Chapter 116 - Killing

Li Shengzhen is almost crazy at this moment, all the hair and the scalp are hard to tear down, the taste is naturally very uncomfortable. And he is the veteran of the Great Xuanmen, but at this time it is the face of so many people being pulled out, it is simply unbearable shame!

“Deceive too much! Let’s die!”

The other person in Daxuanmen, when Cai Shuming spoke, was secretly running the spell and was ready. When I saw Li Lao being so humiliated, I couldn’t control it at all, and my hands swung forward. The “spiritual rhinoceros” came with two hurricanes, and went straight to the head and body.

“Be careful!” Yue Zhennan screamed in a hurry, and many other young people followed him.

Shen Lang did not seem to think of the other side’s sneak attack, as if he had just had time to blink and the past did not escape the attack!

The people of their five factions could not help but secretly. If you can’t kill the sinking waves, you can hurt him. They are ready to go on and continue to attack!

It is Li Shengzhen who saw this scene and was pleased that if he was humiliated and injured, he could be successful in sneak attack, or it was done by his own people. It is worth it.

At this time, everyone saw a magical scene!

Before the casual use of a finger, Yang Zijian vomited blood to knock down, and now the **** of the full attack, actually have no effect!

They are all insiders, and they have determined that both of them are hitting the waves, including his head, but there is nothing to say about the waves. This is too much to say.

“Don’t eat? Is this level still letting me die?”

If Shen Lang's mouth is down, everyone will be shocked again.

If the Shen Lang is tough and hard, it can be said. If he also has the strength to return to the late Yuan Dynasty, it is indeed hard to break down. But his relaxed words are really no response to any harm!

With Shen Lang's "Phantom Meteor Step", let alone his sneak attack, it is the ten people who sneak together, and it is easy to do it if you want to dodge. Of course, he just deliberately did not dodge. He wanted to test his own achievements and see if the "King Kong is not bad" can be resisted.

He just seems to be just blinking in the past. In fact, he is also maintaining a high level of alert. Once he finds that "King Kong is not bad," he can't resist it. He will immediately retreat to the back before he hurts his body.

The result proves that after the application of "King Kong is not bad", it is impossible to hurt him by referring to this person's "spirituality".

The Yue family all took a long breath and immediately cheered, and the sound of "Bai Ni" rang, and they felt that the Shen Lang was too strong. And Yue Bailun is a cold and cold sweat, he is very worried that just the sinking waves will not stand.

This effect shocked the man of Daxuanmen, and also shocked everyone else, but Cai Shuming and Ye Long immediately reacted.

"Hurry up together!"

"Do your best to kill, don't talk about it!"

The two veterans have clearly realized that this young man named Shen Lang cannot be caught alive. Even if they ten people play hard, they can't do it. And if he is allowed to leave, all five of them will suffer the catastrophe!

Shen Lang can be an enemy. If you want to kill their doormen alone, including themselves, no one can resist it!

So they have changed their strategy and must kill this mysterious and powerful enemy!

Others rushed to desperate shots, only two people in Daxuanmen took a slow shot. But immediately they found that they lost their goals, and Shen Lang disappeared from their face in front of them!

They are staring at the scene of Cai Shuming, they are slightly catching the trajectory of Shen Lang, and quickly said: "Here!"

However, it was already late. Shen Lang was grabbing the neck of the man of Daxuanmen at the moment, and then pushed hard and slammed into the attack of Cai Shuming and Ye Long!

"Don't!" Li Shengyi yelled, and then saw that he was strangled by the joint force of Cai Shuming and Ye Long!

Both Cai Shuming and Ye Long are really determined to kill, so there is no mercy at all. When I found out that I was hit by myself, I didn't want to close my hand.

"Your haze palm is good..."

Ye Long looked horrified, and the sound of Shen Lang appeared behind him!

He immediately took the "Dragon's tail", and he couldn't wait to go back and attacked him directly behind him.

It is a pity that it will be abolished in half, and Shen Lang has already punched his cover at the same time as he spoke!

When he first poked Ye Fan to cover the door, he still left his hand, but he abolished his yin palm skill. Now Ye Long, the grandfather of Ye Fan's grandfather, may have reached the late stage of returning to the Yuan Dynasty, but it can't be so relaxed. A punch is the use of "Da Shou Mi Long Xiang Shen Gong"!

Between the leaves and the dragons, it seems that the old age is a few decades old, and the spirit has become a ruin, and his body, as if it is falling apart, can not help but fall down.

He opened his mouth and wanted to say something, but he couldn't say it at all.

“uncle!”

“Ye Lao!”

The one who called the uncle was Ye Jia, he was very shocked, then angry. Others are also surprised. Ye Long is one of the strongest on-site strengths. Without any resistance, he will fall down with one hit!

It was Cai Shuming, who was also taken aback. As an old friend, he is very clear that Ye Long and his like the end of the return to the Yuan Dynasty, did not expect to lose the power of Shen Lang!

“Don't be afraid! He can knock down his uncle, not because of his horror, but because he knows a cover for my family's exercises!” Ye Jia said with a roar, and this time he would not be able to reveal the secret of his home. It is. “Get together, kill him!”

Although everyone heard his shouts, he could not believe it.

Is this not the case?

In case he wants to avenge Ye Lao deliberately flicker everyone to die together?

Originally they were rushing to kill, but the edge of Shen Lang did not fall on, he killed one of the big Xuanmen, and then Ye Lao also fell to the ground, and everyone else began to get nervous.

Although their respective spells are also ready, they need to be led by one person. If no one is ahead of the game, no one will be afraid that they will deal with themselves.

“mob!”

Shen Lang slightly sneered, and immediately flashed.

Under the light, the Shenlang, which is a “phantom meteor step”, is like a flashing virtual shadow. Everyone has not seen what happened, and they found that some people have flew out!

A few middle-aged, and Li Shengqi, who had been injured before, were all thrown out by Shen Lang, and they fell together.

Only Cai Shuming barely avoided it, and the other one of Ye Family, like Ye Long, was broken, and the whole person fell to the ground like a waste.
