

The First Heir novel

The First Heir – Chapter 1719

After saying that, the coldness emanating from Venom's smirk grew more intense. He moved at top speed to slash Philip's arm with the dagger in his hand!

With that slash, Philip's arm would definitely be ruined! When Sheryl saw this scene, her expression crumbled and she hurriedly shouted, "Stop, no! You absolutely can't hurt him!"

Hearing that, Venom glanced sideways at Sheryl and asked curiously, "Why not? Isn't he just an ordinary person? Doesn't your Larson family have another candidate for the selection?"

Sheryl was panicking at the moment. If Philip was harmed in any way, the Clarke family would definitely not let the Nonagon off!

The Clarke family and the Nonagon had been at peace for decades. If anything happened at this juncture, it would be bad for both parties.

Moreover, Philip was the heir of the Clarke family. If he was injured by someone from the Nonagon, Roger Clarke would certainly be furious!

Not to mention the four enforcers but even the Five Pavilions of the Nonagon might not be able to bear the wrath of the Clarke family!

However, Philip's identity had made things very awkward. It was because the Clarke family was at odds with the Nonagon. They were just like enemies. Neither party could tolerate each other when they met.

If Venom and his gang learned about Philip's identity, how would they handle it?

Now that they were on their turf, Sheryl was very flustered. Should she reveal Philip's identity?

Would that cause more trouble?

Seeing Sheryl in a pickle, Venom's eyes slowly turned cold. He said, "Miss Larson, I don't like to be deceived. If you don't want to offend the Nonagon, please step aside."

Then, he stared at Philip sternly and said, "Boy, I'll make you realize the gap between us. It's no different from the sky and an ant. The Nonagon is not a place for you to imagine and evaluate at will."

After that, Venom's dagger moved to stab him again!

"Stop! He's Philip..." Sheryl was anxious and could not be bothered about anything else as she started to shout.

However!

Bang!

The tightly closed door of the hall was kicked open from the outside at this moment!

The two halves of the magnificent door shattered into pieces!

Everyone in the hall was shocked! Was this done by a f*cking human? A single kick shattered the entire door!

Immediately after, everyone's eyes fell on the tall and handsome man standing at the door.

The man was 1.9 meters tall, masculine, and stem. With his hands in his trouser pockets and a smile in his eyes, he glanced at the people inside indifferently.

Then, under everyone's gaze, he walked in leisurely.

Fennel Leigh!

Upon seeing the newcomer, Philip smiled.

This guy had to appear at this time and steal all the limelight.

Immediately after, with everyone watching in astonishment, Fennel walked up to Venom and scrutinized him from top to bottom. Then, he turned to Philip and asked, "Was he disrespectful to you?"

Philip shrugged and said, "No, he just wanted to kill me."

Fennel frowned, but the corners of his mouth soon lifted as he asked, "Why are you not running away, then?"

"Why should I run?" Philip asked.

Fennel said lightly, "Brother, this is a member of the Nonagon. And by the looks of it, he's from the first zone. Although it's nothing much, he's not someone you can handle now."

After saying that, Fennel's eyes burst with cold intent as he stared at Venom.

Venom's entire face darkened. He did not expect an ignorant guy to appear at this time and actually dare say that he was nothing much!

Immediately, endless murderous intent erupted from Venom's body as he sneered brutishly. "Well done, you even got yourself a helper. But today, all of you must die! I'll make you understand the difference between you and me! Ants must always be humble and beg to survive!"

Smack!

As soon as he said that, Fennel raised his hand and slapped him!

Instantly, the shocked crowd saw Venom flying into the air before crashing to the floor heavily, where he rolled for several meters!
