victor, the women of the two young masters should also decide the victor!” Wan ‘er was rarely this stubborn, this was especially so for Bai Chen. However, once he became stubborn, even Bai Chen could not do anything about it.

Even if the northern sky side lost in the end, I still have to earn some face for the young master. At the very least, the woman of the young master won.

Xiu’er will not hesitate to expend a large amount of her lifespan to fight for young master’s victory. Once we reach a draw, I want to take a step further and obtain victory!

A victory and a draw will be our victory!

On the other side, Xuan Bing clearly held the same thoughts.

“That’s right, let’s see whose woman is better!”

“Lian Lian has already fought once and experienced the methods of a heavenly talent. How can I not make a move?”

“Xiu’er has already fought with Jun Ying Lian. Don’t tell me that in young master’s heart, I’m inferior to Xiu’er...”

Since the words of the two women had reached this stage, what else could ye Xiao and Bai Chen say? They could only sigh helplessly and continue to be on tenterhooks. They continued to be on tenterhooks, continue to be on tenterhooks, continue to be on tenterhooks, continue to be on the verge of being scared to death, and continue to be on the verge of peeing in fear!

The atmosphere of this battle of beauties was different from the Battle of Jun Ying Lian’s heavenly talent.

Jun Yinglian and Xiu’er were both straightforward and straightforward. Their battle style was simple and crude. They could only fight head-on and determine the winner and loser. There was nothing else.

This was also the fundamental reason why Xiu’er was certain that her cultivation base was slightly inferior to Jun Yinglian’s and activated the blood essence burning great art at the Final Stage!

Jun Yinglian also returned the favor. He swung his life soul sword with all his might and fought back forcefully!

It was not difficult to see that the two women had fiery temperaments.

Coincidentally, Xuan Bing and Wan 'ER had similar temperaments.

Wan 'Er had always been as gentle as water in front of Bai Chen. Xuan Bing was also gentle and pleasant in front of ye Xiao.

Wan 'Er had been Bai Chen's maid from the start, and Xuan Bing had long been taken in by Ye Xiao as a concubine. Although the two women knew that in the hearts of the people they loved deeply, they were definitely not just concubines. They were no different from the main wife.

However, this battle was a battle of concubines.

Wan 'er still had a bit of persistence in her heart: in Xiu'er's battle just now, although young master and ye Xiao had admitted defeat at the same time, and it had been judged as a draw, although Xiu'er had fought with all her might and persevered, but anyone with a discerning eye could see that.., xiu'er was actually already a notch weaker.

If ye Xiao and Bai Chen had not intervened, Xiu'er would most likely have died in this battle. Jun Ying Lian would have suffered a heavy injury that was difficult to recover from, and Ye Bai and Jun Ying Lian would have completely opposed each other. They were completely different from each other!

In this way, the young master could not help but owe him a favor. In that case, he would return the favor in his own hands.

The young master's Pride could not be tarnished in the slightest.

In the direction of the northern sky, white clouds suddenly gathered from all directions. In an instant, they formed a colorful cloud path that extended from the Northern Sky Hexagram Formation all the way to the center of the starry sky battlefield.

Wan 'ER's body flashed as she stood on the clouds and floated away.

She was like a fairy from the immortal palace, dancing among the colorful clouds.

The beauty of the clouds lived up to its name.

Everyone was amazed by this scene. Even a super big shot like ye Hongchen and Bai Yutian couldn't help but be stunned.

It was beautiful beyond compare.

"I've long heard that Master Bai has the grace of the clouds on the left and the beauty of the heavens on the right; enjoying the pleasures of the mortal world. Seeing you today, you truly live up to your reputation. Meeting you is even better than hearing your name!"

"The grace of the clouds is indeed the grace of the clouds. You truly live up to your reputation!"

"Master Bai is truly blessed."

While everyone was discussing, a violent chill suddenly surged out from the direction of the southern sky. In an instant, it swept through the heaven and earth, overwhelming everything!

This absolute chill continued to spread out. Half of the starry sky instantly turned into an ice and snow cold region. The surface of the ice was like countless gigantic mirrors, reflecting every inch of it!

Following that, a graceful figure quietly appeared.

In a flash, her beautiful figure appeared on the surface of the ice.

Chapter 1986: Both Sides Suffer Heavy Losses!

As the beautiful figures flashed, countless graceful figures could be seen, and countless ice surfaces were reflected. However, this situation only lasted for a moment, and the swooshing sounds connected together... countless figures on the ice surface.., were actually all rapidly withdrawing in the same direction.

Finally, they transformed into a graceful and graceful and beautiful figure.

Dressed in black, Xuan Bing stood amidst the snow and ice. He looked like a fairy who was shooting at a maiden.

This extreme contrast made everyone's eyes light up.

They were all intimidated by his appearance!

A peerless beauty, high and mighty!

Ice-like and jade-like, extraordinary and unworldly!

Xuan Bing stood in the atmosphere of the sky full of ice. His body was overflowing with an aloof and cold ling ran aura. Naturally, he gave off a feeling of being high and mighty, and people were not allowed to get close to him.

If Wan 'Er's side was fairy yunduan overlooking the mortal world, then Xuan Bing's side was immortal Guanghan standing on the mortal world.

The final battle had yet to begin, but what they saw before their eyes had already made everyone exclaim in satisfaction.

To be able to see such a peerless beauty in one's lifetime was already a life worth living. Who would have thought that here, two peerless beauties, each showing off their charm, competing for the glory of the world, was enough to comfort one's life!

"Since the heaven region, I've long heard of the name of the great elder Xuan Bing, but I've always been lucky enough to meet him. Today, I've seen your face, and indeed, you're Matchless and Matchless, a beauty that can topple the nation." Wan 'er quietly watched Xuan Bing arrive as she spoke in a gentle voice.

Xuan Bing indifferently said, "Yun Duan Zhi Wan's great name is the true legend of the Azure Cloud Heaven region. Today, Xuan Bing is fortunate enough to be able to exchange blows with a legendary person, and that is the happy event of three lifetimes of fortune."

One was walking on the clouds while the other was standing high up in the sky. Each of them had their own style and each had their own style!

Following a 'shua'sound, a red silk shot out from Wan 'ER's sleeve. She let out a long and delicate cry, "I've been in the clouds all my life, my long sleeves dancing in the vast world. I will fight for the monarch in this life, and I will not let down my beauty."

The red silk snaked out. In an instant, the colorful clouds in the sky turned into nine clusters of clouds. All of them wrapped around the red silk. Looking Up, all one could see was a bright and dazzling red.

In the northern star formation, Bai Chen's eyes narrowed, and he stood up immediately.

