

## The First Heir Chapter 3101 - 3105 -

### Chapter 3101

Aria said, "Your father has given Giada a restriction order that bans her entry on the island for one year. The forces she planted in Arcadia Island have more or less been uprooted by your father in secret. Even if some are left, they can't do anything. You don't have to worry."

Philip nodded and looked at the people in front of him. His eyes fell on George, and his gaze became sharp like a mighty king.

He said solemnly, "Issue my Patriarch's Order. Assemble all guard forces of the main family! Also, formally inform the branch family that if they obey the orders of the main family, they can survive. If they choose to disobey and rebel, they'll suffer the most severe oppression from the main family!"

"Yes, Young Patriarch!" George replied respectfully.

Philip added, "In addition, inform Uncle Tim and the others about my plans and actions."

Tim Clarke and Horace Clarke were not on Arcadia Island at this moment. They were both working on something in the outside world.

After preparing a detailed plan, Philip walked out of the white castle and headed to the branch family with his Griffin Army.

In the branch family's ancestral hall, Levi stood in the inner hall with a serious and ugly face.

He shouted angrily, "What did you say? Philip dares to warn us?! Hehe, good, very good! Let's see if he has the ability and confidence to break into my branch family's ancestral hall!"

"Report!"

Suddenly, a guard rushed in, knelt on one knee, and shouted, "Young Chieftain, the young patriarch and a group of people are less than 100 yards away from the ancestral hall!"

Boom!

Levi slapped the table and shouted angrily, "Very well! Everyone, let's go and meet this ignorant young patriarch!"

In an instant, all the elders of the branch family followed Levi out of the ancestral hall to the main entrance.

Thud, thud, thud!

From a distance, Levi saw Philip striding over with his Griffin Army.

“Philip, it’s been a while. Sure enough, your demeanor changed after becoming the young patriarch,” Levi said with a grim smile.

Philip stopped, looked coldly at Levi and the elders of the branch family in front of him, and said with a smile, “I didn’t expect you to welcome me.”

Levi said, “You’re the young patriarch. Of course, we should welcome you.”

Philip laughed, glanced at everyone present, and said, “That’s not necessarily true. From the look in your eyes, I can see that you don’t seem to welcome me.”

Levi laughed and said, “Young Patriarch, this isn’t the place to talk. Why don’t we go inside and have a good talk? The two of us belong to the same family, so we should take care of each other, right?”

Philip shook his head and said, “There’s no need to go inside. The reason I’m here is very simple. I believe you’ve heard many rumors.”

Levi scowled, shook his head, and said, “Rumors? I haven’t heard any. Why don’t you tell me in more detail?”

Philip snorted and said, “I want the branch family to follow the orders of the main family for the next 10 years, and you’re not allowed to harbor any hostility toward the main family.”

Chapter 3102

“Hahaha!” Levi laughed aloud and said with a cold glint in his eyes, “Young Patriarch, your order is a little too unreasonable...”

“The branch and main families have always minded our own business and never interfered with each other. Now that you want to make this change, are you going to ignore the family rules?”

Philip chuckled and said, “Levi, we both know the truth, so why bother beating about the bush? My request is very simple. In the next 10 years, the branch family will obey the orders of the main family, and the main family will not take any unwarranted actions against the branch family. 10 years later, if you want to become an independent ruler, I won’t interfere.”

With that said, Levi's face darkened as he frowned, pondering the authenticity and credibility of Philip's words.

10 years...

The branch family had to endure the main family lording over them for 10 years, which was something Levi was unwilling to see.

"Haha, Philip, I'm sorry to disappoint you, then. The branch family will never bow down to anyone, including the main family. If you're here with this request today, I'm afraid you won't get a favorable answer," Levi said coldly.

At this moment, the elders next to him reprimanded, "Young Patriarch, by doing this, are you forcing the branch family to leave the Clarke family?"

"The branch and main families have never interfered in each other's affairs before. What's your reason and motive for forcing the branch family to submit to the main family now?"

"Young Patriarch, don't make any mistakes! The branch family isn't a pushover. I hope you can consider our opinions!"

A group of people began to scold Philip in a justified manner, not taking his role as the young patriarch of the main family seriously at all.

Philip's expression turned slightly cold, and his eyes also showed a chill as he said, "Are you saying that you don't want to follow my orders?"

"Hmph!" Everyone snorted, and Levi said with a sneer, "Philip, isn't it clear enough?"

"Do you think that you can order the entire Clarke family just because you're the young patriarch of the main family? I'm the Chieftain of the branch family. By right, our positions are at the same level, and you don't have the right to order me around."

Philip nodded, glanced around coldly, and said, "What are you trying to say?"

Levi smiled and said, "It's very simple. From now on, the branch family and the main family will not interfere with each other, and we'll run our own affairs. I'll also promise that the people of the branch family won't do anything to the main family again..."

