

## The First Heir Chapter 3121 - 3130 -

Chapter 3121

Only Philip remained in the space structure now, his flesh deformed by the compression. The flames on his body were also distorted by the space.

Seeing this, Wayward King sneered and was about to clench his hand again.

He said, "Junior, go to hell!"

Buzz!

The spatial structure of the square cage shrank again, ready to return to its origins. However, at that moment, a bright white light flashed on Philip's chest.

The imprint of the three-headed snake on his chest flickered and the tremendous power of spatial rules exploded from Philip's body. In an instant, everything within a few miles radius was shrouded in an unusual power of the rules!

Just for a moment, the powerhouses a half-step to the other shore felt the power of rules that did not belong to this world, which formed an effect of suppressing their realm like a tide. Fortunately, as half steps to the other shore, their realms had only fallen to the seventh zone.

Even so, this was dangerous enough!

Wayward King was no exception. The power of rules in his body dropped rapidly in that instant to the seventh zone.

"What the hell?" Wayward King watched in shock as Philip broke free of the square space structure of the cage!

Then, a flash of chimera sword with mighty sword intent slashed from the sky at him.

"Slash!" Philip roared.

The power of this sword was enough to destroy the world.

Wayward King watched as the chimera sword with mighty sword intent slashed at him. His face flushed red, and he angrily fought back with all his might. However, his strength had dropped to the seventh zone now and he could not exert the power to stop the sword attack!

Boom!

The sword turned into a sea of fire that engulfed Wayward King. He flew out and spat several mouthfuls of blood!

Philip stood still and looked at Wayward King who was seriously injured by the sword.

He sighed helplessly. After all, Wayward King was at the peak of a half-step to the other shore. Even if his strength was suppressed by the three-headed snake to the seventh zone, Philip's attack still failed to kill him.

Wayward King was sent flying by the sword, and one arm was cut off. It was dripping with blood!

He glared at Philip angrily, his eyes blazing. He roared, "Brat, I'll pay you back for this arm!"

With that said, Wayward King turned to leave. He could not remain here. That unusual power of the rules had suppressed his realm. If he continued to fight like this, he would die for sure!

Philip wanted to give chase, but Marquis Fulmore stopped him and said, "Don't chase after losers!"

Of course, Philip understood this concept. Besides, the special power of rules disappeared at this moment.

The other half steps to the other shore were shocked when they saw Wayward King's arm being cut off, and they also quickly fled the battlefield.

Peace was restored at sea.

Benny Larson and Alliance Master Yarn flew over at this moment and glanced at Philip.

The former said, "You didn't let us down..."

Philip turned around, looked at Benny, and said, "Court Master Larson, you're here too..."

Benny smiled and said, "This isn't a good place to talk. Should we head to Arcadia Island?"

Philip nodded and said, "Sure..."

In an instant, several powerhouses a half-step to the other shore landed in Clarke Manor.

## Chapter 3122

As for the two pseudo realms to the other shore powerhouses, they left the sea area with the Imperial Preceptor.

Their target was Zeus!

Clarke Manor, the main family's main hall.

Philip entertained the five marquises, Benny Larson, and Alliance Master Yarn.

The other powerhouses a half-step to the other shore had already left when Wayward King escaped.

"Marquises, thank you for your help," Philip said.

Several marquises sat on the chairs and said with a smile, "You don't have to do this, Young Patriarch Clarke. Now that you're on the same level as us and as the young patriarch of the Clarke family, you don't have to stand on ceremony."

Philip said, "You're my elders..."

Hearing that, they said no more. Then, Philip turned to Benny and Alliance Master Yarn.

He asked, "Court Master Larson, Alliance Master Yarn, why are you here?"

Alliance Master Yarn was very worried about the Yarn family's affairs. He got up and asked, "Have you seen the Clarke family's stargate?"

Philip said, "Yes, I have..."

"A broken slate?" Alliance Master Yarn asked.

Philip frowned and asked, "How do you know that the Clarke family's stargate is a broken slate?"

Hearing this, Alliance Master Yarn looked bright and excited.

