Chapter 114 - Siege the waves!

The young people of the extraordinary warriors and the Yue family may not be aware of the gap in the realm of the monks, and may only know the concept of the comprehension in general. But like Yue Gang and other comprehensions on the scene, they are all clear.

Yue Bailun confirmed that Cai Shuming was in the late Yuan Dynasty and knew that there was no hope. Not to mention that he has only one person, even if there are still many homes in their homes, or even in the middle, they may not be useful.

Because Cai Shuming has returned to the late Yuan Dynasty, it shows that Ye Long, Li Shengqi and so on, may also be in the late Yuan Dynasty. Cai Shuming began to have a slight concern for him, thinking that he has also reached the late stage of returning to the Yuan Dynasty.

Now that they have tested each other, there is no suspense in the outcome.

Originally, Yue Jia's decision should be done by Yue Gang, but Yue Bailun was afraid of his emotional excitement and made a wrong judgment, so he directly admitted that Yue Jia had planted it.

This is said, from Yue Bailun himself, to Yue Gang, to Yue Zhennan and other young children, all of them are ashamed.

Especially Yue Bailun and Yue Gang!

They have experienced the history of family decline. Now that they have lost this time, will they easily let them go? It is inevitable to welcome the fall of the Yue family once again!

At this moment, they all felt that their fate was too much, and they felt embarrassed about their ancestors!

Only Yue Zhennan still has the meaning of hope, looking at Shen Lang, I hope he can stand up and be able to stand up and turn the tide!

But his heart is constantly sinking, because after he can get through the meridians, he knows more secrets. It is generally deified by everyone, and even those who are super-martial are awe-inspiring comprehensions, often at the beginning of the return to the Yuan Dynasty. In the middle and late stages of returning to the Yuan Dynasty, it is two big steps.

Said that Shen Lang is a monk who returned to the Yuan Dynasty, he believes. But if Shen Lang is so young and has arrived in the late Yuan Dynasty, it would be incredible.

Let's take a step back and say that even if Shen Lang is really against the sky, it is already in the late Yuan Dynasty. One person can't deal with five veterans!

Other super-martialists on the scene, including the two Fengxiang and Feng Dejun, were secretly glad. Lian Yue Bai Lun can only accept the loss, which shows that their strength is strong, fortunately they are not reckless, or else this will be the same as Yang Zijian.

“And me!”

This discordant voice suddenly sounded, so everyone is searching for who said it.

Only Yue Jinnan is familiar with the sound of Shen Lang. I know that he said it.

Lang brother stood up!

Regardless of the strength of Shen Lang, with such a situation, dare to stand up and force the Yue family, this courage and courage, let Yue Zhennan excited to goose bumps. And this loyalty also made him feel that it was completely worthwhile to call Langge and Master.

Everyone's eyes quickly fell on Shen Lang's body.

The younger children of the Yue family shook their heads secretly, and said that this kid is simply looking for death! There is no way for Yue Bairen, who is the strongest in Lian Yue's family. What else can he do?

But the good guys are talking to the Yue family. This courage still makes them very admire, just feel a little stupid.

Yue Gang is also a bit surprised, Shen Lang can come, he is very happy, how much can increase a support. But now that this situation has developed, it is not a change that can be changed. It is the arrival of his master. It is estimated that it will be at the end of the Yuan Dynasty. What role can it play?

However, he was also moved, and his eyes were a little moist. When I was in distress, I saw the true chapter. I didn't expect it to be a young man who only met with Zhennan for more than a month.

People talk about loyalty, Yue family also has to talk about loyalty, can not drag people down!

Just when Yue Gang was ready to let Shen Lang not have to say more, he found that the other ten people, even the same ghosts, exclaimed!

Ye Long, Li Shengqi and others, after coming in, the sword refers to Yue Gang. For those who help the boxing in the hall, only the first year of Fengxiang and Feng Dezhen can see the eye. Others are just some extraordinary warriors. What is it?

Because Shen Lang stayed in the last seat, in their view, it was the weakest of the super-wu people, and even did not even look at it. No matter whether it is a dialogue or a battle, I don't care about the last seat next to me, just like dismissing the younger brother of the Yue family in the lower hall.

It is because in the environment just now, the sudden words of Shen Lang let everyone want to see, which is sacred and dare to be so arrogant.

At first glance, isn't this the last night?

How can this be here, shouldn't it be buried together at the Tomb of Kings?

"You, you... are you a ghost?" Li Sheng couldn't help but whispered.

Last night, he was the first to go out. He didn't expect a boulder that was kicked by Shen Lang and kicked him. I have to say that it is a shadow.

Shen Lang took the teacup and took a sip, but he said it.

“I heard that you have opinions about me?”

The five factions were silent at the moment and didn't know how to pick him up. Last night, his performance was very eye-catching. It was a blow that made Li Lao vomit blood, which made everyone very jealous. And he can come out from the tomb of the king, it is even more mysterious.

“If you have any opinions, come to me. Say that the Yue family leaked it to me, and then let the Yue family compensate. Is there any reason?”

He still said, understatement.

“The trough! A person actually suppressed them ten people! Too strong!” Yue Zhennan, the cousin could not help but get excited.

The same is true of other young people, although they all feel incredible, but if there is a miracle, of course, hope to appear!

“Good! Then count with you! Everyone else quits!” Cai Shuming said loudly.

After a moment of shock and suspicion, they have already come back.

Shen Lang could open the tomb of the King of the Kings outside last night. It would make sense to open the tomb of the King of the King from inside. And he came out, the other five heads did not contact the teacher, indicating that they did not come out, it is very likely that they have been killed!

This is a hate!

Only he came out alone to show that the treasure resources of the five heads were all earned by him alone! If you know from his mouth how to open the Tomb of the King, you can go in and out at any time, then you can vigorously develop the treasure inside!

This is beneficial!

These two factors directly caused Cai Shuming to boil.

Just now, with Yue Bailun, he was unwilling to take risks before he knew the details, because the interests were fixed. But now it is not the same. If he can catch the sinking waves, this time the resources are the only ones of the Linghe fist. The resources of the tomb of the king of the future are also exclusive to Linghequan!

This is in the hall of the Yue family, but let the host family quit, it is too overbearing.

But Ye Long and others, but also immediately understood the way, do not want to let Cai Shuming seize the cheap. As long as you participate in the hands-on, you can share a piece of it if you can't monopolize it.

At the time, Yue Gang and others have not responded, and they found that the ten comprehensions of the five sects have been besieging the waves without saying anything!
