Chapter 119 - Huge reward

In the home of this Yue family, Shen Lang became the absolute master, waving them to take the body away.

Four people died. The only corpse of the whole body was the head of the Daxuanmen who were killed and killed by Cai Shuming and Ye Long. The other three veterans were terrible. Especially Cai Shuming, can only barely pack a bunch.

This process of packing has made them feel more chilly.

After a simple cleanup, they squatted and left each other. Although Shen Lang did not set requirements and time limits for them, it made them more anxious.

This is not a family. If everyone else gives it, you are falling behind. If you fail, you will kill you!

Or someone else has prepared a gift, your home is not enough, and it will kill you!

After watching them leave, the younger generation of Yuejia applauded and applauded. Today they are shrouded in the shadows, and at night the other party is more aggressive, leaving them no choice. It's like a dog who is mourning the house. It's really elated.

And all of this is from Shen Lang!

"Thank you for your help!"

Yue Gang, together with Yue Bailun, thanked Shen Lang for his solemnity. If it is not a tidal wave, after that tonight, the Yue family will be beaten again and again.

"You're welcome. It's just staining your place."

"It doesn't matter, it doesn't matter, please, please, let's change the place to drink tea?" Yue Gang said.

Although it is not good to see the blood in the hall, if it is not a tidal wave, it will be dismantled. Now that the Yue family has a striking child, it has come to clean up the ground, but in the end it is still full of blood, it will be better to change a place.

Shen Lang could not go directly, then nodded and agreed.

Other super-wu people, because they couldn't see the sin of the last seat, they found that people are the most powerful, they are very shy. Where are the faces left to drink tea together, even if you want to get a little relationship, you also have self-knowledge.

So they all came over and thanked Shen Lang, and apologized apologizing, and said that they knew what to say and what should not be said, and then they left without an excuse.

Including the two years of Fengxiang and Feng Dejun, they took advantage of their age and seniority, and said a few words to praise the power of Shen Lang. After that, I didn't have a face to stay, and I left before leaving.

Shen Lang was invited to the home of Yue Gang, and there was not much identity. It is also his own and Yue Bailun, and then for a little more topic, Yue Qiang Yue Sheng who has met with Shen Lang is also called to accompany guests, of course, Yue Zhennan.

For Yue Zhennan, this time Yue Gang and Yue Bailun are very satisfied. If it wasn't for him to invite Shen Lang, I really don't know what the consequences are.

Yue Qiang Yue Sheng was obviously very cautious this time. Although they were not present, they all watched all the scenes through the monitoring. For Shen Lang, it is almost impressive.

Yue Qiang is a little better, only once, and his attitude towards Shen Lang is not bad. Yue Sheng is obviously arrogant, not friendly, and now he is very regretful.

Yuezhen South is the most familiar with Shen Lang, but the youngest is the smallest, and can only be accompanied on the side.

“Mr. Shen, tonight, to your Yue family, not to mention the re-creation of grace, but also to turn the tide. I am the person who is now the master of the Yue family, on behalf of the Yue family, pay you 500 million rewards!”

Combining multiple times of dealings, plus knowing the family conditions of Shen Lang, let Yue Gang first say the rewards, and the atmosphere directly gives five hundred million!

This is of course a huge sum, but it is not too much. What they asked for is one billion, and with the subsequent chain reaction, Yue Jia eventually lost billions of dollars, so he dared to give this decision directly without consulting with more people.

Shen Lang smiled and said: “Yue boss, if I collect your money, then what is the difference between me and them? Is it different to be blackmailed?”

“How is this the same?” Yue Gang said busily: “They are blackmails for no reason, but you are helping us. We are willing to give the rewards because we have not only saved billions of losses, but also There are many injuries and deaths, as well as reputational influences, and you have offended so many people for us.”

Shen Lang looked at him and looked at everyone again.

“There are no outsiders here. I will tell you about the actual situation that happened last night. I went to the Tomb of the King of the Kings and went in with the representatives of the five of them. It is the head of their five sects. It was originally. I wanted to kill me in the tomb of the King of the King. Of course, I didn’t succeed. I killed them in the tomb. I closed the tomb of the King of the King directly. I waited until no one is there today.

They were not surprised by Shen Lang’s words, because when they came over in the morning, they expressed this meaning. It is precisely because of this, Yue Zhennan will think that Shen Lang has died in the tomb of King.

“So, this is because I am tired of you. If I didn’t kill their heads and let the Tomb of the Kings be opened again, they might not find you trouble. It is my responsibility to solve them because of me!” ”

Shen Lang said his attitude.

Although Yue Gang and others knew what happened last night, there are still some insiders who know it now. It is inevitable that Shen Lang can control the tomb of the king who will automatically open once in sixty years!

What else can this guy not do?

However, Yue Jia has given up the attempt to the tomb of the King of the King. They do not have the qualification to participate in this. It is good to let Yue Zhennan continue.

“Right, sixty years have passed, and your former generation of homeowners has become a bone. I can’t bring it back for you to verify. I found this thing and brought it out to see if it was yours.”

After Shen Lang remembered, he took out the card that was suspected to be the bone of Yue Gang’s grandfather.

Yue Zhennan and Yue Qiang Yuesheng did not change anything. Yue Gang was carefully examined, but Yue Bailun’s pupil immediately contracted.

“This one.....”

“Uncle, look at Yue Gang is holding the past.

Yue Bailun took a closer look and then sighed: “Yes! This is my father’s thing! I was only ten years old and didn’t go to the scene. Later everything was heard, but this is the father’s personal I didn’t expect it... I didn’t expect that I would see my father’s relics again in my lifetime!”

Speaking of the back, he is already a bit old-fashioned.

When I was a boy, I lost my father. After sixty years, I still saw my relics.

Yue Gang and others have been separated, and have not seen their grandfather. They are not so emotionally emotional, but they are also affected and empathetic.

Yue Gang opened his mouth and wanted to ask if Shen Lang had any way to go in again and take out his grandfather’s remains and bury them. But think about Shen Lang has said that the Tomb of

the King will not be opened again. Tonight, I have witnessed the strength of Shen Lang. So high, I dare not ask too much.

“Mr. Shen, you not only saved our Yue family, but also rounded off our sixty years of regrets. I can see my grandfather’s relics again. My old father also, too... don’t say, you must collect this 500 million!”