"Of course, as far as the outside world is concerned, we're still a family. This is my bottom line. What do you think?"

Philip took a deep breath and looked up at the blue sky and white clouds in the sky.

He sighed and said, "You want to betray the Clarke family and rebel..."

Levi chuckled and said, "It's not wrong for you to see it that way."

Suddenly, Philip's kingly aura emerged and overwhelmed everyone. His gloomy eyes twinkled brightly, and the elders of the branch family dared not look at him directly.

"If the branch family dares to rebel, I'll destroy you!" Philip said coldly.

His voice was like thunder that exploded in front of the branch family's ancestral hall and struck fear in everyone's hearts!

That was Philip's bottom line. He would not allow a powerful threat to exist.

Hearing that, Levi frowned, stared at Philip coldly, and said, "Philip, do you think you can intimidate me?"

With that said, Levi waved his hand and shouted, "Guards!"

Thud, thud, thud!

In an instant, the branch family's guards assembled around the branch family's ancestral hall while carrying guns. Hundreds of people surrounded the place!

Philip and his Griffin Army were surrounded.

### Chapter 3103

Levi smiled sinisterly and said, "Philip, you're too arrogant. Do you really think that being the young patriarch of the main family can deter me and the branch family? You even dare to barge into the branch family with just 100 soldiers of your Griffin Army..."

"Do you really think that I dare not do anything to you?"

With that said, the branch family's guards pointed their guns at Philip and his army.

These people were the death warriors of the branch family and had no concept of the young patriarch of the main family.

Philip glanced coldly at the guards before he looked at Levi and said, "Do you know what you're doing?"

"Hahaha!" Levi laughed, took a few steps forward, and got close to Philip.

His eyes flashed with killing intent as he said coldly, "Of course, I know what I'm doing. But so what? I have you surrounded now, and I have 30,000 guards of the branch family standing outside Clarke Manor! I also have six warships and 13 Tiger Generals around Arcadia Island. Do you think you can leave here in one piece today?"

Philip was silent, which made Levi think that Philip was hesitant and afraid.

Levi sneered and said, "Philip, you're too careless and impatient. How dare you barge into the branch family without any preparations?"

"Do you really think that your status as the young patriarch of the main family is useful in the branch family? Today, if you agree to give up half of the main family's assets and properties to me and concede your status as the young patriarch and heir to the Clarke family, I can let you go. After all, we're one family. What do you think?"

Levi had a treacherous sneer on his face as he completely exposed his wild ambitions.

Philip nodded and said with a smile, "Even if I give you the position of the young patriarch, do you think you can handle it or take up this position safely?"

"You don't have to worry about that. What you should consider are the conditions I laid out just now. Otherwise, the guards outside and the 13 Tiger Generals will completely surround Arcadia Island. At that time, a massacre will follow."

Levi said coldly, looking victorious.

Philip smiled lightly and said, "Do you really think the people you've arranged can pose a threat to the main family? Do you really think that I've made no preparations at all?"

Hearing that, Levi frowned and said coldly, "What do you mean?"

"The branch family has planted spies around. The main family hasn't done anything at all! Even if they've realized something now, it's too late to do anything! Philip, are you still trying to scare me at this point?"

Philip shook his head, sighed helplessly, and said, "The spies you mentioned have long surrendered to the main family. The information they gave you is what I wanted you to know. On the contrary, you have my people among the guards you arranged."

Hiss!

Levi's expression froze, and his pupils constricted instantly.

At this time, several guards covered in blood suddenly rushed in and shouted, "Chieftain, something bad has happened!"

"We've been tricked! A riot broke out among the guards stationed outside the manor, and a large number of the main family's guards rushed over and captured all the 30,000 of the branch family's guards in one fell swoop!"

Chapter 3104

“What?!” Levi was shocked!

“How did this happen? Are you mistaken?”

Levi shouted at the blood-covered guard and roared, “Where are the others?! Where are the 13 Tiger Generals? Let them surround the manor immediately! Now!”

Thud, thud, thud!

As soon as Levi finished speaking, several wounded guards rushed over, fell to the ground, and said hesitantly, “Young Chieftain, it’s bad. Our warships have been surrounded, and a large number of guards not affiliated with the Clarke family stopped the 13 Tiger Generals outside Arcadia Island. The 13 Tiger Generals were defeated and have been captured!”

Boom!

Those words exploded in Levi’s mind!

His vision went black, and he staggered. He slumped on the floor, his face instantly growing pale. A lot of cold sweat broke out from his forehead!

“Impossible! How could this happen?!” Levi roared and grabbed the guard’s uniform frantically, his face flushed red!

When the elders of the branch family heard the news, everyone panicked.

They stood silently on one side, not daring to raise their heads for fear that Philip would give the order to kill them all!

Thud, thud, thud!

At this moment, many people rushed over. They were led by several battle generals of the main family!

“Greetings, Young Patriarch!”

Swish!