He said, "Sure enough, as expected!"

With that said, Alliance Master Yarn bowed to Philip in front of everyone and said, "Young Patriarch Clarke, I beg you to save the Yarn family!"

Hearing this, several marquises sighed helplessly, but Philip looked in puzzlement at Alliance Master Yarn and said, "Alliance Master Yarn, what is this about?"

Benny said at this moment, "Philip, the slate of the Clarke family's stargate is related to the future and survival of the Yarn family..."

"What do you mean?" Philip asked.

Alliance Master Yarn sighed and said, "The Yarn family are descendants of Emperor Kai. We reached our peak during Emperor Kai's reign, but this honor only lasted for decades. After the death of Emperor Kai, the Yarn family suffered backlash from the rules of heaven and earth..."

"We were cursed by a very unusual power of the rules. All members of the Yarn family can only live up to 40 years old."

Hearing this, Philip frowned and said, "Aren't you doing well now?"

Alliance Master Yarn sighed and said, "That's because the Yarn family blessed me with all the luck by using the power of the entire family. We used some things left behind by our predecessors to fight against that curse, which allowed me to break through to a half-step to the other shore and gave me a chance to prolong my life..."

"But now, I only have a few years left to live, and I've exhausted all the luck of the Yarn family. If we can't find a way to break the curse, the Yarn family will become history, and the bloodline of Emperor Kai will also disappear from this world."

Hearing this, Philip finally understood. He asked, "But what has the fate of the Yarn family got to do with the Clarke family's stargate?"

Alliance Master Yarn looked at Philip seriously and said, "Because Emperor Kai once left a stone painting that depicted a stone slate, which has the power to break the curse..."

"Emperor Kai once obtained that stone slate but lost it again later. Over the years, the Yarn family has been searching for it. We finally discovered that the Clarke family's stargate came from the same source with that slate."

At this point, Alliance Master Yarn looked at Philip seriously and said with a bow, "Young Patriarch Clarke, please save the Yarn family!"

Philip had a hard time deciding and looked at Benny and the five marquises.

Emperor Kai once obtained another stone slate that came from the same source as the Clarke family's stargate?

Chapter 3123

At this moment, Marquis Fulmore said, "Philip, the Yarn family has done a great job in protecting the human race. For thousands of years, the Yarn family has been fighting at

the forefront of the human race. Even more so, Emperor Kai was an upright and powerful being...”

“Without his unification of the world or his suppression of the extraterrestrial creatures from the other shore, perhaps the human race would have ceased to exist long ago.”

Benny added, “Philip...”

Before Benny said his piece, Philip said, “Emperor Kai was kind to me. I’m willing to help the Yarn family.”

With that said, Alliance Master Yarn was so excited that he was about to kneel. He said, “Thank you, Young Patriarch Clarke!”

Philip grabbed Alliance Master Yarn and said, “Alliance Master Yarn, we may have had some conflicts before, but everything is in the past now. We should fight together to protect the human race.”

Alliance Master Yarn said, “You’re right, Young Patriarch Clarke. In the past, the Alliance wanted to get some benefits from you, but now, the Alliance will follow you and obey your orders!”

Hiss!

Several marquises gasped.

No one expected Alliance Master Yarn to give up the Alliance to Philip and the Clarke family.

Philip quickly helped Alliance Master Yarn up and asked, “How can I help the Yarn family?”

Alliance Master Yarn said, “According to the stone painting left behind by Emperor Kai, the people of the Yarn family need to get close to the slate and let the power of the slate change the curse on them, that is, the special power of the rules.”

Hearing this, Philip’s face darkened. He said, “But my father told me that only a member of the Clarke family can approach the Clarke family’s stargate...”

Alliance Master Yarn said, “Rest assured, Young Patriarch Clarke. We don’t need to get too close. Just on the periphery will do.”

Philip nodded and said, “Okay.”

Then, Philip thought of something and asked, “Alliance Master Yarn, did Emperor Kai leave behind anything regarding the underground palace?”