The weapon that Wan 'er used was not the type of sword and saber commonly used by cultivators of the secular world, but a red silk. However, this red silk was Wan 'ER's natal magic treasure that she used her natal spirit essence to refine and nourish for her entire life, the many heavenly materials and earthly treasures that were used to refine this treasure were extremely rare and precious. It was much more superior than the Golden Soul Pagoda that Ling Wuxie gave ye Xiao, and it was not much inferior to the legendary top-grade magic weapon of Beyond Avalon, it was a mystical divine weapon that was both hard and soft, both offensive and defensive, and flexible!

Wan 'ER's weapon could not be seen easily. However, as long as it appeared, it meant that she would use all her strength to fight. She would not leave any leeway!

The last time this divine weapon appeared was in the clear sky region. That time, the red silk killed the world. The world was completely red and it took the lives of seven million people. The blood of countless people dyed the earth red, and the splendor of the red silk dyed the sky red!

In the past, the reason why the sky was red was because he was fortunate enough to witness the boundless might of Wan 'Er's red silk. Relying on the fragments in his memories, he developed his own method of using the red silk. It could be said that he was the best in the world, however, a flash of red knew that his insignificant skills could not compare to Wan 'er's!

Bai Chen also knew Wan 'Er's personality. When he saw the red silk appear, he knew that Wan 'Er was determined to win this battle. His heart that was already hanging high almost broke through his throat and went into his mouth!

The Ice Star's eyes looked at Wan 'Er who was flying towards him with the red silk flying all over the sky. Her graceful and boundless body was filled with determination as she flew through the clouds She said indifferently, "A woman should not make things difficult for a woman! However, this battle is for your man, and I am also fighting for my man. We are on the same side and should fight with all our might. Only then will we live up to our hearts!"

After he said that, a slender hand slowly extended out of his long sleeve. The slender hand was slowly raised, and the hand was slender and white. Suddenly, the hand clenched in the air!

Clang!

The starlight in the sky seemed to have interweaved with some mysterious power, and it fell down abruptly. Boundless starlight and the frost that filled the sky and earth gathered rapidly, and instantly turned into a sword in Xuan Bing's hand!

The body of this sword was Snow White.

Xuan Bing's black clothes were fluttering in the wind as he rose up. The sword light was long and the Starlight was dazzling. A purple belt wrapped around his waist as if it was almost broken, which made him look even more slender and graceful.

"The absolute peak of ice turns into Xuan Bing. If you don't love the world, you will melt. A sword full of stars will fall from the sky. I Won't let you down for the rest of your life!"

The magnificent sword light that was like ice and snow was like a long rainbow on the surface of the ice. It flew up into the sky and went straight to the surging sea of colorful clouds in front of him. In a moment, it also filled the sky and earth with endless red silk.

This sword light of the mysterious ice was like a lightning that pierced through the dark clouds. It advanced forward with boundless and mighty power. Behind one person and one sword, there was an ice and snow-cold air that filled the entire starry sky. It was boundless ice., the army, which was like a mountain roaring and a tsunami, followed behind the abundant one, showing an unstoppable momentum!

The visual impact caused by this scene was directly subversive!

This was the true meaning of a battle between peak experts!

Graceful Cloud used the dancing red silk as the starting point to attract the colorful clouds in the sky for her own use. The Wind Rose and the clouds surged, falling from the sky. It was like the wind rose and the clouds surged, and the waves were magnificent and unstoppable.

However, the mysterious ice used the power of mountains, rivers, mountains, mountains, and the starry sky. It gathered the supreme power of the mysterious Yin and went against the current, intending to strike down the universe in one strike!

The graceful cloud was indeed determined, but the mysterious ice was also an indomitable spirit!

The situation was obviously dangerous, and life and death were always clear. However, the battle atmosphere formed by the two women was so beautiful that it made people intoxicated and happy!

Even though they realized that this was a dangerous situation that would not stop until one of them died, they were not willing to miss out on anything. They were afraid of missing out on this rare and intoxicating scene!

The sword light was like the moonlight. It was ethereal but extremely fast as it collided with the red silk and colorful clouds!

Boom!

An unprecedented explosion suddenly appeared. Two graceful human figures were separated into two sides. The stars in the sky flickered violently at the same time. The red clouds instantly exploded, and the ice mountain also collapsed in an instant!

The extreme impact of red and black caused an endless amount of white fog to shoot up into the sky!

In the white fog that filled the sky and earth, a red cloud and a black shadow also exchanged blows at an astonishing speed like lightning. In just a short moment, the two of them had already exchanged hundreds of moves!

The whistling of the wind and clouds became even more intense. If it wasn't for the fact that the Paragon Mountain's peak was already extraordinary, the Earth would have already cracked and collapsed, and the Earth would have collapsed. The two of them were colliding with each other with a strong wind. Any one of them would be able to pull a huge mountain up from the ground!

"Go!"

"Come!"

Two delicate shouts suddenly rang out in the air. Everyone looked towards the source of the sound and saw that everything in the surroundings, regardless of what it was, even the twinkling starlight, was completely frozen at this moment!

At this moment, only two figures, one red and one black, were dancing in the air. Regardless of front, back, left, west, south, north, or north, they were moving in a myriad of directions, changing endlessly. At this moment, everything froze in place until the two women's red silk and longsword suddenly clashed. The two jade-like hands also attacked for dozens of times before suddenly exploding, and space returned to normal!

Starlight began to shine again.

In this round of unusually intense exchanges, the ice peaks and red clouds that the two women had created previously all disappeared. Only two beautiful women remained in the air. One on the left and one on the right, one on the south and one on the north. One of them was still waving the red silk, one of them was still as cold as frost, facing off from afar.

Wan 'er took a deep breath, and her pretty face became extremely serious. It was cold to the extreme, and in her left sleeve, another red silk floated out.

The two red silk extended from her hands to both sides. Wherever the red silk passed, the entire area turned red!

100 feet, 1000 feet, 10,000 feet..

The two red silk continued to extend as if there was no end to it. The entire starry sky behind Wan 'er, as well as the twinkling starlight in the sky, turned red!

On the opposite side, Xuan Bing's body also erupted with a pillar of light that soared into the sky. The pillar of light seemed to be made of sparkling jade. After that, it slowly turned into a 100,000 feet tall jade mountain, just like Wan 'er., the entire starry sky behind Xuan Bing transformed into a mountain of Ice Jade!

This mountain of ice jade seemed as if it wanted to soar up into the sky!

Ling Xiao had ice jade!

This was the symbol of the peak level of Ling Xiao's Ice Jade divine technique!

It went without saying that the two ladies had each brought out their trump cards!

This attack was also the final blow of the two of them!

The final blow that would push them to their limits!

Wan 'Er had a gentle and calm personality, and her mind was focused. Therefore, in terms of martial arts comprehension, her realm was slightly better than Xiu'er's. At this moment, her power was far above Xiu'er's limits!

