

Firmament 1991

Chapter 1991: The End Of The Devil

Ye Xiao roared. The purple extreme elemental energy was like a cannonball that hit Xiong Er. This purple extreme elemental energy's power was unique. Not only did it cause the black fog to pause for a moment, it also seemed to have a positioning effect..., the next wave of extreme frost power hit the Black Fog. There was no omission!

And this time, the black fog that was hit by the Extreme Yin power was completely frozen in the air. It was only after a long while that it turned into ice shards again!

Xiong ER's strength was completely complete previously. Even after the enhancement of the extreme cold energy, it would be difficult for it to form into ice shards for a long period of time before it would be shattered. It would reassemble and condense again. But now, Xiong ER's strength was greatly reduced..., it was no longer possible to shatter the ice seal at the first instant. He needed a buffer to return to his original form. When ye Xiao and the three ladies saw this scene, they could not help but feel even more confident!

However, there was another matter that was even more shocking to Mr. Xiong er than the current situation.

"How does he know that my name is Xiong Er? ! Only Young Master Bai and Wan Xiu know my name. The rest don't even know the upper echelons of the overturning cloud and Rain Pavilion. How does he know? If he knows... doesn't that mean..."

A boom sounded.

The black smoke once again turned into countless frozen shards in the air. Xiong er had spent quite a long time this time before he was able to condense his body again. In his eyes that were filled with ferocity, that extremely intense pain was still lingering, however, he stared fixedly at ye Xiao. "You... how do you know..."

Ye Xiao sneered and said, "Everyone in this world has to kill a monster like you. Do you really think that your existence is such a secret? !"

"Monster?" Xiong er still did not believe it. "You're talking nonsense!"

With a light laugh, Bai Chen's figure floated into the scene and said with a smile, "Mr. Xiong Er, you shouldn't have come to me for cooperation."

At this moment, Bai Chen was clearly safe and sound as usual. How could he still look like he was half-poisoned and on the verge of death.

Xiong er saw Bai Chen and ye Xiao standing side by side, especially Bai Chen who was in a perfect state. He instantly understood everything.

He looked at Bai Chen as if he wanted to eat him up and said word by word, "Bai Chen! Hello! You tricked me well!"

Bai Chen said indifferently, "You were tricked because you were too stupid."

Xiong er was so angry that his intestines turned green. He gnashed his teeth and said, "So it turns out that all of this was designed by you guys to specifically trap me! No wonder the attack you gave me was so targeted!"

Bai Chen smiled faintly. "Xiong ER, it was a mistake for you to appear in this human world. For You who don't fit in this world, the earlier you are destroyed in body and soul, the better for this world."

Xiong er hissed and said, "Bai Chen, you agreed to cooperate with me, and I even helped you do so many things. Do you think that you can get rid of your relationship with me just because you have repeatedly done so? Do you really think that you are a good person! ?"

Bai Chen smiled. "Cooperate? When have I ever cooperated with you? "From the moment you appeared by my side, I've been planning for today's situation. Everything is based on the premise of getting rid of you! Otherwise, how do you think today's arrangement was completed? !"

Ye Xiao also laughed out loud, and his laughter was full of ridicule.

Xiong er was extremely furious. However, half of his soul power had already been eliminated. He could be said to be extremely weak and could no longer pose a threat to the two unparalleled experts in front of him. Otherwise, with his character as a great demon of the spirit race, how could he still argue, he had long transformed into a black fog and devoured the two of them!

"Bai Chen, you said that you agreed to cooperate with me because of today's situation! "? I understand now. You used the excuse that you weren't strong enough to make me spit out all the energy that I had swallowed. This isn't enough; you lured me to use my own origin energy to create a group of experts for you..."

"All these pretenses were all tricks you used to weaken me!"

"Finally, you even set up a mysterious yin formation that could restrain me, especially that monster that could swallow my soul..."Xiong er said, finally, he connected everything together. "Bai Chen, you're so sinister. You're the most sinister person!"

"You're right. I was the one who set up all of this."Bai Chen smiled faintly. "It's natural to use any means to deal with a disaster that can not be tolerated in this world like you. You can only blame yourself for thinking that I would sell out beyond Avalon from the mortal world from the very beginning, thinking that I would sincerely make a deal with a devil like you! "Now that the past is clear, you can rest in peace and go on your way."

Xiong er threw his head back and roared, "Bai Chen, do you think that you have already won? Are you sure that you can kill me now?"

Ye Xiao snickered, "Xiong ER, to us, whether we can kill you or not is actually not important, because all of us will do our best to try until we completely kill you, annihilate your soul and completely annihilate you!"

Xiong er raised his head and let out a long roar. His body turned into a black smoke as he rushed towards the sky. At this moment, his escape speed was unprecedentedly fast.

However, ye Xiao and Bai Chen were both sneering as they looked at the black smoke. Neither of them made a move to stop it.

The spectators were astonished.

Could it be that both of them thought that the other party would make a mistake and stop it? If that was really the case, wouldn't this great plan of slaying the devil fall through the cracks!

Dong!

The black smoke ran for its life, but it seemed to have suddenly crashed into an invisible barrier. No one knew whether it was because the invisible barrier was too tough, or because bear two was too weak, but the black smoke dispersed in response, a moment later, it returned to the appearance of Bear Two.

It looked like it was seeing stars, and it actually spun a little dizzily.

"Why? Why is there a barrier! ?" Xiong er's sharp screams filled with fear filled the entire space.

It turned out that for some unknown reason, a barrier suddenly appeared outside the dome's sword seizing formation. It was tangible but intangible, invisible to the naked eye!

"Why? There's no reason. This barrier should have appeared in the first place!" Bai Chen said with a smile, "Don't you understand? Xiong er, this is the final battle!"

Bear two was stunned by ye Xiao's words. He subconsciously asked, "Final battle? What final battle? Hasn't the final battle already begun? !"

Bai Chen smiled coldly. "Idiot, the main characters of the final battle are me and ye Xiao. Do you think that you can fight on my behalf just because you're wearing my appearance? There's a deeper meaning behind letting you fight on my behalf. Now is the time to truly display this deeper meaning!"

Before Bai Chen's voice had even faded, he had already made his move at the same time as ye Xiao. However, he saw an abundant purple sword qi mixed with countless strange-shaped light spots heading towards Xiong er's direction!

Xiong er did not show the slightest bit of fear when he saw this. With a casual wave of his hand, the attacking sword qi light spots were all dispersed, he gnashed his teeth and said, "Bai Chen, is this your so-called deeper meaning? You dare to boast with such insignificant skills. You're so Shameless!"

Seeing that Xiong ER had easily neutralized the joint attack of the two of them, Bai Chen did not feel offended at all. Instead, he smiled and said, "Our attack was just a primer, a primer that was set up to target you. The real surprise has come!"

Before he finished his words, as expected, an unexpected change occurred. Inside the invisible barrier, countless Thunderbolts and lightning bolts appeared. They streaked across the sky like giant purple snakes, attacking Xiong Er. Surprisingly, it was a heavenly lightning strike, a lightning death trap!

This change was even more unexpected. Xiong er never thought that there would be such a shocking change. Although he had seen ye Xiao being attacked by Heavenly Lightning when he interfered with the battle situation on the dome.., however, the heavenly lightning would only attack those who interfered

with the battle situation. Secondly, its power was not that great. It was not as good as in his eyes. However, he clearly did not interfere with the battle situation. How could he still be struck by lightning?

If he was struck by lightning when he entered the battle, why didn't the lightning strike the three girls when they were still in the battle? ! Moreover, the power of the Heavenly Lightning was a little too great. Once struck by the heavenly lightning, although he would not be scattered, his body could not help but stagnate. Although his power was destroyed, it was not so terrible..