Seven battle generals of the main family knelt on one knee!

It was not over yet.

Another team of guards rushed over, knelt in front of Philip, and said, “As ordered, the Legion of the Sovereign has taken down all forces in Arcadia Island!”

Philip smiled lightly and motioned them to stand up. Then, he looked indifferently at Levi, who was slumped on the ground.

He said coldly, "Levi Clarke, you lost..."

Levi shook his head and mumbled under his breath.

He stood up in frenzy, pointed at Philip, and shouted, "Impossible! I don't believe it! I won't lose! I can't lose! I'm going to kill you!" With a roar, Levi quickly pulled out a gun from the waist of a guard next to him and pulled the trigger at Philip!

Bang!

A gunshot!

A bullet flew through the air right between Philip's eyebrows. However, a flaming barrier appeared in front of Philip and melted the bullet. At the same time, a general of the Legion of the Sovereign fired a shot at Levi's arm!

"Argh!" Levi dropped the gun, clutched his bleeding arm, and howled in pain.

Boom!

The general stepped forward, kicked Levi out, pointed the gun at Levi, and shouted angrily, "How dare you rebel?"

Philip walked over and stopped the general from firing.

He stared indifferently at Levi in a pool of blood and said, "I agree with what you said earlier. We're one family, after all. So, my requirements aren't high. You can remain as the chieftain of the branch family, but the branch family must obey the main family, and the guards of the branch family must be replaced by the main family's guards!"

"From now on, the branch family will lose all guarding forces! Do you agree?!"

After Philip said that, Levi roared, "Philip Clarke, don't even think about it! Dream on! Do you think you've won? Hahaha! Let me tell you, you've lost! You're sure to lose! I have other trump cards!"

Philip sneered and said, "Are you referring to Tucker Stone from District 12? Unfortunately..."

While speaking, Philip took out a mobile phone, turned on the speaker, threw it to Levi, and said, "Listen."

## Chapter 3105

Levi was startled, took the phone, and heard a voice.

“Seth Larson, what are you doing? How dare you barge into my place?”

“Per the order of the Clarke family, Tucker Stone conspired with external enemies and hatched an evil plot. This is an official warrant for Tucker Stone! Whoever dares resist will be executed on the spot!”

Clatter!

A huge fight broke out. Levi’s face changed after hearing this.

Finally...

“Seth Larson, you’ll die a miserable death! You’re doing this for your personal grudge. You!”

Bang!

A gunshot!

Levi cried out in fear and looked at Philip blankly.

Philip said coldly, “Levi, what else do you have to say now?”

Levi’s eyes darted around. Finally, he laughed sinisterly and said, “Hahaha! Philip, so what if you’ve taken over District 12 and joined forces with Seth? This is still the branch family’s territory. Do you dare to kill me?”

Philip’s expression darkened as he grabbed the pistol from the general’s hand. He aimed the gun at Levi and said coldly, “Do you choose to die, then?”

Levi clutched his bleeding arm, struggled to stand up from the ground, and said, “Come, shoot me if you have the guts! I don’t believe you dare to shoot at your family!”

Philip frowned, and his eyes were full of killing intent. He was ready to pull the trigger.

However, at this moment, someone in a white martial uniform slowly walked over from a distance.

Every step felt as if he was stepping on the power of rules.

At the same time, a voice rang. “Philip, can you let him go on my sake?”

Philip turned around and saw Christian Clarke, the former chieftain of the branch family!

His appearance undoubtedly gave the elders and Levi of the branch family a lot of confidence, and at the same time, put a lot of pressure on these people of the main family!

Philip's face darkened. He could feel that Christian's strength was more stable now. Moreover, the unusual power of rules surrounded him as if he could make use of all the power of rules in the world.

Pseudo realm of the other shore!

Christian Clarke had entered the pseudo realm of the other shore!

Philip's face became very ugly. Without his father on Arcadia Island, Christian's strength that was already in the pseudo realm of the other shore was unparalleled here.

If he wanted to turn against the Clarke family, the whole main family was no match for him.

"Uncle Christian, if I remember correctly, you should still be in confinement now. You can't leave the forbidden area without permission!" Philip said coldly, and the guards and generals behind him were prepared for battle!

Even if they died in battle, they must protect the young patriarch!

Christian glanced at Philip mildly, nodded with a smile, and said, "Not bad. You've already grown to this level. You're faster than I expected. It's the Clarke family's good fortune to have such a talented young genius like you in the main family..."

Philip frowned, not quite sure about Christian's intentions.

Christian looked at Levi and said with a frown, "I warned you not to cross the line. Why didn't you listen?!"

Levi said angrily, "Father, why are you so afraid? Why should the branch family bow down to the main family?"

Christian slapped him and scolded, "Shut up! As punishment, you'll kneel at the ancestral hall for seven days in reflection!"

Then, Christian looked at Philip and said, "What do you think of my decision?"