Due to fate, Xuan Bing resolved the tribulation of Ling Xiao's ice jade divine technique in a different form. She had already obtained the true essence of the Dao of Ultimate Yin. Previously, she had also heard from Chu Chu that she knew the correct cultivation method of Ling Xiao's ice jade divine technique. With the two of them combined., its cultivation base had improved by a hundred feet. It was even higher than Jun Yinglian, who also had a great opportunity!

Therefore, the strength displayed by the two women was even above the seven golden lotuses. It was almost at the level of the five celestial emperors. Such a level, such strength, and such elegance were all worthy of admiration and amazement!

Even ye Hongchen could not help but let out a soft sigh when he saw the astonishing strength displayed by the two women. He said in a deep voice, "Even if the glazed celestial emperor and I were to fight in person, it would probably be... just so-so."

Jin long curled his lips and said, "Pui, don't be so arrogant. To tell you the truth, the two of you are far inferior. How can the battle between you and Liu Litian be compared to the battle between the two beauties?"

Ye Hongchen's forehead immediately turned black.

"Scram! What nonsense are you talking about? !" Bai Feng kicked the guy away.

A whistling sound rose.

Wan 'er was the first to move.

Behind her, half of the sky had turned red. As her delicate body leaned forward, her entire body pressed forward. With a mighty momentum, she rolled over!

It was as if half of the starry sky had become a weapon to assist her in her attack.

Seeing the other party's action, Xuan Bing did not hesitate. He pointed the long sword in his hand from afar. With the whistling sword Qi, Ling Xiao's Ice Jade Mountain, which had frozen half of the starry sky behind him, also rushed over with an overwhelming momentum!

One side was dressed in white, bringing with it the wind and clouds that were dyed red for a long time. It came charging over with a powerful force.

The other side was dressed in black, condensing the huge Ling Xiao Ice Jade Mountain. It also counterattacked with a force that did not show any signs of weakness!

They were clearly two gentle, demure, and tender-hearted girls, but they actually displayed such violence!

Even Ye Hongchen, the East Heaven Emperor, and other veteran powerhouses subconsciously placed their hands on their foreheads. Their faces were full of admiration and speechlessness.

Who would have thought that these two timid beauties would actually fight in such a violent and barbaric manner at the final moment of the final battle?

However, the visual impact brought by this kind of violence was incomparable.

Everyone present was dumbstruck and held their breaths as they waited. The red light and white gas finally collapsed in a vast and mighty manner, like two unstoppable torrents crashing into each other in an incomparably violent manner.

In an instant, the torrents submerged the entire starry sky!

Everyone was momentarily stunned as they silently waited for the final result of this battle.

Ye Xiao crossed his arms and stood with a cold expression. His eyes were slightly narrowed and his body emitted a murderous aura that prevented others from approaching.

In contrast, Bai Chen stood with his hands behind his back. His eyes carried a trace of anger as his lips were slightly pursed.

The intense impact waves whistled in all directions. Even the five hexagram star formation began to shake violently.

“Even if two heavenly emperors were to fight...” heavenly emperor glazed’s expression was solemn.
“That’s all...”

In the western sky camp, Bai Feng grabbed the golden dragon and said coldly, “How is it? Is It Beautiful? Is It Beautiful? Is it pleasing to the eye? !”

In Bai Feng’s opinion, such power that had already exceeded her own limits must have scared the Golden Dragon Away!

Unexpectedly, the golden dragon said, “Of course it’s beautiful, of course it’s beautiful, of course it’s pleasing to the eye. For the spectators, the Battle of Beauties is the most important thing to watch. The rest is nothing. With the strength of these two women, beauty and strength are equally important. The incarnation of a woman and Perfection is beautiful, beautiful, and pleasing to the eye!”

For a moment, Bai Feng was cold. In her heart, she could not help but think, “What this fellow said makes sense. I actually have no strength to refute...”!

Bang Bang!

The hexagram formation of the north and South broke apart at the same time!

At the same time, ye Xiao and Bai Chen charged out once again.

The aftermath of the extreme collision in the air was still present. The starry space created by the entire dome was filled with mist.

Countless forces were still surging in the sky. Just a wisp of force had the power to kill an eternal realm cultivator. Such an atmosphere was no different from a death zone!

At this moment, two graceful figures were floating down from the sky unconsciously.

After this collision, Xuan Bing and Wan 'er both lost all consciousness at the first moment and completely fainted. This was their most powerful attack. They borrowed the power of Heaven and earth, used the stars as their power, and used the earth as their weapon. Each of them used all of their cultivation and spiritual power.

Both of them were using the most extreme method to fight.

As both of them poured all of their power into the attack, the power to protect themselves was naturally reduced to the lowest point. After the attack, the damage caused by the shockwave was also equally great. It was unusually great!

If it wasn't for the fact that both of their cultivation bases had reached the peak of this world, and their bodies were able to recover on their own, just the shockwave alone would have caused them to die and their souls to scatter!

Ye Xiao's body flashed, and she had already hugged the delicate body of the mysterious ice in her arms. Opposite her, Bai Chenyi hugged Wan 'er in his arms, and the two of them faced each other in the dust that filled the sky, they could clearly see the bitter smile in each other's eyes.

..

Chapter 1987: The Moment Of The Decisive Battle, A Fatal Change!

The intention of this battle was only to slay the demons, but the two women actually fought to such an extreme extent.

Yet, the two of them could not say anything, which made people even more speechless!

Although the two of them could not say anything at this moment, they could only feel endless gratitude in their hearts.

Their women had already done so much, what else could they say? What else could they say? !

Nodding their heads, ye Xiao and Bai Chen raised their hands at the same time. "This battle is a draw!"

Then, the two of them braved the Thunder Tribulation and returned to the hexagram star.

With their current cultivation strength and strength, the so-called Heavenly Dao heavenly punishment in this world was not completely meaningless to them. At the very least, they were already in a completely bearable range and did not need to care about it anymore.

Another draw. The pillars of fate of the north and south heavens were even lower than the other heavens and earth.

Next, ye Xiao's side, Wenren Chuchu, fought to win one round. On Bai Chen's side, Mr. Xiong'er also made his debut. With his strength, even if he deliberately hid his strength, he still easily crushed his opponent and won one round. The victory of these two rounds also caused ye Hongchen and the Eastern Heavenly Emperor's side to lose another round.

At this point, Heavenly Emperor Veluriyam tragically realized that he was just a spectator!

Although the two sides were fighting in a splendid manner, there was actually no movement on his side at all..

"What the hell is this..." Heavenly Emperor Veluriyam flew into a rage. "Could it be that even the Heavenly Dao is discriminating against us demons?!"

The Golden Phoenix King's death in battle had dealt a heavy blow to Heavenly Emperor Veluriyam and the Purple Dragon King, making their hearts even heavier.

The glazed celestial emperor had wanted to use the intense battle to vent his frustration and anger. However, he had never expected that the glazed celestial emperor would not be involved in the next few battles.

Fortunately, the glazed celestial emperor still had to participate in the next two battles.

