First-class Son-in-law By Drunk Alone Chapter 12

# Chapter 12

“You b\*tch! You’re the one who seduced me first!

“You’re blaming it all on me now?!”

“I’m going to kill you!”

Andrew flew into a rage and charged at Lily to hit her.

Lily was also mad with rage. Refusing to back down, she started scratching and biting Andrew.

In no time at all, both of them were covered in blood. They caused great chaos in the office, but they just kept screaming in pain while attacking each other.

“Someone throw these two out. They curse too much and are far too crass. We don’t need such people in the company!” Rain could no longer stand the sight and coldly gave her orders.

A few of the men immediately went over to the two.

“No! Rain! Don’t do this! We’ve studied together for so many years and are best friends! Do you really have the heart to chase me out of the company?!”

Lily was terrified. She was worried about losing the job that made her a subject of envy to everyone.

After all, not only did she receive a good salary, since she was Rain’s best friend, she could do whatever she wanted and have whatever she wanted in the company.

Her colleagues also had to show her respect whenever they saw her.

Hence, Lily could not accept the fact that she had just been fired.

Andrew was terrified as well. He started begging Rain to let him stay. “Ms. Forest, I’ve been working hard with no complaints in the company for years. Even if I hadn’t achieved much, at the very least, I’ve still slaved away for it. Please don’t fire me.”

When Rain saw them begging pitifully, she actually felt like she could not bear to fire them anymore, but once she remembered how they had betrayed the company and nearly destroyed it, all her pity vanished.

“Lily, Andrew, I’ve been kind to you two, but you worked together with someone else to set up a trap for me!

“The company I built with my blood, sweat, and tears was nearly seized by the bank because of you two!

“Did you two pity me when you set me up?

“Have you thought about what will happen to me after the company is seized by the bank?

“How, then, can I let you stay?” Rain demanded coldly and shook her head.

“Rain, I really am sorry. I lost my rationality and did something really stupid and bad.

“Please give me a chance to redeem myself.

“Can you really bear watching me becoming homeless?”

Lily could not stand the thought of being fired and, in her dejection, went limp on the floor.

“I swear, Ms. Forest, as long as you let me stay, I’ll do great things to make up for my mistake. I’ll work hard to make up for the sin I committed.” Andrew immediately knelt down and started begging Rain to let him stay.

However, this time, before Rain could even speak, Henry laughed coldly and indifferently, and said, “Heh. Looks like you’re mistaken about something.

“Alright, let me reintroduce myself. Listen well.

“I, Henry Gian, am the largest shareholder of Eastlake’s Brilliant Designs. I’m the chairman and the boss of the company.

“I’m the one who decides whether you can stay!”

The moment he said this, Lily and Andrew’s expressions changed, especially when they saw the scornful sneer on Henry’s face and the indifference on Rain’s face.

How could they not know then that they had no hope of staying in the company anymore?

Henry would not spare them.

They swiftly got up from the floor. Even though they wore pitiful expressions moments ago, their faces were currently filled with resentment.

Andrew’s eyes burned with rage, and he was the first to start yelling at Rain and Henry. “Hahaha! Rain, you pretend to be pure and aloof every day, but you’re a b\*tch who seduces other women’s husbands!

“You too, Henry! Don’t forget! Lily cheated on you with me!”

Lily also mocked Henry and Rain with resentment on her face. “Henry, you’re a b\*stard who rose to your current position by seducing Rain. You have no right to mock us.

“Bah! I hope you suffer a fate worse than death.

“And you, Rain, you slept with Henry a long time ago, didn’t you?

“That’s why you helped him chase me out of the company right after learning about our divorce, huh?

“You’re a b\*tch through and through, Rain! You’re a wh\*re who seduces another woman’s husband!”

Rain was not expecting them to be so despicable and shameless. Her body trembled with rage, and her face turned pale.

She could no longer hold herself back. She started yelling at them too. "To think that you two are such shameless animals!

"Lily Norvac, you want to know whether I slept with Henry, right?"

"Alright. I'll tell you. I've never done it!

"We're different from you two. We're humans, while you two are animals.

"But we will in the future, because, after today, I'm going to marry Henry.

"Don't worry, Lily Norvac, since you're my former classmate and best friend, you'll definitely be the first to receive the invitation to my wedding."

At that moment, everyone fell silent once more.

All the employees in the office area were shocked, surprised, and in disbelief.

They only had two questions in their minds. "Ms. Forest has got to be joking, right? Is she really going to marry Henry?"

Lily was also stunned. She cried out, "You're lying! There's no way you're going to marry that piece of trash!"

Rain smiled mockingly. "Him? A piece of trash? Heh... Lily, you're honestly so stupid.

"He's tall, handsome, and really rich. One of the best men around was right in front of you, but you just had to choose a greasy-looking, ugly dog.

"Hahaha! Lily, I feel sad for you.

"Of course, I have to thank you too.

"Thanks for being so blind and short-sighted.

"How else would I have had the chance to snag such a good man?"

Rain's words were like a sharp knife that stabbed Lily's heart.

Her face turned putrid red.

She felt as if her throat had been seized by something, and she could not breathe. Because of a lack of oxygen, she fell back.

Fortunately for her, Andrew was right beside her, and he quickly grabbed her.

"Don't go celebrating yet, you b\*stards.

"Just you wait, Mr. Welton won't forgive either of you.

"One day, I'll see both of you kneeling and begging for forgiveness!"

Andrew's face was twisted by ferocity.

Rain's expression froze, and worry bloomed in her bright eyes.

"Heh. One moment. Let's not talk about what will happen to the two of us first. I think you should be more worried about what's going to happen to the two of you instead."

Henry's lips curled up, and a frosty, sharp look bloomed in his deep-set eyes.