Could it be that the heavenly lightning also looked at people as if they were a dish? Wasn't this a little too much? !

Xiong er furiously roared, "Why, why, why did it only strike me? I clearly didn't disturb the battle. The Heavenly Dao is unfair, the Heavenly Dao is unfair!"

Ye Xiao snickered and said, "The Heavenly Dao is unfair?" Originally, it was meaningless to talk about the Heavenly Dao being unfair to someone like you who hated the Heavenly Dao of this world. However, this time, it really wasn't the Heavenly Dao that was unfair. Why Did I seal you in the illusory realm the moment I exchanged blows with you previously? Although there was a sudden intention to launch the first wave of surprise attacks, the deeper reason was to preserve the heavenly lightning that struck at this moment. Don't you understand? "You only went out to fight in the appearance of Bai Chen. The spirit of Heavenly Dao, who was supervising this battle, didn't even acknowledge your identity! "In other words, the final battle between me and Bai Chen didn't even begin!"

Bai Chen continued, "Even until the sealed space disintegrated and the five of you returned to the battlefield, the final battle didn't even begin. It was only until I entered the battlefield that the final battle officially began!"

Xiong er heard the two people's explanations and asked in a half-clear tone, "Even so, it's still not right. Why is the Heavenly Lightning only targeting me? I'm clearly not the only one disturbing the battle now!"

Ye Xiao laughed coldly. "This is all thanks to young master Bai and me acting together. The people in this battlefield are all in-game people. Regardless of whether they are targeting me or Bai Chen, they can be considered to have interfered in this battle. They will be attacked by the Heavenly Dao's spirit that is monitoring this battle. This is also the main reason why the two of us were attacked by the heavenly lightning when we saved them previously. However... If we were in the battlefield and did not attack the two of us, it would not be considered a disturbance of the battle. Naturally, we would not be attacked by the heavenly lightning..."

Bai Chen chuckled and said, "On the other hand, if the two of us were to attack one person at the same time, it would actually be the same as that person targeting the two of us at the same time. Naturally, we would receive the most important attention from the heavenly lightning. Do you understand now?"
Mr. Xiong Er

Xiong er came to a realization when he heard that, however, he still roared loudly, "Impossible, impossible! This sword snatching on the dome of the Supreme Mountain's supreme platform is clearly a new creation. The Heavenly Dao that is involved in it has its own pattern. It is absolutely impossible for you to see through it so thoroughly. Absolutely impossible, absolutely impossible!"

Ye Xiao was stunned when he heard that, he was stunned for a moment before he said, "Initially, I didn't believe what young master Bai said about how stupid you are. I always thought that the devil seed that could threaten this world would be quite cunning. It turns out that the so-called earth-shaking martial arts and empty-headed people are talking about you. Don't you know that the Supreme Mountain's foundation formation was set up by Mr. Ye and I together? Even if this formation is now under the supervision of the Heavenly Dao, we can still take down some of the basic settings. This is especially so for existences like you that are not tolerated in this world. You will always be the first surveillance level. Also, when this formation was just formed, it was indeed just a simple battlefield. "However, as the battle continued, the power of countless experts gradually filled this starry sky

"And these powers flowed along the path of the formation and supplemented it. Now, the starry sky battlefield has become an unbreakable barrier space

"How many experts are fighting, how much of their power will remain in this starry sky formation until the final battle for the sword in the dome comes to an end

"If you had the intention to escape from the beginning, with your speed and skills, it would be a piece of cake to escape. But now, with your strength destroyed, you can only stay here forever."

"This flickering hexagram array can not only seal you inside, but also protect everyone outside. To remove this barrier, only by killing one of us will the final battle be over and the barrier disappear!"
"Even if you recover your demonic body and want to devour energy, there is no energy that can be devoured. "

"It's a pity that the people fighting with you in the starry sky are all people who specifically counter you

"We can endlessly freeze you again and again! We can restrict you again and again!"

Bai Chen followed up with a smile, "We have enough strength and enough endurance. We can continue until... We completely destroy you in this starry sky! "You won't have any more chances. The only thing waiting for you at the end of the journey is to turn into nothingness!"

Xiong ER's entire body trembled, and his eyes were filled with despair as he said, "You... you guys are so vicious..."

Xiong er could not charge into the starry sky to escape, but he was trapped in this starry sky battle, fighting against those who could restrain him. There was also that white shadow that could swallow the demon essence. Xiong er really had no choice but to die!

Bai Chen, ye Xiao, Xuan Bing, Jun Ying Lian, and Wenren Chuchu were all present. Bai Chen had the Heaven's destiny tree leaf protecting him, while ye Xiao had endless space and purple Qi from the east. He was not afraid of being devoured by a demon., as for the three girls, each of them had a layer of yin qi protecting them. Whenever Xiong er got close to them, he would have to face an explosion and be instantly frozen.

Now that Xiong ER's strength had been destroyed, once he was frozen, it would be difficult for him to break free quickly. If the layer of ice continued to thicken and was sealed for a long time, when the idiot came again, how could xiong er escape the ending of complete annihilation!

Under such circumstances, even if Xiong er had some strange methods, what could he do? He actually had no chance of winning against anyone!

However, he was clearly in a desperate situation.., xiong er, who was still being struck by countless bolts of lightning, suddenly laughed. "Bai Chen, Ye Xiao, you two were once the fated ones of the heavens. Do you two think that you are certain to win? Saying that this demon is at the end of the road and that there is only one road to death? It's a pity that this demon still has a way to turn the tables! How would a puny human know of my methods!"

Bai Chen and ye Xiao were immediately shocked when they heard that. The two of them racked their brains and racked their brains, racking their brains and racking their brains. They had gathered all the high-end combat power of the entire beyond Avalon and used countless methods in order to achieve this situation. It was clear that they had already forced the otherworldly spirit demon into a desperate situation! Why did the other party still have a trump card up her sleeve? !

..

[yesterday]

[today is Xixi's birthday. Let me sincerely wish her a happy birthday.].

This wish contained a different kind of mood. Ever since the Little Lass started from the realm beyond heaven, she had been commenting on each chapter one by one. The amount of effort she had spent was truly immeasurable. I had written five million words, and she had also written at least five hundred thousand words along with me..

At the end of the day, my little sister's birthday made me feel as if it was a cycle... and it was finally coming to an end.

Xi Yiran, Happy Birthday!

Thank you!

I am very proud to have a reader like you in the heavenly domain. I am very happy that fengling has a sister like you. With you in the Feng family, we will be even happier.

Happy Birthday. Always Happy!

As time goes on, Fengling's family will always be with us. May we go all the way.

Chapter 1992: Great Success!

Xiong er laughed sinisterly, "Bai Chen, your scheming has gone to waste. You only said that I gave up half of my power to help you create 2,000 high-level eternal realm cultivators. Don't you know that this demon has already planted the essence of the demon essence into the sea of consciousness of those 2,000 cultivators? That's right, the power that this demon can control is no longer 20% of its peak, and can no longer shake this barrier. However, those 2,000 people are still under my control. Do you think that if those 2,000 people suddenly attack, can they shake the barrier from the outside?" "!"

Bai Chen's expression immediately changed, he said in a deep voice, "The supreme barrier has already been established, it's equivalent to a world of its own. Do you think you can still communicate with the

outside world? As long as we destroy you first, we will have a way to remove the demonic source prohibition on those 2,000 cultivators!”