“The underground palace?” Hearing this, Alliance Master Yarn frowned and said with a sigh, “Even the Yarn family can’t enter the underground palace. Because without Emperor Kai’s Token, any forced entry will awaken the guardian warriors in the underground palace!”

“Guardian warriors?” Philip frowned.

Alliance Master Yarn nodded and said, “A half-human half-corpse existence that’s like a spirit body. They were all soldiers under Emperor Kai’s command when they were alive...”

“They fought and killed all their lives. They have strong hostility and killing intent! They fought for Emperor Kai when they were alive and are now guarding the underground palace for Emperor Kai after their deaths... Their strength should not be weaker than the seventh zone! Among them, there are also three guardian warriors a half step to the other shore, and their combat power is unfathomable.”

“Three guardian warriors a half step to the other shore?” Philip murmured.

Fortunately, he had Emperor Kai’s Token. If he really fought with such an existence, his chances of winning would be low. They were warriors when they were alive, and they turned into guardian spirits after death, which was enough to show their strength.

“Alliance Master Yarn, in a few days, I’ll go to the underground palace to get a weapon of Emperor Kai’s,” Philip said.

Alliance Master Yarn was taken aback and asked, “You want to enter the underground palace? What weapon?”

Philip took out Emperor Kai’s Token and said, “This is Emperor Kai’s Token. During an encounter, Emperor Kai asked me to take his Caelum Sword to protect the human race. Although I don’t know why, I feel that I may be able to learn the truth after entering the underground palace...”

“Caelum Sword? You want to take the Caelum Sword?” Alliance Master Yarn’s breathing became rapid.

“What’s wrong?” Philip asked.

Alliance Master Yarn took a deep breath, looked at Philip earnestly, and said, “The Caelum Sword is the supreme treasure of the human race handed down by the Human Emperor back then. It’s a sword that can command the world, smash the stargate, and destroy the sun and moon!”

Chapter 3124

The Caelum Sword was the weapon of the Human Emperor, a supreme being of the

human race. It had been passed down for thousands of years and had transcended the world.

After the Caelum Sword reached the hands of Emperor Kai, it only demonstrated half of its strength because Emperor Kai was not a real Human Emperor.

When Philip said that he wanted to take the Caelum Sword, Alliance Master Yarn was very surprised.

Philip had Emperor Kai's Token and naturally could get his inheritance. Entering the underground palace and taking the Caelum Sword was beyond reproach.

Alliance Master Yarn looked at Philip and Emperor Kai's Token in his hand. He then turned to Benny and asked, "Did you already know that he's the person chosen by the Human Emperor?"

Benny shrugged and said, "I just found out too..."

Philip looked at Alliance Master Yarn and Benny and asked, "Is there a problem?"

Alliance Master Yarn looked at Philip seriously and said, "Do you know what it means to be chosen by the Human Emperor?"

Philip frowned, shook his head, and said, "I hope you can enlighten me..."

Alliance Master Yarn sighed and said, "According to the things left behind by Emperor Kai, the last Human Emperor in this world was Emperor Nao, the supreme emperor whom even gods and immortals feared..."

"However, King Doo attacked Emperor Nao and reached a secret agreement with the ancient Heavenly Court, depriving Emperor Nao of the Human Emperor's luck. King Doo suppressed and absorbed all the luck in this world for himself. From then on, the Human Emperor ceased to exist in this world, and everyone worshipped gods and demons instead..."

"The emperors of the world were no longer the supreme emperors of the world but were called children of heaven. Since then, the human race was no longer an existence that could fight against other existences within the six realms. Instead, we became their slaves and worshippers..."

Hearing this, Philip's face darkened, and he asked, "You said that King Doo cooperated with the ancient Heavenly Court to suppress the Human Emperor's luck. Is the ancient Heavenly Court a powerful organization on the other shore?"

"That's right... The ancient Heavenly Court did come from the other shore. According to the records on the stone painting, the ancient Heavenly Court came from outside the

sky beyond the stargate that once brought some terrifying beasts and invaded this world...”

