

First-class Son-in-law By Drunk Alone Chapter 8

First-class Son-in-law By Drunk Alone Chapter 8

Chapter 8

The moment Rain came in, she saw her employees strewn all across the floor.

She frowned and trained a sharp glare on them. "What's going on?"

The employees looked at each other before they pointed at Henry and started condemning him.

"Ms. Forest, he hit us!"

"That's right, Ms. Forest. You can't forgive him!"

"Ms. Forest, he's been causing trouble at the company. You have to teach him a lesson. Otherwise, the company rules will become obsolete."

Rain's already sour expression turned dark.

She glared at Henry coldly and said, "Henry, you're a security guard. How could you hit the company's employees? You have to give me a reasonable explanation. Otherwise, you can't stay in the company anymore."

When Henry saw Rain's red-rimmed eyes, he felt his heart ache.

Clearly, she had been unable to take care of the cash flow problem after she went out.

"Ms. Forest, let's go to your office. I can give you a logical explanation," Henry said softly.

Rain frowned a little. After a moment's hesitation, she snorted coldly. "Alright. I'll trust you this once. Come in. Let's hear your explanation."

She went straight into her office after saying that.

Henry did not waste his breath any further. He followed her inside.

The employees looked at each other at a loss.

“What’s going on with Ms. Forest? Why would she listen to that security guard’s explanation? She could just chase him out of the company, and everything would be dealt with!”

“Oh no... Has Ms. Forest really fallen for that guy’s charms?”

“No way. That’s ridiculous.”

“By the way, are you okay, Mr. Hansford? You’re bleeding a lot. Lily, you should send him to the hospital.”

“That’s right. It looks like Ms. Forest is really going to protect Henry. Let’s just leave.”

At that moment, Andrew’s face was twisted by viciousness, and he started cursing Henry. “If Rain really does protect that b*stard, I won’t spare either of them.

“Now that things have come to this, I won’t keep it a secret from you. Cyrus Welton won’t invest in our company. If nothing goes wrong, the bank will seize and investigate our company.

“But that’s okay. Mr. Welton will buy the company afterwards. He also promised that he will make me the general manager.

“Just you wait. Rain and Henry will soon kneel in front of me and beg for forgiveness!”

The employees’ expressions changed.

But they soon figured out what he meant, and they quickly started buttering him up.

“Mr. Hansford, don’t forget about us after you become rich.”

“That’s right. Mr. Hansford, I’ve long since found Rain an eyesore. It’d be a great thing for me to come work under you.”

“Yeah. It’d be an honor for us to be able to work with you.”

.....

Rain’s back was turned to the door, but there was no mistaking the slight tremble that wrecked her thin body.

When she heard Henry open the door, she wiped her tears away with a piece of tissue and composed herself before turning around. She then said expressionlessly, “Henry, I know that you might have heard some rumors regarding Lily in the company. I can understand why you’re furious, but that’s not a reason to hit people.

“I’m surprised that you’re this impulsive, as well as disappointed.

“Go and get your salary from the finance department, then leave.”

Henry frowned.

Rain’s originally fair neck and face had an unnatural shade of red, and her clear eyes were a little glazed over.

Clearly, there was something wrong with her. These signs made it obvious that she had been drugged.

Henry narrowed his eyes and asked as gently as he could, “Ms. Forest, does the company have cash flow problems?”

Rain’s expression turned frosty, and her last shred of patience toward Henry vanished. “Henry, just take care of your own household problems. A security guard like you has no need to worry about the company’s problems.”

Henry shook his head and said, “I can help you solve the company’s cash flow problem.”

“Heh... What did you say? You can help me solve the company’s cash flow problem? Haha!” Rain snorted, and her face filled with derision. “I’ve never noticed what a smooth talker you are, Henry.”

“I’m serious, Ms. Forest. You just need to tell me how much money you need.” Henry’s eyes were trained on her as he said those words seriously.

“That’s enough! Do you think I’m a three-year-old kid who’d believe in your lies?”

“Heh... You want to know how much I need?”

“Sure. I’ll tell you right now. Listen well. I need five million dollars!”

“You only earn 3,200 a month. Could you get me that much money? If you could, why would you be a security guard? If you could, why would your wife cheat on you with some other man?” Rain stared at Henry derisively.

When he heard Rain mention Lily, his gaze turned ruthless.

“Ms. Forest, five million dollars is nothing to me. Also, I’ve already divorced Lily,” Henry said airily with a dark look on his face.

“I see. It’s no wonder you keep coming into my office today. You’re trying to seduce me because I’m your wife’s best friend?”

“Heh... Your wife cheated on you, so you want to seduce her best friend to take revenge on her?”

“Hah! Very clever, Henry.”

“But this will only make me look down on you even more and see you as a piece of trash.”

“A real man will work hard and improve himself so that his wife will regard him in a different light.”

“He won’t do something as shameless as what you’re doing right now.”

“I’ve misjudged you. I can’t believe I trusted a useless, despicable piece of trash like you. I’m ordering you to leave my company right now! I don’t want to waste even a second more on you!”

Rain's face was full of aversion and disgust, and she was practically screaming at Henry hysterically.

When he saw her reaction, he did not want to try explaining himself any further.

He only said, "Ms. Forest, send me the company's account number, and I'll prove to you whether I'm rich."

"Hahaha! You're still putting on a tough front? You just won't quit until things blow up in your face, huh?"

"Sure. You just want to take revenge on Lily by sleeping with me, don't you?"

"I'll give you a chance."

"I created this contract for Cyrus Welton. For an investment of five million dollars, he would get 51% of the company's shares."

"But, in order to keep up with your horrid act, I'll add one more clause for you."

"As long as you give me five million dollars, I'll sleep with you tonight."

After saying that, Rain actually brought out a contract and added a line of words with a few strokes of her pen.

"Take it!" She threw the contract to Henry, who instinctively caught it.

His expression turned a little strange when he glanced over what she had written.

The clause Rain added actually said: As long as Henry Gian gives the company five million dollars, I, Rain Forest, will sleep with him once.

"What's wrong? Why are you still standing here doing nothing? If you want to sleep with me, transfer the money to the company's account now!" Rain mocked Henry and looked at him as if he were a clown.

Henry did not say anything else. He just took out his phone and called a number.

"Transfer ten million dollars to account number 5181-6888-8181-1637."

Rain just smiled coldly.

Henry's actions were as ludicrous as a clown's.

Beep!

However, in less than a minute after Henry hung up, Rain received a notification on her phone that was in her pocket.

She was stunned and thought. "No way. What's with this coincidence? Why would I receive a message now?"

"No!

"Even if Henry were to really transfer five million dollars over, there's no way I would receive the money within such a short period of time."

At that thought, Rain brought out her phone to take a look.

She froze up at the sight of the message. She was dumbfounded.

Her eyes flew wide open, and her jaw fell slack.

The message was as follows: Your company account ending with 1637 has received 10,000,000 dollars. You have 10,023,005.88 dollars left.

And the person who transferred the money to her was Henry Gian!