Xiong ER’s perverse laughter grew even louder. “You finally know fear, eldest young master Bai? It’s a pity that your idea is not valid. This barrier is based on the Heavenly Dao of this world, and it is indeed enough to seal all the cultivators in this world. It’s a pity that my devil essence is of a higher level. It’s one thing for me to be unable to break through this barrier with my sharp destruction ability, but it’s another thing for me to send out a devil thought. Once the devil thought detonates the devil essence planted in the sea of consciousness of those 2,000 cultivators, my strength will recover to more than 80% , and the victory will still belong to me. Therefore, it’s you who should realize it!”

With that said, Xiong ER, who was originally at the edge of the starry barrier, once again turned into black smoke and stuck to the starry barrier to the maximum extent. Clearly, his words were not empty threats, but something real!

Bai Chen’s expression changed again. Without waiting for ye Xiao to call out, he took the initiative to attack. In a flash, countless mysterious light spots appeared again and attacked the black smoke spiritual demon. It was a large-scale, indiscriminate attack!

The black smoke spirit demon’s rampant laughter spread throughout the entire starry sky. “Bai Chen, your attacks are all in vain. You have a Heavenly Dao spirit item on you. It’s one thing for me to not be able to devour you, but your attacks are not the same as the Heavenly Dao attacks. Furthermore, you are attacking in such a scattered manner. What’s the point? Are you at your wit’s end... haha... ha... Ah... what is this... This is...”

The black smoke spirit demon seemed to be suffering from extreme joy as its strange laughter suddenly stopped. Instead, it was filled with angry roars that were filled with pain. The star barrier that was originally invisible to the naked eye seemed to have been dyed with a layer of purple, showing a boundless might!

Ye Xiao smiled faintly and stood with his hands behind his back. “You have the devil technique, and I have the Purple Qi from the east. Wanting to turn things around under my hands is simply wishful thinking!”

However, it was ye Xiao who took action. He used Purple Qi east arrival’s divine technique to infuse it into the starry sky barrier. Although the spiritual race’s demonic origin level was extremely high, it was indeed above the Heavenly Dao beyond heaven, however, against Purple Qi east arrival, who was known as the number one divine technique in the world, it was still greatly inferior. On the other hand, purple extreme spiritual energy had the effect of restraining the demonic origin. With purple extreme spiritual energy augmenting the starry sky barrier, Xiong er could only stare helplessly, not even the slightest bit of demonic thoughts could be transmitted out!

When young master Bai saw ye Xiao display his divine might and suppress Xiong Er’s final imperial card demonic thoughts, he could not help but be overjoyed. However, he did not dare to be the slightest bit negligent and once again launched an attack. This time, he focused countless light spots, and the effect of attacking the enemy was indeed greatly increased!

When Xiong er saw that the final imperial card had failed, he knew that things were not looking good. He let out a furious shriek and charged towards Bai Chen's side with all his might.

It was obvious that in this world, the person he hated the most was not ye Xiao, who controlled his life and death, but Bai Chen!

Or it could be said that... Xiong er, this super devil whose cultivation and strength had already completely surpassed the realm beyond heaven of the mortal world, had been tricked to death by Bai Chen Step by step, played to death.

In fact, during this process, Xiong ER was still taking the initiative to cooperate with him, putting his heart and soul into participating... he had dug such a deadly trap for himself!

Xiong er's hatred towards Bai Chen had already reached the point of becoming a vengeful spirit.

Ye Xiao and the others continuously attacked, freezing Xiong er time and time again, stopping, blocking, and sealing him.

But this spirit race demon continued to disintegrate and regenerate time and time again, attacking again and again!

No matter how many enemies there were in the surroundings, there was only one target in his eyes.

Bai Chen.

Finally..

After another attack, the figure of the idiot suddenly appeared. The Idiot, who had already devoured almost half of the demon essence of the spiritual race, had his cultivation strength greatly increased. When he faced Xiong er, who had once again transformed into black smoke.., the Idiot opened his big mouth and, like a whale swallowing the sea, completely devoured all the remaining soul fragments of Xiong Er!

A miserable howl that seemed to come from the depths of a person's soul was cut off Midway.

"Bai Chen! I..."

Xiong er's voice came to an abrupt stop!

The hatred that filled heaven and earth seemed to still exist in this starry sky.

Ye Xiao clearly saw that the idiot's belly, which might not be able to swell even if he swallowed the entire heaven and earth, actually bulged visibly.

At the same time, ye Xiao felt even more clearly.

His nine great spaces were also completely complete at this moment!

At this point, the entire endless space had completely evolved.

Following that, the mnemonics of the last few levels of the Purple Qi east arrival divine art were all presented before his eyes.

As long as he wanted to see it, he could see it at any time!

With the complete divine art, the path of the strong to the depths of the entire starry cosmos was no longer uncertain to him.

All that was left was a simple process of accumulation!

However, ye Xiao did not choose to advance now. Instead, he suppressed this breakthrough.

There was still a battle between him and young master Bai.

If ye Xiao advanced now, Young Master Bai would no longer have the qualifications to be his enemy.

Then, the formidable enemy of this world that had been entangled for so long would become completely meaningless.

This was also a huge blow to young master Bai himself.

Ye Xiao did not want to give Bai Chen such a blow.

It was not a good thing for both himself and others!

Xuan Bing and the other two were drenched in sweat. After launching more than a hundred freezing attacks on Xiong er, the three women were almost at the end of their lives. If it were not for the Heavenly Dao's Thunderbolt's assistance earlier..., the three girls might not have been able to hold on!

Ye Xiao hurriedly took a breath recuperation pill each and sent it back.

In this battle, the three girls had already taken too many breath recuperation pills. If they were to take similar medicine again, it would probably cause permanent damage to their foundations. It was better to take a breath recuperation pill.

During this process, Bai Chen had been staring at ye Xiao with a strange gaze.

His gaze was extremely complicated.

Young Master Bai was not a person. Just now, he had clearly felt that ye Xiao's body seemed to have an unrivalled power extending and taking shape. Moreover, it was formed naturally in a manner that could cause a tsunami.

However, this power that was within reach was suppressed by ye Xiao on its own.

Why should ye Xiao suppress it?

Chapter 1993: Unity!

Bai Chen's heart subconsciously sank at that moment.

At the same time, he also had an epiphany.

It was as if at that moment, at that instant, ye Xiao, who had always needed to look up to and chase after him along the way, had suddenly widened the distance between him and himself!

Far, far beyond him.

Just like... The Stars in the sky.

Although he could see it, he could never touch it. That feeling of being able to look at something but not be able to touch it.

Perhaps, when he truly touched that star, he would discover that... that star was actually so enormous!

This feeling that arose spontaneously caused Bai Chen to be unable to help but feel a sense of being 'fated'.

A very powerless emotion!

After ye Xiao sent the three black ice ladies back to the Hexagram star formation, he turned around and wanted to talk to young master Bai and even complete this battle. However, he was shocked to discover that there was only a piece of void above the dome, and his vision was completely empty.

Young Master Bai had already disappeared.

Ye Xiao's thoughts moved, and he hurriedly swept his gaze towards the northern sky camp. However, he only saw that the gate of the Northern Sky Hexagram star formation was closing. The white and tall figure flashed and disappeared without a trace.

After a moment, graceful cloud and the beauty in the sky appeared at the same time, with a complicated expression, he looked at ye Xiao. "Monarch Ye, my young master said that... In this battle of heavenly fate, the Heavenly Fate Lord has been established. We, the overturning cloud and rain pavilion, admit defeat!"

Ye Xiao was immediately stunned and cried out involuntarily, "Why? The final battle has yet to begin. What happened to Young Master Bai..."