“Moreover, in every prosperous era of the human race, traces of the ancient Heavenly Court could be found. They had always prevented the prosperity of the human race and any possibilities of our unification.”

Philip took a deep breath and said, “What’s the connection between the ancient Heavenly Court and the current Heavenly Court?”

Benny got up and said, “The current Heavenly Court is a small organization left behind by the ancient Heavenly Court. Due to some reason, they failed to go back with the big organization and stayed here for good. They established a new Heavenly Court, which has developed until now.”

Philip frowned, and his expression became solemn.

It would be really tricky if the other shore had such an unfathomable existence as the ancient Heavenly Court. To suppress the Human Emperor’s luck of the entire human race, the supreme powerhouse in the ancient Heavenly Court must have already entered the realm of the other shore.

“Why did they suppress the human race?” Philip asked.

Alliance Master Yarn sighed and said, “Because of resources. This world has the resources that the ancient Heavenly Court yearns for. Maybe it’s also due to a lack of resources on the land of the other shore. Every thousand years, the stargate will open, and those guys from the other shore will invade this world and plunder resources frantically...”

“According to the truth that your father has uncovered over the years, this world is called the ancestral land or the land of sinned blood by the other shore. There is a great possibility that they escaped from the ancestral land to the other shore and developed part of their existence since then...”

“Now that they’ve surpassed the civilization of the ancestral land, they view this place as the land of sinned blood, a land of slaves that has always supplied them with resources!”

Hiss!

Hearing this, the marquises gasped. Although they already knew it, they were still very agitated when they heard this.

The other shore was full of ambitious guys!

Chapter 3125

Philip finally understood.

He thought for a while and said, "It won't be long before the stargate will be forced open. When the time comes, I'll enter the land of the other shore and see for myself!"

Alliance Master Yarn and the others looked at Philip with more certainty in their eyes and said, "You need to watch your every step. When do you plan to leave for the underground palace?"

Philip said, "Things in Arcadia Island have been taken care of for the time being. I want to head out tomorrow, but before that, I have to go somewhere."

Benny's face darkened and he said, "Do you want to go to District 12?"

Philip nodded and said, "Yes, I want to see Seth. I can't help feeling that he knows more than me, especially about my mother..."

Benny nodded and said, "I've met Seth a few times before. He's young but very scheming. You must be careful when you see him."

Philip smiled and said, "Don't worry. We've worked together before."

After that, Philip looked at Alliance Master Yarn and said, "Alliance Master Yarn, you can make arrangements for members of the Yarn family to enter Arcadia Island tomorrow. I'll get someone to handle this matter properly."

Alliance Master Yarn was very excited and said, "Thank you, Young Patriarch Clarke."

The marquises exchanged a glance before they got up and said, "We shall take our leave. We're needed in Cochly Mountain."

Everyone nodded and parted ways. Then, Philip headed to District 12.

District 12 was under Seth Larson's full control now. After passing through the city walls dozens of meters high and full of machine guns and cannons, Philip's bulletproof car entered District 12.

Philip followed someone's lead and arrived at Red Building.

In a private room on the third floor, Seth had been waiting for a long time. Seeing Philip, he smiled and said, "Welcome to District 12. I'm sorry for not meeting you earlier."

Philip smiled lightly and said, "You still have to deal with the forces left behind by Tucker Stone and the others. Forget the formalities."

The two took their seats.

Seth ordered his servants to make a pot of tea. He poured a cup for Philip and asked, "Young Patriarch Clarke, are you here for something?"

Philip cut to the chase and said, "I want to know everything about my mother."

Seth raised his eyebrows and poured his tea.

He sat down, slowly took a sip, and said, "If what I'm going to tell you is different from what you imagined, what will you do? "

Hearing this, Philip frowned and said, "I can make my own judgments."

Seth nodded and said, "My adoptive mother is still around..."

Thump!

Hearing this, Philip's breathing became rapid. He said, "My mom is still around?"

Seth nodded and said, "Her accident was just a show for the outside world. However, as for where she is, I don't know either. It's quite possible that she opened the passage to the other shore again back then and is now stuck there, unable to return."

