## First Strong 124

Chapter 124 - Suddenly left

This information was not sent just at night, it was sent during the day. Just because he didn't boot, he didn't see it, maybe Jianghe also called him.

Looking at the information of this article, it is said to spread the news to him, let alone to prove to him.

Other people do not need to look back, group information does not need to be turned over one by one, just a few pieces of information on the river, it has already let Shen Lang master the general situation.

The earliest one was sent in the morning. It was a tempering tone. He asked if he was with the rain. He took time off from the rain and it was too clever. It's too clever to know that it's basically not to leave, of.

After that, it was issued in the afternoon. I still asked if they were together. They said that there are legends that they are going to leave school and ask if they are elope.

Later, there were a few articles that confirmed the source of the news. It was really submitted to the transfer application, and it was the agent. The person has left and asked if this is related to Shen Lang. Asked if it is like a common routine, the family who fell into the rain is not willing to let her interact with Shen Lang, so took her away?

Shen Lang originally wanted to go back. After reading it, I didn't know how to get back.

He didn't have a rainy day at all, and he knew nothing about her transfer to school.

In fact, their anecdote is just a misunderstanding. The two of them are not together. Of course, there is no obstruction from her family.

Then he looked at other information, including group information. It's completely confirmed by the side. It's really a transfer of school. It's a sudden transfer today. I didn't tell anyone what reason, and I don't know where to go.

Her same table and several other girls with a good relationship, said in the group that they could not contact her, the phone was turned off, WeChat did not return. Therefore, the result of everyone's guess is the same as Jiang's testimony to him. It is because of her relationship with Shen Lang that her family took her directly and the mobile phone was confiscated.

Someone in the group asked Ai Shenlang to ask what was going on, but then someone came out to stop, saying that Shen Lang must be in a bad mood, so don't add any more confusion.

Of course, there are more gloating events!

Originally because of the rain, it was so good that many girls were jealous. Before that, she spread her anecdote, even adding fuel. It is of course very happy to see this result now.

Not to mention the men, they feel that if they are together, it is simply a flower inserted in the cow dung, although the flowers leave a little regret, but not with the cow dung, it is good. Basically, it is the mentality of "I don't get others and don't get it."

"What's wrong?" Although Yue Zhennan concentrated on driving, he still noticed the change of Shen Lang's expression.

Tonight, I was close to the greatness of Shen Lang. It was a little difficult to be as relaxed as I used to be, so I was more concerned. I saw that Shen Lang's look was a bit wrong, and I asked a question.

"Nothing..." Shen Lang paused and said: "The rain fell and the school went away."

Although he is now the same age as Luo Yu, but after his memory of past life, his pattern, his eyes do not know how much higher, do not think that they will like a young girl, and then good and beautiful.

The intersection of the two before and after is also limited, but in the end it has been rumored that now everyone else knows that she has transferred to school, I thought it was because of his relationship. But he only knows at the end, even if he is a classmate friend, he can say a word and say hello.

Nothing in one sentence means that he is in the same mood as other students, and he is not more familiar and more special.

As a man, how much is still a little lost or regrettable.

However, whoever sinks the waves, this emotion disappears in a flash. Falling rain will make him pay more attention to it. It is to discover that she is also a self-cultivator. Otherwise, even if it is a super excellent school, or the family background is super strong, everyone is not a type of person.

"Ah?" Yue Zhennan was thinking about Shen Lang. He heard the rain and paused. Then he reacted: "She transferred to school? Going away..."

After feeling the emotion, he suddenly thought of the feeling of Shen Lang, and immediately coughed: "I said ... Lang brother, do you really like her? Her family background is good, you are worthy of her. It is."

"Thinking too much, just a little accidental." Shen Lang said faintly.

"Also, the brother of the wave must be the one who wants to go to the clouds, how can the average person see it."

66 )

Later, Yue Zhennan also took the initiative to transfer the topic. He did not talk about falling rain and talked about his own situation. After he opened the meridian, he began to practice. It can be said that the starting point has been pulled up a bit, and the progress is very fast, but in the end it is not long, it is still in the entry stage.

Originally, Yue Gang felt that the Yue family had a family pass, and did not need to buy it like Shen Lang. But tonight, I saw the shots of Shen Lang. No matter who they are, they know that the practice of Shen Lang is definitely better than that of the Yue family.

However, he can't seem too snobbish, just telling a little about his situation. He has the opportunity to get the guidance of Shen Lang. He dare not rely on pulling the relationship to get the exercises.

Returning to the residence of C County, Shen Lang sent him back.

After entering, he immediately discovered that the magic array in the yard was destroyed!

It is not the crack of the expert, but the destruction by the external force, indicating that there is a weak person who has come in.

I opened the door and went inside the house. I checked it up and down, but I didn't find any changes. He doesn't have much personal belongings, and he doesn't have much value. There is no shortage of medicinal materials in the house, so he left some treasures and no soup.

It seems that the other party just left in a circle, mainly to him, and people are gone.

Do you want to install a surveillance camera?

But immediately shook his head Ordinary thieves can't get in, the strength that can come in is very strong, and it won't be photographed by the camera.

Since there is nothing less, there is no impact, Shen Lang did not pay attention to it, washed a bath directly, and then still practice.

This night, not only the whole Pingxi area shook, but the news spread to a farther place.

The five sects, such as Daxuanmen and Yejia, will not promote the scandal. Instead, after leaving the Yue family, they will not be able to heal the wounds. They didn't even go back to each other. They wanted to let the five sects survive. Everyone must work together and be sure to be consistent in the sincerity of compensation. There should be no big gaps, so few are dangerous.

In the meantime, Feng Xiang and Feng Dejun, including those who are super-armed, will not be arbitrarily arguing that they should not say anything, but they still can't help but report to relatives and relatives. On the one hand, it is tonight's business, it is too explosive, and it is really uncomfortable to say it. On the other hand, it is also necessary to remind relatives and friends, and must not offend the Shenlang, or else there will be disaster!

Yue Gang is not a vegetarian. Since he wants to borrow the momentum of Shen Lang, of course, he also creates momentum for Shen Lang. Knowing that their five sects will be low-key, the news will let them spread, and then the name of the first monk of Shenlang Pingxi will be pushed out.
