Vol 1: Ch 9 - Caught Red Handed

After getting inside Vin's unit. She asks Vin right away in a way that's not obvious enough that she knows something.

"Vin, did we have a guest awhile ago?"

"No we don't have but why did you ask?"

"Nothing" 'so Rei is still not aware of where Vin lives' "By the way, I have a sweet drink here, do you want to drink?"

'I need to be cautious enough and test her'

"Yeah, I'm a little thirsty."

Xue smiling and happy inside then wonder before asking Vin 'I need to stop Vin from meeting with her.'
'Is one glass will do?'

"Uh-uh and by the way, I will go out around 3 pm"

'3 pm? So that lady is Rei, after all, no I'm still not sure' "I see and who are you going out with?"

"A friend of mine, it's been many years since we did last see each other after all."

'Rei?' "But who is it, Vin?"

"You don't need to know"

'It must be Rei since Vin keep quiet about it.' "Here's your sweet drink, Vin" 'let's see if the two of you can still meet today, after all, I already put a sleeping pill to your glass Vin, sorry Vin but I need to stop you from meeting with her. I can't lose you because I really love you.'

Even though his cautious with Xue he didn't think about the sweet drink having any drugs and accepts the drink without hesitation.

"By the way where did you go today?"

After making sure that Vin drinks the whole glass, she was so happy inside and gleaming eyes shone to her expressions and answered Vin right away "because you've been very busy facing your documents, I want to help you to release your stress, so then I buy you a sweet drink at the snack bar to relieve your stress."

"Is that so?" then Vin feel something strange and became suddenly sleepy.

Already know what happened to him but pretend that she doesn't know anything and asked him innocently "are you tired, Vin?"

"Uh-uh, I suddenly became sleepy after....." then suddenly realized something's going on. 'Don't tell me, Xue, just put a sleeping pill from that drink?'

Become nervous if she gets busted but still remains calm and relax then acting innocent in front of him.
'After, what is it?'

'Don't be trick again, Vin. You're a captain and how come you've become a captain if you easily get trick by your crew?' thinking while answering her "after I read and prepared my documents."

"Ah, okay." feel relief. "Do you want to sleep?"

"Uh-uh"

"Okay, I will escort you to your room" then after Vin nodded, she assists him and lay him on his bed.

"You can sleep now; I will look out for you."

"Okay"

Even though they're living in the same house starting today, Vin didn't allow her to sleep beside him and just let her sleep in the guest room. They will discuss it again when they know the result that she's pregnant or not. Vin controls himself not to sleep but pretending to be asleep and observes Xue.

'Xue, I hope you're not like that of what I think about you and still the Xue that I and Rei knows.'

"Vin, are you asleep now? Vin? Vin?" he didn't answer any of her calls.

"The pills already kick up to Vin's body. Now, now what time is it? S..., one hour left." Xue, looking around where Vin put his phone, then looking at him again and noticed his pocket. She gets the phone from his pocket and an idea comes to her. Before she executes the plan, she unlocks Vin's phone by using his fingerprint. She always monitors Vin moves up to the lowest detail and observes his action and that's the reason why she really knows about him.

Vin just pretends to sleep and control himself not to sleep and just observe her.

'Xue, please stop it now' hoping inside that Xue will stop but fails since he heard that Xue talking to herself.

"S..., how come they didn't even have a message to each other. Ah, the details of his call." she looked at his recent calls and in order to avoid suspicion from the other part, she left a message to that person, she doesn't know yet but she already has a clue who might it be. After sending and deleting her message, she put the phone back without waiting for the reply. Then go to her next plan.

Vin feels that Xue is slowly closing to him.

'What are you planning to do now, Xue?'

Xue just approach closer and closer to him and then said it low "I'm sorry Vin but in order not to lose you, I need to do this"

Xue kiss Vin passionately and when she's out of breath.

'Is this enough for her to believe that we're in a relationship? No, I need a shred of strong evidence that we're really an item'

Vin was dumbfounded by her boldness but still pretending to be asleep. Then suddenly his hand got grabbed by Xue and put into her naked chest and heard Xue's monologue.

"V...Vin, what are you doing? A----a video recording but why? D---- Don't, I'm already half-naked. Then if you really have a video why not record both of our faces."

Xue slowly moves closer to Vin, puts her bare chest to his mouth, and records the video showing their faces. But Xue still not satisfied with this, since she already moves the time one hour after 3 pm, she got up and slowly removing Vin clothes and also her clothes, so both of them are now fully naked, she walks into the corner and putting her phone above the desk that both of them are now appearing in the recording, while doing it Xue set the video for her strong evidence. After setting up the phone for the record, she approaches again to Vin and doing it by her own move since Vin is sleeping but unknown to her he just pretending to sleep and controlling himself not to make any move. She just holding Vin to make it look like they're doing it intimately, well they're really doing it but one side only and it's Xue who did it by herself.

After doing it, Xue stops and feels satisfied, she stops the video and saves it. She put the clothes back and also put Vin's clothes back. After that, she didn't even take a bath in case the one she's going to meet is really Rei, so doesn't need to explain more and let her guess what they did by her smells.

Xue gets out of Vin's unit and left to meet the person whose going to meet with Vin, if it's a man she will pretend nothing, and if it's a woman she just simply explain that Vin can't go and as a wife of him, she will do it in place of him. And if it's Rei, she will do what she's planning and getting rid of her that she will never appear in front of Vin and her again.