Philip took a deep breath. It matched half of what he had guessed.

His mother was still alive, and it was very possible that she had entered the other shore but could not come back.

Chapter 3126

"Is that everything you know?" Philip asked.

Seth smiled and said, "What else do you want to know?"

"What else do you know?" Philip asked.

Seth thought for a while and said, "She didn't leave behind anything much in this world. If you want to find her tracks, you need to go to the other shore."

Philip said, "I will."

Hearing that, Seth frowned and said, "Have you decided? When the stargate opens in a month, will you enter the land of the other shore?"

Philip shrugged and said with a smile, "Who'd be willing to leave their home? But I want to know who's behind this and why my mother went to the other shore. Since no one is willing to tell me much, I can only find out for myself."

Seth was briefly silent before he said, "Young Patriarch Clarke, I'm a pawn in the chess game too and can't tell you much..."

"The land on the other shore isn't an existence that people like us can figure out. If you really want to enter that place, I'd advise you to be careful in everything and not to reveal your origins from the ancestral land. Otherwise, it'll only bring misfortune upon you."

Philip got up and said, "Of course, I know this. Before I leave, I want to discuss a deal with you."

Seth smiled and said eagerly, "What deal?"

"Help me keep an eye on the branch family. If you notice any strange movements, I hope you can do something for me," Philip said seriously as he took out a golden token.

The Golden Seal!

There was a letter P on the front!

Seth looked at the golden token on the table and said with a smile, "Are you trying to pull me into your ranks?"

Philip said, "That's up to you..."

With that said, Philip turned around and left. Seth stood by the window on the third floor and watched as Philip left in a car.

After a long while, Seth turned to look at the Golden Seal on the table. He picked it up, glanced at it, and said, "Well, I'll help you keep an eye on the branch family. I hope you can come back alive..."

After Philip returned to Clarke Manor, Aria turned up.

"This is the pass I brought from the Imperial Palace," Aria handed a black iron pass to Philip.

Philip took it and said, "Thank you, Third Mother."

Aria looked at Philip and said, "The Imperial Preceptor has a message for you too. Just rest assured and go to the land of the other shore. They'll take care of things here. We

hope that when you return, you can lead the human race to glory and break free from this cage.”

Philip felt the weight on his shoulders. He shrugged and said with a smile, “Aren’t they expecting too much of me?”

Aria rolled her eyes at him and said, “Anyway, since you’ve made a decision, you must do your best.”

“I get it, Third Mother. It’s getting late. You should go back and rest,” Philip said.

Then Aria left.

After everyone left, Philip stood in the hall and looked up at the skylight roof. He could see the vast starry sky and meteors zooming past from here.

At this moment, Philip finally experienced his father’s emotion when he stood here every time.

It turned out that this position was so difficult to handle. He felt so much weight and heavy responsibilities on his shoulders.

At that moment, Philip could hardly sort his thoughts out. Many things and situations were like giant hands that pushed him forward, while he had to slowly walk out from behind the shelter of many people right to the forefront.

If he turned back, he could see his father, mother, Wynn, Hannah, the Imperial Preceptor, the five marquises, Fennel, Benny, Alliance Master Yarn, Cynthia, and others. These people seemed to be looking at him and placing all their hopes on him.

Philip sighed. That night, he just stood in the hall and watched the starry sky.

Chapter 3127

The next day, Alliance Master Yarn led the Yarn family to Arcadia Island.

Under Philip’s arrangement, they knelt in the ancestral hall of the Clarke family, feeling the magical power of rules in the surrounding environment slowly hitting the power of the curse in their bodies.

After that, Philip said goodbye to his mothers and left Arcadia Island with Alliance Master Yarn and Benny to the entrance of the underground palace.

This place was already heavily guarded by the Imperial Preceptor’s troops, and the entrance to the palace was full of checkpoints. With the pass in hand, Philip entered the underground palace unobstructed and arrived at the entrance.

A huge bronze door stood in front of him, which depicted two dragons soaring in the sky. They were full of majesty and exuded the characteristics of the Emperor Kai era.