The next two battles were fought by the glazed celestial emperor. First, he fought against Wenren Chuchu from ye Xiao's side. There was nothing much to say about his easy defeat in a routine battle. However, when he fought against the East Celestial Emperor's side again.., they fought with all their might and won one round.

Otherwise, they would be directly at the bottom.

Compared to the glazed sky who was almost at the bottom, the eastern sky was directly at the bottom. They did not even win a single round!

At this point, almost all the participants from the heavens had participated in several rounds of battles.

The Luck of the heavens and earth should have been different. There were some who were stronger and some who were weaker. However, after three rounds of draws, a lot of luck fell out of thin air, even the two destined winners, ye Xiao and Bai Chen, did not have much wealth.

Liu Litan and ye Hongchen's side only had less than a quarter of the red light of fate left.

The East Heaven Emperor's side was even worse off. They were even worse off than Liu Litan and ye Hongchen. There was only a bottom line left.

As for ye Xiao and Bai Chen, the north and South Heavens only had a little more than 70% .

However, the next battle was going to be the final battle at the peak. It was a battle between the supreme experts of the heavens.

The battle between the Five Heavenly Monarchs was about to officially begin!

However, to everyone's surprise..

Ye Hongchen, heavenly emperor glaze, and Heavenly Emperor East Heaven announced their withdrawal from the competition at the same time.

“We don’t have much luck left. If we go up and fight, we can only lose and win. It would be a disgrace. Even if we win, the additional luck would only be a drop in the bucket. Rather than that, we might as well just admit defeat. After all, the final victor of this battle is the destined person of this world. We might as well treat the remaining luck as a reward for the destined person of this world. It would be appropriate and logical!”

Everyone had nothing to say in response to this argument.

However, in this way, the battle for the highest heavenly emperor could not help but turn into a battle between the north and the south.

It was just like the supreme battle between the north and the south from countless years ago!

This battle would determine the fate of this world!

Ye Xiao, Bai Chen!

This final battle, and also the final battle, would be between these two people. The owner of the dome-shaped sword and the owner of Heaven’s will would also be born from these two people!

Under the gazes of everyone present, ye Xiao took the lead to leap out and stand in the air. The sovereign sword in his hand sparkled as he shouted loudly, “Bai Chen! Come, come, come... fight with me!”

Bai Chen stood up and after letting out a long cry, he laughed out loud, “Ye Xiao, we have finally reached this stage today! I have been looking forward to this battle my entire life. Let’s see who the heaven’s will belongs to.”

Before he could finish his words, Bai Chen had already prepared himself and was about to rush out.

The final battle of the peak had officially begun!

Anyone could see that Bai Chen’s eyes were filled with the desire to fight. As long as he went out and fought with ye Xiao, a world-shaking battle would definitely erupt!

Just thinking about the level of battle between the two women just now, it wasn’t difficult to imagine how intense the battle between them would be. Perhaps only the final battle between the northern and southern supremacies back then could compare!

In fact... the battle today was even more intense than the final battle of the past, creating a brand new legend for the battle history of the cultivators of the mortal world!

Unexpectedly, at this moment, on the eve of the Battle of the summit, an unexpected turn of events occurred!

Young Master Bai’s figure, which was about to appear, suddenly stiffened. His eyes, which were originally filled with confidence and desire for a battle, turned into an expression of disbelief, fear, and despair!

Then, Bai Chen spat out a mouthful of pale golden blood without any warning, turning into a golden blood mist.

Soon after, his slender figure could no longer hold on and fell backwards like a toppling jade pillar. He let out a sorrowful and angry roar, "Ye Xiao! You're despicable!"

This angry roar was really like the cry of a cuckoo and the cry of an ape in the mountain gorge.

On the other side, ye Xiao laughed out loud when he saw this. "Young Master Bai, why haven't You Come Out Yet? I want to fight with you to see who is destined to be in this world!"

Bai Chen, who was lying on the ground, kept spitting out large mouthfuls of blood, he hissed, "Ye Xiao, I originally thought that you were a peerless hero. I never thought that your actions would be so despicable and shameless. I was wrong about you!"

Ye Xiao's face was filled with a complacent smile. "Brother Bai, victory and defeat in this world should be used to the fullest extent. Can it be that only you are allowed to be crafty, can't you let me plot against you once? When did ye Xiao ever claim that he was a good person? How could the claims of the outside world be valid? If brother Bai really believed the rumors of the pugilistic world, then he would be seeking death. What reason did he have? ! hahahaha..."

At this moment, ye Xiao's laughter was not only filled with complacency and high spirits, it also had an evil tone!

Other than Mr. Xiong ER, who had been showing off a little in the previous battle, he had been obediently staying in the hexagram. At this moment, he was astounded!

He rushed to young master Bai's side and asked urgently, "Young master, what happened to you?"

The Spirit Race Devil's concern for Bai Chen was not fake at all. Bai Chen was the cornerstone of his wish in this world, and he could not afford to lose him. When he saw Bai Chen's accident, he turned pale with fright and came over to rescue him!

What made Mr. Xiong er even more surprised was the fate of this world, the person who was favored by the heavens, Ye Xiao. As far as Mr. Xiong er knew, the people who were favored by the heavens were 99% benevolent and righteous, chivalrous, and benevolent, the Great Hero of the heart of the sword and the heart of the zither was a benevolent and righteous person. However, ye Xiao looked like a prim and proper person on the outside, but inside, he was a male and female thief, and had done countless dirty things behind the scenes!

Mr. Xiong er could not help but sigh. Ye Xiao, Young Master Ye, if your nature was like this, you should have said so earlier. If you had said so earlier, I would have gone over to help you. The two of us combined together, we are truly invincible in this world, "Why do I need to put in so much effort to work together with Bai Chen, this fellow who is both good and evil and also full of schemes? !!"

Wan 'Er and Xiu 'er also rushed over with faces full of panic. Their actions were actually at a loss. It was obvious that the panic in their hearts had already reached an extreme!

The two of them did not know any inside information. Thus, this kind of grief, anger, and panic in this world all came from their own hearts. However, they could not fake it in the slightest.

Epecially since the two of them had interacted with ye Xiao quite a few times. They knew very well that not only was ye Xiao not a good person, his scheming was no less than young master's. He was also a peerless physician and a supreme-grade alchemist. It was fine if he didn't make a move when he schemed, the moment he made a move, it was earth-shattering and shocking. Thinking about ye Xiao's smug face, it was likely that young master wouldn't be able to turn the tables this time..

"Young master, What's wrong..."Wan 'Er's tears fell out of her eyes in fright. "You... Don't scare me..."

"I..."

Bai Chen tried his best to regulate his breathing and his eyes were wide open. "I... Fell for ye Xiao's evil scheme... that ye Xiao is really something, he actually managed to hide it from me..."

"Evil scheme? What did he hide from you? !"Wan 'Er and Xiu 'er were completely confused.