Wan 'Er and Xiu 'er said with a complicated tone, "Young master said... It's important for people to know their own limits. This time, in the five-party Alliance, the dome of the sky seized the sword, and the Sword Master was established. Since the sword belongs to Monarch Ye, the sovereign pavilion should rule the world. "Our overturning clouds and Raindrops Pavilion admitted defeat and withdrew from the world's conflict."

"The entire beyond heaven of the mortal world has indeed reached the time of true unification." The young master continued, "The defeat of Heaven's will this time is due to the fact that the divine abilities are inferior to Heaven's will, and it has nothing to do with human setbacks. "And when the next five-party Alliance comes, the young master doesn't want to make any more fuss... after monarch ye returns this time, we can begin to set up arrangements to settle the world. "Our overturning clouds and raindrops tower will naturally do our best to cooperate and do our best for the world of the mortal world!"

After Wan 'Er and Xiu 'er finished speaking, they bowed respectfully to ye Xiao and then left with the twenty peak experts of the overturning cloud and Raincloud Pavilion.

This result made ye Xiao, Ye Hongchen, and even the heavenly emperor of the east, Bai Yutian, were all stunned.

As everyone knew, after the demon Slayer battle, the peak battle that would determine who the world belonged to was inevitable.

And this battle would only take place between ye Xiao and Bai Chen.

In the five directions of Heaven and earth, Ye Hongchen, the glazed celestial emperor, and the Heavenly Emperor of the East had already expressed their withdrawal.

With the withdrawal of these three parties, the entire battlefield had been cleared.

It could be said that everything was prepared.

Just as the final battle between the two parties was about to take place and the world was about to be established, just as everyone was looking forward to the arrival of this battle, one of the two parties suddenly announced, "I'm not playing anymore..." Do whatever you want!

This situation was enough to drive everyone crazy

"Bastard!"

Bai Yutian was so angry that he smashed his cup, no longer caring about his status and bearing.

"I bet the entire Eastern Heaven and earth on the gambling table to make a bet for him! Yet, he didn't even go on stage and gave away all the bets. He's just surrendering without a fight..."

Bai Yutian's face turned purple. "There's actually such a prodigal in the world!"

The faces of the Eastern Heaven's upper echelon all twitched.

The emperor's words were not wrong. They were rough, but not crude!

Everyone had lived for many years and had naturally seen many prodigals.

However, there was only one person who had been a prodigal like Bai Chen since ancient times!

Ye Xiao shook his head and smiled bitterly.

He knew that Bai Chen must have sensed something, or rather, he must have sensed something. He would definitely lose if he went to the battle. Instead of fighting a battle where there was no chance of winning... It was better to just leave.

However, he made himself feel awkward when he left.

'you're really free and easy if you leave... but you left all the awkwardness to me.'

"This fellow, he's still such a bastard in his bones!"

Ye Xiao didn't know whether to laugh or cry as he cursed.

"The dome-shaped sword snatching naturally has its own conclusion. Now That Young Master Bai has admitted defeat, even if I feel guilty for accepting it, I'll be even more disrespectful!" Ye Xiao laughed out loud. Suddenly, his entire body slowly rose up, he headed towards the heaven's will sword above the dome-shaped sword.

The eyes of everyone under the East Heaven Emperor were filled with indignation as they watched.

However, in the next moment, everyone present widened their eyes.

That was because, right in front of everyone's eyes, Ye Xiao suddenly released all of his mental energy, including the suppression of his breakthrough just now. All of the restrictions were removed.

Once the suppression was removed and the restrictions were no longer there, ye Xiao's aura suddenly rose up at a terrifying speed!

Waves of aura that were like raging waves instantly swept through the entire starry sky and earth, forming powerful ripples that spread out in all directions.

Even the several hexagram star formations that were hundreds of kilometers away from each other were on the verge of collapsing under the impact of this sudden and overwhelming aura!

Just now, the Hexagram star boundary that an eternal realm expert could not break with a full-strength attack, and just now, the hexagram star boundary that the spirit race demon who had surpassed the limits of eternal realm could not enter even if he tried his best..

But now, under the impact of ye Xiao's aura, it was already on the verge of collapse!

What kind of power and how overbearing was this!

Ye Xiao stood in the air, his whole body seemed to be emitting endless luster.

In the world, only I am Supreme!

And his aura didn't stop there, it was still in the terrifying continuous increase.

He didn't stretch out his hand to take the heaven's will sword.

The sword was still in its original position.

However, the heaven's will sword that was originally in a dazzling state of the starry sky was now overshadowed by ye Xiao's abnormal splendor. It no longer had any splendor to speak of!

It was obvious that even the mighty power of the Heaven's will in this world couldn't compare to ye Xiao's boundless radiance at this moment.

Even the heaven's will sword that symbolized the heaven's will in this world was also dimmed by ye Xiao's splendor. How could the so-called Heaven's will master enter ye Xiao's eyes!

"Heaven's will sword."

Ye Xiao said with an 'oh', "This sword is no longer of use to me, so I might as well stay here and wait for the next heaven's will to return. I want to dominate the mortal world, so what's the difference between having a sword and not having a sword?"

Before he finished speaking, the aura around ye Xiao's body finally broke through the dome and broke through this space.

It pierced through this starry world created by 9,999 high-level eternal realm cultivators working together.

In other words, the current ye Xiao was even more powerful than the 10,000 eternal realm cultivators gathered together!

Even the starry universe, which represented the Heavenly Dao of this world, could not restrain him.

At this moment, ye Xiao had already exceeded the limits of this starry sky.

Chapter 1994: Dominator!

Ye Xiao's words were like a great bell that rang out in the sky, reaching the hearts of everyone in the realm beyond the mortal world.

"From now on, the realm beyond the mortal world will be unified."

"The original restrictions of the five directions of heaven and earth will no longer exist; there will only be one."

As Ye Xiao's voice spread to every corner of this world, the five continents that were originally in pieces began to move rapidly on their own at this moment, gathering toward the center from five different directions..

In just a short while, the originally scattered continents of the five directions were pieced together to form a complete continent.

Originally, this move of moving the continents was not only shocking to the world, it was earth-shattering and earth-shattering. However, at this moment, ye Xiao Duan's words followed the law, and the exit was the heavenly constitution of the world.., the great movements that should have appeared when the five directions of the continents moved on their own were completely gone. The residents of each side could not even sense that the continent where they lived had already undergone such a huge change!

Ye Xiao saw that the five continents had converged into one, and he said, "There should be a yin-yang world in heaven and earth, and all things are reincarnated."

With a rumble, they headed east.

The nine underworld world suddenly opened up a vast world, and a new order of souls was gradually formed.

"Unify and command the world. Establish the Supreme Heaven Palace and rule over all the worlds."

"All the worlds and all the official positions will be announced on the same day."

"All under heaven, obey the will of heaven; no one can go against it."

Ye Xiao's eyes were indifferent as he looked around.

Then, with a flash, he disappeared.

It was not until he had walked for a long time that everyone realized that the people who originally belonged to the Sovereign Pavilion had all been taken away by ye Xiao when he left.

After a while, Ye Hongchen, heavenly emperor glaze, Bai Yutian, and the others walked out from the hexagram star formation that had been completely destroyed by ye Xiao's aura. Looking at the mottled heaven and earth, everyone's faces were filled with shock.

What level of strength was this? !

And what level of cultivation was this? ?

They were astonished and fearful at the sight of it! ?

Unconvinced?

Who would be unconvinced? Who would dare to be unconvinced? !

"Young master, are we just going to leave like this?" In the distant starry sky, Wan 'Er's pretty face was still somewhat pale as she asked unwillingly.