They looked at each other, and Philip pushed open the heavy bronze door. The sound of the heavy bronze door opening resounded throughout the underground.

When the bronze door opened, the three people were shocked by the scene in front of them!

A million troops with soaring fighting spirits entered their eyes, and the loud and noisy vibe that swept over them was deafening!

Spectacular!

Millions of terracotta warriors were displayed in this underground palace as well as tens of thousands of war horses.

That view could simply swallow mountains and rivers. This place was a vast and spectacular underground palace!

At the end of the endless army of millions, a splendid palace suspended in midair was displayed in front of the three of them. The golden palace seemed to be suspended in the sky, dominating all beings in the world.

Emperor Kai's Palace!

At this moment, even if they were the supreme powerhouses a half step to the other shore, the three of them were shocked by the presence of the underground palace.

This was the pinnacle of the Emperor Kai era!

This was the king of the world!

The three walked on the stone steps into the underground palace, passed through the army of millions, and came to the magnificent palace suspended in midair.

The 99 golden brick steps that stretched upward stood in front of the three of them.

At this point, Alliance Master Yarn and Benny were unable to step forward. That was because an unusual power of rules prevented them from doing so.

Only Philip was unaffected. He quickly took out Emperor Kai's Token from his pocket and looked at Alliance Master Yarn and Benny.

They nodded and said, "Go ahead. You've been chosen by Emperor Kai."

Philip frowned and stepped on the steps made of golden bricks.

Boom!

A drum beat resounded throughout the underground palace!

Philip took another step, and there was another boom...

Immediately after, the loud booms continued like thunderous war drums beating!

The entire underground palace became solemn amid the sound of this war drum. With every step, Philip's blood began to boil, and fighting spirit started to burn within him. It grew stronger as he climbed higher!

Thud!

He took the last step and landed on the white marble floor of this golden palace. His fighting spirit also reached an unprecedented peak.

At that moment, Philip turned around and looked back. The army of millions was raring to go. Every move exuded the majesty of the emperor!

Chapter 3128

Benny and Alliance Master Yarn looked up at Philip, who was standing in the Golden Palace at this moment.

They felt as if they were seeing the figure of an emperor!

His every move could command an army of millions and unify all mountains and rivers!

"That's the aura of the Human Emperor!" Alliance Master Yarn exclaimed in awe.

In his sight, a faint golden aura appeared on Philip's body, which exuded the aura of a golden dragon mixed with the supreme power of the ruler.

It was the aura of the Human Emperor!

The luck of the Human Emperor had reawakened!

Benny also became extremely excited, and his eyes flickered. He quickly fiddled with his fingers in a prediction. The more he deduced, the more solemn and shocked his expression became.

In the end, the ground under his feet shattered and cracked. A flash of lightning appeared in the sky and struck Benny!

Fortunately, Benny was well prepared and avoided heaven's punishment.

"What's wrong?" Alliance Master Yarn asked anxiously.

Benny shook his head, his face dark as he said, "I can't make a prediction. It's too messy..."

With that said, he looked gravely at Philip in the golden hall in midair.

Was there something on him?

Why was it so difficult to make a prediction about him?

Hearing this, Alliance Master Yarn's face also turned a little ugly as he said, "Even you can't make a prediction?"

Benny nodded and said, "The rules here are unusual. Moreover, the Human Emperor's aura on him has awakened. He's no longer someone a normal person like me can predict on a whim. That's the fate of the supreme being of the human race, and it represents the fate of the entire human race. I'm not at that level yet."

Alliance Master Yarn nodded and said, "Do you think that person did something secretly?"

"Who?" Benny asked with a frown.

"Your sister, Charlotte Larson," Alliance Master Yarn said.

When Benny heard this, his expression changed. He said, "I don't know..."

Back to Philip's side. He stood on the white marble floor that overlooked the millions of terracotta warriors and horses. His spirit soared as if he wanted to contend with heaven.

At that time, Philip seemed to see the figure of a great emperor commanding an army of millions, fighting against external enemies and extraterrestrial beasts. Even such a tragic war could not erase the pride and fighting spirit in the hearts of those soldiers.