Has Young Master met ye Xiao recently? Have they crossed paths before? ! How come we don't know anything about it? !

No matter what Mr. Xiong er thought in his heart, he still widened his eyes and looked over.

Now, it was certain that ye Xiao was scheming, but when exactly did he start scheming? How could he hide it from my eyes?

This shouldn't be!

Mr. Xiong er shot an arrow without saying a word. He stretched out his hand and touched young master Bai's wrist. He quickly confirmed that Bai Chen's current state was serious.

After instantly recognizing him, he suddenly widened his eyes and cried out in shock, "Yin Soul Poison? !"

At this moment, Xiong er was actually somewhat at a loss.

Before this, although he had seen Bai Chen fall to the ground and his condition was precarious, he was still very confident. After all, in his opinion, no matter what kind of plot, secret technique, or poison Bai Chen had fallen into, as long as he took action.., wouldn't it be easy to capture him? Everything would be fine.

However, he had never expected that the plot that Bai Chen had fallen into, the poison in his body, was coincidentally one of the few unique poisons that he could not solve.

The poison of the Yin Soul!

The so-called poison of the Yin Soul was the gathering and condensing of the resentment of tens of thousands of vengeful spirits into the mysterious yin qi. Originally, the resentment and the mysterious Yin Qi were both of the ultimate yin attribute and could not be seen in the world of the living. However, the two were compatible.., however, it had the advantage of the extreme yin and the birth of Yang. The Old Yin gave birth to the young Yang, which was converted into the poison of the young Yang. Not only did it have the advantages of both, it also had the ability to permanently attach itself to the victim's body, absorbing the yang Qi to strengthen itself until the victim's Yang Qi was completely exhausted, the

primordial spirit was completely disintegrated and the yang world was destroyed. It could be said to be the ultimate Yin Poison!

With Xiong ER's ability, all the deadly poisons and secret arts in this world would only be completely destroyed before their tyrannical power. However, the Yin Soul Poison could not only attach itself to the victim's body.., it could not be distinguished from the other poison, and it could also absorb the origin energy and spiritual energy from external sources. If it could not bear it, it would turn into the victim's own burden. In other words, if Xiong er recklessly sent out his yuan Qi to help, it would be useless if he lost too little, he would only be absorbed by the Yin Soul Poison. Once he lost too much, it would exceed the limit of Bai Chen's own burden, and Bai Chen's body would directly explode!

Xiong er immediately came to a conclusion. This matter was too troublesome!

It just had to be at such a critical moment to detonate this poison. How was he going to fight this battle?
!

Bai Chen struggled to catch his breath. He gnashed his teeth and said, "I knew that this bet would be accompanied by a conspiracy. However, I never expected that the conspiracy would be reflected in me. What a good scheme, what a good scheme!"

"Ye Xiao, you are really despicable and despicable!"

In just an instant, Bai Chen's face turned pale. Xiong er could clearly sense that the pure cultivation and vigorous vitality in young master Bai's body were also rapidly disappearing.

Moreover, the speed at which they disappeared could even be described as terrifying. Even with Bai Chen's cultivation and body, he could not hold on for too long.

"Looks like the legend is true. That ye Xiao actually cultivates medicine, pills, and poison at the same time. Each of them is wonderful. Even the level of this yin soul poison is higher than ordinary!" Xiong er quickly made a judgment!

"Young master, don't speak for now. Calm down. We might not necessarily lose." Mr. Xiong ER's pure demonic technique instantly transformed into the purest heaven and earth spiritual energy that surged into young master Bai's body like a tidal wave. At this moment.., mr. Xiong er, who had a monstrous demonic technique, also felt his claws go numb.

"Wait for me to stabilize the rate of Yuan Qi loss for you first."

Seeing that Bai Chen was in danger, even though he knew that he was drinking poison to quench his thirst, xiong er still poured out a huge amount of spiritual energy to help Bai Chen stabilize the loss of Yuan Qi temporarily. As long as Bai Chen did not run out of Yuan Qi, there was room for maneuver!

"It's too late. Even if you can stabilize this poison, it's useless for me to struggle on my last breath..." Bai Chen said miserably, "How can I compete with all the heroes in the world if a poison plague erupts at this time? Even if I'm safe and sound, I only have a 50% chance of winning against ye Xiao, not to mention now..."

"Ye Xiao has been hiding for such a long time. This attack will definitely not be able to resolve it... everything will be settled now. He is the destined one..."

“What good intentions. Back then, it was Mister Ye who initiated this matter, and the relationship between the two of them was not made clear. When Mister Ye brought this matter up, my father would only feel that we, father and son, are united. The combined forces are undoubtedly much larger than the other three families. The odds of victory are within our grasp. Naturally, we would do our best to facilitate this matter, and even push it vigorously. Unexpectedly, we fell into that Scoundrel’s scheme. But who would have thought that ye Hongchen, who faintly claimed to be the number one expert in the world, and the strongest king of the demon race, Xuanyuan Liuli, would actually be willing to give in and let ye Xiao ascend the throne...”

Bai Chen panted. “Now that I think about it, the hundred thousand year bet and the Ye family’s reappearance in the mortal world back then were all fakes. They were all covering for ye Xiao. It was all an illusion

“In fact... even the current situation was predicted by this thief. At this final moment, how could my imperial father compete with me? “Therefore, East Heaven will definitely withdraw. “And West Heaven and glazed heaven are already in his control. In the end, no matter what, only ye Xiao and I will have the final showdown!”

“This is destined.”

“And at this delicate moment, he let the extreme poison in my body flare up... and I will be able to win without a fight, becoming the destiny of this world!”

“Good calculation!”

“Good scheming!”

Bai Chen let out a long, miserable sigh. “I was conceited and smart all my life. I was careful and prudent, and I planned everything perfectly. However, I never expected that the biggest failure in the end would actually be in this scheming...”

Wan ‘Er and Xiu ‘er listened to Bai Chen’s explanation in disbelief. They still did not dare to believe it. Could This be true?

Ye Xiao was really such a despicable person!

Chapter 1988: Substitute One Thing For Another

Outside, ye Xiao’s triumphant voice could still be heard, “Bai Chen, why don’t You Come Out? Why Don’t you come out! Come out, come out and fight with me!”

Wan ‘Er and Xiu ‘er’s eyes were spitting fire as they stood up abruptly, “I’ll Go!”

“You’re not allowed to go! This is a five-day battle between heaven and earth, what’s going on if you guys go out? !” Bai Chen forced himself to sit up abruptly, his expression was mournful. “Even if I really let you go out, would there be any other outcome besides sending you to your death? “Do you really want me to lose the woman I love the most after I’ve lost the world? “Since I’ve participated in this world’s gamble, I’ve long since come to the realization that I’ve lost. If I’m willing to gamble, I’ll admit defeat. If I’ve lost, I’ve lost!”

