First-class Son-in-law By Drunk Alone Chapter 7

Chapter 7

Creak...

Before Andrew could charge into the office, Rain's office door opened.

A person with a lean figure and a straight back came out.

He had a heroic face and well-defined features. He was, of course, Henry.

"You just had to bring yourself to your own ruin, huh? I can't believe you'd actually come back, you b*stard! I'm going to kill you!"

When a man ran into his enemy, he would always inevitably fly into a rage. Hence, when Andrew saw Henry, he immediately started cursing him and lunged at him in a frenzy.

Slap!

However, the moment Andrew arrived in front of Henry, the people in the office heard a loud, crisp slap.

Then, Andrew's fat body spun like a top because of the force of the slap. His knees buckled, and he fell on the floor.

"Urk!"

Once he fell down, Andrew started coughing up blood, and a few yellowish molars came out as well.

This happened so quickly that no one had time to react.

It was only when Andrew started wailing that they wrapped their heads around what transpired.

“Ow... Tyler, Bryce, Carl, why aren't you doing anything?! Attack him! Kill him!” Andrew shouted with his face twisted in resentment.

Tyler, Bryce, and Carl finally snapped out of their daze and glared at Henry before they started yelling.

“You b*stard! How dare you hit Mr. Hansford?! I'm going to teach you a lesson!”

“At him, guys! Attack him together and kill him!”

“That's right! We have to teach him a lesson!”

Once they were done shouting, their faces became full of brutality, and they charged at Henry.

Bam! Bam! Bam!

Three thumps came after.

In the blink of an eye, the three people fell backward like punching bags and crashed on the floor.

When the other employees looked closer, they saw a footprint on their chests.

Clearly, they were each sent tumbling by a kick!

“What?”

“What's going on? He's too strong!”

“That doesn't make sense. I thought he's a piece of trash who won't fight back even if we hit him and won't talk back even if we yell at him!”

“Did he wake up on the wrong side of bed? Why is he so violent? He's hitting people now!”

Everyone's faces were filled with disbelief, shock, and puzzlement.

Lily was the first to snap out of her daze, and she was so furious that her entire body trembled with rage.

She pointed at Henry and started yelling at him, "Henry, have you lost your mind?! How dare you hit them?!"

"No... I finally get it. You have Rain's support, don't you?"

"Hah! Aren't you amazing? That b*tch who hit me earlier is another one of your supporters, huh?"

"You came back here to seduce Rain to side with you! You're disgusting!"

Lily's words caused the other people to "understand" what happened, and they started condemning Henry.

"Bah! How disgusting. You're shameless!"

"It's no wonder why he's acting so tough now. He's got a woman supporting him!"

"How on earth did this stinking security guard manage to seduce Ms. Forest..."

"That can't be. Ms. Forest is a prideful woman. How could she possibly fancy this piece of trash?"

For some strange reason, Henry did not feel angry at all.

Instead, he smiled brightly.

These ignorant people were no different from the circus to him.

They looked utterly ridiculous as they shouted at him, so why should he be angry?

"You're smiling? He's smiling at us! When Ms. Forest comes back and sees that he hit us, there's no way she'll protect him."

“That’s right. Ms. Forest won’t let us down for this useless garbage. We’re the backbone of the company!”

“It doesn’t matter if he’s smiling now. He’ll be crying later.”

“Even if Ms. Forest wants to protect this idiot when she comes back, we won’t allow it.”

At that moment, Andrew stood up with Lily’s help.

Then, as if he had lost his mind, he started laughing in Henry’s direction. “Hahaha! You b*stard, don’t go thinking that you can ride roughshod over me just because you have Rain supporting you.

“I’ll tell you the truth, Rain is busy with her own affairs right now. If nothing goes wrong, she’ll become Mr. Welton’s plaything in a moment.”

Henry’s expression instantly turned dark, and his gaze on Andrew became as piercing as an icicle.

Then, he started closing in on Andrew. “What did you say? Say that again.”

Henry’s voice was not loud, but it rang in everyone’s ears like a thunderclap.

Everyone felt as if their ear drums had been pierced.

“I... W-What are you going to do? I’m warning you. Don’t do anything stupid, you b*stard...” Andrew was terrified. He had never seen such a frightening gaze before. He felt as if the God of Death stood before him.

Slap!

Henry slapped Andrew.

Crash!

Andrew fell on the floor again and bled from his ears, eyes, nose, and mouth. He looked absolutely pathetic.

“I’m telling you, say that again!” Henry said in a ghastly manner.

At that moment, it was as if the office had dropped into the freezing pits of hell.

The employees of a design company either stayed at home or worked at the company. Their social circles were small, and they had never seen such a bloody sight before, much less seen someone as brutal as Henry.

They were terrified, and all of them stared at Henry with their hearts full of fear.

What on earth happened to him?

Why had his personality changed so much?

He was no longer the piece of trash who would not fight back even when hit or talk back even when yelled at. He was a murderer!

Andrew was also scared out of his wits.

When he met Henry’s terrifying eyes, he had no doubt that the man could kill him.

He no longer hesitated and quickly said, “I’ll tell you! Stop hitting me! I’ll tell you everything! Cyrus Welton of Welton Corporation set up an investment trap to deceive Ms. Forest so that he could force her to become his lover.”

“How much were you involved in this scheme?” Henry cocked an eyebrow.

Andrew looked away and quickly explained, “I... I’m innocent. Ms. Forest is the one who decided to work with Cyrus. I have no power to influence her decisions. I’m just a vice general manager!”

Henry sneered. He did not believe Andrew and wanted to hit him again.

“You’re back, Ms. Forest!”

However, someone suddenly called out to Rain.

The people in the office looked like they had just escaped from death and glanced at the door.

It was just as they expected, along with the crisp sound of her heels, Rain's figure appeared before their eyes.