That spirit could swallow thousands of miles of mountains and rivers.

After a long while, Philip returned to his senses. He then turned around and walked toward the imposing palace. This grand palace retained the characteristics of the Emperor Kai era.

Philip stood on the outer square of this golden palace and felt as insignificant as an ant, which was enough to show how huge and impressive this palace was.

In front of the palace gate, four guards were standing.

The guards looked vibrant and were full of fighting spirit. Even though they were statues, the vibe they exuded was still scary!

After getting closer, Philip discovered that the aura of the four guards was not weaker than a half-step to the other shore.

Were they the guardian warriors mentioned by Alliance Master Yarn?

Having four supreme powerhouses a half step to the other shore guard this underground palace was a big deal indeed.

Philip took out Emperor Kai's Token, easily passed through the four guards, and walked into the hall.

Inside the hall, 16 huge towering black pillars engraved with black dragons stood before him. At the top of the main hall, there was a golden black coffin!

Chapter 3129

Guards in black armor stood around the golden black coffin with dagger-axes in their hands, guarding the slumber of the master in the coffin.

Four golden god statues stood in four directions of the coffin. At the top of the golden black coffin was a sword hanging in the air. It appeared as though it had fallen from the heavens.

It was Caelum Sword!

The body of the sword was pure black, and the hilt was the head of a black dragon, roaring fiercely.

Above Caelum Sword was a vast starry sky. It was as if the person in the coffin had been watching the starry sky, waiting for the day to make a comeback and fight against the world.

Philip looked at Caelum Sword and then at the golden black coffin. After a while, he knelt and bowed.

This was his respect and admiration for Emperor Kai!

He was the one who had protected the human race for centuries. He was the one who unified the turbulent Central Plains!

He was the one who had achieved supreme dominance. Although later generations both praised and criticized him, Philip was full of admiration for such a person.

After three bows, Philip held Emperor Kai's Token, faced the golden black coffin, and said, "With Emperor Kai's Token, I, Philip Clarke, am here at the command of Emperor Kai's final words to take Caelum Sword..."

Buzz!

As soon as Philip said that, Caelum Sword hanging above the coffin seemed to sense something and hummed. That hum sounded like the deep roar of a dragon and reverberated in the hall!

With a swoosh, Caelum Sword flashed with brilliance and flew in front of Philip. The tip of the sword pointed at Philip as it hovered in front of him as if trying to sense something.

Philip stood on the spot as a layer of cold sweat dripped from his forehead.

Could it be that Caelum Sword had developed a sword spirit?

Philip thought for a while. After all, Caelum Sword had been handed down since the era of the Human Emperor, which was a long time.

Thus, Philip bowed and said, "Senior, I'm Philip Clarke. I'm here to take you."

Buzz!

Suddenly, Caelum Sword began to tremble as if it were very angry. The body of the sword stood upright, and the tip of the sword looked around like a human head, pointing at Philip as if reprimanding him.

Philip frowned in puzzlement. Caelum Sword seemed to understand his words and was unhappy with him.

What did he say wrong?

Was it because he had called it Senior?

Did his words, 'I'm here to take you,' make it sound like he wanted to take it by force?

Whoa, that did sound a little ambiguous!

Philip immediately bowed and explained, "Senior, you've misunderstood. It was Emperor Kai who asked me to bring you out of this underground palace..."

Buzz!

Caelum Sword hummed angrily and slashed at Philip with a black sword light!

Philip was shocked and immediately backed away. He barely dodged the attack, and his hair stood on end.

“Senior, what are you doing?” Philip asked with a frown.

Swish!

Another sword light lashed out. Philip had no choice but to defend himself. He started running around in the hall.

Caelum Sword chased after Philip and knocked on his head several times!

Finally, Philip got angry. He scowled and said, “Good for you, Caelum Sword. I’m here on Emperor Kai’s order to take you out of the underground palace. Not only are you not grateful, but you’re even chasing after me! Do you think I’m a pushover? Seeing that you’re an antique that’s many years older than me, I can forget about this matter. But if you continue acting like this, don’t blame me for taking action!”