Wan ‘er and Xiu’er’s delicate bodies trembled as tears streamed down their faces.

They were also people who had gone through great storms. They could accept defeat and also accept defeat.

However, they absolutely could not accept being directly schemed against and defeated in such a manner!

At this moment, the feeling of powerlessness in their hearts was truly incomparable.

White steam rose from Mr. Xiong Er's head, finally, he heaved a long sigh of relief. "Although this poison is incomparably tyrannical, it has been temporarily suppressed by me. As long as we don't exchange blows, we can be carefree. However, once the elemental energy goes out of control and the poison acts up again, it will be the time when there's nothing we can do to reverse the situation..."

Bai Chen's gaze was lifeless. "Thank you for your assistance, sir. I, Bai Chen, have been conceited and cautious, but I still miscalculated the hearts of the people. As a result, I've suffered a crushing defeat. I'm even more tired, sir..."

At this moment, Mr. Xiong Er was also at a loss. He had clearly seen that he was about to achieve his goal, yet at the last moment, such an accident had happened. At this moment, the sudden change in his armpit had completely caught him off guard and left him at a loss!

"I've always underestimated the battles between these humans, and I've actually resorted to all sorts of methods. Such vicious methods, interlocking with each other, laying out layers upon layers of schemes, and only detonating them at the last moment. Truly amazing, truly amazing... sigh... Young Master Bai's previous hesitation and suspicions were indeed correct... there really is a huge conspiracy hidden within this... I really shouldn't have been blindly optimistic that day. I was actually the one who pushed the current dire situation? "!"

Now that the situation was clear, if he could not obtain heaven's will, then his entire plan would have been for naught!

He would even have to make a wedding dress for that ye Xiao!

Then, even if he could devour all of the secular mortal realm beyond heavens, what was the point? He would still be rejected by the heavenly axiom of this world!

When he arrived, he would only be moving from one cage to another. Furthermore, this new cage was constructed by himself!

Thinking of this, Mister Xiong Er almost wanted to roar into the sky, using this to vent the depression in his heart.

However... So what if he was unwilling to accept such a fate? He could only barely suppress the Yin Soul Poison. No matter how much he could do, Bai Chen would definitely not be able to participate in the battle. This situation... was already unsolvable? !

Outside, ye Xiao's voice became even more arrogant, he became more and more unscrupulous. "Bai Chen, if you still don't come out, I'm afraid that you'll be directly judged as a loser. Say something, what's wrong with just hiding there! ?"! ? Hahaha... If you're willing to hide, then hide. I'll take this heaven's will sword..."

Before he finished speaking, another wave of complacent laughter sounded.

Bai Chen stood up shakily and took a deep breath. A resolute expression shot out from his eyes. "Don't even think about it! Even if I, Bai Chen, die, I'll still fight you!"

As he said that, he was about to go to battle.

"Please don't..." Mr. Xiong er hurriedly stopped him. "If you go out now, not only will you not be able to display 30% of your cultivation, but the poison will flare up again in a moment. You will be sending yourself to your death in vain. It Won't help anything!"

"But what else can we do other than this? Do we let this despicable person get away with it? !" Bai Chen looked at Xiong er with a gloomy face and was suddenly stunned.

Then, his eyes suddenly burst out with extreme brilliance, and he suddenly laughed out loud, "The heavenly axiom has its basis. Indeed, there is no path that can be cut off by the heavens! I want to see how long you, Ye Xiao, can be complacent! You should use even more despicable tricks to deal with despicable people!"

Mr. Xiong er was overjoyed when he heard that and asked with hope, "What else can we do? Can we turn defeat into victory?"

Bai Chen laughed and said, "Xiong er, don't you have the ability to transform into anything?"

Mr. Xiong er was confused and said blankly, "AH?"

Bai Chen's face was filled with disappointment. "What Ah?" Since you have the ability to transform into anything, especially your own strength, you are definitely the number one in the world. Now that I am forced to fight, there is no doubt that I will lose. Then, you can transform into my appearance and fight. Isn't that enough? "Ye Xiao dared to poison me, so don't tell me that you won't allow me to go all out in the face of danger and increase my strength to be lucky enough to win? "Sigh, originally, I was absolutely unwilling to do such a despicable trick, but since that ye Xiao is so despicable, it can't be blamed on me!"

This was originally Bai Chen's plan. If an accident happened on his side, Xiong er would definitely volunteer to go out and fight with ye Xiao for the sake of achieving a complete victory. However, he never expected that this scoundrel devil's brain would actually be as stupid as a bear's.

He hinted and hinted in such a way, but even after he made it clear, he still couldn't understand it. This forced young master Bai to continue with the plan, and he even had to sing and chant a few more times.

According to the basic plan, Xiong er would definitely say, "Why don't I go on your behalf? I'll be able to transform into your image and fight!"

Bai Chen would immediately go with the flow. "That's great! We've come back from the dead!"

However, this fellow was actually a complete idiot. He did not know how to turn his head at all. This result made people feel helpless and speechless.

Although the script that had been set up could still be used, Bai Chen and the supporting characters would have to act out the entire scene by themselves. They would have to continue to try their best to

maintain their superiority and continue to belittle ye Xiao, indirectly guiding and directly asking him to fight. Young Master Bai really did not want to relive this feeling for a second time..

“I’ll fight? ! Will this work? Will it really work?”

Mr. Xiong er actually blinked his eyes and muttered.

“F * ck!” Bai Chen really could not help but curse. He had never seen such a stupid bastard.

“If you don’t fight now, who else can fight? Tell me, who else on our side can be ye Xiao’s opponent? Don’t you want to fulfill your dreams, Your Goals, and your wishes?” Bai Chen was almost on the verge of exploding with anger.

For an extremely intelligent person to meet a super idiot, anger was unavoidable.

As the saying goes, a wise man will make a mistake after a thousand considerations, and a fool will have a gain after a thousand considerations. The former had seen it today, while the latter had thought that he would be able to see it, but in the end, he did not see it!

“Good, good, good. Let’s do it this way. This is indeed the best way. It’s safer than you fighting alone. Why not do it this way? Why didn’t I think of it before? You’re still too scheming. When it comes to being despicable, you’re even more despicable than that ye Xiao!” Mr. Xiong er was immediately eager to give it a try.

Chapter 1989: Group Attack!

“HMPH, that’s because I’m smart. I can improvise, Alright! Forget it, what’s the point of telling you all this? Hurry up and change into my appearance.”

Bai Chen urged.

“I know, don’t worry, I’ll take care of the rest!”

After Mister Xiong er said that, he suddenly changed his appearance. Immediately, another Bai Chen appeared. He even blinked his eyes wretchedly and opened his mouth wide. “How is it? Isn’t it very similar?”

Before he could finish his sentence, he actually followed up by proudly shaking his butt.

Just this scene made Wan ‘er and Xiu’er’s hair stand on end. She simply couldn’t endure it anymore and was about to take action to end this monster. This was too much!

