

## First Strong 115

Chapter 115 - Take 1 enemy 10!

The people who Yue Jia invited to help the boxing, including the year Feng Xiang and Feng Dejun, until this moment, still know nothing about Shen Lang. I just think that this kid's newborn calf is not afraid of tigers, and he thinks he is looking for death!

Just after a comprehension shot, Yang Zijian was defeated. Later, when Cai Shuming just tried it, he would have to admit defeat. Under such circumstances, all of them do not feel that there is any hope of winning, and the behavior of swaying the crowd is secretly disdainful.

At the moment, there are ten comprehensions who besieged the sinking waves, and they are the first to attack. This makes them very shocked. I don't know what the kid is, and it deserves their attention.

But everyone knows that it can't stand under the dangerous wall. When Cai Shuming said "other people are going out," they are ready. Although I can't do it, I can't get away from the ancestral hall, but I still retreat to the side.

Especially when sitting on the side with Shen Lang, it is even screaming unlucky, and rushing away in a hurry, so as not to be smashed and fish.

Yue Zhennan and others are secretly anxious. They all count on Shen Lang to be a miracle. I did not expect that the other party would be besieged by ten people and directly kill the possibility of miracles.

Yuezhen Nan is looking to his father, whether it is to save the waves, or to deal with them, this is the best time to use weapons!

When it was said that it was too late, everyone's reaction was different. Shen Lang was still sitting, and the tea cups in his hands were not released!

But I have been observing his Yue Bailun, but it is clear to see a lot of different subtle changes.

Shen Lang seems to have no change. In fact, the hand still has a little change. With the finger movement, the lid of the cup slammed out quickly, and the tea cup that was carried forward also dumped a little angle!

Last night, Shen Lang's shots made them all jealous, and no one dared to approach the past. Therefore, including Cai Shuming, who is the first to start, is preparing to attack him.

Like the big Xuanmen who used the "spiritual rhinoceros" to attack Yang Zijian, it seems that he is just a finger, but he is actually preparing for it. But now the incident is sudden, it takes a little time to run the spell.

Just as their spells were being displayed, the cover of Shen Lang had already been smashed out. The original cup lid quickly turned into countless pieces of grain, and suddenly the top ten people were covered with countless shots. stand up!

The cup of tea and tea that he leaned forward, all flew out!

Every piece of tea is like a flying knife. Every drop of tea is like a bullet, and it is directly hitting them!

Ten people's reactions are fast and slow, and the time of spells is also long and short. The speed of the waves is so fast that most of their spells are not displayed, and they are hit consecutively.

The crumbly lid is a myriad of tiles, each of which is directly embedded in their skin, and some even penetrate into the body. Tea and tea were a bit weaker, but as a second round of blows that followed, they immediately blocked their spells.

This hand directly makes everyone dazzled, deeply shocked!

The siege of ten people, only Cai Shuming and so on two or three successfully cast a spell attack.

The strength of Cai Shuming's return to the late Yuan Dynasty is of course not to be underestimated. That is the strength of Lian Yue Bai Lun's have to bow down and admit defeat. They will not be merciful, if it is hit, the injury will certainly not be light.

Can still sink, still do not dodge, or sitting in a chair, even the left hand is still holding a cup, just the right hand naturally forward.

Everyone seems to see an invisible wall. As he presses it, he immediately appears in front of him, just blocking the attack of three people!

The tea cup of Shen Lang was sent to his mouth again, and he took a sip of tea.

Wait until he sees his cup move, just after the spell is stopped, hurry to the side to avoid, so as not to be attacked again.

With their strength, just two attacks, not too much injury. But tea and tea are better. Those pieces of shards are pierced into the meat, which is really painful!

Especially on the face, it seems that everyone has become a pockmark, and it is even more shameful...

But this time, Shen Lang did not use the cup as a weapon, and did not use the tea inside, but placed it on the coffee table next to it.

The dodgeful people were embarrassed, but they were not new, and they immediately came around and took the action as a deliberate siege.

“Receive it! You are awesome, can you deal with us ten?” Cai Shuming said.

He just wanted a person to \*\*\*\* the waves and the resources of the tomb of the king. It is only now that the enemy is even worse than expected. It seems that Li Shengyi was defeated even if it was not a light enemy last night!

At this time, he did not dare to support the big ones. He could only count ten people together.

They are more responsive and faster in a few realms, and they are also distracted to protect their heads and face. Although they are not smashed, they are at least protected by old faces.

“You only have one person after all, can you protect the entire Yue family? Believe it or not, can we kill Yue Gang now?”

Li Shengzhen, who was interviewed last night, let him be jealous of Shen Lang's heart. Seeing that Shen Lang will be the Yue family, although it is not clear what the relationship is, he still takes the Yue family out as a threat. The first thing is to use enough weight. Homeowner Yue Gang.

Upon hearing this, Yue Bailun did not move the first step to protect Yue Gang, Yue Gang also secretly smiled.

He was the owner of the Yue family, but he did not expect to be an adult, and it was used to threaten the Shenlang that has nothing to do with Yuejia!

Shen Lang glanced at him, and then his body flashed, and the “Phantom Meteor Step” was displayed. People have disappeared.

Li Shengzhen screams badly, and he is fully protective, and the same is true for others around him. But let them be weird, only to see the shadow of Shen Lang flashed, then disappeared, and did not attack them in front of them!

And those young disciples who were surrounded by them, especially those who were far apart, found that Shen Lang did not know how actually appeared behind Li Shengyu!

Immediately, Li Shengzhen only felt a sharp pain in his head, and the whole person flew up!

Yue Bailun is the one who sees the most clearly. Li Shengzhao of Daxuanmen, this is a fan of a little sacred bones. The white hair stays very long, and he combs a hairpin. At this moment, he is caught by the Shenlang. stand up!

Everyone didn't think of this. After hearing Li Sheng's unhindering whisper, he looked at it all and found that Shen Lang grabbed Li's hair and made people squat in the air. Then it seemed to pull hard... ..

Li Shengzhen's strength, could not help but scream, and the body fell.

Shen Lang first landed in one step, holding the hair in his hand, this loose white hair was just hardened from Li Sheng's head!

Look at Li Shengzhen, in addition to some short hair that has not been caught on the head, where there are hair, many scalps have been smashed down together, blood is falling out, it looks quite scary.

“So you still threaten me?” Shen Lang dismissed his hair on the ground.
