The First Heir – Chapter 1720

Hiss!

Everyone gasped!

This was too exaggerated!

A single slap caused Venom to fly out like that?!

Then, Fennel's bland and disdainful words were heard. "So noisy! The hell with being an ant! In my eyes, you're nothing but an ant."

Such audacity!

Who could have imagined that this person from the Nonagon, one of the four enforcers of Uppercreek who acted so high and mighty before this and was a guy rumored to have a body impenetrable by knives could be slapped away just like that?

Moreover, Venom lay on the ground for half a minute before he recovered his senses!

After he got up, his face was full of anger and his eyes flashed with disbelief. He sneered very cruelly and said to Fennel, "Haha, interesting! You're not an ordinary person. You know the zones behind the door. You've entered the Nonagon and you've entered the door before!"

Hiss!

Instantly, the crowd tensed.

What?

The guy in front of them had actually entered the Nonagon!

However, what was this about a door?

No one knew about it because the door was a world secret!

Everyone only knew about the Nonagon but not the door.

Fennel chuckled and said with a shrug, "You guessed it."

Venom wiped the blood from the corners of his mouth. The dagger in his hand became abnormally cold at this moment. There was even a kind of aura that ordinary people could not see wrapped around the dagger!

Fennel frowned, observed Venom's state at this moment, and suddenly roared. "Vigor? How dare you ignore the rules imposed by the Nonagon and display your power in front of the world?!"

This roar, instead of frightening Venom, made him even more bloodthirsty.

He sneered and said, "So what? These people are just ants. Let them see all they want. It's no big deal to kill all of them later. Since you've entered the door, I really want to know what your strength is!"

After saying that, Venom burst into action. He tapped his toes on the floor and the dagger in his hand, with a biting chill, flew straight for Fennel's chest!

However, Fennel only frowned slightly. Then, amid everyone's incredulous gaze, he put his hands in his trouser pockets and launched a kick!

Boom!

No one saw Fennel making other moves except for that kick!

Then, like a cannonball, Venom flew out and crashed into a wall with a bang! Instantly, the wall cracked like a spider's web, making people shudder! With a thud, Venom slid down from the wall.

Pfft!

He spat out a mouthful of blood and stared grimly at Fennel as he said, "Your strength is above me. Who are you?"

The instant they exchanged blows, Venom understood that the man in front of him was far superior to him! Such strength definitely surpassed the first zone!

Had he entered the second zone?

No!

He might even be one of those freaks who had gone to the third zone!

Fennel smiled coldly, looked at Venom, and said, "It doesn't matter who I am. What matters is, if you dare to activate your energy again, your internal organs will crumble. By that time, you'll be driven out by the Nonagon like a lost puppy."