"Divine abilities can't compare to fate..." Bai Chen's eyes were calm, and there was no hint of regret or unwillingness. He said faintly, "I don't have that fate. It's better to let go."

Xiu'er's eyes reddened, and she was on the verge of crying. "Young master..."

"What do you feel uncomfortable about?" Bai Chen smiled gently, he actually appeared to be at ease. "I don't have that fate, and ye Xiao does. But... Ye Xiao is the same as me... Actually, he's the one who's having the most headache after I leave."

"Why is that?" Wan 'er and Xiu'er did not understand.

"No reason." Bai Chen laughed. "Ye Xiao and I have been enemies all our lives, and we know each other. "I don't want the position of ruler of Beyond Avalon of the mortal world for this position. "And ye Xiao also doesn't want to become the ruler of this world..

"Neither of our goals are here

"And now that I've given up, I've actually given up."

Bai Chen looked forward to it. "Actually, I should be thankful to ye Xiao for freeing me from this battle. From then on, I let go of the obsession that I had for tens of thousands of years... and focused on opening up another path."

"I have a feeling that ye Xiao will meet me on another path."

"That is still the same path. I only hope that my start isn't too late and that I don't fall too far away."

Wan 'Er and Xiu 'er were muddle-headed and didn't know what the young master meant. They could only nod their heads in relief. Since the young master was fine, the two ladies were satisfied.

Furthermore, after so many years of understanding, whether the young master was really fine, whether he had really let go, whether it was the same as what he said, the two ladies could feel it.

What the young master said was true!

He had really let go.

And he was truly relieved.

And he was really happy!

This was very, very good.

“Let’s go.” Bai Chen’s gaze looked at the clouds in front of him. “To a place... that I have longed for for a long time.”

..

The demon of the spirit race that brought calamity to the world was annihilated under the series of schemes of Ye Bai and Bai. The established five-party Alliance also came to an end in such a strange way that no one understood it.

The entire world had entered a period of high-speed unification because of this change.

The era of the sovereign pavilion unifying the world had finally arrived.

Ye Xiao was already a true ruler of the world in the true sense of the word.

Although ye Xiao did not want such a position of authority, he had never intended to do so. Just as Bai Chen had said, Ye Xiao’s true ambition was definitely not here.

However, at this stage, only he had the right to occupy it, and only he had the ability to intimidate the world.

However, what gave ye Xiao a headache was that he seemed to have no one to use. He clearly had a large number of people in the sovereign pavilion, so why would he want to use no one? !

Although the five directions of heaven and earth were said to be unified, at least for a short period of time, the five directions of heaven and Earth still had to act on their own. They operated according to the original laws and regulations, so it was naturally not a problem for South Heaven, which had already completely belonged to ye Xiao, the West Heaven that was controlled by Ye Hongchen was easy to deal with. The Ye family was destroyed, but all the seven Golden Lotus families were still alive. The descendants of the seven Lotus families, led by old man Guan, were more than enough to deal with the government affairs of the southwest for two days, it was also easy to deal with Liu Litian’s side. All the official positions were the same as before. Other than removing some of the extremely bad people, the kind of worms that the heavenly emperor Liu Litian had deliberately left behind, the rest were basically unmoved.

In fact, those people were deliberately left behind by heavenly emperor Liu Litian to be used by his descendants to establish his authority. Moreover, they were people waiting to be slaughtered to win over the hearts of the people. It was not a pity to kill them.

More than 90% of the residents of Liu Litian belonged to the demi-human race. It was better for the demi-human race to come out and govern the demi-human race!

The above three days were already well-prepared in terms of internal affairs. However, there were many omissions in the remaining two days. This was especially so for bei Tian. The upper echelons of Heavenly Emperor bei Tian who originally belonged to the spirit race, Xiong ER, had all been swallowed up. Only a few kittens were left, it was not even a drop in the bucket

As for young master Bai Chenbai, who had filled in the gaps in northern sky, he had long disappeared from this world along with his overturning cloud and rain house.

In other words, northern sky was almost completely empty. Ye Xiao had no choice but to send out half of the people from the sovereign pavilion. Only then could he barely fill up Northern Sky's empty space and at least maintain its operation.

However, the thing that gave ye Xiao the greatest headache was not the northern sky, but the eastern sky. After the eastern Sky Emperor Bai Yutian announced his abdication, the old underlings that originally belonged to the eastern sky all retired with Lin Quan.

These people were first because they could not bear to part with their old friends and old brothers, second because they had been longing for a high position for a long time and were tired of the ups and downs of the official world. Third because... one emperor and one courtier..., if they really stayed, they might be targeted at some point in time?

Although Lord Ye didn't look like that kind of person, he didn't know what would happen in the future. Moreover, no matter how high the position of the surrendered soldiers was, they would be free and unfettered without an official

However, what ye Xiao couldn't figure out was that no one on Ye Hongchen's side was willing to become an official except for the people of the seven Lotus family.

"Is being an official so unpopular now?" Ye Xiao frowned and looked at Xuan Bing and the others. "It's so hard to ask someone to become an official!"

Xuan Bing held back his laughter. "There are risks in being an official. You have to be careful when you become an official..."

Ye Xiao rolled his eyes.

Chapter 1995: Finale!

It was one thing for everyone to unanimously support it, but it was another thing for them not to come out and become officials. The two did not contradict each other. Only ye Xiao was very embarrassed. He had no other choice but to release the expanded monarch pavilion members as well.

The flower king, Chi Huo, and Meng youjiang, the four people with the highest status in the monarch pavilion, were all released to become the Masters of the world. As for Liu Litian, ye Xiao simply used Emperor Ye as a threat and let the Purple Dragon King become the master of Liu Litian.

Xuanyuan Liu Li, that old fellow, had long gone to the ends of the Earth with Ye Hongchen. A good friend who had been separated for 100,000 years would definitely be troublesome enough for Bai Feng.

Ye Xiao used all his means and finally found blood river. "Senior Blood River, I won't force you if you don't step out, but those three old subordinates of mine are really my old subordinates. Why are you still not letting them out?"

Blood River was also very helpless. "If their cultivation can't reach, they can't come out. Otherwise, do you think I'm willing for them to miss the Battle of the century... you just have to wait patiently. They are your people and will always be your people. They definitely won't be able to escape..."

Ye Xiao: "..."

Among the descendants of the Seven Golden Lotuses' family, ye Xiao entrusted them with important tasks. It could be considered as bringing glory to their ancestors. However, the seven golden lotuses, these seven old fellows, appeared very calm.

After a discussion, ye Xiao decided to name the new era: the era of the Monarchs.

Ye Xiao, this supreme ruler of the world, could be said to have used the word "Lazy" to the extreme. Basically, he did not care about anything.

What Bai Chen said was a little different.

Bai Chen had truly let go, but ye Xiao was not trapped. Ye Xiao had also let go of everything..

And this letting go of him was simply infuriating!

He ate, drank, slept, and ate when he woke up. Every day, he carried an idiot in his arms. On his shoulder was a golden eagle, and on his head was Emperor Ye. On the other side of his shoulder was ye Huang, and occasionally, he would follow a group of giant pythons, swaggering through the city, he played around the world, and was so happy that he was like anything else..

As for the Jade Seal, he had long thrown it to Jun Yinglian.

As for this common treasure of the world, Jun Yinglian and Xuan Bing had to compete with each other every day. If you threw it to me, I would throw it to you. They were so disgusted that they could not take it anymore..

To rule the world in such a way was truly strange and indescribable.

However, everyone's cultivation was advancing rapidly.

