

First Marriage, then love: wife, never divorce –

Chapter 31: Chapter 31, Xi Muru, damn it

Hence, she also took a pen and scribbled on the notebook

In the pitch-black room, she was in a daze as she lay on the bed and fell asleep. Suddenly, a pair of hands with lightning speed moved around her body. Two ice-cold lips with a faint wine fragrance covered her lips... ..

At this point, Mu Ru's hand instinctively stopped. Looking at the words she scribbled casually, her mind boomed as her fingertips unconsciously caressed her lips.

Last night, did that devil drink wine?

His lips carried a faint fragrance of wine?

His kiss was overbearing, strong, yet heart-wrenching. There was also that intense rhythm... ..

“Mu Ru, Mu Ru!”

Cheng Feier, who was sitting next to her, bumped her elbow against her arm and called her name softly and nervously.

“CLASS DISMISSED?”

Mu Ru, who was in a daze, immediately stood up and quickly packed her bag. Just as she was about to leave, she realized a very cruel reality —

The surrounding students sat quietly without moving, and the teacher on the podium was staring at her.

“Xi Muru, please answer the teacher's question.”

The lecturer was wearing a pair of gold-rimmed glasses and was looking at mu ru with a smile.

“This... this...”

Mu Ru repeated the question twice, but she still did not know what question the teacher had asked, and even more so, she did not know how she should answer it.

So, she lowered her head slightly and covered her mouth with her hand as she looked at Cheng feier. Her lips moved slightly as she asked with her lips,

“What’s the problem? ”

Cheng feier immediately used her hand to cover her mouth as she moved towards her. Of course, she also used her lips to move. She could not speak and she could not do any small tricks. For example, she could write on a notebook and push it over to her because the lecturer was staring at the two of them.

Ghost generation literature?

How come she had never heard of it before?

“This... ghost generation literature is about supernatural incidents. It represents the author Pu songling. The representative work, ‘strange tales from a lonely studio’ , especially ‘painted skin’ ... ”

PFFFT... The entire class burst into laughter ...

Xi Muru had just opened her mouth when Cheng Feier, who was beside her, collapsed on the table in defeat. Sister, I’M TALKING ABOUT ANCIENT LITERATURE!

“Xi Muru! ! ”

The lecturer with the gold-rimmed glasses turned green in an instant. The veins on his forehead were exposed as he shouted Mu Ru’s name forcefully.

“Xi Muru! ! ”

The lecturer with the gold-rimmed glasses turned green in an instant. The veins on his forehead were exposed as he shouted Mu Ru’s name forcefully.

However, just as his voice faded, the bell for the end of the class rang. Mu Ru immediately grabbed her bag and ran towards the door. At the same time, she did not even look back and politely said, “teacher, I’ll be right back. ”

“Goodbye, teacher. I’ll answer your questions in the next class! ”

After she shouted this, she had already run downstairs with a whoosh. Behind her came the angry roar of the gold-rimmed glasses

“Xi Muru, you’re so detestable. Don’t even think about getting credit for this class! ”

“Hahahaha... Xi Muru... you're too funny! “!

Cheng Feier cupped her stomach with her hands and laughed loudly. Her hearty laughter spread to almost every corner of the campus.

“Cheng Feier, you're doing this on purpose, aren't you? ”

Xi Muru was furious. She placed her hands on her waist and glared angrily at the woman who was laughing arrogantly and proudly.

Chapter 32: Chapter 32-running into my third brother in school

“Alright, alright, I won't laugh anymore, alright? ”

Cheng feier finally swallowed the urge to laugh and patted mu ru on the shoulder

“Hey, Xi Muru, what's the matter with you? Not only did you skip school for a few days, but you also look listless. Could it be that you've recently found a boyfriend and stayed up all night for a date? ”

“I've been busy recently, so I didn't get a good rest! ”

Mu Ru said helplessly.

She had been married to the Dongfang family for three days, but she had been attacked by the devil two nights out of every three. She had been tortured by the devil, so how could she have a good night's rest?

However, she definitely couldn't say these words to Cheng Feier, so she lied

“Didn't my sister get married a few days ago? There were a lot of things going on with her at home. I was busy with her, so I didn't get a good night's rest! ”

“Oh, right, right, right. ”

Cheng feier immediately remembered when she heard mu ru say this, so she said enviously,

“Mu Ru, you really shouldn't say it. Your sister was so beautiful at the wedding, and your brother-in-law, Dongfang Mo. he's so handsome, so handsome. Looks like the rumors in the outside world are all fake. Dongfang Mo isn't like a ghost. I guess his... ”

“Mu Ru. ”

A male voice called Xi Muru from not far away interrupted Cheng Feier's words.

Mu Ru and Cheng Feier looked at the voice at the same time and immediately saw Dongfang Jun walking towards them.

"Holy Sh * T, Mu Ru, we've only entered the university for a few days and you already know the Campus Belle? "

Cheng Feier's voice was filled with shock and excitement. As she looked at Dongfang Jun walking in, her voice trembled with excitement

"Can you introduce me to him later? "

Before Mu ru could reply, Dongfang Jun had already walked in front of them.