Buzz!

Caelum Sword got angrier, and its sword intent was even more explosive now!

Philip had no choice but to fight with all his strength!

“You’re just a sword. Let’s see how powerful you are!” Philip shouted angrily and charged!

Bang!

Buzz!

After a round of fighting, Philip squatted on the ground with a bruised nose and a swollen face. He clutched his head, and his clothes were in tatters.

He shouted, “Senior, I was wrong. Please have mercy on me.”

Chapter 3130

The Caelum Sword pointed angrily with the tip of its sword and kept poking Philip’s head as if it were teaching him a lesson. Philip could only stare at the hall and sigh. Even a sword could lord over him now.

Caelum Sword had actually developed a sword spirit.

How many years did it take to give birth to a sword spirit?

This was simply surreal.

After a long while, Philip stood up, bowed to Caelum Sword, and said earnestly, "Senior Caelum, please forgive my impudence just now..."

To his surprise, Caelum Sword slapped Philip on the head and angrily wrote on the floor tile, "Don't call me Senior! I'm a girl who's not even 5,000 years old!"

Thump!

Seeing this delicate handwriting, Philip was dumbfounded and could not react for a while.

This sword spirit was actually a girl!

And she was not even 5,000 years old... 5,000 years...

'What the heck?!'

Was the origin of Caelum Sword that awesome?

The civilization of this country was only 5,000 years old, and she was younger than that.

Did that mean that she already existed when the civilization of this country was born?

The same era as the founding fathers?

Swish!

Caelum Sword wrote another line of words on the floor.

"Boy, are you the descendant of the Human Emperor mentioned by Little Kai? I think you look quite common. You're not handsome or smart. How can a guy like you have the aura of the Human Emperor?"

After Caelum Sword finished writing, the tip of the sword tilted and circled Philip carefully.

Philip trembled, 'Little Kai?'

Was that how she addressed Emperor Kai?

In an instant, a picture flashed in Philip's mind. In front of Caelum Sword, maybe Emperor Kai, the great ruler, had also run around like Philip with his head in his arms and his face bruised from being beaten.

"Senior Caelum..." Philip said with a bow, but Caelum Sword slapped him on the butt and sent him flying.

Philip immediately changed his words. "Miss Caelum, please forgive my rudeness..."

Caelum Sword finally heaved a sigh of relief and wrote on the floor. "Forget it, I'll forgive you. Since you've been chosen by Little Kai, let's see what's so great about you!"

Hearing this, Philip frowned, looked at Caelum Sword slowly drifting toward him, and said, "Miss Caelum, I don't think that's necessary. We've already fought just now..."

"Watch out!" A bell-like childish voice rang in Philip's mind!

This was...

Before he could react, Caelum Sword slashed out at Philip.

Philip had to fight with all his strength, but after a while, Philip fell to the ground while gasping for breath. He had several sword marks on his body.

He said, "Miss Caelum, please spare me. I can't beat you."

Caelum Sword hovered in the air with the tip of the sword pointing up proudly as if it were laughing.

Then, it wrote on the floor, "The Human Emperor is really getting worse. How did Little Kai find me such a useless and weak young boy? I'm so angry!"

Philip felt a little embarrassed. He scratched his head and said, "Miss Caelum, I'm sorry..."

Caelum Sword proudly held up the tip of its sword and wrote, "Well, since this is Little Kai's choice, I'll go with you. I've lived in this place for a long time, and it's not a bad idea for me to go out and have a look."

After saying that, Caelum Sword was about to float out of the hall.

Seeing this, Philip felt chills go up his spine. He quickly stopped Caelum Sword and said, "Miss Caelum, if you go out like this, you'll frighten many people..."

Caelum Sword was taken aback and wrote, "Then what should we do?"

Philip stroked his chin, thought for a while, and said, "If you were a little smaller, maybe I can take you out with me..."

Hearing this, Caelum Sword turned into the size of an arm.