Three years later.

Ye Xiao took in the only two disciples he had in his life.

Two youths.

One was called Ji Chang Yun, and the other was CE Wu Feng.

They were the reincarnated bodies of the two supreme-beings.

Ye Xiao followed through on his promise and took in these two as his disciples. He improved the cultivation techniques that these two originally cultivated and taught them everything he had. These

two little fellows seemed to be extremely compatible with these two cultivation techniques, and their progress was astonishingly fast.

However, ye Xiao did not intend to let the two of them recover the memories of their previous lives. That would instead cause the innocent state of mind that the two of them currently possessed to be disturbed. Instead, the two memories of their previous lives were completely sealed, there was only one sentence left: "If one day, the two of you reach a level that is sufficient to break the seal, you will obtain some other things... If you are unable to reach that level, you will have no fate with them. Everything will return to fate."

A few years later, xuan Bing came to discuss with ye Xiao. "You have waited for a long time and even taught those two children for a long time. It can be said that you have fulfilled the promise you made to the two supreme-beings back then. However, the time limit for us to leave this world is getting closer and closer."

Ye Xiao nodded. "I know."

Xuan Bing glanced at ye Xiao and said, "However, there are still many hidden dangers in this world. How do you plan to resolve them?!"

Ye Xiao asked, "What hidden dangers?"

"There are so many peak experts. Under our suppression, they are all far away from the mortal world. Once we leave, the deterrence will be gone, and the world will probably be in chaos again. "After all these years, although the big families are already huge existences, their real combat strength is still not high. At least, it is not enough to contend with those peak experts. At that time..."

Ye Xiao laughed, "Bing 'er, you're worrying too much now. "The future will be handled by the people in the future. "From the beginning to the end, I have no intention to unify the world and rule over the mortal world. My heart is still the same. However, fate has pushed me to this point, and I can only bear the destiny of unification... but after I leave, this destiny doesn't belong to me anymore. Everyone in the world can just rely on their own means."

Xuan Bing pursed his lips and smiled. "I knew you would say that. Do you really think that I like to worry so much?!"

As the saying went, there were no more restrictions in the world. Abandoning it was the most irresponsible way to do it, but it was also the most carefree and convenient way to do it!

Ye Xiao had previously made an appointment with Wenren Chuchu and Su Yeyue to return to the frigid sun continent to take a look.

After Xuan Bing, Jun Yinglian, and the others found out, they naturally wanted to return to the Azure Cloud Sky region to visit their old friends.

Since they had decided to give up everything in this world, eloping with their families had become their only choice!

Just as everyone had set their itinerary, someone came to look for them.

The people who came were the couple that ye Xiao had coincidentally met when he had just arrived at the mortal world's realm beyond heaven. This couple had brought their children to look for the person who had promised them back then.

Along the way, when they found out that the person they were going to seek refuge with was actually the current sacred king, everyone welcomed him from afar and escorted him over.

Ye Xiao laughed heartily. Seeing that the little fellow's aptitude was passable, he passed down a handwritten letter to introduce him to bu bump as a disciple to learn his skills.

This was also the last recorded anecdote regarding the sacred king of the mortal world, Ye Xiao, in the history of the mortal world!

..

Azure Cloud Sky Region.

After ye Nantian and Yue Gongxue finished dealing with the matters of the Ye clan that day, they suddenly felt tired and both fell asleep.

In this inexplicable dream, the couple seemed to have seen ye Xiao return.

He was still as handsome and upright as before, his face full of smiles.

The son who they had not seen for a long time even brought a few beautiful women with him. After bowing deeply in front of them, he floated away.

Some of the women felt very familiar, as if they were familiar with each other. However, when they really wanted to say their names, they were momentarily stunned..

When the couple woke up at the same time, they realized that it was only afternoon. The fragrance of flowers lingered around them, and they were clearly in the garden.

"This dream..." Moon Palace Snow recalled, and her eyes reddened again. "I seem to have seen Xiaoxiao return. She brought her wife to greet me..."

Ye Nantian was stunned for a moment. "You had such a dream too?"

This question stunned Yue gongxue. "Could it be that you too?"

The two of them looked at each other and were stunned for a moment.

Then, Yue Gongxue cried out in surprise and ran out of the manor.

Outside the manor, thousands of miles of mountains and the ground, including the hardened road, were filled with flowers.

The entire world had turned into a sea of flowers.

A ten-year-old child ran out of the manor. "Father, look at this..."

In the child's hand was a crystal-like ring.

Ye Nantian took it with trembling hands and examined it carefully. It was an interspatial ring.

Ye Nantian sent his spiritual sense into it and searched for a long time. He saw countless treasures and cultivation resources inside..

However, he did not see the letter that he wanted to see the most!

“Xiaoxiao...”

Ye gongxue gripped the ring tightly and pressed it against her heart. Tears fell like rain. “You’re still blaming me...”

Ye Nantian sighed softly. He placed his hand on his wife’s shoulder and pulled her into his embrace. “He came. He waited for his wife to visit you and greet you. This already proves that he doesn’t blame you... But... He...”

“He really didn’t blame you...”

Ye Nantian could completely understand ye Xiao’s feelings.

He really didn’t blame or be angry anymore... But..

If they met, it would inevitably be awkward..

Then it would be as if they didn’t meet!

On the other side of the song family, in Song Jue’s small courtyard, Song Jue’s wine table also had an interspatial ring and two jars of fine wine. One Jar was a dreamlike taste of worldly pleasures, while the other was an even rarer daughter’s love, the former was a gift from ye Xiao to Song Jue, while the other was a gift from Xuan Bing to Uncle Song. Looking around the six paths of the three realms, there was no one other than song Jue who could receive a gift from ye Xiao and Xuan Bing at the same time!

..

Azure Cloud Sky Region.

Ye Xiao’s last place of visit was naturally to go back and visit Lei Dadi’s three Masters, to discuss the story of his ascension..

The Cold Moon Pavilion was now the number one sect in the Azure Cloud Sky Region.

Lei Dadi and the other two were greatly comforted by the return of their beloved disciple. Tears welled up in their eyes as they were filled with emotions.

The master and Disciple had been together for a long time. Only a few days later, ye Xiao’s shadow curled up, causing the three masters to scold the wicked disciple for being heartless. It was better not to return, and it would be even more painful to leave!

However, after ye Xiao visited the Cold Moon Pavilion, the Heavenly Soul Hall, which had long been abandoned, actually gathered the power of the three lights on its own to restart the secret of the Samsara of life and death!

Just This alone was enough to support the cold moon pavilion to flourish for countless years!

..

Cold Sun continent.

Ye Xiao, Lan Lang, Zuo Wuji, and the long-awaited third young master of the capital city once again gathered together. They were filled with good wine, delicacies, and fragrance.

“Wuji, what is your dream?”

“Lang Lang, what do you want to do the most?”

“If you can live forever, are you willing or not?”

“Since you’re not willing to live a life like mine, then what is your greatest wish if you have an afterlife?”

..

Su Yeyue leaned against her parents’ side, and she could not finish her words.

Wenren Chuchu returned to the Blue Wind Empire, went to her home, and went to visit her father.

The journey to the frigid sun continent was, after all, short.

The cultivation of ye Xiao and the other two had already far surpassed that of Meng Huaiqing. If not for ye Xiao’s superb control of his own elemental energy, just one breath would have been enough to blow away the frigid sun continent. There was no other way.., this was the drawback that would inevitably appear if one’s cultivation level was too high!

And when ye Xiao once again brought Su Yeyue and Wenren Chu Li away, it was as if everyone realized that once ye Xiao left, he would probably never return..