Bai Chen’s face was filled with black lines. He was extremely depressed. “My image can be considered to have been completely destroyed. This time, I’ve really suffered a great loss. If I had known earlier...”

Outside, ye Xiao was still shouting from somewhere. “Bai Chen, Young Master Bai, why aren’t you coming out? Are you really afraid? Even if you’re really afraid, please say something. I’m not that kind of person who wants to kill everyone. Naturally, I’ll leave a path for you to walk!”

In his voice, he was so pleased with himself that he forgot his form. It was simply disgusting to the extreme.

Suddenly, the Northern Sky Hexagram Formation let out a long howl. The sound shook the nine heavens and the entire universe was shocked. However, a snow-white figure appeared with a whoosh.

He had a handsome face and an elegant demeanor. His white clothes were fluttering in the wind, and he looked indescribably carefree. It was none other than Bai Chen!

“Ye Xiao, you’re going too far by spouting such nonsense! Don’t Tell Me I’m afraid of You!”

The voice was also young master Bai’s voice. However, as long as one was familiar with young master Bai, they would be able to sense that something was amiss with just a little bit of attention. For example, with young master Bai’s self-proclaimed gentleness and elegant tone, every word of his was like a pearl, the so-called “Father” Yun Yun would probably not say it even if he was beaten to death!

The corner of ye Xiao’s mouth twitched subconsciously. Just by listening to this sentence, he could already confirm that Bai Chen had settled the matter and successfully lured this fellow out.

Moreover, since Bai Chen dared to let this fellow out, then he must have already exhausted most of this fellow’s strength..

It was truly difficult for that fellow to still be in high spirits..

“Since you’re here, take my sword!”Ye Xiao shouted loudly. Without any warning, the sovereign sword struck out. A brilliant sword light streaked across the starry sky and suddenly appeared before him!

Xiong er originally wanted to say a few words of courtesy before coming out, but he didn’t expect ye Xiao to be so straightforward and directly make a move.

It seemed that it was truly heaven’s doing. If there was something to be done, it was one’s own doing. If he made a move directly, he could avoid the danger of exposing himself too much..

Without saying anything else, he directly went up to meet ye Xiao.

However, ye Xiao also let out a long howl, “There will be a world of mortals within three feet!”

Following this long howl, ye Xiao’s body suddenly turned, and a red light suddenly scattered out.

As the streak of red light appeared, the two figures simultaneously disappeared into the air.

They had fallen into the illusory realm created by the three-foot-long secular world with all its might.

This accident was similarly unexpected, causing everyone present to be greatly shocked.

The final battle was just about to begin, so how did both sides disappear in the blink of an eye?

Where did they go?

What was going on? !

Other than ye Hongchen, Xuanyuan Liuli, Bai Chen, and a few others who knew the real situation, the rest of the people turned pale with fright. Among them, Wan Xiu and the Empress of the Eastern Heavenly Emperor were the most shocked, wan Xiu and the Empress of the Eastern Heavenly Emperor were both surprised and glad that it was not the young master but Mr. Xiong er who went out to fight. However, the Empress of the Eastern Heavenly Emperor and the Empress of the Eastern Heavenly

Emperor really thought that Bai Chen's real body had fallen, so they could not help but become even more anxious!

Bai Yutian, Meng Huaiqing, and Huaiqing were extremely anxious. Only then did they disregard everything else and look towards the location where their son had gone missing. However, they unexpectedly heard a voice transmission, and their movements came to an abrupt halt. They returned to calmness, and that voice transmission was naturally Bai Chen's doing., they comforted their parents to calm down and wait for the outcome of the current battle. With their son's personal signal, the eastern heavenly emperor naturally knew that there was definitely something else going on, and was instantly safe!

While the people on young master Bai's side had calmed down, the battle in the illusory realm was still in the ascendant

Although Mr. Xiong er was surprised that he was trapped in the special space, he was more confident in his invincible strength. Although he had lost more than half of his cultivation base, it was still easy for him to deal with this little fellow in front of him!

Looking around, he saw ye Xiao on the other side waving his hand. Xuan Bing, Jun Ying Lian, and Wenren and Chu Chu appeared together. As soon as they appeared, they moved together to greet him!

As the three women attacked together, the extreme yin energy instantly filled the entire space!

This was because Xiong er, who had a prideful appearance towards ye Xiao on the outside and a despicable attitude on the inside, had a preconceived impression of him. Up until now, he still did not realize that something was wrong. He said angrily, "Ye Xiao, you're really despicable. In this final battle for the sword in the dome, you actually dared to fight with more people and attack me in a group. Do you still have any face? !"

Ye Xiao snorted. "Do we still need to follow the rules of the pugilistic world to deal with you? !"

Xiong er smiled sinisterly. "The heavens are watching while the humans are doing it. These words are indeed true. Ye Xiao, you acted recklessly and sneakily today, but you are committing suicide. No matter how many people you ambush, you will only die if you face me!"! Ye Xiao, come to your senses

The extreme cold energy that the mysterious ice and the other three girls had demonstrated instantly slowed down Xiong ER's movements. Countless attacks struck his body in an overwhelming manner!

With a 'boom', Xiong ER's body was immediately broken into countless pieces.

If it were an ordinary person, even if their soul had not been destroyed, their body would not have survived. However, the countless pieces wriggled on their own for a moment and then turned into wisps of black smoke, as the wisps of black smoke flowed out like a hundred rivers converging into a sea, they turned into a white-heavy figure again.

Judging from the Qi dynamic sensing, it was clear that the strength of regeneration Bai Chen did not weaken in the slightest.

“Ye Xiao, I have this supreme divine art to protect me, what can you do to me? Even if you blow up my body ten thousand times, my strength will not be damaged at all!” Xiong er laughed strangely, but he still maintained Bai Chen’s voice.

It was clear that this demon still did not realize that this was a trap deliberately targeted at him. This demon’s degree of stupidity was also similar to his battle prowess, he was the only person in the world!
!

Ye Xiao snorted coldly and waved his hand once again. This wave of cold yin energy actually increased its strength once again, freezing the entire space and causing it to become mottled.

The four of them attacked once again at the same time. The corner of Xiong ER’s mouth still had a smug and mocking smile on it, but his body had already been shattered once again.

However, it still did not seem to be of any use. The fragments turned into black smoke, and the black smoke flowed back, forming a human figure just like before!

Everything was no different from the previous time. Only at the final moment when the black smoke condensed, the white light suddenly moved. It was the doppelganger!

The doppelganger rushed out with a “Hu” sound. Now, the Doppelganger’s speed was much faster than before. It spun rapidly in the air and suddenly opened its big mouth, swallowing one to two-tenths of the scattered fragments in one gulp!

Then, with a meow, he disappeared again and returned to the endless space.