His flowing hair was filled with the sexiness of the end of the century, fluttering in the wind. His sculpted facial features and impeccably fit body exuded a youthful aura like the sun.

Although he was only wearing a simple casual outfit, it did not make him lose any of his handsomeness. His smiling face was filled with confidence, instantly making the girls around him unable to take their eyes off him.

"Mu Ru, I thought you couldn't come to school? "

Dongfang Jun's face was filled with a smile. Without waiting for mu ru to answer, he continued to ask,

"Big Brother already agreed to let you come to school, right? "

Before Mu ru could answer, she heard a voice from behind her

"When did big brother agree to let her come to school? "

Mu Ru turned around in a panic and only then did she realize that Dongfang Yu was standing behind her with a gloomy face. She instinctively took a step back and stammered,

"Why did you come to my school? "

"Do you think I'm willing to come? "

Dongfang Yu's face was filled with displeasure. Without waiting for Mu Ru's reply, he continued,

“Hurry up and pack your things and follow me. Big Brother is waiting for me to bring you back.”

“Hey, second brother, what do you mean?”

Dongfang Jun immediately shouted at Dongfang Yu,

“Mu ru ru is a student and it’s the time for her class. She still has classes in the afternoon, you can’t...”

“I don’t know if she’s a student or not.”

Dongfang Yu quickly interrupted Dongfang Jun’s words and then looked at Dongfang Jun coldly

“I only know that she is big brother’s wife and my sister-in-law. Also, Dongfang Jun, I’m warning you, don’t call mu ru or mu ru by her name. Remember to call her sister-in-law. Otherwise, if big brother hears you, I’m afraid...”

Chapter 33: Chapter 33: If an empty house is really difficult to guard

Mu Ru did not wait for Dongfang Yu to finish warning Dongfang Jun before she directly walked towards Dongfang Yu’s car not far away. She did not have the spare time to explain to Cheng Feier who was dumbstruck behind her.

Xi Muru stood beside Dongfang Yu’s car and looked at the passing classmates who were all looking at her with envy and jealousy. She could not help but nervously rub each other’s hands. In fact, her entire body could not help but tremble.

She knew that many people might have misunderstood and thought that this was Dongfang Mo. and at the grand wedding three days ago, it just so happened that the groom was this Dongfang Yu, and the bride was —

Fine, the bride was herself. It was just that her bangs had covered her entire forehead at that time, so no one knew that the bride was her. Everyone thought that the bride was Xi Muxue.

Dongfang Yu was very dazzling. If Dongfang Jun was said to be sunny and handsome, then Dongfang Jun was bewitching and handsome, or even unrestrained. These two types of handsome men, Dongfang Jun was clearly still too inexperienced And Dongfang Yu was even more charming as a man.

Dongfang Yu wore a white casual outfit today. It was really dazzling, like a Korean celebrity walking out from television. Thinking of this, Mu Ru's heart could not help but skip a beat... ..

Looking at Dongfang Yu walking towards her, the panicking mu ru could not help but quickly use her hands to cover her bangs that had hung behind her ears because she was sweating from running. At this moment.. She felt that her birthmark standing outside was especially incompatible with him.

Dongfang Yu's tall body stood beside mu ru, making mu ru appear even more petite. Seeing her cover her hair, he could not help but laugh and said softly,

"actually, it doesn't matter. I'm used to seeing it, so I don't think it's ugly. Your head is full of sweat, so it's better to put your hair behind your ears to make it more comfortable."
"

Then, he reached out his slender fingers to push her bangs away from her face. His actions were elegant and gentle, making others envious.

The slight coldness on Dongfang Yu's fingertips made mu ru's body tremble involuntarily. She took a step back and nodded gently at him, not saying anything else.

In fact, she knew very well that Dongfang Yu treated her so well because he loved her. After all, she was the wife of his big brother and his sister-in-law.

Dongfang Yu was very gentlemanly as he helped mu ru open the car door and extended his hand to invite her to get in. When he saw her sit down, he closed the car door gently and quickly went around the front of the car. He pulled open the door of the driver's seat and got in.

Seeing that Xi Muru was sitting there UNMOVING, he immediately stretched out his hand to help her fasten her seatbelt. At the same time, he said mockingly,

"I drive more crazily. It's safer for you to fasten your seatbelt. "

Mu Ru only felt Dongfang Yu's body press against her. In her trance, she felt a slightly familiar yet unfamiliar feeling. Her delicate body could not help but tremble.

Dongfang Yu could not help but chuckle softly, then he whispered in her ear,

"sister-in-law... you smell very good! "

Mu Ru, who was still in a daze, instantly regained her senses. She glared at Dongfang Yu angrily and said through gritted teeth,

“Why aren’t you driving? Do you want to see me get scolded by your big brother later and make you very happy? ”

Dongfang Yu could not help but laugh when he saw her like that. He quickly started the car and teased,

“sister-in-law, if an empty house is really hard to keep... the night is lonely and unbearable... since I can hold a wedding with you on behalf of my big brother, I can actually do some things... ”