Everyone seemed to be a little reluctant to part.

On the contrary, ye Xiao appeared to be the most relaxed.

He left behind a sentence that was hard to fathom but also thought-provoking.

“We can meet each other for the rest of our lives.”

Ye Xiao left. He left cleanly and without any hesitation.

When Zuo Wuji and Lan Lang saw their old friend return, they felt lost. The two of them had been cooped up at home for a few days and did not go out, but they had put all their work aside. Then, they seemed to have gone crazy, when the two of them went out, they gathered together and drank wine for half a month.

One was the prime minister, and the other was a general. The two of them had completely ignored all the official affairs of both the military and the government. During this half a month, it had caused chaos in the entire Imperial Chen Empire; even the Emperor had a headache over it.

However, there was nothing he could do about the two of them.

When ye Xiao left the frigid sun continent, he seemed to have sensed something when he passed by a cliff on the frigid sun continent. He smiled slightly, as if he had discovered something, and immediately threw an interspatial ring off the cliff.

The ring contained all kinds of cultivation techniques, secret manuals, and heavenly treasures, which were about ten-thousandth of the size of a medicinal mountain.

“I wonder who will be the fated person eight hundred years later?”

“Hahaha...”

Ye Xiao held Su Yeyue’s slim waist, took Wenren Chuchu’s hand, and soared into the sky.

He disappeared from the frigid sun continent, leaving behind only the legend of young master Xiao..

..

On this day.

In a misty place in the mortal world’s realm beyond heaven.

A strange tree was floating in the clouds. All the leaves around it were emitting a strange light.

A white-clothed man was watching the clouds and cultivating when ye Xiao suddenly appeared.

“Young Master Bai, how have you been all these years?”

Bai Chen laughed. “I knew you would find it.”

Ye Xiao smiled. “However, young master Bai is indeed the destined one. You actually found this tree.”

Bai Chen narrowed his eyes and smiled. “With your current ability, do you still care about this tree?”

Ye Xiao laughed loudly.

This tree was the most mysterious and unfathomable heaven’s fate tree in the starry sky.

He did not expect Bai Chen to actually find it and live under the Heaven’s fate tree for a long time.

Ye Xiao smiled and said, “You found the Heaven’s fate tree and even the Heaven’s fate tree already belongs to you. It can be said that it is the destiny of the heavens. Are you interested in going out to manage the world now?”

Bai Chen smiled bitterly. “Are you joking? Can’t you see how comfortable my current life is? You actually want me to go out?” Ye Xiao looked at the faint purple mist on Bai Chen’s body, he said, “Under the Heaven’s fate tree, the Lord of Heaven and earth. If you don’t want to go out, you also have this heavenly destiny.”

“But with you here, I can give up this heavenly destiny.”

Bai Chen smiled and said, “Heaven and earth have no single master.”

Ye Xiao was stunned for a moment before he suddenly recalled that sentence.

Heaven and earth have no single master, the number one spirit of the primal chaos.

Heaven and earth have two masters, the twelve spirits of the primal Chaos!

Ye Xiao sighed leisurely and muttered, "You're wrong. There are two masters of Heaven and earth. Even if you give up, it's still the same."

Bai Chen frowned. "HMM?"

Ye Xiao laughed heartily.

At this moment, he could clearly feel that in the hall of life and death, in the formation map, the twelve spirit statues that had already solidified suddenly seemed to come to life. Twelve different rays of light swirled out and instantly crossed countless spaces, they entered ye Xiao's endless dimension.

In the Void, a proud and proud cry seemed to ring out, "Meow!"

How could the great Lord Meow be among the twelve spirits?

What Lord Meow wanted to do was to seal the twelve spirits!

Twelve years, for a cycle of reincarnation, the cycle repeated itself. And the twelve of you, in these twelve years, one year at a time, dominate the fate of the world and the world of mortals!

The Idiot shook his head and wagged his tail, extremely pleased with himself.

"Yes, Sir!" The twelve spirits bowed their heads and prostrated themselves on the ground.

..

Outside the space.

"Let's not talk about anything. It's been a long time since I've seen an old friend. I should just let them know!"

Bai Chen shook his head and smiled bitterly. "I knew that you would definitely find me, but I didn't expect that you would ask for wine the moment we met. Forget it, forget it."

Ye Xiao laughed heartily.

After a short while, Wan 'Er and Xiu 'er personally made wine and dishes and served them. The two of them raised their cups and drank heartily in the depths of the clouds.

It was just that until the end, ye Xiao did not ask why young master Bai had left without saying goodbye. He had left without a fight.

And young master Bai did not say anything either.

The two of them just kept drinking and did not say a single word to each other.

When the end was near, Bai Chen finally asked a question.

"Where is the Great Dao?"

Ye Xiao nodded and shook his head, "In my heart, in your heart."

Bai Chen laughed loudly.

“You once said that you wanted to ask me for a favor.” Ye Xiao said, “Today, the time for me to leave this world is coming. I thought that I have to understand this karma with you, so I came specially to ask you a question.”

“What is it?”

Ye Xiao asked solemnly.

Bai Chen’s expression was conflicted for a moment, he said, “Originally, I planned to complete that matter myself, but I was afraid that the two girls wouldn’t be able to wait. If I kept it in my heart for a long time, it would inevitably cause some trouble... so, since you asked today, I’ll say it.”

“En, I understand.”

Ye Xiao nodded. “I’ll wait for you to go!”

Bai Chen smiled confidently. “In the past, you were the one chasing after me. Now it’s my turn to chase after you. Don’t worry, I’ll definitely catch up to you!”

With these words from Bai Chen, ye Xiao immediately knew what Bai Chen wanted to ask of her. There was no need to ask for a clearer understanding.

“The starry sky is endless, the Great Dao is boundless.”

Ye Xiao smiled. “Bai Chen, we’ll fight again in the future. We’ll make this agreement today. Don’t let me down!”

Bai Chen nodded seriously. “Don’t worry. I’ll always be on the opposite side of you. Ye Xiao... Don’t let me down either.”

“When have I ever let you down? And you, Bai Chen, always bring me surprises.” Ye Xiao said, “You’ve worked so hard for so many years. Once you’ve discovered something, you actually gave it all up. This boldness of yours has really made me look at you in a new light. I’m ashamed of myself.”

Bai Chen smiled faintly. “I can continue, but... why would I bother? What kind of day can compare to my current carefree and unfettered life?”

Ye Xiao smiled.

At the same time that he floated up, he had already melted into the clouds.

Dong ‘er and Xiu ‘er carried the dishes up and were immediately shocked. “Sovereign ye has already left?”

Bai Chen said, “Of course he has to leave. If he doesn’t leave, how can he wait for me in the distance?”

“Wait for you in the distance...”

Wan ‘Er and Xiu ‘er were deep in thought and also seemed to have realized something.

..

Until the time limit for ye Xiao to leave this world ended, Liu Changjun and Zhao Pingtian still did not appear.

Ye Xiao did not choose to continue waiting. Even if he suppressed the Heavenly Dao's restrictions, it was no longer difficult for the current ye Xiao!

Since there was no danger, there would be a time for them to meet again. However, it was only a matter of time.

Ye Xiao was very open-minded now.

"I'm leaving. What about you guys?"

At the wine table.

Ye Xiao, Han Bingxue, Li Wuliang, and Xue Dan were discussing amongst themselves.

"We won't be leaving." Li Wuliang laughed loudly. He was still as heroic as before.

Ye Xiao sighed.

There was a clear sense of loss between his brows.