Chapter 1990: This Was A Trap [Supplement 14-14]

For idiots, for Unique Soul Energy bodies like Mr. Xiong ER, apart from being weak in terms of rank suppression, they had to undergo energy digestion before they could be devoured again. If they swallowed all of Xiong ER’s demonic body fragments at once, not only would they be unable to subdue them, they might even be possessed in the opposite direction. If they were to really turn the tables, the situation would develop in the most terrifying direction.., everything would be completely over.

Although he had lost nearly 20% of his demon essence, it still did not hinder Xiong ER’s recovery. However, after he recovered this time, he let out a ferocious and miserable howl. “What is that! It’s that thing again...”

Ye Xiao completely ignored him and waved his hand, urging the three ladies to launch another ice attack.

The attack came again, but Xiong er was still smashed into pieces without any room for resistance!

Under ye Xiao’s thorough preparations, xiong er did not even have the chance to make a move. He was smashed into pieces again and again!

If everything went smoothly, with ye Xiao and the other three holding him back, with the idiot taking action to deplete the Mana source bit by bit, and with the three-foot-long red illusory realm’s isolation and blockade, it was only a matter of time before the demon plague was completely eliminated!

However, this problem of time did not only exist on the other side, but also on their own side!

The power level of the Bear Two's demon essence had far exceeded their expectations, and the Idiot's period of digesting the demon essence had also far exceeded their expectations. With the three women attacking together, each attack required the three women to activate the highest limit of their own power, even if they had a large number of panaceas prepared beforehand, and even if they had ye Xiao's help in losing the demon essence, it would be difficult for them to last for long..

After about the time it took to brew a pot of tea, just as Xuan Bing and the other two were sweating profusely and were still trying their best to hold on, the isolated space constructed by the three-foot-long secular world finally could not hold on any longer, following the creaking sound of shattering, finally..

After another attack, it shattered with a thump!

The figures of five people from each side instantly reappeared in the starry sky.

As far as the eye could see, the five sides were in an uproar at the same time.

The Eastern Heavenly Emperor, Bai Yutian, roared angrily, "How can they fight with numbers? How can they be so unreasonable?" He was about to fly out.

Even though Bai Chen had sent a voice transmission to stop him, Bai Yutian still couldn't help but want to help. After all, Mister Xiong er, who was being surrounded and beaten up by four people, was still in Bai Chen's appearance.

"Father, don't be anxious."

Another figure of young master Bai suddenly appeared outside the Eastern Sky Hexagram Formation. He walked in and stopped Bai Yutian. "That's not me!"

"..." Bai Yutian's eyes widened like bells and he almost fainted.

The Bai Chen in front of him was his son. Then who was the Bai Chen who was surrounded and attacked by ye Xiao and the others in the Sky? !

"What on Earth are you guys doing?"

The Eastern Heavenly Emperor felt very angry at this moment. He could not contain his anger. He felt that he was completely kept in the dark and did not tell him anything. This kind of situation made the Eastern Heavenly Emperor very unhappy, especially when one of the instigators of all this was his son.

"There's no time to explain the whole situation now. I'll explain it to father after the event," Bai Chen said. "The most important thing now is to kill this devil who is fighting with ye Xiao. If this devil is not eliminated, the safety of this world will be in danger!"

"Devil?" Bai Yutian raised his eyes to look at the five people who were currently engaged in a frenzied battle. Looking at the scene where Bai Chen was holding his head up and howling miserably, his heart could not help but tremble.

However, in Bai Yutian's opinion, ye Xiao and the other three clearly had the upper hand in all aspects. Their strategic and tactical coordination was perfect. It was only a matter of time before they annihilated that so-called "Devil." The situation was not as sinister as his son had said, right!

Having lost the three feet of the mortal world's spatial blockade, Xiong er began to counterattack. However, his soul energy had already been devoured by that idiot by almost 20% . This loss was enough to make Xiong er wish he was dead.

Although his Bai Chen seemed to be unharmed, in reality, as long as he exerted force, his mind and soul would feel like they were about to explode in pain. However, at this moment, he wished he could exert all his strength. The current Xiong er.., it could be said that he was enduring hell-like pain as he fought.

Even now, he was still in a daze and did not know the current situation.

Until now, he did not realize that he had actually been set up. Moreover, he had been set up by the collaboration of ye Xiao and Bai Chen.

It was precisely because of this that Xiong er forcefully endured the pain and continued to maintain the appearance of Bai Chen as he fought with all his might. He was afraid that he would destroy the grand plan.

Although it was only the time it took to brew a pot of tea, Xiong Er's demonic body had already been shattered more than ten times.

Fortunately, the strange white shadow that could devour his soul's power did not appear again. This made Xiong er feel more or less at ease.

After all, shattering his demonic body would not cause him any real harm. As long as the white shadow did not appear again, victory would still be his!

Unfortunately, things did not go as he had hoped. With a soft meow, the idiot appeared again.

Ye Xiao roared, "Extreme Yin Frost!"

The three women shouted at the same time and worked together to unleash their power. This time, it was the mystic ice who activated her ultimate body and sent the extreme yin qi into Wenren Chuchu and Jun Yinglian's bodies, causing their extreme yin frost to reach its maximum, the intensity of the cold qi that erupted at this instant was also unprecedented in scale. Even ye Xiao was almost frozen stiff.

Xiong er let out another miserable howl, and his body that had yet to fully take shape was once again shattered. The second fellow continued to follow the previous technique, and like a white horse passing by in the blink of an eye, he fluttered his small mouth. This time, one-third of the Black Fog was actually swallowed by him.., in a single gulp!

Then, the idiot disappeared once again..

When the black fog gathered again, it was no longer young master Bai's appearance.

Bear two suffered consecutive blows, and just now, another one-third of its mana source had been swallowed by the idiot in one go. Its main body's foundation had already lost nearly half of its power, and it was no longer able to maintain its white-heavy appearance, in the end, it turned into a strange thing that kept on changing its shape in the air in pain..

Painful howls, roars..

At this moment, everyone could tell that something was wrong.

What exactly was this indestructible object? Why did it look so terrifying! !

Xiong er finally regained a little bit of clarity after much difficulty. Then, he turned into a streak of black smoke and flew out into the sky!

He had already determined that if he continued to fight, he would most likely be eaten clean by that unknown white shadow. There wouldn't even be any traces left behind.

Although he did not know why the White Shadow's pull was so strong that it could deal a permanent blow to him, the current situation was like that. He could not care less about the grand plan and Bai Chen's agreement, he had to first save his life. The rest was not worth mentioning!

After all, if he lost his life, he would truly have no future!

Although he had lost nearly half of his foundation and his power had been destroyed, the space that had sealed him was gone. It would be difficult for him to form an absolute ice attack of the same scale as before in the vast world, even the white shadow that posed the greatest threat to him needed some time to devour a third of the second wave's Mana Essence. That was why he was confident that he could escape!

"Bear two! Where do you think you're Going? !"