Han Bingxue said sincerely, "Boss... I know what you're thinking. "You've always wanted to bring your brothers with you, no matter where... As long as you still have the ability, you want to not give up on any of your brothers..."

"But now, we can't keep up with your footsteps. Everyone has their own destiny."

"It's not good for boss to forcefully interfere. Moreover, you will be very tired."

"We don't want you to suffer this burden."

Han Bingxue smiled quietly. "So I stayed here. "When boss misses us, you can come back and take a look." He suddenly smiled a little wretchedly. "This... I just took a fancy to a girl... I'm thinking about it now..."

Li Wuliang and ye Xiao were greatly surprised at the same time. They turned their heads and asked, "How Old Are You?"

"Seventeen..." Han Bingxue's old face blushed.

"Beast..." ye Xiao and Li Wuliang instantly became angry at the same time.

The three of them immediately quarreled.

No one mentioned the matter of leaving with ye Xiao anymore.

Ye Xiao also didn't mention it.

..

On this day, ye Xiao quietly brought Xuan Bing, Su Yeyue, Wenren Chuchu, Jun Yinglian, Yue shuangyue Han, Bing Xinyue and the others... to ascend the dome.

Now, the seven girls' cultivation bases had reached the level of super experts who could cross the starry sky. Any one of them had already far surpassed the boundary of the realm beyond the mortal world.

To the eight of them, this might be the last time they looked down on this mortal world.

The eight of them looked at this world that had achieved their dreams. Their eyes were filled with relief and calmness.

"Let's go."

Ye Xiao smiled and took the lead to head into the depths of the starry sky.

The seven women smiled and followed.

In this world beyond the mortal world, there was a legend of the smiling sovereign forever. And Ye Xiao and the others really never came back..

..

Ye Di and Ye Huang did not leave with ye Xiao.

Instead, they chose to go out to gain experience. With the two of them's small abilities, they were already enough to roam unhindered. Ye Xiao was not worried at all.

..

It wasn't until three years after ye Xiao left that Liu Changjun, Ning biluo, and Zhao Pingtian finally came out of the forbidden land. When they heard from Rou'er who had been waiting outside that ye Xiao had already left this world, the three of them were filled with regret, there wasn't the slightest bit of joy from the increase in cultivation.

"Zhao Pingtian, this is what the sovereign left for you before he left."

When the Lord of Black Evil heard that the three of them had come out of seclusion, he took the initiative to look for them.

Apart from giving each of them an interspatial ring, he also gave Zhao Pingtian a jade bottle.

"The monarch said that this is the samsara yin-yang pill. Let your wife Rou'er consume it and she will be able to leave the realm of the Yin soul and become a normal human. The monarch said that this is the promise he once made to you!"

Zhao Pingtian and Rou'er trembled as they took the pill, tears streaming down their faces.

"The monarch..."

Zhao Pingtian fell to his knees and shouted towards the sky, "I really want to... See You Again..."

..

An unknown amount of time passed.

Bai Chen looked at Wan'er and Xiu'er playing with their children, his heart filled with warmth.

“Thank you, Ye Xiao.”

“However, I’ve finally found the path that you left back then.”

“Now, it’s time for me to chase after you!”

“Wait for me!”

..

Ye Xiao traveled through the starry skies. There were no years in the chaotic starry skies. He did not even know how many years had passed..

On this day, he finally felt something. He suddenly looked up at the sky and roared, “Lone! You’re here! I said, wait for me. I’ll fight you!”

Ye Xiao had never been so angry with a person in his entire life, and that lonesome was definitely the champion among them!

On the other side of the endless starry sky, a devilish figure suddenly appeared. It was none other than Mr. Lonesome, whose entire body was filled with the feeling of wanting to be beaten up.

Along with his appearance, there were also quite a number of people who were shocked.

These were the expressions of these people who were all looking forward to a good show.

“F * ck, why are there so many people?” Ye Xiao was immediately shocked.

“Don’t worry, don’t worry.” One of the guys who had a burning face cried out twice, he said, “We won’t attack you. We’re just here to watch you and lone fight... Hahaha... AWW, I’ve long disliked this kid. If you can beat him up for us, we’ll treat your whole family to a drink! “The more you beat him up, the better. Don’t give me any face, hahaha...”

A few people at the side chimed in, “Not bad, not bad. As long as you can beat him up, we’ll treat you to a drink. You beat up lone, that’s giving us face.”

As they spoke, they actually pulled out chairs from the void one by one and placed them in all directions openly, sitting on them. Each of them was filled with relish as they waited for the good show to begin.

That Mr. Lonesome was so angry that he almost died. “I have you guys as my brothers. I really don’t know how to deal with people. I really regret it back then...”

“Hahaha...”

Ye Xiao laughed out loud. “Since that’s the case, I’ll thank you in advance for this meal. Whether I give you guys face or not, I’ll beat someone up!”

“That’s easy for you to say! From now on, no matter when you beat him up, we’ll treat you to a drink. We won’t go back on our words...”

Everyone made a promise.

Ye Xiao believed it.

It was a pity that he still could not beat a certain someone. Although a certain someone deserved a beating, ye Xiao really did not have the ability to beat him up.

However, this did not prevent him from making friends.

Ye Xiao quickly made friends with this group of people. They bragged and chatted with each other almost every day, and their days became more and more carefree..

Who knew how many years later, when he won against lone for the first time, just as he was about to find a group of people to fulfill his promise, he realized that the faces of this group of people had all changed.

So many people actually completely disregarded their dignity and attacked ye Xiao as a group, giving ye Xiao a fierce beating.

“You dare to hit US BROTHERS? You Ye Xiao, you’ve got guts...”

“That’s right, that’s right. Hitting us brothers is obviously not giving us face. Do you think what we said was Fart?”

“You F * cking gave me face and still dared to hit my brother. It’s simply a great humiliation. I’ll beat you up...”

Ye Xiao was extremely aggrieved and cried out in grief and indignation, “You were clearly the ones who said it back then. Don’t you all have a little bit of tongue? Don’t you all have a little bit of shame...”

“What did we say?”

“We clearly didn’t say anything...”

“That’s right, that’s right. You hit our brother, yet you still dare to slander him. beat him up!”

At this point, ye Xiao was completely speechless. He could only admit his bad luck and curled up his body to resist the beating.

Xuan Bing, Jun Ying Lian, and the others had long become good friends with the family members of this group of people. They were together every day. At this moment, they were looking at this group of men with pursed lips and smiling faces.

It was as if they were looking at a group of naughty children.

With ye Xiao’s current cultivation base, he was already indestructible throughout the ages. Compared to any one of these people, he was not at a disadvantage. He would definitely not be broken... this was just these guys trying to relieve their loneliness..

After these guys finished beating him up, they actually helped ye Xiao up again. Not only did they help to tidy up his clothes and Pat the soil on his body, but they also really treated ye Xiao to a drink, then, they solemnly promised, “Ye Xiao, I support you and continue beating lone. As long as you can beat him up, we’ll treat you to a drink...”

Ye Xiao:”...”

“Of course, it’s not just lone. Among Us, no matter who you beat up, we’ll treat you to a drink.”

“Especially our boss. If you can beat him up... Hehe, I’ll agree to whatever you want.”

“Right, and that most annoying second brother Gu... as long as you can beat him up, I’ll do whatever you want me to do...”

The speechlessness in ye Xiao’s heart gradually turned into a dark cloud that filled the sky. “If I believe you guys one more time... I’ll be a pig...”

On his shoulder, the idiot’s snow-white little body was squatting there. At this moment, he was also looking at the few people opposite him with endless disdain. He let out a voice that was filled with pride.” ... Meow!”

The End
